STORY BY
DYNASTY CHOPPER 
Art by Mr Phoenyx 

We start the chapter with a flashback of the varsity team members Jason Morris, Dennis Russell, and Melvin Yamamoto diving into the water. However, this time our story will be more focused on the other two members: Dennis and Melvin.

GO!

Am not losing to you today Jason!

Today's the day I make the Captain look weak in front of Sylvia!

We do a split panel introduction as on the left panel is Dennis swimming with the blue sparklies already swirling around him as they bring him into the illusion. And on the right, in similar fashion, is Melvin swimming as the sparklies swirl him into the illusion too.

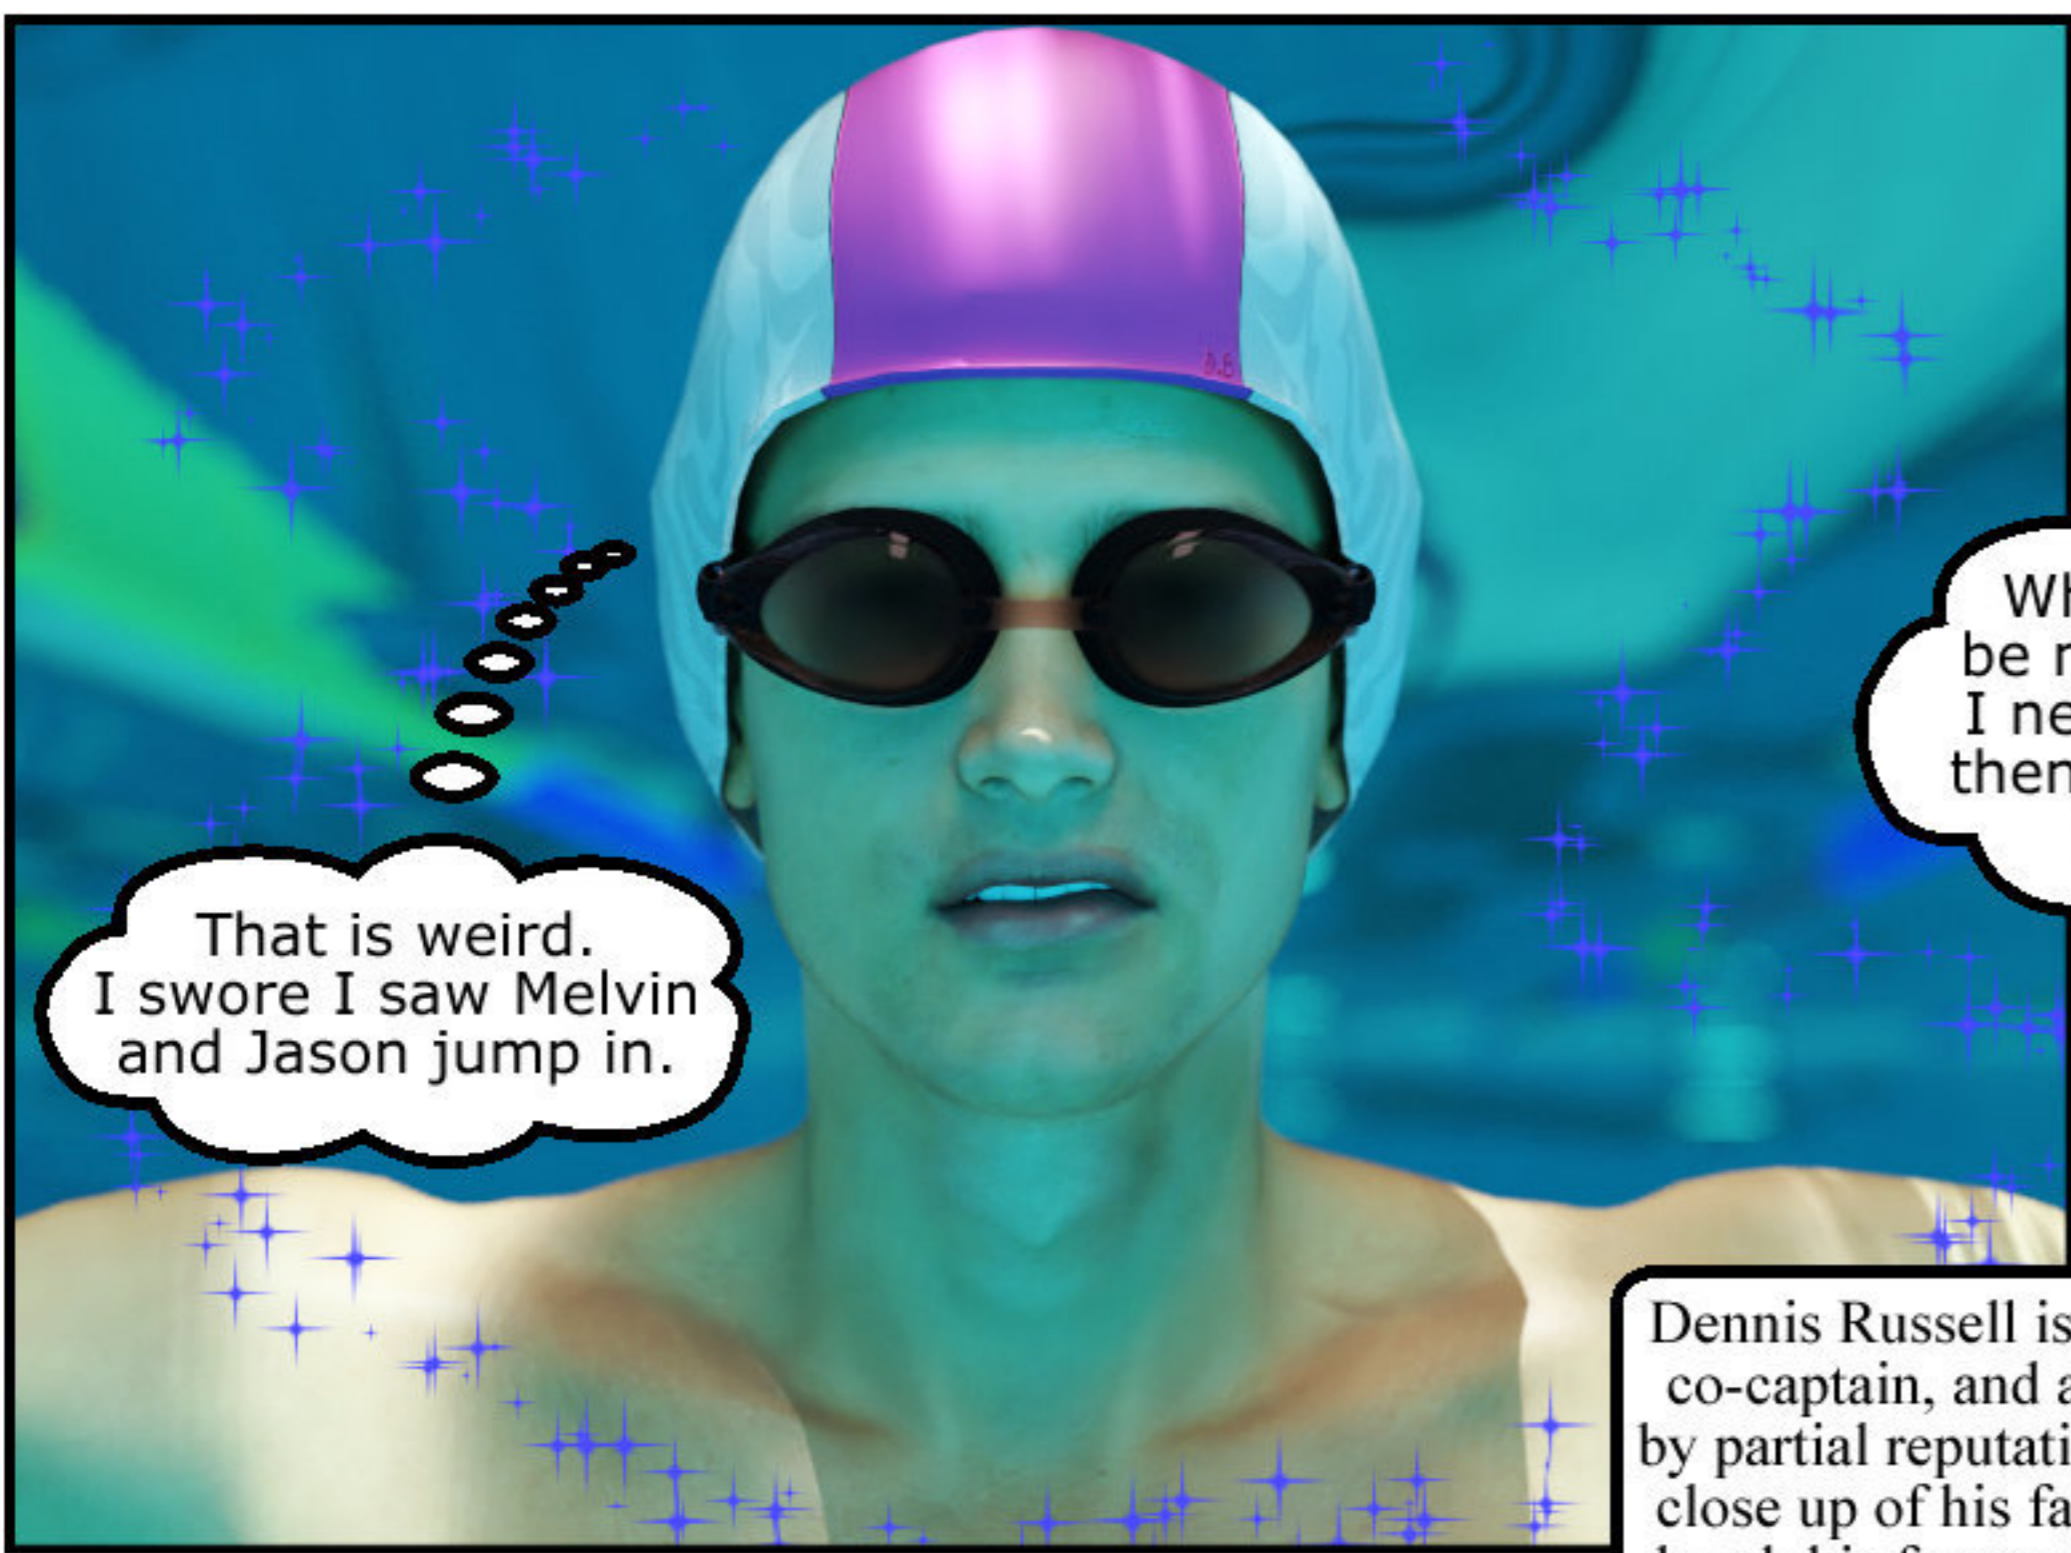

Wait where the fuck did Jason and Melvin go!? And was that a blue light I saw?

Hey! Where did Jason go? Did he already finish!?

We start with Dennis, who looks confused. He stops swimming and is floating underwater as he appears to be looking around for his team, but he sees no one. Meanwhile, Melvin is also concerned on where his friends went as the sparkles stay on them.

That is weird. I swore I saw Melvin and Jason jump in.

Whatever! Must be my imagination I need to hurry up then and get to the finish line.

Dennis Russell is the varsity team's co-captain, and a bit of a horn dog by partial reputation. We start with a close up of his face as the sparklies brush his face and begin regressing his facial appearance from a man to that of an effeminate young male. There is no hint of a female persona yet, as he is thinking in the water.

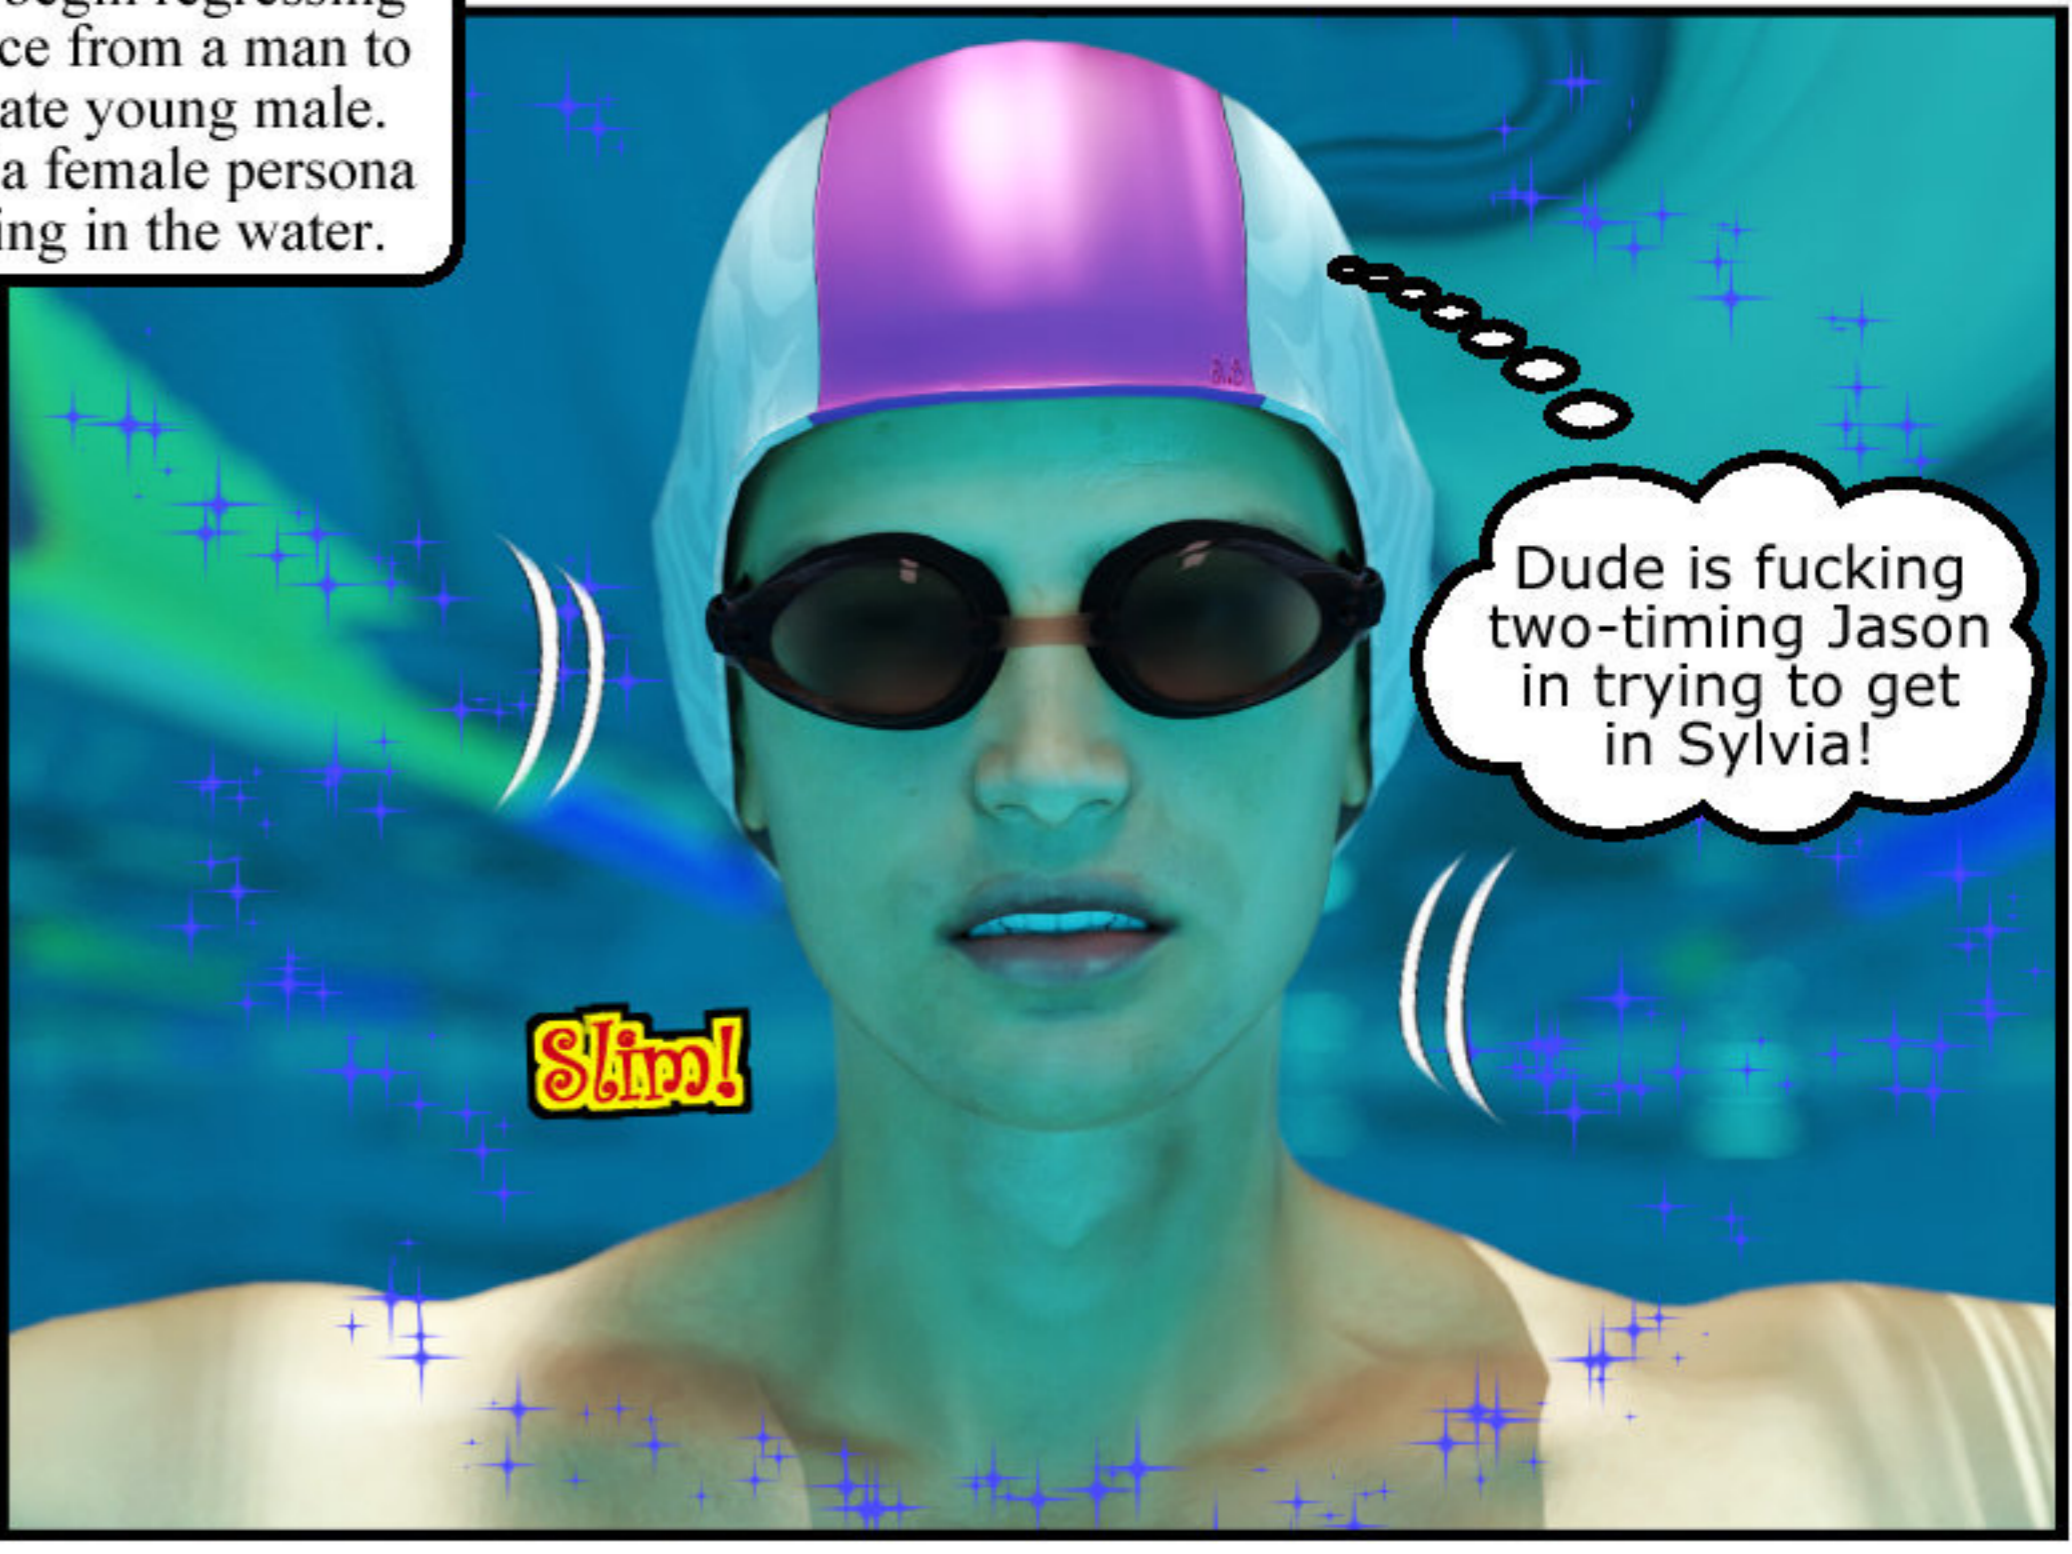

Change!

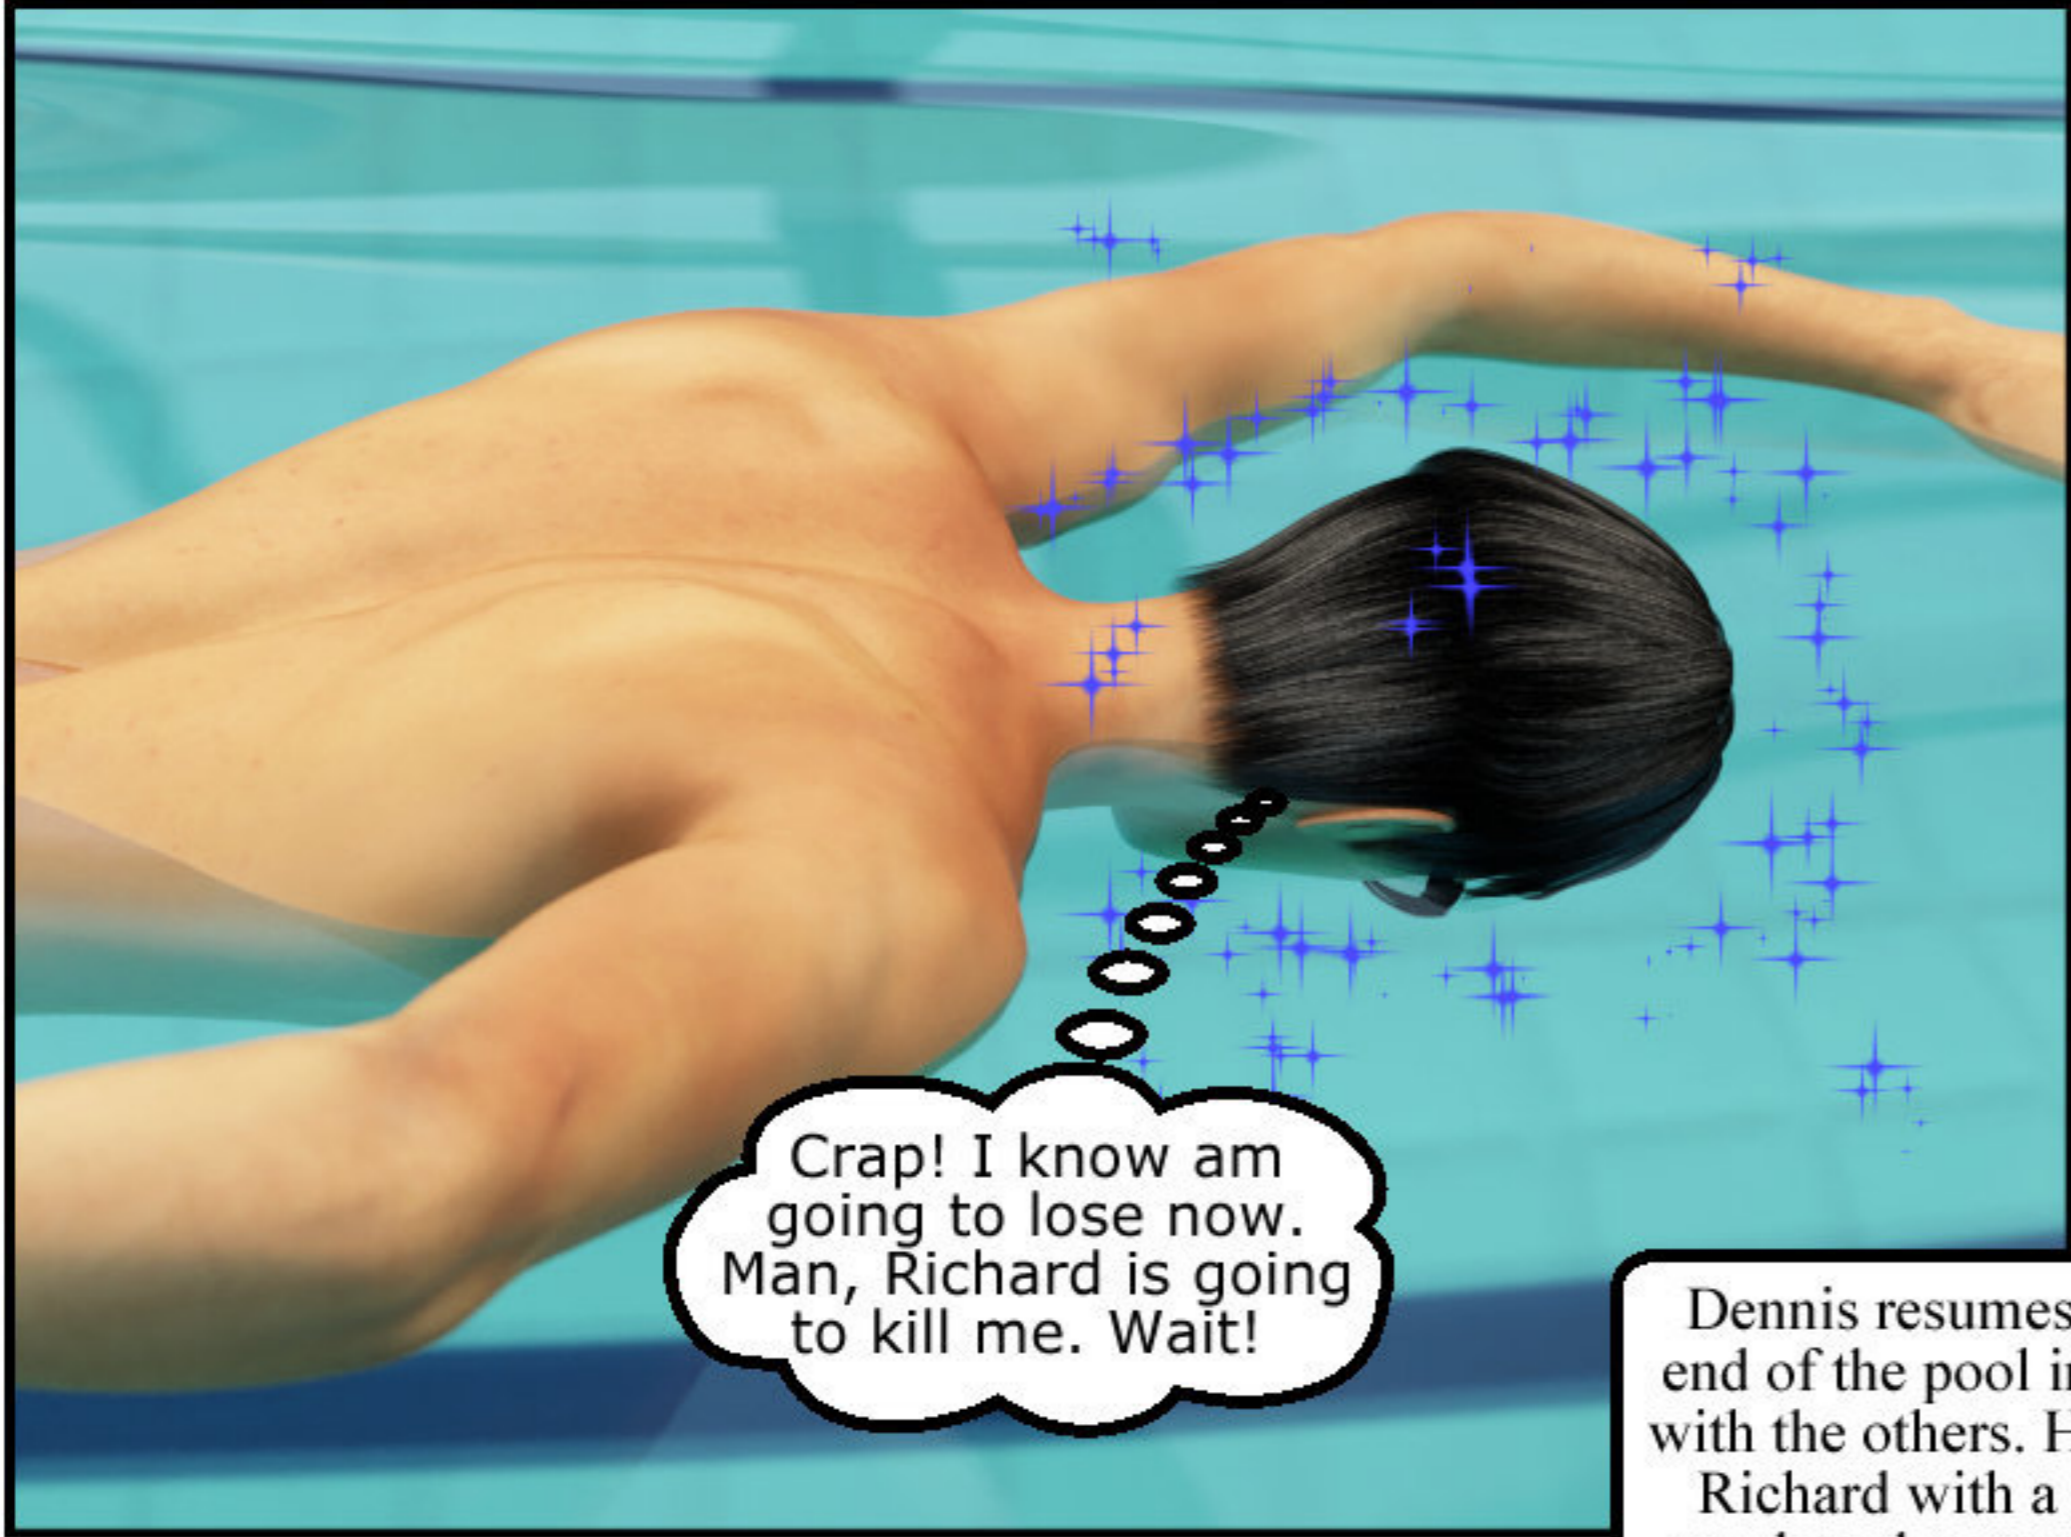

Soften!

Hmmm, I wonder if after this pointless race I should wait for Jenni to get here and give her a good show before Melvin tries to seduce her and Sylvia.

