Umbra

This...

*someone's
life force is
being stretched
to its limit!*

Oh God!

Tap Tap

Please don't let it be him!

Don't let it be Raziol!

Tap

Tap

Tap

He's...

He's still here!

I have to find him!

He's hurt...

Where...

Where is he...

His blood...

So cold...

His threads...

Did they break?

I can't tell...

Why can't I tell!

Cough
Cough
Fan out!
Check the waters!

If he's injured he can't have gone far!

Why would he do such a stupid thing...

Raziol!
Oh! I shouldn't have let him go off alone...

If the worst has happened...

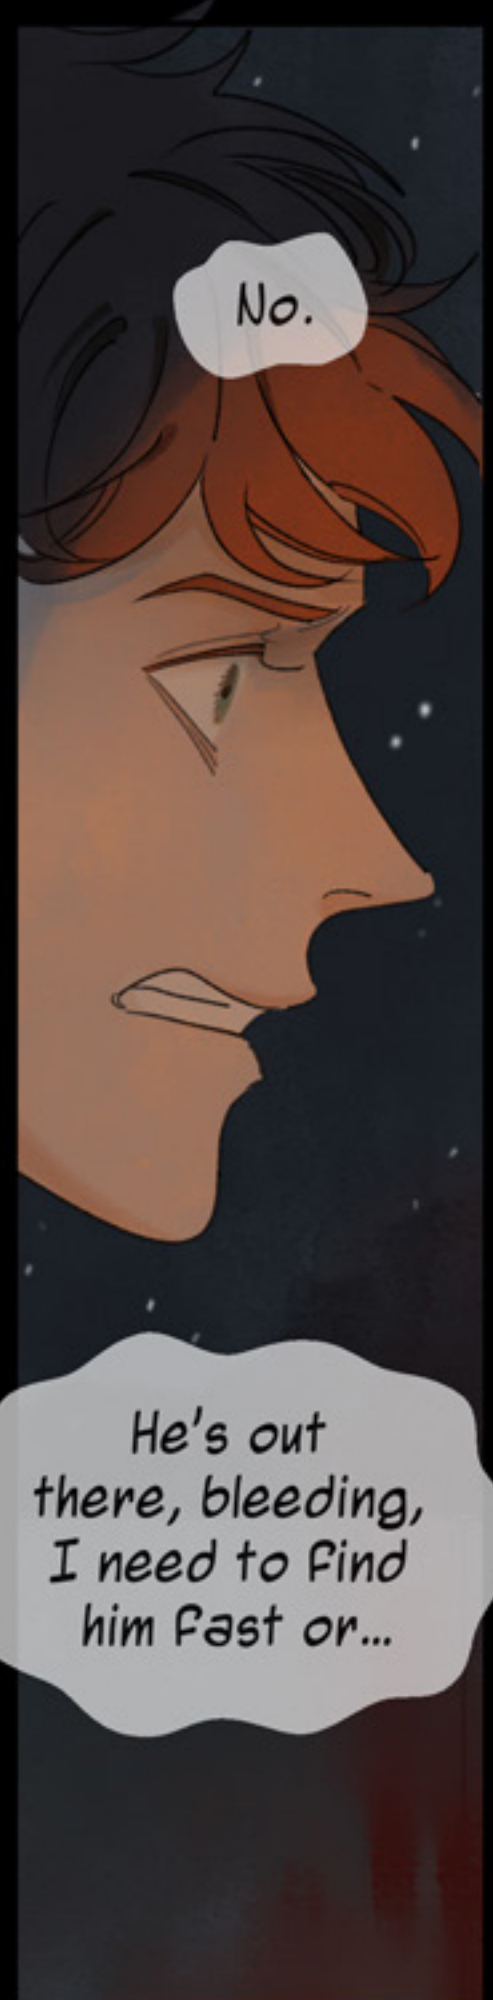

I... I should...

I don't have any time to waste.

Goddamn
it! It's not
enough!

No.

He's out
there, bleeding,
I need to find
him fast or...

I can't
make out the
rest of the
trail!

The blood
leads towards
the woods...

Sulvain!

It's not safe to be alone!

Are you listening?!

Tsk Fool...

Elouan, this turned out to be one party you can ill afford to miss.

Messieurs, for your own safety, pray, stay with the guards.

Of course, I shall inform his Majesty.

Raziol

Raziol

Where are you.

Raziol

Ra...

hrrk

Raz...

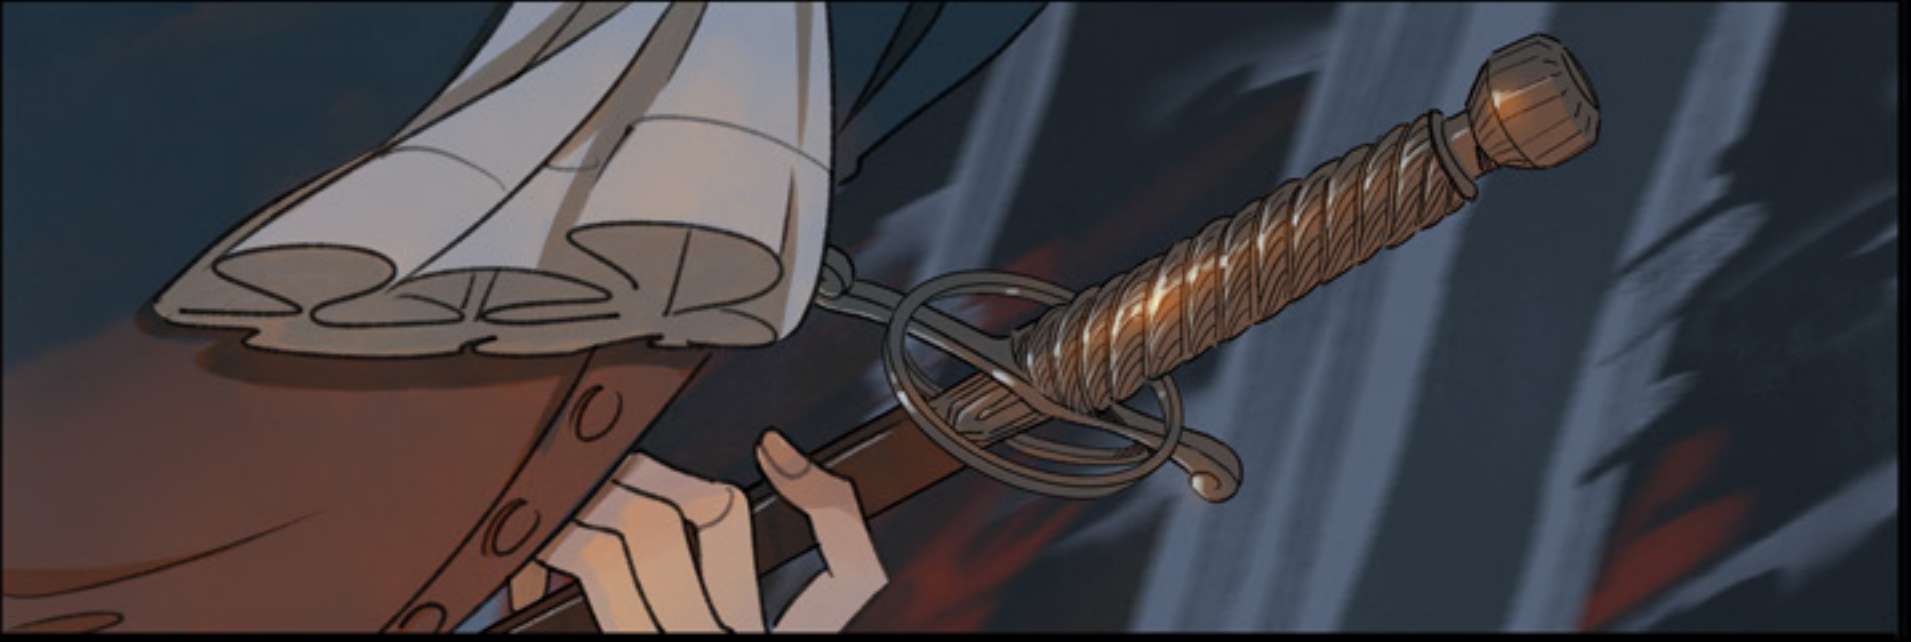

Ra...ziol...

