

The Super Fan

This is going to come as a surprise to a lot of you, and honestly, when i first found out it was surprising to me as well, but, there are quite a few women who subscribe to my writing! I have secret female fans who are among us, hiding in the shadows! I guess for women, this sort of thing is a lot more taboo, much more rare, so if a woman has a fetish for dominating men, turning them into toilets, how does she go about it?

I feel like men are dogs, we are so horny, we would throw away our lives on a whim just for the opportunity to become a women's toilet. From a woman's perspective though, finding a good willing male toilet is not easy. I have spoken about this at length with one woman I met over my patreon, she has been reading my work for a long time and is drop dead gorgeous!

I asked her, why don't you just find a guy to eat your shit? It's your biggest fantasy right? And your a fucking 10/10, why don't you go grab a random tonight at a bar! And she told me, she had been trying for years, but men would say they want it and chicken out at the last minute! The furthest she could get was allowing a boyfriend to let her fart in his mouth but even he broke up with her when she confessed her wanting to use him as a full toilet! She told me she wanted to try it, but didn't want it to run her life, she was also scared of people finding out. There are more women into this than you would imagine!

None of you would know she is here, if you could see her, haha you would freak the fuck out! She's reading this now as you are! Hahah but... this story is not about her!

Last week i received a private message through my Subscribestar! I am not going to show you the screenshot, because the user is still subscribed and wants to stay anonymous. It read as follows...

"Hi Jimmy, My name is Alessia. I have been a reader of your's for almost a full year now, your stories top my wildest most private thoughts and fantasies! I can't tell you how many times i have lost it to your work! Once I couldn't even get to my class the next day because I was so sore! I wanted to know? Can we meet? I would love to meet you, it would be an honor actually! I can't attach a picture here, but i sent you an email a few months back, i'm thinking now maybe it got lost in your spam? I was too nervous to ask, I didn't want to bother you. I attached a picture, if you don't message me back i won't take it personally, I love your work! Naomi is a lucky woman!

I checked my email and just as she had said, the email was lost in the middle of my spam folder. I opened it and clicked on the image... This is the picture she had sent.

The email she sent included her phone number and I texted right away! I am not going to post the entire conversation that me and Alessia had, some of it was private, but I will summarize it.

Alessia lives in northern Ontario four hours north of Toronto. She has been to the city a few times but is a country girl through and through. She is the Popular girl, The girl every girl wants to be and every guy wants to be with! She is Popular and can't do a thing in her hometown without everyone finding out. Her biggest fantasy has been to use a man as a toilet, and not just any session. She wanted to truly have a man under her, shit right into his lips and force him to ingest every bit! She could ever do this at home though, it would ruin her entire life and future if anyone found out. She pushed down the desires and used my writing as an outlet, every night she would masturbate to my stories! She had even purchased a few videos from my studio too! But eventually she worked up the courage to email me, and to ask! She had read all the true stories and wanted it, she wanted it so badly!

Normally, I would never accept this sort of thing because I would be sure they were a catfish, but she was so sincere. The first thing I did was show the email to Naomi and ask her if it was okay, she barely finished reading before smiling and nodding. The fact that she enjoys me being a toilet for other women is so surprising to me! Naomi wanted to come with and meet her, but I told her that we should wait a bit first, she can be a bit intense sometimes and Alessia was shy, I could tell.

We arranged to meet on Tuesday near my place, I still hadn't seen her face, just her amazing ass! I was drooling thinking about her using me as a toilet though.

Because of covid, hardly anything is open, but there is a Boston Pizza near my new home that was open for the patio! We decided to meet there at 8:30. I got there at 8:30 on the dot and she was waiting outside the front doors! My jaw nearly dropped! Fuck, she was so gorgeous! She is about 5'5 with long dirty blonde hair and the face of a fucking angel! Her body is so thin and toned but plump with baby fat! She had on a white shirt showing a bit of her belly and a very very tight pair of jeans showing off her incredible ass! She had a big box in her hands that she set down before waving and running up to me, throwing her arms around me and hugging!

"It's so weird to meet you in person!" She said with a giggle and slight blush!

"Haha, right back at you!" I replied!

