

Luffy's Life with Monster Boys

A yaoi parody based on Monster Musume: Living with Monster Girls. A new anime I've checked out and really like. Luffy is asked by Shaky to look after a variety of monsters, and Luffy is like catnip to these monsters sadly even if their feelings are mutual it is against the law for a human to hurt a monster and vice versa and taking the virginity is the same as hurting them.

Chap 1 Law the Lamia

Luffy's alarm went off, and the boy groaned as he managed to reach over and turn it off. He wasn't alone in bed though, he learned that very quickly as his movements caused his bed partner to move. His legs were quickly bound and coiled by a long snake like tail. "Hmm Law you snuck into my bed again." Black snake coils were coiling around his muscled form.

"I couldn't get up by myself, we Lamia's are cold blooded you know." Trafalgar Law the Lamia, he was a male snake being, his lower half was a snake and he was long, but his

upper half was human, smooth rock hard pecs and abs. His ears were pointy and covered in skin similar to his lower half. Law smiled and cuddled up to Luffy more, pressing his naked body against Luffy's semi clothed one. "Hmm Luffy-ya is so warm." He purred.

"I'll warm you up a bath, but it's time to get up." He tried to get up, but was quickly hauled back down and the rest of his body was coiled up by Law's lower body.

"I prefer Luffy-ya, I'll get up in 5 more degrees." Luffy groaned as the lamia tightened around him, he was lucky he was so tough or Law might crush him to death. "Luffy-ya." He purred already drifting back to sleep.

"Darn it you already fell back asleep, come on Law breakfast time!" Luffy's hand reached out from the coils seeking for some kind of way of getting out. The tip of Law's tail got close to his hand and Luffy grabbed it.

"Ahh not so rough Luffy-ya!" he moaned, his cheeks burned in a blush and his body trembled.

'Is his tail his weakness?' he thought and he began caressing the tip, his thumb rubbing the it hard.

"Ohhhhh," he moaned and his body shifted.

‘Come on Law get up.’ Oh he was getting up alright, one part of him anyway. Luffy started pumping his tail stroking what he could to the tip, even throwing in a twist here and there.

Law clung to Luffy and pulled his head into his chest. “Ohh Luffy-ya ahh!” he moaned and was drooling.

Luffy felt it a little too late as he felt Law’s manhood twitch along the rest of his body as Luffy gave his tail a squeeze. “I-I-I’m cumming!” semen fired from Law’s penis coating them both in white. Law collapsed and Luffy escaped his hold.

He looked at his house guest who was trembling in orgasmic bliss. Luffy sighed as he looked down at his own bulging erection. He walked it off and went to the bathroom to get Law’s bath ready.

-x-

Luffy lived with his big brother Ace, but said big brother was travelling over seas for work. His home got remodeled for Law’s convenience his long snake tail required a lot of room. Bedrooms were added and

expanded, the living room and kitchen were expanded as was the bathroom.

He did ask how Law used the bathroom. Law explained it that he did have an asshole but his kind doesn't actually use it like humans do it was more for sex. A monster's body digests all food down to a liquid state to absorb the most nutrients making them extra strong compared to a human.

The bath was ready and Law slithered in. "Ahh Luffy-ya you were so bold today." He was licking off his essence and Luffy blushed.

"Well I'll let you wash up, I'll start breakfast." He didn't get far as Law grabbed him with his tail and hauled him in the bath. Luffy's shirt went flying and Law cuddled him in the warm water. "Waaahhh Law you have a nice hot bath to warm you up."

"I prefer Luffy-ya." He hugged him close, rubbing his cheek against the human. He used his tail and yanked down Luffy's boxers freeing his manhood. "Hmm, Luffy-ya is so big." He licked his lips as he eyed his huge man meat, even among monsters Luffy was hung. "We should

have some fun after all I came here to experience new things.”

Law wanted to taste, but a sudden burst of cold water stopped the horny snake man. “Wahh cold!” he cried and Luffy escaped.

“Take your bath Law, I’m gonna cook breakfast.” The snake man pouted as Luffy left the bathroom. Luffy stared down at his angry twitching cock. In truth Luffy liked Law a lot, and the feeling was very mutual. Law wanted Luffy, he loved him but in order for them to stay together Luffy had to keep him at arms length.

-x-

Law had read all about the human world, he’s read stories and things and when he got proved for the exchange program he was so happy. Strange enough Luffy wasn’t even meant to be Law’s host family, but for the snake man it was like love at first sight. Luffy was so nice and caring, he never complained even taking on this huge task.

He sighed as he relaxed in the warm water. “Luffy-ya,” he let out with a smile. Luffy took him in with a big smile a

warm hug and a touch that made him crave more. He wanted Luffy to be his first, he knew Luffy wanted him to he could smell the boy's arousal from time to time.

-X-

Luffy was cooking breakfast with the TV on, there was a big news spread on Red Fur Shanks a nekomata and his band of sexy monster boys. They were top of the charts, and their rise to fame can be attributed to the law passed 3 years ago. The Interspecies Exchange Bill, said bill was what allowed Law to live with Luffy in the first place.

Luffy set the table and it was here when Shaky came in. Since she remodeled his place she got a key to his home. "Ahh Shaky-san what are you doing here?"

"Ohh you know as your Interspecies Exchange Coordinator I am here to check up on you." She gave him a warm smile. "May I have breakfast as well?" she asked but it wasn't a question as Luffy quickly began preparing a plate for her. "As you may have guessed I am here to make sure you aren't engaging in any prohibited activities."

Luffy tensed up. “In accordance with the law, anyone who injures or harms a monster who is here on cultural exchange will be punished severely. You Monkey D. Luffy-chan are still new to the law.”

“I got the gist of it, I have no intention of hurting Law.”
He sat the plate down for her.

“I got that Law has reported he likes it here and how kind you are to him, I know I brought him to you by mistake but he’s so happy he doesn’t want to leave.” She digs into some of the eggs he made for her. “But you need to study the law more carefully not just for your sake but Law’s as well.” She finished her coffee and Luffy got her another cup.

“Like I said I am not gonna hurt Law.” Suddenly Shaky is behind him.

“Taking his virginity is also considered harming.” Again Luffy tenses. “Same for him taking your virginity as well.”

“I’d never...” Luffy gasped but his blush said otherwise.

“You have genitals and a fine ass it’s entirely possible. You could if you wanted to.” As Shaky talks about Law cut to a scene of him in the bath.

“Has he ever approached you, Lamia’s are quite passionate.”

Law was using his tail to tease his hole as his right hand pumps his aching shaft and his left hand pinches one of his nipples. Things were getting hotter in the bathroom as Law moaned Luffy’s name.

“However despite yours and his feelings taking his innocence would be a diplomatic issue. You would be arrested and Law would be deported.”

“Ohh Luffy-ya Luffy-ya Luffy-yaaaaaaa!” his back arched and he came spraying his load all over his face chest and abs.

“I know it’s sad but that’s the law. So did you have sex?”

“No we didn’t!”

“But surely you’ve thought about it.”

Law washed off his semen and got out of the tub and began drying off his long tail.

“His lower body may be that of a snake, but his penis is very much human though it hides inside a sheath.”

Law dried his hair and began drying the rest of his upper body.

“He’s got a nice body, strong arms smooth pits, fine pecs with perky nipples nice abs and that rugged face. He’s both hot and sexy.”

Law fixed his hair in the mirror, once he got it just right he smiled. He put on his favorite hat and put on one of Luffy’s shirts, the thing was huge both on him and Luffy but for Law it was perfect cause it cascaded down over his hips a bit. Funny story behind it he really liked the shirt so tried to order 6 of them but instead they sent him one 6xl shirt, he kept it anyway.

“Above all else he’s madly in love with you. Another thing to worry about is he may jump you could you really take him?” She pinned Luffy to the wall. Now in all honesty Luffy was tough but Shaky used to go toe to toe with his grandfather it was any wonder she was made such a high rank official when dealing with monsters.

A snake tail shot out and grabbed Luffy by the neck. He was hauled away from Shaky and brought quickly to

Law. "Shakky-san what are you doing to Luffy!?" he snapped. "You'll pay if you even lay a finger on him."

"Ahh there's that possessive lamia spirit. Relax I know Luffy-kun is gay even if I wanted him he wouldn't want me." She says smiling. "I was just joking." She finished the breakfast and headed for the door. "Luffy-kun please refrain from any prohibited activities."