Raziol!

Raziol!

Raziol!

Ra...Raziol!

haha

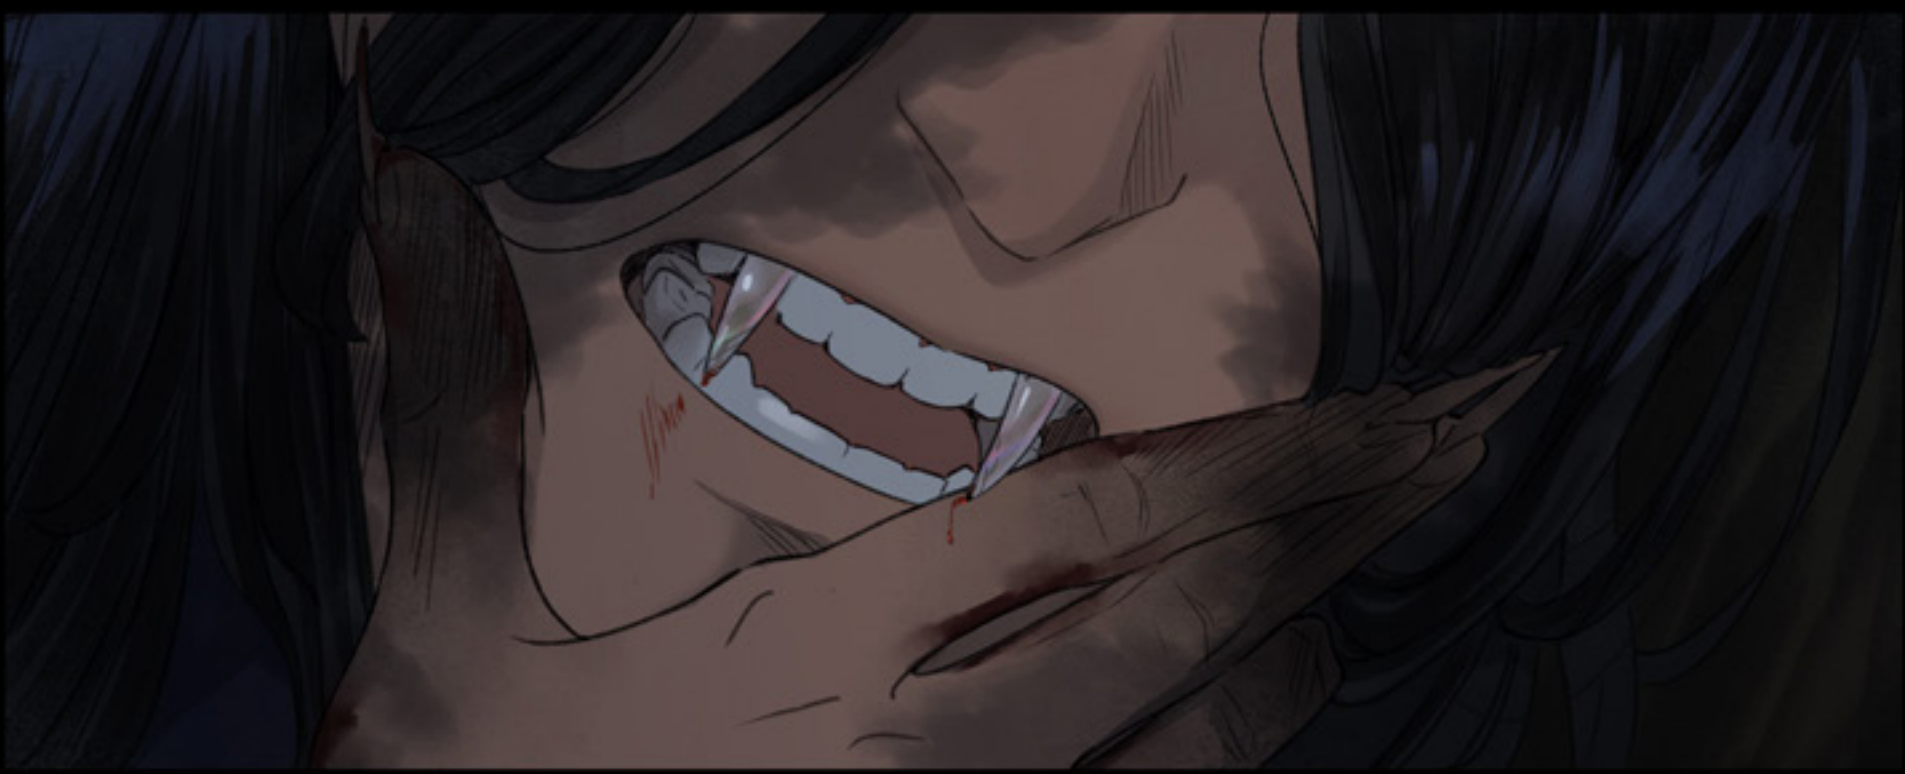

Is that...?

cough cough
We must have searched every corner of this Forest...

I'm sure the guards have done the same.

If anyone found anything they would have called out.

cough cough
Wait-

Wai...

*Cough
Cough*

Why is this happening?!

When?

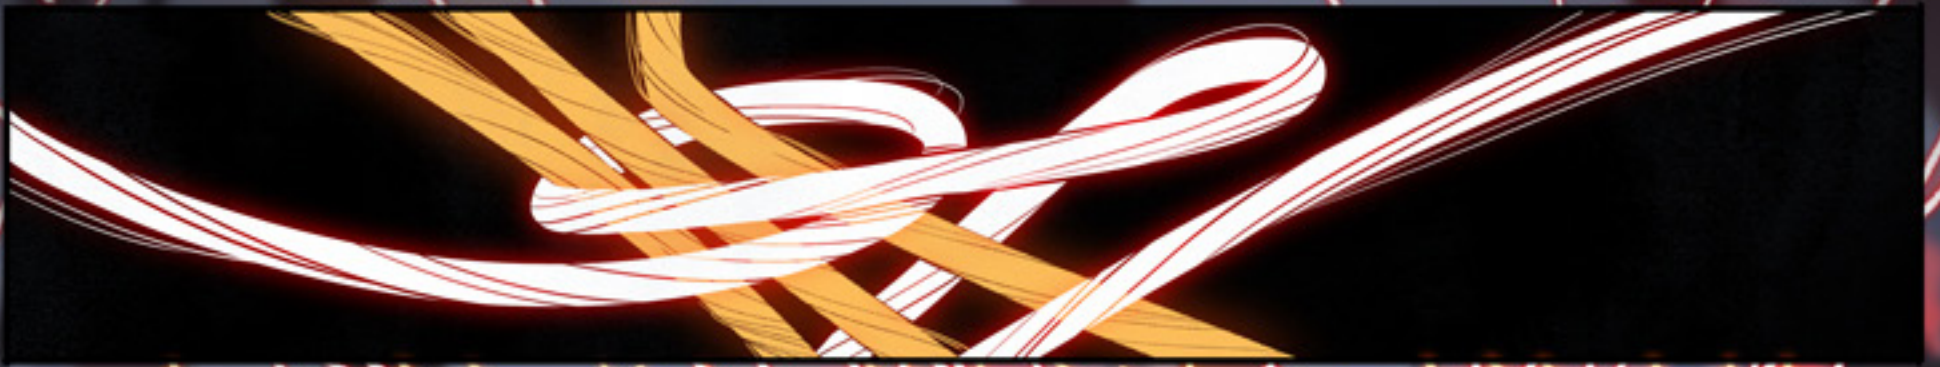

The powder!

The powder in that room!

