### Chapter Three-Mirai and Haruka's Fantastical Sexiness Swap!

\*\*\*\*

"Haruka-nee! Please teach me how to be more womanly like you and the others! I've got nothing to offer anyone with this body of mine, not unless they happen to be a lolicon! I need to know how to grow my breasts, hips, and butt in order to look more like yours. Please help me....!" Mirai's quivering voice came out in a series of tearful nearly comical sobs as she begged Haruka for this favor.

The petite, pint-sized Shinobi of the Crimson Squad; Mirai, was usually a cool-headed girl in spite of her typical Chuunibyuu attitude at times. Right now she was facing an existential crisis that had long reached its boiling point after holding it back for so long; her crippling insecurities regarding the lack of bodily proportions in her sex appeal. She wanted to look more like a woman now more than ever rather than a pint-sized child that Homura and the others tended to flaunt their chest sizes over.

'She has been like this all day, I am starting to wonder if maybe her inferiority complex has finally reached the tipping point. She's actually looking to me for some kind of miracle cure right now as if I have such a thing. Unless...you count the experimental variation of the potion I made recently.' Haruka pondered, nursing her brow and looking over to the far side of her laboratory, seeing the special rainbow-colored juice locked up in a glass jar contained inside of one of the wall's containment mechanisms. She looked back at Mirai, seeing the normally calm girl weep like a child being teased about her small breasts. 'Somehow I have a feeling that Homura is involved in this.'

While the blonde scientist certainly loved to have flaunted her own impressive features, albeit in a rather sadistic way, in front of Mirai at times for amusement, right now she was feeling obligated to help her out. If only to alleviate herself of the headache she was currently receiving from this girl's crying.

"I suppose it can't be helped..." She sighed with resignation and got up from her lab chair, removing her lab coat in the process. She was wearing her usual vanilla-colored long sleeve sweater and tight magenta-colored skirt around her waist, with stocking-covered legs beneath.

A thought occurred when coming up with an idea on how to really help Mirai with her insecurities in feeling desirable, namely to have her lover Kiryu be the one to 'Help' her really feel like a woman. He may not have been into girls her size and appearance, possibly assuming her to be younger than he prefers, but maybe the concoction can help them out with that. She hasn't tested the new batch yet, but she did know it had drastically increased potency in terms of profound lust being aroused within someone's body. There may have been other side effects to consider, but Haruka just about had it with Mirai's pestering to really consider them.

"Fu fu fu, so you want me to teach you how to be womanly, eh Mirai-chan? Well I certainly know of one way to help you out, it isn't impossible for you to feel sexy, you know." She began and immediately saw the girl light up and focus her attention on her as though it were the fight of her life. Mirai looked more than ready to listen to whatever Haruka had in mind for her, and that was just the way the sadistic scientist played it.

"R-really, Haruka-nee? W-what do you have in mind? I'll do anything!" Mirai said with determination burning in her one visible eye.

The girl, as small as she is, wasn't a child by any means, even if she happened to be wearing gothic lolita dresses most of the time. It was any wonder to Haruka why she hasn't gotten laid already since there was no shortage of Otaku that were into petite loli-sized Chuunibyuu ninjas like her.

"Hmm, alright then, but you're going to have to do what I say without question. \*Mirai nods\* Good, now if you'll excuse me, I must make a phone call and bring in a very special someone here to help us with that dilemma of yours. Meet me in my bedroom in about...thirty to forty-five minutes. I promise that you won't regret it.~" Haruka said, winking and smiling gleefully at the prospect of watching Kiryu ravage the small girl inside of her bedroom. She wasn't into simply observing so much as she was simply having sex with her boyfriend like a crazed nymphomaniac, but she'll obviously take part in the sexual escapades herself. part of the reason was due to much-needed relief and her usual sexual lust regarding Kiryu, the other part was that she just really wanted to see what other side effects her latest tonic variation had.

Dialing in his number, she called up her unofficial boyfriend and eyed the tonic from afar, wondering what results will be shown when it's put to use.

\*Ring ring, ring ring\*

"Hello? Haruka-chan? What's shaking, beautiful?" Kiryu's voice came out from the other line, making the vivacious blonde scientist snicker evilly as she gnashed her stocking-covered legs into each other.

"Oh Kiryu-kun, would you be able to come by today? I have something very special planned in mind that I need you to do for me. It involves helping a friend of mine get over her...insecurities and her lack of sexual appeal the fun way. Are you interested?" She asked, knowing Kiryu couldn't resist the call of another female Shinobi like her asking for a roll in the bedsheets. Kiryu listened intently, already feeling erect at the thought of plowing the womanly soil of one of Haruka's friends with her consent.