She left but Law still kept Luffy in his coils kinda like a make shift nest. "Law if you don't eat your body temperature might drop." Law hugged Luffy from behind.

"Is prohibited activities really so bad?" Luffy blinked at him. "When I first came here I was so worried. Since Lamia's are snake like most people hate us on first glance even among monsters we are feared and hated." He clung to Luffy. "I thought you were gonna hate me, but you accepted me with a smile. You gave me your shirt and got blankets for me to keep warm. You made me so happy!"

Luffy sighed. "I don't think your scary, your just like me only with really long legs." Law chuckled. "You don't

need to worry so much I've seen your species on the news, give it time people will warm up to you."

'Not everyone is like you Luffy-ya!' Law thought but still smiled.

Law made his move and let his coils bind Luffy from his ankles to his chest and pinned him to the ground. "I don't care what is prohibited, or what you do to me. If we break the law we can run away together and be together forever." He shifted his coils and brought his crotch to his. "You can hurt me, you can fuck me, you can make me yours, because I love you!"

Luffy blushed, but escaped his coils and moved away from his crotch. "I'm sorry, but I love you to and that's why we can't do this."

"Why!?! Is the law so damn important to you?" he frowned.

"That's not it, I don't want to lose you and we wouldn't be happy always looking over our shoulders." He pulled Law down and gave him a kiss.

Law's feelings swam, unfortunately Luffy was right about not eating and he passed out. "Law!"

The rest of the morning was spent with Luffy spoon feeding the Lamia.

Chap 2 The Date

Law was so excited, being in his homeland he'd always read about things in the human land, stuff like karaoke and machines that gave you toys, bath houses with mixed baths. Still Law was happy hanging out with his Luffy while he learned the interspecies exchange law.

To be fair he had fallen for Luffy quickly and he'd been trying to seduce the boy into bed with him. He wanted Luffy and even his rejections were kind and made the lamia love him more. So when Shaky said they were going to get to go on an actual date he was very excited. He put on his favorite hat and the gift shirt he got from Luffy and put on his special underwear.

He came out and Shaky was explaining the details.

“Now the terms of your date...ahem...I mean your controlled outing is this, you may tour the city as much as you want, but non-humans like Law-chan must always stay near their host family meaning you Luffy. Have fun and Luffy-kun no Love Hotels!” she had a glint in her eye.

“I wasn't even planning to take him there!” he shouted and the two were off on their date. Shaky was nice and gave him some extra spending money for their outing at least. Law was so excited, their first stop was a local arcade. They played some games, and had some popcorn. The few activity games that were there they got some tickets Law was amazing at Whack a mole. He got a bunch of tickets and got a special prize Luffy wanted. It was a simple thing just a straw hat, but Luffy had his eye on it.

“You’re getting this for me? Really?” he said excited. Law nodded.

“Yeah I think it suits you.” He put the hat on the boy’s head. “But why would you want something so simple?”

“Cause it’s just like Shanks’ hat!” he pointed up at the tv which was playing a live feed from the Red Fur Concert. “He’s super cool.”

Law twitched in jealousy, but Luffy turned to look at him and smiled. “Thanks Law, you’re the best!” he gave him a big hug and all jealousy melted away.

They tried a few more games till Law spotted a crane machine. He saw a little snake plushy that he really wanted. As it happened Law was very good at the crane machine but not getting the one he wanted most. He got a pink lion plushy, a weird white dog with a long yellow nose, a little orange fox, a white wolf plushy, a blue bird with long ears and was topped with black hair, then he got something that looked like a fusion of a polar bear and a dog, last one he got was this big plushy ship that had a goat head tip, Luffy really liked that one. “One

more time!” he tried to grab the snake only to have it drop so close to the goal.

Law sighed in defeat as he handed Luffy the plushy of the ship to put in the bag. Luffy chuckled and stepped up to the crane machine. He moved it and got the snake on the first try. “Here you go.”

“Luffy-ya!” he hugged his plushy with joy. They put all the plushies in the bag and left the arcade. They went to the market street (it was the most active area so many shops cafes restaurants bars and food stands put a roof on it it would be the biggest mall ever.) “I’m having so much fun, I’m glad I came to the human world.” They picked up some cotton candy. It was so sweet, Law never had anything like it.

“I’m glad you came here to.” They walked around a bit, sadly karaoke wasn’t possible since the private rooms were too small. Luffy took Law to a book store and he picked up some interesting books, and Luffy picked up some manga. They passed by a photo booth and took some pictures together.

Next stop was an ice cream stand Luffy got a bunch of scoops of different flavors Law went with chocolate vanilla swirl. “Aww I really wanted to try karaoke.”

“Well some shops haven’t converted yet.” They passed by a shop with a sign “Merchandise for Non Humans available.”

“Let’s go in here Luffy-ya!” Luffy didn’t even have time to agree as he was grabbed by Law’s tail and hauled into the store.

“A-a-a-a lingerie store!!!” the boy gasped. Law dragged him over to the counter.

“Do you have anything for Lamias?” he asked.

“Yes we do right over here.” The clerk led them around.

“I’ll wait outside.” Luffy managed to get out of Law’s grip.

“Nonsense we have to be together at all times.” Law grabbed him and hauled him back.

Luffy was blushing. The store was mixed of male and female underwear but it was clear these were sexy pieces male g-strings sexy panties ect. There were these weird things that were like bras for monsters, since

showing nipples were considered erotic. These little pads were different colors to match skin tone and they were sticky on one side. They went over one's nipples and made it look like they had smooth nipples pecs. 'So that's how they censor nipples on tv.'

"I don't normally wear these things but since we are getting to go outdoors more I'll probably need some, but they make my nipples so sensitive." Law said blushing and brought Luffy's hand under his shirt to feel one of his perky buds.

Law shivered at the touch, though it only lasted so long. Luffy pulled his hand back blushing. "Well I'll try these on let's go." He grabbed Luffy and dragged him into the changing room and removed his shirt.

"Law you don't need me in here."

"We have to be together at all times." He says with a smirk, that's his favorite part. "You can change with me to." His tail undid Luffy's pants and dropped them leaving him in his boxers.

"Gahhh Law stop that." His blush grew as Law held out what appeared to be a g-string if you could even call it

underwear, the lower part was black that would hold the balls but the cock would rest up against these red strings that would show off everything!

“Luffy-ya would look so sexy in this.” Using his speed he removed Luffy’s boxers and put the g-string on him Luffy’s huge cock was exposed by the red strings. Law licked his lips and gave him a thumbs up.

“This isn’t even underwear!” Luffy snapped and escaped out of the changing room. “Huh?” he looked down, yes he was still in the g-string but he was holding something strange in his hand it was square and sticky on one side and the outside seemed to match Law’s scales.

“Luffy-ya I’m sorry for dragging you into the changing room but could you give me back my underwear?” he says blushing, it was a bit drafty without them. Law snatched them out of Luffy’s hand.

“Oh so you do wear underwear.”

“Baka!” he smacked Luffy with his tail and sent him flying out of the shop. Of course now that Luffy took the g-string out of the store he had to buy them. “Jeez Luffy-ya only perverts play with another guy’s underwear.”

“Your one to talk, this g-string barely counts as underwear! Heck I didn’t know what they were.”

“Hehe to be honest I don’t wear anything at the house and would prefer you do the same.” He gave Luffy a smirk.

“No you’d jump me for sure, you need to have a bit more control Law.”

Law slithered in front of him. “I can’t help it, you won’t touch me at all even though I love you so much.” He raised the shirt up higher almost revealing where his crotch would be.

Luffy was so distracted. “You need to be careful!” he scolded. Law continued to smirk and hugged Luffy close. The two failed to notice some strange people walking down the street.

“Whoa what is that disgusting thing!?” the two froze at the words and Law turned his head and saw a man with snot dribbling out of his nose. He was with a woman and both were dressed in expensive clothes.

“I don’t know but it’s so gross and look how he clings to that boy.”

“So disgusting acting all lovey dovey, I think I heard it say Luffy-ya is that a pet name!” the two started laughing and pointing at Law. Law immediately backed away from Luffy feeling his anger rise. His tail began to shake letting out a noise like a rattlesnake.

“Talk about gross!” Luffy saw his anger as they two continued to mock him. Law whipped his tail out and Luffy dove in the way taking the hit, the force was strong leaving a cut under his eye.

“Luffy-ya?” his love got knocked to the ground and he went over to him. “Why did you do that?”

