

Bimbo Nurses - Chapter 11

I hope the authorities don't clue in to all this suspect bimbo activity, but if they do then who ya gonna call?

I like the new location, Dad. You should do fairly well here.

It's fine I guess. I couldn't risk staying at the old place after the break-in.

The night of the living Bimplants (the night before the beginning of *chapter 5*) - Doctor Putishka's office. We show the empty reception area. We can hear Kindra and Doctor Putishka talking in the other room. They talk about his having moved the office after the break-in that occurred in *Implant Trial*.

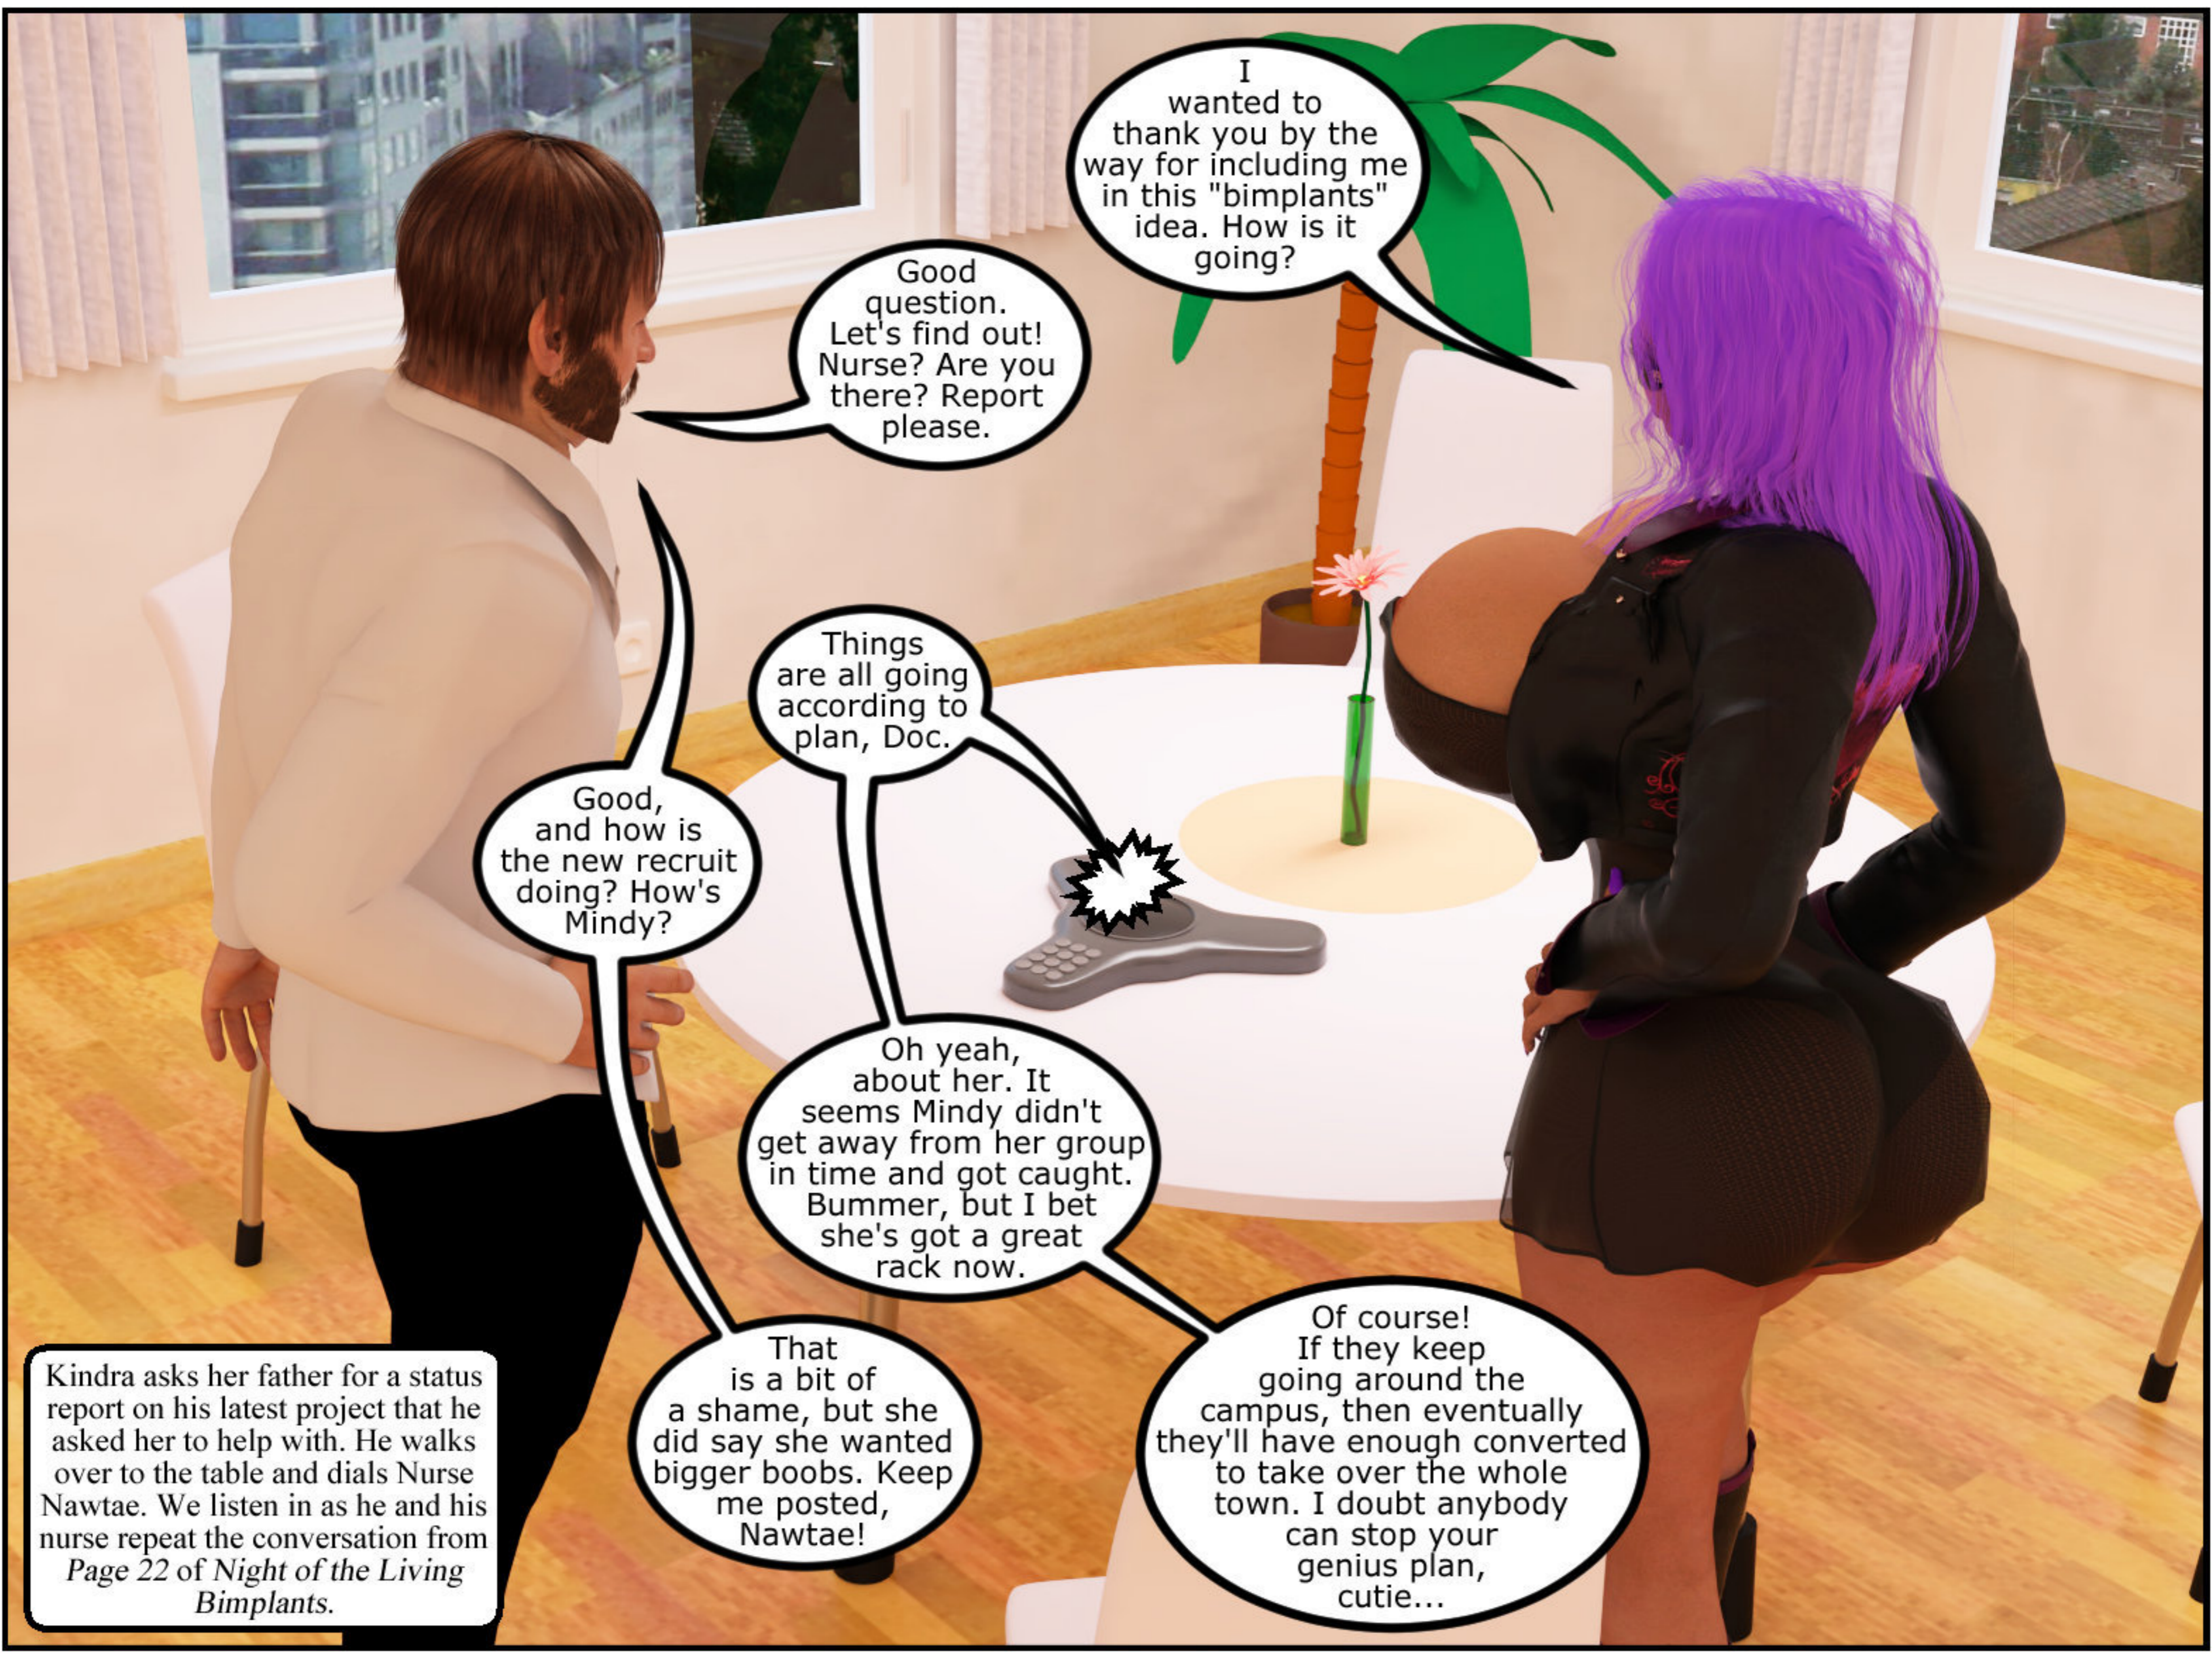

I must say though, you are looking a bit more... "robust" since I last saw you. It's a very hot look for you.

How are things going between the two of you?

Fine, fine. She's... uhhh... "busy" with a "special" client right now.

giggle
Thanks! Misty gave me a little bit of help with my new look.

We pan the camera through the door and into the other room. Kindra and Doctor Putishka are enjoying some small talk. The doctor especially is admiring his considerably more voluptuous daughter after the events of *Salon Tan Booth*. She is definitely a woman after his own heart.

I wanted to thank you by the way for including me in this "bimplants" idea. How is it going?

Good question. Let's find out! Nurse? Are you there? Report please.

Things are all going according to plan, Doc.

Good, and how is the new recruit doing? How's Mindy?

Oh yeah, about her. It seems Mindy didn't get away from her group in time and got caught. Bummer, but I bet she's got a great rack now.

That is a bit of a shame, but she did say she wanted bigger boobs. Keep me posted, Nawtae!

Of course! If they keep going around the campus, then eventually they'll have enough converted to take over the whole town. I doubt anybody can stop your genius plan, cutie...

Kindra asks her father for a status report on his latest project that he asked her to help with. He walks over to the table and dials Nurse Nawtae. We listen in as he and his nurse repeat the conversation from Page 22 of *Night of the Living Bimplants*.