"I'm listening."

\*\*\*\*\*

Later...

Now inside of Haruka's bedroom once again, Kiryu stood beside her bed wearing a crisp dark Government suit like always. He had a basic black blazer jacket on, a white long-sleeve underneath, and with it, his usual office pants currently housing an erection. It was showing itself in all of its thick bulging glory in front of Haruka and Mirai, the latter of whom stared slack-jawed at it with a blush coloring her face. Both young women still wore their everyday clothing such as Haruka's sweater and skirt combo and Mirai's Gothic Lolita dress.

"Huh, Haruka... is this the friend you wanted me to uh...help? She's a lot smaller than I thought." He said, making Mirai slump her head shamefully as a gloomy cloud appeared over her head. He immediately regretted his words and saw Haruka fix him with a soft stare.

"Please do not mention her height or how young she looks, it upsets her greatly." She said, making him rub the back of his neck nervously as he offered an apology and looked back at her for clarification.

"I'm sorry, I didn't mean anything by it. If anything she's very petite, cute and sexy, certainly not something I wouldn't be attracted to.~" He said, chuckling as he made Mirai blush and hold her cheeks in an unusually bashful manner. "So, is she the one you want me to.....?" He trailed off and she nodded eagerly with an enthusiastic smile.

"Correct, you are here to help take her virginity, Kiryu-kun. Consider it a very special 'Orientation' for her and favor to me." She revealed, making Mirai blush hotly with excitement written on her face as she stared at the man, wondering what was going through Haruka's mind when she offered her chastity to her boyfriend.

"Haruka-nee?! A-are you saying....?"

"Yes, Mirai. You will have sex with Kiryu right here and now, atop my bed with me getting in on the action once you are done. Considering it is your first time and he's already admitted to finding you appealing, you may think of it as a practice session to help bolster your confidence. We'll need to work on that before anything else like 'teaching' you how to grow larger in shape, which I do not think is possible in all honesty." Haruka explained, making Kiryu's member stiffen even more from inside of his pants.

He was honestly feeling very hard at the thought of fucking this petite first-timer like her. Kiryu did admire her mystique appearance as well as her adorably soft-looking face and gleaming red eyes. He did hope she was legal though, otherwise, he'd be in for a world of trouble if this ever got out to his superiors. Getting lost in thought while engaging Mirai in an enchanting staring contest, he heard Haruka speak up.

"Kiryu-kun, if you please....undress before Mirai and let's get this underway. I want her to see how truly amazing you are with a woman's body in bed, fu fu fu.~"

Kiryu nodded and quickly pulled off his dark jacket and unbuttoned his white long sleeve shirt, showing Mirai his sculpted body with a grin on his face. She looked on with a heated blush on her cheeks, watching as he pulled off article after article of clothing until he was completely topless. Mirai clutched the hem of her dress in excitement, watching him undo the belt of his pants before pulling them down all the way to his ankles. He had a pair of silken black boxers left worn over his body, they were holding back what appeared to be a rather large penis measuring out to be possibly over a foot long and several inches thick. Haruka herself got very excited and horny seeing his meat again, creating a coy lip-bitten smile on her face.

Kiryu pulled down his boxers next, revealing a monolith of a penis in front of Mirai's starstruck eyes. Like she suspected, he was well over a foot long with the shaft as thick as a large bone with balls looking as stuffed full of sperm as though they resembled peaches. The girl felt her heart racing inside of her chest, the sight of such large manhood sticking out and staring at her made her realize that her small body might not be able to handle it well at all. It was just too thick and long for her little frame, regardless of how far her Shinobi training had taken her and made Mirai into a living weapon.

"H-Haruka-nee...! T-That's way too big for me to handle....! I feel like it will literally split me in half if I take it inside of my body!" She frowned, looking positively distressed and wishing that she was as big as either one of her teammates in the Crimson Squad. "I won't be able to fit all of it inside me..."

Haruka crossed her arms and mulled over Mirai's distress with a daring idea in mind. She looked over at the experimental tonic standing there on the nightstand, feeling anxious to put it to use. She was glad she had pulled it out from its safety containment for today's special event. She went over to retrieve it and bring it back to the others, holding it with an eager and lascivious smile on her face.

"You are correct, Mirai, you won't be able to feel Kiryu-Kun's magnificent cock without pain, but in order to become a proper woman, you must experience it regardless of your size. You might be able to take Kiryu-kun's cock more easily into your body if you drink this. It is a special aphrodisiac potion I made by accident the first time I met Kiryu-Kun. It's gone through several Reinventions since then, so I don't know yet what side effects it'll have, but I am willing to find out.~" Haruka presented the tonic to the two of them, making Mirai worry a little when she saw it.