The two turned from laughter into fear and began screaming and raving. They continued to shout more horrible words that would be censored or not spoken at all in polite company.

“Law remember...humans can't hurt monsters but monsters can't hurt humans either. I don't want you to get deported because of idiots like them.”

Their fuss began to draw a crowd and people began taking pictures with their phones. “Hey don't take his

picture without permission.” No one listened and Law hid behind Luffy.

“Luffy-ya can we go somewhere more private.”

“Right this way!” he grabbed Law’s hand and they ran for it. They ducked down alleys and ended up at a love hotel of all things. “Crap this is bad.”

“Where did they go someone find them!?”

They had no choice and went in. Law was getting warmed up in a bath while Luffy sat on the bed. ‘Least the place is clean, we’ll wait here till the coast is clear.’ He remembered the way Law looked when they were insulting him, he looked both angry and scared with a deep sad look in his eyes. He looked like he was trying to fight back tears.

Law came out from the bath and looked so refreshed and relaxed now. ‘He looks better like that.’

He blushed as Law removed his robe exposing his perky nipples. “The bath isn’t as big as yours at home but it was nice.” He crawled into bed and began going through the drawers. “What’s this place for anyway?”

Luffy blushed and tensed up. “No idea!” he says and looks away. ‘Law is so sexy.’

“Hey Luffy-ya what’s this?” he turned his head and saw Law was holding a condom a Gum Gum Maximum. The boy’s jaw dropped. Of course a non human wouldn’t know about condoms as reproduction for them was an honor and done without concern.

“It’s nothing just put it back.” He did so and draped himself over Luffy’s shoulders.

“So it seems we are aren’t completely welcome yet.” He says softly.

“Don’t let those idiots get to you Law.”

“But people are only nice to us because of the law. Are you only nice to me because of it?” he pulled back. “Look at me Luffy-ya am I really that scary?” He lay back exposing himself completely.

“No I like Law a lot.”

“Then touch me, I’m not scary. I wouldn’t do anything even if you hurt me.” His tail curled up around him.

“Law I lov...” BOOOOOOOM

The door to the room got blown up as Shakky and several soldiers entered the room. "Don't move!" they aimed weapons at Luffy and Law. "We're with the Interspecies Exchange Security Squad. We received word a human dragged a lamia here..." Shakky blinked and smiled. "Luffy-kun."

Things were explained and Shakky revealed that they followed twitter and someone on there reported they saw them come in.

They got their stuff and headed out. Of course they ran into those idiots from before. "Oh that snake monster is coming out of the love hotel!" he pointed and laughed.

"So gross." His sister laughed at Law. They found out Law couldn't hurt them so that made them bolder in their insults.

"You there stop that!" Shakky snapped.

"That thing can screw? Does it even have a penis or a asshole?" the two erupted into fits of laughter and Law began shaking with furry his tail rattling again.

"Law-ku..." Shakky didn't even need to stay it as Luffy walked over and punched the bastard right in the nose.

He sent him flying into his sister and they both got sent rocketing through the glass doors.

“Oops did I hit you to hard my bad.” He says.

-x-

Shakky escorted them home. Luffy was fine of course.

“Just checking how did you get that cut under your eye?”

“Oh I stabbed my cheek with a knife to show how manly I was.”

“Ahh that’s fine then.” She adjusted her glasses. “Now then about those two, we had a nice long chat and we settled out of court.”

“I don’t care those jerks deserved it insulting Law like that.” Shakky smiled, and gave him a thumbs up before leaving.

Law was waiting outside the room. “Luffy-ya, why did you do that?”

“I want to protect Law, it’s not a true lie if you are protecting someone’s life.”

“No I mean back there, you punched that guy you could have been in serious trouble.”

“Oh that he was insulting you and if I hit him it was just a fight. Now you get to keep staying with me.”

“Luffy-ya!” he tackled Luffy to the ground. “You really do think of me as a man. Can we pick up where we left off?” he raised Luffy’s shirt and let his tongue flick one of Luffy’s nips.

“Gah we just avoided you getting deported.” Law ignored and latched onto his nipple and began sucking.

“Ahhhhhh!” off went his shirt his pants and he was left in his g-string. It really did look so good on him. His massive 10 inch cock was pushing at the red strings, it was so hot Law wanted to suck on it.

Law’s own 7 inch penis slipped from his sheath. ‘Huh where did I leave my underwear?’ he shrugged it off he had a naked Luffy to play with. “I’m ready for my first time Luffy-ya!” he moaned.

“Wait Law, we can’t go all the way but I think your right I need to show how I love you.” Luffy grabbed his tail making Law tense up. The boy stroked his tip, giving it a pleasurable twist.

“Ohh ahh Luffy-yaaaaaa!” his hips bucked up and his cock began to leak. Luffy brought his other arm around Law supporting him as he descended upon his cock.

“Ahhhaaaa mhhhhmm” moans filled the room as his sensitive spots were touched. Law was drooling as Luffy bobbed up and down on his cock giving his tail tip a stroke in time.

Lu-ffy-yaaaa gonna cuuuuum!” he howled his ears twitching and his body shaking. Luffy didn’t stop he doubled his efforts, he hollowed his cheeks and gave long sucks and let his tongue flick over the tip. He let his finger rubbed the tip and Law lost it. He came hard shooting his load into Luffy’s mouth.

He milked him completely not stopping till every drop was drunk up. Law went slack in orgasmic bliss and his penis slowly sank back into his sheath. Luffy placed a kiss on his sheath and got up trying to find his clothes.

“By the way Luffy-kun when is dinner?” Luffy whipped his head back to the door. Shaky hadn’t been there before.

“What are you doing here Shakky-san?” he looked at Law who was still coming down from his high. “Did you see anything?”

“See anything nope not a thing I just came back because I was so hungry.”

“Ahh good I’ll get cooking right away.” He put on an apron and got to cooking, he made curry.

Law finally came to. He was a bit miffed Shakky was here but soon got embarrassed when she returned his underwear.

It was a tiny loophole but so long as Luffy didn’t take Law’s virginity there was no rule against heavy petting. Still the law was building towards the future there may come a day the two could be together.

Luffy's Life With Monster Boys

Chap 3 Wiper the Harpy

Law was in full swing of joy as they did laundry. "You sure are in a good mood Law." Luffy hangs up one of his shirts, the lamia smiled.

"Of course I am Luffy-ya!" he says and cups his cheek, a blush forming on his face. He thinks back at what happened the other day. Not only did Luffy defend him, looking cool while doing it, but they did things, pleasurable naughty things. True they hadn't gone all the way, but it was a start.

After the incident Law was riding on the high. 'Well at least Law is happy.' Luffy smiled and folded a pair of blue shorts. Law hummed to himself as he slithered inside. He planned to start a new load of laundry. He picked up a few of Luffy's clothes from yesterday. He soon spotted the sexy garment his beloved was wearing yesterday. 'Luffy-ya's cock was rubbing against this.' he brought the silk garment to his nose and took a big whiff. His body shivered as pleasure coursed through his veins.

“Law what are you doing?” Luffy peeked into his room and saw Law getting lost in his scent.

Law just grinned. “Next time I swear I’ll pleasure you to Luffy-ya.” Luffy blushed.

“Um yeah.” his blush faded and he gave a big grin. “Put those in the wash okay.” Law almost pouted.

“Okay.” he took one last whiff before plopping them in the basket.

Unknown to the two there was a monster watching from a nearby tree. He deemed it safe when Luffy came outside alone. A tan skinned boy with huge white wings swooped down and grabbed Luffy with his feet like talons. “Whoa!!!” Luffy was taken away.

“Luf-” Law went back outside and his eyes widened. “fy-ya?” His sharp eyes spotted a young looking boy, his hair in a braid, his arms were morphed into huge white wings. He was clad in only a grass skirt, and though he looked young he was fit. He looked back for just a moment to glare at the snake man and took off flying far into the distance leaving only feathers behind.

-X-

Luffy was brought to the park, lots of people were about enjoying the summer day. He groaned as he sat up. He gathered his surroundings and found himself to be in a tree. "What the heck?"

"Good you are awake." the tan boy got close to Luffy, he stood on the branch with ease. Luffy blinked, the kid had arms, normal human arms, and his wings were small and cute resting on his back.

"Who are you?"

"I'm Wiper, Wiper the Harpy Boy." he smiled at Luffy.

