Chapter One- Maid's Funtime in Breaking the Monochromatic Duo Weiss and Blake (Robotic Maid, Enchantress x Weiss and Blake)

Somewhere inside of Vale and in one of the upper-most residential areas closest to Beacon Academy...

Blake Belladonna was anxious to unwind after a long day of work tending to every small-time Huntsman mission she could find. Activity with Grimm had been at an all-time low for the past few months ever since they had defeated Salem and moved on with their lives in peace, this, unfortunately, left the Faunus girl with little else to do outside of relaxing with her girlfriend Weiss on her days off. The two of them, one being a Faunus and the other being a Schnee, had hit it off sometime earlier in the midst of world-ending chaos that had come with all of the destruction that Salem had brought when visiting Mantle. Needless to say that a lot of 'stress relief' was needed and had ignited something between the two of them on a night where they officially became lovers. They had moved in together once the hard-fought battle was finally won and Remnant became safe again.

Blake, right now, was currently wearing some rather breathable clothing which consisted of a tight-fitting pair of black leather pants, a stylish and loose-fitting white long sleeve shirt that opened up around the midriff to show off her feminine physique. She kept her ribbon worn over her cat ears at all times as a form of signature aesthetic and familiarity she was comfortable with. She had remained beautiful with her youthful looks, fit body, and had grown out her hair again till it was long and wavy like it was before. She knew that Weiss liked that part of her highly sexual appeal and loved running her hands through it whenever they started making out with each other.

'Finally, a long, boring day has come to an end. You'd think that with no Grimm being around or criminals being as aggressive as they used to be, things would be a little less....boring and remain enjoyable. I actually miss fighting for my life and I hope Weiss doesn't think that'll be 'emo' of me to say later when I tell her how today went.' Blake thought to herself and slid her Scroll down the ID lock of their expensive two-story suite, arriving inside and noticing that Weiss was not yet there.

She took off her sleek, fashion designer combat boots and placed them off to the side before heading upstairs. Blake ran her hands through the long, wavy mane of her luxurious dark hair with a sigh escaping her lips as she walked up into their shared bedroom, seeing it remain as tidy as it always does before going over to the dresser to fish out a fresh change of clothes. She saw the many toys she and Weiss shared, finding each one to be as unfulfilling as the last and hoping that they'll one day find a more 'sufficient means of pleasuring

each other through lesbian sex. The two were insatiable for sure, but sometimes they needed a buffer in the form of a double-ended dildo or a vibrating strap-on to really make the intimacy profound and not mindless.

"Sigh, if only there had been some kind of invention from Atlas with that purpose in mind. It's too bad they focused all their efforts on making robots and high-tech weapons before its collapse. Maybe I'll get lucky and Weiss will consider using her Glyphs as a makeshift solution of icy dildoes later today. Either that or summon something with a phallus." Blake said to herself before grabbing her clothes and heading over into the shower.

After stripping everything from her top to her pants, Blake stood naked with her hands gently running down her sides before undoing the ribbon over her ears. She took it off and got into the shower, letting the hot soothing waters melt her stress away while a mysterious figure started making its way to her front door. Blake ran her hands through her long mane of soaked black hair, thinking back on how and when she had hit it off with Weiss a while ago.

The girl could remember her having a bit of post-traumatic stress when seeing more Atlas soldiers fall to the Grimm while her sister fought on in the background as a full-powered Maiden. The terror of those days could still be felt even now, between each of them until Weiss and Blake sought comfort in each other and spent a passionate night in bed swallowing each other's flavor while grinding pussies together in frenzied lesbian passion. Blake would still blush at the memory, but she would sometimes hope things took a turn for the kinky with creative uses of toys and Semblance.

"Hmm, and people thought I'd be together with Yang after all this time. I wonder what the 'Me' of yesteryear would think of such a thing. I've always been bi-curious, but I wonder if maybe this is as far as it goes. Neither of us has been excited for each other sexually for quite some time now when we make love." She said to herself while continuing to soap up her naked body for the duration of the fifteen minutes.

The figure outside of the door waited with a creepy smile staying on her face, knowing when to make her grand opening as Blake started fishing up.

When she was finished, she stepped out into the bathroom with a towel wrapped over her wet and naked body. She reached over to pick up her black-lace brasserie and lingerie before putting them on. Blake had an ample set of modest C-cup breasts that jiggled more boisterously than Weiss's perky B-cups. Her ass remained as round and as fit as her waist was slim, giving her a bit of an hourglass figure for Weiss to admire at times. When she got out, she put her bathrobe back on and headed down to the living room to relax with a bottle of wine and a copy of the latest 'Ninjas Of Love' in her hand, until....

Ding Dong!

The doorbell rang, drawing Blake's attention and making her walk over to it with haste, hating that she had to answer it while still in her bathrobe.

"Who is it?" She asked while peeking through the view hole to see only an obscured figure placing her hand over it from the other side. Blake pouted a little as she opened the door swiftly with impatience.

!

A pair of thick head-sized breasts pushed into her face out of nowhere, making the cat Faunus sputter in surprise.

"Mmbbffpp! *Are these breasts?!*" She yelled out in a muffled shout before pulling her head back and seeing that they belonged to a very voluptuous and beautiful woman wearing a French Maid outfit. She had reddish blonde hair and bright green eyes that were almost mesmerizing for her to look at.

Blake could tell that she wasn't entirely human, seeing how she had strange nearly invisible seams appearing from underneath certain parts of her outfit and her skin. She was reminded of Penny instantly and knew this 'person' to be an android, one that was very beautiful in terms of design with an outfit that left Blake's imagination running wild. Her top was frilly and cut off enough at both points to show off her dangerous cleavage as well as her slender midriff with the seams showing underneath her skin. Her bottom was that of a typical mini-skirt with an apron worn over it, showing a pair of stocking-clad legs underneath with high-heel ladies boots worn at the bottom. Her hair was fluffy and shoulder-length, making Blake feel reminded of Yang in a few different ways, yet still giving off the vibe that she was a product android similar to Penny.

Behind the woman, a very large high-tech Vacuum in a canister shape with a few added gimmicks made it look mecha-shift. Blake was too distracted by the woman's beauty and remained in awe, staring at her with a blush on her face. She brushed a lock of her hair aside and gathered up the energy to speak when she first introduced herself.

"Good afternoon, madam, I am the Gynoid Maid Mark 1 and I am here to fulfill the needs of Weiss Schnee and Blake Belladonna, courtesy of a certain pair of sisters named Ruby Rose and Yang Xiao Long." She introduced with a sultry smirk on her lips before reaching over to caress Blake's right cheek as a surprise initiative.

"Huh...? what? Ruby and Yang sent you here and uh...why are you stroking my cheek like that?" Blake asked and felt a positive tingle running through her body as she continued doing it without pause.

"Yes indeed, I am here to fulfill all needs required of both women. And I do mean...! All of them. Physically, sexually, cleaning, cooking, and so on.~" She answered, making Blake sputter a bit in disbelief after hearing what the maid's functions were, she was instantly feeling tingles run down her lower body while they stood there in the doorway like this.

'Any...needs? And she means all of them? T-t-then this has to be some kind of highly advanced sex toy sent by Yang and Ruby to uh...help me and Weiss out without sexual boredom!' Blake figured and looked at the Maid, even more, feeling hypnotized by those emerald green eyes staring back at her while she affectionately ran a synthetic hand down her face.

The girl was positively feeling horny right now just thinking about what she could do with such a thing like her, simultaneously feeling very impressed by how advanced it was too. Blake only thought Penny was as advanced as they could get, but the way this maid looked made her think otherwise.

Looking back at her book 'Ninjas of Love', Blake pondered on what kind of degenerate fantasies she could live out with this robotic maid. She was reminded of all the scenarios, either in ancient Feudal Mistral or in a rich Lord's house somewhere in any of the many fantasy scenarios, that a female maid would always be seduced when serving her master or mistress. This made her bite down on her bottom lip as she welcomed the maid inside the house without any further questions.

"My own synthetic maid to seduce and live out a staunch fantasy with, I've got to really thank those two next time I see them," Blake said to herself, eying her synthetic servant from behind as she wiggled her hips just a bit in a vivacious side-to-side fashion that showed off how perfectly round her ass was. She brought the odd-looking vacuum in with her and stood on standby, waiting for Blake's first order of the day in which to pleasure her with.

Looking at her book again and remembering that she recently talked to Weiss about a different brand of erotic literature called 'Lords of Leisure and Lust', Blake wondered how Ruby and Yang were able to arrange this. They knew she was a pervert who loved reading smutty novels and fingering her womanhood to the depraved fantasies within, but they couldn't know where to find such a sleazy item like her books nor know where to find a highly advanced robot maid with the idea of sexual stimulation in mind. Ruby was too innocent and still somewhat naive, and Yang was just a party girl that'd rather indulge in sexual depravity herself than seek out books and robots.

'Hmmm, this has to be a mistake of some kind. No way Yang and Ruby could've ordered her for me, not unless my mom did it for them and credited it under their names. Still, this reeks of suspicion.' Blake thought to herself and locked the door to her house before walking over to the maid from behind, suddenly seeing it twist around before the eye could see and grab her by the shoulders before pulling her into a kiss!

"Mmm-hmm!?" Blake let out in a muffled groan of surprise, feeling the robot's cool yet synthetic plastic lips wrapping tightly around her mouth as though it was a lesbian lover to enjoy. 'S-s-she's making out with me?! B-but I didn't even order her to do that! I---! Oooohh...the way she's using her tongue is sublime...! Aahh...!'

Her thoughts of resistance soon melted once Blake started feeling the maid's synthetic leather tongue wriggling into her mouth and rolling itself around from within her cheeks while shoving it even further down her throat in the process. Those emerald green eyes of hers lit up as the hypnotic Prisma engine began to whirl with activity while 'Gyno' was making out with her.

"Hhmmhmm...*Schlupp..schlepp..schlepp..schlepp..schlepp!*...you *are delicious, Mistress. Would you happen to be satisfied with my performance right now?~" The Maid asked and resumed hungrily cleaning out Blake's throat using that magically stimulating synthetic tongue of hers to turn the girl's resolve into butter.

Blake's eyes were drooping into a half-lidded stare of pure orgasmic relief as she felt lost in the embrace, but just then, she saw Gyno's eyes beginning to light with miniature little stars in her artificial green irises. They started spiraling around into hypnotic patterns, lighting up with different colors as though seeing the magic of the rainbow coloring the stars in the sky themselves.

Hhhzzzz!

The maid internally hissed as a smile curved around the biomechanical corners of her lips while she was still kissing Blake.

'Those eyes.....oooooh....! Why am I feeling like I don't want to do anything to her? But rather, let her do everything to me? Those are really....pretty to look at alright, I guess she can do what she wants with me while I let this happen. One hell of a gift this turned out to be.~' Blake thought in a drunken stupor and started feeling Gyno's hands pull open her silken robe, revealing her voluptuous body in all its lingerie-covered glory before it started feeling up her breasts!

"Mmhmhmm!~" Blake whimpered pleasantly with pleasurable excitement when she felt Gyno's fingers gripping onto her tits and massaging them through the brassiere without mercy. Her robotic fingertips smoothly groped and prodded any place that was already sensitive to touch, making Blake start gnashing her thighs together like a patch of moisture started coming out from inside her panties.

