

NONESTOP GROWTH NOVEMBER

ゴゴゴゴゴゴ

THE AFTERMATH - PART 1

Saying the events of the Nonestop Growth November had a lasting impact on the world can be considered nothing but an understatement

After all, large parts of the world are covered in milk and there is a new twin planet surrounding the world...

I've been stuck here
for 3 days by now...

I've run completely out of water and food.
That giant wave destroyed my entire stash...

Ah, what to do, what to do...

Maybe I should try that milk? It
doesn't seem to decay at all

I mean I could give it a try...

If this won't work I'm fucked

OHH? It's actually quite good!

How refreshing!

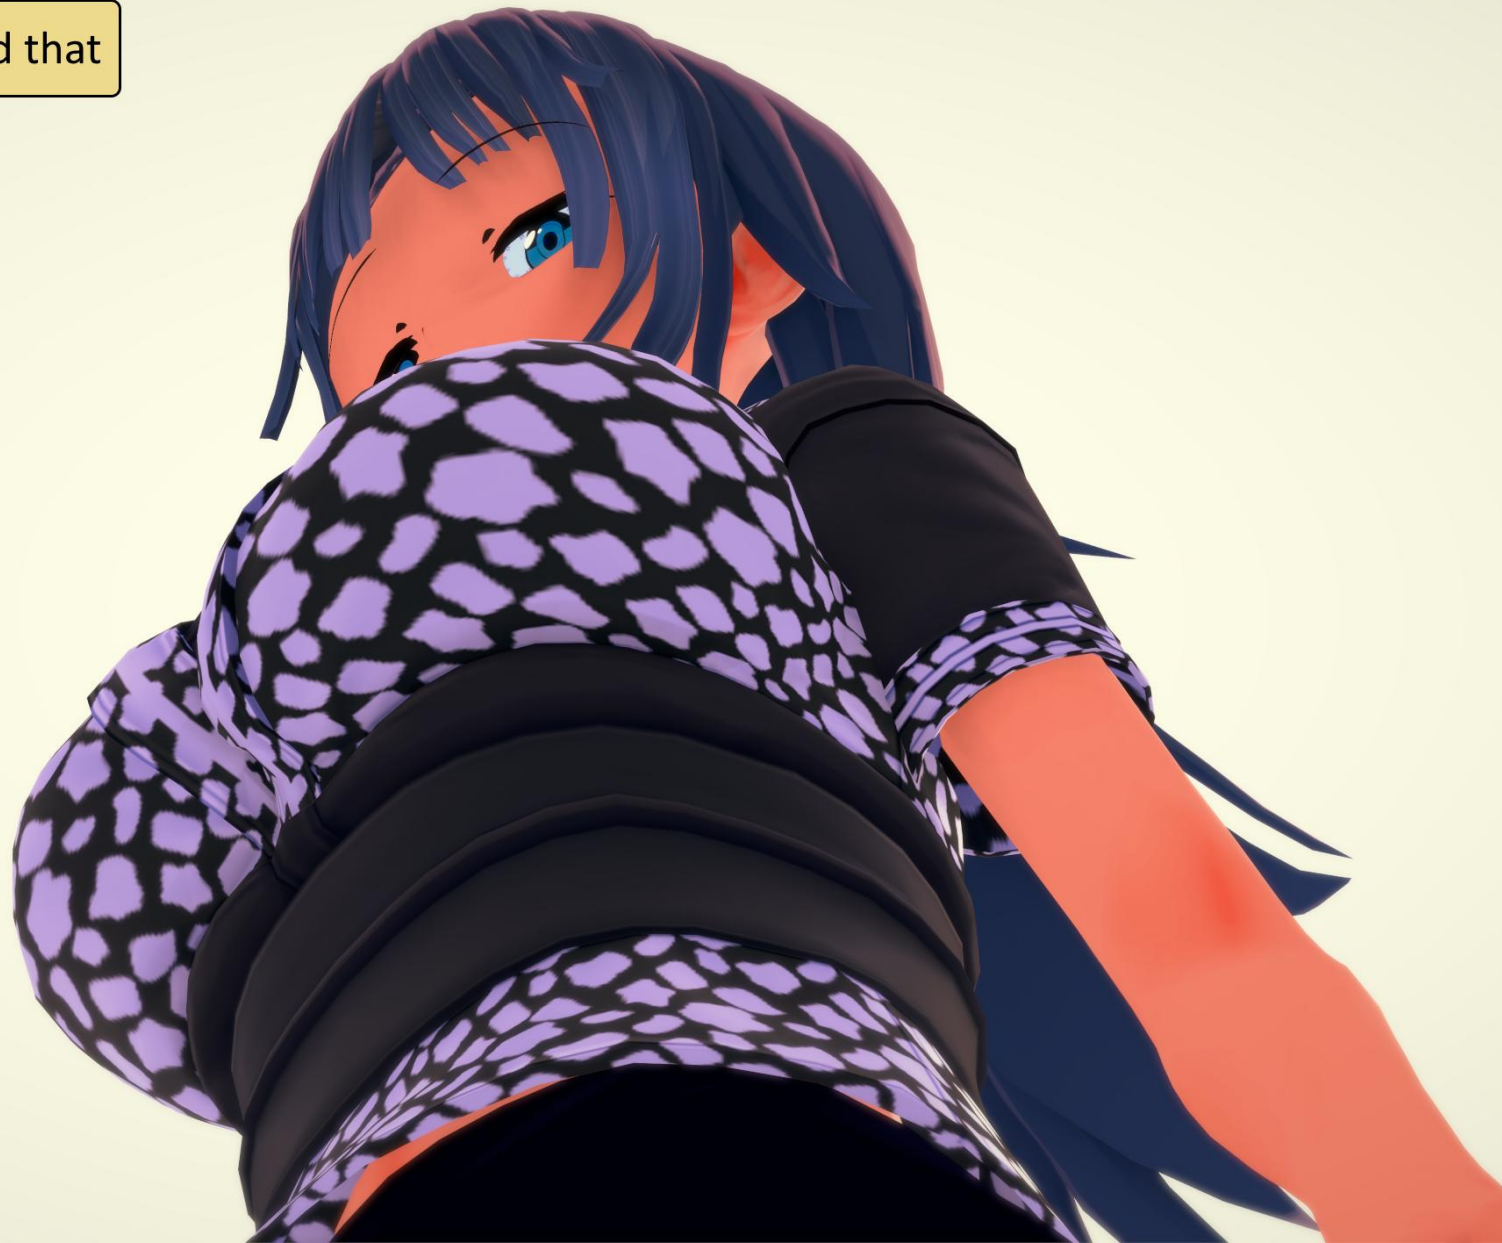

As it turns out females grow up to double or even triple their size after drinking from it the first time

And in some really rare cases...

...they grow even beyond that

This should be it

Alright chat, It's time to rate another viewer's roof on my journey here

No matter how much they all grow...

...the record of tallest person in the world
always remains with the same woman

And you all should already know her

Mom! Dad! Look! She is taller than you

That is so cool!

Hello there, little one

I want to be like her when I grow up

And you will when you pray
to the milk goddess a lot

Ain't that right honey?

Not the monster

...and if you don't behave the monster is going to come for you

Oh god...
She's pissed

Ah yes, the tale of the monster
and the hero... the thing the
entire world talks about now

One day an evergrowing monster
of pure horniness appeared and
wanted to devour everything

Its growth was staggering and it engulfed entire continents

When all seemed lost, a
lone hero stood in her way

In the end she outsmarted the monster and
after a grand sacrifice they both vanished

A 3D-rendered anime-style woman with long black hair in a braid, wearing a light blue bikini. She is standing in a suburban setting with a clear blue sky, a house on the left, and a tree on the right. The scene is brightly lit, suggesting a sunny day. A yellow text box is in the top right corner.