"Okay why do you have arms now?" Wiper blushed and looked down.

"Wiper hasn't had the change yet, I still don't have my adult wings so must fuse arms with wings to take flight."

"I see, why did you kidnap me and bring me here?"

Wiper tilted his head to the side.

"Kidnap? You aren't a kid."

“No I mean...” Crack! The tree branch snapped and Luffy fell. The boy was fast and quickly landed gracefully. Wiper watched him happily.

“Wow you are good.”

“Well I’m used to climbing trees.” he rubbed the back of his head sheepishly, and noticed his hat was gone. “Hey my hat!” Wiper got it and glided down. He landed right on Luffy. “Um thanks.”

He put the hat on and grinned. “So why did you snatch me and where is your host family?” Wiper tilted his head again. “It’s illegal for you to be out on your own.”

Wiper smiled. “That’s why I brought you along.” Luffy gasped.

“But I’m not your host family!” Wiper looked away from Luffy and spotted an ice cream truck.

“Food! Let’s go get some.” he grabbed Luffy and started dragging him over to the ice cream truck. Luffy was a little hungry so he went along. He remembered something about Harpies in the manual Shaky gave him.

Harpies are mostly female but once every 100 births comes a male harpy. They are stronger than most harpies, and have fewer bird like traits. He read that female harpies have this nasty habit of forgetting things after 3 steps like a baby chick, but Wiper's a boy harpy. He may not have been a bird brain but it seems he didn't like dealing with complicated thoughts. Luffy could relate to that.

Thankfully Wiper kidnapped him with his wallet and he was able to buy Wiper a large vanilla cone while he got a popsicle. "Now that I think about it, that law thing said I wasn't supposed to go out alone, but it's hard to remember that rule." they sat on one of the park benches. Wiper licked his lips ready to dig into his ice cream. "So when the coordinator wasn't looking I flew away."

"That's bad." Luffy tried to scold.

"It's okay I've flown off lots of times on my own, and they never got mad. I just want to explore, is that really so bad?" Luffy couldn't help it, he grinned.

He ruffled Wiper's hair, "Nah it's not that bad."

“They did say the next time they were gonna deport me. What does deport mean?”

“Baka that means they are gonna send you home.” Wiper stared at him for a moment.

“Then I’ll just fly back, now for ice cream.” He tried to eat his ice cream a little too enthusiastically, it fell off his cone and splattered on the ground. “My ice cream.”

“Here you can have mine.” he offered Wiper the popsicle, but instead of taking it he began sucking on it. Luffy blushed as Wiper slurped and sucked on the popsicle and from his position it was looking like he was sucking on Luffy’s dick. People began to whisper as Wiper went to town on the treat.

“Gross is he some kind of pervert?” The whispers didn’t seem to do anything for Wiper as he sucked down the treat, his warm mouth had caused the treat to melt and he drank down what drew into his mouth.

He pulled off. “Mm,” he dove back down sucking it again and again. Pulling off again he licked the tip. “So good!” he sucked it down again.

They certainly were drawing a crowd. Luffy at first didn't think anything weird about it, but it clicked. "Ok that's enough." he pulled the pop out and the melted parts sprayed down covering wiper in sweet goo.

"Aww now I'm all sticky." His nipples got hard from the cool liquid.

"Just go clean yourself up, there's water over there."

Luffy pointed, but it seems Wiper had other plans. He tossed away his grass skirt and revealed his naked body. He had a cute uncut dick with it's foreskin stretched over the head, he was clean shaven, if he had any hair at all, but his balls were huge. "Why are you naked!"

Wiper jumped into the fountain and began washing himself like he was in a bird bath. "Well doesn't everyone get naked when they take a bath?" he gave him a look like it was a matter of fact. Luffy groaned and face palmed.

He splashed around in the fountain. The cool water washed over his body and he sighed in bliss. His dick lay across his stomach as he floated around. Luffy blushed.

‘Does he really not know what he’s doing?’ he was sweating.

“Ahh this feels good, I had no idea there was a birdbath in the middle of town.”

Luffy blinked in surprise. ‘I gotta get him out of here or he’ll wind up getting molested.’

Wiper grabbed the distracted Luffy and hauled him into the fountain. “What are you waiting for bathe with me.” he ripped off Luffy’s vest. Wiper rubbed himself against the boy. Luffy shivered as their nipples rubbed together.

“There you are!” the two stopped and turned to see Law. He was beyond pissed.

“Law?!”

“You damn bird brain, first you steal my Luffy-ya and now THIS!” Law was blushing. “”I’m so jealous!”

“What?!” Luffy gasped.

“I wanna run away with Luffy-ya! It’s so unfair go die!”

Wiper stood up, showing no sign of shame as he took a fighting stance. “What’d you say you wanna fight?”

Luffy got caught up between the fight. Law's tail coiled around him while he smacked Wiper's butt. "You skinny little brat I'll make soup out of you."

"Don't fuck with me." he kicked out and slashed open Law's shirt. The two began to grapple, their chests rubbing against Luffy.

"Cut it out both of you! We are in the middle of the park, you'll cause a...scene?" he looked and no one was watching them. "No one's looking."

A scream drew their attention. A young girl was stuck in a tree. She was crying for her mama, and the crowd was trying to get a hold of the police. "This could be bad."

Law states. The men in the area stare at Law and Wiper. Luffy glared. "What's bad is your lack of clothes!" Luffy put Wiper's skirt back on him and he saw a vendor selling T-shirts a bought one for Law.

"No worries I'll fly up and save the kid." his arms morphed into the giant wings from before, but when he tried to fly the water from the fountain weighed him down. "Ah I can't fly my wings are still wet."

“Listen Wiper falling from heights can be dangerous or even deadly for people. Even I scratched up my foot a bit when I landed.”

Wiper looked at the wound and felt bad since it was his fault.

“Don’t worry Luffy-ya I can handle this. Tree climbing is a lamia specialty!” he coiled his tail around the tree and began moving up the trunk. ‘Alright I’ll save the girl and show Luffy-ya how cool I can be.’ he imagined Luffy petting him on the head.

‘Oh Law you were so cool, I can’t stand it anymore I must have you.’ Law’s thoughts grew to more perverse actions and he began to drool, his cheeks burning red. He moved through the tree branches.

‘Darn there are so many leaves.’ he got poked and prodded by branches until he finally found the girl. Sadly he was covered in leaves and his face well...

“Eeek!” the girl fell out of the tree.

“No!” Law hooked the tree and dove for the girl reaching out with all his might. She was too far, and Law’s eyes widened. The crowd screamed.

Wiper flapped with all his might and managed to make it. He slowed their descent. “Wings still too heavy.” they fell but Luffy was able to catch them. ‘He saved me.’

“Wiper good job.” he gave the harpy a thumbs up and the monster blushed. The girl’s mother Laki was so happy her daughter was safe, she thanked Wiper again and again.

Law sulked. “I tried hard to.” Luffy brushed the leaves out of his hair.

“You did great Law.” he kissed the lamia on the cheek. Law swooned and cuddled up to Luffy.

A bike rolled up and a pink haired teen looked around. “I got a call about a kid stuck up in a tree.”

“Ah Coby.” Luffy waved to the pink haired boy.

“Oh Luffy-sama!” Coby bowed to Luffy.

“Ah Coby I told you before you don’t need to add the sama.” Law twitched at the blush on Coby’s face.

“Right!” he gave Luffy a salute. Luffy just laughed.

“You are a little late, Wiper here already saved the little girl.”

“Really? Good job.” he gave Wiper a salute.

“Luffy-ya just who is this?” Law wrapped his arms around Luffy’s.

“This is Coby he works for my Grandpa. I’ve known him since we were kids.”

“By the way Luffy these boys with you their in the cultural exchange right?” he looks to the two monster boys. “Where are your host families?”

“I have my Luffy-ya.” he looked to Wiper.

“Are they gonna deport me now, what does deport mean again?”

“It means they are gonna kick you out of the country.” Luffy whispered, and Wiper gasped in surprise.

“But I don’t wanna go.” he clung to Luffy.

The boy sighed. "I'm also his host, they both are assigned to my house." Law smiled, this was classic Luffy, Wiper blushed.

"Oh that's good, now I just need to see their certifications."

'Oh crap!' was the group thought.