The last time one of her experimental potions was used, it was on accident and it turned one of the Hebijou girls named Ryouna into a literal giant that they had to fight. She gulped nervously when she saw Haruka pop open the bottle cork and held it up over her own head, ready to take a swig and get things started.

"Here, drink your share after I drink mine, the rest of the evening will feel like a wonderfully erotic dream we will share with my boyfriend, Mirai. Hehehe, I promise this will be the night you have been waiting for; to truly feel like a woman at this man's touch.~" Haruka said before chugging down a few ounces of its contents, making her body start glowing as though she was going through a Shinobi transformation.

!

Once she was done, she let out a tasty sigh and handed it to Mirai, making her grip it cautiously as she too, held it over her head ready to drink it.

"Mmmm, I'm still not sure about this, but if it'll help me feel like a proper woman then I will brave the unknown! Though this had better not turn me into a giant, Haruka-nee." Mirai warned nervously as she tilted the bottle downward directly above her head, letting some of its rainbow-colored contents spill down into her mouth like a bottle of Oolong tea.

She gulped it down and suddenly felt her body glow brightly the same way Haruka's did. The two of them felt a strange magical effect 'Connect' between them, making their bodies change in a flash of energy that lit up the immediate area!

Kiryu had to shield his eyes completely from the brightness of the transformation taking place. Once it was done he opened them up again and saw, to his utter surprise that the short loli-sized girl named 'Mirai' had suddenly grown into a full-bodied woman with curves, hips, thick breasts, and ass! She was looking like she aged into peak womanhood in a literal flash with a highly curvaceous full-figured body on par with Haruka's. She even had matching I-cup sized tits that pushed out of the shredded remains of her dress on top of it. Her face no longer looked like an adorable baby face with gleaming red eyes, instead, she looked like the ideal womanly version she always aspired to be. It made Kiryu's cock swell up with more stimulating arousal, making him want to lunge at the girl and ravish her completely on the spot.

"Kyaaaagh! I-t really worked! I actually changed into a real woman! Haruka-nee, your potion works wonders!" Mirai gushed happily, shaking around with excitement and making her breasts jiggle a lot to Kiryu's growing amusement. She wriggled her thick pair of hips left to right, blind to what Haruka had transformed into as she got up from the floor, looking completely changed.

"Oooooohh, hmm? It really did work, didn't it? I knew it'd be a success, but why....do I suddenly feel so much....smaller?" A small girly voice spoke out, causing both Mirai and Kiryu to look in Haruka's direction, pointing their heads down to see that the once busty full-bodied scientist had turned into what Mirai had been mere moments ago; a loli.

"H-Haruka-nee...! L-look at you! You've become....much smaller now." Mirai pointed as she and Kiryu stared slack-jawed at the sight of a loli-sized Haruka.

She was as tall as Mirai had been, with bodacious curves being non-existent and a nubile feminine body in the place of her more robust curvy one. She had no breasts and was standing up naked from within the pile of her clothing that fell off her body due to her small size. Kiryu didn't seem to mind her being a loli at least, if anything Loli-Haruka was still just as enchanting even as a younger version of herself. Part of him did worry how that he was attracted to her in a preteen flat-chested form, but ultimately he didn't care. He wanted her.

Haruka took a moment to examine herself, noticing that she had indeed changed into a more nubile frame whereas Mirai had blossomed into an hourglass-bodied lady in the blink of an eye. She was surprisingly calm about this and pontificated on her theory while the two of them looked in shock still, Kiryu's cock still remained as hard as a rock while looking at her.

"Hmmm, so it would seem that my potion switches around our measurements completely when we're close to each other. That'll be interesting data to add to my notes, but first...Mirai? How are you feeling right now?" Loli-Haruka asked slyly when seeing her now fully-grown friend gnash her thighs together as if she were feeling frisky with boundless arousal and lustfulness.

Mirai held onto her sides, making her tits swell even more while shaking around as if she had a certain itch she needed to scratch right away. It was obvious that the aphrodisiac effect was still functioning properly, making the extremely horny post-transformation.

"Like I really...really need it, Haruka-nee! Ooooooh....I need to make love to somebody or have something in me already!" Mirai cried, feeling more sensitive than she's ever been with her newly thickened body making her feel extremely horny on the spot.

