

**Deathshro  
ud NMM  
gold  
Step-by-step**

# ◆◆ Paints required:

## ◆◆ NMM gold

- ◆ - Mahogany brown (Vallejo mc)
- ◆ - Averland sunset
- ◆ - Ivory
- ◆ - Mournfang brown
- ◆ - Rhinox hide
- ◆ - Tan yellow (Vallejo mc)
- ◆ - White
- ◆ Red leather

**Basecoat the trim with a 1:1:1 mix of mahogany brown, rhinox hide & mournfang brown.**

**We now start glazing the frame of the light reflections. Add 1 part of averland sunset to the previous mix & 3-4 parts of water. I have added a video reference for how to glaze a NMM steel trim in the post description.**

**We now glaze more towards the middle of the light reflection by adding 1 part of tan yellow to the previous mix.**

**We now make a 1:1 mix of averland sunset & tan yellow and glaze the middle of the light reflections.**

**We now add 1 part of ivory to the previous paint mix, and glaze the very middle of the light reflections.**

**We now shade all the areas still covered in the basecoat with a 1:1 mix of mournfang brown & rhinox hide & afterwards shade all the deepest recesses with pure rhinox hide. Add 3-4 parts of water to both. We furthermore edge highlight the trim with a 1:1 mix of averland sunset & tan yellow.**

We now add 1 part of white to the 1:1:1 mix of averland sunset, tan yellow & ivory, & leave just a couple of dots in the very middle of the light reflections once again. We furthermore highlight all the nails with pure white.

Ekstra touches - Optional: glaze the previous shaded areas with very thinned down red leather – add 4-5 parts of water.

**Shade deepest recesses with a 1:1 mix of rhinox hide & abaddon black. Add 3-4 parts of water.**

**Scratches: Paint very thin lines & dots with Mahogany brown (on the brighter areas) & highlight underneath them with a 1;1 mix of tan yellow & averland sunset. Done!**