The hypnosis was still running its course, making the Faunus girl docile and utterly unable to fight back even if she wanted to. She didn't and Gyno made sure her eyes continued spinning around in their usual hypnotic pattern, making Blake smile blissfully as they continued making out. Lips curled and wiggled against lips with Gyno exerting dominance and making Blake feel submissive while her tongue continued tunneling out her throat like it was a living serpent.

"Hmnmnghhh! *Ooohhhhh...yeah!*" Blake moaned from inside of her mouth in a muffled groan, making Gyno proceed to fondle her from down between her legs with her right hand next.

That synthetic, woman-shaped hand reached down and pushed open the girl's inner thighs, allowing her to explore the creamy splendor of her groin. A finger traced the outline of her mound and gently started rubbing itself along the surface, exerting a mild amount of pressure into her touch while Blake started screaming in fast-rising bliss.

"Mmmngghhh! *Uuuuuuhh!*" She hollered loudly from inside of Gyno's mouth until the frisky robot slowly took a step back, pulling her synthetic tongue from between Blake's lips. The cat Faunus was left looking dazed with a dream-like smile on her face and saliva sliding down from her lips once Gyno's tongue fully retracted.

"I can see you are eager to indulge in my 'Satisfaction' skills, allow me to shift into Mode D and we shall truly begin the 'Main Event' as you call it.~" Gyno cooed seductively and took a step back, she held out her arms and let her Maid outfit suddenly shift right before Blake's eyes.

The seams of her synthetic body drew each frilly cuff of fabric inside with her puffy sleeves, dress, and skirt all being exchanged in a fast-shifting transition of cloth being swapped out for leather. Suddenly Gyno's stockings had transitioned into a pair of thigh-high leather boots with high heels. Her skirt became smaller yet remained frilly and bountiful, leaving her thong-clad crotch above her synthetic pussy to be shown to all. Her waist was fully exposed yet a series of leather cords came out from the seams of her synthetic skin, interlocking with each other across her torso till they stopped at her breasts. Her Maid shirt was long gone and replaced with a short, tight-fitting leather corset with no cups holding back her voluptuous pair of F-cup-sized breasts. Each one now had some kind of clip piercing shown to be pierced through her synthetic nipples as soon as they were exposed in front of Blake's eyes. They still jostled about like beach balls, furthering Blake's arousal as she took in all of Gyno's new features.

'Okay, legitimacy aside, this has to be the best.....sex toy....ever.' She thought to herself and watched Gyno put on a regular Maid bonnet over her head, wearing a pair of black leather opera gloves on each of her arms. She looked exactly like a dominatrix would look like, only with a few Maid-themed aesthetics tacked onto her incredibly enticing appearance.

"Tee hee.~" Gyno winked at Blake, making the girl blush hotly before she saw the android snap her fingers with a smile.

Whhiirrrr!

Looking past her legs at her so-called Vacuum cleaner, Blake saw that it was now mecha-shifting into something else entirely. Even while hypnotized and partially drunk on arousal right now thanks to Gyno, Blake was astounded by what she was seeing the vacuum cleaner turn

into. Clicks of gears and parts were shifting into place as compartments opened up from the canister-like surface, showing several more hose-like tentacles coming out of it.

"Mnnhm!~" She whimpered with excitement and saw the contraption elongate to and raise itself higher into the air like some kind of portable table or bench. Instead of either of those things, it shifted into what looked like a make-shift SawHorse once the canister tilted its position to where it became horizontal. Four long, pronged legs were sticking out of it and the handful of hose-tipped tentacles hovered around in the air as though waiting for somebody to get on top of it already.

"Transformation complete.~" Gyno said whimsically as she pushed her left index finger into Blake's mouth, letting her gently suck on it like it was a dick and revel in the girl's lust-drunk state.

"Now, my slutty little Kitty, you are entirely too dressed for this.~" Gyno began with a surprisingly more human voice that was dripping in sadistic amusement. "Your Mistress commands you to strip."

Gyno pulled her finger out of Blake's mouth and delivered a hard slap of her right hand on the girl's ass from behind!

Smack!

"Eeepp! Mmnhhh! Yes, Mistress." Blake whimpered happily as she jumped up at the touch of the robot's hand smacking her ass like that. She really felt it due and it made her cheeks sting, but also caused her legs to buckle with ever-growing arousal as her sex began to moisten.

Her cheeks were blushing bright and she was breathing heavily now that she was in the mood for sexual splendor of the depraved kind. Tugging open her robe completely and letting it slide down off her shoulders, Blake stood before Gyno's prismatic eyes like a model posing for a work of art. She was bashful and shameless in her sex appeal, loving that her 'Mistress' was enjoying the view of her beautifully fit body in all its glory.

She reached back and undid her brassiere first, letting it fall onto the ground with her ample set of C-cup-sized tits bouncing freely from their confines. Gyno ran her synthetic tongue across her lips and kept her prismatic stare going, ensuring Blake will eventually succumb to her perversions fully without her needing to hypnotize her. The frisky Feline Faunus then tugged apart her black-lace thong and started sliding down her legs, wriggling her hips a bit as she does until her lightly-fuzzed peach came into the picture. Her folds were moist and her flaxen tuft of dark pubic hair was neatly trimmed, making Gyno's mouth water as she stepped out of her clothes and stood naked before her eyes.

Blake had a gloriously ample ass that had others beat. It was large and heart-shaped and it made Gyno want to bend her over and fuck her backdoor already, but Blake needed to have her time with the SawHorse first before she could have her fun.

"Good, my little slutty kitty. I can see that it brings you great pleasure to follow your mistress's command. You must naturally be a submissive little kitty in need of some taming. I'll be more than happy to do that for you, but first.....!" Gyno remarked with a lustful smirk and brought her hands back to Blake's head, pulling her into her sizable breasts and sliding a nipple into her mouth!

*Schlup!

"*Mmhmhmmh!*" Blake let out a loud muffled groan as she felt the synthetic nipple pushing past her lips. She reacted on reflex and started hungrily sucking on it like there was no tomorrow, making Gyno croon with pleasure already since she could feel Blake nibbling on it like a kitten sucking on its mother's teat.

"Hnnngghhh! That's it! Taking to it so quickly, are you? *Giggles* Well then, have your reward early and feed off of my 'Milk', Blake Belladonna. You'll come to find that the flavor is highly addictive.~" Gyno said while feeding the horny woman a healthy leakage of Aphrodisiac-laced milk that she took to gulping down with glee.

Gyno could hear the drinking sounds coming from her lips as she gulped down ounce after ounce of rich, creamy milk laced with a special aphrodisiac inside. It would make Blake even more intoxicated with mind-addled lust than she was already, furthering the likelihood of making her Gyno's new toy. She held her hands around her head, keeping that face of hers smothered between each tit with lips hungrily sucking out everything she could drink down.

Gulp.gulp...gulp.gulp.gulpp!

"Mmmnnghh!* Mistress! Mistress...!*" Blake moaned loudly with dreamy-looking eyes that reflected the prismatic glow of Gyno's face when looking up into her charming face from below. The Android maid simply giggled playfully and winked at Blake while running her hands through her dark hair and feeding her more of her aphrodisiac-laced milk.

Looking behind her from the side of her right shoulder, Gyno mentally commanded the mobile Sex Machine to start coming forward. It may have been a Sexual SawHorse at first, but it was a multi-function tool made to please and 'Claim' her new playmates sexually in all manner of ways. It had mecha-shifted wheels on the tips of each of its legs and started moving quietly on its way over to the girls from behind. Gyno smirked slyly and shifted her footing, quickly turning their embrace around so she could put Blake in front of the machine as it came closer. Her back was facing it and the canister-portion of the device mecha-shifted into a smooth-surfaced table at Gyno's command. With a reluctant shove that forced the girl off of her breasts, Gyno gently pushed the milk-hungry kitten off of her tits and tossed her onto the Sex Machine's leather-like table surface like so.

"Oooof! Mistress?!" Blake shrieked in confusion as she was forced onto her stomach with her supple ass sticking out into the air in front of Gyno's smiling face.

"There, now you can arrange your body properly for what is to come next, Blake Belladonna. Fu fu fu. Allow me to show you the true extent of this device. Trust me, you'll come to love it more than you can imagine.~" Gyno expressed as the tentacles that hung into the air started moving.

Two of them went down to pull Blake's wrists up and bind them together, forcing her to remain on the table while another two coiled around her ankles, keeping her legs spread apart while her pussy and asshole were exposed entirely. The Machine was just smart enough to make sure that Blake's legs were hunched up with kneecaps pressing into the surface in preparation for what came next. The Cat Faunus was excited and yet still somewhat anxious despite her drunken state of lustfulness and depravity. She watched Gyno snap her fingers again, bringing up another compartment from the surface of the table while several of the tentacles' tips mecha-shifted into actual vibrators.

*Bbzzzzzz!

They buzzed on and soon started rolling all over Blake's naked, upturned body like so, touching the woman in the most sensitive parts they could detect. One pressed into the back of her neck, another over the groove of her ass with several others simply prodding various places all over her naked pelvic region. Two of them rolling over her breasts, vibrating her nipples and making them wriggle constantly while pushing into them like buttons. This was beginning to set off the feline Faunus girl immensely, making her lose her mind to pleasure and making her feline set of ears twitch consistently to each jolt of pleasure running through her frame.

"Aaaaaanhhhh.....! Oohhhhh Mistress! Mistress.....!" Blake cried out, feeling the buzzing sensations of each vibrator-tipped tentacle pushing and prodding all of her more sensitive places. Her pleasure-receptors were stimulated non-stop, making Blake's entire body writhe atop the table. with legs twitching repeatedly while she moaned. If she had a Faunus tail, it'd be wagging around furiously as she succumbs to the haze of sexual bliss brought on by the machine.

"Ooaaaaahhh!~" Blake cried out again, tossing her head upward and making her buttocks wriggle salaciously in front of Gyno's face as she stood there with a pleased smile on it.

"Splendid, simply splendid....! You're much more sensitive than I would've thought, Miss Belladonna. Hee hee. Now....time to see how well you handle the 'Tongue-Tendrils' that'll be indulging in your two most sacred of places; your asshole and your womanhood." Gyno giggled, snapping her fingers again and making one of the tentacles mecha-shift. It started changing its hose-like tip into something else entirely while hovering above Blake's body at an elevated angle.

In a swift mecha-shifting transformation, the hose-like tip turned into a pair of synthetic human-like tongues that wriggled hungrily as the tentacle slowly brought itself down upon Blake's buttocks. An additional pair of vibrating tentacles were kind enough to spread open her buttocks for it while another pair spread open her pussy, making Blake look back at it from over her right shoulder.

'A-Are those tongues?!' She shrieked out internally, feeling positively excited and watching as the top tongue brushed up against the cleavage of her ass before pushing straight into her tight-looking anus! A warm 'Schlup' could be heard and even felt by Blake while the other one simply dove right into her quivering pussy from below.

Squelch!

"Gggnggghh! Aaaaaahhhhh!~" Blake cried out in sheer ecstasy all over again, only this time it was much louder than before due to feeling each slimy appendage burrow salaciously into her anus and pussy at the same time.

They were like two eels and lashed around languidly from inside of each sensitive orifice, stimulating the inner regions of her pussy while her buttocks simply closed up around the hilt where the tongue was connected. Blake started feeling the tongue inside of her pussy worm its way a little deeper, making her walls throb and gush all over it while her toes started curling tightly in the air. They knew where to touch to really make the girl mind-blowing pleasure, causing her to drool with a delirious smile on her face the entire time.

