**Audio starts with city ambience, a door unlocking and the listener entering. The door closes as they start to remove their shoes. There's a pause before Tamaki replies from further within.**

**Tamaki: (in slight anticipation) Ah...in..in here sunshine..**

**(footsteps as the listener heads further in, the slight creaking of an open door)**

**Tamaki: (shyly, slightly embarrassed) W-welcome home...**

**(slight creaking of ropes)**

**Hm..I um...I found those books that you were looking at. (hesitantly) The ones about Shibari? and I wanted to... try my hand at it, since it seemed to be something you were interested in and all...**

**(pause)**

**(bashful) Please don't be embarrassed about the book, I thought it was...really interesting. The ropework was so intricate and beautiful to look at. I.. uh.. know my attempt here is probably pretty clumsy but...I wanted to surprise you. It's...surprisingly sort of comfortable, even without clothes...**

**(soft footsteps as the listener approaches)**

Ah, please...feel free to make sure I did it right. I followed the instructions in the book...it's the one you had marked...the ah..."Dragonfly Harness". Oh...I didn't have much trouble with it. Tentacles can come in handy..

**(pause as the listener touches the ropes)**

Mn...I'm sorry for going through your things...It's just I-I figured you bought these ropes for a reason and...

**(slight tug of the ropes)**

**(small sharp intake, into a small moan)** Mn..sorry...the ropes...one of the knots is placed...in a very ah...sensitive area. When you tug on them it- mmn.. Kind of.. Rubs against it. **(hopefully)** Um.. Did I manage to tie it right?

**(pause)**

**(shy)** I'm glad...It was really difficult to do it by myself, but I guess.. It's been a while since we've gotten intimate and I wanted to surprise you when you got home. and no..I'm not in any discomfort. Nothing's numb...I promise..I made sure to sit on the bed too so I'd be comfortable while I waited for you..

**(pause)**

**(embarrassed)** I...look good in purple? Ah..That's... **(whimper)**

**(pause)**

**(hesitant)** I know...I remember what we talked about...how I need to learn to accept compliments so...thank you sunshine. I'm..I'm glad you think so. It's.. actually really flattering, the way you're.. Looking at me like that.

**(pause)**

**(voice soft, aroused)** I just...wanted to surprise you like I said. We've both been busy lately, and I thought trying...mn..something new might be fun for the both of us. Since we have tomorrow off, I thought tonight was as good a time as any.

**(pause)**

N-no I'm okay with it. I'm...really curious. I know you said it would make things seem...more intense, and I suppose I was wondering if that was really true.

Mn...um, the safe word is the same as always...Eclipse. But...(soft laugh) I doubt I'll have to use it...you're always so good to me.

**(Soft eager kisses, quiet intake through the nose as the ropes tighten a bit)**

**(soft moan)** Mn, p-please don't tease me..**(sharp gasp)** ah! **(shudders)** Ha, my ears..those are...mn...sen-sensitive love..

**(soft slick noises, whimpers and moans as the listener kisses at his ears)** N-no, don't stop, please...ah..

**(rope shifting, more whimpers and needy sounds~)**

**(breathless, dazed and aroused)**

G-God baby.. When you suck on my ears like that.. It drives me over the edge..

**(breath hitches in excitement)** You wanna fuck yourself on me? M-Mn.. Okay. I'll be good and watch you prep.

**(Breath shakes as Listener takes off clothes)** A-And there goes your top. **(Another clothing rustle)**

And your pants.

**(soft sigh)** you're so beautiful..mn. **(slight shifting as he tenses in his binds)** I...wish I could touch you...help you out of your clothes...but..I'll..I'll be good for you. I promise.

**(Whimpers)** Hn? Y-You want me to help you prep? I don't know ho- **(soft gasp followed by another whimper)** O-Okay.. I'll be a good boy for you.

Just stand there and I'll take care of you. **(softer)** I'll get on my knees for you.

**(Murmurs:)** Even if I can't touch you with my hands, I can still feel you with my mouth. **(soft kisses as Tamaki moves down the listeners body, finally getting onto his knees)**

And.. Taste you.. Can I please? Taste you..?