Kiryu walked up behind the girl and embraced her from behind, spooning her backside and gently rubbing his thickened meat softly between the crack of her ass. Though there were still shreds of her outfit dangling here and there, he still got a full view of her plump heart-shaped butt to rub his cock on.

"That is where I come in. Come, Mirai-chan, let's go to Haruka's bed and give you the lifetime experience you've always wanted inside that plump new body of yours." Kiryu offered in a soothingly suave voice, making Mirai blush intensely as she was led over to the surface of Haruka's bed soon after.

'Hmmm, I do hope the effect is not permanent though. I miss the way my body was, although.....it doesn't seem like Kiryu-kun is opposed to ravishing a Loli. Fu fu fu, hentai.~' Loli-Haruka thought to herself as she watched her boyfriend lay Mirai down onto the bed.

He grabbed the torn remains of her gothic lolita dress and then ripped off the rest swiftly, leaving her wearing only her pink pinstripe-patterned panties. Mirai squealed out in surprise, her naked I-cup sized tits swiveled around gently with every sudden movement her body made, furthering Kiryu's beast-like arousal already.

"Ngh! So big...and plump. I cannot wait to play with these while I'm fucking you, but first things first; we need to take away that cherry, Mirai-chan. Don't worry, I promise I'll be gentle.~" Kiryu breathed out, sending shivers down Mirai's spine as he ran his hands down softly around her curvaceous body until he reached the hem of her panties next.

Mirai simply let him do what he wanted, anxious to feel his monolith of a cock plunging in and out of her body. No longer would she fear its length and enormous shape since she was now big enough to take it in, but he was still pretty big all things considered. Kiryu dug his thumbs into the sides of her waistband and pulled down her panties from off of her legs, revealing Mirai's dripping sex to his hunger-ridden eyes.

'Kyahh...that's all me down there! I feel so embarrassed!' Mirai thought, covering her face into her hands and peeking through them to see Kiryu pulling her panties off completely, eyeballing her juicy sex with a smile on his face.

After spreading her legs apart, he positioned his knees to place directly underneath each of Mirai's legs, lifting her body up so that he could guide his throbbing monster over to the cusp of her mound. He was ready to make her into a woman but was determined to go about it in the most gentle way possible. Loli-Haruka crept over to the side onto the bed, shedding off what remained of her clothing, leaving only her pink ribbon on around her head. She sat nakedly nearby and watched with an eager-looking smile as Mirai was about to have sex with her boyfriend right there on her bed.

The thought alone titillated Loli-Haruka enough to begin cupping the flat budding mounds she calls breasts, squeezing them as she watched the head of Kiryu's cock slowly dipping into the folds of Mirai's pussy, pushing itself inside one inch at a time like so.

\*Squelch!\*

"Gnnhh! Ooh yeah...Mirai-chan...nnggh! You're so...so tight!" Kiryu groaned as he pushed himself further into her twat, slowly embedding nearly half of his gargantuan cock inside of Mirai's juicy-looking pussy.

This was making the girl shoot out her legs into the air, shaking them as she felt the turbulent sensation of having her virginity taken by such a well-endowed man. Normally Shinobi train their bodies to be flexible and nimble in every way possible, Mirai was no exception, but was still feeling like a pure maiden after receiving his cock plunging gently all the way into her womb!

"Aaahhh! Ooohhh Kiryu-kun...nnggh!" She whimpered adorably until she felt the man sheathed himself all the way to hilt inside of her twat. She felt her cervix begin opening up slowly to the gently incessant prodding of the man's beef as he gingerly ground into her soft waist from above.

"Mmnggh!~ S-so...tight...don't worry. I'll go slow at first, let you get used to it. Heh, congratulations on becoming a woman, Mirai-chan.~" Kiryu chuckled, making the girl blush adorably as he began rolling his pelvis into her frame in a gentle back-and-forth throw of hips pushing against hips.

The bed starts slowly creaking to the movements, Mirai feels the intense sensation of Kiryu's massive cock gently bucking on her cervix with each passing thrust. He was gentle alright, he could've run right through into her womb if he wanted to, but he was being gentle for her sake and she was liking it a lot. Mirai pursed her lips and squeezed her eyes shut, bringing up her legs to wrap gently around the surface of the man's hips as he started bucking into her a little faster. She placed her hands directly over his shoulders, embracing him affectionately in basic missionary-style coitus as she started letting out soft moans of bliss.

"Ahh...aahh...ahh...ahh...aahh...ooaaahhh! K-Kiryu-Kun...!~" Mirai moaned, feeling the heavenly bliss of the man rutting into her in a steady rhythmic pattern, making her feet curdled with delight while Haruka watched from nearby as she fingered out her tight pussy like so.