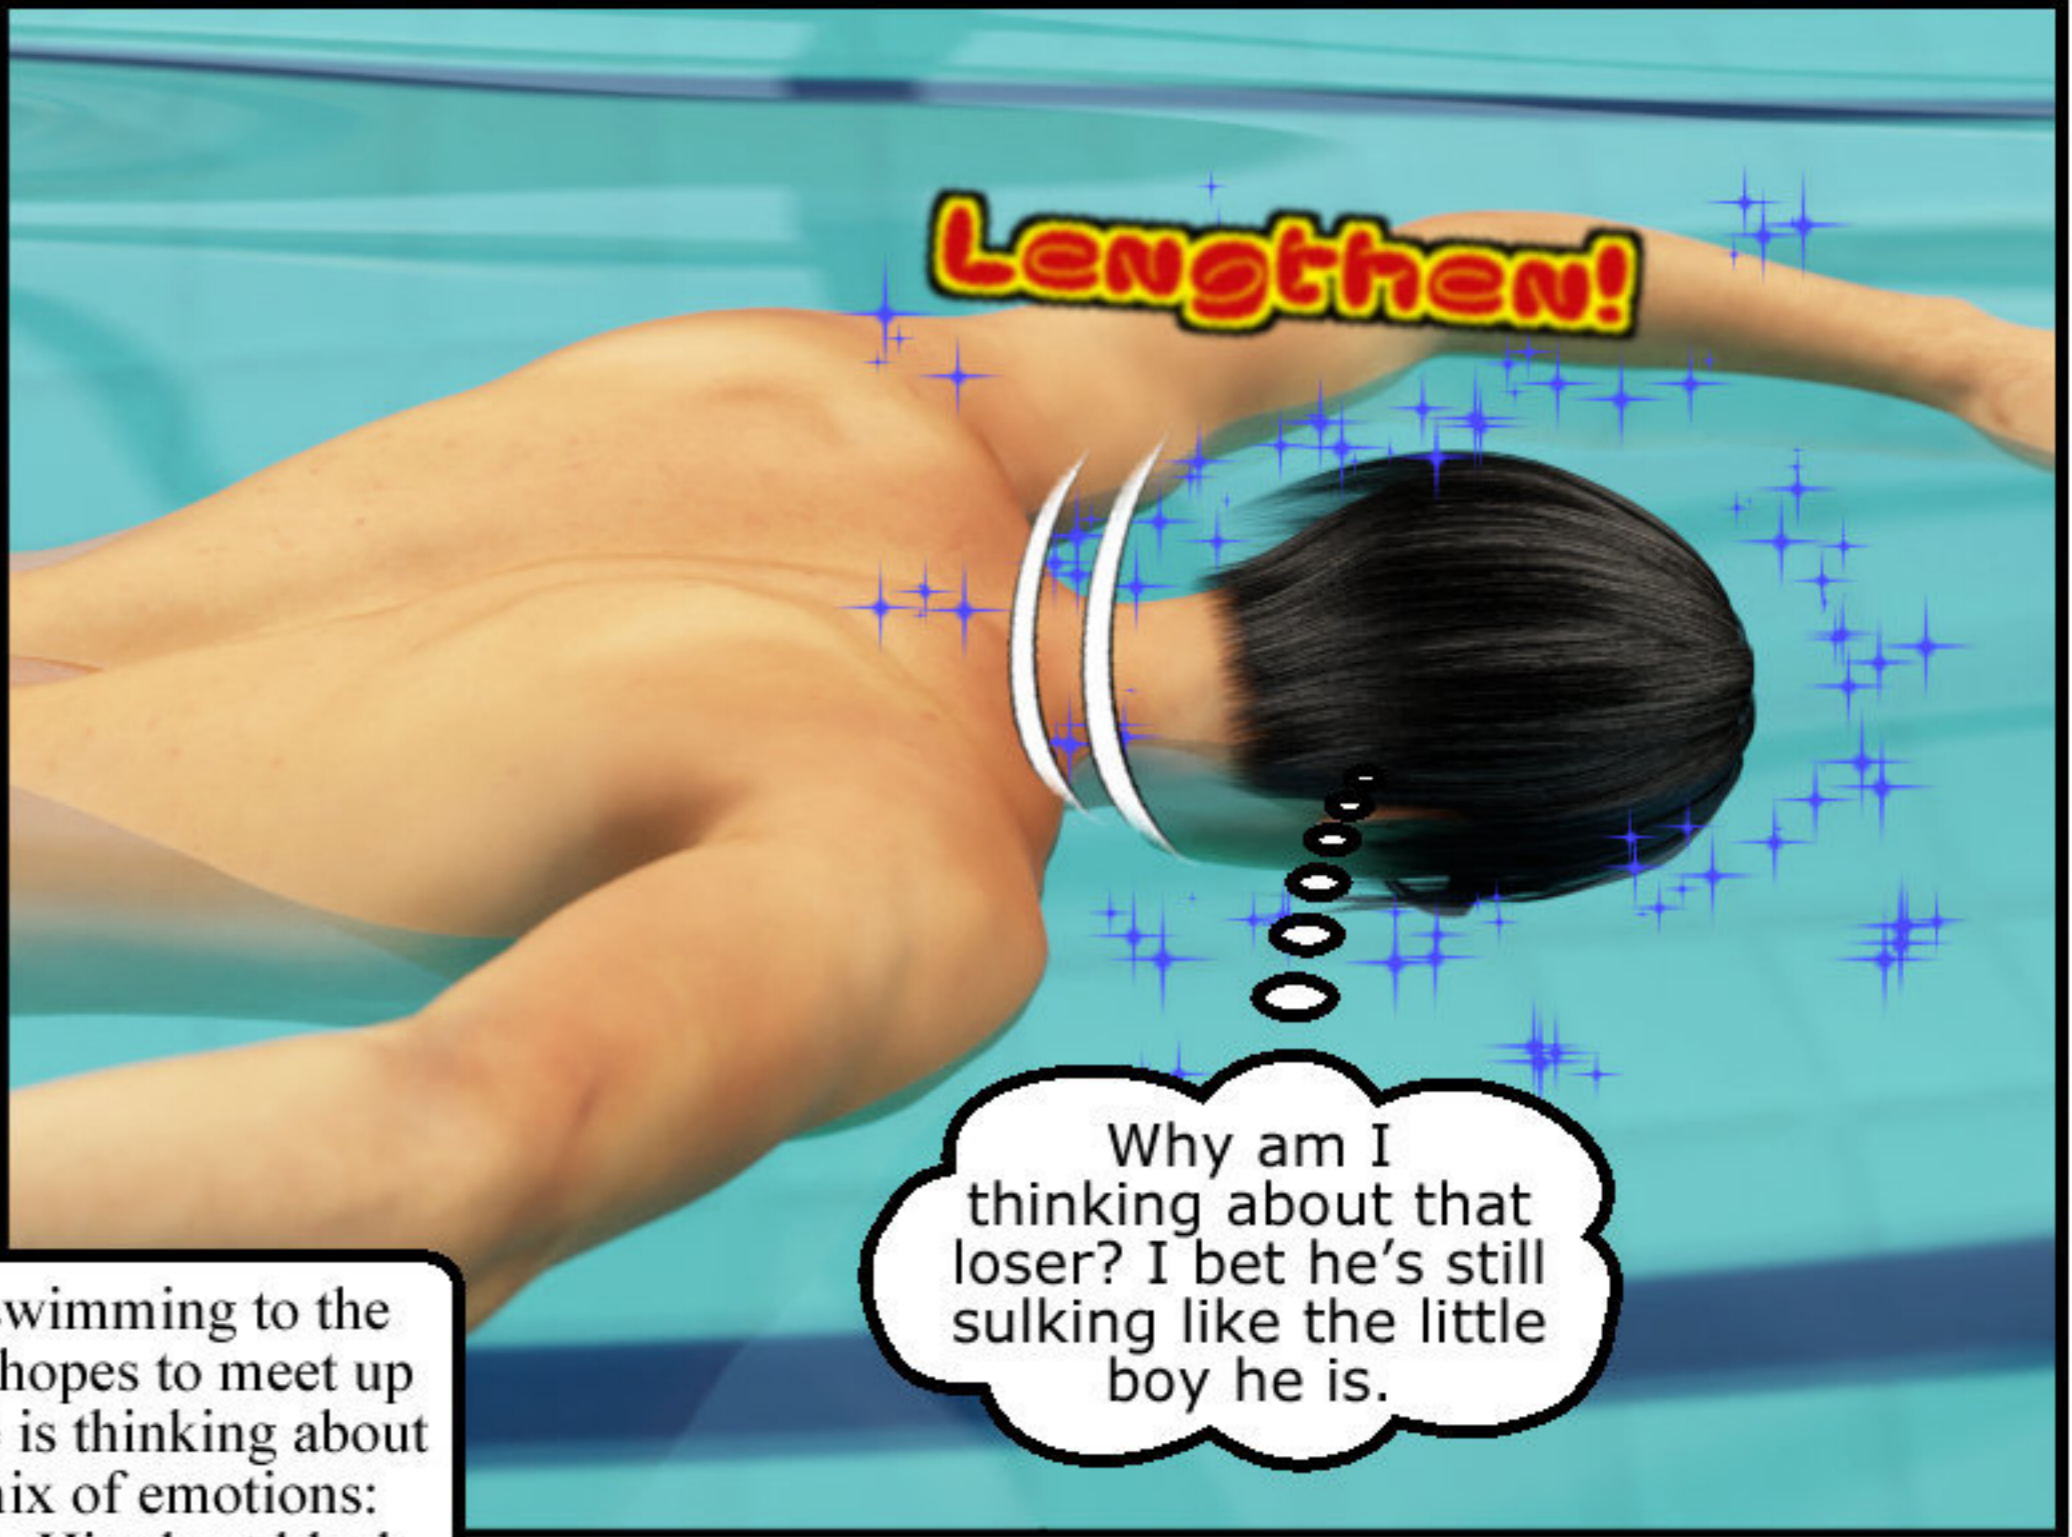

Slim!

Dude is fucking two-timing Jason in trying to get in Sylvia!

Crap! I know am going to lose now. Man, Richard is going to kill me. Wait!

Lengthen!
Why am I thinking about that loser? I bet he's still sulking like the little boy he is.

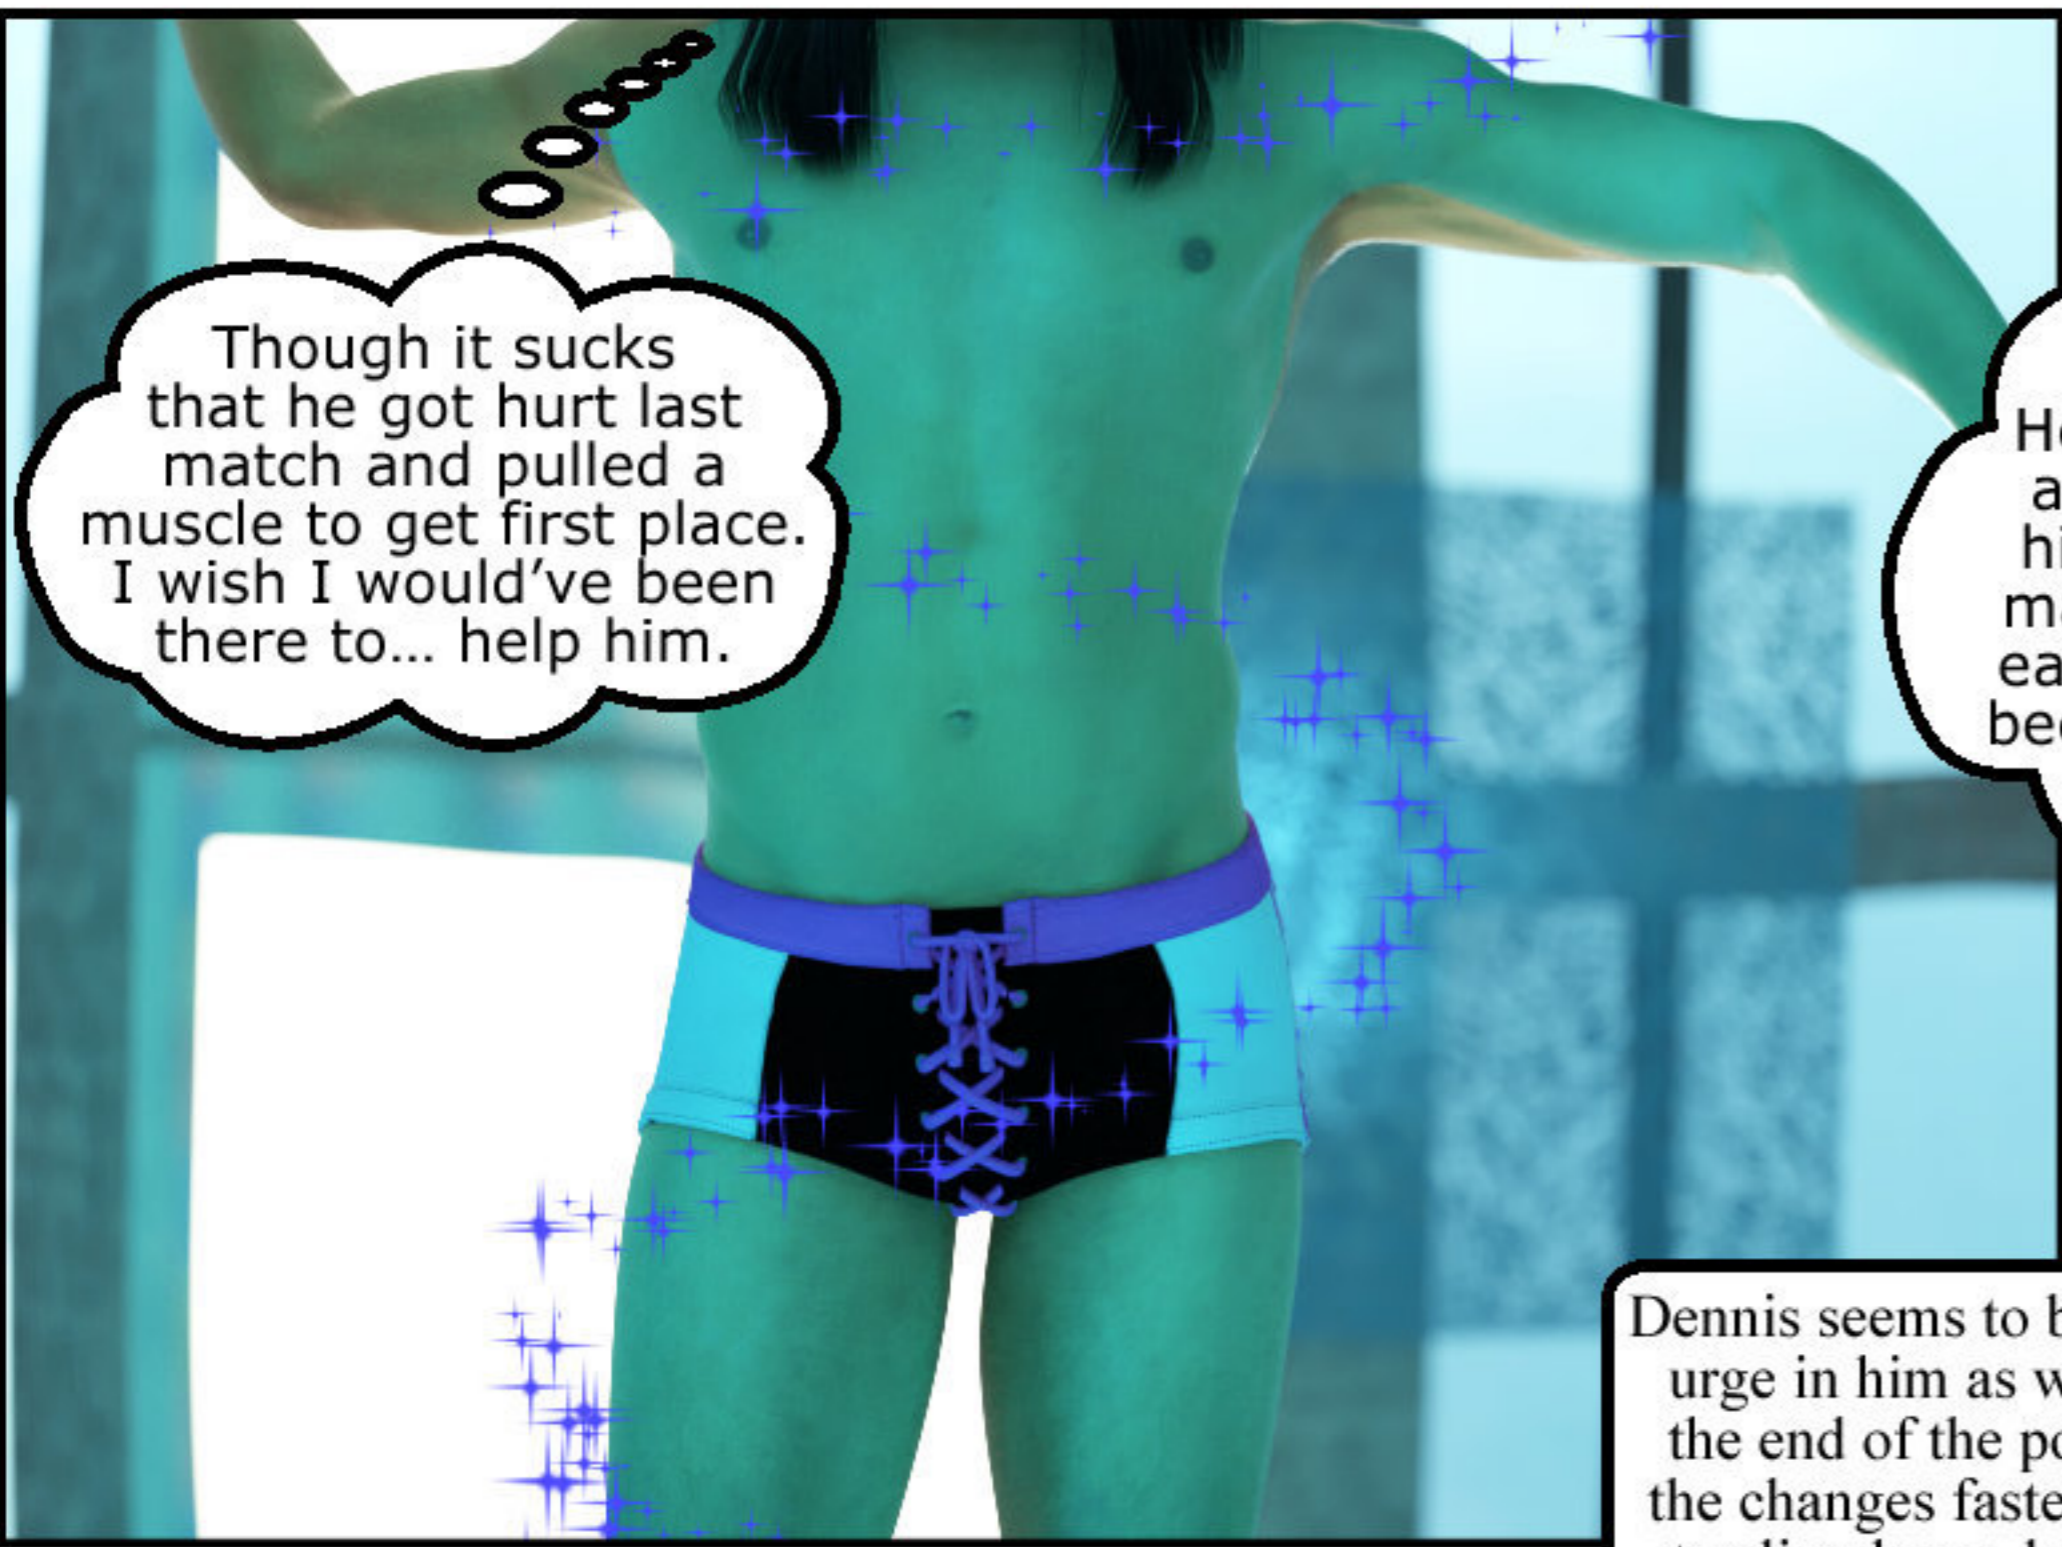

Dennis resumes swimming to the end of the pool in hopes to meet up with the others. He is thinking about Richard with a mix of emotions: mock and concern. His short black hair instantly flows back from the current and speed of his strokes as the new lovely long hair reaches down to the middle of his back.

Tumble!
Well... not that little I guess, now that I think about it.

Longer!
Wait... why am I even thinking of him?

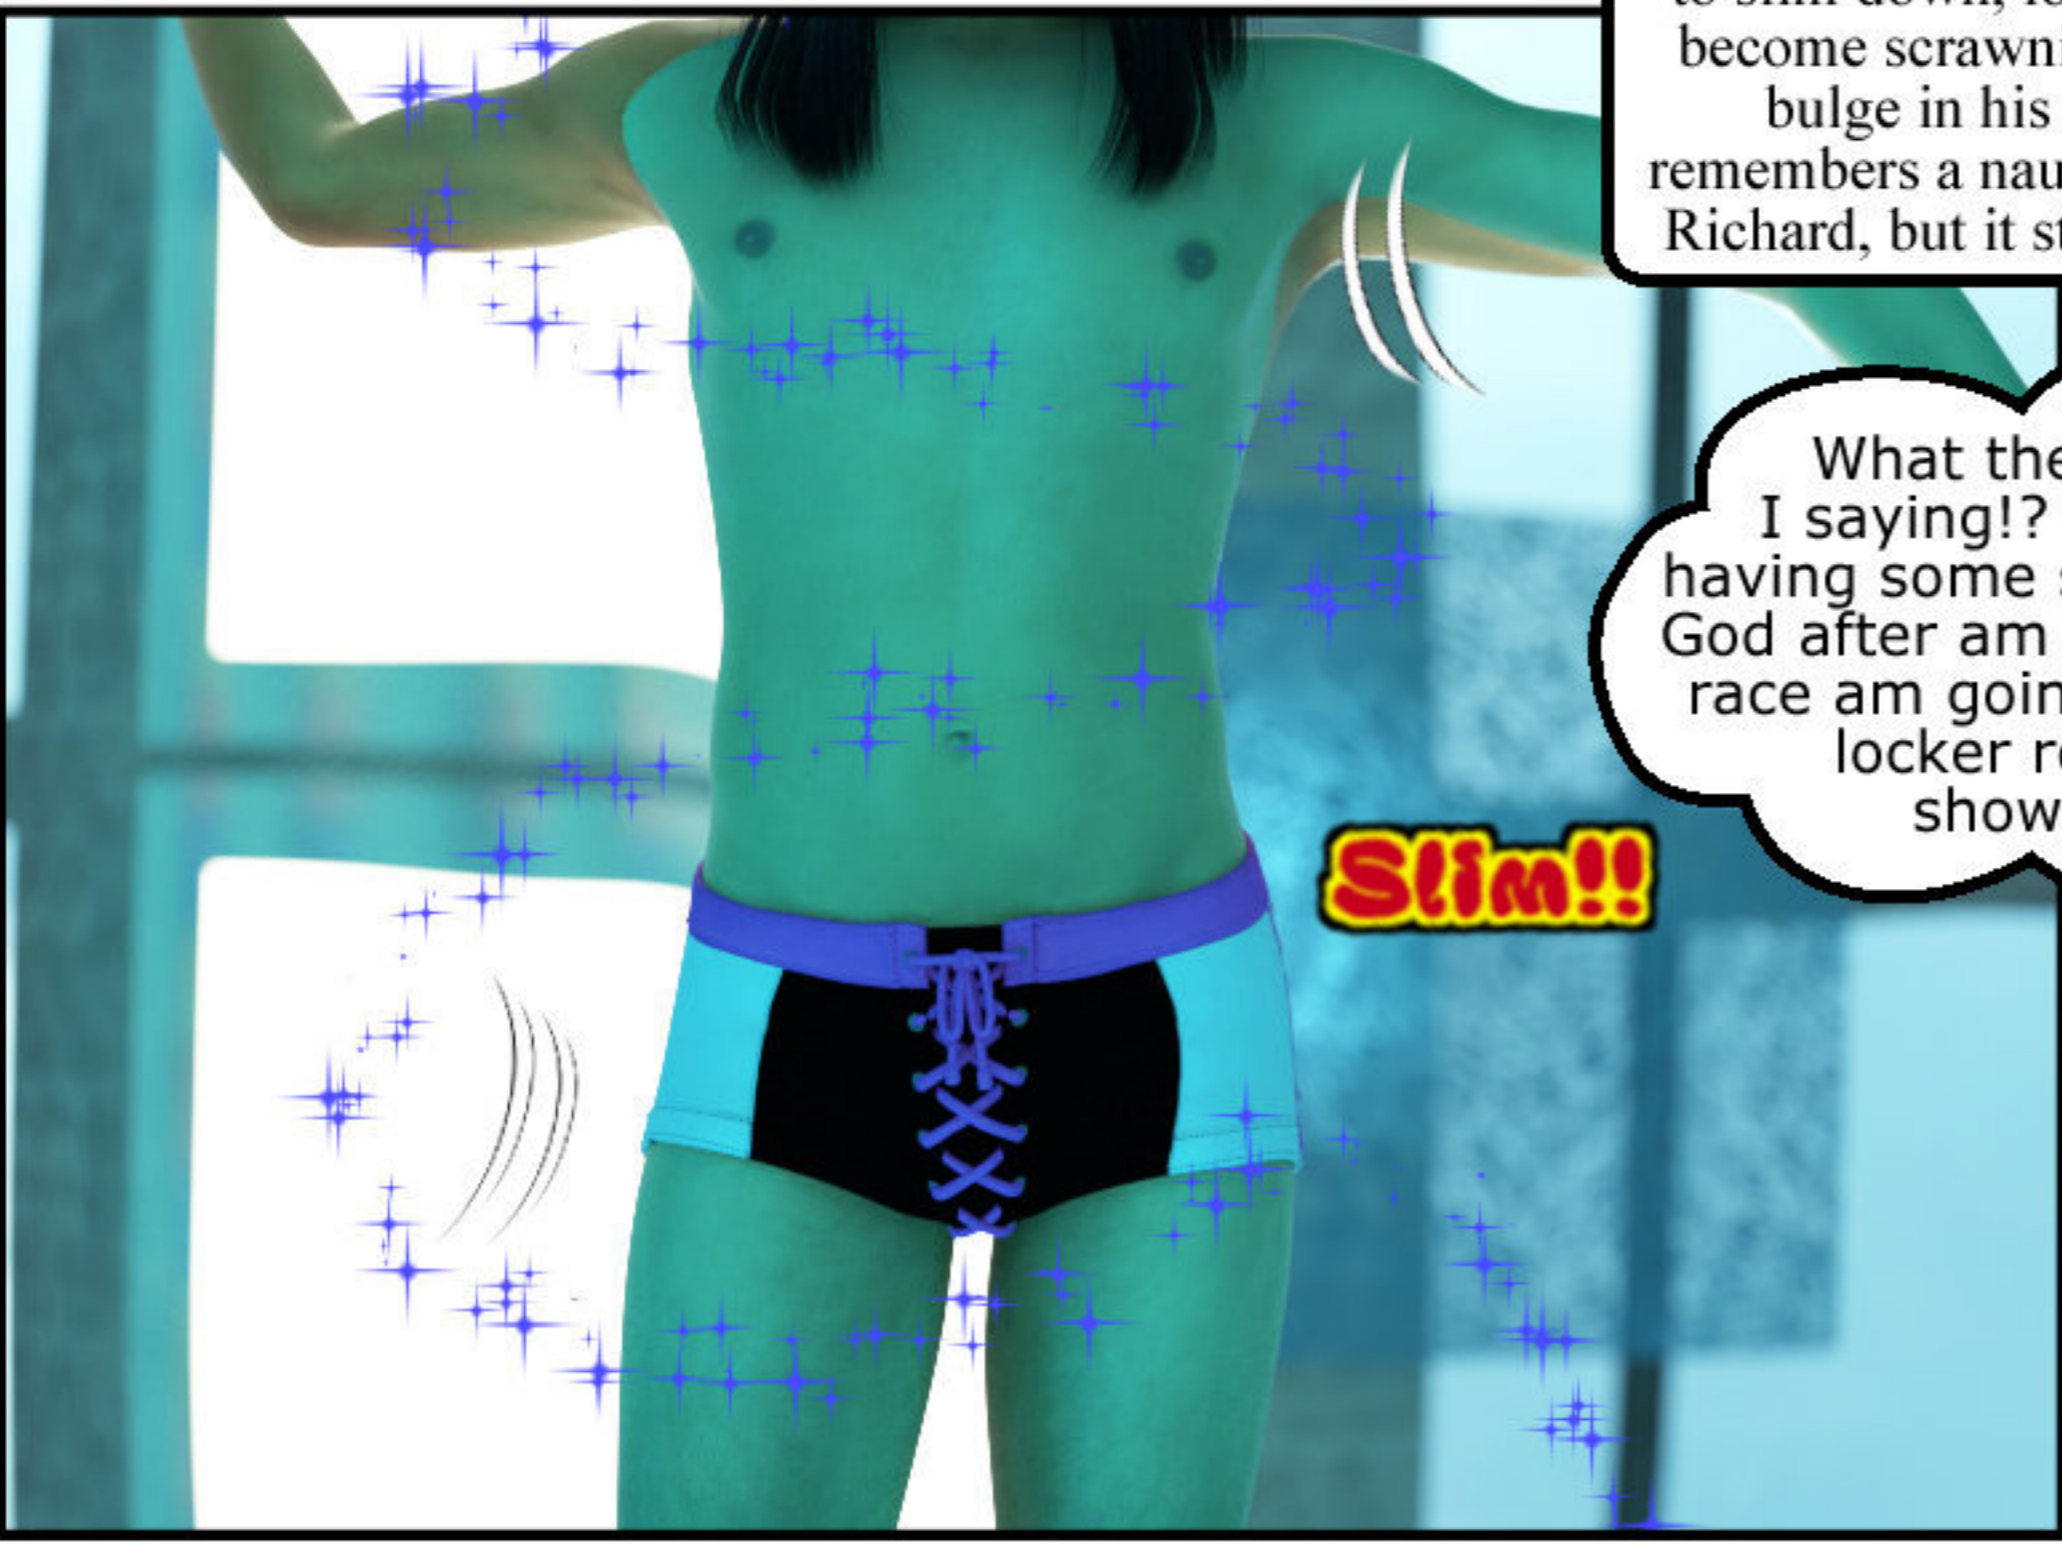

Though it sucks that he got hurt last match and pulled a muscle to get first place. I wish I would've been there to... help him.

What am saying? He deserved it for being a try hard! But at least his teammates could've massaged his leg to help ease the pain. I would've been on my knees to help my ma...