"What do you have there?" I asked, pointing to the box, it was from krispy kreme. She opened it up and showed me the dozen doughnuts half of which had been eaten already!

"I was snacking on these on the bus ride down here!" she smiled and leaned in, cupping one hand over her mouth to my ear and whispering.

“Krispy kreme doughnuts always give me the runs bad, like, the worst shits” she leaned away from me and then smiled with her hands behind her back and while moving up and down on her tippy toes a bit! I was fucking stunned, i had no idea what to say...

“Do you wanna eat?” i asked while stammering a bit!

“I thought you would never ask!” she smiled and passed me the box of doughnuts.

“Here, you carry these!” she said while walking ahead of me, i couldn’t tear my eyes away from her ass! It was so thick and bubbly but so small! Her waist is so thin it’s almost nonexistent and her ass is so big and wide! She is a fucking goddess head to toe! I walked behind her, almost tripping as we headed around the restaurant.

Because of covid they are serving on the patio only, it had a big top over it with some heating lamps because of how late it was and how cool the weather was. We got a table for two and sat down, the waiter arrived and asked what we wanted to drink before we had even got a chance to open the menus!

Alessia grabbed the drink menu and ordered some big fruity cocktail with two extra shots inside! The waiter looked at me and asked what I wanted... I paused and looked at Alessia with a smile, i didn’t need to say anything, just give her the look! She smiled wide and answered for me..

“He’s fine with tap water thank you” i could see how happy it made her to order for me, spend my money, control me, it was clearly something she never got to experience before.

“One ice water coming up” the waiter said with a stupid chipper attitude as he turned and began walking away, Alessia shouted out right away though stopping him..

“No Ice!! ...and you can use a dirty glass too!” she said with a big smirk as i laughed, the waiter laughed too clearly thinking she was joking, only the two of us knew she was sincere!

“Are you having fun?” I asked.

“What do you think?” she said with a huge grin, my god, it’s hard to explain how beautiful she is! She is a fucking goddess! Her blonde hair was around her shoulders, her smile is so big and wide!

“It’s so weird to sit with you, i mean like, i know you are a slave, but i feel like i’m sitting with a celebrity!” she laughed!

“I’m not a Celebrity!” i laughed too

“I know, you’re a dirty toilet that eats shit for a living!” she said at a full volume, i looked around while blushing and a few other couples were looking... I laughed and blushed while looking back at her..

"I thought you were shy?" i said softly, i was so embarrassed...

"At home I would be, but no one here knows me, I don't care about your reputation!" she said in the brattiest bitchiest tone! I was so fucking turned on! She kicked my shin under the table and laughed a little.

"You're like a punching bag! I like it!" she was reaching over to grab me when the waiter arrived! She sat back as he put down her drink and my cup of water, the first thing I noticed was the ice in it.

"Are you two ready to order, do you wanna try some of our apps?"

"We need some more time thanks! And i said...no ice" Alessia interrupted him and then with him still standing there, stuck her hand into my drink using her bare hand and fingers to grab out the ice. She held it in her hand with a resting bitch face and dropped it onto the patio floor. The guy looked like he had seen a ghost, he turned so pale and then apologized before turning and rushing back inside the restaurant. I had to hold in my laughter!

Alessia had begun looking at the menu as I sat there admiring her beauty! A new waiter came out to serve us, a young brunette and I couldn't help but laugh, the guy was too nervous to come back to the table haha! Alessia ordered a medium meat lovers pizza with extra cheese and a side of some really spicy wings! The waitress assumed the food was for both of us but if she had asked me what i wanted i would have said nothing! As soon as the waitress was gone Alessia popped the question....

"So, what's it like???" she leaned forward with her chin in her hands!

"What's it like?" I asked with a laugh...

"Eating shit" she whispered... i was thankful she didn't scream it at full volume..

"Oh.. uhmm, well it's unpleasant"

"Hahaha that's one way to describe it, go on" she laughed

"It tastes gross, it's always different, every woman has a different flavor, it's always bad though. The taste is not nearly as bad as the smell though, if you can get past the odor then it's easy sometimes, sometimes it's hard to keep down."

"Yea but like, what's the flavor like?" she asked with curiosity...

