PANEL 1

Wide panel. Heather is at the center of it (torso shot), eyes half-closed and cheeks flushed from a constant assault of lust. Both hands rest near her throat, head lolling to one side. She looks completely distracted and lost in pleasure. The background behind her is twisted and bent like a dream, with floating (distorted) faces calling out her name or talking to each other.

FLOATING FACE #4

Hard to miss.

PANEL 2

We're back to reality, where Heather was still sitting at the table next to Alberta. She stands up suddenly, hands on the table, looking intense (struggling for self-restraint). She's shivering from too much lust.

HEATHER

I have to go!

HEATHER

(thinking)

If I stay here, I might even bang my
own sister.

PANEL 3

As she's walking, Heather's mind (through a LARGE THOUGHT BALLOON) visualizes kissing Alberta and groping her boobs. The

REAL HEATHER's eyes are half-closed and she's drooling a little from the corner of her mouth.

HEATHER

C-Cathol help me...

HEATHER

(thinking)

Help me CUM!

PANEL 4

As she walks, Heather bumps into AIDAN, a handsome hulk of a man dressed in NOBLEMAN CLOTHING. He looks down at her with a pleasant smile, his muscular mass unmoved by the impact. Heather winces, her hands and cheek pressed against his chest.

HEATHER

D-didn't see you there...

PANEL 5

As Heather walks past Aidan, her forehead sweating from too much lust and effort to control her urges, he grabs her by the wrist and calls out her name.

HEATHER

(thinking)

He's so HOT!

HEATHER

(cont'd;thinking)

TOO hot!

HEATHER

(thinking)

Can't stay here, or I'll... I'll...

AIDAN