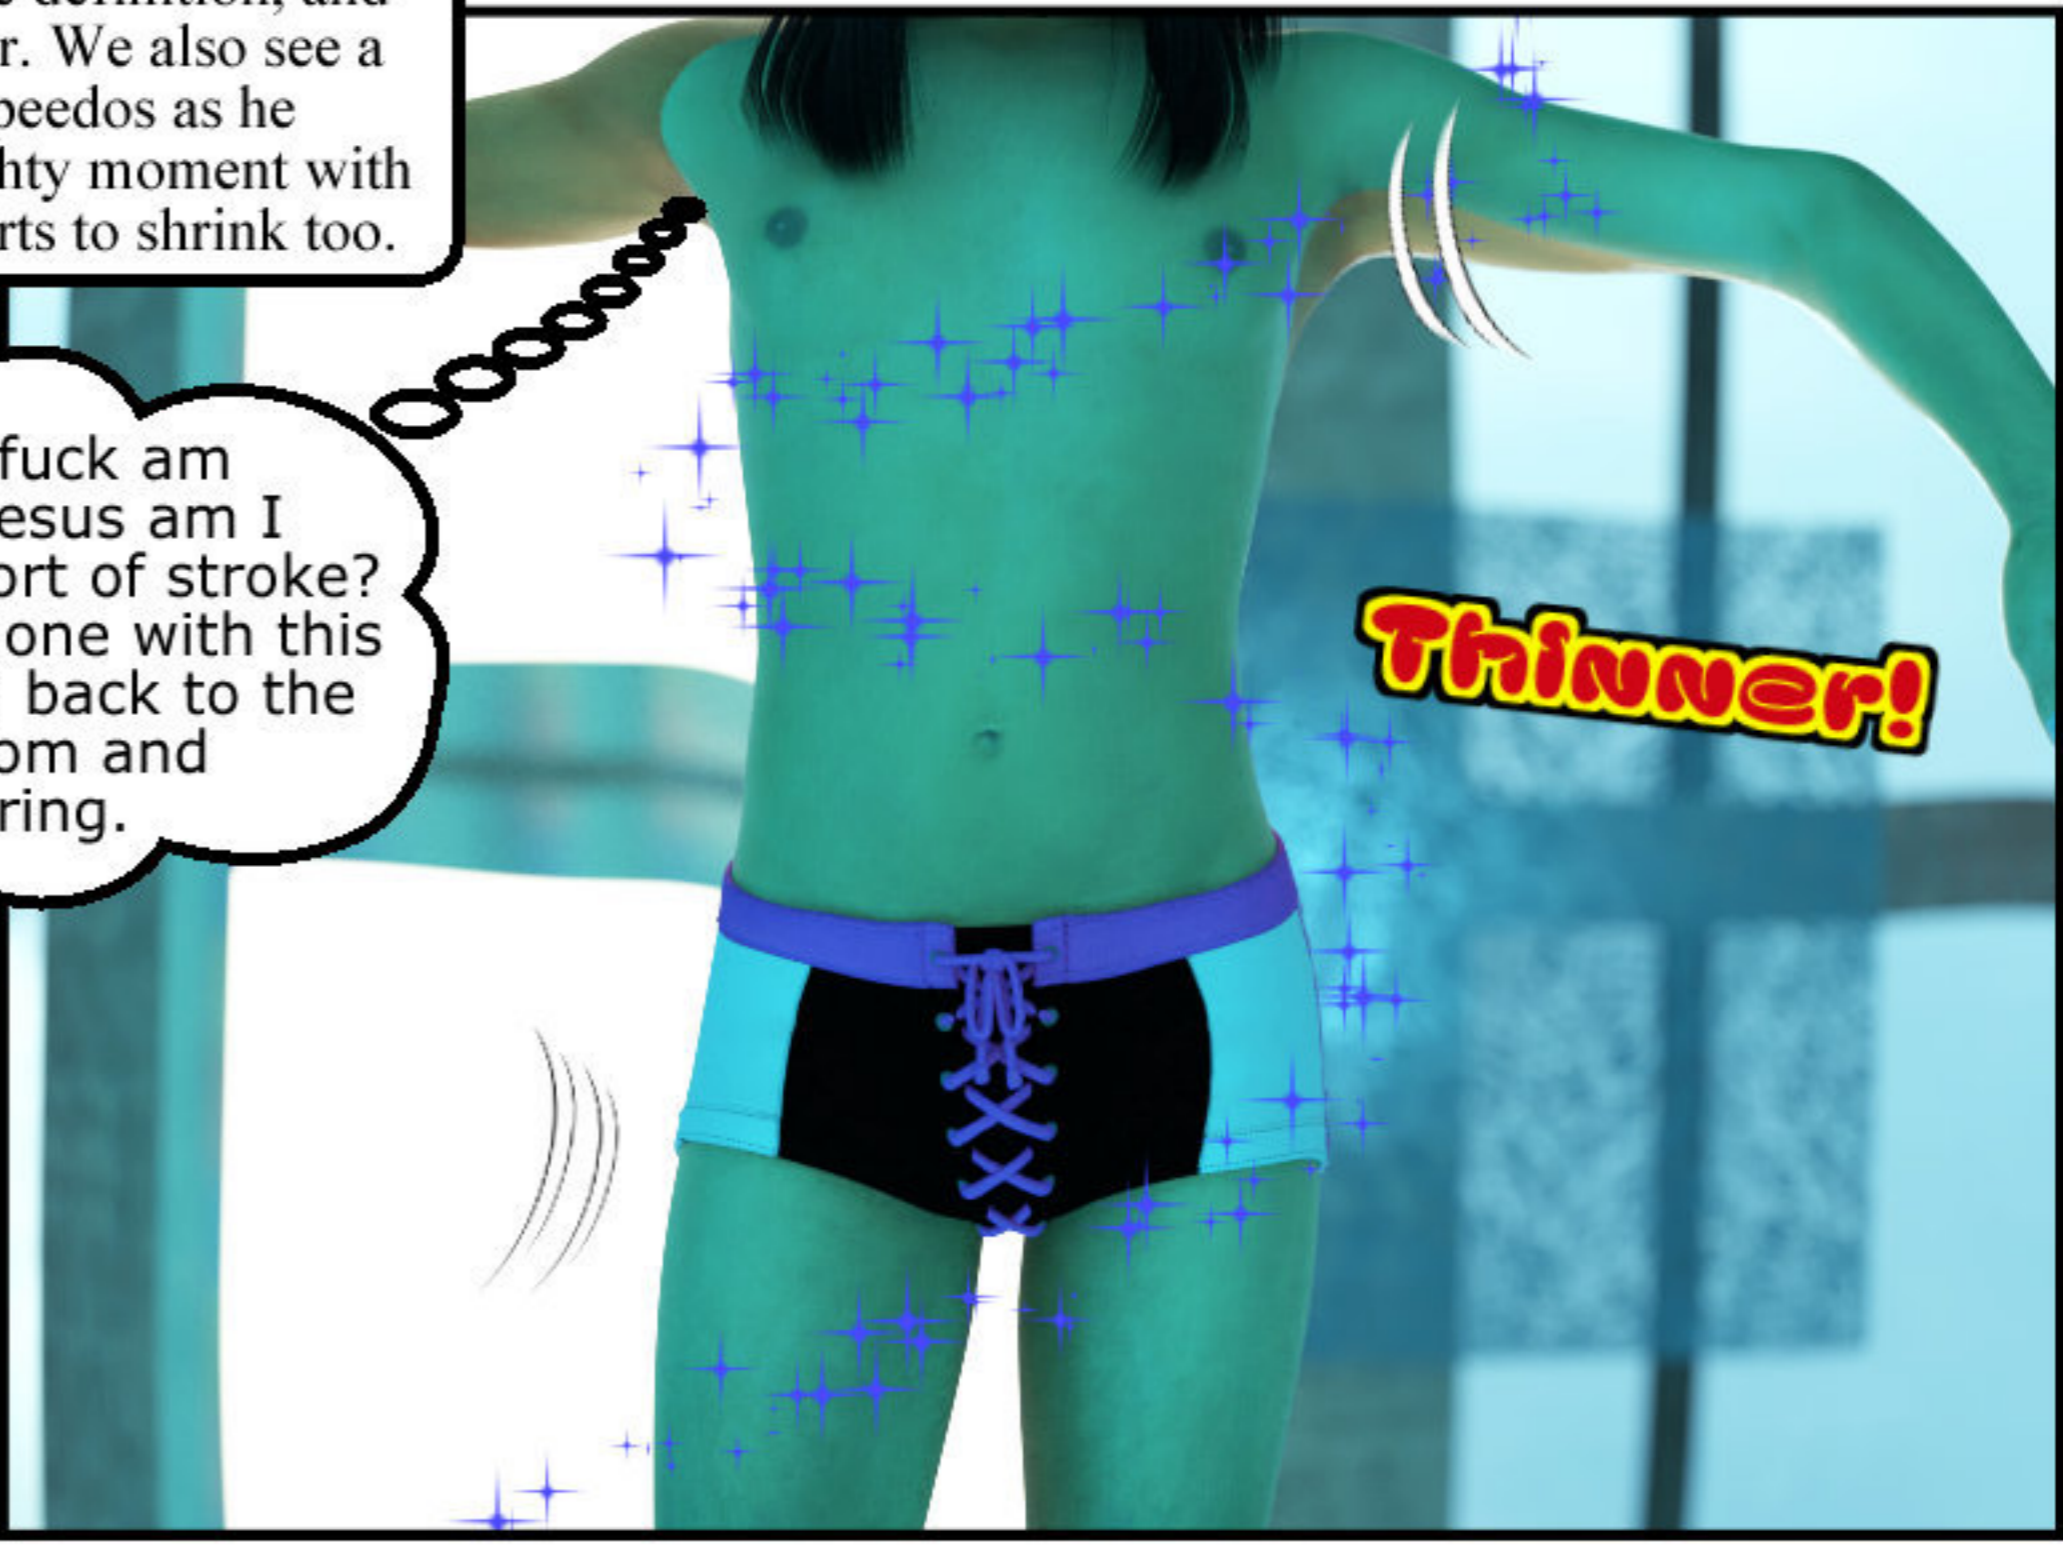

Deflate!

Dennis seems to be fighting a hidden urge in him as with each stroke to the end of the pool his ideas force the changes faster. His body begins to slim down, lose definition, and become scrawnier. We also see a bulge in his speedos as he remembers a naughty moment with Richard, but it starts to shrink too.

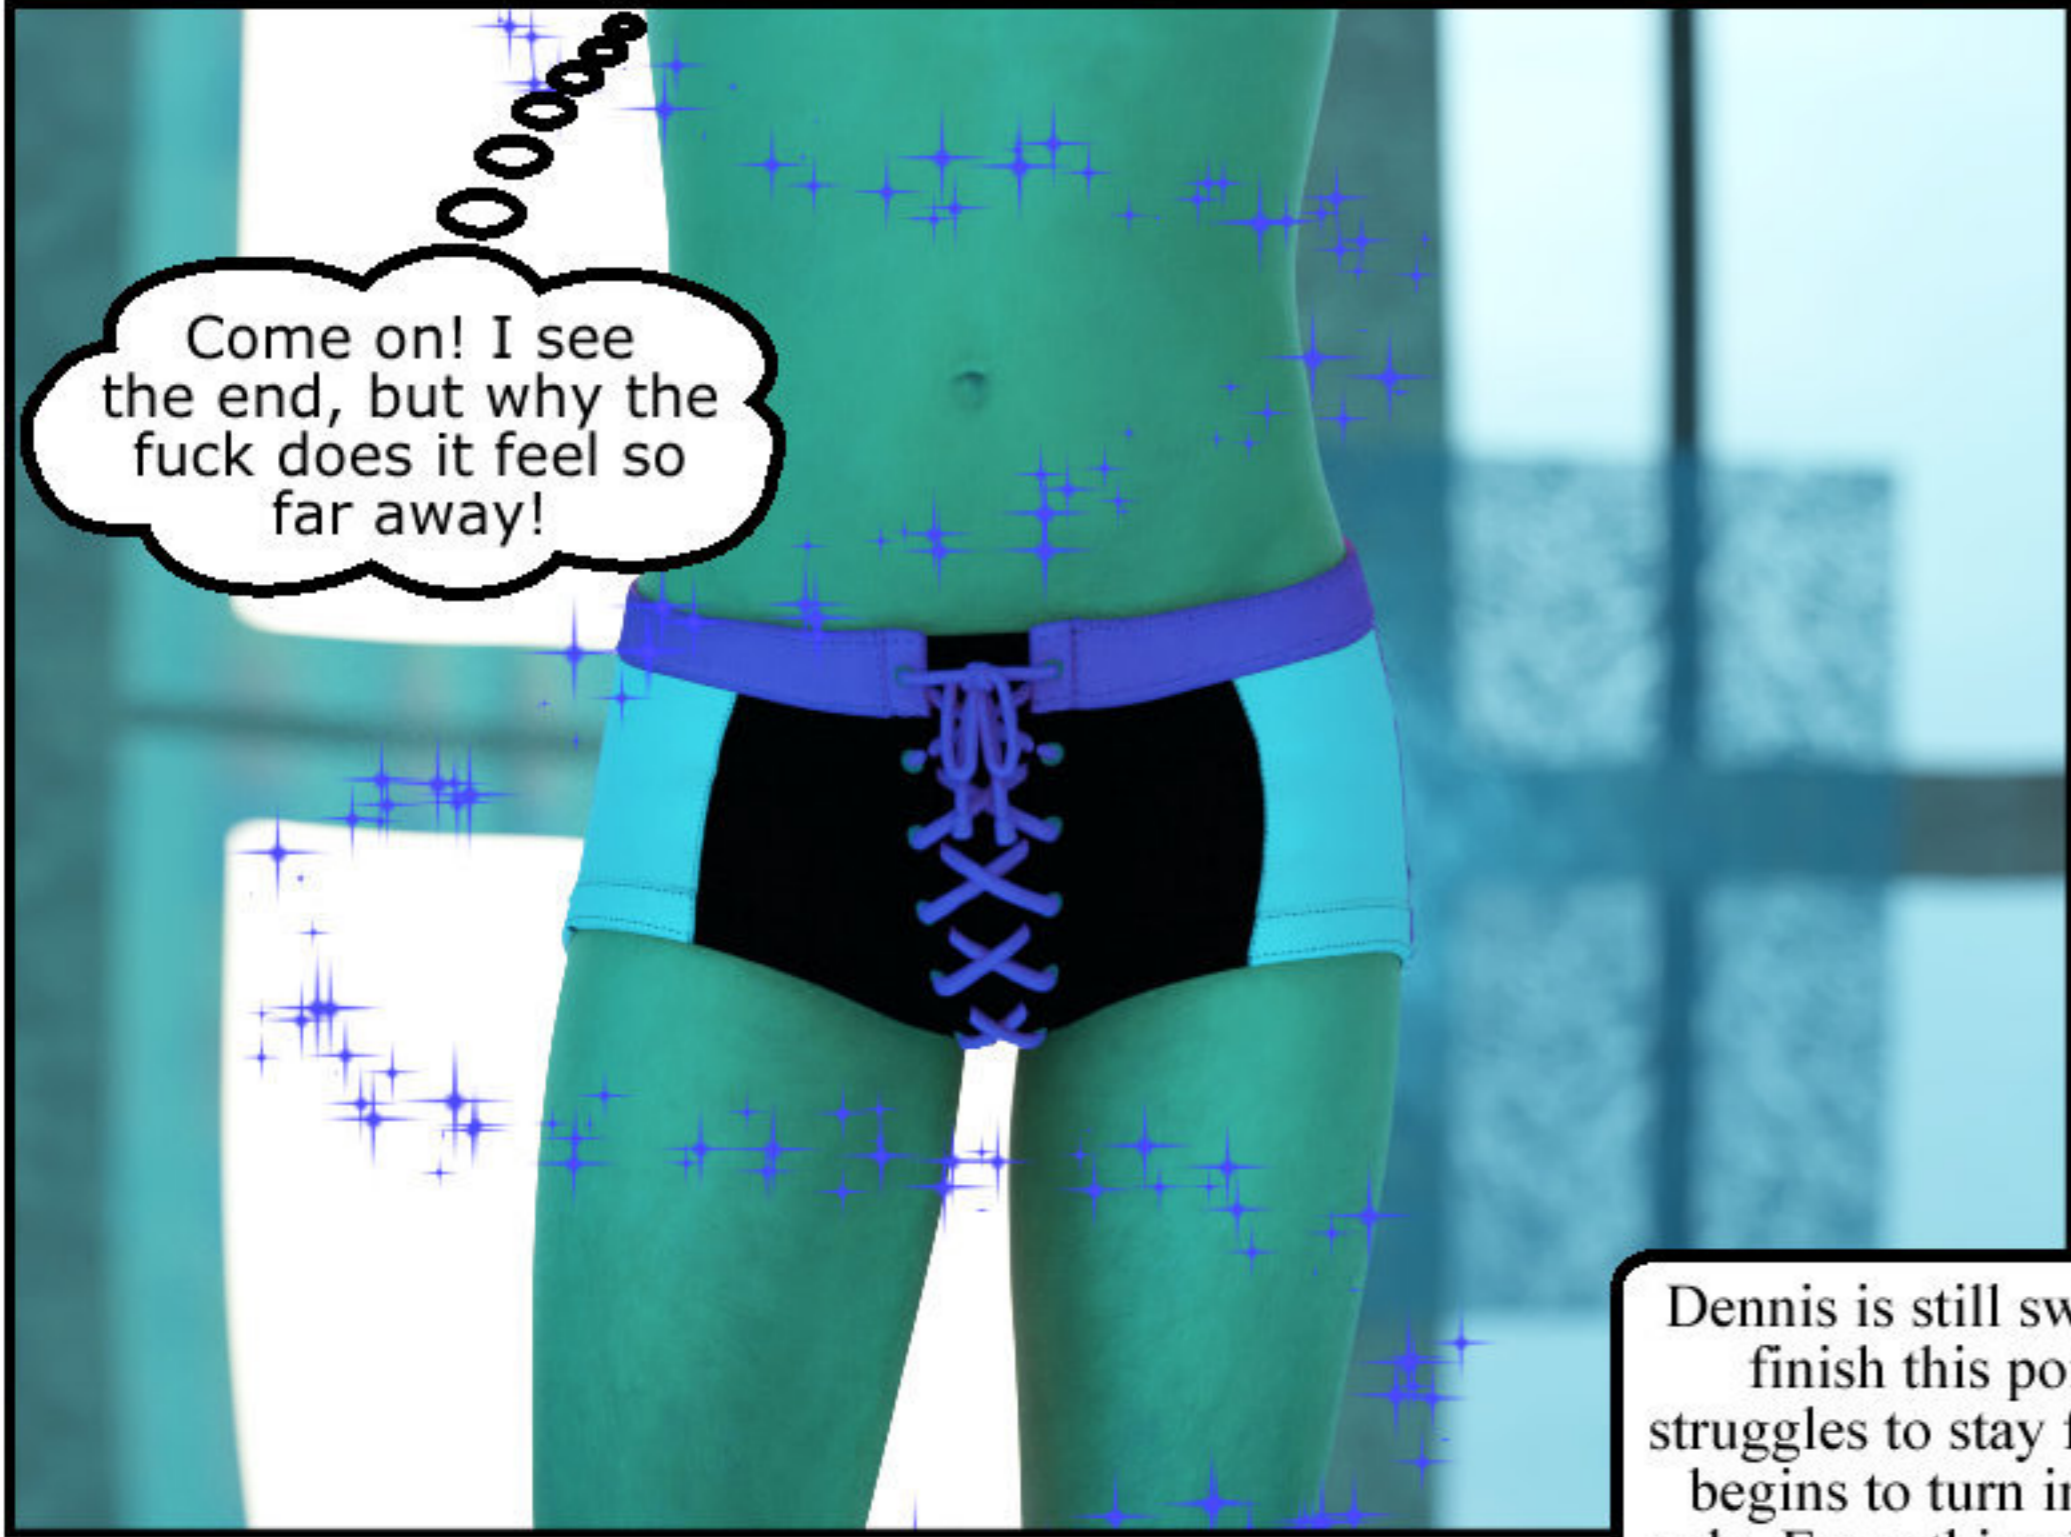

What the fuck am I saying!? Jesus am I having some sort of stroke? God after am done with this race am going back to the locker room and showering.

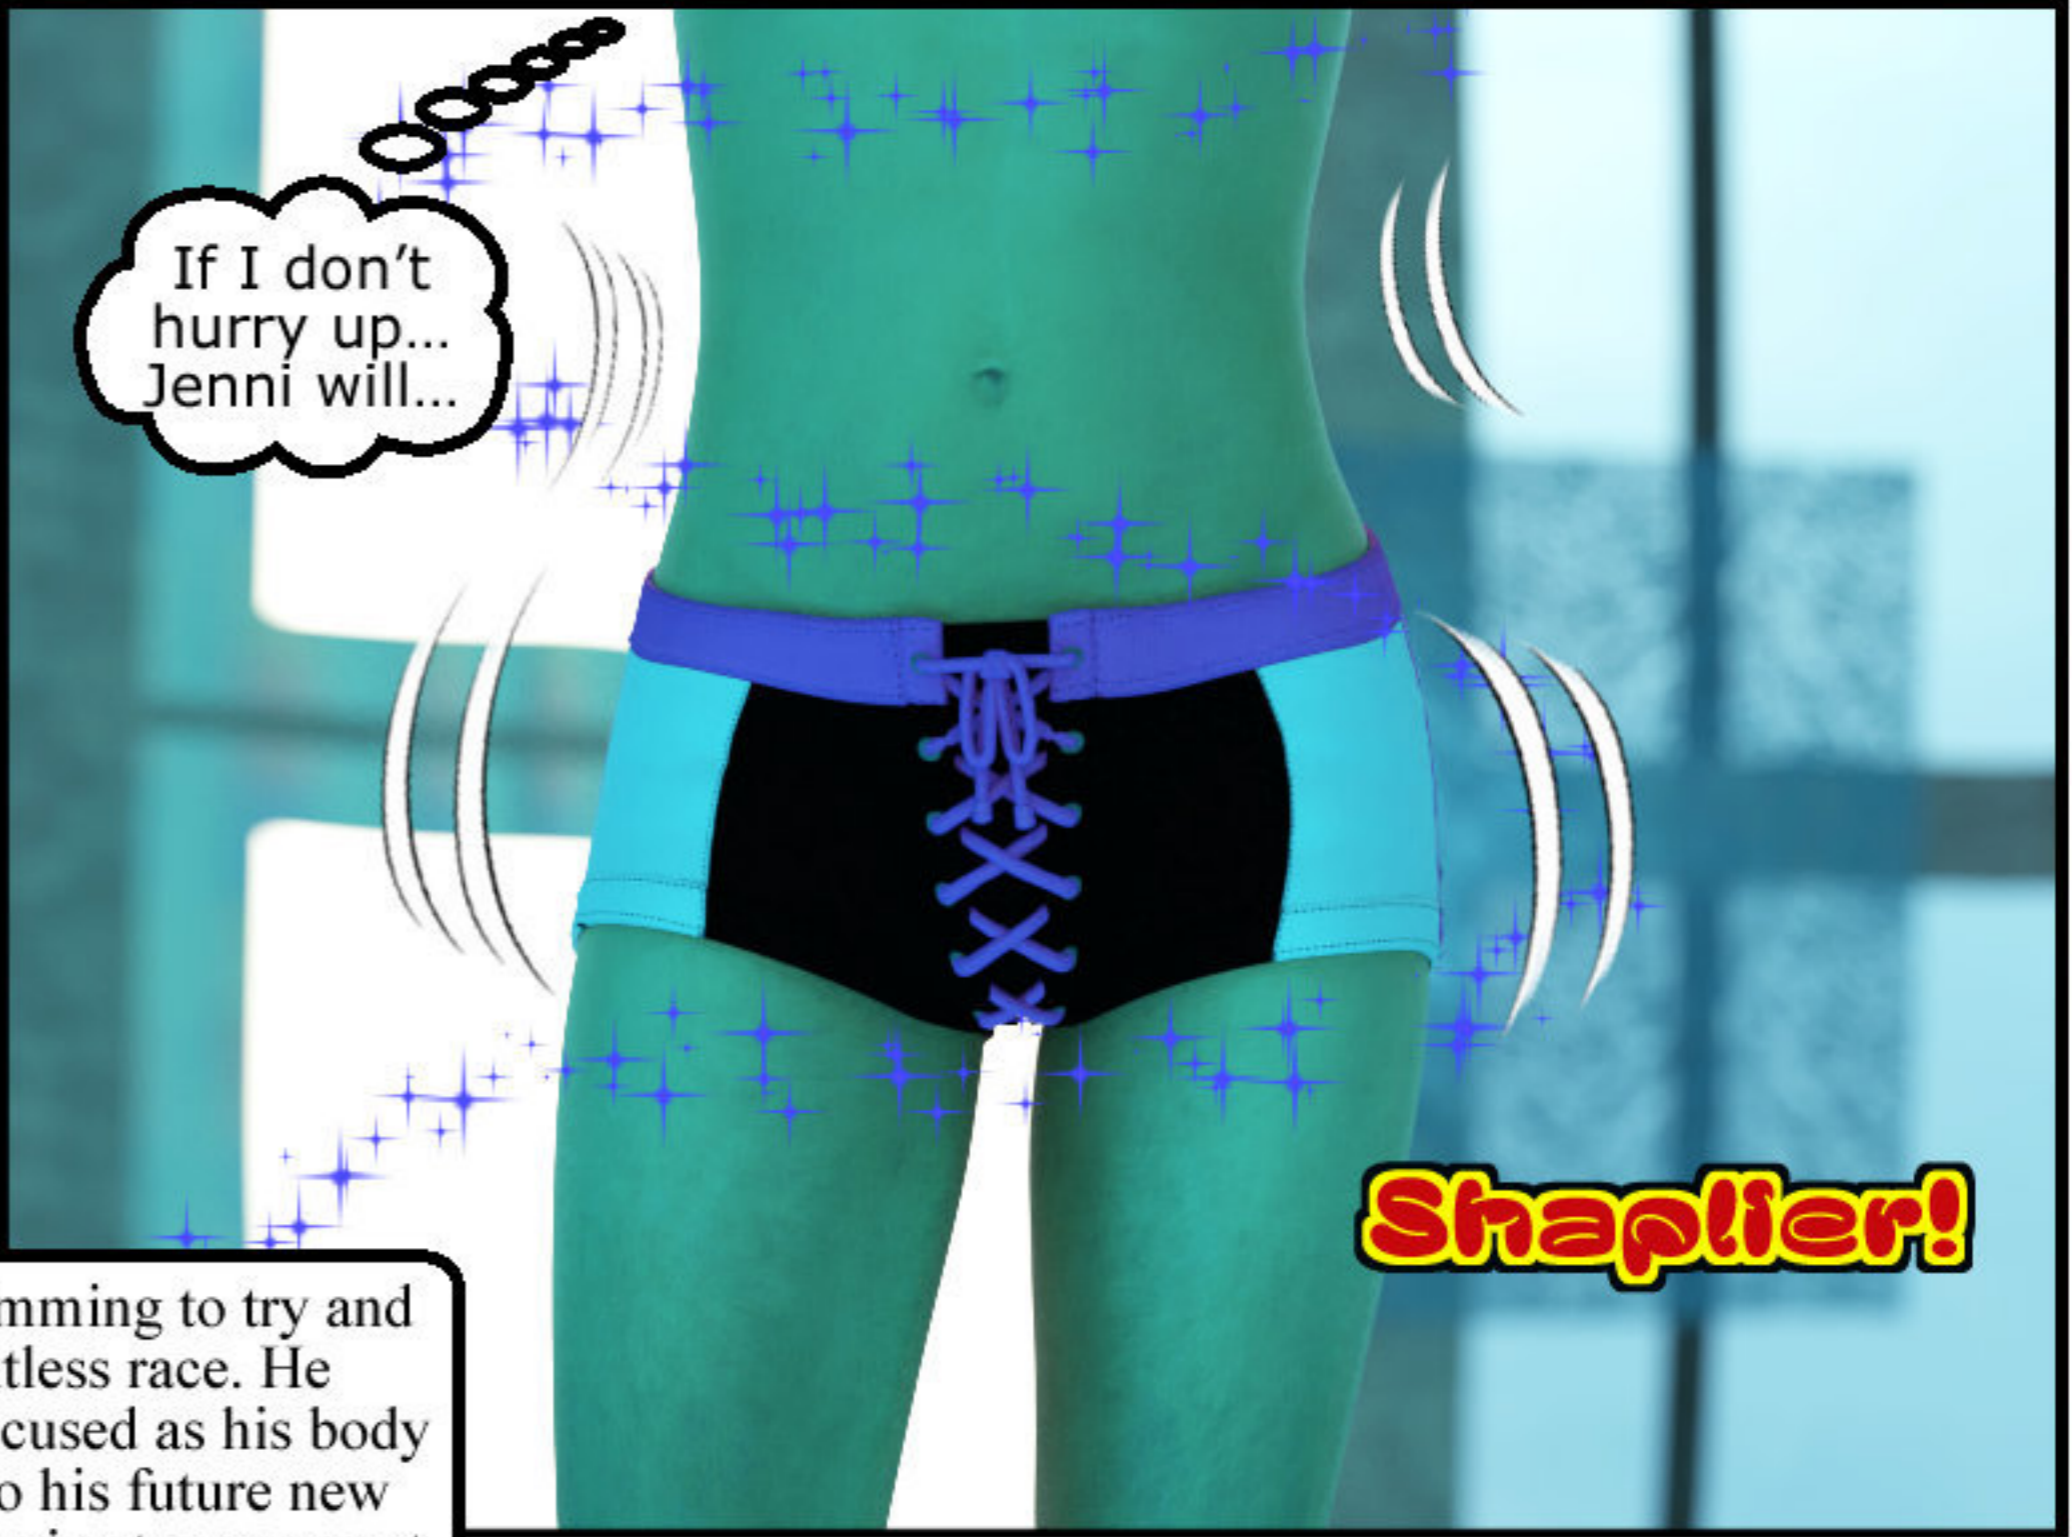

Slim!!

Thinner!