"*Mmmnggghh!! Ummngggghh!! Mistress!~" She cried out with a goofy smile on her face as they began thrusting into each of her holes in tandem, shoving themselves deep while gorging on both holes in unison. Blake was having her asshole eaten out by the top tongue while her pussy was being gorged on by the second one, both of them stimulating her insides in a repetition of slick squelching sensations she could barely withstand.

'Fu fu fu, she is certainly enjoying this alright, but I'd better muffle that naughty little mouth of hers in case someone overhears her yelling. She's quite a screamer.~' Gyno thought to herself as she mentally signaled for the remaining vibrator-tipped tentacles to resume their former stations around her body, but had one of them change into a set of synthetic human-like lips colored in ruby red.

Snapping her fingers, she made that particular tentacle go over to hover above Blake's gaping mouth while she was still moaning loudly like some kind of wildebeest in heat. With a soft plunge downward, it latched itself onto her lips and took Blake by surprise, making her seal her mouth and start kissing it back.

Schuuuupp!

"Mmhmm!? Hmm hmm. Mmhmm.~" She moaned peacefully and lowered her eyes into a half-lidded state, feeling overwhelmed by pleasure from having her body stimulated from all around while her holes were being violated by synthetic tongues. Blake's mouth passionately made out with the pair of false lips in exchange, tasting the artificial saliva as she printed it to be Weiss whenever they make out with each other in a fit of passion.

Schlupp..schlupp..schlupp..schlupp..schlup..schlupp!

"Hmm." She hummed again, loving the feeling of a woman's lips, albeit a fake pair of them, making out with her in such an expert fashion while Gyno watched from the side. The horny android started running one of her hands up one of her large breasts, squeezing and fluffing the bouncy structure while Blake made out with the tentacle for a bit more.

Gyno was getting hot and bothered alright, for being an android as advanced as herself, she had a very naughty streak of playfulness in her system. She loved watching Blake hungrily gobble up the pair of red lips between her own, no doubt that she was pretending it to be her girlfriend and letting the distraction of being French-kissed keep her from screaming. She watched her tongue swivel in and around the fake synthetic tongue of the mouth, giving Gyno the idea to go even further. Bringing her hand up again, she snapped her fingers and made the synthetic tongue currently swirling around Blake's mecha-shift into a newly-made dildo that plunged down the girl's throat without her expecting it!

Squelch!

"Ggghnnkkk! Mngghmmhh!" Blake mumbled incoherently as she felt the sudden change throw her off completely. Her eyes darted in the direction of Gyno, seeing a smirking face till she felt the dildo-tongue now plunge voraciously down her throat in a gentle pattern.

Gushes of saliva kept coming out of her lips until she sealed them tightly around the false lips, embracing the surprise wholeheartedly as it violated her throat. Blake could feel it thrusting as hard as if it was an actual person, the intensity of the dildo plunging inexorably down her throat made the 'Naughty Kitty' feel even hornier than before since it truly felt like she was being taken from all sides.

The tongues inside of her ass and her pussy started wriggling around salaciously from inside even faster now, the vibrator-tipped tentacles prodded even harder against her sweet spots, making Blake groan loudly while enjoying a 'Cock' plunging down her throat. The entire time her body writhes, the more Gyno got excited and wanted to mount the girl herself and let out all of her pre-programmed libido unto Blake's body.

"Mhmmph...hmp..mhmp..mhmp..*Schlup..schlupp..schlupp..schlupp..schlupp!*.mhmhmmph!~" She moaned loudly with tentacles with a dildo in her mouth going even faster and harder, making the subsequent noise of wet squelching noises continue for minutes on end.

Blake was getting lost in the haze of sexual frenzy, unaware that the Maid had gotten even closer. She stood by her side with a hand running sensually down her frame.

"That's right, Miss Belladonna. Relish this moment, embrace everything and enjoy it for all it's worth. I designed this contraption solely to pleasure one such as yourself to the fullest, it detects all your vulnerabilities and knows just how to proceed in making you achieve the ultimate climax. Look at you, such a helpless whorish little kitty that just loves being the 'Pet' to whoever can give her this much pleasure." Gyno explained with her synthetic tongue running down her lips as she felt up Blake's ass while it jiggled to the repeat tongue-fucking of that particular tentacle going inside of her.

Blake couldn't answer her at all and instead, let herself get drowned in the sea of tentacle-themed bliss coming from all angles around her. Gyno simply cupped one of her cheeks and squeezed her ass playfully while running a hand down her body, snapping her fingers again and making an exceptionally long dildo mecha-shift from between her legs and out of her synthetic twat.

Gyno had the tentacles continue pleasing Blake's body for a period of time until she snapped he fingers on aw him, taking them all say and causing each one to pull out of the heaving cat girl.

Plop!

With a 'Thump' Blake landed on her front with her ass in the air, breathing heavily with both holes gaping and sweat caking her frame as she wore a delirious smile on her face. She was surprised that the robot would take everything out before she could come but appreciated it nonetheless due to fearing she'd be spent and unable to continue if she did. Just then, some of the tentacles pushed up into the sides of her body again, lifting Blake and flipping her so that she was lying on her backside with legs spread. She was still breathing heavily and looking around for Gyno until she noticed the Dominatrix-themed android crawling up onto the table and pushing the phallus-end of the strap-on directly into her face with a smile.

"Uhhh....! Um...Mistress?" Blake questioned, staring at the synthetic cock with a lingering gaze of raw animal hunger before looking up at Gyno from below.

"Oh, we are not done yet, my Slutty Kitty. No, we are most certainly not. *Giggles* Now suck on your Mistress's strapon! Do it like the Slutty Little Kitty you really are.~" Gyno commanded with a depraved smile on her face.

Blake didn't question her command and simply obeyed it out of wanton lust, reaching her head forward so she could wrap her lips around the tip of the dick before swallowing it in!

Schluuuppp!

Gyno instantly felt the sensation of Blake's slimy, warm mouth occupying her cock as it slid down the girl's throat thanks to the pleasure receptors built into her system. She instantly held the back of Blake's head and began moaning softly due to the sensation of tunneling out of Blake Belladonna's mouth with hip-swaying movements of her pelvis.

"Oooooaaahh! Uuuhhh! Uuhhh....oh! That's a good Slutty Kitty! Mmhmm!~" Gyno cried out as she started enjoying the tight suction of Blake's lips as sucking off her plastic phallus with vigorous passion. Blake's head slowly rolled around from between her synthetic legs, making swift and precise bobbing movements that allowed her mouth to swallow all of it up.

The added feeling of her tongue sliding around all over the underside of it made Gyno moan quietly to herself with her chest pumping to the sensation. She enjoyed having the ability to feel pleasure very much and right now, she was enjoying Blake's head rolling between her thighs even more. Her tight little lips hungrily started stroking every inch of her shaft between her cheeks. She did it while peering up from the surface of Gyno's synthetic body and watched her large breasts wriggle salaciously to the suction she was giving off. Blake loved pleasing her mistress right now and would do anything to feel her return the favor.

"Mmhmp...mhmp...mmmphmm..mhmp..mhmp..mmp..mpp!*" She grunted warmly as her lips kept on sliding back and forth on the lubricated synthetic cock bucking into the middle of her throat. Blake had her hands around each of Gyno's thighs, making the android grind her pelvis into her face even faster as if she was fucking her already.

"Aaaahh....! Aaaahh...! Yes, that's it, slutty kitty! Work harder to please your Mistress. You secretly want her to dominate you like a good little slut cat you happen to be, don't you?" Gyno let out, feeling Blake nod her head as she continued swallowing the synthetic cock down her throat with her eyes peering up at her with hopeful enthusiasm.

Schlupp..schlupp..schlpp..schlupp..shclupp..schlupp..shcluppp!

Gyno started feeling her pleasure receptors increase with sensitivity, making her pelvis grind smoothly onto Blake's head as she continued feeling her throat slide onto her cock like so. She ran a hand through her hair and one onto her own boobs, squeezing them for enjoyment and feeling ready to indulge the other parts of Blake's body until--

Ring ring! Ring ring!

She heard a Scroll buzz nearby, catching the android's attention while Blake continued throating her lubricated cock with gusto. Gyno, however, was rather annoyed since the sudden noise brought her out of the momentum of such a euphoric moment. Still, curiosity got the better of her and she reached over to grab it off of the table where it was ringing. The busty android brought it up to her face, she smiled evilly when reading that the sender is Blake's girlfriend and lover Weiss Schnee. A sadistic smile appeared on those luscious lips of the android maid and she looked down at Blake's moving head before putting a finger up between her lips in a 'hush' gesture.

"Be quiet, my Slutty Kitty. Be very quiet, Mistress is about to have even more fun right now.~" Gyno giggled and saw Blake nod her head obediently while still keeping her tongue languidly curling around her plastic dick from below. Tapping the Scroll screen and accepting the call, Gyno spoke with Blake's voice coming out of her own lips in a perfect imitation.

"Hello, Weiss. I was just fresh out of the shower when you called. Is everything alright at the company? Why are you calling so early?" Gyno answered in Blake's voice, surprising the lust-stricken feline Faunus down underneath her legs. She noticed Blake's eyes going wide with wonder as she continued rolling her mouth around the thick of Gyno's plastic cock with gusto despite the android borrowing her deity.

"Hmm, nothing wrong at all, Blakey. Everything here at the Schnee Dust Company is actually going pretty well for a change. So well in fact that I might be heading home early today. I should be out the door on my way back to the apartment in just a couple of hours tops. Why are you only in Audio-only mode right now and not using video like we always do? Everything is alright over there on your end of things?" Weiss asked through the other line, making Gyno grin evilly as she bucked roughly into Blake's face, showing as much of her synthetic cock into the back of her throat as possible before answering.

"Oh, I'm just fine, Weiss. Everything's the same over here except for the Net connection acting up. I didn't have enough good reception to do a video call like we always do, so had to settle for Audio instead. It's a shame too because I really wanted to do a naked video chat since I just got out of the shower. Imagine having someone at your company see that?~" Gyno giggled, practically feeling Weiss becoming flustered on the other side while feeling Blake swiveling her tongue around her shaft from underneath like an actual cat.

The sensation she was getting made Gyno nearly moan loudly with a lip-bitten smile on her face. She heard Weiss sputter a bit just before continuing.

"Provided that didn't embarrass you too much at your job, I'll have you know that I got a nice surprise for you when you get home. I don't want to spoil it, you'll just have to come and see for yourself.~" Gyno said while looking down at Blake's lust-addled face and reached down to gingerly rub one of her feline ears as she continued sucking up the entirety of the strap-on.

Schluuppp!

"Mmhmmhmm... *Mistress*" Blake hummed in a muffled voice while hearing Weiss bristle up on the other side of the line with excitement.

"Ooooh, now you got me all hyped up. I'm definitely interested in seeing what kind of 'Surprise' you have in store for me, Blakey. I'll make sure to text you just as soon as I'm on my way out so that you can be fully prepared when I get home. I never like to ruin a good surprise waiting for me. Anyway, I'll see you soon, Blake. Love ya.~" Weiss finished her reply with a kiss being delivered onto the screen.

"Love you too, Weiss. See you soon.~" Gyno replied in a sultry tone with Blake's voice still being imitated. She ended the call and gently tossed the Scroll back onto the couch before plucking the strap-on right out of Blake's mouth with a pop of saliva. Gyno had to move back a bit just so Blake could look into her eyes when she leaned down, gazing into her amber ones with a predatory look on her face.