This is excellent! Far beyond my expectations. Soon the whole town will be nothing but bimbos!

There you go again. Getting ahead of yourself. Not to be a party pooper, but the night isn't over yet.

Doctor Putishka is very happy with the progress report provided by Nurse Nawtae. He cannot wait to wake up the next day to find that the entire town is nothing but a bunch of horny, ditzzy, and very busty bimbos. Kindra doesn't mind the idea either, but reminds her father that the plan hasn't been completed just yet. "Don't count your bimbos before they bloom", as the old saying goes.

The next day...

How could this happen!? It's a disaster! The whole plan is ruined! I'll have to close the office and go into hiding. I can't let them find me.

Close down? Go into hiding?! Do you really think it's that bad?

Unfortunately for the doctor, his daughter's predictions have proven to be true. The next morning he does not wake up to find an entire town full of lusty, busty bimbos. The plan has failed. He rushes to the office and calls Kindra to come help him pack his things. He will have to leave for a bit.

Yes,
my dear.
I really do think
this is necessary
for me right
now.

If you
say so. Stay
safe, Dad! We will
sort this out and get
you back here
in no time
flat.

Doctor Putishka calms down a little after his panic attack and answers Kindra's question. He elaborates that he should be safer, for now, if he goes into hiding. Kindra leans in and hugs her dad, comforting him in his time of crisis and promising to get him back in his office soon.

Hey Nawtae! Thank you for coming in today.

Is he going to like be OK? I can't believe he is really leaving. He's done so much for us!

Kindra walks out to reception to give her father a minute to collect himself, and also to check to see if any more help has shown up. She finds Nawtae standing there, looking worried, because she has accidentally heard Kindra's talk with Doctor Putishka. She gives her a quick kiss and heads for the front door.

