*I was lucky
to meet with
people who
made this.*

*They are

*I haven't seen them,
but I already love them.*

*I love them too,
it's fantastic.*

A 3D rendered woman with dark skin and hair pulled back is standing in a room with white walls and a wooden floor. She is looking towards the camera. A speech bubble is positioned to her right, containing text. In the background, there is a framed abstract painting on the wall and a doorway leading to another room with a dark, textured floor.

Hmm, I don't need to redo my makeup, it still looks great.

I'll be back quick,
get some clothes.

Okay!

A 3D rendered woman with dark hair styled in a bun, wearing heavy makeup including dark eye makeup and dark lipstick. She is standing in a shower with dark, marbled walls and a glass door. She has her hands near her face, looking towards the camera. A speech bubble is positioned to her right, containing the text "I think this is spectacular make-up." The scene is lit with soft, warm light, creating a moody atmosphere.

*I think this is
spectacular
make-up.*

Tits are also
spectacular.

God...

And here I am.