*Cough
Cough
Cough*

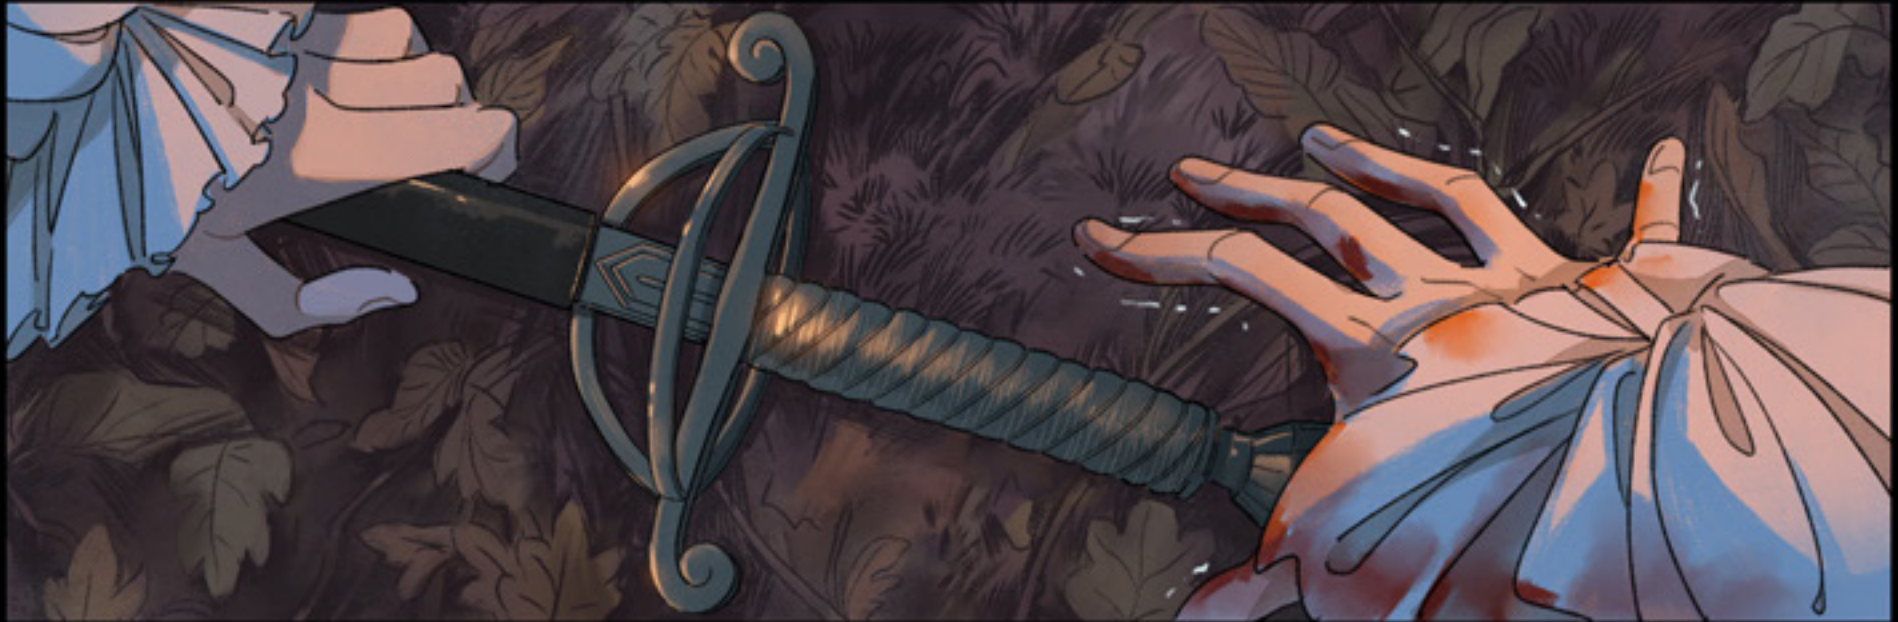

Another necromancer?!