"No problem I got that right here." They turned to see Shakky holding Wiper's certification. The boys and Shakky went home while Coby went back to work. Law kept his glare on the boy. Coby was as tall as Luffy and handsome, but he had the air of a sub if he ever smelled one. That made Coby a potential rival.

At home they sat down for some drinks, Coffee for Shakky Milk for Law Wiper and Luffy. "So how come you had Wiper's certificate?"

"Oh I'm his coordinator, I couldn't find a family willing to deal with a frequent runaway, so I was hoping to force... ahem request you look after him." Luffy knew she was pawning Wiper off on him.

Still Luffy didn't mind. "Wiper welcome to your new home."

"Really?!"

"What?!" Law hissed.

"Luffy is the master of the house so you listen to him."

"Okay!" Law sulked while Wiper cheered and Shakky gave Luffy a thumbs up.

"Alright then don't go flying off on your own anymore."

"Don't worry, I may not get complicated things but one thing is clear." Wiper hugged Luffy and kissed him. "I'm gonna get to be with my husband all the time!"

"Oi!" Luffy gasped, and Law quickly began tugging him away.

"Let's take a bath husband, we can continue where we left off from earlier." Law got in their way. Luffy thought he'd be pissed but instead he smiled.

"Sure go ahead, have fun with Wiper Luffy-ya."

"Umm okay?" Wiper smiled and hugged Luffy tighter. They went to the bathroom.

Shakky eyed Law like he grew a second head. “Well that was surprising I thought you’d be angry.”

“Why would I be? Sure having someone invade your home like this is annoying, but Wiper’s just a child, yep just a child a CHILD! Where as I am an adult and can control myself.”

“Oh Wiper is the same age as you.” Law turned towards him a look of horror on his face.

“What?”

“Yes harpies have unique bodies, even though they mature at the same time as other monsters their bodies take awhile to fully develop. Male harpies even more so, but you can tell by his braid, he’s an adult, give it a year two tops and he’ll have an amazing body.”

Law saw red, he slithered towards the bathroom.

“See like this, we can wash out dicks together.” Wiper was in Luffy’s naked lap, he had his dick between his legs, his cock and balls sliding against Luffy’s massive shaft. He moved up and down creating an intense friction.

Law grabbed Luffy and separated him from Wiper who had been holding him down with his wings. "I change my mind I'll bathe with him. You go rest Luffy-ya." he grabbed some shampoo and began to wash Wiper's hair. Luffy blinked not sure what just happened but went to go relieve himself.

"Now listen up Luffy-ya is mine so keep your talons and wings off him."

"Then I can use my mouth then?"

"No!"

Chap 4 Zoro the Centaur

-x-Early Bird-x-

Wiper got up rather early, since he was awake he decided to get a jump start on some action. He snuck into Luffy's room.

The raven human was sleeping peacefully, in his rest he had kicked off the covers, exposing his sleeping form. Clad in only a pair of red boxers. Wiper sniffed the air and drooled. 'He's hard!'

He flew over to the bed managing not to make a sound. Luffy was a heavy sleeper, time with Law hadn't changed that. So even as more weight was added to the bed he didn't stir.

Wiper began tugging down his red boxers, Luffy's hard 10 incher sprang free and slapped his cheek. Wiper shivered and blushed, it was so big and smelled so good. He licked his lips.

“Thank you for the meal!” he brought his hands together and did a prayer. He caressed Luffy's length. 'So warm and heavy, and it has such a lovely shade to it, it looks

delicious.' a few squeezes and Luffy's cock twitched releasing the first drops of pre.

Wiper licked the human's penis, running his tongue along the shaft, up to the head. He swirled the tongue round and round, getting his first taste of the male.

“Mmhhmm!”

He moved to the slit and began lapping at the head, collecting each drop of pre as it came. His hands stroked his length, coaxing more pre from his shaft.

Wiper was very please with himself, the early bird gets the worm as they say. He wrapped his lips around the head and began to suck.

Luffy moaned in his sleep. Wiper stroked him faster, while sucking harder, his tongue lapping at the slit to increase the pleasure. “Hmmm!” he brought his left hand down to fondle Luffy's big balls. With his shaft balls and tip being stimulated and in his slumbering state Luffy couldn't hold back he came!

Wiper was in heaven as thick warm man milk flooded his mouth, it poured over his tongue and filled his cheeks. He was so pleased he greedily swallowed and began to

suck more drinking every last bit Luffy's release offered. There was so much he kept drinking it down till he was filled.

It tasted so good he couldn't help it he came, blowing his seed into his tight shorts. He came so hard it overflowed and ran down his legs.

Luffy woke up, just as Wiper was cleaning his dick with his tongue. "Master, so delicious!"

"Wiper!" Luffy shouted.

The door burst open and Law came in, his tail wagging in anger. "How dare you, get over here!" he snatched up Wiper. "Only I am allowed to suck Luffy-ya's cock."

"But I got to him first!" he whined.

"We are the same age don't act like a child." Law dragged Wiper away. "And no you didn't I was the first in this house, he's mine!"

"Glad to see you two getting along so well." Luffy smiled, he looked at the clock and sighed. "Law could you watch Wiper, I'm gonna go get some groceries."

“Of course Luffy-ya, but in exchange I want to be rewarded to.” he ran a finger over Luffy's chest.

“Yeah, we'll see, just stay out of trouble you two.” he grabbed his boxers and pants and put on a shirt. Law smiled when Luffy put on his straw hat.

“Be safe Luffy-ya!” he dragged Wiper to bed and coiled him up tight. Wiper shivered finding it hard to sleep, feeling like he's to be eaten.

-x-

Luffy was lucky, there were tons of sales that morning so he bought what he could. With the way they all ate things would be fine.

As he walked home a galloping noise could be heard. Luffy turned a corner and wham he crashed into a large green furred centaur. He had a tan upper body, his horse part had light green fur, and he had dark green hair and tail. He had three ear rings in his and he had a green belt that had three swords resting in them. “Ohh it seems I found you, my lord.”

Luffy came to and found the centaur kneeling. “Greetings my lord, I am Roronoa Zoro of the proud centaur race. I

have come as part of the exchange to find my lord and master.” he drew his swords. “From this day forward I will follow you till the end.”

“Uhh Look Zoro, I appreciate the conviction but I'm not your lord or your master. Where is your host family?”

“I do not have one yet, I was given permission to find my own by a miss Shakky.” Luffy sweat dropped. “Besides I know I did it right I followed the instructions.” he pulled out a manga.

“Oh I like this one, but it's just a manga.” Zoro gasped, and hung his head low.

“I know I should have used the bread.”

“Hehe you are kinda dumb, but I like you. Shall I take you back to Shakky?”

“No I can find my way back, I need to find my master anyway.” he ran off. Luffy started picking up his groceries when Zoro came running towards him again. “Ahh you again, this must be fate. Please tell me your name.”

“Uhh I'm Luffy, but Zoro I haven't moved from this spot.” the male twitched.

“Ahahaha is that so, well I'll be off may we meet again Luffy-sama!” Zoro ran off and Luffy continued to collect his things and Zoro was back to him in no time.

“Zoro...do you have a bad sense of direction?” he twitched and blushed, his pointy ears flicking in his embarrassment.

Before they could continue, a purse snatcher drove by on his moped and snatched a ladies purse. “A crimmminal, I'll cut him down...though as a non human it's against the law.” he looked to Luffy. “Master please join me and stopping him.”

“Sure, I'll get on your back, and we'll catch that creep.” he tried to climb on Zoro's back. Zoro gasped and kicked at Luffy.

The boy dodged, surprising the centaur. “Sorry but I am not a horse, I can only allow my master to ride me.”

“Ahh I understand we'll just have to make do.” Luffy tied himself to Zoro and off they were. Luffy had to run at max speed just to hang in there.

They chased the guy down, but after a crash Luffy had no choice but to get on Zoro's back. "Ahh!" his body shuddered, it felt really good.

Luffy had to hang on for dear life. He had already lost his sandals, so his feet came around and came in contact with Zoro's ahem "fourth sword". The centaur's cock was human in shape but incredibly huge, at least 14 inches long and incredibly thick. Luffy's feet hugged it as the best foot hold at the time.

His hands groped his muscled pecs and he accidentally removed the nipple pads. (Look back to chapter 2, monsters have to wear these pads over their nipples when in public)

Zoro's perky nipples were exposed, and Luffy's hands found them and gave them a pinch! "Waaaaahhhhh!" He couldn't take it, Luffy's hands teasing his nips, his feet sliding back and forth on his cock, it was all too much!

