

Continuation of  
Aiko Returns P2..

Give me the  
girl! Last  
warning!!

Konomi! Get over here!

\*cough\*.. don't..  
\*cough\*..

If you go over there, I will kill you also.

That's all you got?  
Turn me into a  
corpse and you  
can take her.

AS YOU  
WISHED!!!

7 hours before  
that event..

Is this app real?  
Or are you just  
joking me?

Why don't you  
test it out yourself?

And the kid behind you? Why is she..

She's not for sale. And your payment?

Already transfered to your account.

Thank you for your purchasing!

Only for a living.  
Why do you care?

Why did you..  
give out magic  
like that?

Because I'm in  
your way..?

Then I wouldn't  
pick you up with  
me that night.

So stop all those nonsense questions and stay close to me.

It's after school.  
Where is Professor  
Rosa..?

Professor!!

消火器  
FIRE EXTINGUISHER  
消火器

What is it, Marcus?  
Is there any that  
you don't understand  
in my lecture?

I don't want to use that app yet.. Confess myself.

No, I don't.. but..

I love you!  
Please become  
my girlfriend!

Of course that I loved all my students. But..

..I'm 36 and you are just 21. For the best of us, I refuse.

Focus on learning,  
kid. And remember  
your homework.

Ah wha.. Wait..  
This voice..

I can feel it.. The body of Professor Rosa..

She didn't accept  
me so I will force  
my way in.

Just look at my  
old-self. Let me  
borrow this phone.

Say "cheese" to the camera and have sex with me.

I'm happy to have sex with you, Rosa.

Then a private  
classroom  
would do..?

It's.. so big..  
Ah.. Yes..

Please.. rub it more..

I always wanted  
to feel..

..when a d\*\*k  
insert in this  
dirty vagina.

Yes.. It's feel so great~

I command you to marry me.

I'm happy to  
have a wonderful  
life with you, Rosa.

Me too, Marcus.

Fine.. Bring her far away from my eyes.

Not because I'm afraid to kill these two.. But..

A close-up illustration of a character with long, flowing white hair and large, expressive red eyes. The character has a thoughtful or slightly melancholic expression, with their hands near their face. The background is dark and indistinct.

Konomi.. isn't  
a normal kid..

.....

The others will  
come. You two  
should run.

I have a dream..  
where my magic  
that bring happiness  
to people.

Rosa. Do you  
want to take this  
man as your  
husband?

Yes, I do. I loved  
you, Marcus.

Since I found this kid, Konomi, I felt warmer than ever.

But why did  
that evil witch  
let us go..?

To be continued..