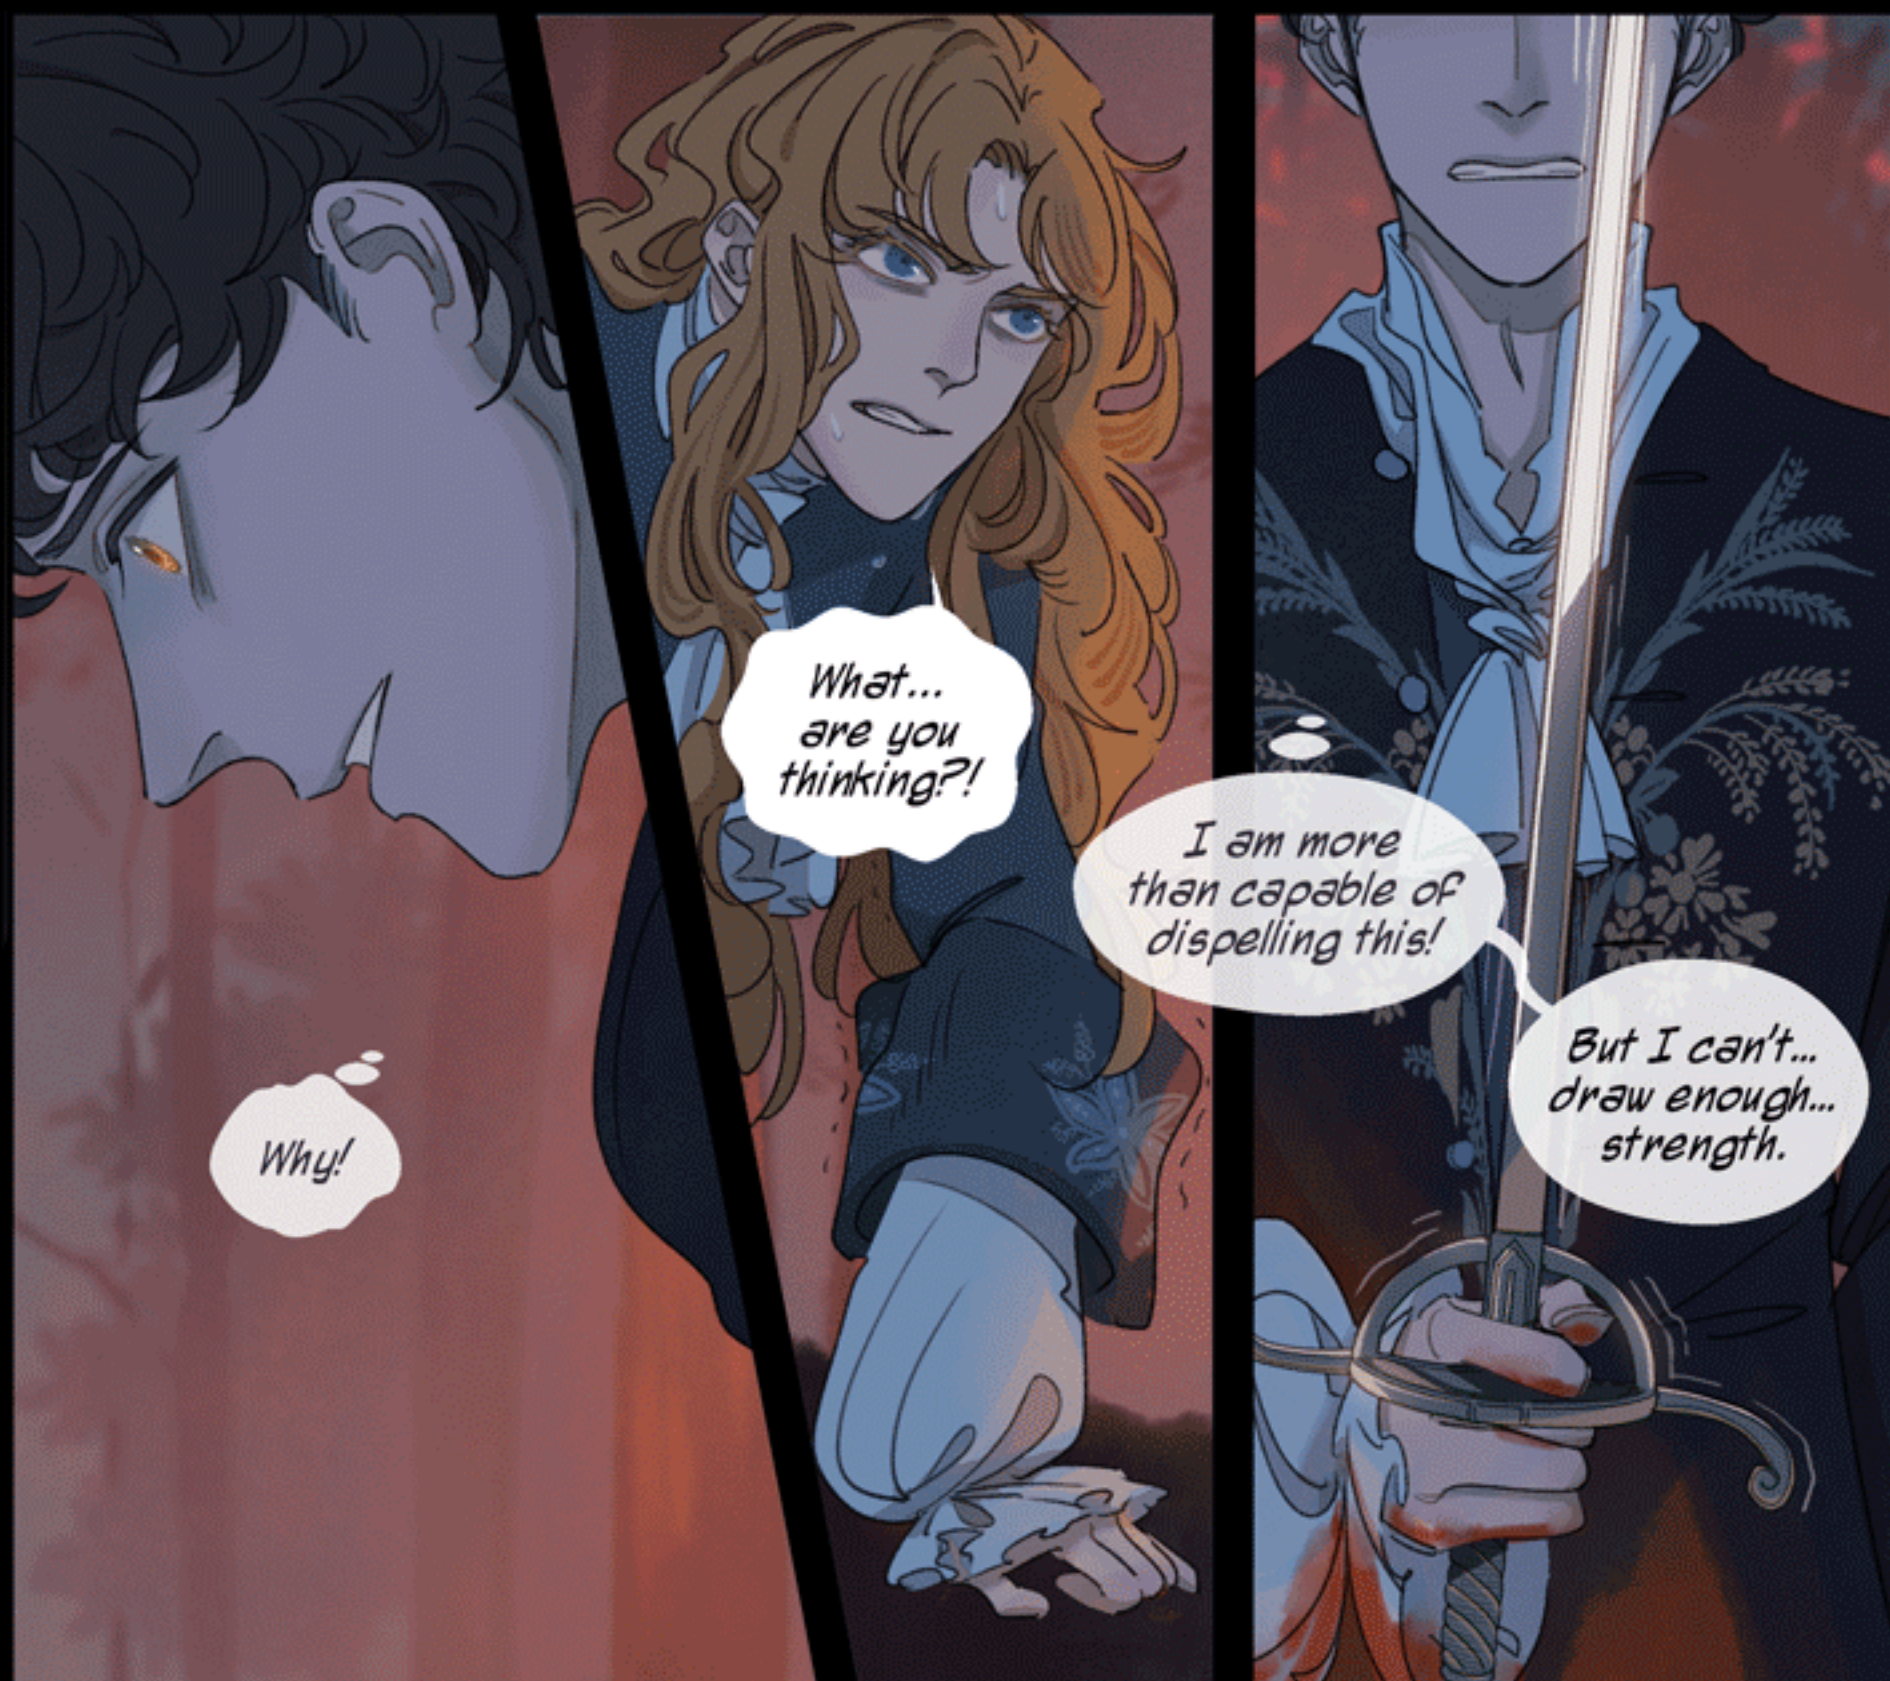

How dare they!