He'll be fine. Don't you worry! How's Mindy? Will she join us?

Back to normal, but kinda tired. She should be at the XXXL club tonight.

Meanwhile, a lone figure has walked up to the front door on the outside of the building. It's Caroline, but she isn't here to help. She is here for her own reasons. Caroline stops short of entering the building though when she sees an interesting poster hanging on the wall outside.

Damn!
Now those
are some tits!
And look at that ass.
I hope the doc can
make me look
like that.

Oh!
Hi there.
I'm sorry, but
the office is
closed for
the day.

Shoot!
I guess I
came all this
way for
nothing.

Wow! She's got
quite the rack too!
And what a juicy ass.
If she's an example
of his work, then I'm
going to look so
fucking hot.

*Tits and ass for days
All I need is a dick to suck*

In fact, Caroline wasn't even called. She turns at the sound of the door opening, and Kindra exits the building. The two ladies greet each other. Caroline stares openly at Kindra's fat tits and scrumptious ass. Kindra catches her staring as she leaves and gives her booty a slap.

The following day,
shortly after the
events at the pool...

I
just don't
like understand
why we can't
go.

Well
I think
I've got all the
things that
I need.

I am
sorry ladies,
but no. I am trying
to be inconspicuous. You
two are many things,
but subtle isn't one
of them.

You
should not
go alone, doctor.
You need company
at the very
least.

Doctor Putishka is almost fully
packed by the following day. He
plans to leave the next day. He is just
double-checking that he hasn't
forgotten anything, while Mindy and
Nawtae try to convince him to let
them join him on his trip.

Hoping to persuade him through other means, the girls instead suggest they have a bit of fun. They strip his clothes off and then kneel at his feet. The two of them take turns sucking him off, giving Doctor Putishka the messiest blow jobs they can manage. Nawtae hears the front door and excuses herself for a bit.