He came!

In his release he tripped and crashed into the thief. They all went flying and Zoro's swords as well. "You stupid

cow, I'll kill you.” the thief picked up one of Zoro's swords.

'Shit!' he tried to move but his legs were still numb from his climax. 'No I can't die, I've never even got to hold hands with my lord and master yet!'

The guy raised his blade, ready to slash Zoro but Luffy dove in front of him. He took the hit, and then threw a powerful punch.

This man was known as Morgan he stole from people to support a lavish life style. There was a price on his head, for catching him Luffy got the reward.

Shakky arrived to help patch him up. Zoro felt so guilty, thankfully the swords he carried were merely replicas of his actual swords. He was allowed to keep them in the house but not outside.

Good thing to or Luffy would have been dead. Shakky explained that riding on a centaur's back without permission, to them was the same as rape. “You better make this right Luffy-kun.”

Luffy went to talk to Zoro. “Look I'm sorry I rode on your back, it was wrong I had no idea.”

“You protected me, and you apologize, Luffy-sama you really are a special person.” he bowed before the human. “Please let me follow you, please be my master, my lord!”

“Ehh, well you are free to stay here of course. I spoke to Shaky you will be living with us from now on.”

“Us?” the door burst open and in came Law and Wiper. So the arguing began. It went round and round with it not going anywhere, they all were to live together and that was that. Though Luffy didn't like being called lord, so Zoro settled on Captain.

Law cried. “Another rival, but I won't lose!”

Wiper smiled. “Luffy I'm hungry!”

Zoro stood up. “Captain allow me to assist you.” he accidentally broke the sink.

“Well it looks like we'll have to remodel, Zoro-kun is a bit on the large size.” Shaky says, and Zoro cries.

“It's okay!” Luffy pats his head. “It will be nice having you around Zoro, our nakama just getting bigger.”

“Luffy...” Zoro's heart skipped a beat.

“I object!” Law cuddled up to Luffy. “Luffy-ya you promised to reward me.”

“Ahh I did, and I always keep my promises.”

Chap 5 Law's reward and Holding Hands

Luffy was a man of his word and Law wanted his reward. The boy just had no idea this would what Law wanted.

“Ahhh, Luffy-ya, there just like that!” he moaned making the raven blush. Law was in Luffy's lap, his head resting on his shoulder. His rump wiggled against Luffy's crotch as his hard 7 inch cock twitched in the air.

Law of course wanted Luffy to fuck him, he wanted to ride his anaconda, and get bred but of course Luffy would

not do that. It was against the law, but Law did want some attention.

Luffy kissed his neck, his hands caressing his chest. He toyed with the lamia's nipples, which were nice, perky, and sensitive. "Ohh Luffy-ya!" every pinch sent jolts down to his cock.

His manhood pulsed, pre overflowing and running down his shaft. It wasn't just the nipple play, he could feel Luffy's cock press against his backside, could smell his natural musk. 'Luffy-ya love you, love you so much!' he writhed in pleasure.

The lamia's nipples turned a lovely shade from all the stimulus. Law bucked his hips, his manhood bobbing and his tail wagged in joy.

Luffy spots it, and quickly grabs the tip. "Ahhhh," his body trembled and his ears twitched. Luffy stroked his tail, his fingers doing wonders. Just rubbing and caressing the tip, had Law's whole body spasming in pleasure.

"Luffy-ya....cumming....I'm cumming!"

He came hard, his manly seed splattering all over himself, the first spurt hitting his face, the one's that followed

splattered his neck, chest, and his abs before the rest spilled over his cock.

“Aww Law you are so messy,” Law blinked as Luffy licked the cum off his face.

“Luffy-ya?” he shuddered as Luffy moved down to his chest. He licked off the semen, and continued down across his abs. “So bold!”

“Bold?” he blinks. “Won't it get uncomfortable for you if your semen gets in your sheath?”

Law blushed and rubbed the back of his head. “Yeah that's true.” Luffy got to licking his cock. 'How did Luffy-ya know that?' all thought went out the window as Luffy cleaned his manhood.

Licking every drop and making sure he was nice and clean. “Now let's get you to a bath.” he scooped Law up. It always surprised Law how strong Luffy was, his large snake size couldn't be held up 100% by a human, but if Luffy carried him bridal style or over the shoulder, and Law coiled around him using his tail it worked.

Law was loving the pampering, even in the bath. He washed Law's back and proceeded to scrub down his tail.

His heart fluttered, sure Luffy's touch felt nice, but the level of care stroked him in a different way. The look on Luffy's face as he worked, it was so charming and kind.

He was no fool, even with the law in place, there were many who feared monsters. The cuter, gentler ones managed to integrate well. He'd experienced the hateful, scared looks of humans before, but Luffy, not once did he ever. He folded his arms over his chest and smiled as Luffy finished cleaning his tail.

“Luffy-ya,” the boy looked to him.

“I want to wash your back.” he hugged Luffy, pressing his bare flesh to his.

“I can do it myself, but if you want to.” Law washed his back, hands feeling up his firm back.

'Law, you will find someone who loves you for you, he won't care that you are a lamia. When you find that person never let him go.'

Law embraced Luffy from behind. “Luffy-ya, love you, I love you so much.”

“I love you to, Law,” Luffy gave the lamia male a kiss. They cuddled in the bath a bit, before the water got cold they dried off. Law knew Luffy was kind, it drew him and he knew it would draw in others. 'I will not lose!' the two shared a glass a milk after the long bath.

-x-

With the remodel Zoro was able to move freely in the house, his room was unique with a sliding door. He had his real swords hung up in his room. The bathroom was made to be more like a bath house. It had more showers, and the tub was made bigger.

“Now that I am here, things will be different. We need to be putting Luffy first.” Zoro says at the dinner table.

“I always put Luffy-ya first.” Law snapped.

“I put him first to.” Wiper says.

“You just got here ya brat!” Law snaps.

Luffy laughs. “It's great you guys are getting along so well, we are nakama now.” his smile made the trio blush.

“Hai!” they said in unison.

-x-

As it stood Law was the most familiar with the interspecies exchange law than the others so he went about giving a lesson to Wiper and Zoro. “First, humans and demi humans cannot harm each other, second a non human may not go out unless accompanied by their host family. Third and most important...” Law smirked and began to draw on the board, with a quick doodle of him and Luffy naked and embracing. “The one who's been in the host household the longest, holds the most rank. So you two have to do what I tell you.” he drew a crude picture of Zoro and Wiper, a smirk on his lips.

“I see,” Wiper says, taking notes.

“What a load of crap.” Zoro snatched away the marker.

“Do not be fooled young Wiper, he's merely adding in things, do not twist the law for your benefit.”

Law glared at Zoro. He humphed and sat down. “I have already committed the law to memory. I don't need any such lesson.”

“Zoro, Shaky is on the phone, you need to fill out some paperwork.” He came into the room and there was a

hoof mark on his face. Law saw it and turned to glare at Zoro who began to sweat.

“Committed it to memory you say?” he hissed.

“Err about that.”

“Law stop it, it was an accident you see.”

Flashback Luffy's pov

I was getting the bath ready for when Law wakes up. I didn't count on Zoro taking a shower after his work out so I walked in on him.

Zoro stood in all his glory, his body glistening and glowing from a mix of the shower and work out. He had the pads off so his nipples were exposed.

He couldn't see me in the fog of the shower and well...

End pov and flashback

Luffy rubbed the back of his head, laughing. “So yeah it was my fault, I should have knocked.”

“No it's not your fault, I'm still a little jumpy being in a new place and home.” Zoro blushed and bowed. “I

actually don't have a problem with you seeing me naked, Captain.”

Law twitched in annoyance. “Jeez such a fuss, hurry up and fill out your papers already!” he sighed. “Centaurus are so violent.”

“Me violent, Shaky told me about you, you've caused Luffy some injuries yourself.” Law twitched again.

'Damn Shaky...' the two glared at each other and began to argue. Wiper however was getting a headache from the laws, they were super complicated.

“Luffy...” he called. “Can I take my bath now?”

“Sure let's go.” he scooped Wiper up and carried him into the bath. The boy was so energetic he was stripped naked in a flash.

“Yay the bath is so big!” he splashed around and shamelessly showed off his cock and ass. “It's almost like a pool now?”

“Hmm, it kinda is, but don't go trying to dive in it.” Wiper stared at him. “What's wrong?”