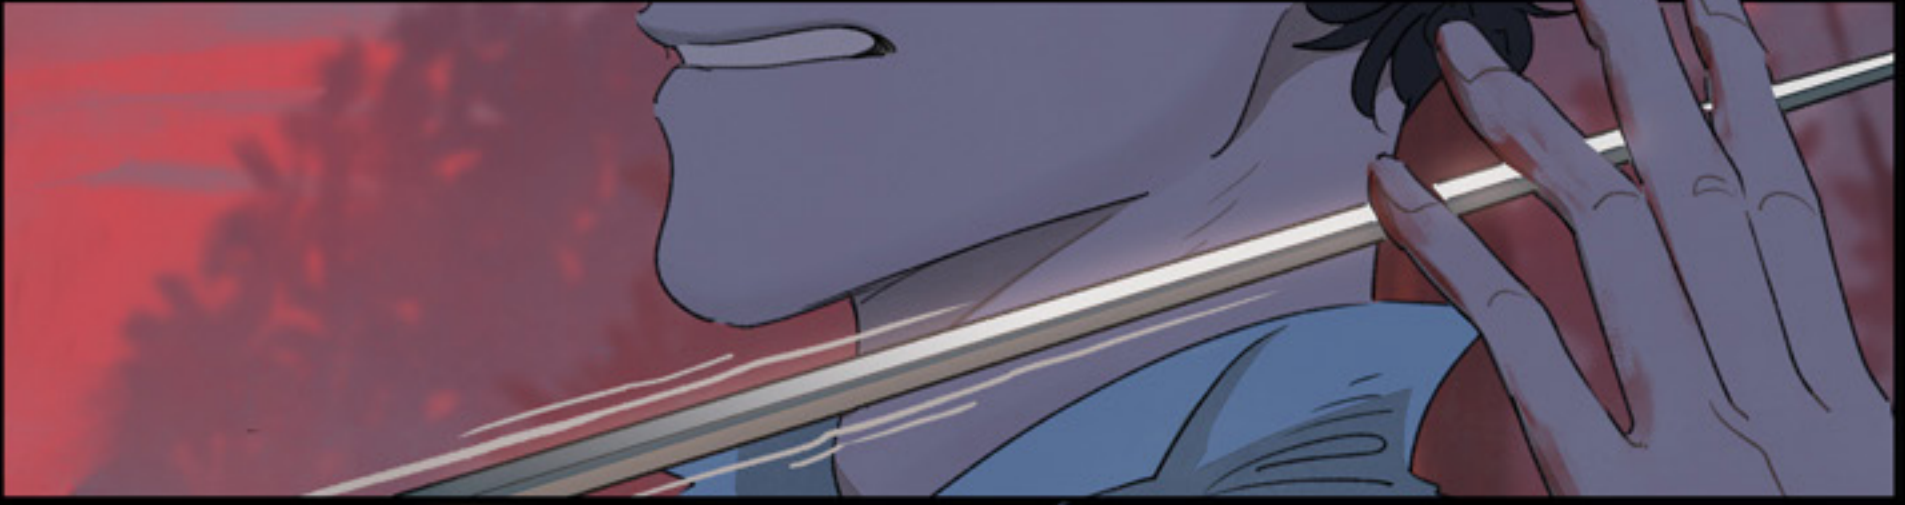

I have to break their hold!