Nawtae enters the reception area to find Missy there, who she hasn't seen since *Implant Trial*. Missy asks Nawtae if it's true that Doctor Putishka is in trouble with the law. Nawtae is surprised that Missy knows this. Missy then tells Nawtae that she has a proposition for the Doctor.

Hey Nawtae!
My friend Lana told me about what happened on campus. Is it true that the doctor is in trouble?

I'm surprised you heard and got here so fast.

Well I hurried over because I have a suggestion for him that might help.

Hello!
I... uhhh...
didn't expect this
kind of operation
to be in
progress.

giggle
Missy, this
is Mindy. Doc,
she has an
idea.

I'm
always
happy to "receive"
one of my favorite
patients, and hear
her advice
too!

Awesome!
I sincerely
appreciate your
work, and I've more or
less gained the same knowledge
you have. I could sub in for
you and keep the place
open, but my price is
another session in
the chair.

MmmmpPppHhh!!

The two busty beauties walk into the other room, where they find Mindy still sucking away. Missy is a little surprised but greets the Doctor. Nawtae introduces Mindy, who waves and chokes out a hello past a mouthful of cock. Doctor Putishka is happy to see one of his most successful patients and is eager to hear what she has to say.

God!
I can hardly
wait. Just thinking
about this is
making me
wet.

I
really enjoy
using it too. It's
fun watching
the reactions.
giggle

Lol!
Like watching
the smarts drain
right out of
their brain?

Missy offers to take over the office
for him while he's gone. She has
gained more or less the same
knowledge he has through magic.
There is a price though. She wants
another session in the chair. The
Doctor is intrigued and sends
Nawtae to get the chair. She straps
Missy in and cranks it to maximum!

Yep!
For sures!
Ready or not,
here we go!
Chair to
MAX!

I
don't
know if you
need to turn
it up...

MooOoAaaanNn!!!

Mmmm.
Watching her
work always gets
me so hot and
horny. Fuck
me, Doc!

Well...
since you
asked me so
nicely then I guess
I really don't
have much
choice.

Mindy and Doctor Putishka are watching the proceedings. Mindy is standing up, and is absent-mindedly stroking the Doctor's cock with one hand. Still very aroused, and getting more so by the minute, Mindy asks the Doctor to fuck her. He doesn't need to be asked twice.

Fuck!
You feel
so good. You and
Nawtae are always
so tight and
wet.

FffuUueCckKk!!

Doctor Putishka pulls Mindy to the floor and moves enough of her outfit out of the way to slide his throbbing cock inside of her. He starts slow, but soon builds up his speed until he is thrusting away with abandon. Mindy melts and moans at his pulse-pounding pace.

I
can't
believe you came
back for more, Missy.
You're such a horny slut.
Just a cock hungry, cum
whore. Nothing but
a ditzy, nympho,
fuck doll.

YyyeEees\$\$\$Ssss!!

As the machine reshapes Missy's mind, Nawtae leans down next to her and whispers encouragement in her ear. Unlike the first time the chair was used on her, Missy doesn't resist in the slightest and eagerly accepts the machine's reprogramming.

Watching Nawtae work on Missy is incredibly arousing, and so is the pussy pounding that the Doctor is giving to Mindy. The two of them soon orgasm explosively. Doctor Putishka leans back and moans out his pleasure as his cock covers Mindy from pussy to face in his thick, creamy man-juice.