“Is this what having a big brother is like?” That took Luffy by surprise. “I have never had one.”

“I have big brothers and we often took baths together. If you like we can see me as your big brother.”

Wiper got a strange look on his face, he grabbed Luffy and pulled him into the bath. “Wiper!” the boy suddenly kissed him.

“I want you to be more than big brother.” he began to grind his hard cock against Luffy's clothed crotch. “Can you love me like that?”

Luffy embraced Wiper. “I can, but Wiper you might be the same age as Law and Zoro, but I know harpies evolve, you still have a bit of growing to do. So for now I'll be your big brother.” he ruffled the boy's hair.

There was a sudden shift Luffy getting pinned down. “We harpies, know what we want, I want a more exciting relationship with you. I will mate with you Luffy-sama!”

The door was suddenly sliced open and half the door hit Wiper and knocked him off Luffy. “Ehh?”

Zoro came in, swords out. "I will not be fooled, Law told me you are the same age as me. That's enough of this." he helped Luffy out of the bath.

"Hold it, I told you it's my job to help Luffy-ya, but you got in my way!"

"Captain, let's go..." he helped Luffy onto his back. Whoosh taking off like a stampede he got passed Law and escaped the house. "Those two need to cool off, they won't be able to follow us, how about the park."

"That's fine, but the park is the other way." Zoro blushed. Following Luffy's directions they made it to the park.

"Forgive me, I'm not the best with directions." Luffy climbed off him. "Never fear, I will follow and serve you with all my might!"

"Serve me?" Luffy blinked. "Look Zoro, it's cool you have your centaur pride, and you don't have to give up your culture, but you're here as part of the cultural exchange, you have the freedom to try and do new things." he smiled and it made Zoro's heart flutter. "Isn't there something you want?"

A young couple happened to walk by and Zoro noticed them holding hands. For centaurs it was normal for the master to ride the servant, to walk side by side with someone...

“There is one thing...” he felt nervous. “I would like to hold hands.”

“Holding hands?” he tilted his head to the side.

“Yes, it's a trifling thing, not a request a servant should give his master.” Luffy took his hand and held it.

“Like this?” Zoro blushed, a smile forming on his lips.

'Such bliss!' their fingers laced.

“We can walk like this,” they began their journey around the park when a sudden crash occurred. Zoro pulled Luffy close and out of harm's way.

“Hmm?”

“Wiper you idiot!” Law snapped.

“Sorry you are really heavy...huh?” The two looked and saw Zoro and Luffy in a warm embrace.

“Hey!” the two shout in unison.

“I see you two have yet to calm down, shall I teach you some manners?”

Luffy was pulled away from Zoro and pressed into Law's chest. “Just try it, Luffy-ya is mine!”

“He is mine!” Zoro pulled him back.

Wiper struck. “I'll take him while you two are fighting.”

They both struck at Wiper and forced him away from Luffy. “If that's the way it is a fuck is great after a good fight!” The trio took fighting stances.

“Hey guys, you aren't fighting for real are you? Oi!”

As it happened Shakky was driving by and saw what was going down. 'This is bad!' she brought out her gun, it was full of tranquilizers.

She aimed and fired.

“Guys stop!” Luffy snapped, only to get hit by all three darts. He fainted with the trio crying out his name.

Luffy was brought home, Shakky apologized. “Sorry there Luffy-kun, the effects should wear off in a few hours.” the boy was laid out on the couch. He couldn't feel his arms or legs. He'd never felt so weak and dazed in his life.

Law, Wiper, and Zoro peeked into the room. “We are sorry,” they bow their heads.

“It's fine guys,” he gives them a smile. “Shakky-san says I'll be fine in a few hours.” they frown.

“This is my fault,” Law says. “No it's my fault.” Wiper says. “The fault is mine.” Zoro says.

“I promise to pull back.” Law says.

“Pull back?” Luffy asks.

“And I promise to not be so rough, I'll try not to pester you as much.” Wiper says.

“What brought this all on?” Luffy asks.

“We talked about it, we shouldn't put so much on you and we shouldn't fight.” Zoro explains. “We'll try to reign ourselves back a bit.”

“Don't say that. I want you to be yourselves, stuff happens. Sure you guys get a little excited, and you shouldn't fight like that but we are nakama and this is your home.” he says before getting a little woozy.

“Luffy-ya!” the trio reach out for him flinching slightly. They were touched by his words but were worried about hurting him.

“Guys it's fine really.” he gives them a smile. Shakky steps back and the monsters come forward. Luffy was exhausted from the tranquilizers. He raises a hand and

Law catches it. “No tears okay?” Law nuzzles his palm.
“I’ll be fine...” the boy passed out.

“Luffy-ya!” Law gasps, and the other two tense up.
Quickly looking to Shakky for answers.

“He’ll be alright, he’s gonna be out of it for awhile. I’ll be taking responsibility for this one.” Shakky explains. “This was quite the mess. I still need to talk to Luffy about...”
the trio look at her. “Oh it’s nothing.” Shakky orders take out for them. The trio were still too upset to eat, guilt clearly eating at them.

A loud gurgle was heard, and the four at the table looked between them. It wasn’t from them, a loud yawn followed and Luffy entered the dining room/kitchen.
“Hey guys, is there some for me, I’m starving!” he opened his eyes and the monsters jumped him.

“Luffy-ya!” “Master!” “Captain!” they tackled him.
“Whoa!” Shakky couldn’t believe Luffy was able to handle all these monster boys, many hosts can barely handle one. ‘He just might be the perfect test subject for that!’ she smirked.

Luffy ate, while passing in and out of sleep. It was kinda cute really, he'd wake up and continue eating. Shaky stayed to keep an eye on him, but outside of a mild headache Luffy was feeling alright. "Luffy, can I have a word?"

"Sure what's wrong?" they leave the room, but the trio are listening.

"Nothing is wrong, as you know taking the virginity of monsters, or vice versa is strictly prohibited." Luffy nods.

"Yes I know." They knew to, despite their desires Luffy couldn't be with them sexually because of the law.

Shaky smirks. "You see there has been movements to make appeals to the law, there's a bunch of legal jargon. But you see, we need a test family a trial run to make sure it'll work."

"I'm not really good at tests." Miss Shaki chuckles.

"Don't worry you won't have to do much. The change is to allow monsters and humans to marry. If your married then taking one's virginity would be allowed."

"What?" Luffy gasps.

“It’s simple, you just have to marry, Law, Wiper, or Zoro. If your their husband you can mate with them within the law.”

“Marriage?” he blushes. “Why would you bring up marriage?”

“It would be the next logical step in our society. That’s why we are doing a test.” Luffy ran his fingers through his hair. “I’ll be seeing you Luffy-kun.” she says before leaving. Outside it was late, the sky a mix of orange and blue. “Wait, I feel like I’m forgetting something. No matter, I’m sure it’s nothing.”

Luffy sighed. “You guys heard everything didn’t you?” the trio peeked out. “Right,” Luffy ruffled his dark hair. “You guys should go to bed, I’ll clean up in the morning.” he says heading up to his room. The monster boys share a look.

Night fell and the full moon was out...

Luffy lay in bed thinking. “Marriage huh...I’ve never even thought of dating anyone. Then Law showed up, and Wiper-kun, and Zoro. They each make my heart beat fast,

I know I like them, but what is marriage to me.” Luffy looked to a picture of him and his brothers. “Ace, Sabo, what does marriage mean to you guys? What would Gramps say? Till I met them, I’ve never wanted...”

Luffy’s door opened. Law entered his room, naked... he slithered over to the bed. “Luffy-ya...does wanting to marry me upset you that much?” Luffy sits up. “I know I’m a monster, a lamia, but you know my feelings for you are true!”

“That’s not it Law, I care about you a lot, before I met you I’ve never thought of dating anyone before. I don’t know a thing about marriage.” Luffy admits.

Law smiles. “So it’s not me?” he smiles and suddenly pins Luffy to the bed. “Law?!” Luffy gasps before Law captures his lips. The human finds himself in Law’s coils, the kiss they shared was hot. ‘Law’s never kissed me like this before.’ When the kiss broke Law was left panting.

“Luffy-ya, I want to be yours, if we get married you can take me!” he says, playing with his mating hole.

“L-Law...” Luffy sweats, Law’s eyes looked clouded, almost primal. “Make me yours, become my husband.”