Hah hah

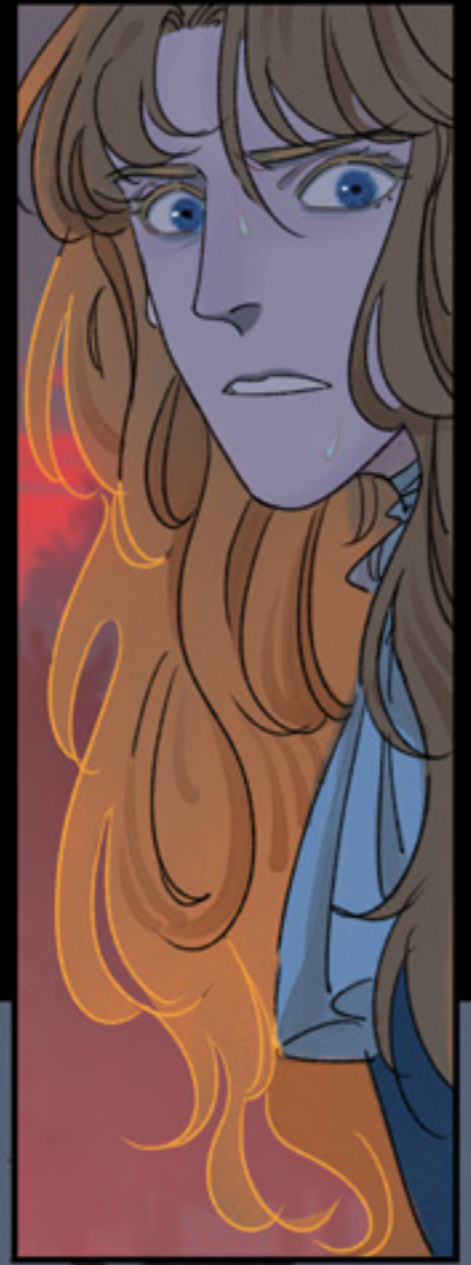

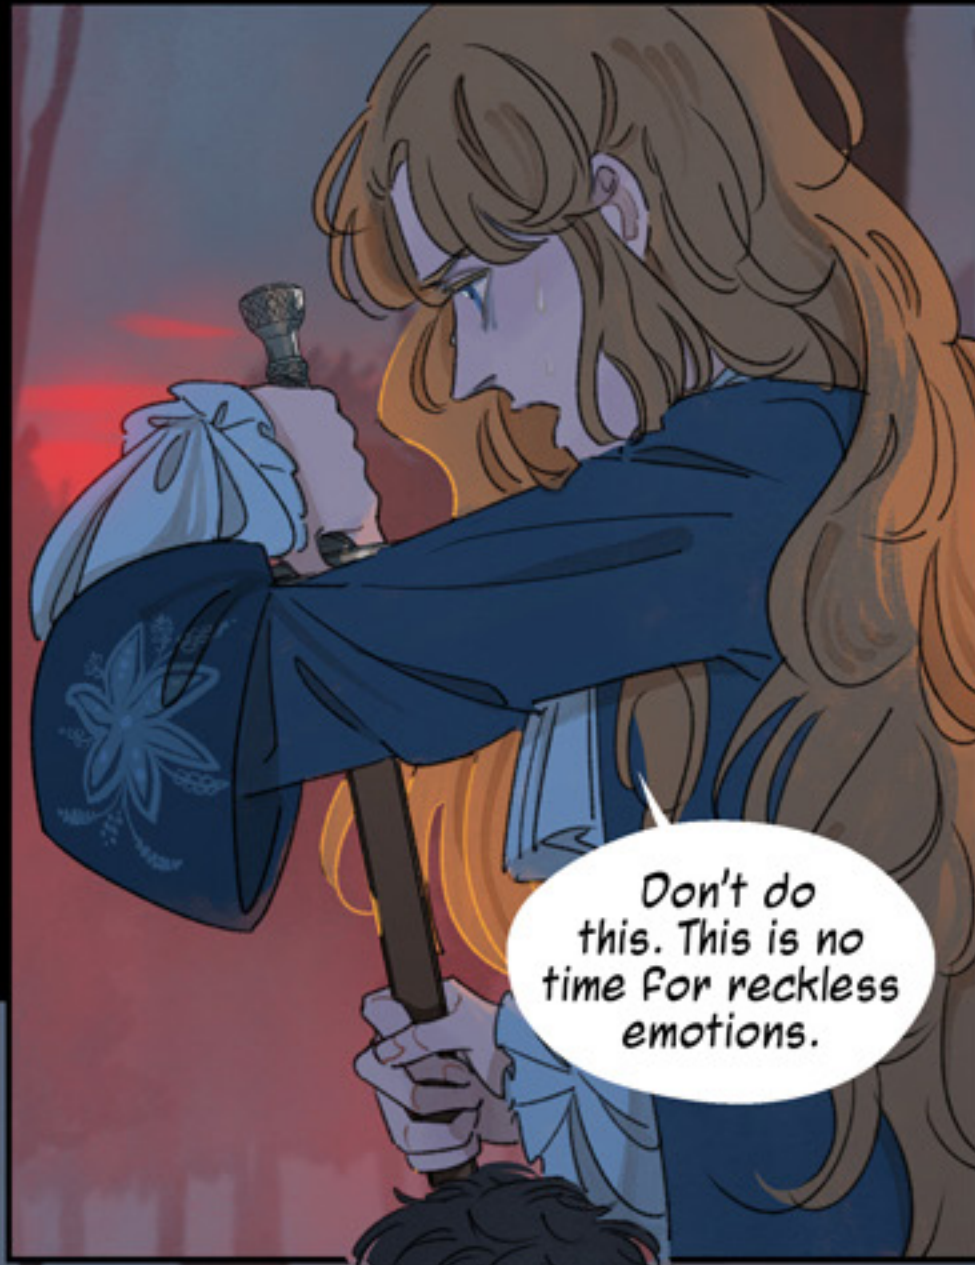

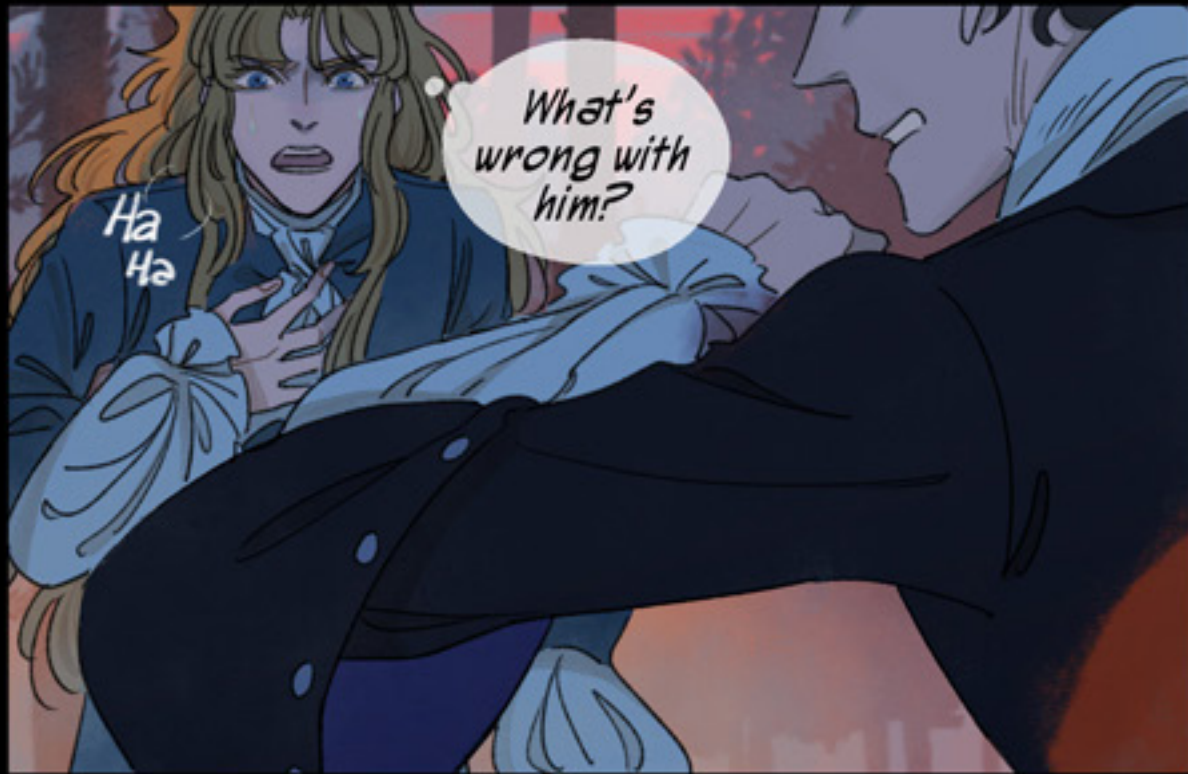

*That knife
Hargrave used
against me...*

*Does its
effect still
linger?*

No!