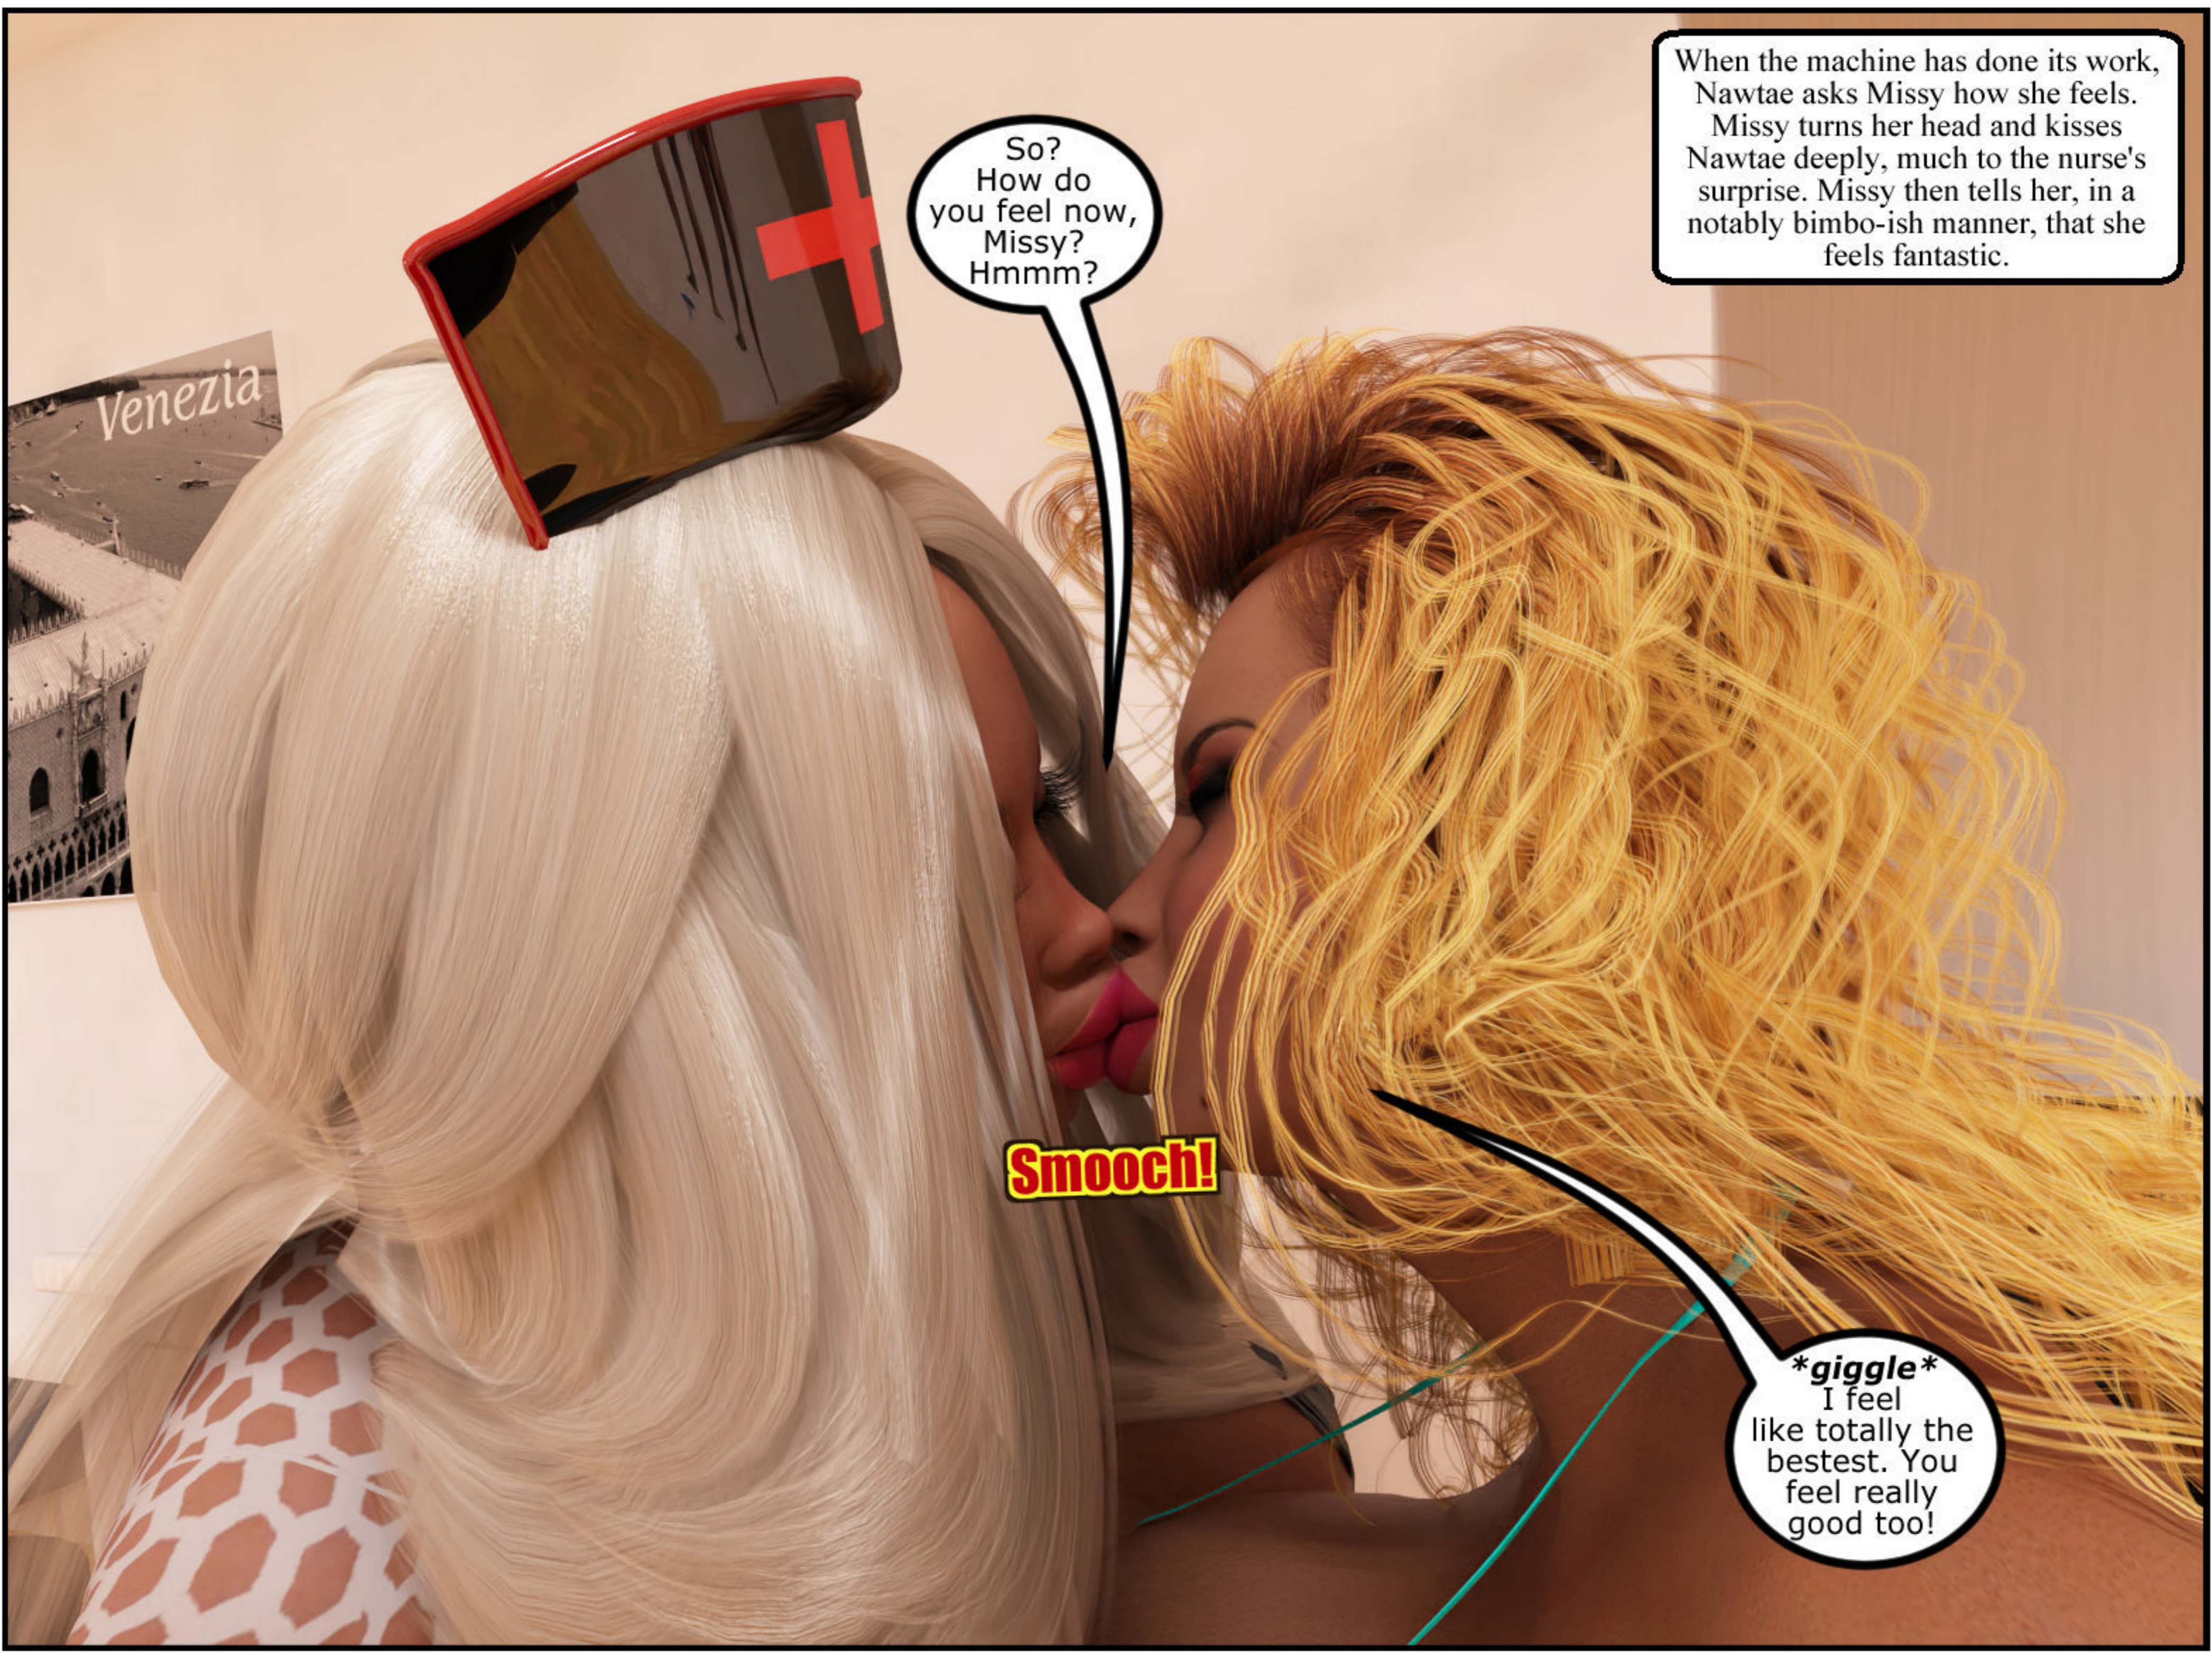

MmmMmmMmm!!!

Splurt!

Splurt!

QqQqohHhh!!!