He rubs himself against Luffy's crotch. Law's long cock was out of his sheath, he moaned and writhed against Luffy. "Luffy-ya yes!" He seemed to be lost in the semi frot.

His dick was pulsing and dripping on his clothes. "Ahhh!" Law cries out and cums all over Luffy. "What a mess, you need to take off your clothes right now!"

Suddenly before Law could strip Luffy and get busy a muscle man bursts through the window. The man had wings on his back, his hair in a long braid, he was ripped; broad shoulders, fine pecs, rock hard abs, fat 9 inch uncut dick, toned ass, and hairy legs. The male kicked Law and knocked him off Luffy. "Master!"

"Wiper?! What the fuck?!" Luffy gasped.

"I suddenly got big, this is my true form master." he says. "I think I've become like this to be with you properly master." his arms were free of his wings now, so he ran his hands over his chiseled form. The massive wings retracted into his back becoming tiny adorable wings. "Do you like?" he rocks his hips making his dick bob.

Luffy gulped at the sight. Wiper smirked, with a few flicks of his talons he shredded his clothes, the boy's hard cock sprang up. "Gah!" Luffy gasped.

"Oh Master," Wiper gets up close and personal with Ash's cock. "In this form I can be with master!" he starts licking Luffy's dick, making the boy groan. "Your cock tastes so good." he purrs, and fondles Luffy's balls as he licks back and forth along Luffy's shaft.

"Wiper!" Luffy moans. Wiper swirls his tongue around the tip, lapping the pre as it spilled out. "Mmmm," he moans, he wraps his lips around the head and sucks on it, using his free hand, he pumps the rest of Luffy's shaft. 'It's so nice to have hands!' he thinks happily and sucks on Luffy's dick like a sucker.

Luffy groans and pants, and soon finds his release. His cum erupts into Wiper's mouth, and fills his mouth to the brim. Wiper moans, sloshing the cum in his mouth a bit, savoring the flavor before swallowing it. His own climax rocks him and he cums on Luffy's bed. He pulls off Luffy's cock. "Yummy!" he says licking his lips. "Master's cum is delicious." he says.

The raven comes back from cloud nine, and sees Wiper had turned around, spreading his cheeks and offer his hole. "Master fill me, breed me. I want to be yours!" he moans. "Become my husband please!" he pleads.

"Wiper..." he shifts and Wiper acts fast, pinning him to the bed with his talons, he rubs his ass against Luffy's dick. "Master!" he moans.

Wham!

Luffy's door gets kicked in and the door slams into Wiper and sends him flying back away from the boy. "Luffy-sama!" Zoro comes bursting in. "Zoro, what's going on?"

"I'm afraid they've lost themselves and there is the culprit." Zoro pointed out the window towards the full moon. "Monsters have varied effects during the full moon, but most of us become more primal and wild during it."

"Zoro are you okay?" Luffy asks, the male had burst in butt naked. "Yes I am fine, I've trained to stay calm during the time of the full moon." he claimed, though the massive manhood, that was weeping all over the floor sorta gave him away. "Are you sure?" Ash touches him

and Zoro moans, cumming all over the floor. The sheer volume of cum flooded the room. Luffy noticed Zoro's balls did look more swollen than they were before. Zoro blushes, and slumps into his own cum pool.

"Captain, I can't control myself during the full moon," he confesses.

"Zoro it's okay." Zoro feels a warmth spread through him.

"Oh captain, I knew it you are the only man for me!" He hugs Luffy and the boy gasps at the overwhelming strength Zoro could muster. He was released, and Zoro turned around and offered his ass. "Please become my husband, I want you, I promise to serve you with all my might." Luffy blushes, the centaur's hole was twitching like crazy.

Luffy tried to slip away, when one of Zoro's legs kicked out, it hit the nearby wall and made a massive hole in it.

"Luffy-ya!" Law got up. "Master!" Wiper rose as well.

"Captain!" Zoro moaned.

'This is bad, they've gone crazy, they can't control themselves even if we tried to mate they'd kill me.' Law

rushed forward for Luffy, only to slip on the cum covered floor and slam into Zoro, Wiper tried to follow as Luffy bolted out of the room, only to slide in the cum. The trio collided together and struggled to get up. It almost looked like they were mud wrestling but in cum.

Luffy tried to call Shakky, but the woman had already turned in, completely forgetting about to warn Luffy about the full moon. The trio finally broke out of Luffy's room and chased him down the stairs. They chased him around the house, my my my what a mess. Luffy managed to avoid getting, smacked, clawed, and stomped. It was quite the sight to see, the naked Luffy running away from the equally naked monster boys.

Luffy had no escape, going from room to room until they burst into the kitchen and tackled Luffy down. "Now Luffy-ya, you'll become mine!"

"No the captain will become mine!" Zoro snaps.

"No! The master will be mine!" Wiper snaps.

"Tell us Luffy-ya, who will you choose!" they looked and saw Luffy lying down, not moving, a puddle of what looked like blood. The trio froze, paling thinking they had

killed him. They fainted from the shock only for Luffy to rise up, a broken ketchup bottle beneath him. “Oh man, what a mess.” The trio were passed out but still hard. Luffy couldn’t help but smile. ‘I can’t leave them like this.’ he separates them.

Luffy sucks Law’s dick, fingering his mating hole. The lamia moaned in his sleep, his hips bucked into Luffy’s mouth. The raven doesn’t stop until Law cums, his mating hole tightening around his finger. Luffy swallows the cum, and helps Law’s softening cock back into a sheath. He gives Law a kiss on the forehead, and pets his head.

With Wiper he to finger’s the man’s tight hole, his plump rear jiggles at the sensation. He sucks on Wiper’s big balls, reaching around to pump Wiper’s big dick. The harpy moans and writhes in pleasure, bucking into Luffy’s grasp. He cums hard blowing his load all over the floor. Luffy gives Wiper a kiss on the cheek.

Moving onto Zoro, he thrusts two fingers into Zoro’s twitching hole. The centaur moans, his massive dick pulsing in need. Anal stimulus seemed to be what Zoro needed, so Luffy added a third finger, and fondled his big

nuts. With the other two it was slow probing, but with Zoro he fingered him like he had done it for years. The way his hole spasmed it seemed to crave more. By the fourth finger Zoro came, making yet another mess.

The raven was left to clean up to the messes, he cleaned up and brought each of them into the living room. He got blankets for each of them. Luffy finally got through to Shakky and told her what happened. She apologized for not warning him before hand, and promised to cover the damage.

By morning Wiper had returned to his normal, but temporary self. “What happened last night?” Law asks.

“Why are we sleeping in the living room?” Luffy came down stairs, he had a few cuts and scrapes but otherwise was fine. “We need to talk.” Luffy says.

He sits down and tells them what happened last night. The monsters blushed in embarrassment, and apologized. “Guys, I’m gonna be honest with you. I don’t know anything about marriage, I barely know about dating.” he rubs the back of his head. “But I care about

you, all of you. So I want us to date and get to know each other more, and when the time comes then we can figure out about the marriage stuff.” They smile at the prospects. “Oh, and you guys are going to bed early on nights of the full moon understood.”

Luffy’s honest answer had them thinking. They didn’t know much about human marriage either. From what they read, marriage is a sacred union between people, it should be respected and the vows taken seriously.

Lamia’s didn’t have single husbands in a sense, they had tribe husbands. Where the men would sleep with all or small groups of lamias. Thinking about it left a bad taste in Law’s mouth, but for him things have changed. He wanted to be the only lamia in Luffy’s life. ‘Maybe, we could be our own tribe...’ he thinks.

Harpies didn’t have single husbands either. Wiper had plenty of half brothers and sisters, but he had no idea who his father is. Harpies tended to fly around, make a nest and after some time they were off again depending on their cycle, after a point they leave it to their kids to

fly off and make nests of their own. 'I don't want another harpy to have master, but I haven't gone through the change yet either.' he thought sadly.

Centaur's valued the strong, the strongest of centaur's had multiple brides, because he was shown to protect them and care for each of them. Now some centaur's did find a human master who they pledged their loyalty to, but their union while emotional and intimate never got intimate. Zoro had never met a human as strong as Luffy before, he wanted to swear his love and loyalty to Luffy and Luffy alone. 'I don't just want to become some centaur's bride, I want to be Luffy's bride.' he thinks.

It was a lot to think about, but one thing was clear. Their love of Luffy wasn't gonna change, only grow stronger.
