

PonyASMR – Audition for Princess Luna.

Thank you for applying for the role as Princess Luna. PonyASMR is all about immersion and try as hard as we can to make the people listen feel like they're transported to Equestria and it is our goal to make the characters sound as close to their show counterparts as possible.

We will explain the pay for the job once we've settled on but it can be said already that you'll be well compensated for your time, as you should be.

Should you be picked you will be needed to do a quick recording or two for an introduction of your character for the PonyASMR channel.

Instructions.

Please record the following lines, at least one take per line. Use the best microphone you have; we need to make sure that you have the equipment you need to record.

You can record it all in a single file or in a separate one for each line if you'd like.

There are two tones we want you to record in. The first is the normal one, just like she sounds in the show. We need this to see how well you two matches up.

The second one, ASMR tone, is also supposed to sound like the show counterpart but more hushed and relaxing than she usually speaks. We need this to make sure you can deliver the ASMR feel.

After you're pleased with your recording you can send it to

PonyASMR@gmail.com and make the subject line out to be *Luna Audition*.

Best of luck to you and thank you again for applying.

Lines:

Luna (NORMAL TONE) : *Don't worry friend, you're in the Dreamscape now. Nothing can or will hurt you here...Unless I will it.*

Luna (NORMAL TONE, Jovial): *In your dreams.*

Luna (ASMR TONE, an incantation):

Beautiful dreamer, adrift in the astral sea.

Lost thine way under the endless tapestry.

Woven from starlight and vast ebony.

Let your soul drift close as I purify thee.

Beautiful dreamer awake unto me.

Luna (ASMR TONE): *Rest easy now young one. The stars stand guard over thee.*

(Please note that the patrons of PonyASMR are allowed to listen to the recordings as well)