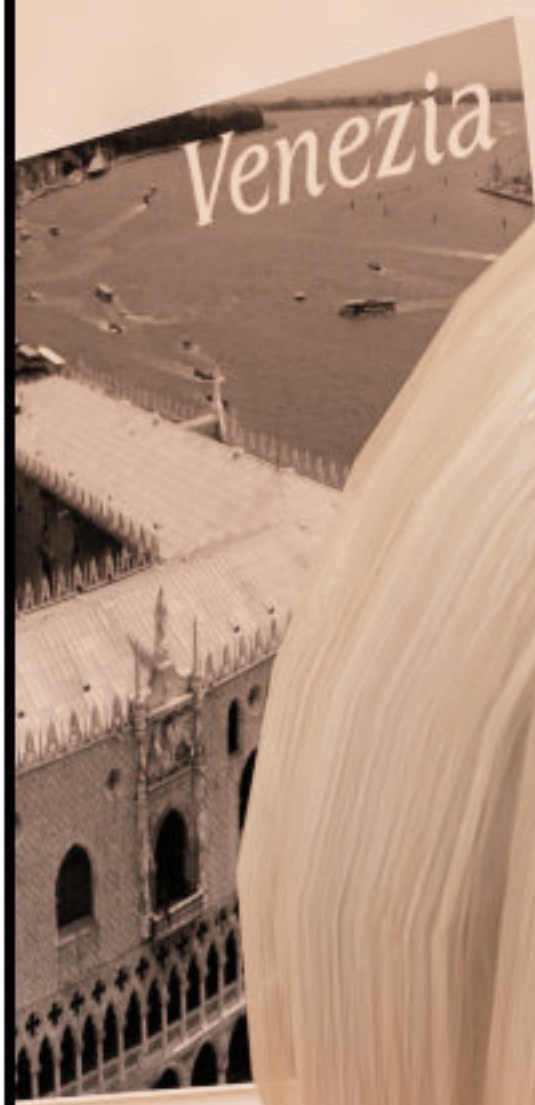

So?
How do
you feel now,
Missy?
Hmmm?