The petite Loli-sized blonde had been cupping her breasts obsessively, fingering herself to the showing of Mirai's slick tight-looking sex gushing around the man's monster-sized cock while it cleaved into her so gently. It was obvious to her that Mirai wanted it to be a little rougher, judging by her lip-bitten smile on her face as she dug her fingers into the back of Kiryu's skull to get his attention.

"Kiryu-kun!...No more gentle approach, just ravage me, fuck me as hard as you like and be rough like you would with Haruka-san! I want it that way! Play with my ass too, please. I like a good spanking.~" Mirai demanded with confidence, making Kiryu smile as he ran one hand

onto her chest, fondling her right I-cup size boob into his eager little fingers. He used his other hand to grab hold of her left leg, picking it up as he began hammering himself into her body at an intensified rate!

"Heh, you got it, beautiful.~" He answered and began smashing his pelvis into Mirai's body, making the entirety of his cock plunge directly into her cervix, bypassing it and plunging straight into her womb to fuck like a wild animal.

Mirai's eyes went wide open and her mouth fell apart, silent moans were escaping her lips as she pushed her chest upwards into Kiryu's face, making each breast jiggle salaciously as they started rutting like animals.

"Aaaahhhh! Yess! Kiryu-kun.yes! Please....! Fuck me as hard as you like! It feels so wonderful!" She cried out, having her body rammed unto Kiryu's frame from below, making a rapturous chorus of clapping noises echo throughout the bedroom while Haruka simply dug both of her hands down between her legs, finger herself twofold to the sight of Mirai screaming out like crazy.

Their bodies bounced together in an endless exchange of man fucking woman nonstop, Kiryu was relentless in driving all twelve or so inches of his cock directly into Mirai's squishy sex. Her buttocks slapped together against his thick pair of balls, making even louder slapping noises come out while Mirai steadily approached her first climax in just a matter of minutes.

"Aaahh..aahh..ahh..ahh..ahh..ah..aahh! Kiryu-kun! I'm g-getting closer to c-cumming really soon! P-please, turn me around and fuck me on all fours. I want you to cum inside of me doggy style!" Mirai cried out again, feeling her insides squishing tightly around the man's length as he bottomed out of her a few more times before changing position.

"Ngh..! You got it." Kiryu grunted, feeling Mirai let go of her legs and allowing him to withdraw from her body momentarily in order to flip her up onto her hands and knees like she asked. As much as he wanted to squeeze and play with those gigantic breasts from the front, he wanted to spank the little girl's thick booty even more.

With one hard shove of his cock, he re-entered Mirai's pussy from behind, sheathing it all the way into the space of her womb with ease. From this angle, she was feeling even more pleasure than before and hung her head, moaning like a beached whale as Kiryu fucked her all over again. Her buttocks soon started slapping back against his waist, making her creamy cheeks jiggle voraciously while the man sawed out of her cunt with gusto.

"Mhmm..mhm..mhmm..mhm..mhm..mhm..aaghhhh!~ Ooohh, Mirai-chan, you've got such an amazing ass too. Let's see how rough you actually like it." He groaned to himself, ignoring the highly arousing sight of Loli-Haruka sucking off her own cum-stained fingers while watching him with an alluring gaze in her green eyes. She liked that he was relentless with Mirai's body, even if it was on-loan from her own curves, making him the perfect 'Specimen' in which to conduct her research on potions with.

Thoughts about introducing him to both Homura, Yomi, and Hikage came to her mind as she watched the man raise a hand up high directly over Mirai's bustling heart-shaped ass.

\*Spank!\*

Immediately, Mirai felt the sting of his right palm collide into her buttocks, sending both a shiver of stinging pain as well as titillating arousal.

"Ggyaaahh! Hnhh...! More! Please...!" She begged, making a goofy ahogao face as she looked back over her right shoulder at Kiryu bring his hand back down onto her ass again.

\*Spank!\*

"Aaahhh....!~"

\*Spank...! Spank! Spank,spank, spank!\*

"Ggyaagh...aaahh....oooohhh Kiryu-Kun! I'm... I'm.....coming!~" Mirai announced and felt her insides squelch, her cervix clenched tightly around the meaty surface of the man's dick after he had plunged directly all the way into the back of her womb like so.

Kiryu felt the squeeze and contractions of her body wringing the life out of his prick as he dug his fingers into the flesh of her pelvis. The suction became too much and he was feeling his balls bloat, ready to ejaculate a gallon-sized load of sperm directly into Mirai's waiting body without care for the consequences.