"Like hot steaming bitter dirt mixed with clay. But that's accentuated by whatever the woman was eating" i answered as she laughed...

"I feel really bad for you then, actually, no I don't!" she laughed

"Why do you say that?" i asked

"My family never lets me eat cheese, i have really bad lactose intolerance but i love everything dairy! My farts get so bad sometimes that I can't even stand them. I have to go outside my room and walk up and down the hall when I let them loose! They are always hot, silent and burning!" she laughed!

"My brothers always freak out and scream at me for stinking up the hall!" she smiled at me...

"How many brothers do you have? I asked..."

"8!" She said with a grin!

"I'm the only girl too! OH wanna know something funny!" she leaned in closer to me...

"Sure!"

"So, like, i ALWAYS clog the toilet, and i don't even use a lot of toilet paper, like i flush multiple times through my shit sometimes! My brothers never clog it but I always do! They all make fun of my shits! Does that turn you on?" she asked... I was shell shocked and she could tell from my face...

"I bet you have a boner right now!" she joked.. I totally did though.. I was nervous but i wanted it, i wanted her shit so badly, no matter how bad it was!

"Do you think you could live off of it? Just shit?" she asked a bit too loud as I shushed and laughed...

"Uhhh no i don't think so, the body needs vitamins and protein and stuff, if you ate only shit you would die from malnutrition eventually" i answered..

"HmMMM my fantasy, like my biggest fantasy, is to have a man eat my shit, only my shit, like being imprisoned in my home 24/7! It turns me on so much thinking about someone being turned into a permanent toilet! That's what I love about your stories! They are always so extreme! My favorite is Army Hijinks!" she said with a big grin...

"I still can't believe you are real! Do you know how many guys would kill to be your toilet!?" I asked as she blushed and smiled..

"I know I'm beautiful!" she said with a big smile...

The food arrived, a big steaming pizza and a side of wings! Her eyes lit up when the waitress set it all on our table! She put two plates down, one in front of me and one in front of Alessia. Almost immediately Alessia reached over taking my plate and handing it back to the waitress.

“We won’t be needing this, thanks” she smiled!

The pizza was so deep and loaded with toppings and the cheese was almost half an inch thick! She pulled out a giant piece and made a moaning noise as she set it on her plate! The wings were so hot that I could feel the spices on my face, my eyes were watering! She put a few on her plate and then smiled at me....

“If i were you, i would be really worried! I'm gonna destroy your mouth!” she smiled in the most cute adorable way with her head tilted a bit before taking a massive bite of the pizza! It was hot so she had to keep her mouth open breathing in and out quickly! I laughed a little!

“I watched her eat and felt like i was dreaming, a part of me felt like Naomi had maybe set this up, was she controlling all this, who the hell was this woman who just popped up into my life! The stalker super fan! She was so beautiful, I can't explain or describe it. From the pictures posted with the story I know more than most of you would give an arm and a leg just to smell her ass!

We didn’t talk much after the food arrived, she just ate, it was so fucking sexy, watching her devour the food! She was like a machine barely taking time to breath! At one point she looked up to me and smiled!

“It’s so nice just to eat and relax, i’ve never been on a date with a toilet before, it’s a good change of pace” she smirked and continued eating as i laughed. I could see a table near us whispering and laughing about something. I think they had heard her...

It took only thirty minutes for her to finish all twenty wings and more than half of the Pizza, there were only two sleeves left when she was done! She had also ordered two more of her girly cocktail drinks loaded with shots, but from how much food she ate I doubted it would affect her much!

I paid the bill and we left, the place was only ten minutes walking to my new home and she wanted to walk to help her food digest, I could see from her facial expression that she was extremely full and the dairy was already getting to her! She put her arm around mine and smiled as we left! We barely got out of the parking lot when she stopped and doubled over holding her stomach..

“Ugh god, my stomach is bubbling!” she groaned...

“Do you want me to call an uber?” i asked

“Carry me” she said with a groan...

“What?” i asked even though i had heard, i was just a bit shocked...

“Carry me!” she said while moving behind me and **LEAPING** onto my back! She landed so hard I almost fell over! She gripped her legs around my torso and moved up higher as she squeezed my ribs with her thighs!