Okay.. **(soft licking sounds, mixed in with soft whimpering and rope tightening noises, softly gasps as the listener grabs his hair and pulls his head back)**

Oh f-fuck. **(soft panting)** I almost came from you grabbing my hair like that..

You already want me? So fast..? Okay.. Okay.. Um.. How do you– Mmn–! **(grunts as he's shoved onto the bed, bed squeaking as he falls back)**

S-sunshine, god– Y-yes, I'm ready for you. I need you. Please– **(begging)** Please. Please fuck yourself on me.

**(breathing becomes more ragged as the listener moves on top of him)**

**(Whimpers:)** sunshine– **(soft gasp then whines as the Listener sits on his lap, beginning to fuck themselves on him)**

**(needy moan, into a sharp intake, whimpered)** Oh god love.. You're so tight around me, I..I can barely think...ha..

You were so close earlier.. When I had m-my mouth on you and– ah– hnnnh– **(whimpers and whines, gasps out)** A-And I was so close too. Just from you kissing me. Pulling the ropes tighter– I'm already–

**(gasps, whimpers becoming more shrill and ragged as the listener continues, faster now)**

**(heavy moaning and whimpering)** S-sunshine ah...*fuck! Please...I don't...I can't...* Please...pleasepleaseplease. I'm...**(whines louder as he orgasms)**

**(whimpers and hitches in his breaths)** Mn...ah...f-feels so good...nmm..I love it...when you squeeze around me like that...I can fe-feel you trembling.

**(thick swallow as he tries to catch his breath)** you're...so beautiful when you cum, know that?

**(messy kisses, soft moans, heavy panting as he recovers)**

I'm..I'm okay sunshine...just...just a little lightheaded. That was...so intense.

Mn..**(gentle eager kisses, his voice soft)** I'm...glad you liked my surprise. **(soft laugh)** I agree...we'll have to try this out more often. Maybe...next time you could tie me up yourself? I saw where...**(quiet swallow as he finishes calming down)** you had other places marked in that book. I'm...curious about them.

**(shifting as the ropes are untied)**

**(soft groan)** Thank you love.. I put a towel on the side table for us...but let me just...hold you for a moment. We can clean up in a bit.

**(shifting as he gathers them close, contented hum)**

**(pause)**

**(fondly)** No, they didn't chafe too badly, perhaps a little around my wrists and sides, but other than that...I'm fine. How about you?

**(pause)**

Good...**(deep contented sigh)** I love you so much...know that? You always give me such courage to try new things...haha, and I usually even enjoy them, like I did tonight. **(small kiss)** Thank you for that...The world is honestly so scary sometimes, but when I have you? It's...not so bad.

**(another gentle kiss)** Mm...**(soft intake of breath, little moan as the listener shifts off him)** S-sorry for making such a mess by the way...but..**(shy huff)** That's what the towel is for.

**(shifting as they grab the towel and clean him up)**

**(softly, relieved)** Thank you love, here...let me get you cleaned up too.

**(soft shifting of the towel, drawer opens, bottle opens)**

O-oh. You want to put lotion on me..? Here, let me finish up...just a little bit here.. Okay, um, all clean.

**(pause)**

I'll just sit on the bed, if that's okay.. Mm. **(soft bed squeaking sound as he sits)**

**(Shifting as he does so, slick noise as the listener applies some lotion)**

**(relieved sigh)** The marks are...a little tender but the lotion feels nice on them. **(softly)** You always take such good care of me sunshine...thank you.

**(shifting as they get comfortable)**

Hm..You can rest if you want...and then we can take a shower and make some dinner together. Watch an episode of that show Mirio's been going on about...**(small chuckle)** Sound good?

**(kiss)** Hm, I'll take that as a yes...Here, let me get the blankets from under us...

**(shifting as he tugs them around)**

There. **(contented sigh)** Hm. I agree...this is a good way to start our time off together...**(shyly)**  
I can't wait for tomorrow...

**(flustered)** H-Huh? O-Oh, I didn't mean occupying our day with *that*, but um, if that's what you  
want, I, um- **(pause)** R-right. We can talk about it tomorrow.

**(soft exhale followed by a soft kiss to the listener)** I love you, sunshine. I'm happy you're  
home..