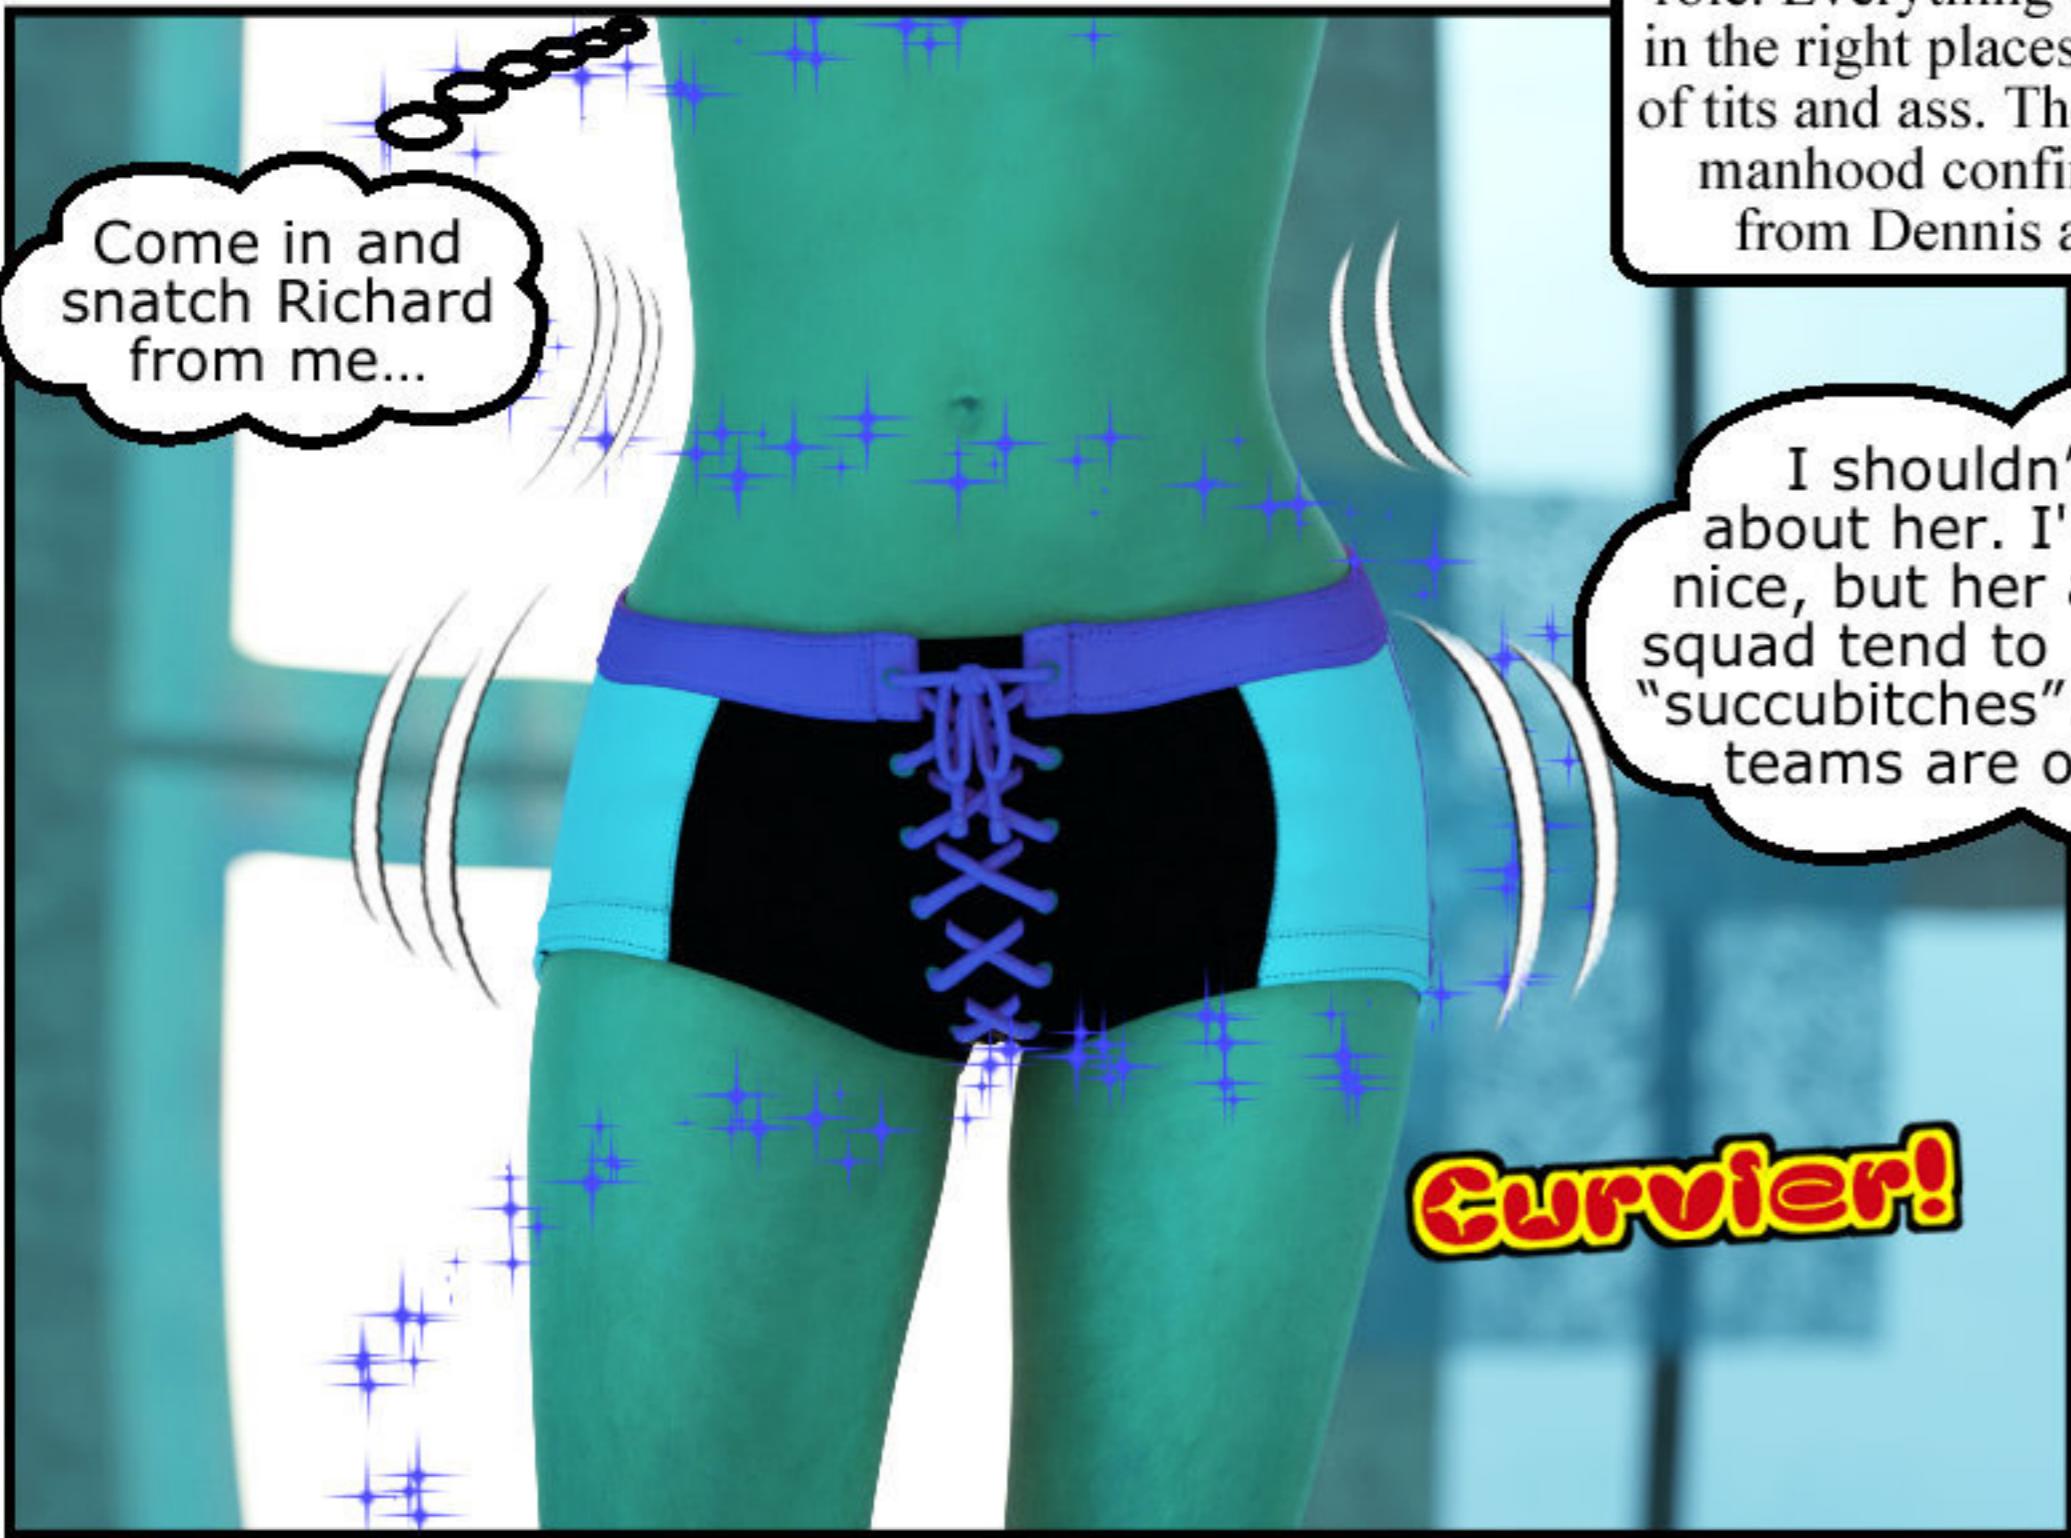

Come on! I see the end, but why the fuck does it feel so far away!

If I don't hurry up... Jenni will...

Shaplier!

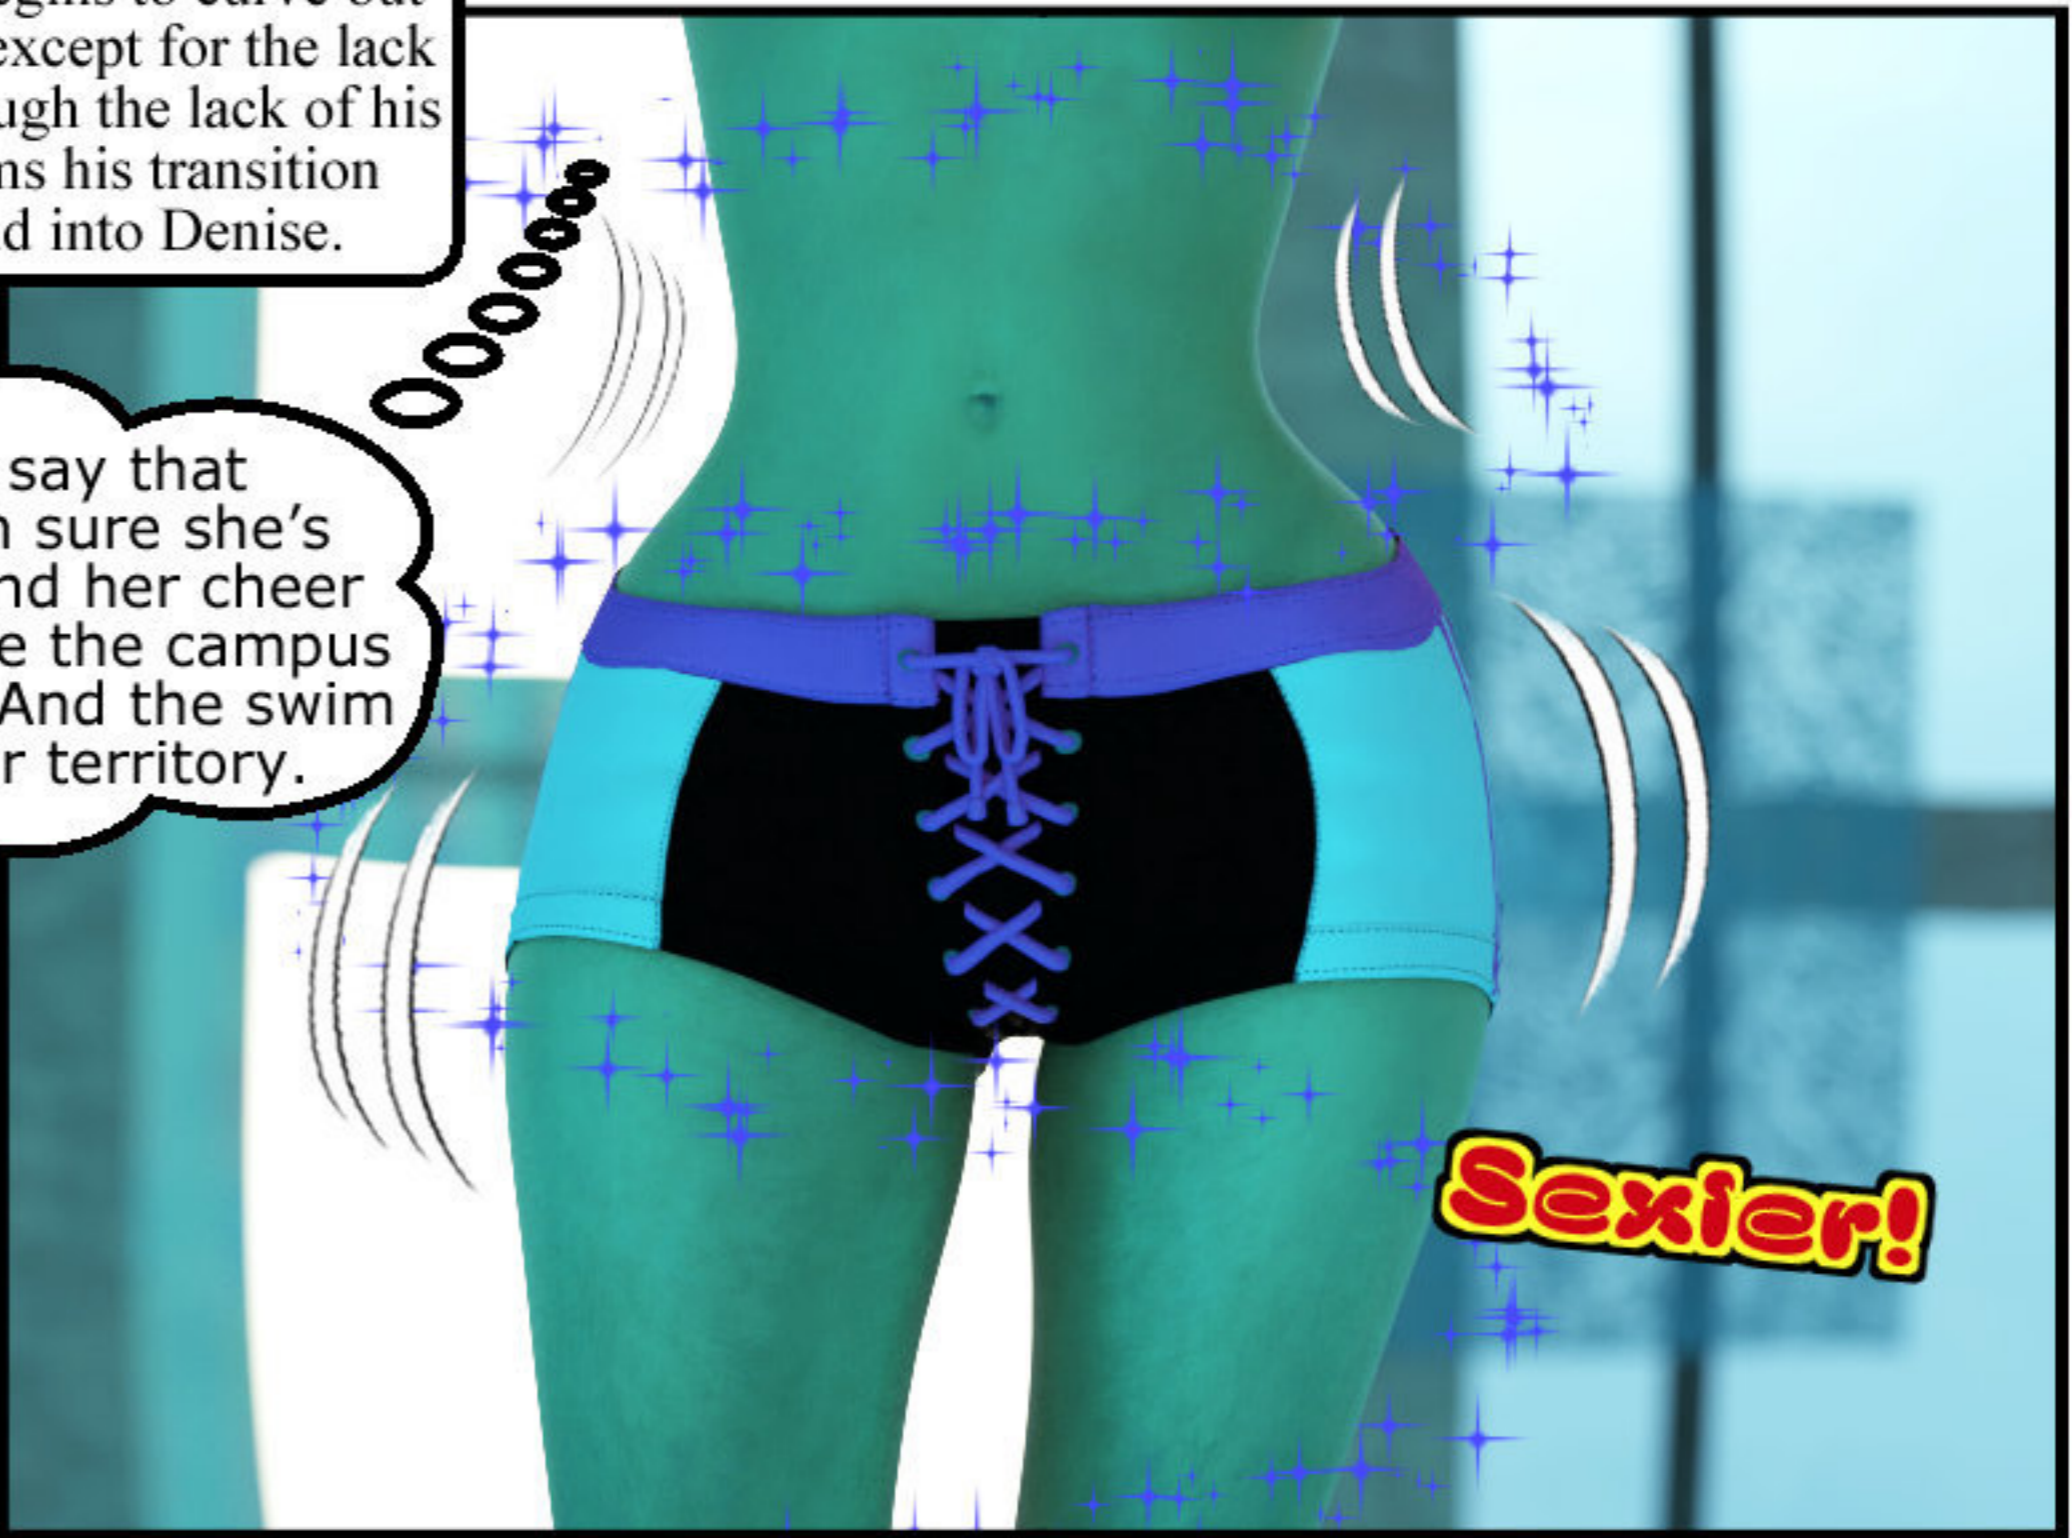

Dennis is still swimming to try and finish this pointless race. He struggles to stay focused as his body begins to turn into his future new role. Everything begins to curve out in the right places except for the lack of tits and ass. Though the lack of his manhood confirms his transition from Dennis and into Denise.

Come in and snatch Richard from me...

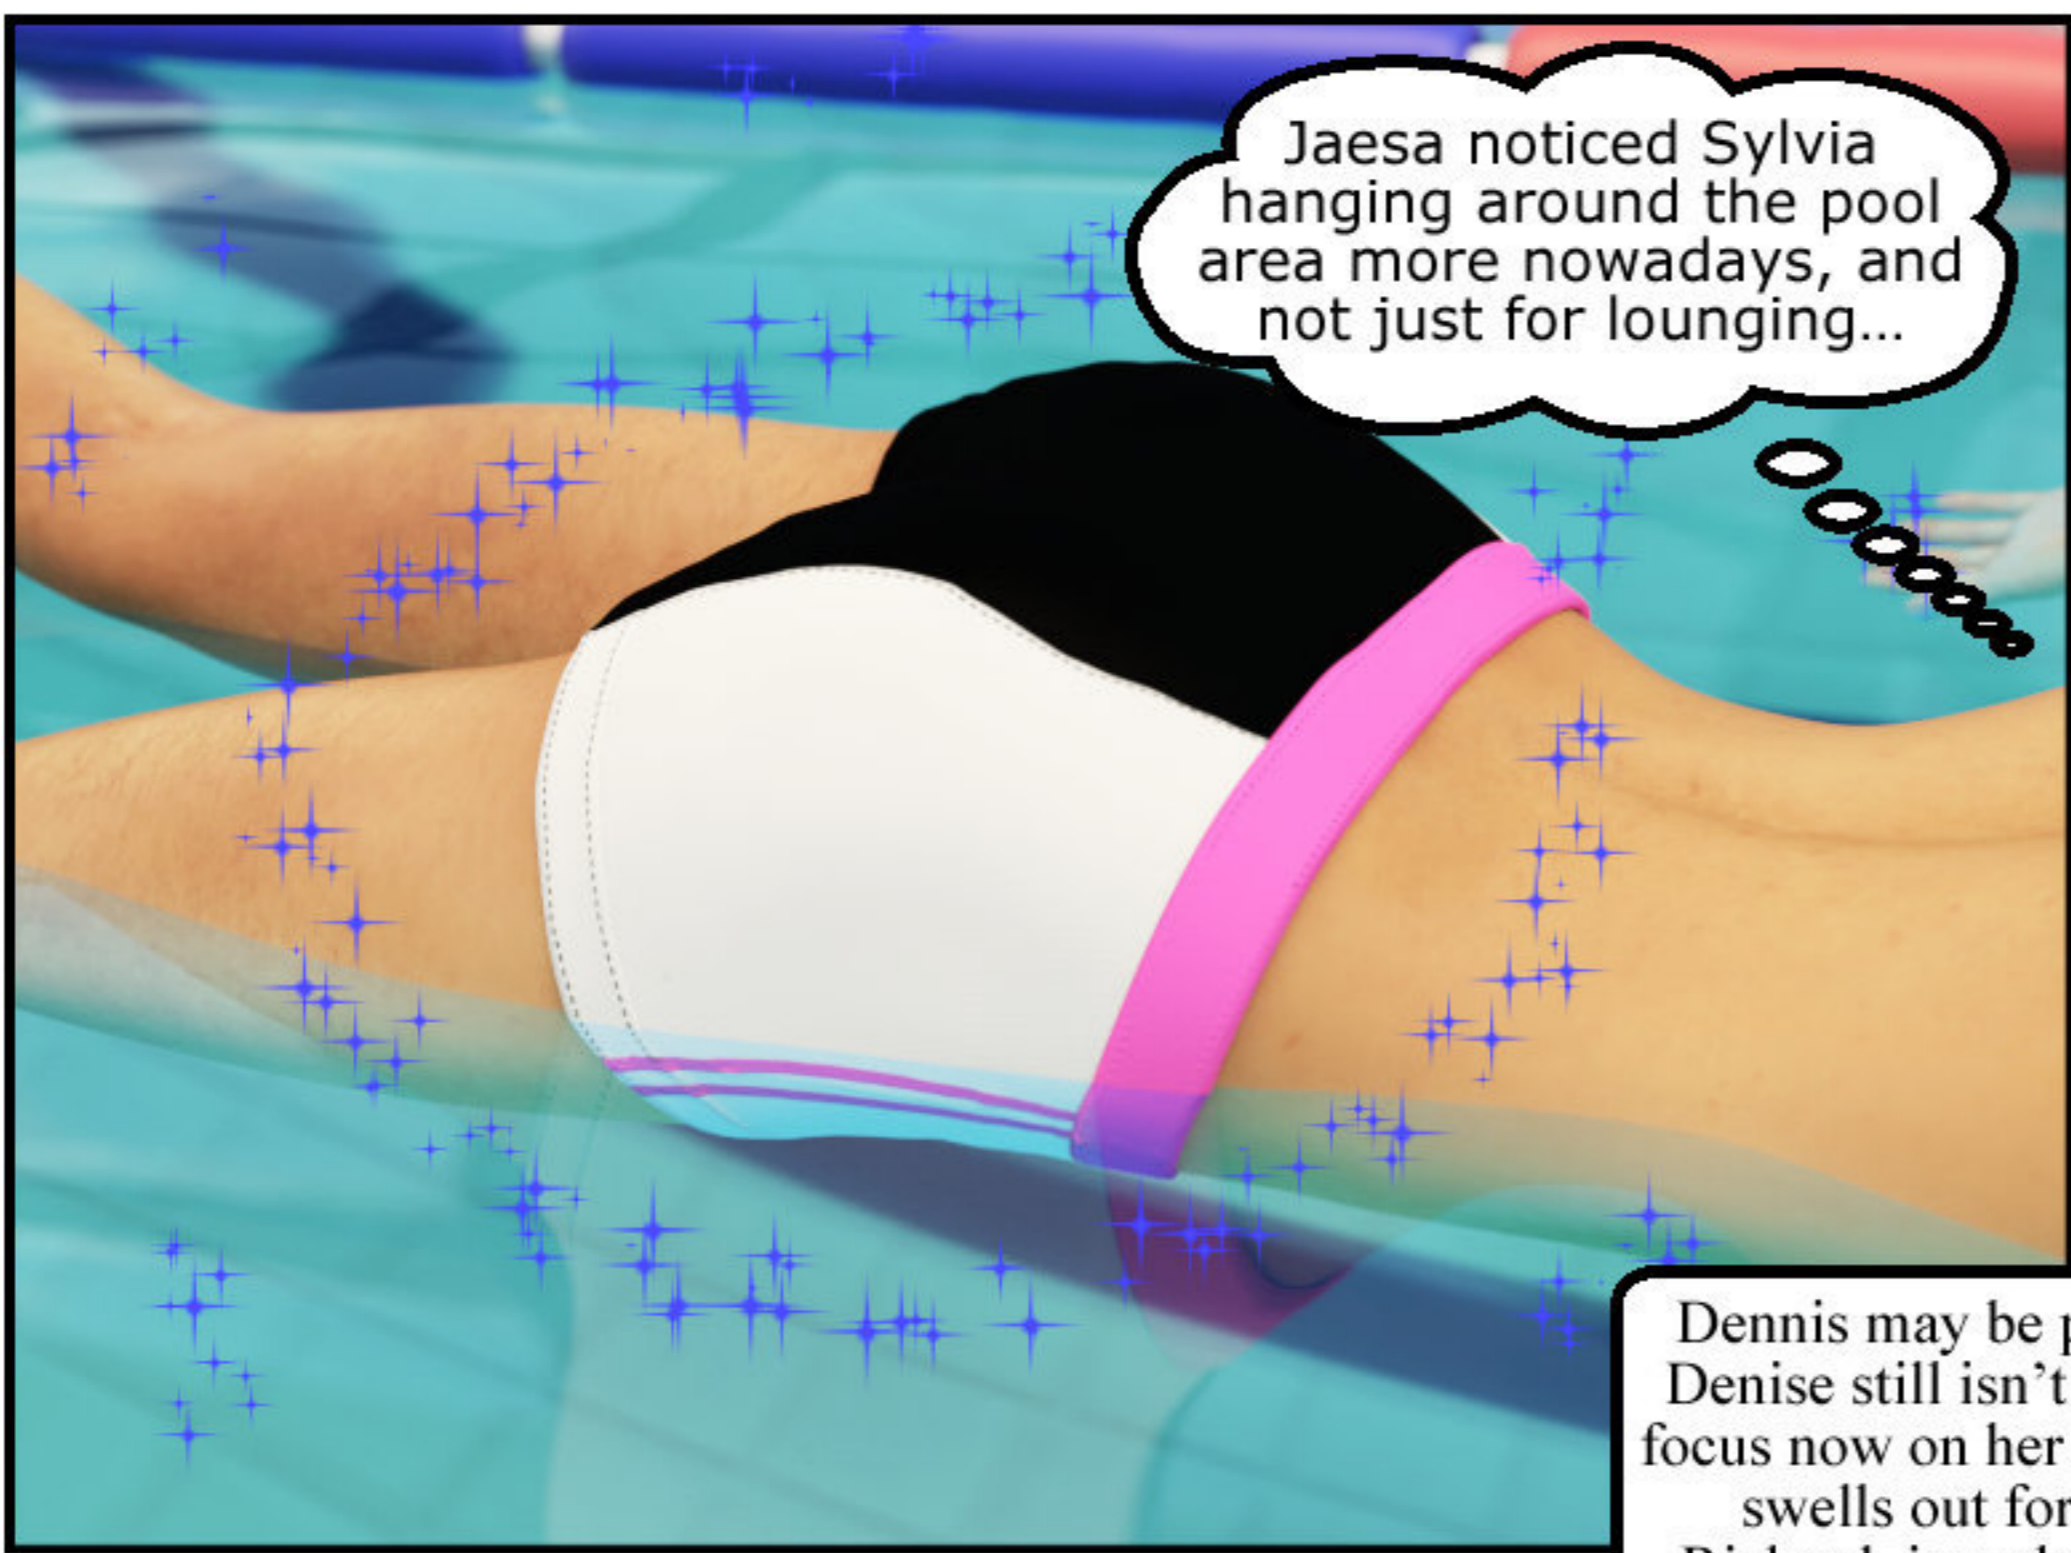

I shouldn't say that about her. I'm sure she's nice, but her and her cheer squad tend to be the campus "succubitches". And the swim teams are our territory.

Curvier!

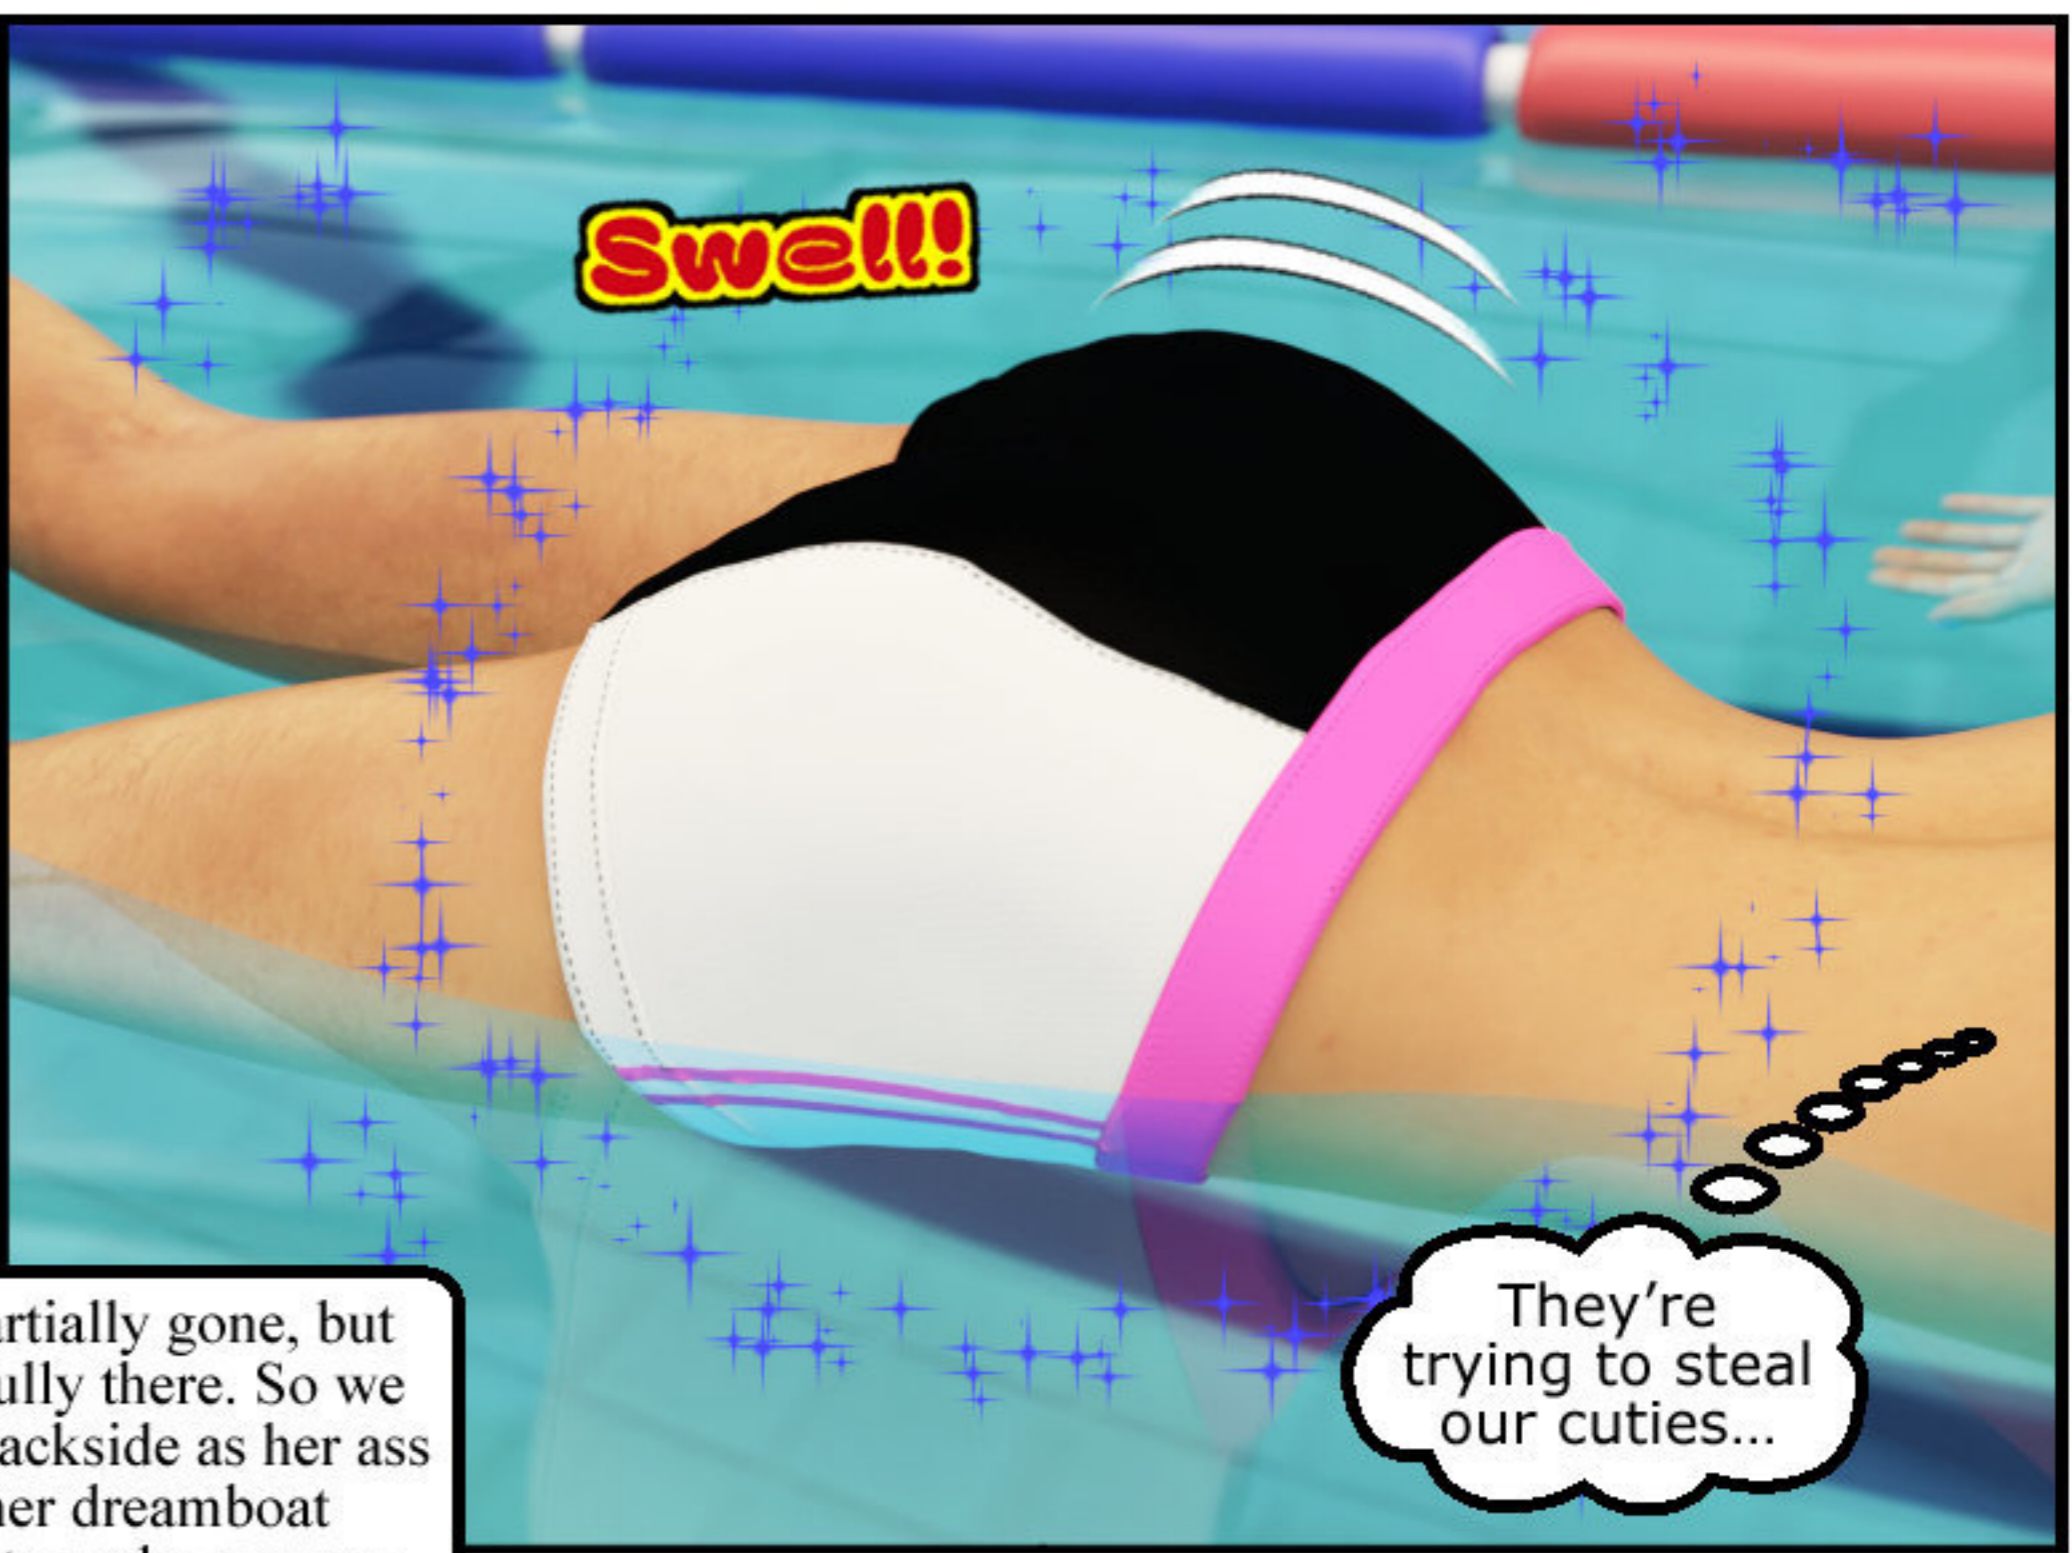

OOOOOO

Sexier!