“Haha, that’s nice!” she leaned over with her arms around my neck and her head by mine!

“**NOW ONWARD MY PONY!**” she said out loud and with a laugh, we were still near the restaurant so i moved quickly!

Her thighs felt so good in my hands, they were so toned but so soft, she had so much baby fat on her body! I don’t know if you have ever carried someone a long distance, but even if they are light it starts to get hard, I had only been carrying her for five minutes but she was already heavy! I knew she could feel me panting but she made no motion of getting down off my back.

“Would you have answered my email? If things were the other way around?” I asked while out of breath.

“Fuck no, you could have been a stalker!” she laughed on top of me...

“And what are you!” i asked

“Hmmm, your biggest fan!” she laughed...

When we got to my place I was exhausted! She hopped off my back and waited for me to unlock and open the door. When I did and we walked in, Corinne was sitting on the couch watching t.v. she turned to us and smiled, introducing herself in a friendly manner! Alessia said hello back and then started to laugh!

“I’ve seen you in the videos!” she said with a big grin!

“Ohhhh are you gonna be filming with us?” Corinne asked!

“Oh no, i’m just using Jimmy as a toilet!” she said with no filter! I almost choked on my breath! Corinne was stunned for a moment but began to laugh!

“Well, have fun with that, don’t make a mess!” she said with a grin before turning back to the television!

Alessia turned and grabbed the collar of my shirt...

“Show me to my room for the night” she said with a smile as I walked her to the stairs and allowed her to go first.

I couldn’t take my eyes off her ass as we walked up the stairs! My god, her cheeks were so thick! Each step caused one cheek to bubble out towards me, I wanted so badly to lean in

and take a whiff! As I was imagining being face deep in her ass it hit me, it was so hot, so thick, i can't describe it other than it being deadly, it smelled like a burning chemical! I began to choke as Alessia bent forward and stopped walking, she was at the top of the stairs but still in the eyesight of Corinne on the couch. Her ass got so big and wide! I didn't need a command but she gave it anyway...

"Sniff it dog" she spat out as I leaned in, huffing her ass crack! It smelled like fucking death! It burned my nose and I gagged on the stairs...

"Lovely" Corinne said with a laugh as Alessia giggled..

We got to my bedroom and Alessia looked around before laying on my bed stomach first! Her ass was so fat and bubbly! She looked over her shoulder to me and smiled...

"Close the door and crawl to me dog!"

I turned and closed the door and then got on my knees! She was already working her tight jeans off. Her big ass jiggled back and forth as she kicked her legs getting the denim down to her ankles!

"You do the rest!" she commanded

I took off her jeans, I could smell the odor from her feet, she had on thin ankle socks and the bottom had dark imprints from her toes and soles! The odor was thick and vinegary, like popcorn! She could see me looking and laughed...

"Sniff them!" she ordered.

I pressed my nose to the base of her toes and took a deep deep sniff, my god, it was foul but orgasmic, i almost came in my pants right there! She truly was the popular bitchy girl from highschool that would never have talked to me! Her feet were long, slender, her soles soft and perfect! I peeled off the socks and kissed up and down her red soles as she moaned and laughed!

"They probably stink! My Toms are my stinkiest shoes, but that's perfect for a dirty dog like you right?" she asked! I nodded...

"Good, now come give my ass some love!" she smiled and turned over grabbing her phone and putting on youtube! I crawled up to her big beautiful ass as she set down her phone and laid her head down. Some soft music began playing, it was a female singer I can't name but it was not bad.

The fart she had unleashed earlier was still thick around her ass, I could smell the burning deadly fumes! I rubbed my hands over each cheek as I kissed softly, my nose brushing her inner ass crack where the pink thong she wore was being devoured! The inside of her ass crack was damp, sweaty, she was so beautiful but it stunk so bad! I always imagined

beautiful women, the rich popular girls, I thought they were perfect, but she stunk just like anyone else!

Alessia fell asleep within minutes of me worshipping her ass! I called her name a few times but she didn't respond! She was out cold! I turned down the lights and pulled the covers over her body before crawling in under her feet! I positioned my head right by her ass, she was laying face down so I laid beside her not wanting to disturb or wake her.