"Well, now we just have a couple of hours to have a little fun to ourselves before your lover gets here, Blake. During that time, you're going to tell me everything about how you and Weiss like to do things. All her perfected kinks, every dirty fetish she enjoys, to how she likes screwing your brains out. Shall we get started?~" Gynoid cooed while patting Blake's head with a flirtatious smirk.

Blake could only smile dreamily at Gyno from below as she felt her sex twitch with arousal already at the idea of getting ravaged by her.

"Yes, mistress!~" She breathed out just before being pulled into a deep and passionate French-kiss with Gyno sliding down her synthetic tongue into Blake's mouth. The Cat Faunus accepted it eagerly and started making out with the android with utmost passion.

They continued like this for some time until Gyno pulled back from Blake's lips and readied her strap-on phallus for some much-needed excitement inside of the girl's body. She was grinning sadistically while doing so.

"Aaahh..aahh..aahh..aahh..aahh..aaahh..aaahh..aaaahh! Ooohhh...Mistress! Mistress! Aaahh!~" Blake cried out as she was on her hands and kneecaps with Gyno bucking into her from behind in a doggy-style position.

The girl was breathing hotly with a flushed face and eyes closed in blind euphoria as she felt every sensitive pulsation of Gyno's false dick churning the insides of her pussy vigorously and consistently. Her naked ass was bucking frenziedly into the android's waist, feeling the 'cock' plunging deeper each time their bodies made contact. Gyno was behind her with her kneecaps resting between Blake's ankles and holding the girl's ample bottom firmly between her hands as she thrust herself into the girl's quim like so.

"Uuuh...uuh..uh..uuh..uuh..uuh..uuuh! Yess! That's it! Rlineuqisy your body to me, Blake! It feels so very good, doesn't it? There's no form of pleasure I can't give you, unlike your darling lover Weiss. But she'll be a part of this family all the same and will be receiving this shortly as well.~" Gyno purred as she slammed away into Blake's ass, making her cheeks wriggle continuously as she filled up the entirety of Blake's tight pussy with her synthetic shaft.

Gyno could feel every inch of her silken insides squeezing her length tightly as she drove on into her G-spot. Blake was a moaning mess already and had been wriggling nonstop from underneath her hips the longer this went on. Both parties were huffing in loud moans of elation until Gyno bent herself over Blake's backside, spooning her so that she could grab onto each of her ample tits with each hand.

Needless to say, this added sensation brought Blake to the brine and made her scream loudly in ecstasy as she felt Gyno's fingers fondling them both at the same time.

"Uuaaaagghhhhh! Oohhhhhh Mistress! Nngghhhh!" Blake howled and received her mistress's tongue sliding down her lips from the side, engaging her in an erotic lesbian kiss while keeping their rutting going. She bucked and pulled Blake's body into her lap, fucking her over and over again until she started to feel Blake's insides lighting up with orgasmic bliss.

She moaned into Gyno's mouth amidst the tongue-swapping frenzy they were engaged in and felt her body tremble as she began to cum! Blake wound up closing her eyes tight and felt Gyno's synthetic tongue probed deeper down her throat, rolling dominantly over her own in the process. The two naked bodies rutted continuously back and forth in a salacious spooning frenzy with Gyno sensing Blake was getting very close to cumming.

"Mmmmgghhhh! *Mistress!* Oooaaahhh!" Blake mouthed while slurping hungrily on her tongue, keeping her right hand around the back of Gyno's artificial neck as they continued bucking pelvises for a little while longer. The constant slapping noise of one's body slamming into another reverberated constantly throughout the living room with Blake feeling her folds gushing constantly around Gyno's synthetic strap-on cock.

She was openly slurping on her tongue and feeling her pussy beginning to clamp tight around Gyno's length, making the android roll her pelvis feverishly harder into her buttocks until she suddenly pulled out at the last second and flipped her over onto her backside!

"Ooof! P-pleeease! Put it back in! I need it, Mistress! I---Mmmphh!" B speaking any further with Gyno wrapped her soft lips around her own, embracing her in a full-blown lesbian exchange just as she slid her cock down into her slot once more. A slick squelch of moisture erupted and Blake could feel the android's phallus burrowing deeper into her womb, colliding with a G-spot and making her wrap her legs around Gyno's faux body right away.

Her ankles crossed over with each other while her arms came up around her neck, embracing the android fully while receiving the fucking of a lifetime right away. Gyno's pelvis started vibrating just as soon as she slid to the hilt inside of Blake's pussy, making the Faunus girl moan loudly in mind-numbering pleasure as they resumed their animal-like coitus.

"Mhmm..mhmm..mhmm..mhmm..mhmm..mhmmmm! *Pop!* Oooaaahh! Mistress! Mistress....yes! Nnghhh!" Blake howled out as she felt Gyno rise to allow one of her hands to grab onto Blake's right breast. The instant she squeezed it made Blake feel trembling waves of pleasure softly eroding her entire body in an orgasmic frenzy.

She was going to cum soon and become utterly broken for her Mistress's cock when she did. Gyno knew this and kept on undulating her pelvis into Blake's pubis, feeling her walls beginning to come down around her cock in just a few more thrusts.

"Uhh....! Uuuuhhh....! Yess! I can feel you cumming, Blake! Accept it! Accept becoming my pet and I shall treat you to this sensation for the rest of your life. You and your girlfriend, with whom I have an entire afternoon full of surprises waiting.~" Gyno let out, grooving her naked body against Blake's and feeling the girl beginning to writhe uncontrollably in climax as she felt her insides squeeze tightly around her until she blows!

Blake suddenly arched her chest upward, shuddering blissfully in post-coital excitement as she came hard around Gyno's cock in a mind-numbing rush of pure ecstasy!

"Kyaaaaaaagggghhh! Mistress!~" She screamed out, quaking considerably with her pussy clutching tightly around Gyno's phallus, soaking her entire pubic region in cum as she came squirting like a water gun! Blake's legs straightened out into the air with toes wiggling tightly, she was cumming like never before and feeling her mind succumb to willing obedience for her new master.

Gyno, on the other hand, kept on pumping into Blake's pussy some more, enjoying the convulsions of her fresh womanhood as Blake soaked her strap-on phallus in her cum. She enjoyed the feeling it provided and watched as Blake gradually came down from her high, breathing raggedly once she was done.

'Splendid, she's mine for keeps now. Hehehehe.~' Gyno thought to herself and slowly pulled her cock out from her cunt, seeing it twitch a few times as she brought her hands around Blake's face with a gentle yet evil smile on her face. "Now then, shall we take this to your bedroom and wait to 'Surprise' your girlfriend Weiss, Blake? The machine has a more 'graphic' function which I'm sure you'll enjoy and one that I'm sure will leave that darling snowflake of yours utterly aroused when she stumbles upon it. I need her to be so that I can bring her into the fun as I did with you. It certainly helped that you were a pervert, to begin with. *Giggles*" Gyno chuckled darkly and ran her synthetic tongue up Blake's chin, seeing her shiver as she brought her hands around the android's face and embracing her fully with a mind-broken smile.

"Y-yes, Mistress. That'll be wonderful.~" She said with little hearts in eyes as they got up from the mecha-shift table formed from the so-called vacuum with arms running down each other's nakedness.

"Perfect. Just to give you some insight on what kind of an it'll be, let's just say that it involves a certain fetish you see from animated projects you only find in Mistral.~" Gyno giggled and tossed Blake a wink as the mecha-shift contraption started materializing tentacles from out of its canister body.

A bit later.....

Weiss had finally arrived at the door of the house she shared with Blake, her girlfriend, wearing her long silver hair down in its usual braided ponytail hanging off to the side. She had her typical battle dress outfit that she had first worn in Atlas. It was an elegant suit colored in white and blue, giving off a majestic appearance as well as a more mature one suited to her role as CEO of her father's company.

Swiping her Scroll down the ID reader lock and opening the door to let herself inside, Weiss walked in and noticed that the living room was empty, making her wonder where the so-called surprise would be.

"Huh, was I mistaken in hoping for some kind of naked birthday cake kind of thing? Where's Blake?" She asked herself as she hung off her coat and slipped off her high-heel shoes while hearing her Scroll ping with a message. Weiss quickly pulled out it and saw it reveal that it was a text from Blake.

Feeling a hint of excitement and curiosity, she swiped her scene open and read it aloud to herself.

...

"I am in the bedroom. come and find me, that is where your surprise awaits. Make sure to dress 'Properly' for it too. You know what I'm talking about.~" The message said with a winking emoji at the end, making Weiss bristle with excitement as she quickly started taking off all her clothes at once in a haste.

'Say no more, Blakey! Your darling little snowflake is definitely excited for today's little surprise. It's a good thing too cuz I am really feeling the itch today. Couldn't wait to get out of work.' Weiss said as she stripped off the top layer of her outfit, followed by her accessories. She hastily undid her flowing battle skirt until she was left wearing nothing except white-lace thong and brassiere holding back her pendulous pair of C-cups-sized breasts that yearned for Blake's touch.

Weiss, smiling with giddiness, starts creeping over to their bedroom while feeling the lustfulness and excitement nearly overwhelm her slender body. Keeping herself quiet as she tippy-toed over to the door, Weiss noticed something sweet in the air when she caught a whiff. She paused and took in the scent, realizing it was some kind of scented candle or some other brand of accessory that caused her insides to quell with white-hot lust.

"Mmmm, Blake must have brought one of those Special-made Scented candles that gets you into the mood. I'm certainly feeling frisky right now after smelling it. *Shudders* Seriously, I'm getting to be as horny as Blake now whenever it is time for one of her estrous periods. Mhm.~" Weiss shuddered when talking to herself, unaware that what she just inhaled happened to be a potent aphrodisiac that subtly made her want to submissive when it comes to sex. Lustfulness aside, she boldly opened the door and saw that the bedroom's lighting was made dim.

Too dim to even see what was inside, waiting for her. There weren't even candles nor any form of lighting that could help. Still, she walked in and closed the door behind her. When several candles suddenly lit up from around the area, Weiss was shown a rather jaw-dropping sight that she was certainly not expecting to see. She gasped with her face lighting up red, feeling both mortified and yet heavily aroused by the sight of Blake Belladonna being suspended in the air by a gaggle of metallic tentacles that were having their way with her.

"Oh...my.....goodness! Wha-what is this?!" She gasped as she took in the sight of her girlfriend being hung upside by a series of tentacles keeping her suspended with some of them violating her body repeatedly.

"Mhmm...mhmm..mmhmm..*Schlupp..schlupp..schlupp..schlupp!*..mhmmgnhh!! Mhmm!~" Blake let out a muffled moan wrought with ecstasy while the one tentacle current tunneling out of her mouth, continued doing so in such a graphic sense that it made Weiss think of tentacle hentai from Mistral.

She watched tubular extension plunge consistently down into her throat through her mouth, all while keeping her held upside down as the other tentacles had fun violating the rest of her body. Blake was gagging on one of them with eyes clouded in a lustful stupor, smiling with her lips curved up around the thick artificial appendage continuously plunging her throat without a care of the world. Weiss, shivering in slight frightfulness and yet still heavily aroused, crept around to see how the other two tentacles violating her looked. She saw one thick one plunging effortlessly into her asshole, making her butt cheeks slap together repeatedly while Blake writhes from in mid-air. Seeing her gaping buttocks swallowing up a thick cock-like extension from the tentacle made Weiss begin to feel her white-lace thong moisten till she looked up and saw the other tentacle bottoming out of her pussy.