"Gggghh! Here I come! Take it all, Mirai-chan.....! Yaaagghh!" The man howled loudly as he threw his head back, feeling his shaft swell repeatedly as thick loads of heavily virile sperm made its way into Mirai's adult-sized body like so.

\*Spplt..spllt..spllt..spllt..spllt..spllt..spllt!\*

Thick streams of seed splashed into the girl's babymaker, filling it up in almost no time at all and likely sending out excess reserves of pearly cum directly through the insides of her uterus! Haruka suspected that it may have been a safe day for her, but also hoped the potion had a birth control effect involved. Either way, seeing Mirai's goofy-looking face stay intact post-coitus had been such a welcome highlight to her day. She watched as Kiryu came and came some more into her body, filling it to the point some of his seed leaked out on her bed in just a few seconds.

Eventually, he had finished up, leaving Mirai to collapse onto the bed, spent and oozing sperm from her gaping pussy when he left her body with erection still intact.

'He has such long-lasting durability too....! I had almost forgotten about that, heheheh. I guess it's a good thing my potion brings out the inner sex-obsessed maniac in everyone it touches.' Loli-Haruka thought to herself, snickering evilly as she ran a tongue across her lips with a smile.

Kiryu sat back onto his rear, slightly tired from unleashing a thick load he had just sent into Mirai's adult body. He watched as heavy loads of pearly ooze dripped from her gaping pussy, leading the girl with an ahegao smile across her face. He silently prayed that she wasn't dead or in a coma judging by how little she was moving. To his delight, he was still as hard as a rock, showing his loli-sized girlfriend the sight of him still being aroused right in front of him.

"Oooohh, it looks like you really wore her out, Kiryu-Kun. How naughty of you to seed Mirai-chan so much that she might actually become pregnant with your baby. Are you planning on doing that to me too by the way? It might be fun trying with this little body, hehehe.~" Loli-Haruka giggled, smiling coyly as she crawled over to Kiryu's body and placed herself on top of him with small dainty hands gently running themselves along the sides of his chest.

Seeing all that sperm dribbling out from the inside of Mirai's pussy was making Haruka feel very hot and bothered underneath her naked skin. She wriggled her little ass side-to-side and shook it around in circles, making sure Kiryu was seeing it from the front. She grabbed his hands and guided them down her soft nubile waist, allowing the man to feel the sweet ample surface of her lolified butt into his fingers as he reached the cusp of her pussy soon after. Kiryu touched it and felt a shiver come down his spine, there was nothing tighter to be felt as he spent a brief moment fingering Haruka's little cunny with his thumb, making her breathe hotly in steadily-rising euphoria right on the spot. Haruka knew that by letting him feel up her little body, she had created the intended effect of making the man wanting to ravage her even harder.

"Oh you sadistic little minx, even in Loli form you're still as promiscuous as ever, what with you seducing me with that little body. Don't blame me for what happens next. I intend to go hard on you and fuck you raw like an animal.~" He breathed out, sitting up after catching his second wind and grabbed onto Haruka's slender little waist.

He moved the tiny blonde off of his body and made her lie down onto the bed in front of him, it was the same way he had started off by taking Mirai's virginity earlier on. Haruka watched as he grabbed the hilt of his cock guided using his fingers, bringing it up to the space between her small thighs and watching her spread them apart in a perfect split with her hands.

Loli-Haruka welcomed this debauchery in its entirety, reaching down with her dainty little hands to spread open the folds of her sex for Kiryu's delight. Seeing her puffy pre-teen cunny become stretched out by her fingers, and showing him the depths of her little womb, made him become mad with lust. Loli-Haruka noticed that his dick was throbbing even more intensely from the show, making a dabble of precum begin dripping out from the bulbous head of his cock anew. Kiryu held his shaft in one hand and guided it down onto her petite little body, placing himself directly above her. He was ready to fuck her with all his might.

"Nngh! Alright...! You asked for it, Haruka-chan!" He growled and pushed the head of his cock down onto the juicy cusp of an insanely tight loli-sized slit in one go!

\*Squelch!

"Ah! Kyaaagghhh! K-Kiryu-Kun! It's really breaking me apart after all! Aaaahh....!~" Haruka cried out in pain, feeling her insides stretch entirely around the man's cock while it burrowed all the way into her soft squish womb, splitting her sex like it were a tight-fitting condom.

Her legs stuck out into the air, kicking about from above his sides with feet curling tightly together in euphoria. She came hard around his length, soaking his groin in her fluids while her feet wriggled about in response to the intense penetration.