When the machine has done its work,
Nawtae asks Missy how she feels.
Missy turns her head and kisses
Nawtae deeply, much to the nurse's
surprise. Missy then tells her, in a
notably bimbo-ish manner, that she
feels fantastic.

Smooch!

giggle
I feel
like totally the
bestest. You
feel really
good too!

giggle
Good!
you look pretty
damn hot as
well.

Like
thanks!
You're really sexy
too. I like your
big, jiggly
boobies.

After the kiss lingers for a little while, Nawtae releases Missy from the chair. She stands up and the two of them return the chair to its closed state. They admire one another for a moment, before Missy remembers that it has been a while since she has used her ability to reshape herself. She starts by tanning her skin.

And I
can like
totally be even
hotter.
Watch!

TANNED!

Missy lightly traces one hand across one of her bloated boobs and watches her skin darken to a golden bronze. She did tell Nawtae that she could be hotter though, not just prettier, and decides that more of an hourglass shape to her figure would be nice. With that thought, her waist pulls in slightly.

Mmmm.
That's a nice
"fresh from the
beach" look, but
maybe a few
more curves
too?

Slim!!

Like really big ones! Big? That's not right. Ummm... Really... I know! Really curvy curves!

Though Missy already has quite the hourglass figure, so maybe it'd be more accurate to call it an exaggerated hourglass. That is certainly what it is quickly becoming as her hips widen and her thighs thicken in contrast to her narrow waist.

Wider!

Thicker!