"*Gulp* B-Blake....? W-what...is all this?" Weiss let out, watching the mesmerizing sight of the third tentacle bottoming out of Blake's gushing pussy in a salacious and graphic manner. Seeing the girl's vaginal folds spread outward to wrap around the phallic extension like a make-shift condom stirred Weiss's insides even more as she continued to look on in gobsmacked awe.

Unfortunately for her, she failed to notice the other person in the room creeping up from behind her with a sadistic smile on her synthetic face. Gyno ran her tongue around her lips when she crept behind Weiss while she was distracted by the sight of her girlfriend being violated from all over by tentacles. She could even smell the pheromones of arousal coming off of her body, making the synthetic android salivate with lust as well. She was ready to break in Blake's girlfriend now and have them both 'Claimed' side-by-side in the way that she and her Mistress like.

'T-this is getting way too kinky for me, I might not be into this sort of surprise after all...' Weiss pondered in slight lament as she tried resisting the allure of seeing Blake having her body violated from all over by artificial tentacles. She wanted to leave, yet couldn't and nearly jumped when she heard the voice of another person in the room with them.

"Hello, Weiss. I am Gynoid Maid Mark 1, but you may call me 'Gyno' for short, or much more preferably, Mistress." A honey-sweet voice came out from behind her, nearly giving Weiss a heart attack as she turned around to see what it was. She came face-to-face with a sexily seductive android Maid wearing dark bondage gear around her nearly-naked body with a sadistic smile on her face.

"W-what.....?! Who are you?!" Weiss let out, clearly flabbergasted until the Maid continued, unfazed by her outburst as her eyes started exhibiting the usual prismatic glow. 'Ooooh....what's going on? Why are her eyes....doing that?'

"I exist to fulfill any functions needed to pleasure one's body to maximum levels of relief and pleasure, Miss Schnee. My current primary function....*Gynos smiles evilly*, is to mess you and your girlfriend into endless pleasure until you are as broken-in as a pair of pets. Both of whom who'll be eager to indulge in my every whim so long as it brings you absolute pleasure. Tee hee.~" Gyno introduced, making Weiss shiver in fear at first until the glow of the prismatic eyes she was rotating made her appear to relax and docile.

"Uuuugh.....! What.....are you....doing to me?" Weiss groggily moaned, feeling the will to fight or escape leave her the longer the hypnotic glare of Gyno's red/green eyes continued reflecting within her own. She felt her body bristle in high-rising pleasure and felt the need to be touched intimately increase the longer she stared into Gyno's eyes.

"Oh, I'm just...fulfilling my functions so that you can easily accept. Here, allow me to demonstrate with a little massage, Miss Schnee.~" Gyno walked up to Weiss, taking joy in seeing that slack-jawed expression on her face as her lips began curving upward in a hypnotic smile. Biting down on her bottom lip, she brought up one of her hands and placed it around Weiss's right shoulder like so.

Exhibiting her expert skill in the art of massage and tissue-stroking skin therapy, Gyno proceeded to gingerly squeeze and stroke Weiss's shoulder, helping her relax. The girl sighed blissfully at the sensation she was feeling, then Gyno added her other hand and fondled one of her breasts rather than her other shoulder. Weiss immediately stiffened up and let her mouth fall open in fast-rising euphoria as she felt every tissue in her body begin lighting up with soothing pleasure.

"Uuuhhh.....! Mmmnhhh! That...feels...amazing!~" Weiss let out, making a drunken smile as her eyes reflected the prismatic glow the longer it went on. She was breathing hotly now that she was feeling each of Gyno's soft synthetic hands massaging her body like a professional. From the sensation of her fingers curling her skin to her palm kneading her flesh, all of it was causing the Schnee woman to melt inside of Gyno's palm just the way she liked it.

"That's it, give yourself to me, Weiss.~" Gyno whispered darkly and sensed that the hypnosis was complete since Weiss no longer showed any resistance at all from within her body. Still, she kept the hypnotic vision going and started tugging on her white-lace bra, ready to take it off. "You are mine now.~"

Snap!

Off came her white brassiere, showing Weiss's pair of perky B-cup-sized breasts wiggling free from their confines. While she wasn't as big as Blake's breasts were, Gyno loved them in all shapes and sizes anyway. She also knew perky breasts were likely to be more sensitive to stimulation from touch.

"Aahh...!~" Weiss let out when feeling her breasts spill out and soon felt Gyno's other hand reach down to finger the hem of her white thong before sliding that down her creamy legs. Her lightly fuzzy pussy peeked out until it became fully exposed with a trickle of moisture gushing down her thighs. Weiss was exceedingly horny right now and wanted nothing more than for her 'Mistress' to pleasure her on the spot like that machine was doing to Blake.

At Gyno's suggestion, she stepped out of her thong and left it on the floor, standing naked until she felt Gyno put her hands around the back of her head. Weiss was completely hypnotized at this point and could only stare dreamily at Gyno with a love-stricken smile before being pulled into the android's breasts!

"Mmhmh! *Chlup!* Mmhmh.....*Mistress*...!~" Weiss mewled from in between the Android's tits, taking the initiative to start feeding on one of them while fluffing the other. This was making Gyno croon with sexual delight as she felt the haughty Schnee Heiress begin sucking the aphrodisiac-laced milk from her right melon while she was having fun fluffing the other one.

"Aaaaahhh! That's it, Weiss! That's what your Mistress loves alright! Feed from her, enjoy yourself and drink plenty of my milk. It'll help you enjoy what my special 'Vacuum cleaner' will do to you a hundredfold. Mmhmhm!~" Gyno let out, breathing hotly with excitement as she felt Weiss's cute little lips suckle and squeeze her right nipple while drinking down her aphrodisiac-laced milk.

She could feel the girl gulping every ounce down as much as possible, enjoying the flavor and becoming even drunker with a euphoric high of pure animal-like lust. For a few more minutes, Weiss feeds on Gyno's right tit with her face pushing back and forth into the android's face like a newborn baby.

Schlupp..schlupp..schlupp..schlupp..schlupp!

"Mhmhmhm! Mhmm..mhmm..mhmm..mhmm!~" Weiss mewed as she ran her tongue salaciously around the mound of the androids breast, never leaving so much as an ounce of nectar escaping her mouth. She gulped down plenty for at least a couple more minutes until Gyno gently pulled her face with a naughty smile on her face.

"Now then, Weiss...Mistress wants to introduce you to the Vacuum cleaner that your lover is currently enjoying." Gyno breathed, turning Weiss's head in the direction of the make-shift SawHorse contraption currently keeping Blake suspended in the air with a collection of tentacles sticking out from the sides.

Weiss's eyes went wide and she shuddered with excitement, feeling giddy to feel it already as she was directed to go over to it by Gyno the next second. The Freshly-hypnotized Schnee Ceo barely made any fuss whatsoever as she was placed upon the canister-like surface currently mecha-shifting into a comfortable saw-horse she could straddle. As soon as that polished metal and smooth lubricated surface touched Weiss's mound, she quaked blissfully with a sigh of pleasure escaping her lips.

"Aaaahh.....! M-Mistress.....! W-what next?" She asked excitedly as a few extra tentacles started coming out from the exterior, binding Weiss by the wrists and keeping her arms held behind her back while locking her ankles to the side! Soon a pair of tentacles came out from the lower half of the canister with each hose-like tip mecha-shifting into a pair of synthetic human-like tongues that wagged with excitement. 'A-are those for real!? T-hey look like real tongues and everything! What is this technology?!

Weiss asked herself this with excitement till she felt one tentacle tongue brushing against her exposed, juice-covered slit at the same time one wriggled itself into the crook of her anus!

Schlupp..! Sllrpp! Schlupp!

The sensation of two life-like tongues slurping all over her asshole and pussy made Weiss's eyes go wide with wonder! Her mouth fell open in shock as she felt each spongy extension wriggling into the cusp of her pussy and the velvet star of her anus simultaneously all at the same time! It was a pleasure Weiss had never experienced before, even with Blake occasionally getting freaky with their love-making from time to time.

"Oooooaaaggghhhh! Hnghhhh! Aaaaahhh...aahh..aaahh..aaahh!~" Weiss screamed out in pleasure, feeling both of them expertly gorge themselves on her holes, with one tasting the insides of her quivering pussy and the other plunging itself deep into her ass. It was like being eaten out from all over and it was making the girl heave tiredly in pleasure. "Yesss! Yess! More! Please...more, Mistress! This is sensational!"

Gyno couldn't help but giggle with amusement as she snapped her finger, making the two tentacle tongues mecha-shift into dildoes now. They had pulled back from above Weiss's ass and below her quivering pussy, making the girl look back at them anxiously until they both plunged into her at the same time.

Squelch!

"Gyaaaaggghhhh! Unnghhh! Ooohhh..yeah! Yess! Violate me! Please! Scrape every nook and cranny of my body with those...glorious things!" She breathed out, panting like a dog now as she felt each tentacle cock begin plunging into her asshole and her pussy in tandem while they fucked her. They both plunged into Weiss's body in turns, making loud pumping noises while she rides the sawhorse like a depraved sex-hungry maniac.

Her tongue was left spilling out of her mouth and her breasts were quivering salaciously as she rode the sawhorse, feeling her pussy begin tunneled out by one tentacle cock while the other simply dug into her anus like a make-shift lover. Gyno could even hear the noises they were making as they violated the Schnee heiress into a stupor while her girlfriend above remained getting gangbanged by several of them

all at once. She couldn't stop smiling and watched as each tight orifice was busy getting plunged by her mechanical creation, prompting her to begin stroking off her own strap-on phallus with excitement.

But not before she decided to muffle Weiss's screams for a bit first. Snapping her fingers, she made a third tentacle come up and mecha-shift its hose-like top into a pair of Ruby Red wet lips before Weiss's eyes. The girl blushed bashfully when seeing them move closer to her and let her mouth fall open when they wrapped around her lips like so.

Schlup!

"Mmhmhmm!~" Weiss creamed happily into it and promptly closed her eyes, embracing the make-shift tentacle mouth as they begin to make out like starving lesbian lovers. She closed her eyes and languished the feel of her tongue diving into its depths, feeling it make her own tongue roll back into her mouth. It salaciously made out with Weiss, keeping her humming loudly in drunken pleasure while another pair of tentacles slithered up her body with their hose-like tips changing into mouths as well.

They each crawled up the girl's quaking body and brought their artificial ruby-red mouths into each of her tits all at once! Both of Weiss's nipples were now being swallowed up by the pair, making her scream even louder into the false mouth she was currently making out with.

"Mmhmhmm! *Schlupp..schlupp....schlupp..schlupp..schlupp! Yesssss!* Hhnngghh!" Weiss creamed out amidst the tongue-swapping action being exchanged with the false mouth she was making out with. While getting her pussy and asshole bottomed out by a pair of large dildo-tipped tentacles, she was simultaneously enjoying the sensation of having her tits sucked by a pair of false mouths.

They made a consistent sucking noise and tugged on each of her tits with maddening passion, furthering Gyno's own arousal as she began stroking her cock. The lovely Android Maid had her own right hand gripping the slick surface of her make-shift cock, aggressively stroking it off to the sight of both Weiss and Blake getting violated six ways to Sunday by her contraption. She could hear the moans they were making fill up the air with the scent of their sweaty bodies adding a rather pleasant scent to the room.