Haruka kept her legs straightened out in a perfect split on reflex, she straightened them out to reduce the pain and make herself look as though she were a doll being bent apart. She writhed uncontrollably underneath his large frame, wrapping her tiny hands around the back of his neck as she slowly pulled herself up onto his lap, this deepened the penetration of his cock and made a thick protrusion appear from within her stomach. Haruka had a very pained expression written on her little face, but she was also smiling deliriously with pleasure as well. She was feeling her body getting picked up, Kiryu's hands had scooped up her little legs, hoisting her up into a waist-mounted position and feeling her insides curdle tightly around his cock as he got settled in.

"Hnggghhh! Ohhh yeah...ooohhh Haruka-chan! It feels really good pushing inside of your pussy right now. Maybe you should stay in Loli form to help make the sex feel even better, eh?" Kiryu chuckled as he started bucking into her at a diligently faster pace, making her body hop and twitch to evert invading thrust of his meat.

His balls started slapping against the inner space of her thighs and ass, 'Spanking' Haruka constantly once he really got started on fucking her raw. She kept her little nubile legs sticking out from his sides like a gymnast. Shinobi girls were naturally trained to be as flexible as possible by having their bodies honed to imperfection, making them able to handle every physical task possible when required for combat.

"Aaahhhh! Oooohhh.... Kiryu-Kun! Yes! Ravish me...fuck me to your heart's delight, you perverted lolicon!~" Haruka cried out joyously as she was filled to the core with the man's dick, feeling nothing but intense sexual ecstasy as he bottomed out of her without mercy.

For Haruka though, feeling her insides splitting open to her boyfriend's mast was a sensation that made her see the light of Heaven itself above. Her eyes drifted upward, her head was rolling back as she felt the man's cock push all the way into the back of her tiny womb, wearing her like a living condom. She desperately dug her fingers into his broad biceps to hang onto him, which came in handy since Kiryu began bucking into her body even faster with his pelvis slamming into her little one. He was fucking her voraciously with his balls slapping into Haruka's ass from below! She started bouncing up and down on him repeatedly, feeling her insides squeeze and squelch tightly around his length over and over again as he fucked her raw.

"Aaahhh...aahh...ahh...aahh...aaahhh! Oooohhhh Kiryu-kun! More! Ravage me more!~" She giggled insanely as she felt him begin pummeling his cock into her snatch. Her insides gushed and tightened around him considerably, all twelve inches of his length drilled into her quim in a series of hard-hitting slaps of bodily skin.

"Uh..uh..uh..uh..uh..uh.ahh! Nhh! Haruka-chan!~" Kiryu growled through his clenched teeth, savoring the tight squishy vice of her little pussy wringing his cock in a tireless back and forth.

He threw himself upwards, meeting her little body in a consistent waist-to-waist collision of sexes while standing up on his kneecaps. The sensation of her sex coiling around his cock was so sublime that he had nearly come already, but he held out and kept the little Haruka in his hands, pulling her down onto his waist repeatedly like animals fucking each other in estrous on the bed.

"Mmh...mmhmm..mmf..mmf...mmf..mmf..mff! Ooohhh Haruka-chan! Uuunnng! S-so good! It feels so good! I think I'm going to want to fuck you like this more often from now on!" He howled, hearing her giggle playfully before flicking his nose and smiling lasciviously at him.

"You naughty boy, if that's the case then maybe you should pay some more attention to Mirai from now on. These effects might only be temporary, you know, and I'm not sure I can re-create the exact formula either. I'll be happy enough if you can keep that little ninja satisfied with your mighty body-splitting dick. It's certainly doing wonders for me in this form after all. Mmm...! Harder...!~" She suddenly howled at the end of her sentence rolling her short loli-sized body rapidly along his waist, while doing so.

Together they continued going at it with Kiryu's cock pounding the very surface of Haruka's loli-sized womb, squeezing her butt cheeks in the process. To him, there was nothing like ramming his cock into her pre-teen sex raw. It was a sensation unlike anything he has ever felt before and he couldn't get enough of it. Likewise, Haruka was succumbing to yet another orgasm mid-sex, squeezing her cervix as tightly around his cock as she possibly can, wriggling her feet while she embraces yet another mind-blowing orgasm!

"Aaaaaahhhhh!~" She threw her head back, moaning deliriously with a dizzy-looking smile on her face.

Her little body shuddered explosively around his dick, making Kiryu succumb to one more intense climax as he gripped her buttocks into his hands and drew back his hips for a final throw of his waist. He drove everything back inside of Haruka's tight little pussy when he came harder than ever!