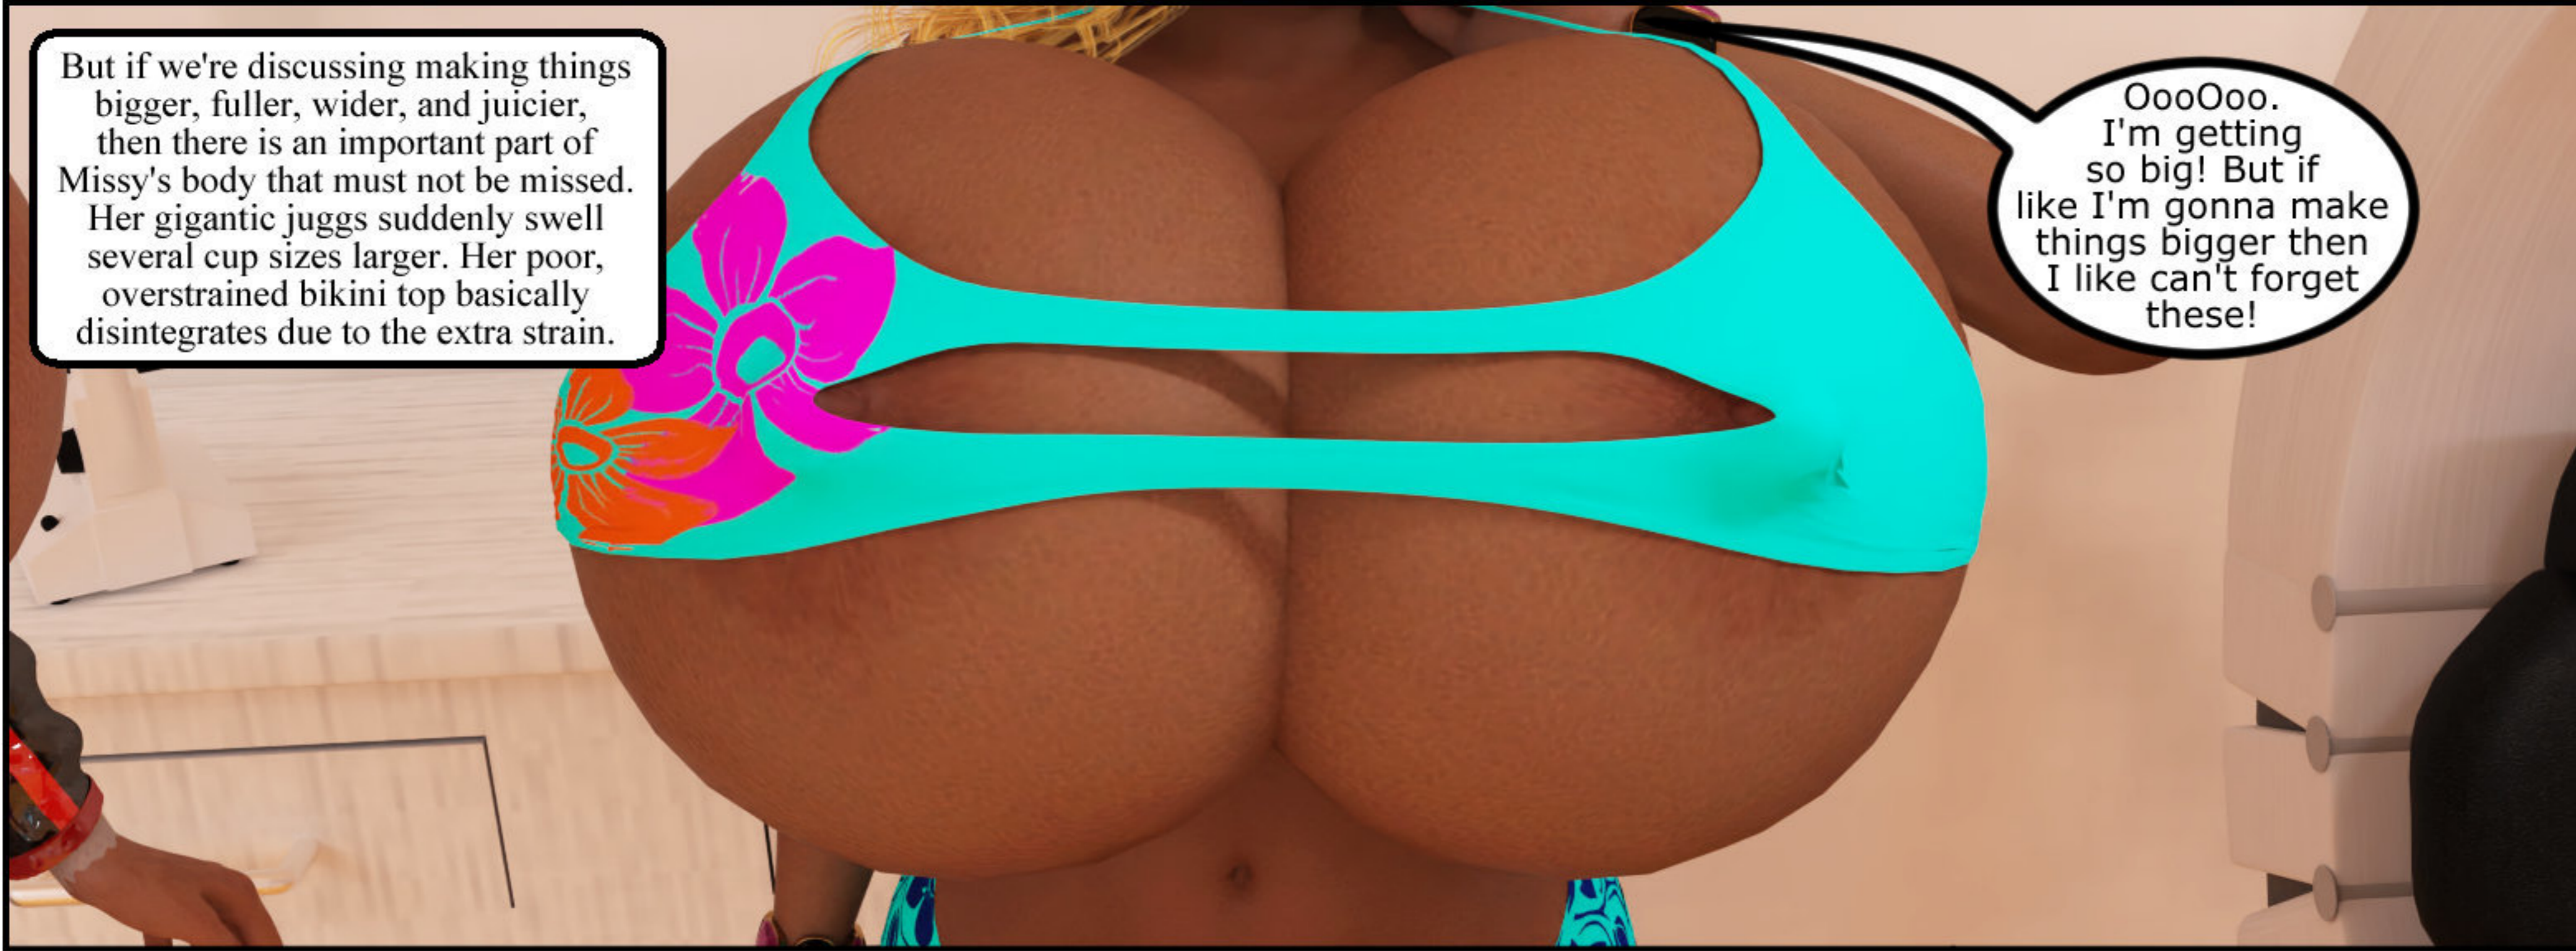

Missy could easily stop there and her sexiness factor would have gone up by quite a lot. But she really likes Nawtae's ripe, bubble booty, and has maybe even been a bit jealous of it. Plus, wide hips and thick thighs almost demand a fat, jiggy ass. So Missy makes her big booty even juicier than it was.

That's better! You know what I need now though? A fat, jiggy booty! I've like always been jelly of yours.

Juicier!

But if we're discussing making things bigger, fuller, wider, and juicier, then there is an important part of Missy's body that must not be missed. Her gigantic jugs suddenly swell several cup sizes larger. Her poor, overstrained bikini top basically disintegrates due to the extra strain.

OooOoo. I'm getting so big! But if like I'm gonna make things bigger then I like can't forget these!

Explode!

I feel like it's still missing something - one last touch. Oh! I know what I can do.

With her overstuffed body now pumped up and out in several directions, Missy pauses to think for a moment. She feels like she is still missing something. One final thing to finish off her stupendous, mega-hottie look. Something like platinum blonde hair!

LIGHTER!

So Doc?
Have I made
up your mind yet?
I'll take **good**
care of your
nurses.

I
guess it's
better than shutting
everything down.
OK! You've got
the job!

I
might have
an outfit you
can wear.

Wanna
go again,
Doc?

With her alterations finished, Missy asks the Doctor if she's managed to convince him. When Missy says suggestively that she'll take good care of the nurses, Doctor Putishka acquiesces. Besides, it's not like he has many options, and he could certainly do a lot worse. Nawtae tells her new mistress that she has an outfit that should fit her.

Well it looks like you've got things well in hand here. I guess I should finish up my packing.

Oh! Do I get to fuck her now?

You have great taste in bodies!

Mmmm. I love it! You have great taste in clothes, Nawtae!

Nawtae retrieves the outfit she had in mind for Missy, and everyone watches as she changes into it. The sight pretty much gets all of them turned on all over again, but Doctor Putishka feels a little left out with all that sexy flesh on display. He worries a little that maybe he is not needed anymore.

The story will
continue in the
next part.