"Uuunhh! Yess! Perfect, you two simply look perfect like that. You writhe and quake with pleasure while my Mistress makes her way here to enjoy the two of you once you completely break. I am very much looking forward to it, but right now I'm just content enjoying the sight of you both being ravished by my machine. Just wait until my Mistress and I get a hold of you, fu fu fu fu.~" Gyno giggled evilly to herself and continued furiously stroking off her cock to the sight of both Blake and Weiss's squirming about in mid-air amidst the frenzy of tentacle-violating fun going on in front of her.

Watching both Weiss and Blake writhe in mid-air to the repeat violations of the tentacles from her machine gave Gyno the idea of what to have them do next. She stroked her plastic phallus off furiously to the sight some more before snapping her fingers again, making each tentacle halt their invasive penetrations and pull them down onto the SawHorse body below. Her Vacuum cleaner remained in that position as it brought both Weiss and Blake down upon the lubricated surface, letting the tentacles leave their bodies and having them straddling it together at the same time.

Upon feeling the smooth surface touch their tender pussies and press against their asses, both girls whimpered pleurably with ragged looks of euphoria on their faces. The tentacles remaining around their ankles, waists, and arms remained binding each woman into place as they resumed riding the SawHorse in seesaw tandem. Blake and Weiss were face-to-face, each girl moaning loudly with mind-numbing ecstasy as they rode their tender mounds all over the vibrating surface of the SawHorse seat. The tentacles made sure to pull them down hard enough so that they felt everything.

"Aaaaahh! Aaaahhh! Oohhhh....Weiss! Aaagghh!" Blake let out once the tentacles pulled each of them closer, ensuring their breasts rubbed up against each other nipple-to-nipple. Weiss shivered when feeling the bulbous buds of Blake's nipples rubbing gingerly against her own, making her breathe hotly with sexually charged excitement as they continued riding together.

Each of them rolled their bodies back and forth repeatedly at a sensual pace, making it a show for Gyno to truly enjoy as she stroked off her cock with both hands this time around.

"Hhaaagh...haaagh...haaagh...hhaagghh! M-Mistress! Please hurry! I know you're going to want to ravish them just as badly as I do!" Gyno breathed out, making a euphoric face as she squeezed her phallus in the middle repeatedly until feeling the usual distortion of space open up behind her.

The android turned her head to the right and saw the mystical green portal open up, revealing her Mistress; Amora The Enchantress herself as she casually stepped out of it and walked into the bedroom. The vivacious blonde bombshell was wearing her usual green tight-fitting

outfit with cleavage generously showing from her cut-off top. Her lustrous blonde hair remained as beautiful and wavy as it always did, her breasts seemed full of life and her wide hips were just begging to be used in the process of humping more unsuspecting girls her Servant had claimed.

"Awe, I see you've patiently waited for me, Gyno. My thanks, I was worried you'd get so riled up that you would start without me joining in on the fun.~" Enchantress said as she made her clothing disappear into the magical green mist, leaving her naked with only a large strap-on attached to her waist. It was long, pink, and lubricated with a nerve-stimulating substance to help break young girls in even faster.

"Of course, Mistress. The wait was killing me though, shall we proceed with our latest claim?" Gyno asked, licking her lips as she walked side-by-side with her Mistress over to where Blake and Weiss were.

"Yes, let us indulge in them indeed. Fu fu fu fu.~ I call dibs on the 'Princess' with the silver hair. You can have the cat-eared one if you like, I know she was your first, Gyno.~" Amora said, shuddering with perverse excitement clear on her lovely face. Gyno nodded in agreement and snapped her fingers again, making the tentacles pull each girl off of the SawHorse and allow Amora and herself to take them separately in different places around the room.

Amora closed in on Weiss right away, cupping her reddened face and kissing her right on the spot with her arms sensually running down her naked backside. Weiss was startled at first but relented and tilted her head back with eyes closed, embracing the stranger wholeheartedly by feeling her tongue sliding down her lips.

"Mmmhmmhmm! *Schlupp..schlupp..schlupp....schlupp..shclupp!* Aah, delicious. Now then, onto the bed with you. You'll stay on the bottom and simply enjoy the ride, my submissive little Princess.~" Amora said lustfully as she shoved Weiss onto the bed and got on top of her with her strap-on phallus hovering above the girl's moistened twat. She grabbed one of her ankles and lifted that leg, keeping it held in the air as she guided the magical Strap-on cock down into Weiss's quivering folds with a smile.

Squelch!

"Uunngghhh! Oohhhh...yes! You're nearly as tight as a virgin. Exquisite!~" Amora yelled out, feeling the slick walls of Weiss's pussy swallow up the thickness of her strap-on, enabling her to feel everything as she bottomed out of her in full. Weiss had tossed back her head with mouth hanging agape, silently screaming in euphoria until her body trembled with pleasure already.

"Aaaaagghhhhh! M-Mistress....! Ggnngghh!~" She cried out, making a goofy smile once again while Enchantress took her to the hilt and started bucking her pelvis directly into her dainty frame.

Her more mature, full-bodied figure slammed voraciously into Weiss's body from above, making her folds quiver salaciously around her false cock while she slowly picked up the pace. Amora was beside herself with pleasure at this moment, she enjoyed plowing tight girls from either hole in their body and loved hearing them scream her name in absolute submission. The feeling of Weiss's tightness clutching her length out of desperation was just icing on the cake.

"Mmngghhh! Aaaahh...a.ahh..a.aahh...aahh...a.aahh..aaaahh!~" Weiss cried out, making her tits heave and jostle while Amora stayed joined at the hilt, rutting her pelvis steadily into her light-skinned body with a depraved smile on her face. Meanwhile, Gyno had bent Blake over onto all fours from atop the bed with a manic look of lust written clear on her face.

"I'll enjoy ravaging yours, Blake. Your body has been begging for this since the moment our eyes met. I can tell.~" Gyno purred hungrily as she watched the submissive Faunus wriggle her ass at her till she felt Gyno's hands grabbing the sides of her hips. With a sadistic grin on her face, she slipped her long turgid phallus directly into Blake's quivering slot as well.

Squelch!

"Ggnngghhh! Aaaaagghhhhh! Uuuughhhh.....!~" Blake cried out in euphoria, shaking with her buttocks pushing up against Gyno's waist. Her insides were trembling like crazy as she felt her pussy being churned in a way she never felt before either. No strap-on or dildos before had ever made the frisky Faunus feel this way at all. She craved subjugation and crooned pleasurably as she felt Gyno slide everything else into her pussy by stopping at the hilt.

"Hnngghhh! M-M-Mistress!~" She cried out and soon began swaying forward on her knees and hands, feeling Gyno start pumping into her body with manic glee. The Android dug her thumbs into Blake's hips, ensuring that she would pull every part of her pussy onto her lubricated cock.

Gyno let out a blissful sigh of relief as she felt Blake's cervix touch the tip of her strap-on cock. It was designed that way to allow her, an Android, to feel every sensitive neuron of pleasure cascade into her body as if it was a real phallus. Seeing Blake moan and hearing Weiss whimpering prompted the two women into bucking into them at the same time with utmost passion.

"Aaaahh..aaahh..aahh..a.ahh..aahh..aahh..aahh..aaahh..aaahh! M-Mistress!" Blake cried out in euphoria as she felt her insides squirming around the hilt of Gyno's cock. She was feeling every inch of it slide into her pussy all at once, making her buttocks tap voraciously into the android Maid's frame. Together they rolled into each other with one dominating the other, Gyno was enjoying herself immensely and reached down to fondle each of Blake's breasts into her synthetic fingers not long after starting.

The whimpering Cat Faunus moaned even louder, as a result, feeling the maid's fingers fondle and squeeze each of her tits as if she owned them. Their rutting noise became even more tantric as a result, leading to Blake huffing constantly in sexual euphoria.

"That's it! Enjoy yourself, my little pet! You belong to the Mistress now! To me! And rest assured we'll treat you to this splendor every day of your lives!" Gyno let out with her massive tits bobbing up and down in circles while she fucked Blake.

Meanwhile, back with Amora and Weiss, the former had shifted their positions to where both of Weiss's legs were now wafting in the air helplessly as Amora fucked her in a dominant amazon-press style. The frisky Asgardian ran her tongue across her lips constantly as she kept each of Weiss's ankles held within each of her hands while her body slammed down upon it.

"Uuh..uuh..uuh..uh..uh..uh..uuh..uuhh...aaaaahhh!" Weiss yelled out, feeling her entire body quake with everlasting pleasure while her insides squirmed around Amora's strap-on dick. There was a kind of magical glow permeating from the surface, it tickled Weiss's insides and made her feel twice as much pleasure as before the longer this went on.

"Mmhmm..mhmm..mhmm..mhmm...aaahh! Oh yes! Now you're truly submitting yourself to me, aren't you? Haha hahaha! You girls are truly a splendor to behold, I'm enjoying each of your young bodies while I collect you one by one. Oh...you are a tight one too, I gather your girlfriend wasn't that virile in pleasuring you before." Amora let out, grooving her pelvis into Weiss's frame even more with swaying back-and-forth motions of her hips going on for minutes on end.

Weiss and Blake together couldn't stop screaming in ecstasy as Gyno and Amora fucked them both like a tag-team of hungry women. There were moans and hot gasps of air constantly coming out along with the skin-slapping music of raw sexual coitus as Gyno and Amora fucked them for minutes on end. Eventually, each girl shuddered in the climax for the fifth time each, making each of their insides squirt constantly all over Amora and Gyno's cocks like so.

"Aaaaagghhhhhh! I'm cumming! I'm cumming, Mistress!~" Weiss yelled out and Amora quickly shifted their position to a more romantic and modest missionary arrangement, embracing Weiss fully with her lips swallowing her own. Weiss accepted it gleefully with a smile as their tongues meshed together amidst the quaking orgasm she had received.

The same can be said for Blake, who had trembled wildly in orgasm and received Gyno's lips onto hers from the side while they came together in harmonious orgasm. Her buttocks wouldn't stop quivering against her frame as they locked tongues salaciously in mutual 'Mistress-Servant' pleasure.

"Mmhmmhm....! *Mistress~" Blake hummed from within Gyno's mouth as the synthetic maid slithered her prehensile tongue around her own in a steamy lesbian embrace. Amora and Gyno both made out with their respective partners for a little, enjoying how broken-in they were before quickly dismounting from each other's sex slaves and swapping them with the other.

Amora was now on top of Blake and Gyno was pulling up Weiss, each of them exchanged looks with each other before sliding their respective strap-on dicks into the quims of both girls.

Squelch!

"Ggaaaagghhhhhh! Oohhhh...yeah! Uuughhh!~" Weiss cried out in ecstasy, feeling Gyno take her from behind as she pulled on her wrists and kept her chest sticking out while feeling her dick cleaving through her insides.

"Mmnnghhhh! Yess! Aaaaahhh...!" Blake cried out in ecstasy when feeling Amora's strap-on dick plunge through her insides from below as she carried Blake upright in a seated position with her hands around her hips. Blake's feline ears wouldn't stop twitching as she received an intense vertical upthrust from Amora's magical cock that hit all her sensitive sweet spots.