Damn it!

Stop putting up a fight you damned corpse!

You're nothing like the tales paint you.

Imagine I take your head, wouldn't that be grand, hm? Count Hargrave may even be pleased!

I won't be outdone by you!

I WON'T!

Their power faded... Why?

*Where are they?
I can't... sense them anywhere...*

Are they another of Hargraves followers?

It's not safe to be here...

*Oh, what
of Raziol, what
of Raziol...*

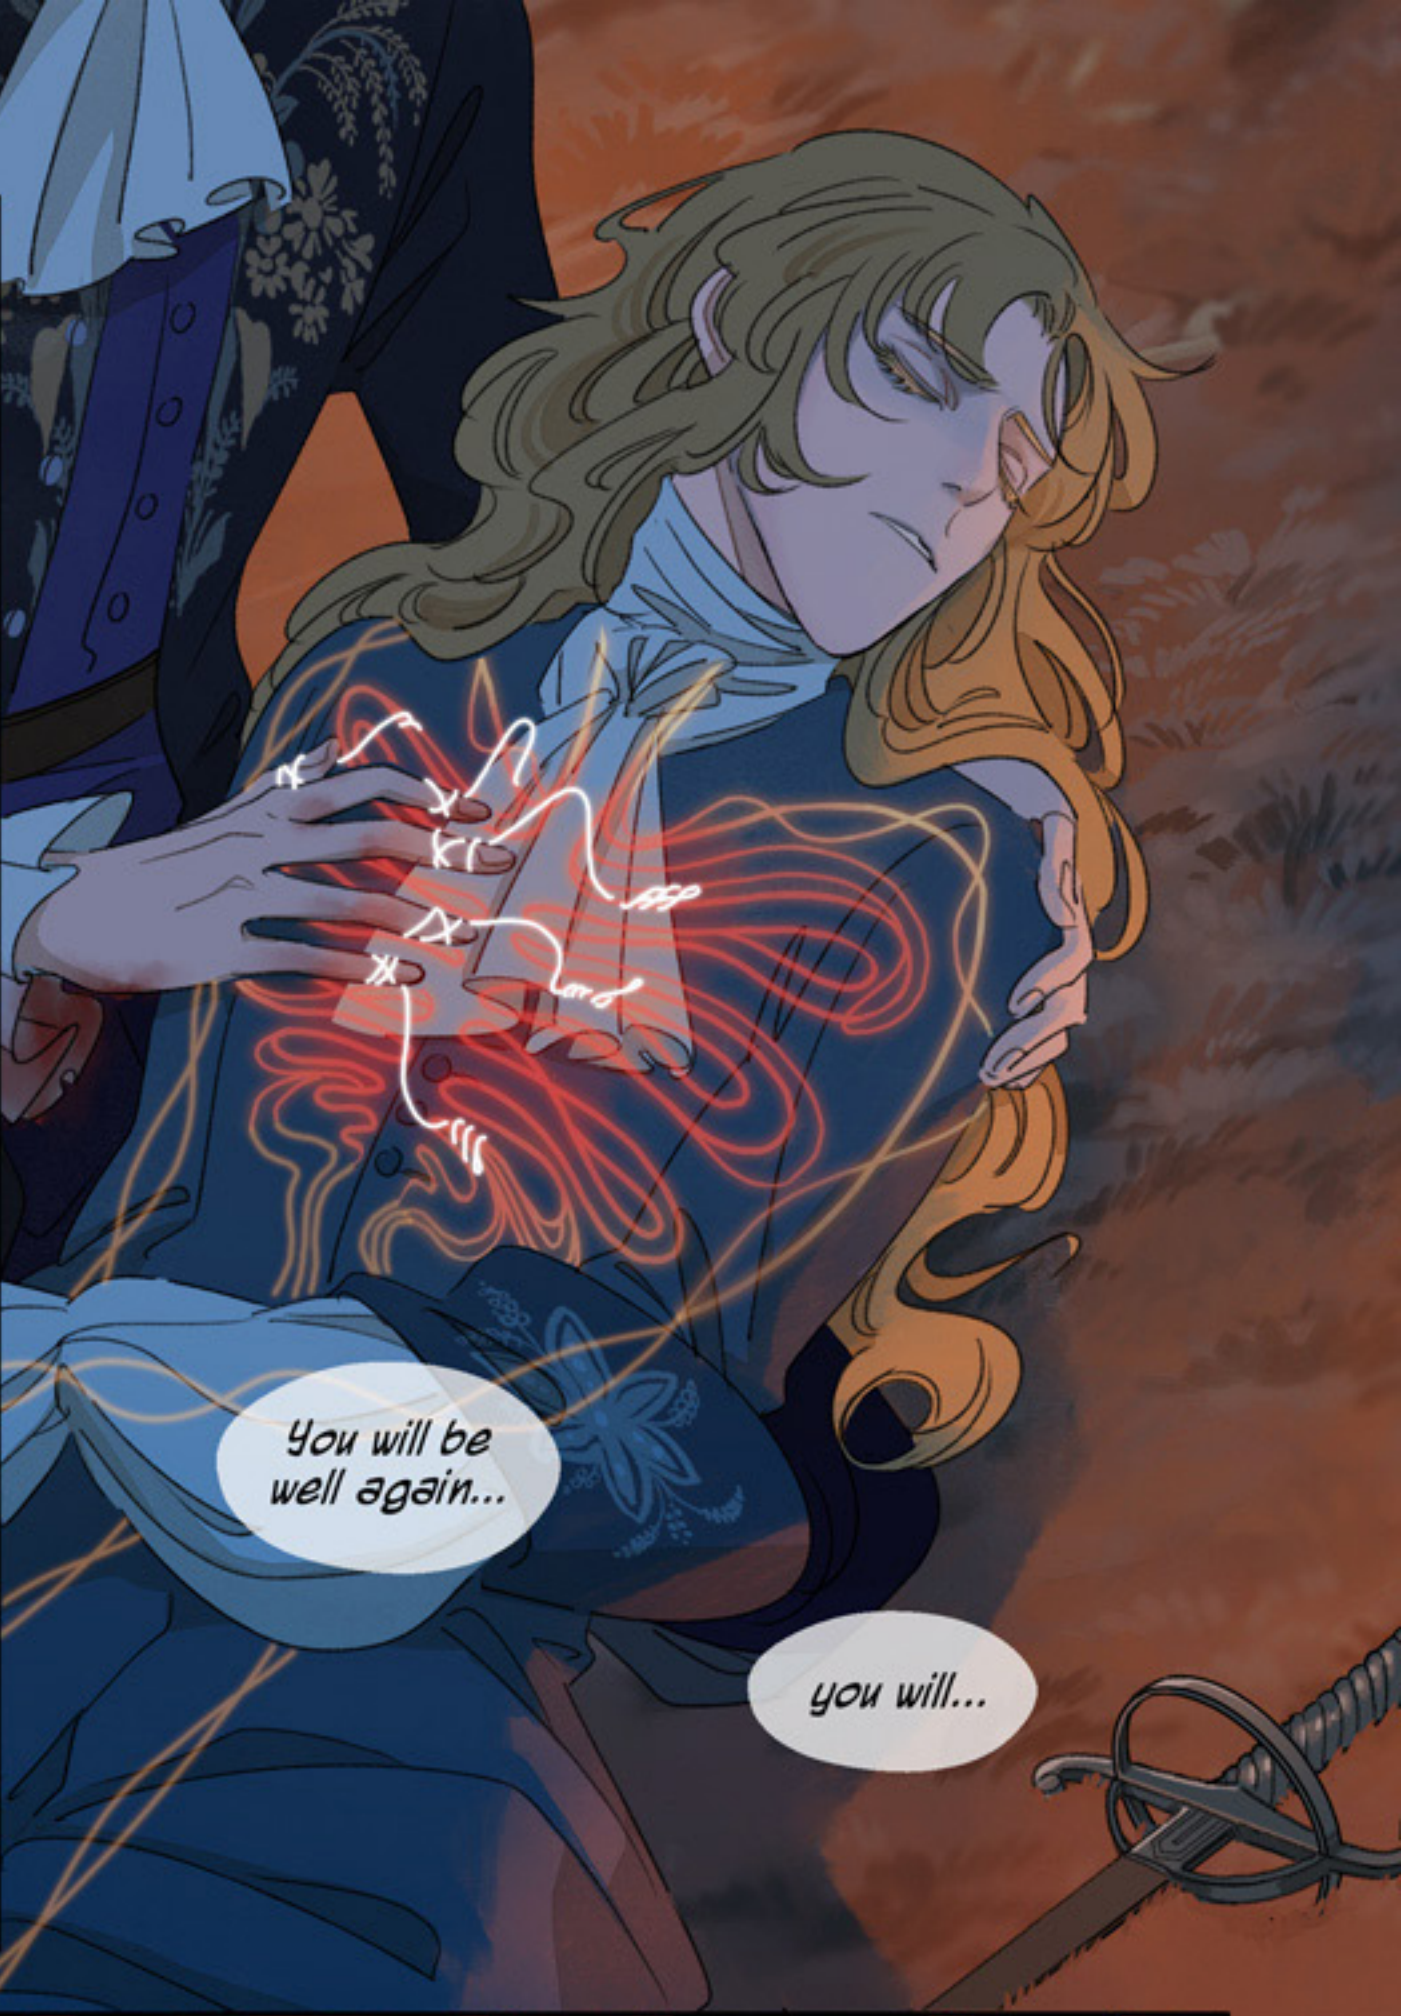

*I've searched
everywhere for
you Raziol... where
are you?*

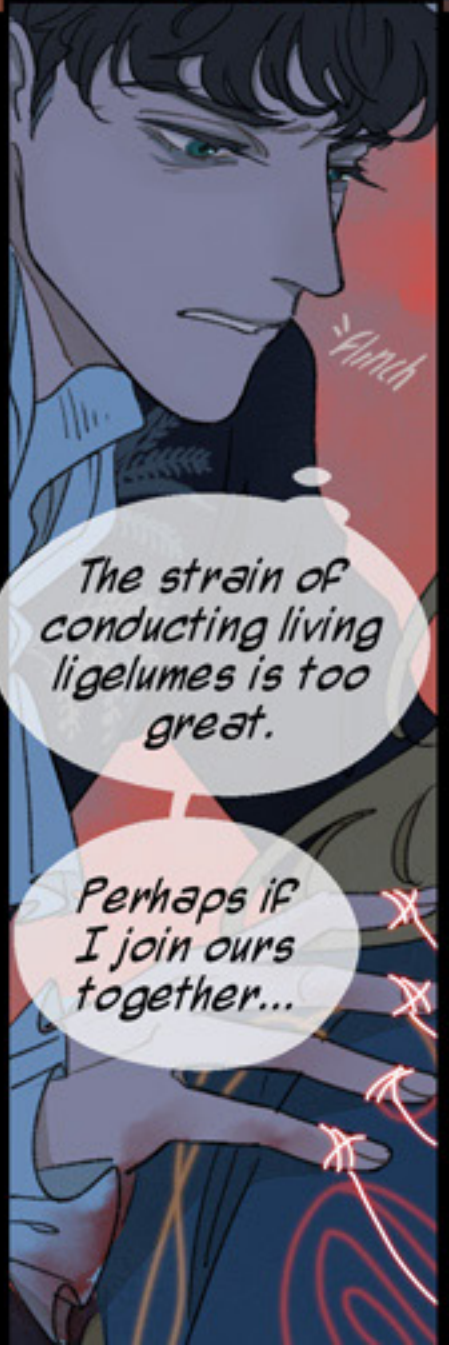

I will save you.

You will be well again...

you will...