"Hhhhhhh! I'm cumming, Haruka-chan! Take my seed...! Take all of it!~" He cried out, clenching his teeth when feeling his balls swelling like a pair of over-inflated balloons. Loli-Haruka let out a gasp of elation when she felt the thick blobs of his sperm come flowing into the depths of her premature little pussy.

\*Spllt..spllt..spllt..spllt..spllt..spltt!\*

Kiryu was filling it up while a barely conscious Mirai opened up her eyes to watch the entire performance. Apart from being very arousing and stimulating to her adult-sized body, she thought about how it might feel doing that in her original form, no longer fearing the pain since Haruka could apparently handle it just fine.

"Hhhhhhh! Kiryu-kun...! Aahh...aahh...! Uungnhh..!" Haruka let out, giggling deliriously at the end as she let her tongue spill out of her mouth. Her eyes drifted back into her sockets while her cunt started overflowing from being pumped with virile seed.

She felt it in the depths of her womb, each and every thick rope of sperm poured into her stuffed womanhood and created a swollen stomach. It was almost the size of a beach ball itself, making her look pregnant and further exciting Kiryu's perversions as he finished cumming at long last. He delivered a few more heavy blasts of seed into her little body, leaving her to hang onto his shoulders and waist until they started to fall back onto the bed naked in each other's hands. Both of them were sweaty and breathing hard in the afterglow of sex, eventually leading to them passing out together in post-coital bliss.

'Hmm, Loli-sized Haruka-nee really did handle it better in that small form I had. Maybe...it won't be so bad being my normal self after all. I do kinda wish I get to keep this body though, hehehe.~' Mirai thought before she drifted peacefully into slumber.

Eventually, the girl woke up first after what felt like an hour-long nap in Haruka's bed, she awoke to find that she had indeed returned to her original bodily proportions. She was petite, loli-sized, and back to 'Normal' with Haruka having become filled out in shape once again. Only this time, it didn't bother her like before. She was glad to have had sex and lose her innocence in the form of fucking Kiryu as a well-stacked woman with curves.

'Ah, oh well. I guess it can't be helped, still though...!' She trailed off and looked in the man's direction, seeing his cock remain semi-hard and still appear as massive as before despite being spent from sex. '...I'm not satisfied just yet.~'

She wound up licking her lips with a perverse smile and crawled over to him, feeling frisky and daring enough to mount the man even while he slept. He was special to her since he was her first. Mirai crawled up to straddle Kiryu's hips, gently running her dainty hands along his waist and thighs before pulling herself up onto to straddle him completely. She carefully directed her gaping snatch above his large pulsating cock, eager to have more sperm pumped inside of her little body this time around as her original self.

"Round two, Kiryu-kun. Hee hee.~" Mirai ran her tongue across her lips and slowly slumped herself down onto his length, gripping it from underneath her ass in order to get that beefy monster back inside of her body.

\*Squelch!\*

"Ggyyaaagh.....! Yesss.....! Ohhh Kami yes!~" She cried out in ecstasy, feeling the mans' cock plunging straight through her tender squishy cervix and making its way into her womb like so. It was a bit of a struggle to get it inside of her tight little cunny, but she managed to sit herself down onto his legs completely, feeling Kiryu's cock fully sheathed inside of her pussy.

Mirai tried keeping her moans quiet as she placed her hands down onto his chest, steadying herself as she began riding him slowly in a cowgirl-style position. Her lithe little body started rolling itself back and forth, fucking him while he continued to sleep, making a series of repetitive skin-slapping sounds fill up the room once again.

"Ahh...ah...ah...h...ahh...ahh...ahh...ahh!~ Kiryu-kun!~ I love this feeling....! I want it every day!~" Mirai gushed happily, bouncing up and down on him while the door to Haruka's bedroom creaked open without her knowing.

From outside, in peeked the gobsmacked face of a very surprised-looking Homura, staring at the sight of Mirai riding a naked well-hung man with a smile on her face. The tan-skinned tomboy had been watching them from the start from outside Haruka's bedroom door after following them. She wondered who the man was and why her friend wanted him to come to this room. When seeing his thick pillar of a cock come out and witness the bizarre sight of Haruka and Mirai exchanging proportions, she stayed glued to the scene out of interest and started stroking herself through her skirt, watching the romp continue for an untold amount of time.

She couldn't get enough of it and now she fingered her sex again to the sight of Mirai fucking herself wildly atop the sleeping man's waist without a care in the world.

'Mmhmm! I-I got to get in on this!' Homura thought, seeing Mirai inevitably scream in ecstasy as she came.