"Aaahh...aahh..aahh..aahh..aahh..aaaahh!~" Blake cried out constantly with drunken pleasure, tilting her head backward while Amora simply fucked away with her tits rubbing up against Blake's. It was a sight to behold and it made Gyno feel even more turned-on while she bucked voraciously into Weiss from behind.

Seeing the Schnee CEO's ample little buttocks quiver when slamming into her waist made Gyno enact her next function; vibrating cock. She mentally commanded the strap-on phallus inside of Weiss's twat to vibrate intensely, making her wriggle salaciously in response while struggling to keep her goofy face in check.

"Uuugghhhhhh! Yess! Yess.....! I'm yours, Mistress! Please fuck me as much as you like! Aaaahh!" She cried out and continued doing so when feeling Gyno fuck her hard from behind.

Together, both Weiss and Blake were permanently broken and made to worship their new Mistress: Enchantress while she and Gyno continued fucking them into a stupor for twenty-five minutes more. They moaned and huffed loudly, barely remembering anything at all except pleasure coming from the villainous pair, but eventually, things all came to a head once they surrendered themselves to orgasm once more! Weiss and Blake both came hard, taking each woman's plastic phallus to the extreme, soaking each of them in their collective fluids as they came at the same time.

"Uuuuaagghhhh!" Weiss cried out with Gyno continuing to rut into her quivering pussy from behind.

"Aaaaagghhhh!" Blake howled, enjoying the feel of Amora tunneling out of her cunt from below while her breasts rubbed up against hers.

The pair came hard and shuddered explicitly for several more minutes, soaking up each strap-on's cock with their cum till they rodeo it out completely with blissful smiles on their faces. Weiss and Blake soon collapsed onto the bed, spent and looking giddy with pleasure. Amora and Gyno both removed themselves from their respective partners with sadistic looks on their faces.

"Aww...exquisite indeed. Gyno, if you would please.~" Amora cooed softly in seductiveness, gesturing to the machine and making Gyno snap her fingers to make the tentacles move on her command.

The long metallic tendrils all came over to grab onto both Blake's and Weiss's naked bodies and lift them into the air. Enchantress enjoyed the sight of two freshly-claimed girls left speechless with mind-broken smiles on their faces hovering in front of her. She watched as the tentacles coiled eagerly around their waists, keeping them elevated into the air as she stuck out her left foot suggestively with a perverse smile on her face. Gyno knew what her Mistress was thinking and proceeded to fondle both helpless girls from behind, sticking the handle of her feather duster into Weiss's ass while fingering Blake's with one of her fingers.

They instantly moaned and squirmed a fair while being suspended in mid-air.

"Come, suck on my toes, little dogs. You're mine now and you will do everything we say as properly behaved little bitches who love sex more than life itself.~" Amora cooed darkly and had Weiss suckle on her right foot's big toe while Blake the other one on her left. Both of them were kept carefully hovering above her extended legs as Amora kicked back onto the bed comfortably with a pleased smile on her face.

Schlupp..schlupp..schlupp..schlupp!

"Mmhmmh. *Mistress! Schlup..schlupp..schlup...pop!*" Weiss hummed as she sucked gingerly on her toe with a stark blush on her cheeks while Blake did the same.

"Hhmhh...mhmm..mhmm..hmmm...mhm! *Mistress*" Blake hummed, keeping her eyes closed as she hungrily swallowed Amora's left big toe into her mouth. The feline Faunus certainly enjoyed prostrating herself for anyone would dominate her in bed.

Amora loved that these once-virtuous girls would be so depraved and thirsty for a woman such as her.

"Ahh, nothing like getting two sexual conquests in one day, right, Gyno? I now have the full set of Team RWBY. Fu fu fu fu. You have done excellent work in breaking them for me, they shall make fine toys to be enjoyed till the rest of eternity next to the other women we have. Marvelous work indeed, Gyno. You have served your Mistress well.~" Amora praised, making the kinky android nod her head in appreciation.

"Yes, Mistress Enchantress. I live to serve.~" Gyno answered with glee, feeling over the moon now that her Mistress appraised her skills to be worthy.

Anyway, now onto the final act. Please 'Clean Up' this mess, Gyno. I believe you know how I like it.~" Enchantress said with a sultry smirk as she waited for her faithful magically-made android to indulge her the way she liked it. Gyno smirked and directed one of the tentacles holding Blake to be brought over to Amora's lap where the strap-on phallus stood up like a mighty spire brimming with green magical energy.

"Of course, Mistress.~" Gyno replied as she manipulated the tentacle holding Blake to carefully place her down upon the glowing bulbous tip of the woman's plastic cock with legs held apart by two other tentacles. Blake didn't resist nor whimper upon being brought down on the blonde woman's waist. As soon as she felt the plastic cock-head push through the woman's sodden folds, Blake immediately whimpered quietly to herself in pleasure when she became fully impaled on Amora's cock!

Squelch!

"Uuuuaaagghhhh! Uuughhh...! Aaaaghhh...! Misstress!" Blake cried out as Amora's thickened strap-on cock plunged through her sensitive insides on its way into her inner sanctum once again. She was already tender and overly stimulated thanks to being literally fucked over by Gyno repeatedly earlier on, but now she was feeling Amora's full mast sliding into her G-spot with legs dangling off the sides while her ankles were held in her hands.

"Oooohhhh! Yesss! Utterly exquisite feeling your pussy provides me with, you perverted girl! Bless Asgardian magic for making one able to feel the sensations as though this plastic phallus were a literal cock. You'll enjoy a double dose of sensitive pleasure as well once you cum, Miss Belladonna. I'll make sure you'll lose your mind to bliss when doing so.~" Amora purred and started pulling Blake down onto her lap more roughly, grooving her pelvis into her waist with strap-on churning feverishly into her sex!

Gushes of her moisture constantly came out from the insides of Blake's pussy just as soon as Gyno commanded the tentacle to let her go. The robotic maid watched with fascination and delight as Blake's ample buttocks slammed away atop her Mistress's thighs, wailing euphorically in a back-to-back fucking controlled entirely by Amora. The beautiful Asgardian woman held each of her legs beyond her shoulders, grunting softly with hot gasps of pleasure as she felt Blake's insides squelch around her length nearly non-stop in passionate repetition.

"Uuaahh..aahh....ahh..aahh..aaahh..aaahhh...aahh! Yess! Ravage me some more, Mistress! I belong to you...aaahhh!~" Blake cried out, making a positively euphoric face that bordered on 'Ahegao' as Gyno came to know it. Her eyes were nearly rolling up into the top of her skull and her tongue constantly spilled out of her mouth while she bounced atop Amora's waist like a wanton whore. Seeing her pussy folds stretching around the glowing green phallus was enough of an indicator her mind was turning into pleasure-addicted mush, but Gyno knew that already.

In fact, she wanted a bit of action herself with Weiss, who was left atop of the SawHorse squirming in place with a needful smile on her lips. The beautiful Silver-haired girl was still extremely horny and Gyno knew just how to satisfy that craving she had. Her eyes were focused on her girlfriend Blake riding the plastic cock of somebody else and getting exceedingly turned on by the sight of it now that she was broken.

"Mmhmhmm! Mmhmh! I want...>! I need something too! Please!~" Weiss let out with a hot breath escaping her lips, looking at Gyno with a needy face until the Android Maid started walking over to with a sadistic smile on hers. She was bound by the tentacles restraining her every limb against the SawHorse till the kinky robot snapped her fingers again, making them slither away and off of Weiss's body all at once.

Before Weiss could say anything at all, Gyno gently nudged her onto the SawHorse seat with a glowing look in her eyes. She crawled upon it and leaned over, placing her face directly to Weiss's with a lustful look of excitement seen in her eyes when she speaks up.

"You are about to experience ultimate pleasure when my Vacuum Cleaner sucks you down its hose, Miss Schnee. Tee hee.~" She began evilly with a gleeful look, making Weiss somewhat afraid yet horribly aroused all the same. "As you are sucked down into the lubricated 'Sac' of the Vacuum Cleaner's main body, which will mecha-shift into a considerably larger size, you will feel nothing but intense pleasure pouring through your every nerve while it goes on. Just imagine it, Miss Schnee, every modicum of your beautifully smooth skin will be slathered in artificial saliva of my Contraption's artificial body. It'll be as if you were swallowed whole by a large girl-hungry monster that'll cuddle you with its tongue and all musky saliva within it. Won't that be nice?~"

"Uuggghhhh! Y-Yesss! Yess! It would be! I want it very much! I want it right now...!" Weiss let out, breathing hotly with excitement while Gyno simply affectionately caressed her chin while licking her lips.

"Oh, I can hardly wait either, especially since I will be tasting every inch of your body once that hose swallows you down. I am connected to my machine, after all, I'll feel everything it feels when sliding you down into its body. It'll be like I shrunk you down and gobbled you up, fu fu fu fu.~" Gyno said in a husky, alluring voice that made Weiss writhe in spasm as she became even more excited physically just by hearing it.

Gyno smirked and licked around her lips before running her synthetic tongue up Weiss's cheek and backing away a few feet right after.

"Enjoy the ride. I certainly will.~" She said as she snapped her fingers again, making the main hose rise from overhead the contraption's main body. It was large enough to rival a firehose and maybe a small person inside of it until it expanded in shape. Weiss looked up at it from below and saw the hose-tip mecha-shift into a pair of ruby red lips as the smaller tentacles had done earlier.

Weiss smacked her lips and became hypnotized all over again with lust foremost in her mind. She kept staring at it hypnotically from below and parted her lips instantly before it kissed her forehead. She felt a gentle peck at first, but then it quickly latched onto her lips to make out with her in a languid passionate manner before it would get into the Maine event.

"Mmhmhmm! *Schlup...schlup...schlupp..schlupp..schlup!*...aaahh...! Please...! Swallow me whole! I'm begging you!~" She cried out with hypnotic swirls in her eyes when the mouth-tipped hose pulled itself back from her face and opened wide. A gentle yet powerfully-sounding force of suction came out from the mouth as it started swallowing Weiss headfirst into its tube!

Schluuuppp!

"Mmmngghhh! Nnggghhh!!!* Yess! Yesssss! Gobble me whole!~" Weiss let out a muffled cry of euphoria as she felt her vision darken when the top half of her head was sucked into the mouth-tube. An eloquent slurping/sucking noise followed as it slowly started sucking in the rest of her body, going down her face inch by inch and leaving her to wriggle helplessly on the SawHorse with legs quivering about.

Gyno watched her toes wriggle and her body writhe in euphoria as she heard the girl whimpering loudly in pleasure from within. Her mouth had just been sucked into the orifice completely with her chin following close by. Gyno could literally 'Feel' everything going on and she started running her hands sensually around her body as the sensation of 'ingesting' Weiss became known to her. Being magically connected to her machine made the horny robot taste and feel everything going on, she could even see Weiss's manic face smiling happily as she slowly went down the tube even further.

"Mmmnhhmmhh! Oohhh...Yesss! I can feel you, Miss Schnee. I can taste you completely and I can definitely see that you're on Cloud Nine with bliss right now. Hehehehehe. I'd better indulge myself with your body while you're busy getting swallowed up then. Seeing that lithe, naked figure of yours writhe about is making me very excited.~" Gyno said to herself and brought herself over between Weiss's legs, parting them and placing her synthetic pair of lips around the cusp of her thoroughly moistened pussy!

She heard Weiss scream out in ecstasy again and felt more of her body sliding down the tube once her perky breasts pushed past the opening and tickled the large set of lips on their way down.

Schluuuuuuppp!