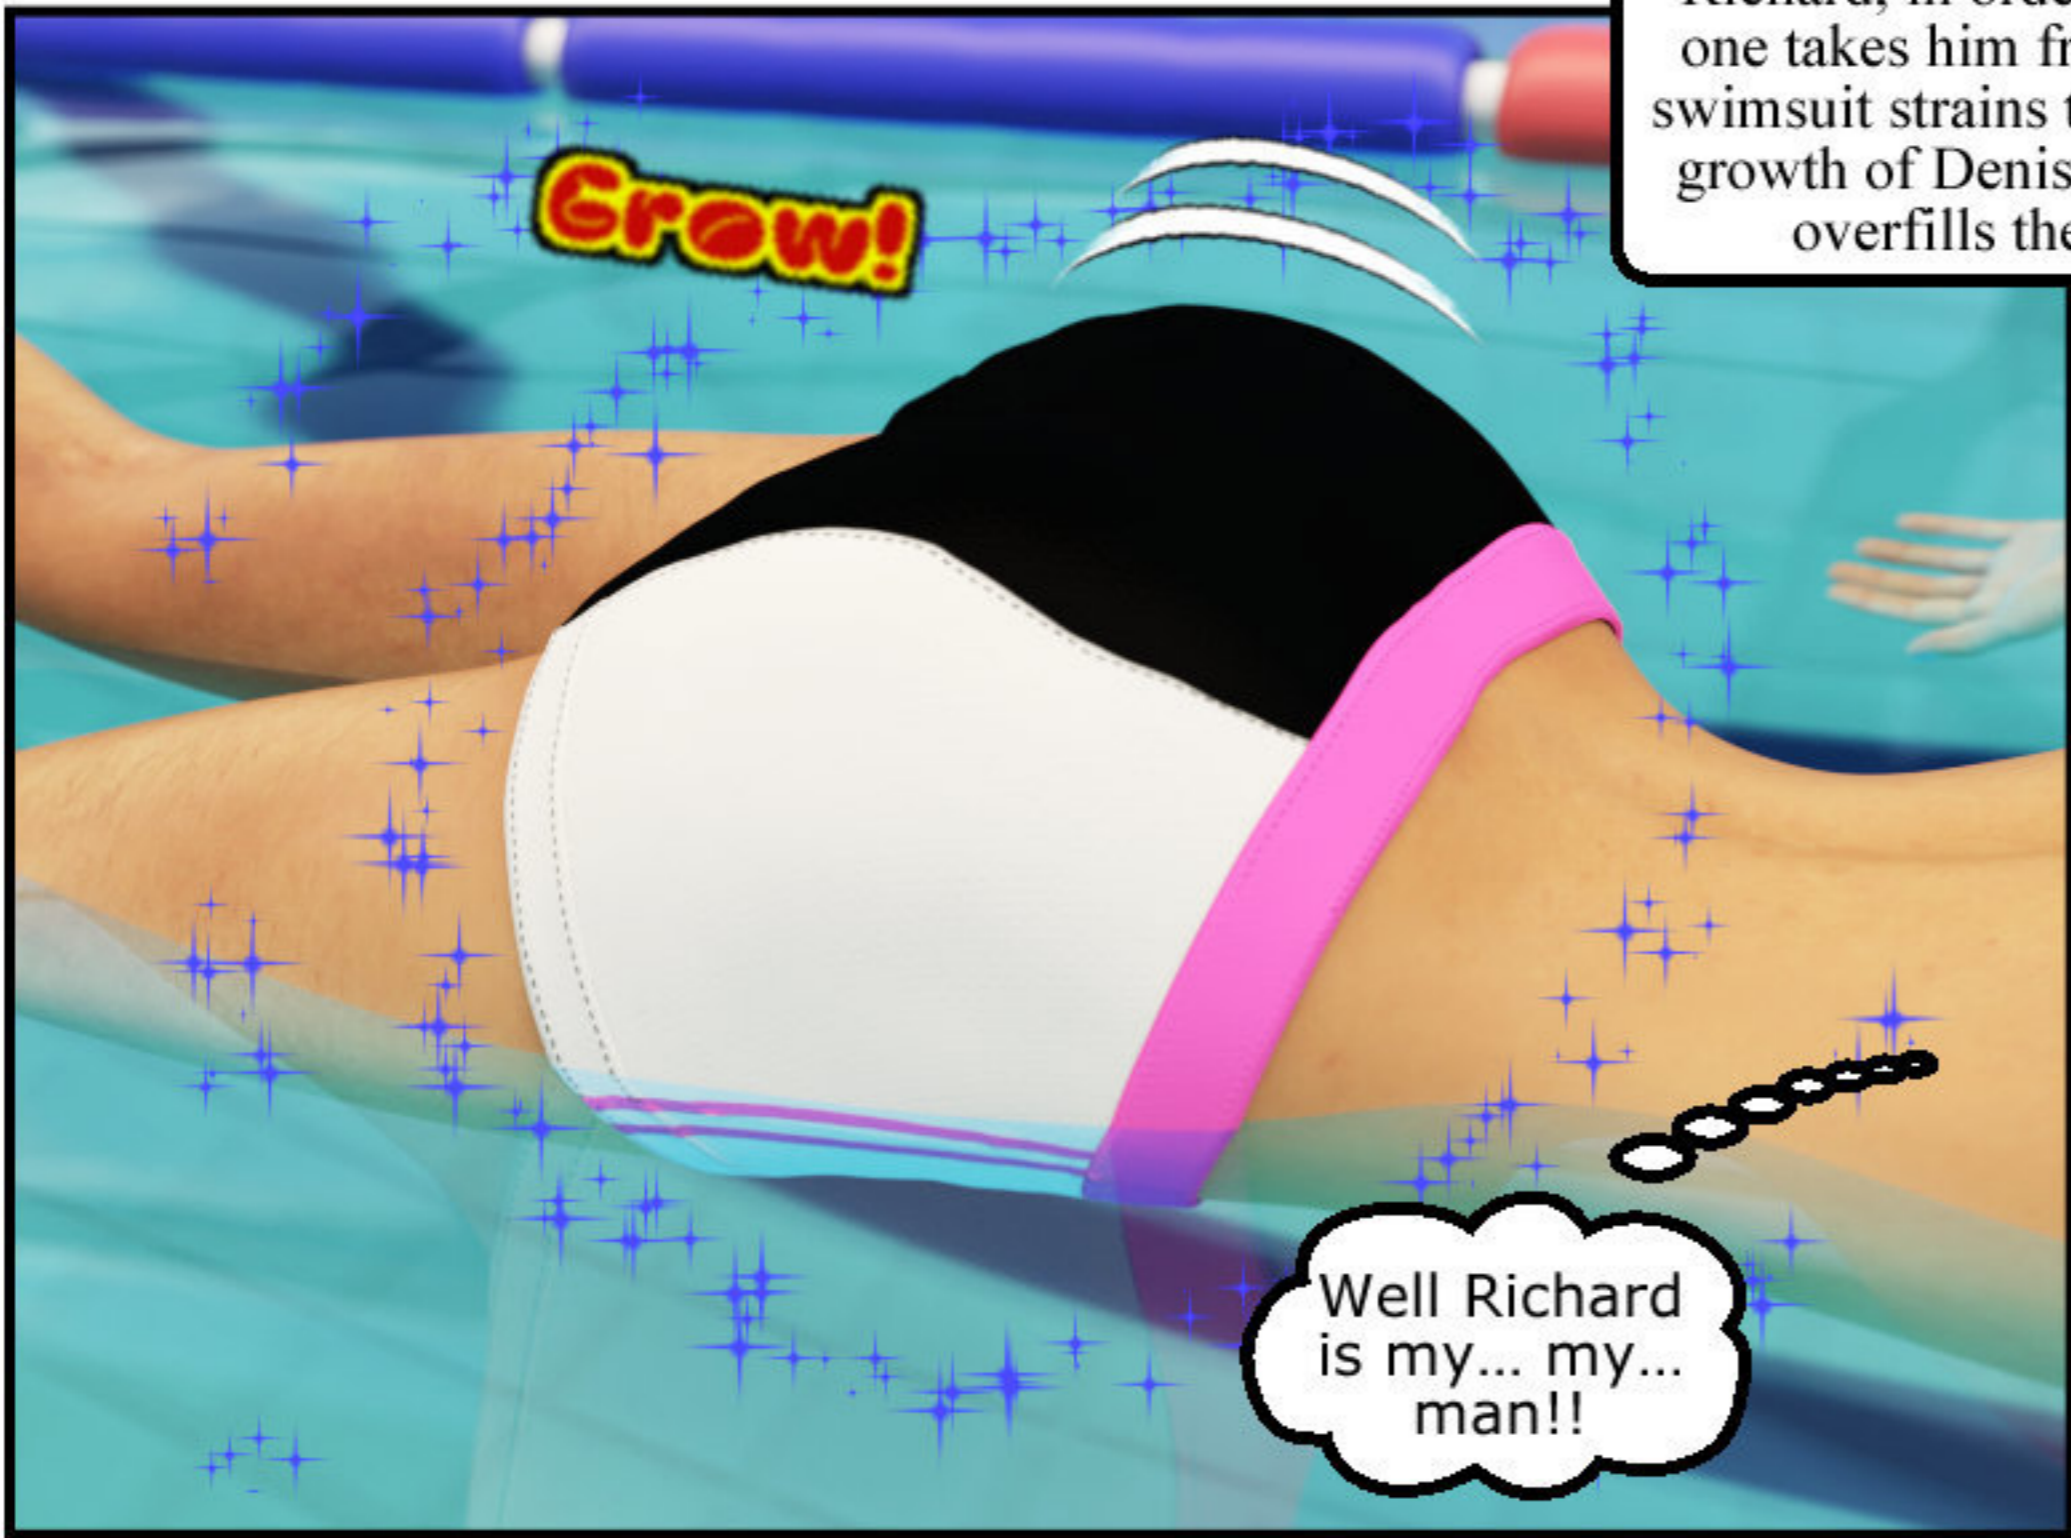

Jaesa noticed Sylvia hanging around the pool area more nowadays, and not just for lounging...

Dennis may be partially gone, but Denise still isn't fully there. So we focus now on her backside as her ass swells out for her dreamboat Richard, in order to make sure no one takes him from her. The poor swimsuit strains to contain the huge growth of Denise's derriere which overfills the tight shorts.

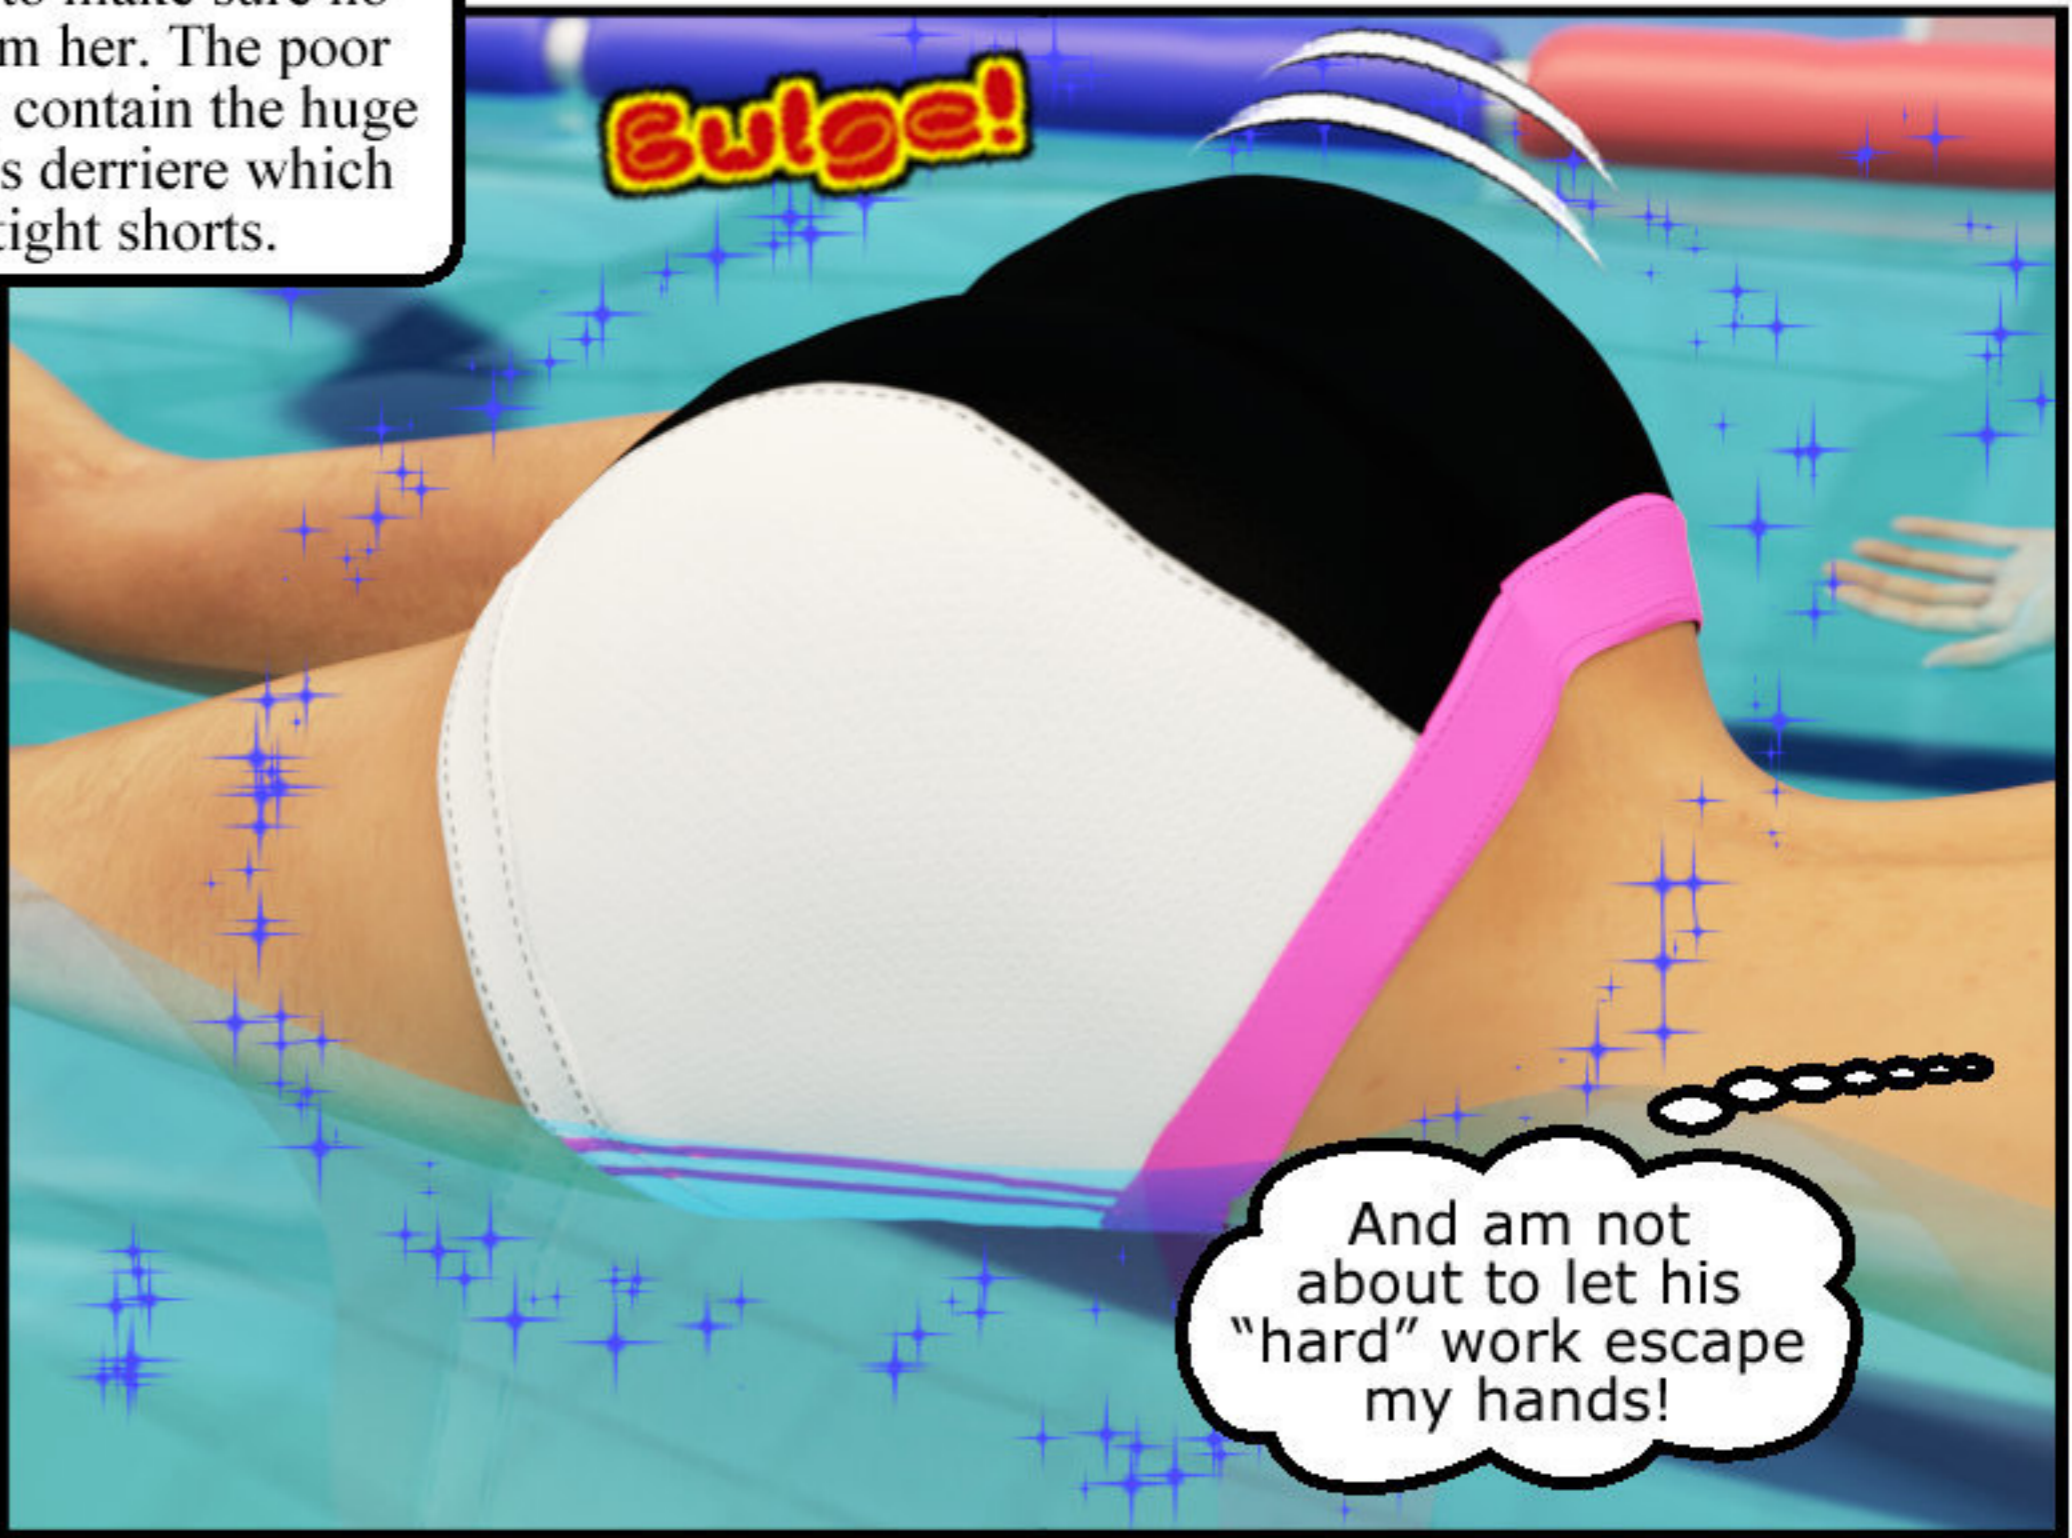

Swell!!

They're trying to steal our cuties...

Grow!

Well Richard is my... my... man!!

Bulge!

And am not about to let his "hard" work escape my hands!

Come on Denise!
Don't slow down or
you'll miss showing
off for him.

Oooh! I can
totally give him
a massage to make
sure he doesn't
cramp up.
Teehee!

Dennis finally flowers fully into
Denise, as she undergoes a full
feminine facial transformation. She
also begins to embrace her sexier
side a bit more and plots all sorts of
interesting things she can do for
Richard once she reaches the end of
the pool. And for anybody else that
happens to be watching!

But I got to
hurry because I
know they have
practice and am going
to watch them work
it to the end.

Mmmm, I wonder
if they'll get distracted
if I play with myself.
Heh, am so going to tell
Jaesa and Melissa to
join me. That'll totally
work!

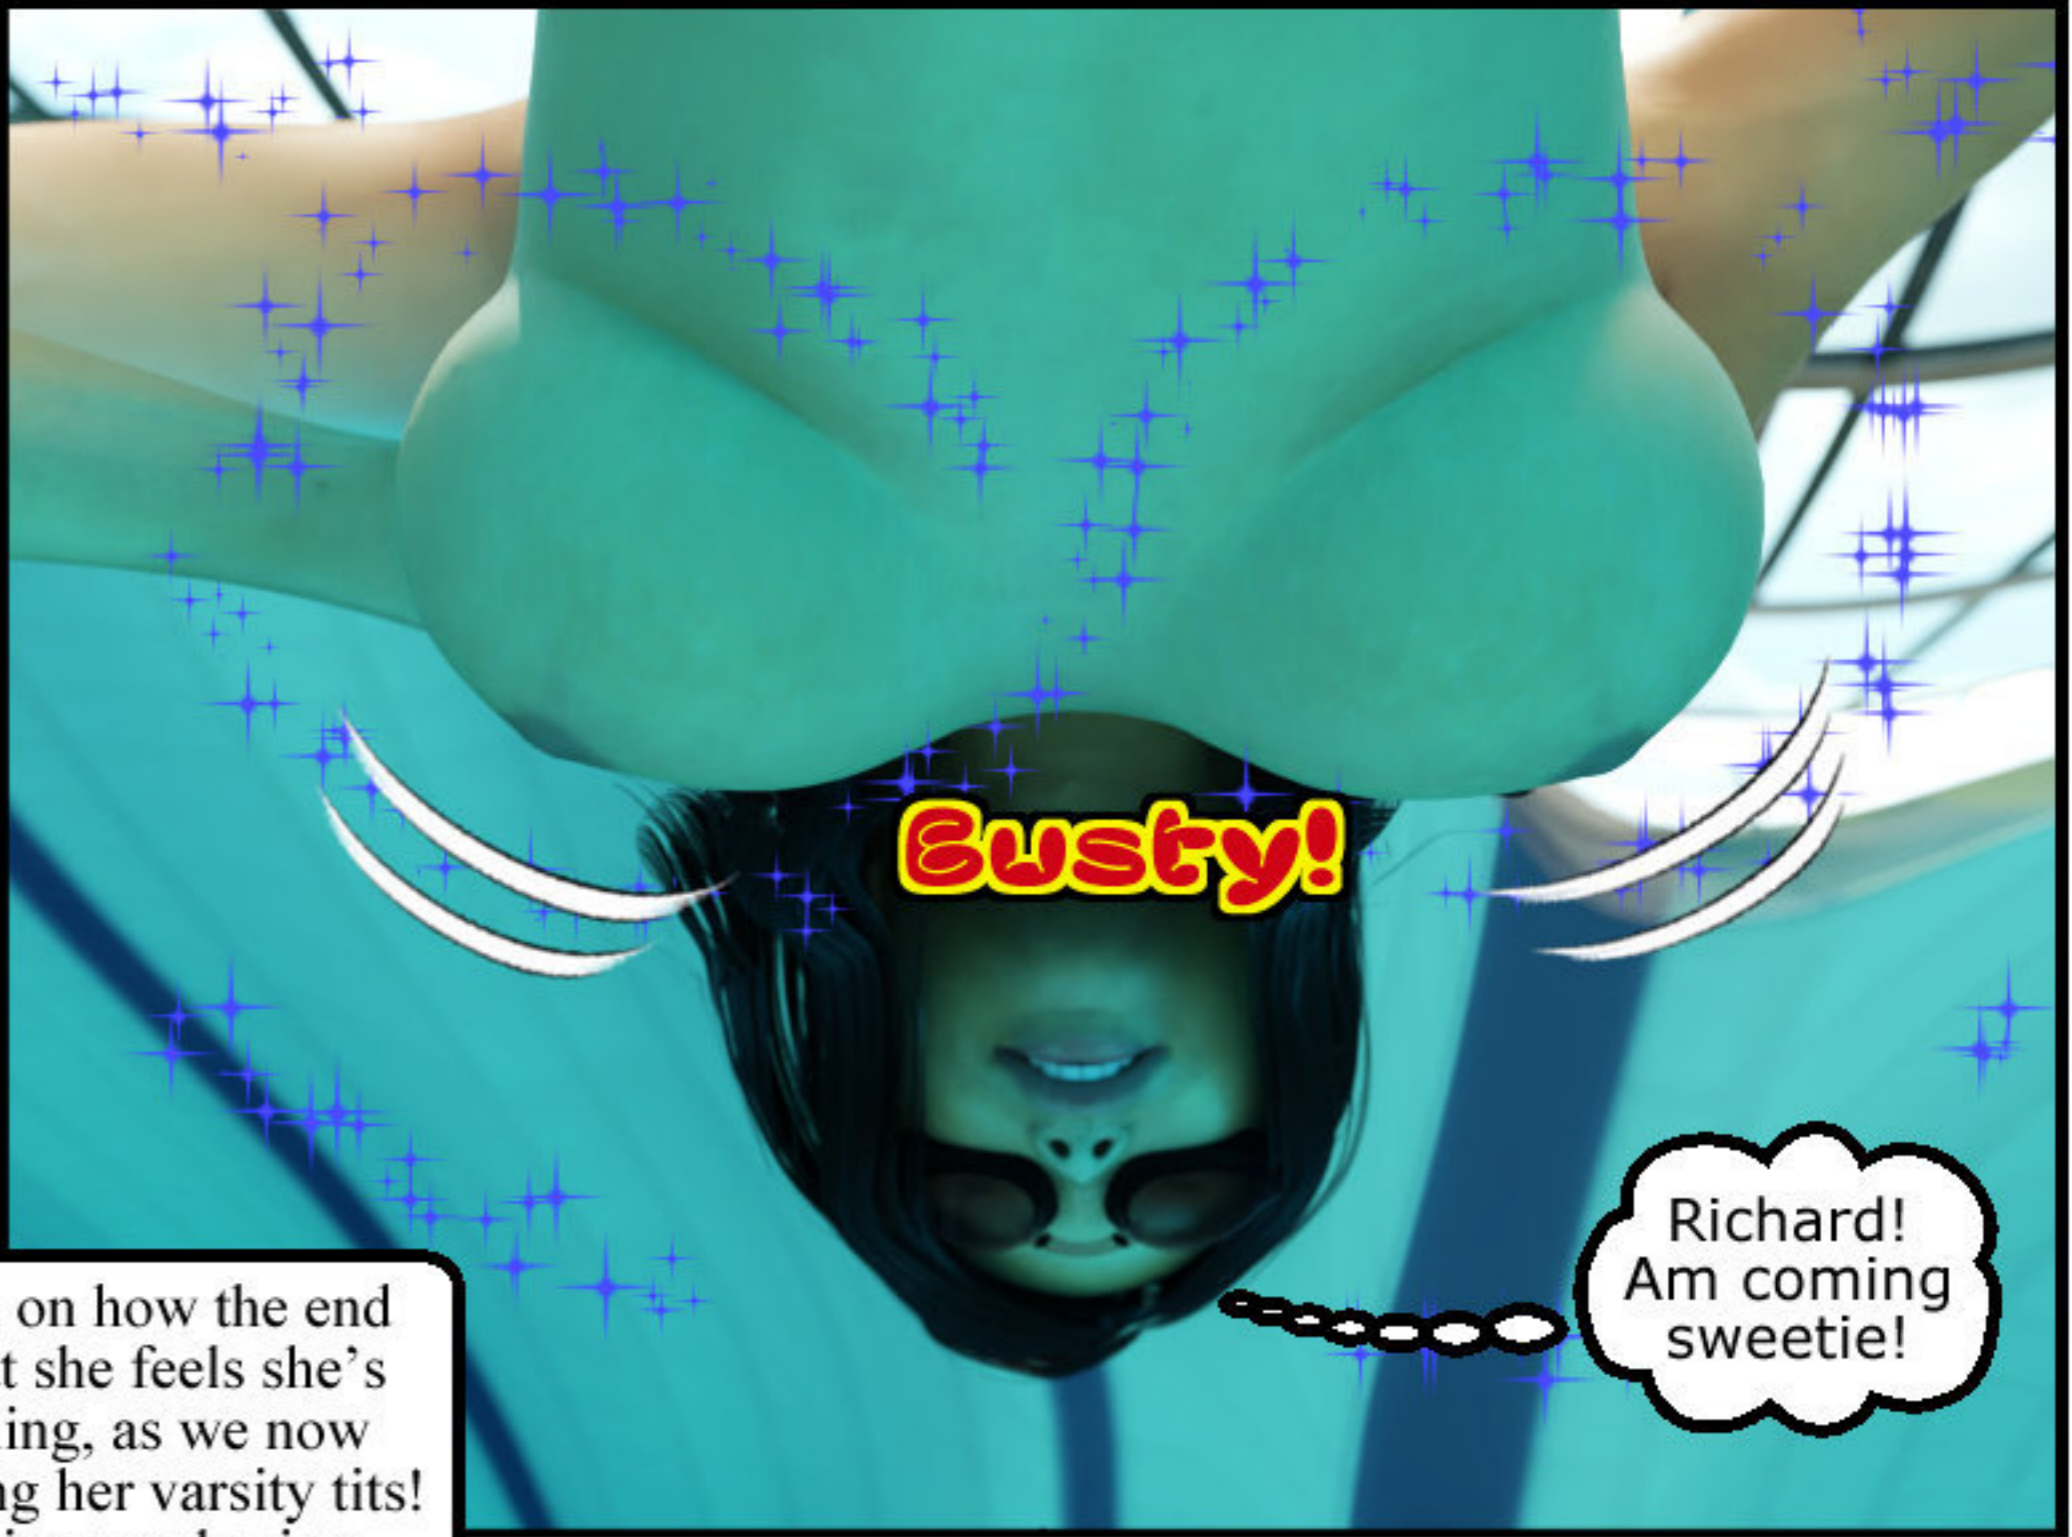

Feminize!