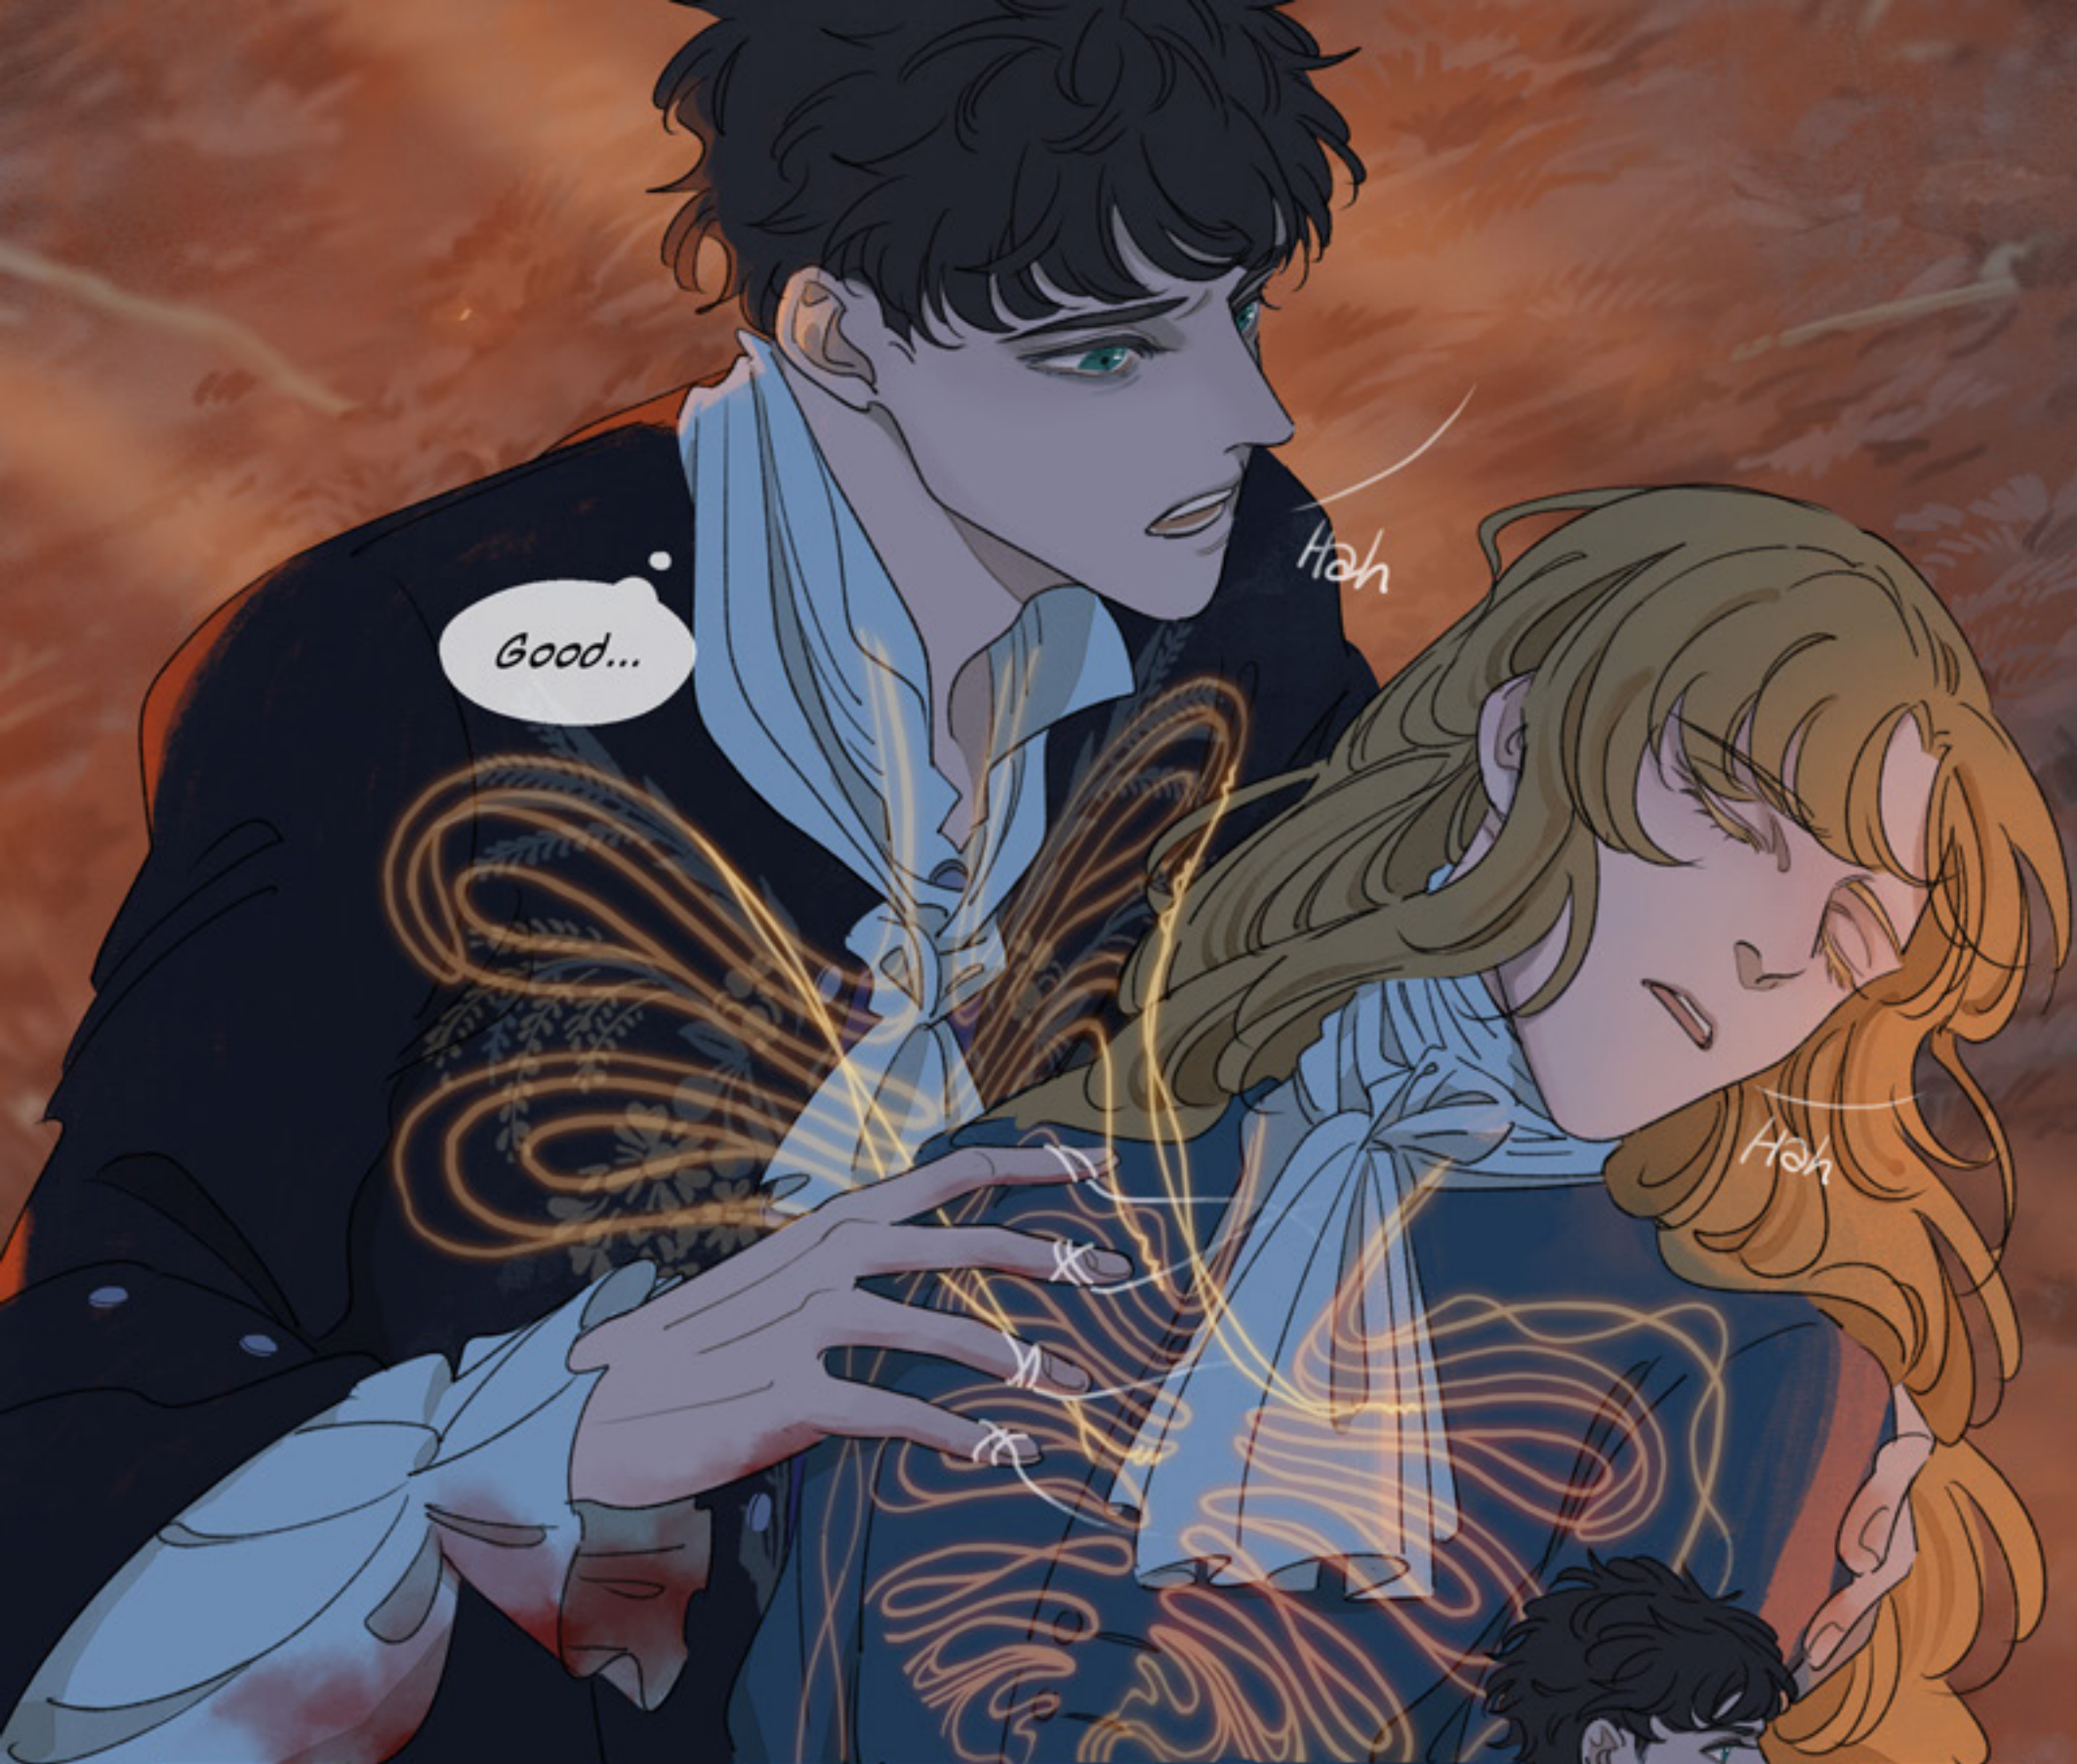

The strain of conducting living ligelumes is too great.

Perhaps if I join ours together...

This will help you breathe.

Good...

Hah

Hah

The powder...
Vivi wil know.

To Be Continued...
