

The first time I met Crush..

I was only six years old.

Is it really safe?

Yeah, Luecid is supervising them in case things go South.

I already told him to pull the plug as soon as she shows any sign of dis-comfort.

Let's just hope this works..

Go on!

Say hi, sweetie.

...

H-Hallo..!

What's your name??

I-I'm Mae..!

When I first met him, I was six.

And he couldn't even tell me his name.

It took about a month for him to actually speak.

But once he started talking, he couldn't stop.

Clush..

Crush??

I always assumed he was just quiet,

But it wasn't the case at all.

The more we hung out, the more I realized..

I won't be seeing you anymore! My mom and I are moving to Dan City..

That this kid..

Yeah, I heard.

..Is an amazing actor.

Don't go finding a new best friend to replace me, alright?

HA HA

I would never!

How does it feel?

It's.. a little big on me?

Obviously, This is a second hand suit from the costume department.

We're gonna tailor it to fit you later!

H-how does the material feel?

WOAH

It's.. nice, I suppose?

This is a newly synthesized fabric from Sector 6.

It's supposedly stab-proof!

WHAT?! Why would it need to be stab-proof??

Am I gonna get stabbed?!

Nooooo!! Of course not~

I'm 80% sure nothing bad will happen to you guys!

Wh- Only 80%??

Come one, You're scaring the shit out of him, Leong!

Why would I need protection?

Isn't this JUST a wedding?