**More
Feminine!**

**Gender
Change!**

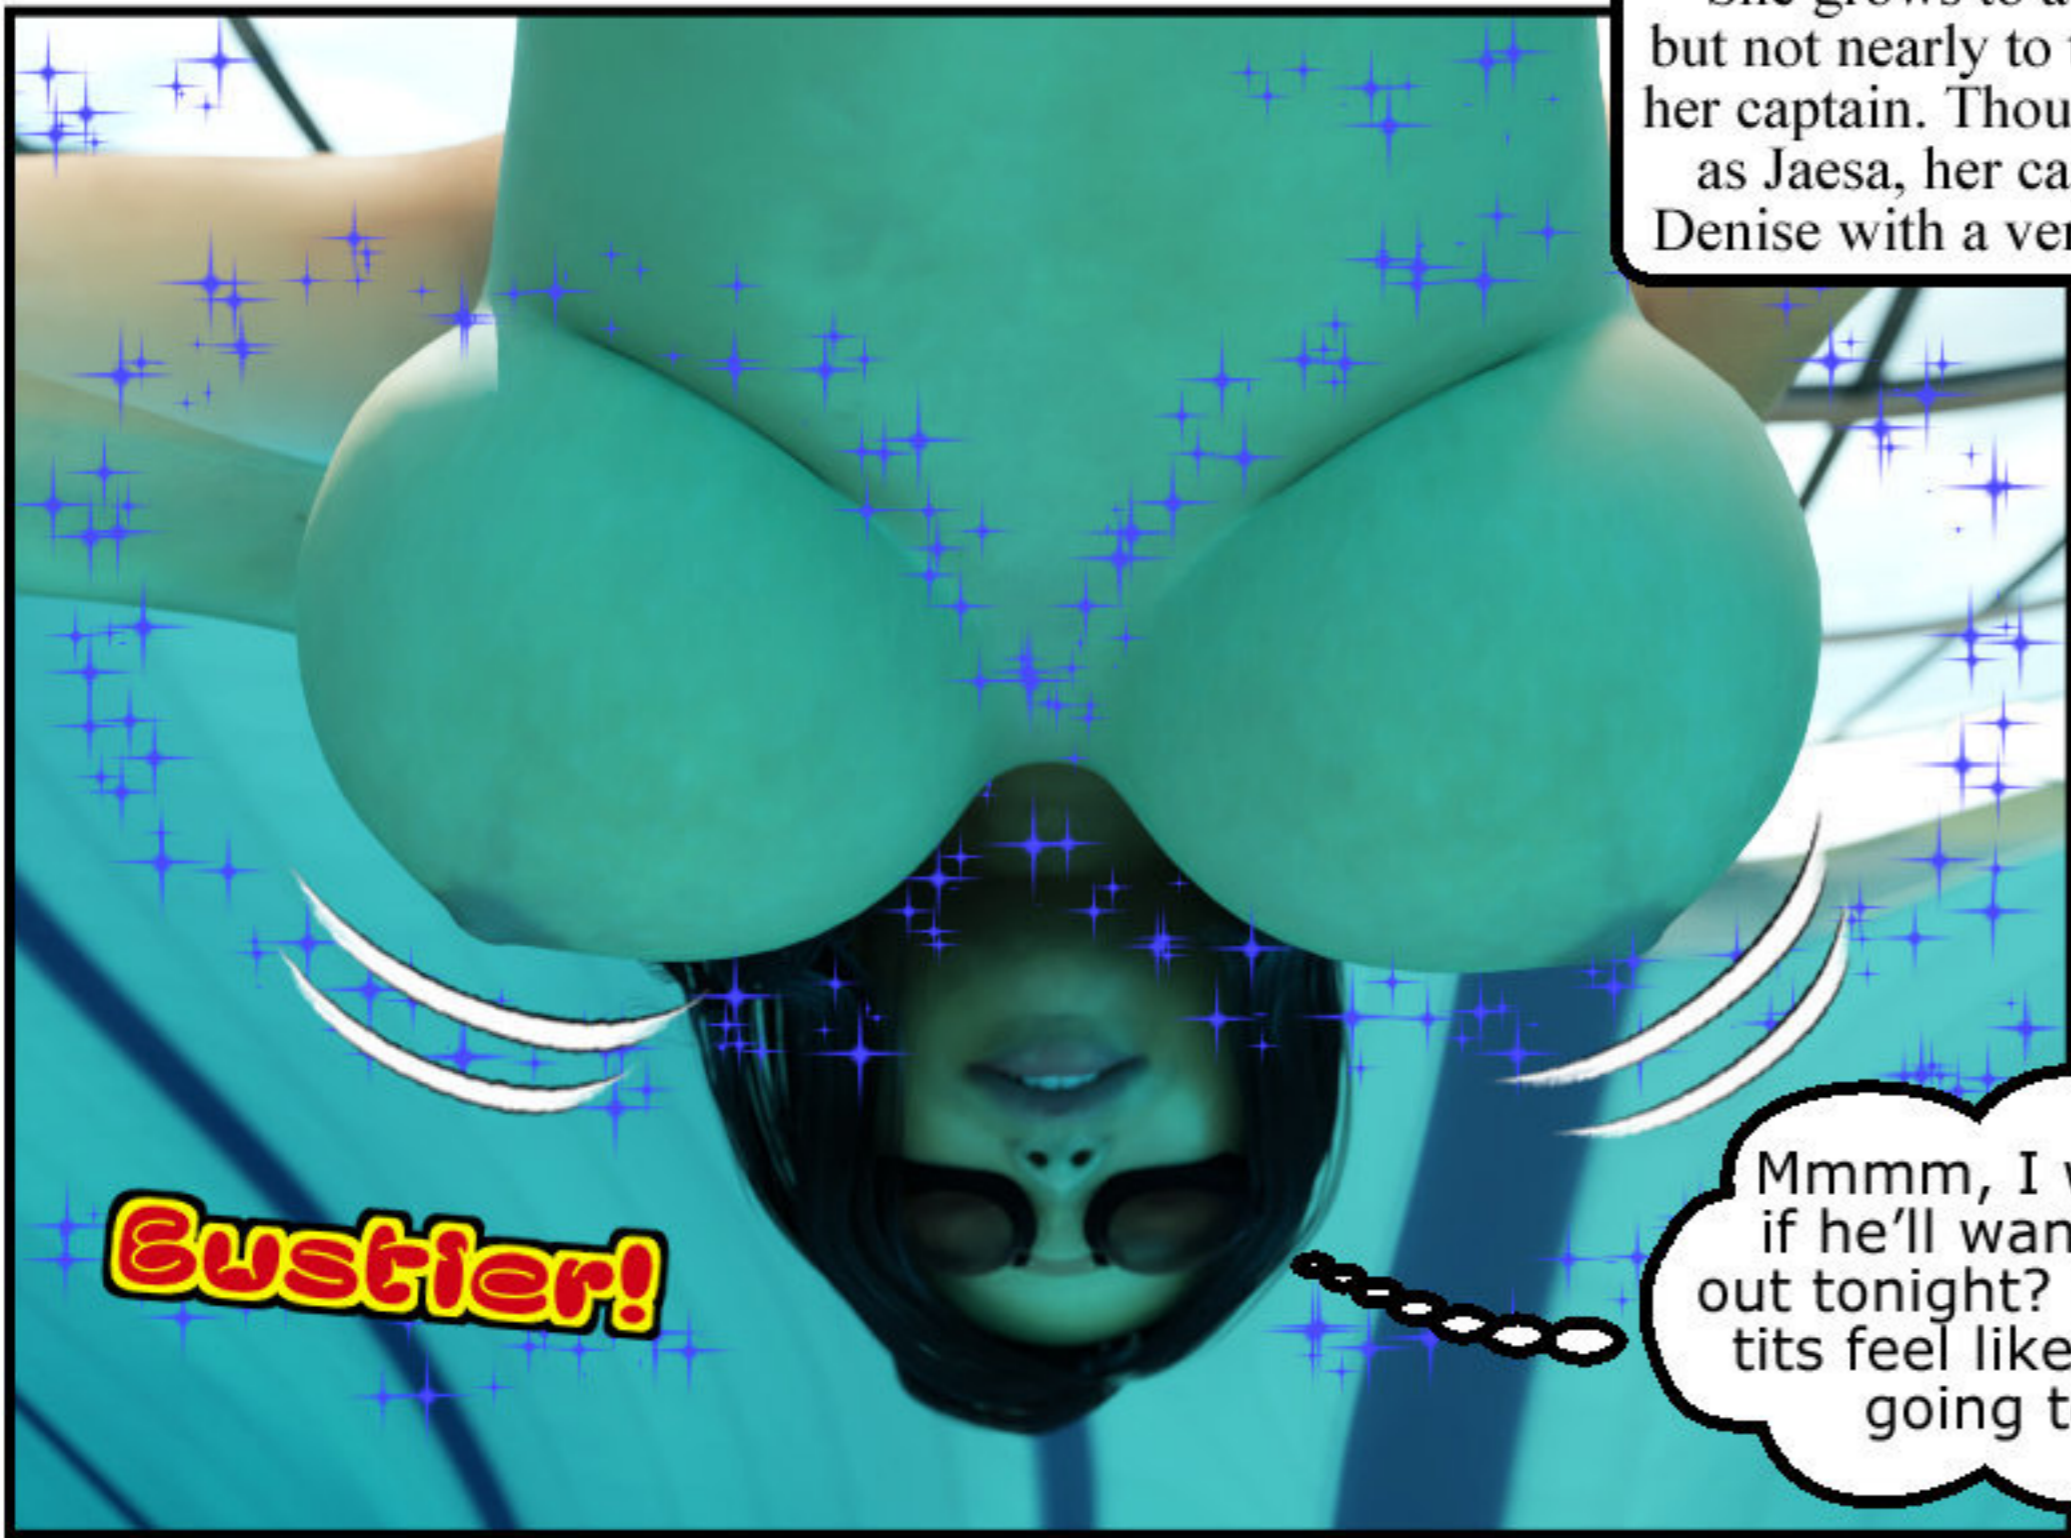

Oh, I see it.
Fucking finally!

Busty!

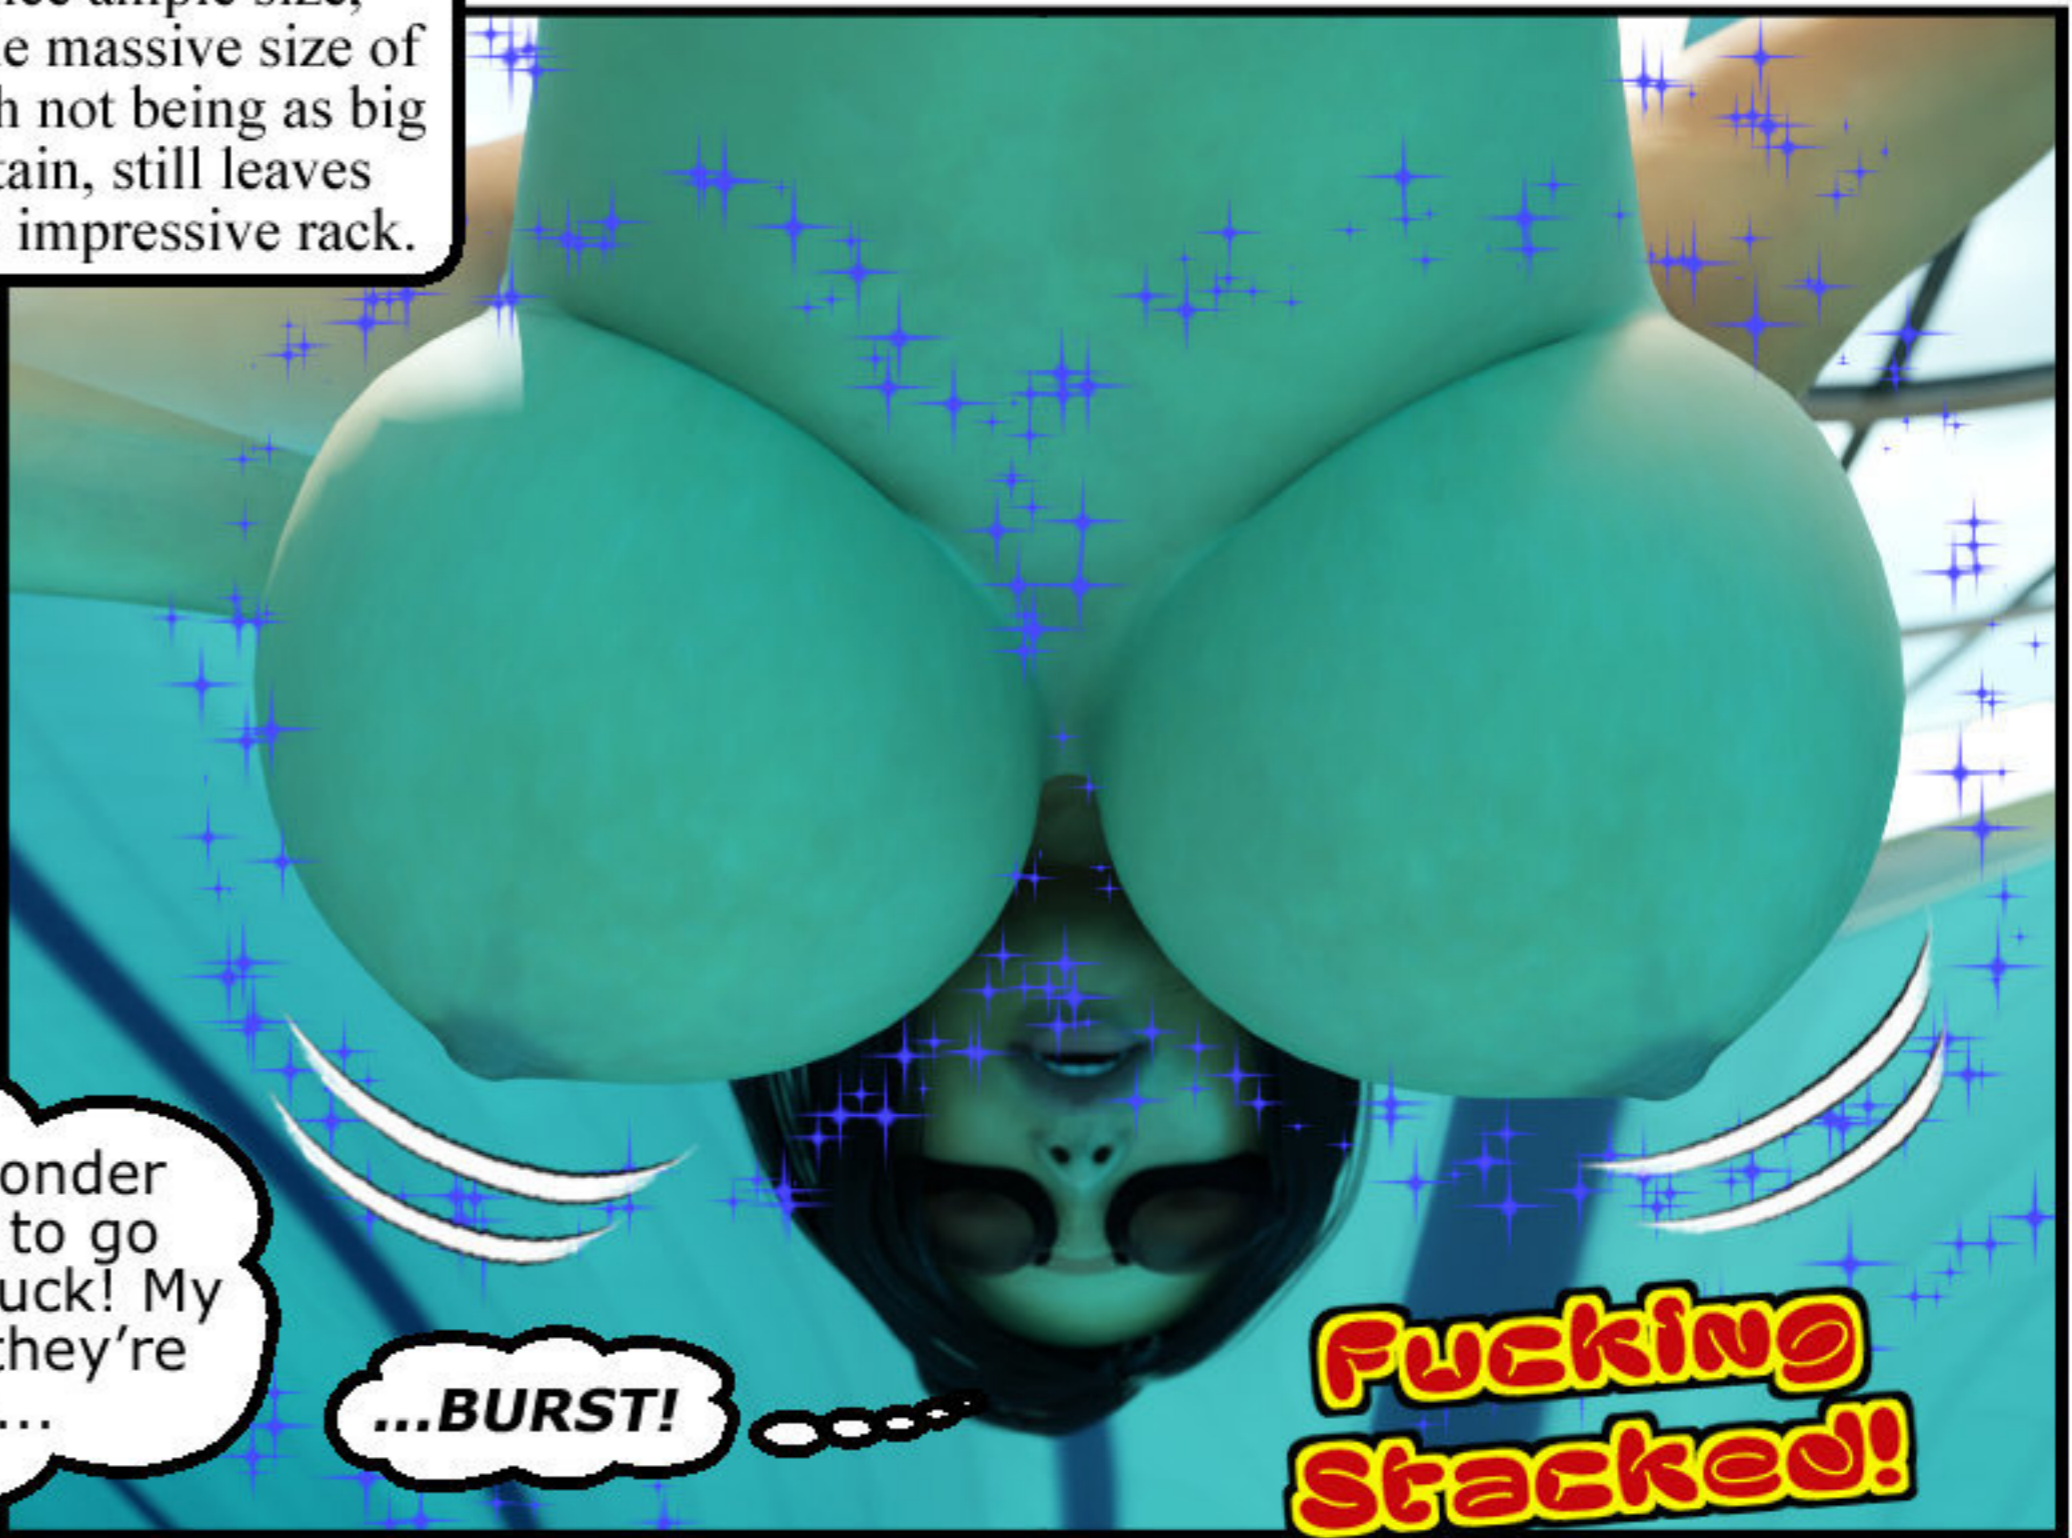

Richard!
Am coming
sweetie!

Denise comments on how the end was close and that she feels she's forgotten something, as we now show her developing her varsity tits! She grows to a nice ample size, but not nearly to the massive size of her captain. Though not being as big as Jaesa, her captain, still leaves Denise with a very impressive rack.

Bustier!

Mmmm, I wonder
if he'll want to go
out tonight? Fuck! My
tits feel like they're
going to...

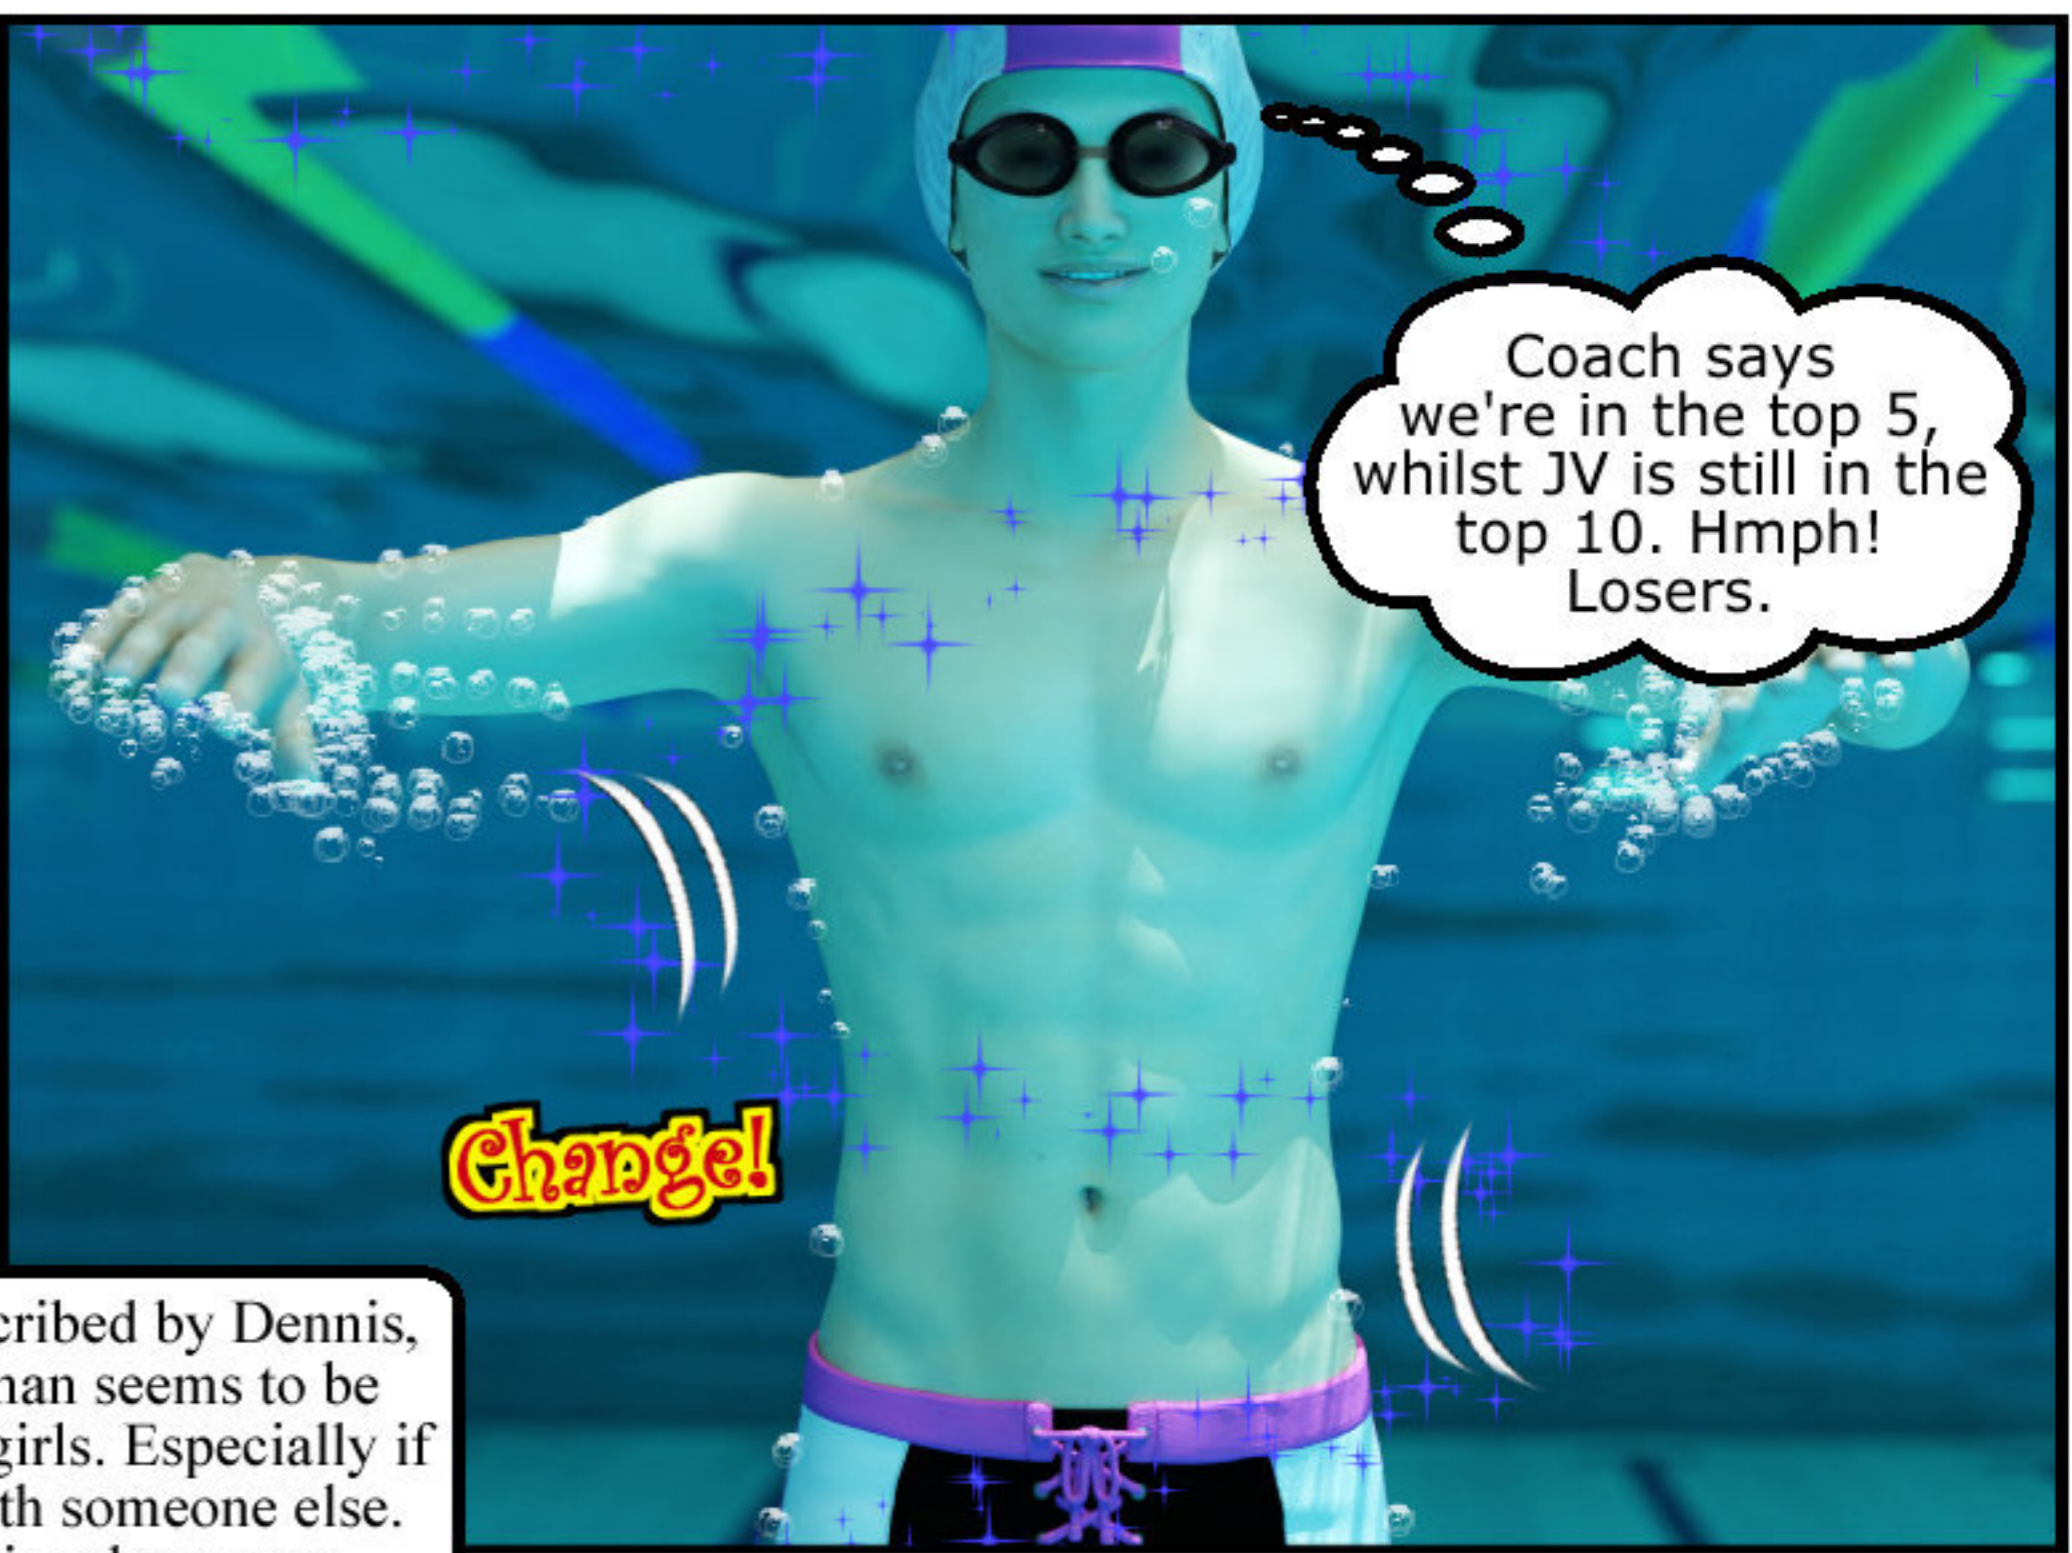

...BURST!