"Mmmngghhhhh!!" Weiss muffled again and continued squirming about from atop the SawHorse with Gyno hungrily tonguing out her twat as the swallowing process continued. Another loud noise of suction emanated from within the tip as more of Weiss's skin became slathered in slime and artifice saliva, giving her the fantasy of being ingested by a large monster without teeth.

She was feeling everything and more while slowly being sucked in halfway, keeping Gyno's head between her legs as the tongue-fucking she provided continued for another minute more.

'Yes! Oh God, it feels so good! I'm feeling like I've just thrown down into a comfortable, slimy abyss that only pleasures your body! I want this every day of my life! Oh, Mistress! Please make it happen!~' Weiss thought to herself as her waist came down the red lips as well, forcing Gyno to reluctantly pry her mouth off of Weiss's using pussy and wipe her chin with her tongue.

"Heheheeh, I shall see to it that she will, Miss Schnee. Don't worry, there won't be a single moment where you're not used by Mistress or pleased by me. Speaking of which.~" Gyno said to herself and reached over between Weiss's buttocks, digging a finger into her asshole and feeling up her butt while enjoying the flavor of her body.

She could taste her skin and all her fluids as the girl was slowly swallowed up, even more, Gyno was even feeling her moan louder as a result of the maid's fingering of her asshole. Her legs were practically kicking about in the air while her body writhed some more. Weiss's

lithe frame was wriggling wildly with every pulsation of pleasure running through her body as it sensually squeezed every last inch of skin between its lubricated walls.

"Ooooooh! A delicious flavor indeed! Hehehehehe!~" Gyno gushed happily with delight and turned back to see Enchantress looking in their direction with a pleased smile on her face. Blake was still bouncing up and down in her lap like a good little slut, feeling her pussy getting destroyed by Amora's plastic cock.

"Oh ho ho ho, what a kinky little perverted she's turning out to be, eh, Gyno? Look at that, her toes are still wriggling about even while there are only her feet sticking beyond her mouth.~" Amora said with a shudder and ran her tongue down her lips when she cupped Blake's chin, forcing her to look back in the direction of Weiss's vore scene. "Take a look at that, Miss Belladonna. See how much she's enjoying all of her body getting swallowed like a tasty morsel? You'll be next and you'll scream my name like a good little dirty bitch the entire duration.~"

"Y-yes, Mistress! Ooohhh!" Blake howled out, feeling Amora pushing deeper into her pussy while grooving her waist still. Eventually, all that was left seen of Weiss's body were her toes wriggling about salaciously from beyond the wide pair of red lips. Gyno got a kinky idea and latched her lips on her right set, running her tongue around each one while also tickling the other set with her right hand. Doing all of this was making Weiss shudder loudly from within the tube!

"Mmmnnghhhh! *Yess! Yes!!*" She screamed out from within the tube when feeling Gyno's tongue rolling all over each toe until and tickling the rest, hearing Weiss's contagious giggling until all ten of her toes were gone completely when the tube swallowed her whole!

Schlupp! Pop!

Weiss was permanently submerged from within the tube, wriggling, and squirming in pleasure as she made her way down into the extended human-sized canister of the Vacuum cleaner's canister body. Gyno was licking off her fingers with her tongue and continued running her other hand down her synthetic strap-on with a sweet smile.

"She tasted good too, like a nice cool treat on a hot summer day. Hee hee hee.~" Gyno said with a giggle and heard Blake suddenly shriek out in ecstasy as she felt her insides lurching around Amora's Strap-on cock! Her eyes went wide with wonder as she watched the bodacious cat Faunus writhe atop of her Mistress's lap.

"Uuuguuggghhhh! Aaaaaghhhh! Oohhhh...Mistress! Mmnggh!~" Blake cried out, shuddering in ecstasy as her pussy gushed all over the plastic phallus, feeling it push into her even now and hit her G-spot mid-climax! Gyno watched the sight of her toes curling up and her buttocks wriggling salaciously on top of Amora's legs as the Asgardian Goddess grabbed onto one of Blake's tits with her hands.

The sight of her euphoria-filled face made both Supernatural women within the room roll their tongues across their lips with excitement. Part of the spice in their conquest of claiming and breaking numerous women was the imagery of seeing them writhe in euphoria. Amora felt Blake's pussy gulch and squelch all over her cock, making her feel every pulsation that followed until she was finally finished cumming.

"Aahhh, splendid. Nothing nourishes my perversions more than seeing someone bend to my will, fu fu fu. Now let's see how she tastes, Gyno. I'm sure Miss Belladonna is dying to experience the same thing her dear girlfriend Weiss Schnee just did.~" Amora cooed and lifted Blake in her arms, pulling out of her cock from her mound and guiding her over to be placed down upon the SawHorse just like how Weiss had been. Gyno snapped her fingers again, making the large main tube with red lips as its opening re-activate upon seeing Blake close by.

The whirring noise of it humming to life called forth Blake's attention as she was seeing it bare down upon her from above, ready to ingest her like it had done Weiss. Blake looked at it with hypnotized-looking eyes and a goofy smile of desire shown on her face when it came closer. She clutched her fingernails around the edge of the SawHorse cushion seat, seeing those red lips spread wide-open when they became wide enough to wrap around her head.

"T-take me! Pleeaaase! I want to feel what Weiss felt and more!" Blake yelled out, kicking up her feet with childish excitement while Gyno and Amora looked up, watching as the large pair of red lips nibbled on her feline ears first before swallowing the top half of her head in!

Pop! Schlluuuuup!

"Yeesssssss! Aaaaahhhh! Yeesss! Mistress!" Blake cried out, feeling the gentle suction slowly swallow her into the depths of the tube. She was wriggling with excitement and started feeling pleasure already once the slime-like moisture inside touched the skin of her face.

Gyno ran her tongue across her fingers and smiled coyly with perverse glee, anxious to 'Taste' Blake as she had tasted Weiss earlier.

"I look forward to seeing how you taste, Miss Belladonna. I bet you're spicy in contrast to Miss Schnee tasting a sweet summer day. Hee hee.~" Gyno said with a giggle as she started feeling the 'flavor' of Blake come into contact with her synthetic tongue receptors. The android shivered with ecstasy as she started really feeling it, she heard Blake's moans becoming muffled once the red lips went past her neck.

Gyno could see her body wriggling crazily with excitement, causing her toe to curl and clench together in maddening euphoria as it was being felt from Blake's end of things. Blake howled loudly again with a euphoric moan from within the tube, making it vibrate since she was squirming nonstop from atop the SawHorse when Gyno walked over.

"Mmhm! Why wait? I want to get a physical taste of you right now, hehe hehe.~" She giggled and walked over to the Faunus woman's dangling feet, gripping each ankle with a mischievous smile. Quickly looking back at her Mistress Amora, Gyno received a nod from her and turned her attention back to Blake before getting started on enjoying the rest of her body before it literally went down the proverbial drain.

She brought her mouth over to one of Blake's tongues and swallowed it up into her synthetic lips, squeezing them around one of her big toes while tickling the other foot for her amusement. She had done this with Weiss and saw the girl react explosively, hoping it would be the same for Blake. Luckily for Gyno, they had both been extremely ticklish and squeamish to whatever she was doing.

"Mmhmhm. *Schlupp..schlupp..schlup..schlupp!* Ahhh!~ Hehehehe.~" Gyno giggled deliriously between hard toe-sucking movements of her face as she continued tasting and tickling the girl while the ingestion process went on.

"Hmm! *Aaaaahhh! Yess! M-More! Mmoorrree! Hahahaahaah!~" Blake cried out internally from within the tube as she felt more of its slick sliminess caressing her naked body while it was gobbling her down. The widespread red lips had reached past her collarbone at this point, making her tits jostle salaciously in mid-process even more. She squirmed and moaned blissfully, enjoying the additional feeling of somebody tickling her feet and sucking on one of her toes.

Blake had never known she had wanted this before right now and yearned to feel even more while her pussy gushed.

'T-this is amazing! T-t-t-this is incredible! I want it all...! I want to serve my Mistress like a good broken house pet! I'll do anything she asks! Either of them! Just please don't stop giving me this treatment!~' She thought to herself and ran her tongue erotically down the surface of the inside of the tube, tasting the slime that was slathering her entire body.

Schhhluuuuuup!

The tube kept on sucking and had reached past her nipples now, taking Blake in a little further with the red lips wrapped tightly around mounds while slowly moving down. Her naked, sweaty body continued to writhe from atop the Sawhorse, making Amora get off to the sight of such a perverted girl enjoying the 'ingestion' treatment the tube was providing her.

"My oh my, she is a natural pervert, I must say. This is probably considered 'Heaven' to her, not that it wouldn't have been anyway since I've effectively broken both Miss Belladonna and her girlfriend. They'll make wonderful new additions to the menagerie, right alongside their teammates from Team RWBY and many more." Amora said to herself, watching the sight of Blake's lower body undulating from across the surface of the seat with her ass bouncing about atop of it.

"*Mmmnnggh! Hmmmnggh!!*" Blake's muffled cries of elation came out a second time, making Gyno suck on her toes even harder as she simultaneously enjoyed the flavor of 'Spice' Blake exhibited. She was vastly different from Weiss, almost like she was the 'Spice' to Weiss's 'Sugar and Everything Nice' motif. Still, Gyno found herself horribly addicted to the flavor and showed her affection for it by running her synthetic tongue all over Blake's toes some more.

Minutes more had passed by and eventually the long, widespread pair of red juicy lips swallowed everything that was Blake down its tunnel, leaving only her feet dangling helplessly into the air once Gyno let go. They were wriggling non-stop and the two of them could still hear her screaming ecstasy as she came once fully inside! The tube shook about tremendously with Blake's body shuddering in orgasm with an unseen smile on her face. Amora could tell what it looked like since she was connected to her own contraption in a way and using magic to see inside of it was a blissfully content Weiss and Blake curled up next to each other in naked, slimy post-coital bliss.

The goofy smiles on their faces were a surefire sign that this was a rather fulfilling and efficient method in which to break in these depraved women even faster. Normally the Lamia-bots do a good enough job already, but something was more fulfilling about having a magical android creation tag-team with Amora on these new features to capture into the menagerie.

Schlupp!

Blake's feet were now fully gone with sight with a loud vacuum-like suction, leaving the pair of Red Lips to close with a 'pop'. Amora let out a sigh of post-sex relief and looked at Gyno to her side with a coy smile on her face.

"I rather enjoyed this method, Gyno. It is certainly...new and apparently quite effective in bringing out the innate pervertedness of these girls once they're stimulated enough. We'll have to try it again soon, Valhalla knows that there are plenty of sexually starved women and young girls just begging to be tossed into an everlasting whirlpool of sexual debauchery like this.~" Amora explained and Gyno nodded in agreement with her, smiling with pride as she watched her Mistress walk over to two certain places around the bed and SawHorse to pick a couple of things up off the floor.

They were Weiss and Blake's thongs, both made of lace and appropriately white and black as per their personal thematic colors. Amora swooped each of them up into her hands and let them both spin around her raised index finger with a smile. Twirling them and whiffing each one with a shudder, she looked at Gyno with a smirk and was ready to move onto the next girl to claim.

"Ah, smells like victory, doesn't it, Gyno?~"

"Tastes like it too, Mistress.~" Gyno replied while licking up her fingers, memorizing the state of Weiss and Blake respectively and anxious to 'Taste' more later on.
