

THIS CLANDESTINE WORLD

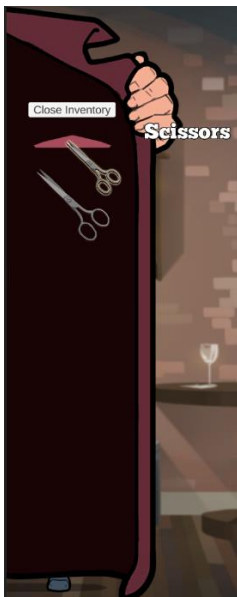

Tips and Game Mechanics

- Left click to move around and interact.

Inventory access. Click to Expand

Expanded inventory, once items have been acquired, Click and drag items into the game space to try and use them, you can even drag and drop items onto other items in the inventory to combine them.

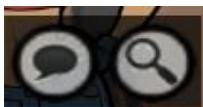

Click on a hotspot to try and use the item on the hotspot. If it can be used dialogue will trigger.

Items can also be combined within the inventory, simply click on one item then click on another. Not all items can be combined or an event needs to happen before combining is possible.

Cog Icon = Interaction with hotspot, this could be item pick up, search, open door.

Magnifying glass = Inspect/look at.

Speech bubble = Talk to.

(Certain hotspots could have more interactions unlocked after talking to NPCs.)