**Fucking
Stacked!**

Man! What a day! I got to punk Eric in class and got him in trouble. Heh.

Coach says we're in the top 5, whilst JV is still in the top 10. Hmph! Losers.

Change!

As shockingly described by Dennis, our third young man seems to be eager to dive in to girls. Especially if they're already with someone else. However, this time he seems preoccupied as he swims. We see his hard-toned body slowly slimming down to a scrawny, almost teen like body, though he seems unphased.

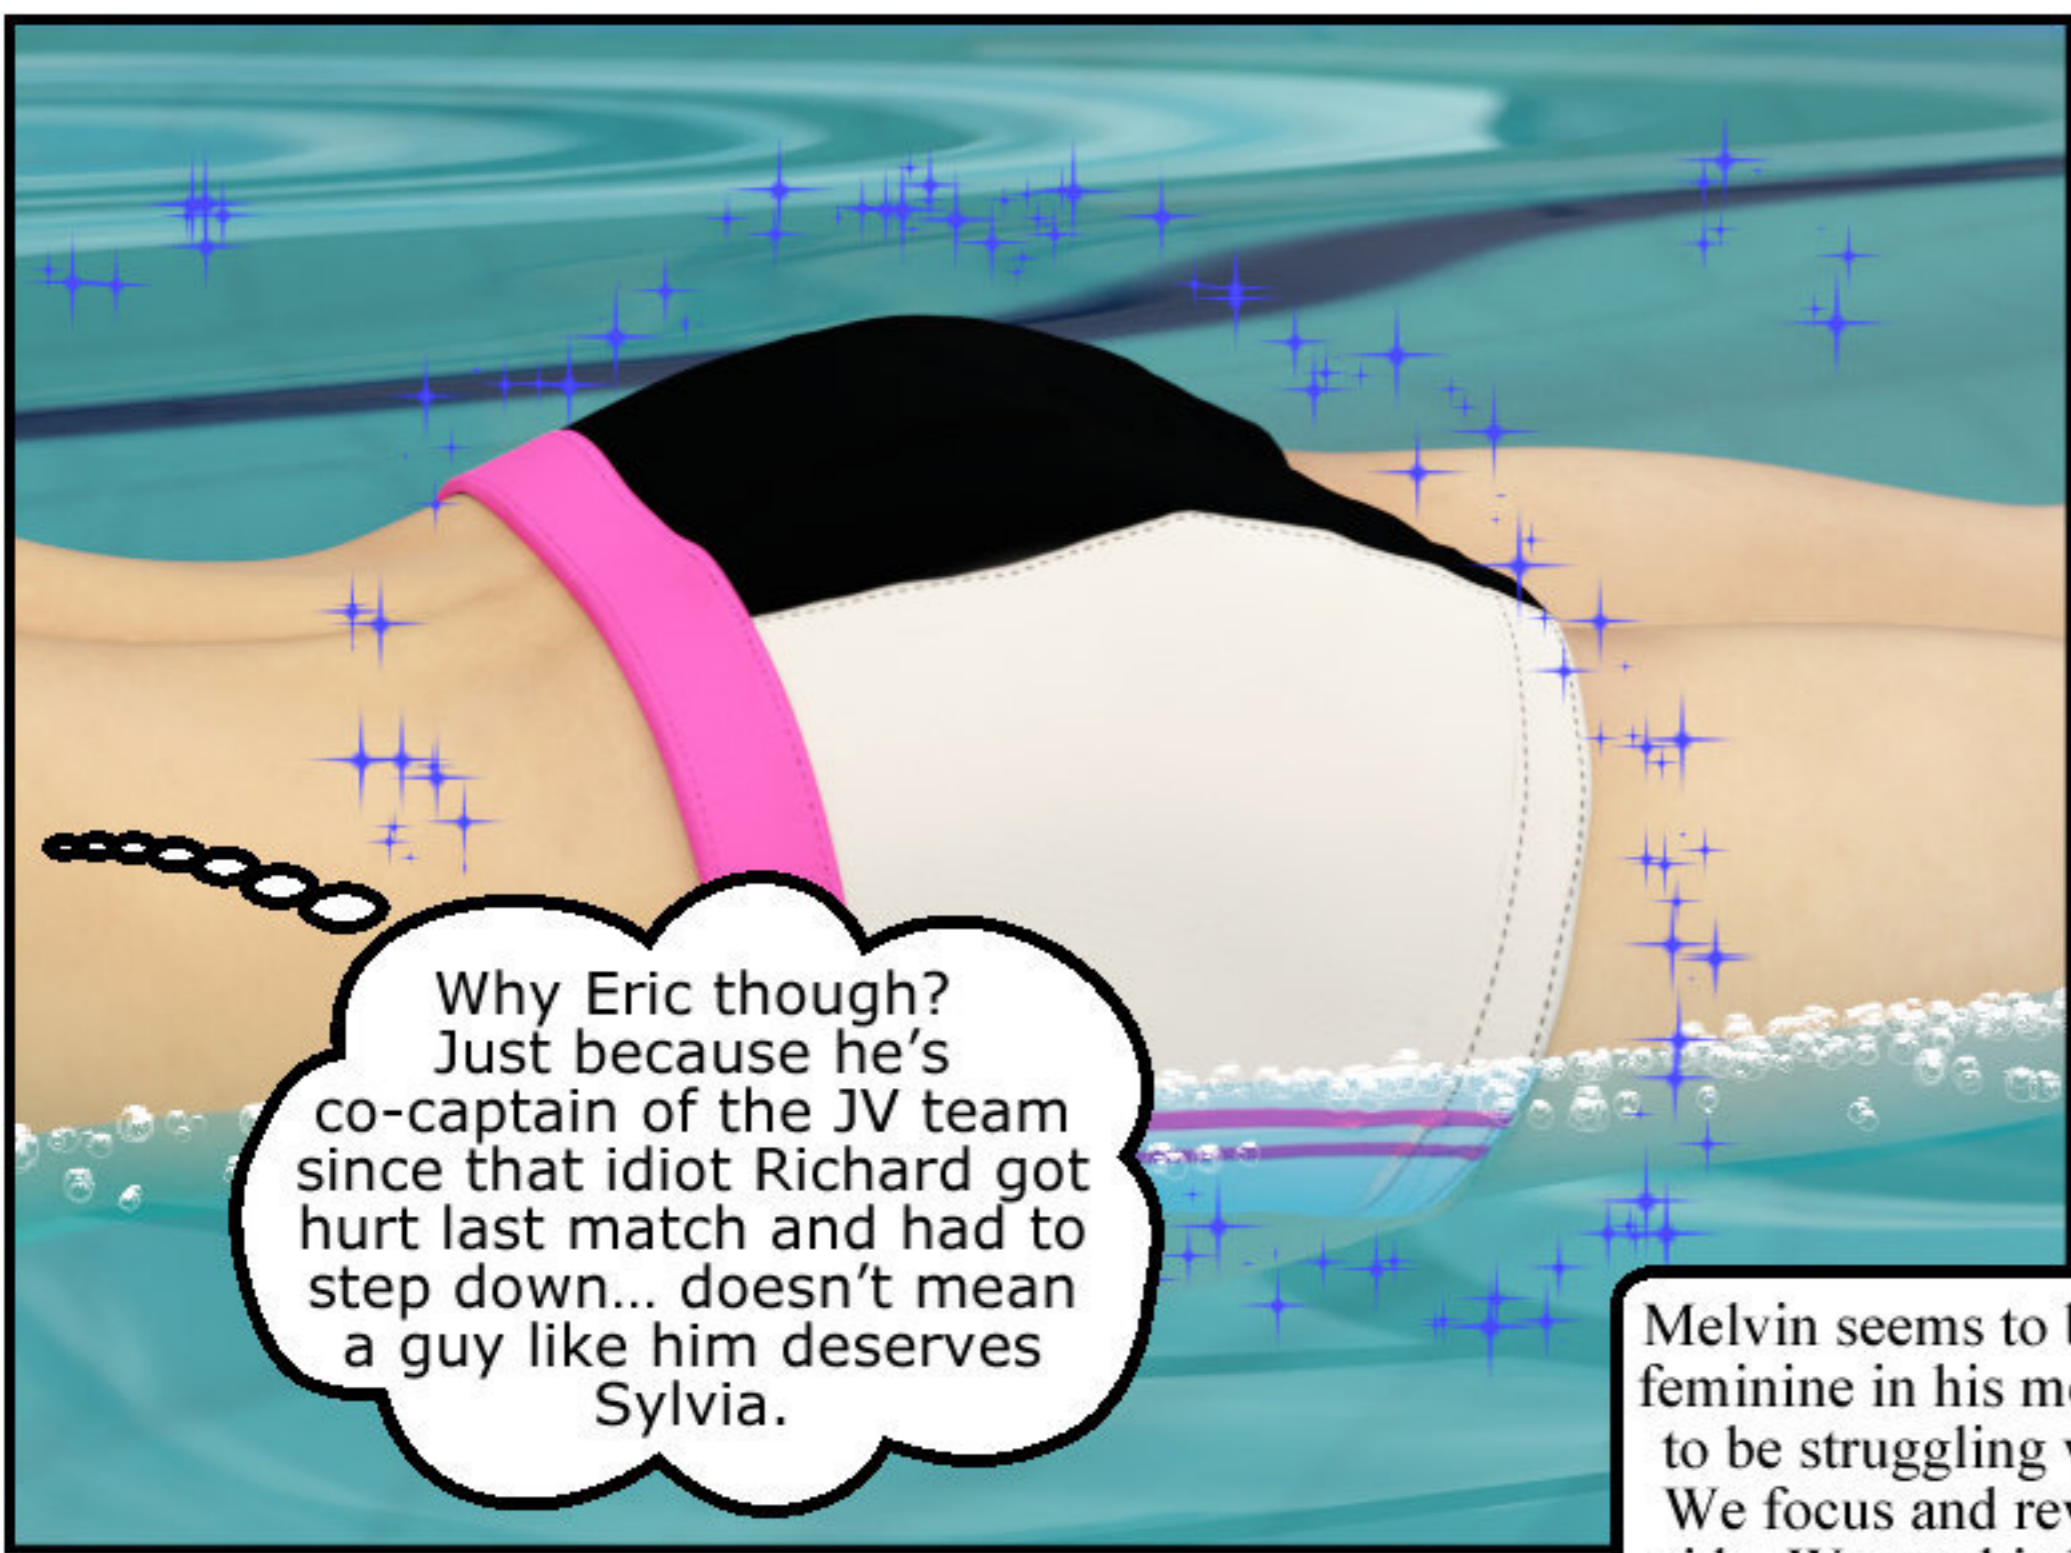

And Sylvia... fuck she looked hot today. Sorry Jason. I think today I might make a move on her.

Alter!

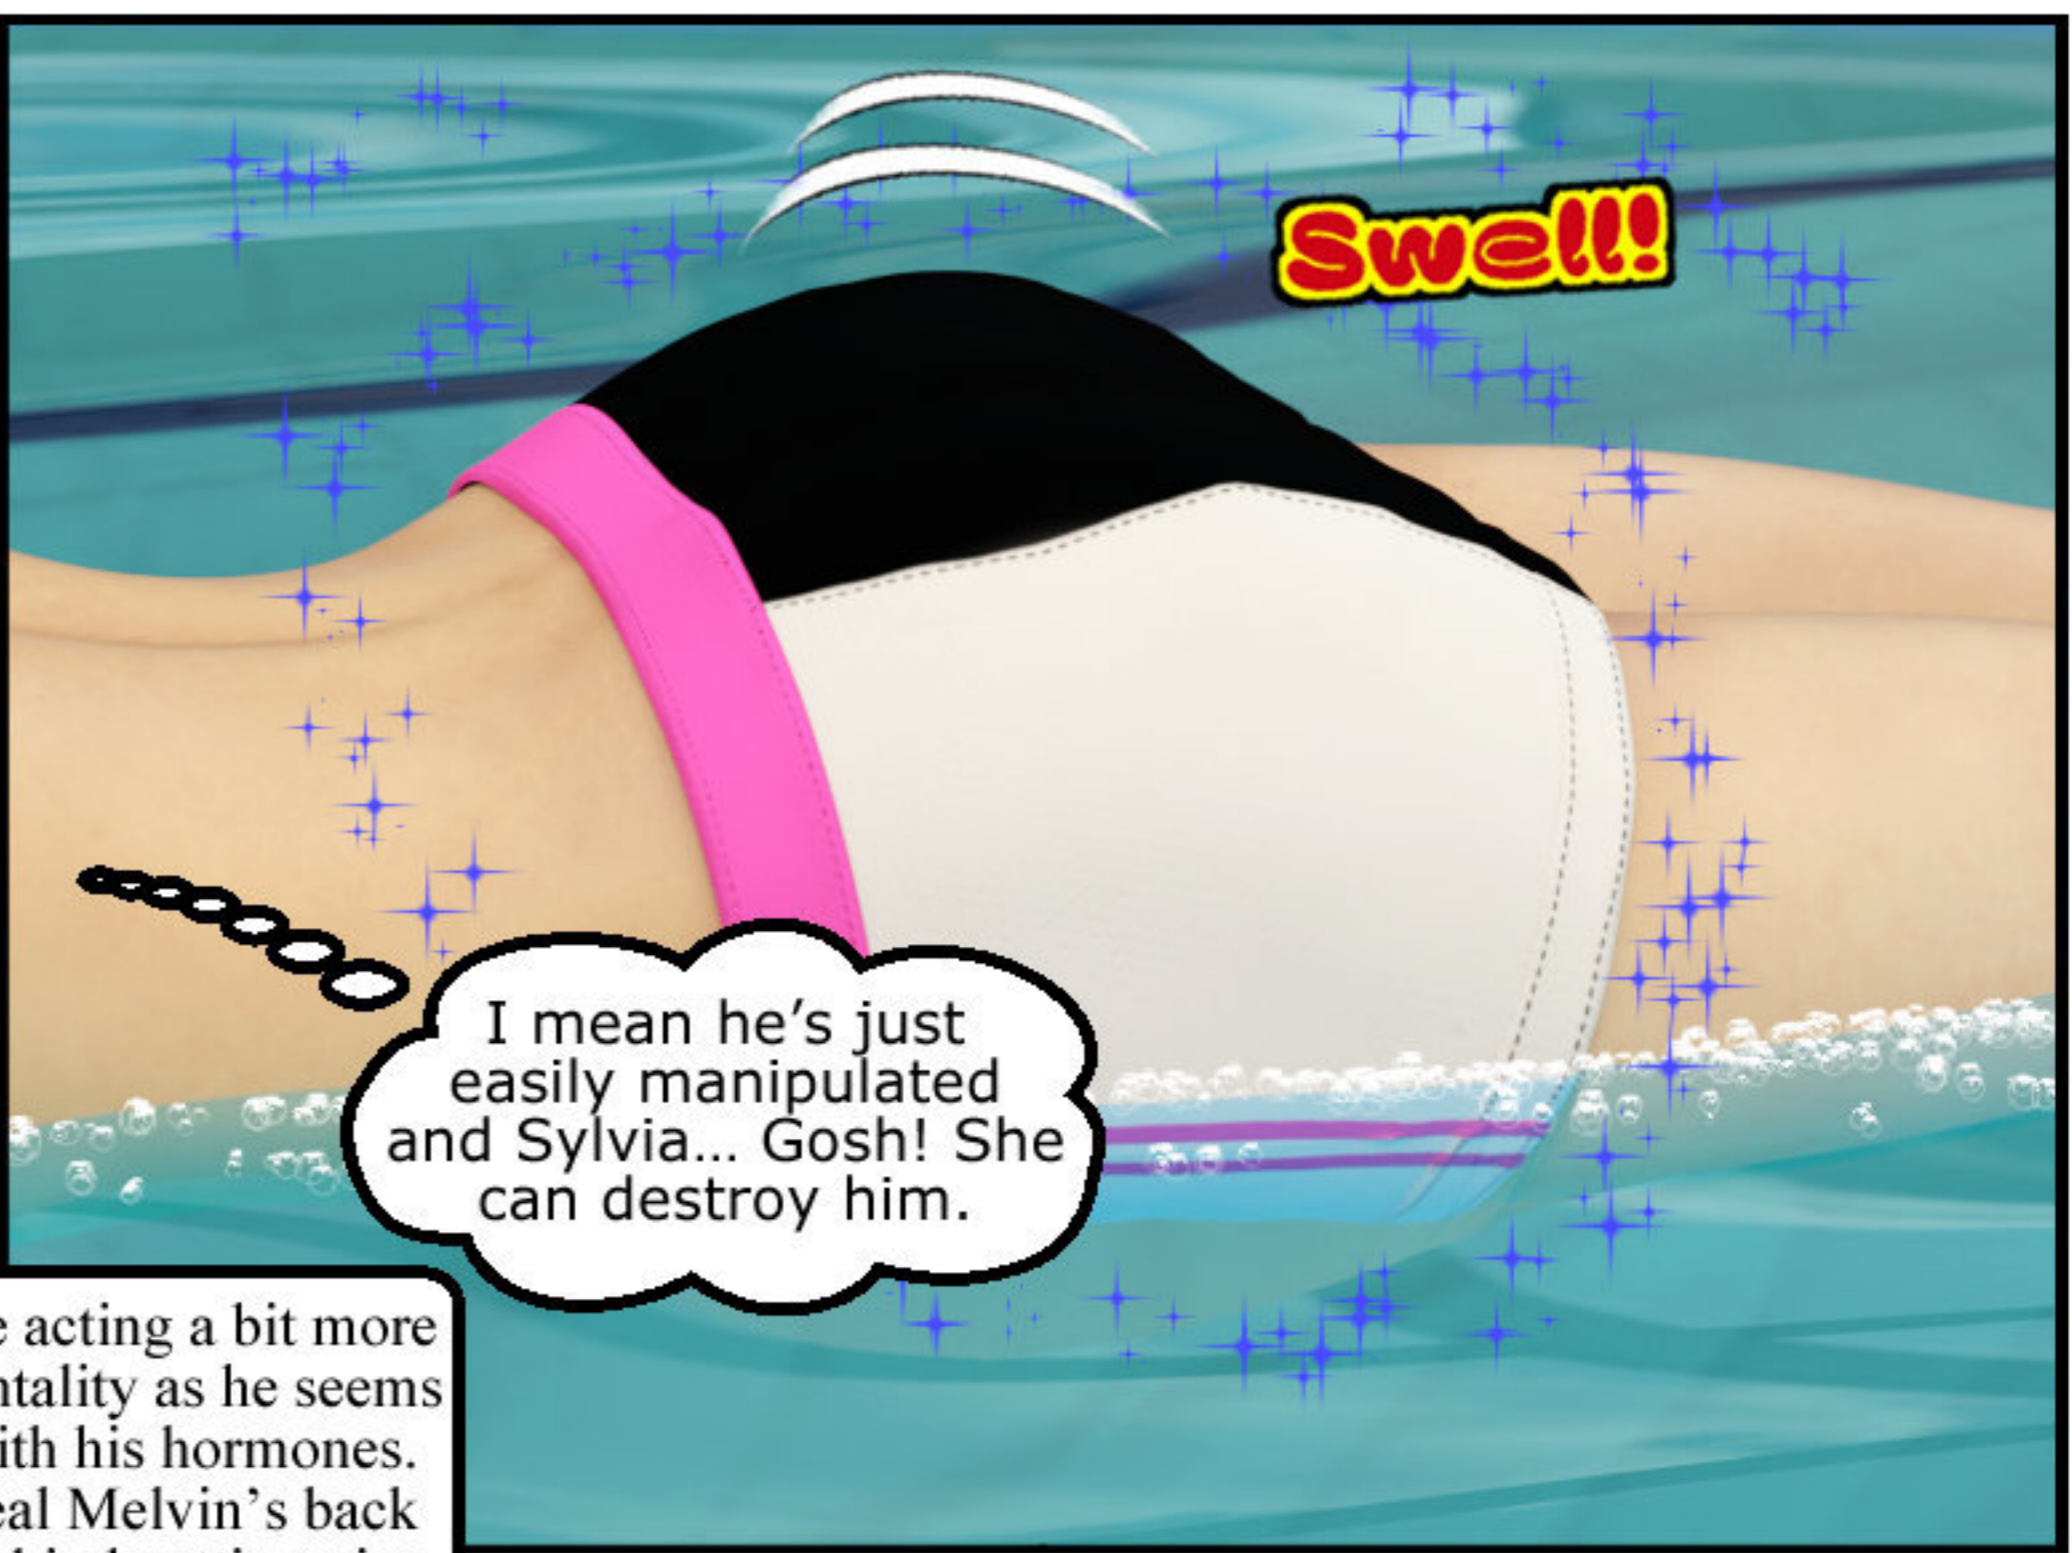

I doubt it though. Sylvia likes her men toned and hard... like Eric?

Soften!

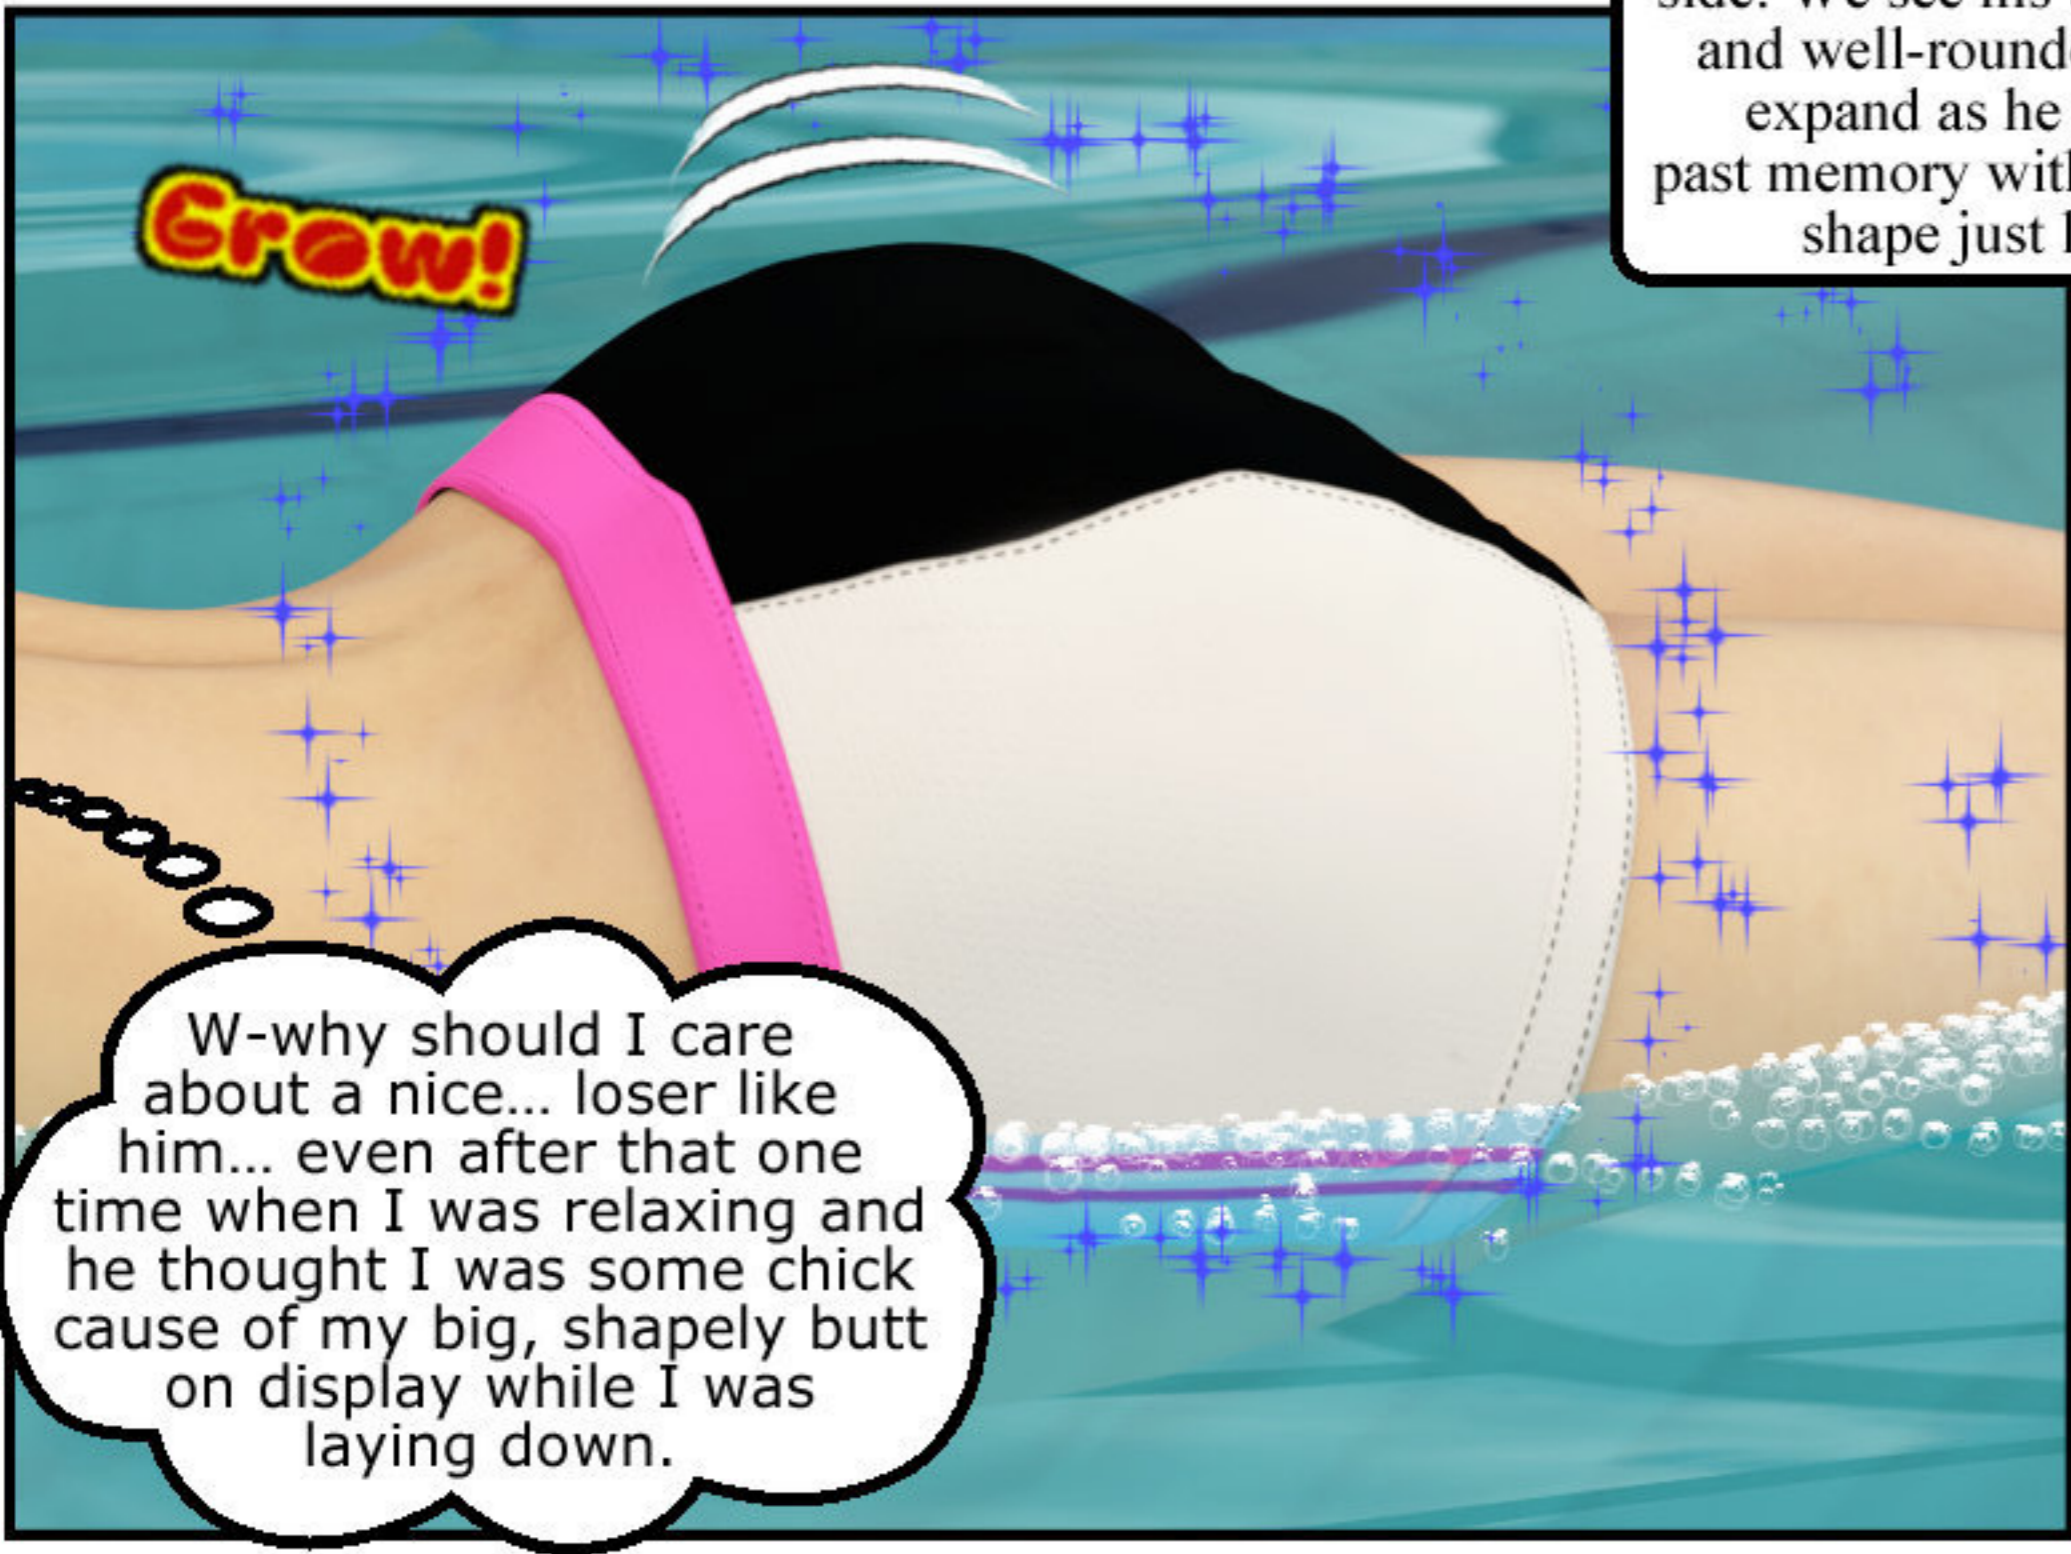

Why Eric though?
Just because he's
co-captain of the JV team
since that idiot Richard got
hurt last match and had to
step down... doesn't mean
a guy like him deserves
Sylvia.