This tale and the worldwide events
sparked four different beliefs

The first one views everyone
as human, no matter the size
we are all equal in the end

The second belief is about the silver haired messiah who appeared the moment the other two vanished

It's followers believe she is the reason why everyone was saved. It's humanity's duty to migrate onto her as she holds all the answers

The majority of humanity actually believes that it is indeed the hero who saved them all and she left her mortal body to become more. They believe in a goddess who protects the universe and creates new space and life

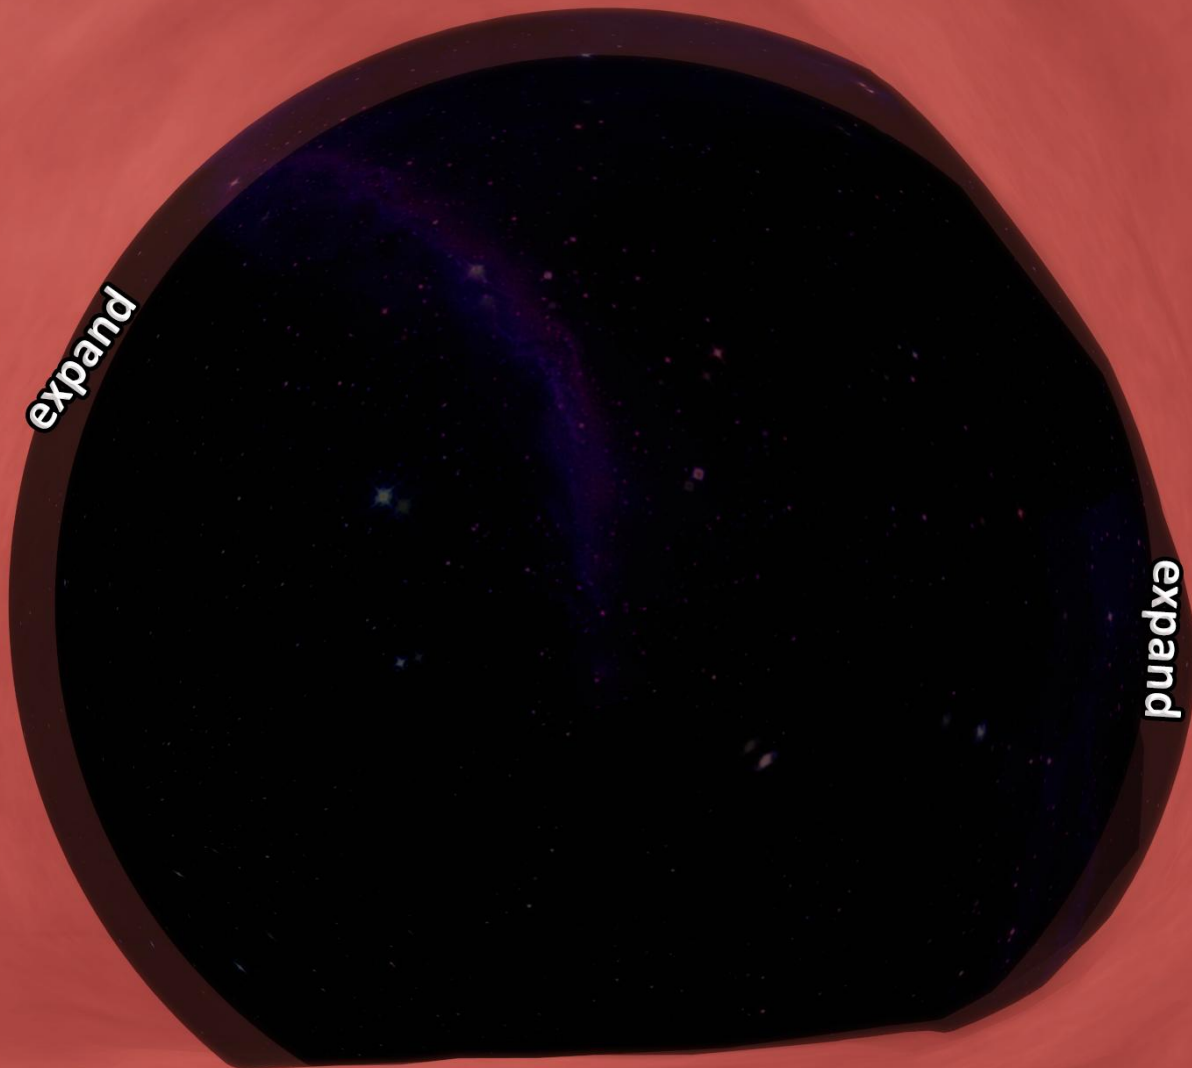

The last major belief is a cult surrounding the monster

Her followers claim she is still ~~among~~ around us and it is humanity's purpose to pleasure her and become one with her

In the end all beliefs have
some kind of truth to them