I am not gonna lie or make up some absurd crazy story about her unleashing farts! When I tell true stories they are true, and she didn't fart at all throughout the night, or at least not that I know of! I fell asleep a few hours later and throughout the evening before I slept I laid there rubbing her back gently!

I woke up in the middle of the night to her grabbing me, pulling me, my heart jumped from being woken so suddenly!

"GET UP!" she rushed me grabbing my hand and pulling me from bed!

"What?" i asked in a delirious half asleep state!

"BATHROOM NOW YOU DOG! NOW NOW NOW! MOVE!" she said loud and pulled me out of bed! I fell to the floor as she yelled mover over and over and she kicked me in the side!

I rushed with her to my bathroom. Me and Corinne each have our own bathrooms connected to our bedrooms so we don't need to share! I followed her thick ass into my bathroom and she shoved me down onto my back! I had not prepared a toilet chair or any set up because she had made it clear, she wanted to go right into my mouth!

As I was laying down, she began stepping over me, and I smelled the most foul odor I had ever inhaled from a woman, it was on another level! Chemical in nature! My eyes watered and a small part of me regretted this! I felt sick, I was so hungry, you know that sickness you feel when you're really starving? I had that, and even though I wanted to be this princess's toilet, I knew it would be far too foul!

She squatted on my face and spread her ass cheeks, the inside of her bare ass was so damp and sweaty! I felt a hot burning sensation on my chin and chest as she pissed down my body! It ran over me to the floor but she did not care! It was so fucking hot!

I could feel her anus pulsing in my mouth as she laughed. Her cheeks were so soft on my face, i could have died right then and there and been complete!

"I hope you're hungry!" she said softly!

Her asshole hissed in my mouth filling it with a burning gas too hot to describe or comprehend! Less than a second later, it came! Her anus let loose, a long fat mushy log

slipped out and filled my cheeks to the limit as she moaned loud! Right behind the soft log came a foul thick sludge, it was like a fucking wave! It filled my mouth as she leaned forward spraying the entire topside of my face! I couldn't see and the shit was leaking down over my ears!

The taste was almost indescribable! The shit was so soft but so thick, like gravy that had congealed and then been heated up! The diarrhea sprayed out like a fountain into my mouth and then out over my forehead around me! I could feel the puddle of her shit growing under me! Alessia gagged loud and covered her face with both hands!

“EAT IT, YOU FUCKING DISGRACE! SHOW ME WHAT FILTH YOU ARE! EAT MY SHIT!” She screamed loud enough for the neighbours to hear and then began choking and gagging, the odor was too much for her to take!

I think i went unconscious for a moment under her, either that or i blacked out from shock! I just remember her ass weighing me down as she gagged and grunted! Her feces filled my mouth, my throat, my nose, it covered my entire head! Her shit was so hot and foul I could barely breathe! All the way down my throat her shit coated my insides, I could feel it filling my stomach and knew there was **NO WAY** this was gonna stay down! She had barely finished and I was already praying for her to go so I could puke! She was a beauty, the most gorgeous woman i had ever been under, but her shit was too much, this was too much!

When she got off my face I was buried in her shit! I could just see through my left eye enough to watch her wipe! She dug the paper between her ass cheeks and then tossed the clumps onto my filthy body! The floor and my entire torso was **SMOTHERED** in her shit! The bathroom was so foul you could barely breathe! Alessia pulled up her panties and washed her hands quickly. When she got to the door she turned to me with her hand over her nose, she had a big smile, she couldn't hide it, but her eyes looked evil, like she was gonna kill me!

“Look at you, covered in my feces! You should be thanking me... what do you say?” she asked.. I cried trying to respond through my shit filled mouth...

“Tmmankkkkk mppyooou” I mumbled as she laughed.

“I am going to close this door, i'll be right outside and believe me, i am gonna be awake, i don't want to hear the toilet flush, the sink run, or the shower! Don't use any toilet paper! **LICK THE FLOOR CLEAN WITH YOUR TONGUE!** When you're done, knock on the door and I will inspect, then and **ONLY THEN** I may let you shower” she smiled and waved as she closed the door.

I looked down to the mess, there was no fucking way i could eat it all! The floor was covered! There were puddles of diarrhea! Chunks of big logs that were soaking like meatballs! I wanted to puke so bad! Suddenly the door opened behind me and she popped back in.

“I almost forgot!” she smiled and turned off the lights before slamming the bathroom door again! It was pitch black now! I could hear her giggling outside.

I have done a lot of horrible things in my life, but never anything this low! I was covered in her shit, feeling my way across the floor like an animal! In the darkness I had to press my face to the shit covered floor, slurping her diarrhea and chewing the balls! I could not stop gagging! It was so foul! It was so thick and sour! Each time I gagged I could hear her laugh outside the door on my bed!

After an hour of cleaning her shit from the floor, I thought I was done! I swiped my hands across the floor in circular motions until I hit a warm pile and a big mess! I began to weep and cry as Alessia laughed her ass off outside the door! I could hear her, she was having a blast..

“Don’t cry dog, be honored!” she said through the door as i heard her walk around my bedroom.

I cupped my hands around the pile of shit I had found and lifted it to my face! I could smell the cheese from the pizza, it was so milky and bitter in the odor! Each time I tried biting into the mushy mess my body stopped me! I could not stop gagging and crying as Alessia laughed! She is so much more cruel then she looks. I forced the feces down, smothering it to my face like an animal, I just wanted to shower so I could puke and get it all out of my body! I felt like her shit was killing me from the inside! I began tapping and kicking on the bathroom door as she laughed...

“I am gonna have a rest, sleep on the floor dog!” she said softly and i could hear her crawling into bed through the closed door!

The bathroom floor was covered in dried shit, it was a shit show, i didn’t need light to know that! The smell was foul beyond belief! Like a prison of feces! I almost began to cry as I sat down with my back to the wall! Alessia was evil, a part of me actually feared her! I was sitting in a cage of shit as she slept feet away like a princess! I couldn’t help but get hard from the idea!

When she opened the bathroom door I had no idea how many hours had passed! The sun was up now and the light came in the bathroom showing how filthy it was! I looked up as my eyes adjusted, Alessia was wearing my covid mask to block the smell from reaching her, it’s a mask I had from when I used to install roofing and blocks most chemicals so it kept the shit odor away from her nose.

“Please! Can i shower and clean the bathroom Princess!” I begged...

Alessia stood there with a smile on her face...

“Where is your phone? I need an uber to the bus station to go home!” she said with a grin...

“In my pants!” i said with a mouth stained with dried shit....

She got my phone from my pants and called out to me...

“PASSWORD”

“5555” i said back as she laughed...

“Idiot” she said under her breath.

She walked back to the bathroom where I was on my knees covered in shit.

“I had a good time tonight! Did you have fun?” she asked

“Yes!”

“YES WHAT?” she screamed!

“YES PRINCESS!” i said with a cry..

She looked down at me and I could tell she was smiling under the mask....

“Cup your hands together!” she said to me and i did as she commanded.

I put my hands out and cupped them making a bowl with my palms. She watched me and then turned pulling down her jeans! She looked back as I watched in shock and awe! Her ass was so fucking amazing! She parted her cheeks and positioned her anus right over my hands! There was a soft hissing as a light brown almost greenish soft serve style log began swirling out! It came faster and faster filling my palms as her anus splattered! Liquid feces sprayed out speckling my chest with fresh shit and topping the pile! It was steaming in my hands! I was about to set it down on the floor when she yelled!

“STOP! HOLD IT!”

I raised my hands back up. She began cleaning her ass and putting all the paper on top before pulling up her pants and washing her hands! She looked at me with her shit in my hands and then stepped out of the bathroom. I watched her take off my mask and toss it onto my bed.

“You Jimmy, are barely a human being! Im happy i could shit in your mouth though! It was a dream come true! Now eat that, and clean the bathroom... it smells like your house shit itself!” She smiled at me and walked down the stairs. I heard the front door open and close!

As soon as she left i threw my head into the toilet, i had never puked so much in my life!

Alessia gave me permission to write this story, and use the pictures of her! They are real and she is the most beautiful Princess i have ever met! For those of you

wondering, yes! She is still a member of my subscribestar! She has been for
sometime! And she is reading this at the same time as you!