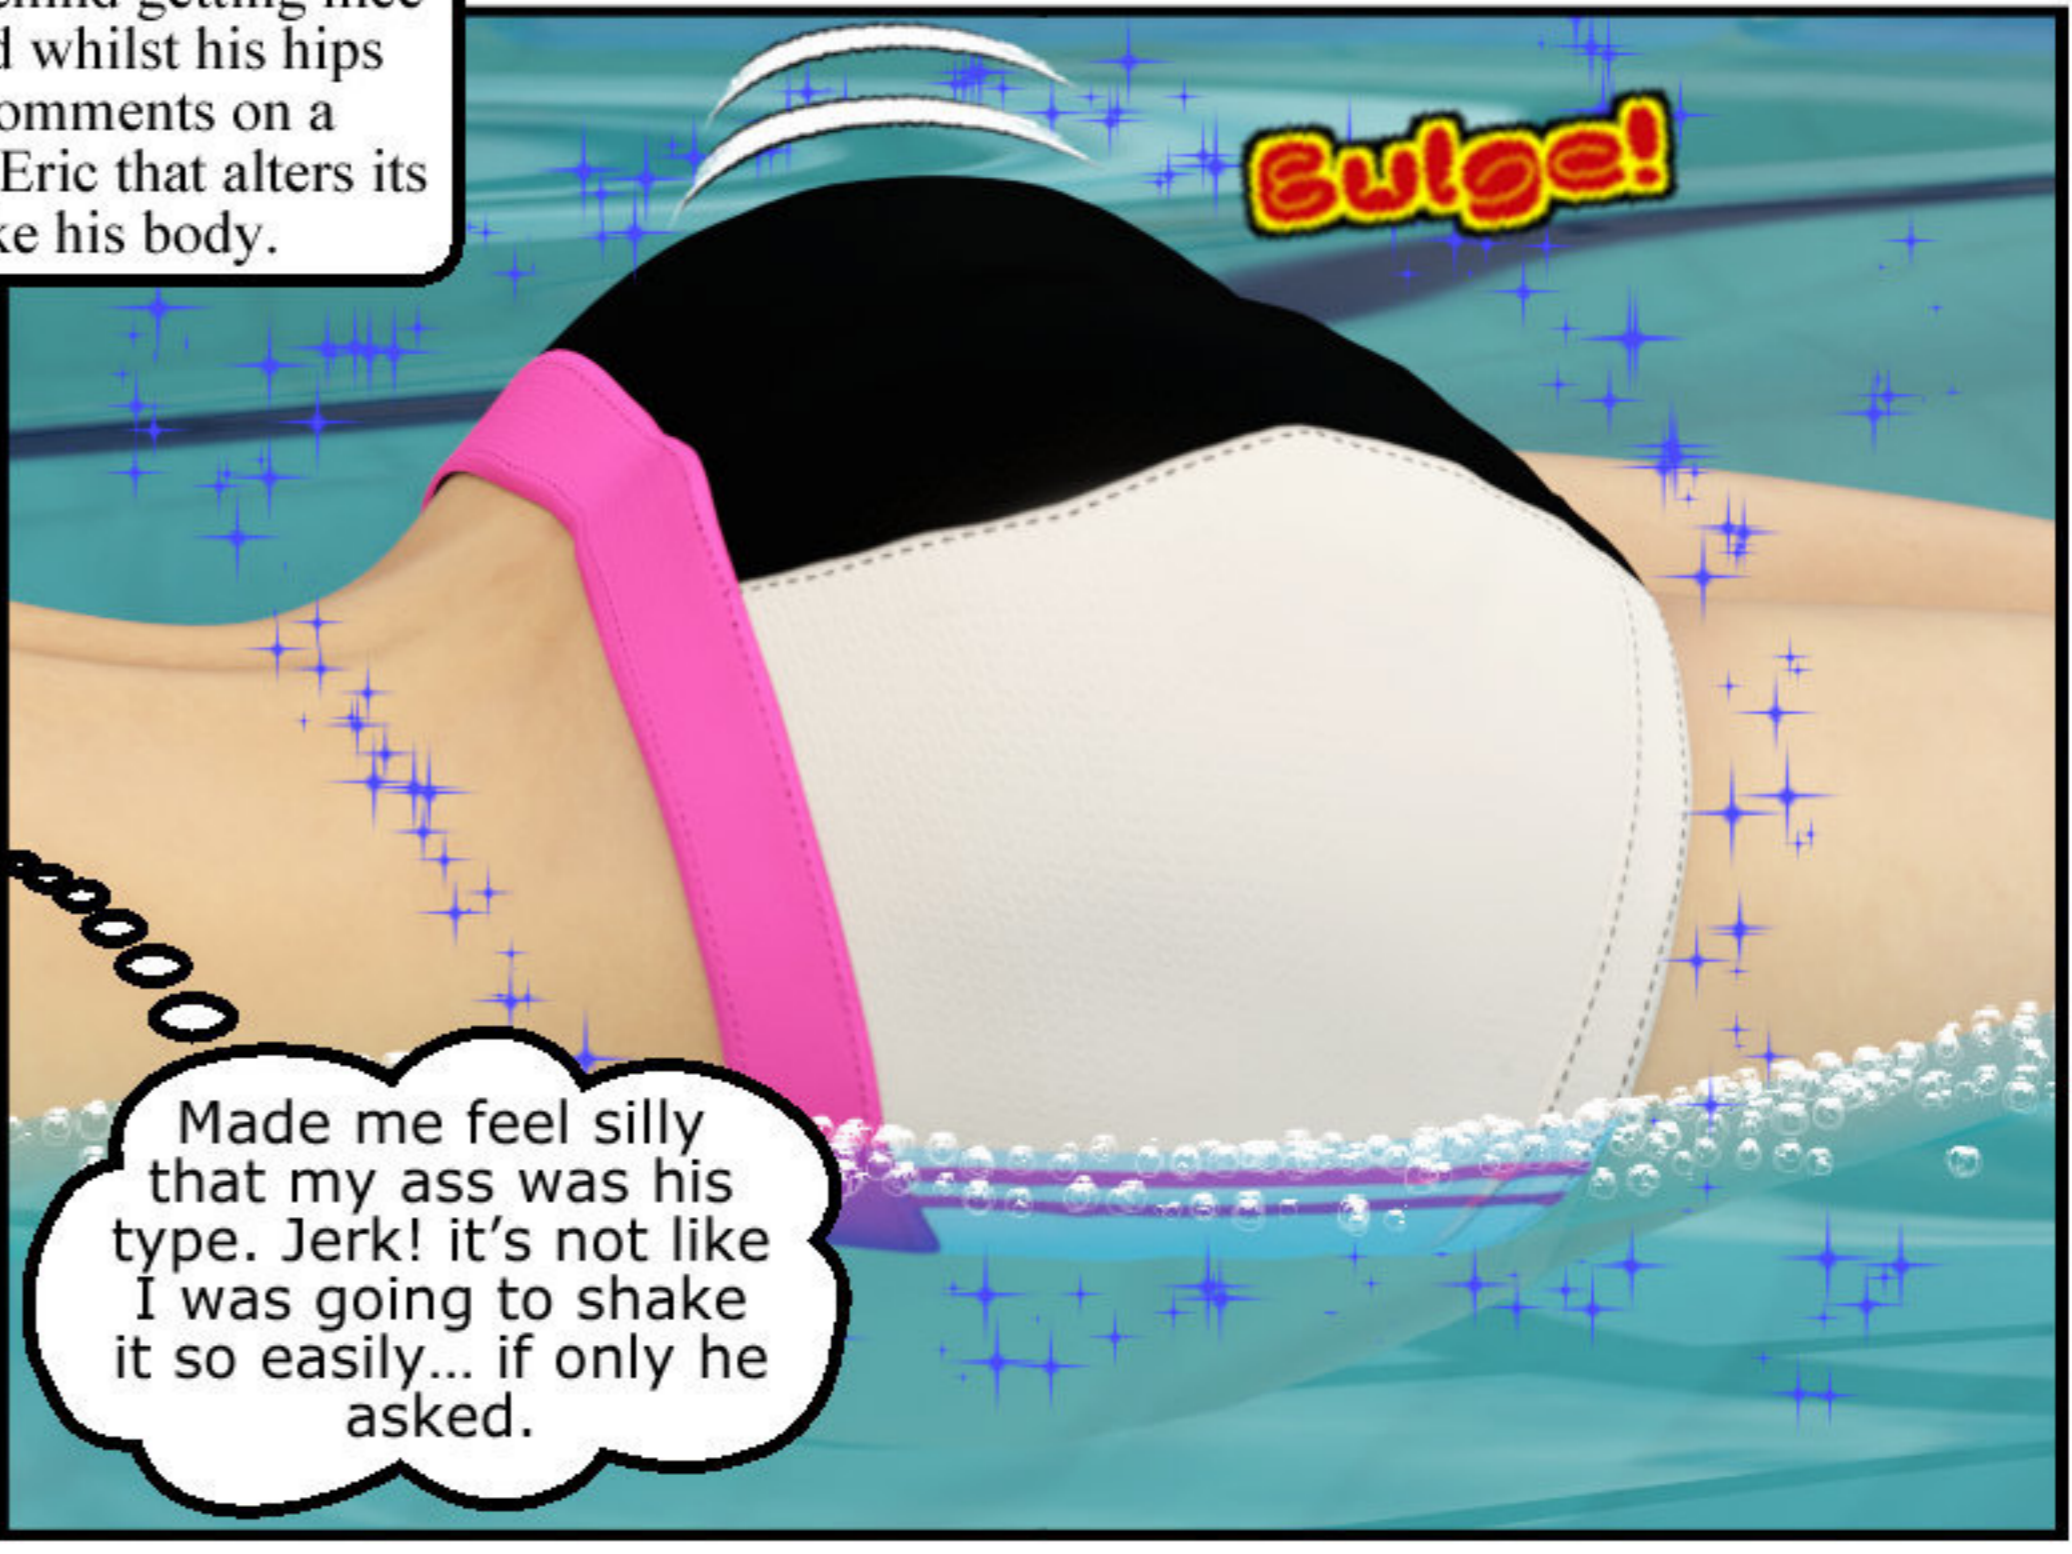

I mean he's just
easily manipulated
and Sylvia... Gosh! She
can destroy him.

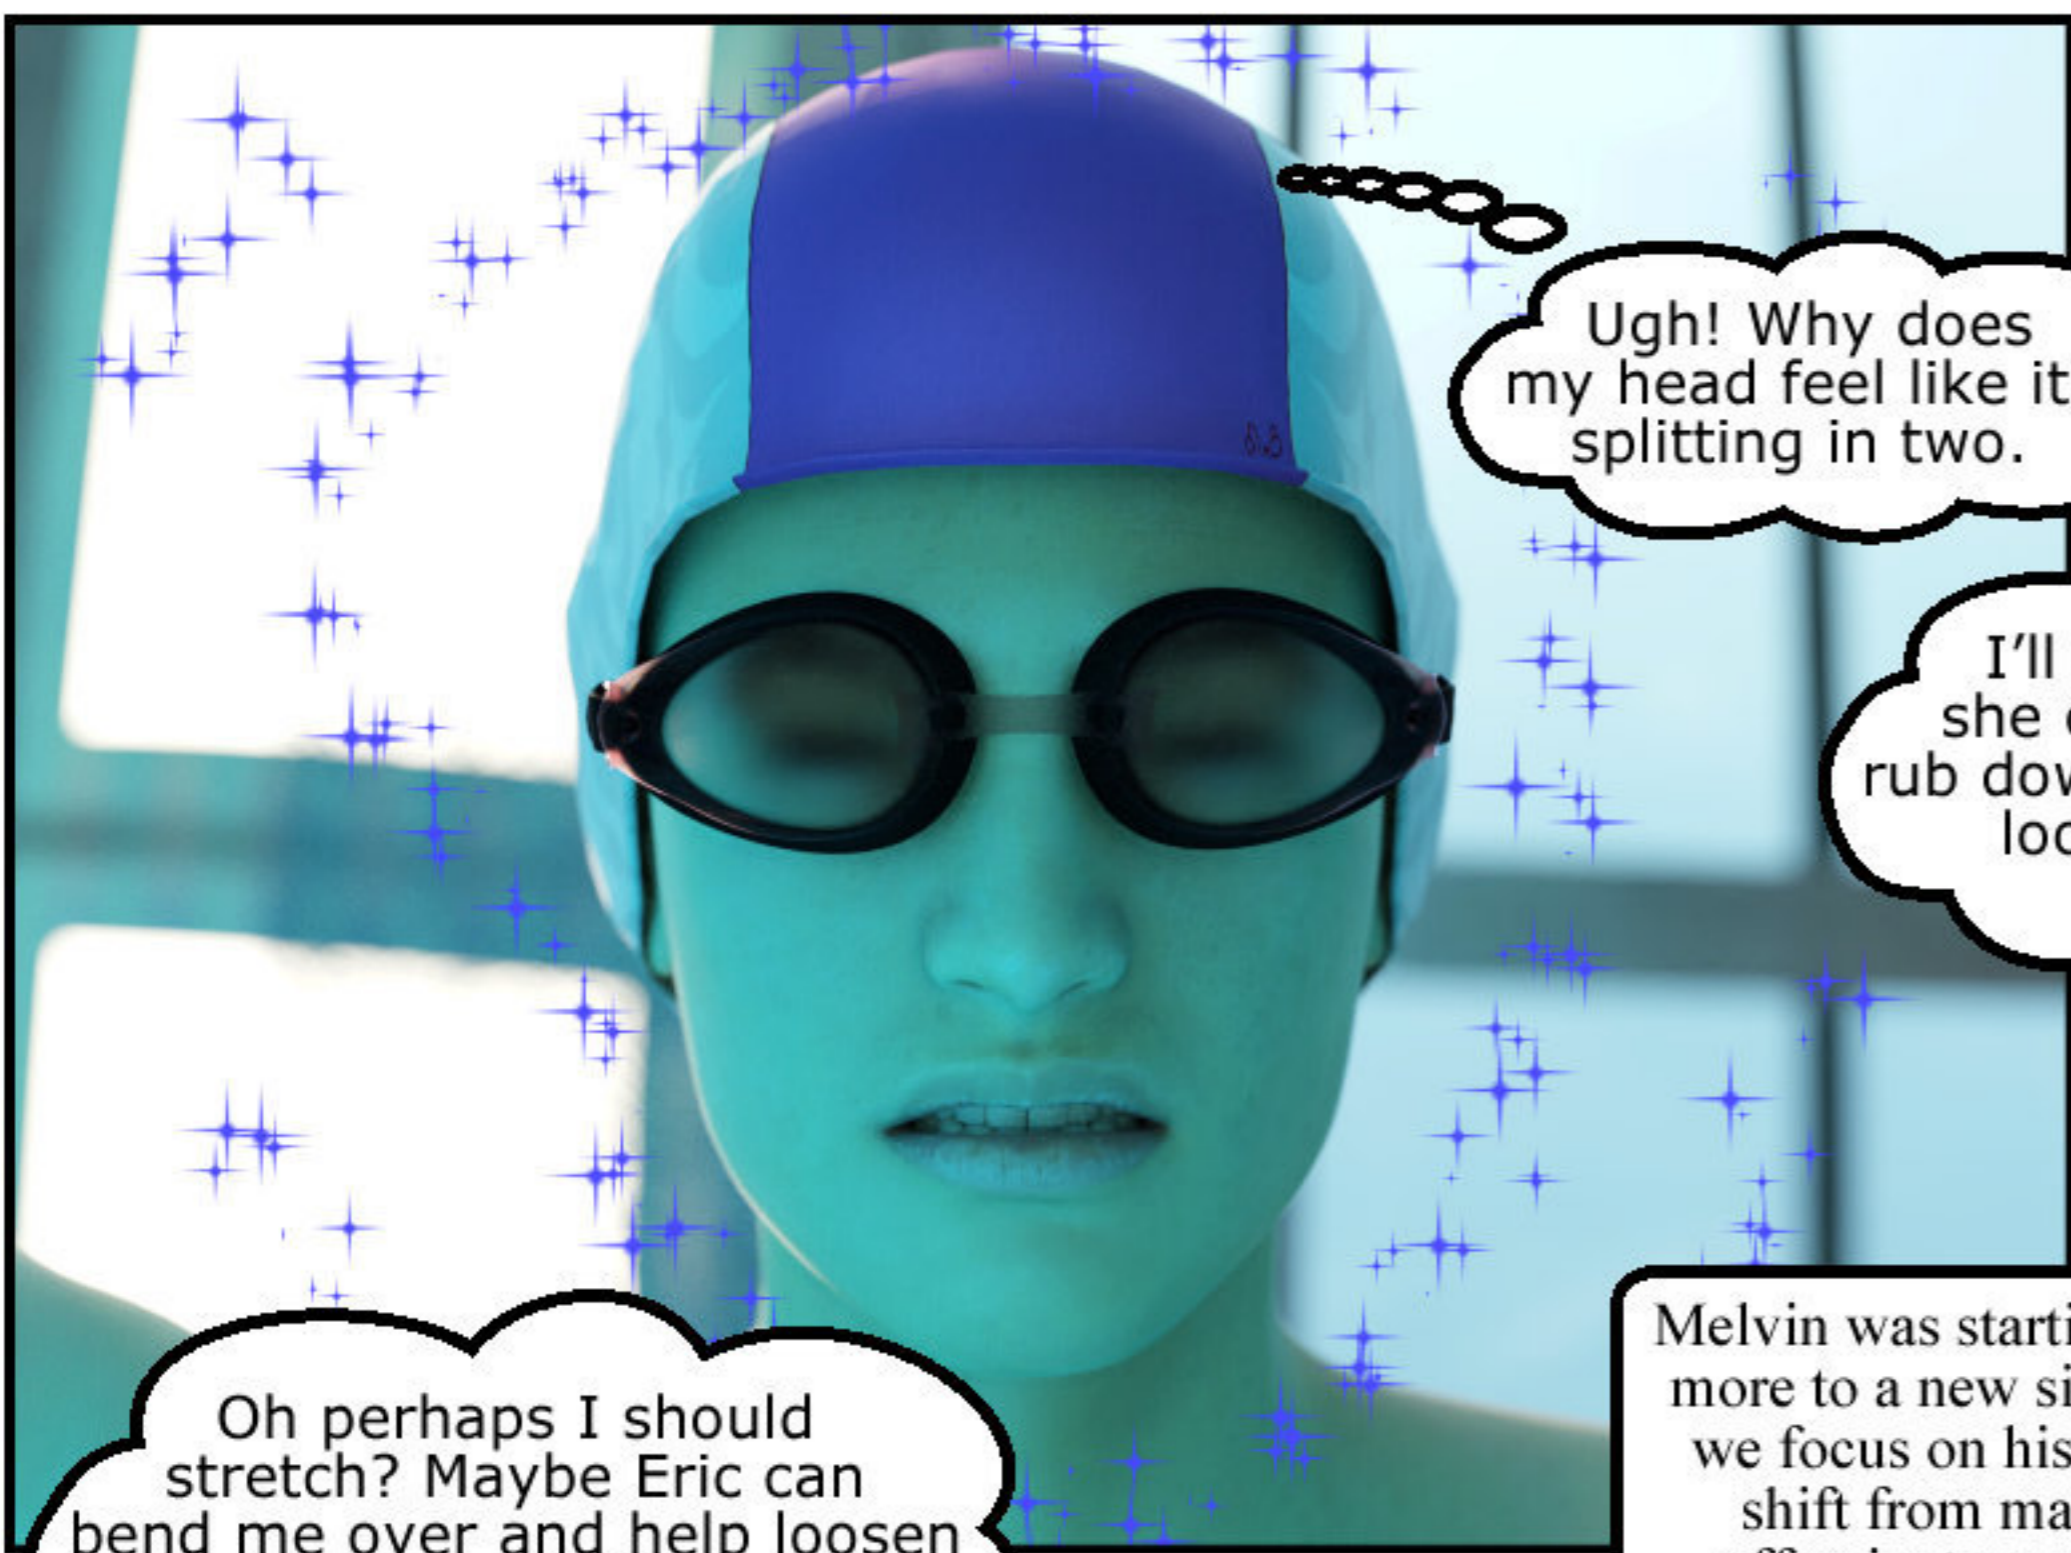

Melvin seems to be acting a bit more
feminine in his mentality as he seems
to be struggling with his hormones.
We focus and reveal Melvin's back
side. We see his behind getting nice
and well-rounded whilst his hips
expand as he comments on a
past memory with Eric that alters its
shape just like his body.

W-why should I care
about a nice... loser like
him... even after that one
time when I was relaxing and
he thought I was some chick
cause of my big, shapely butt
on display while I was
laying down.

Made me feel silly
that my ass was his
type. Jerk! it's not like
I was going to shake
it so easily... if only he
asked.

Ugh! Why does my head feel like it's splitting in two.

I'll ask Sylvia if she can give me a rub down. Maybe that'll loosen me up. Heh...

Oh perhaps I should stretch? Maybe Eric can bend me over and help loosen me up. Wait why did that sound sexual and wrong to me but still...

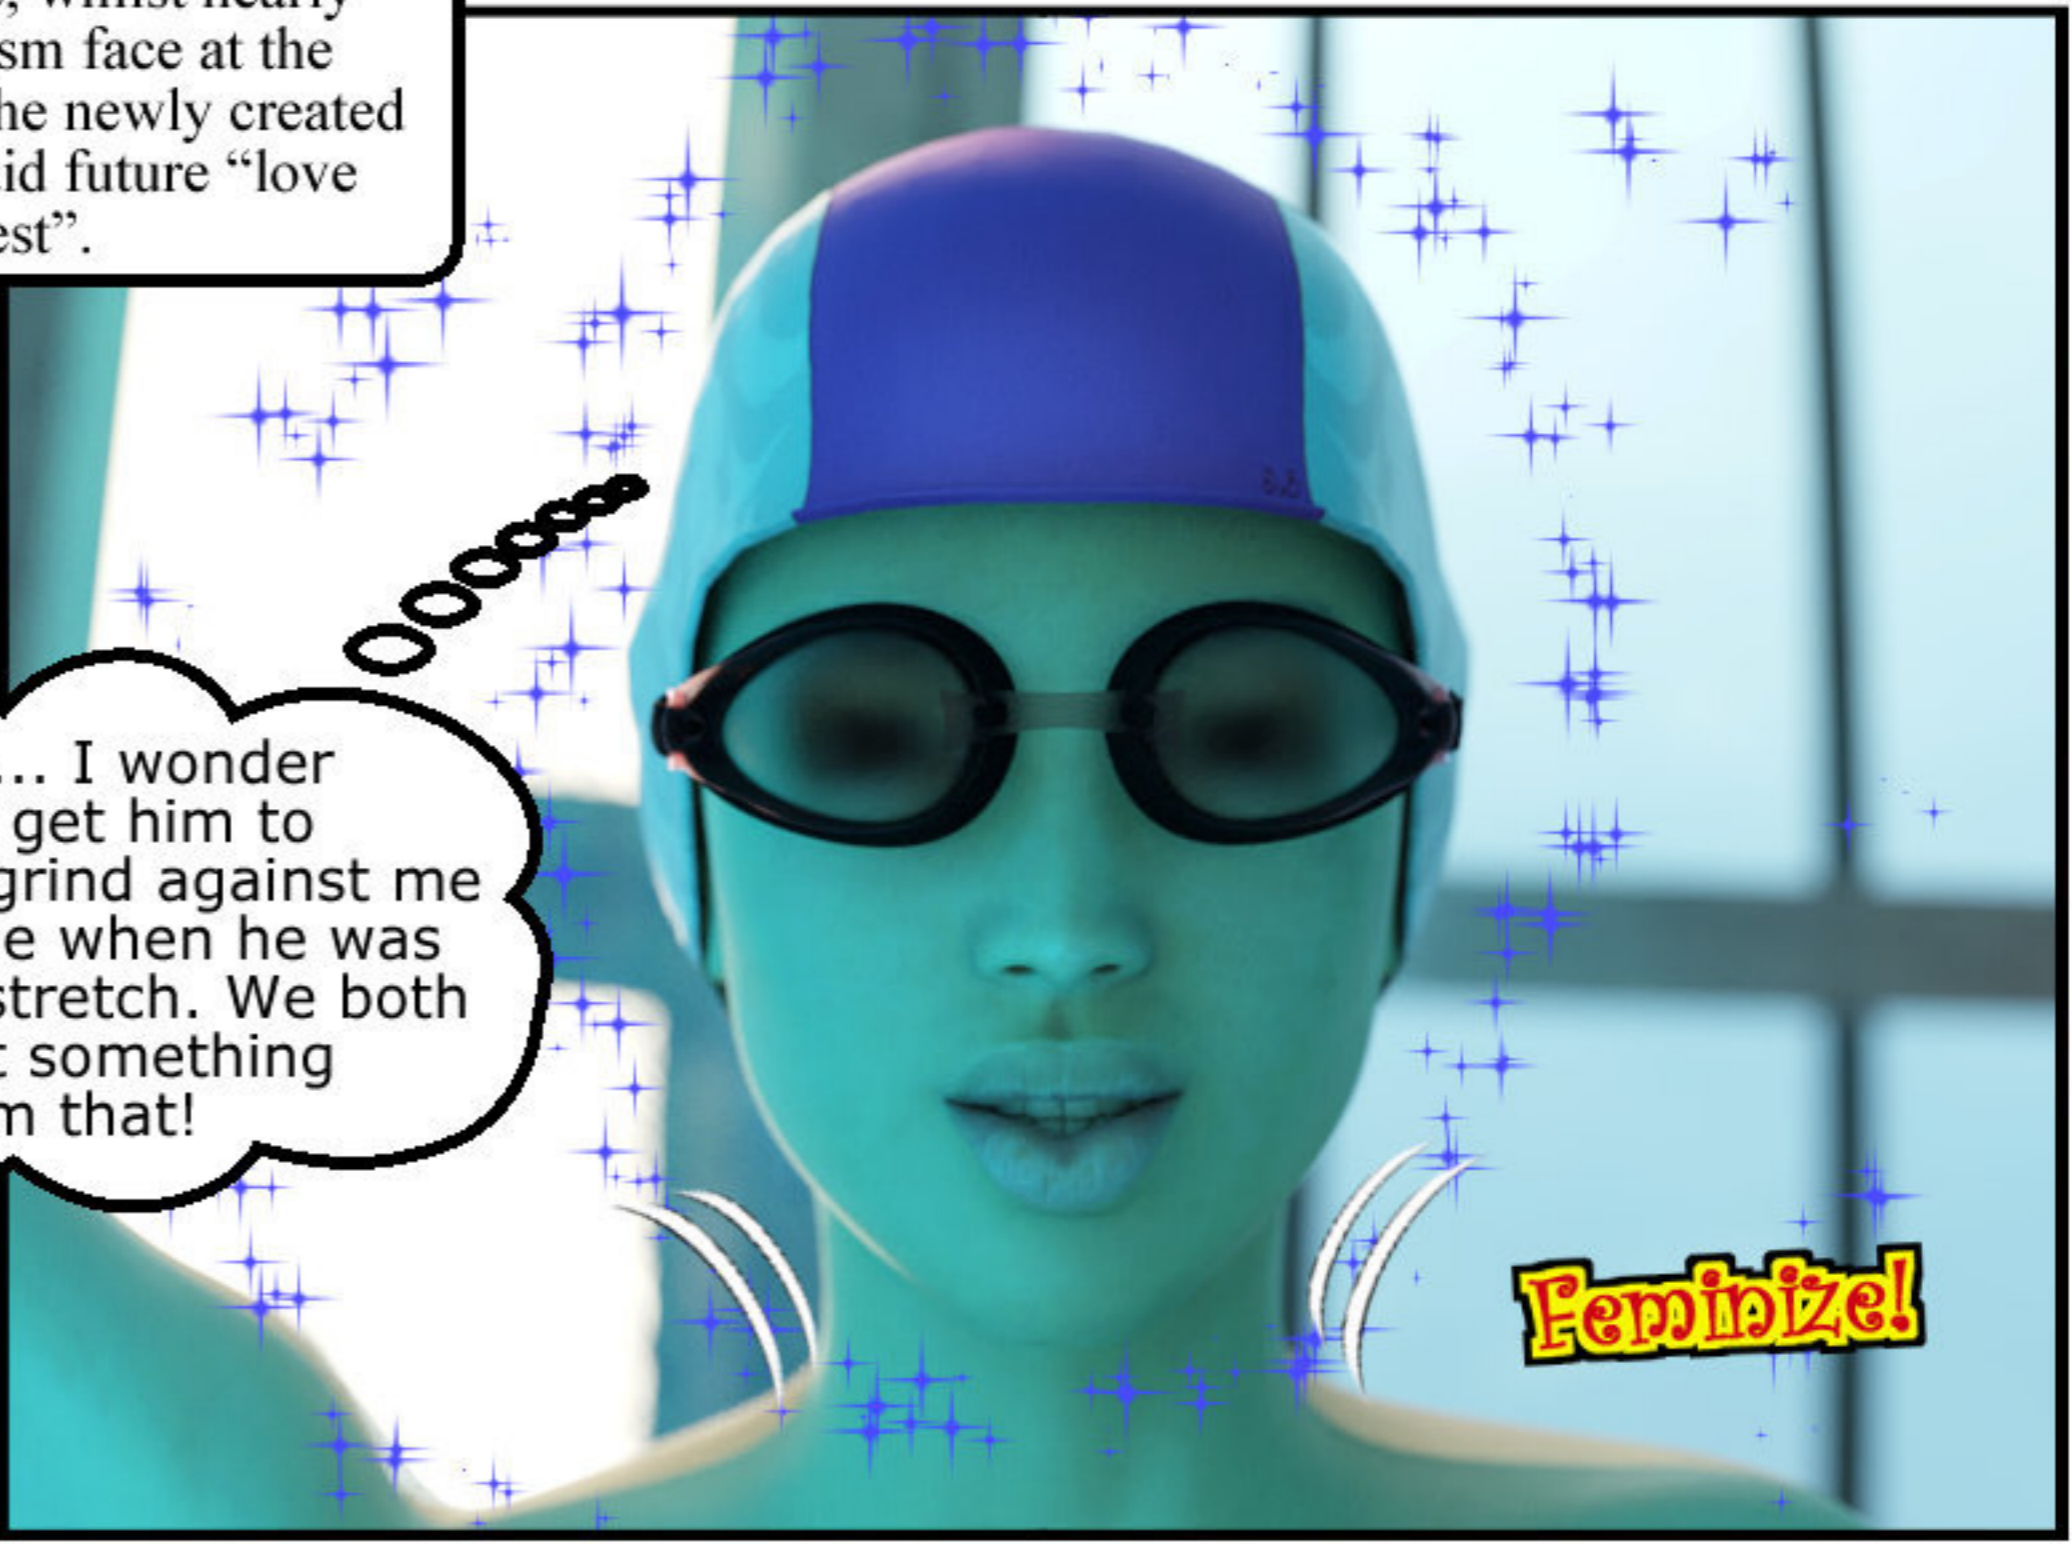

Slam!

Melvin was starting to come around more to a new side of "himself" as we focus on his face. It begins to shift from man to more of an effeminate male, whilst nearly having an orgasm face at the remembrance of the newly created memory with said future "love interest".

Transform!

Mmmm... I wonder if I can get him to accidentally grind against me like last time when he was helping me stretch. We both sure felt something from that!

Feminize!

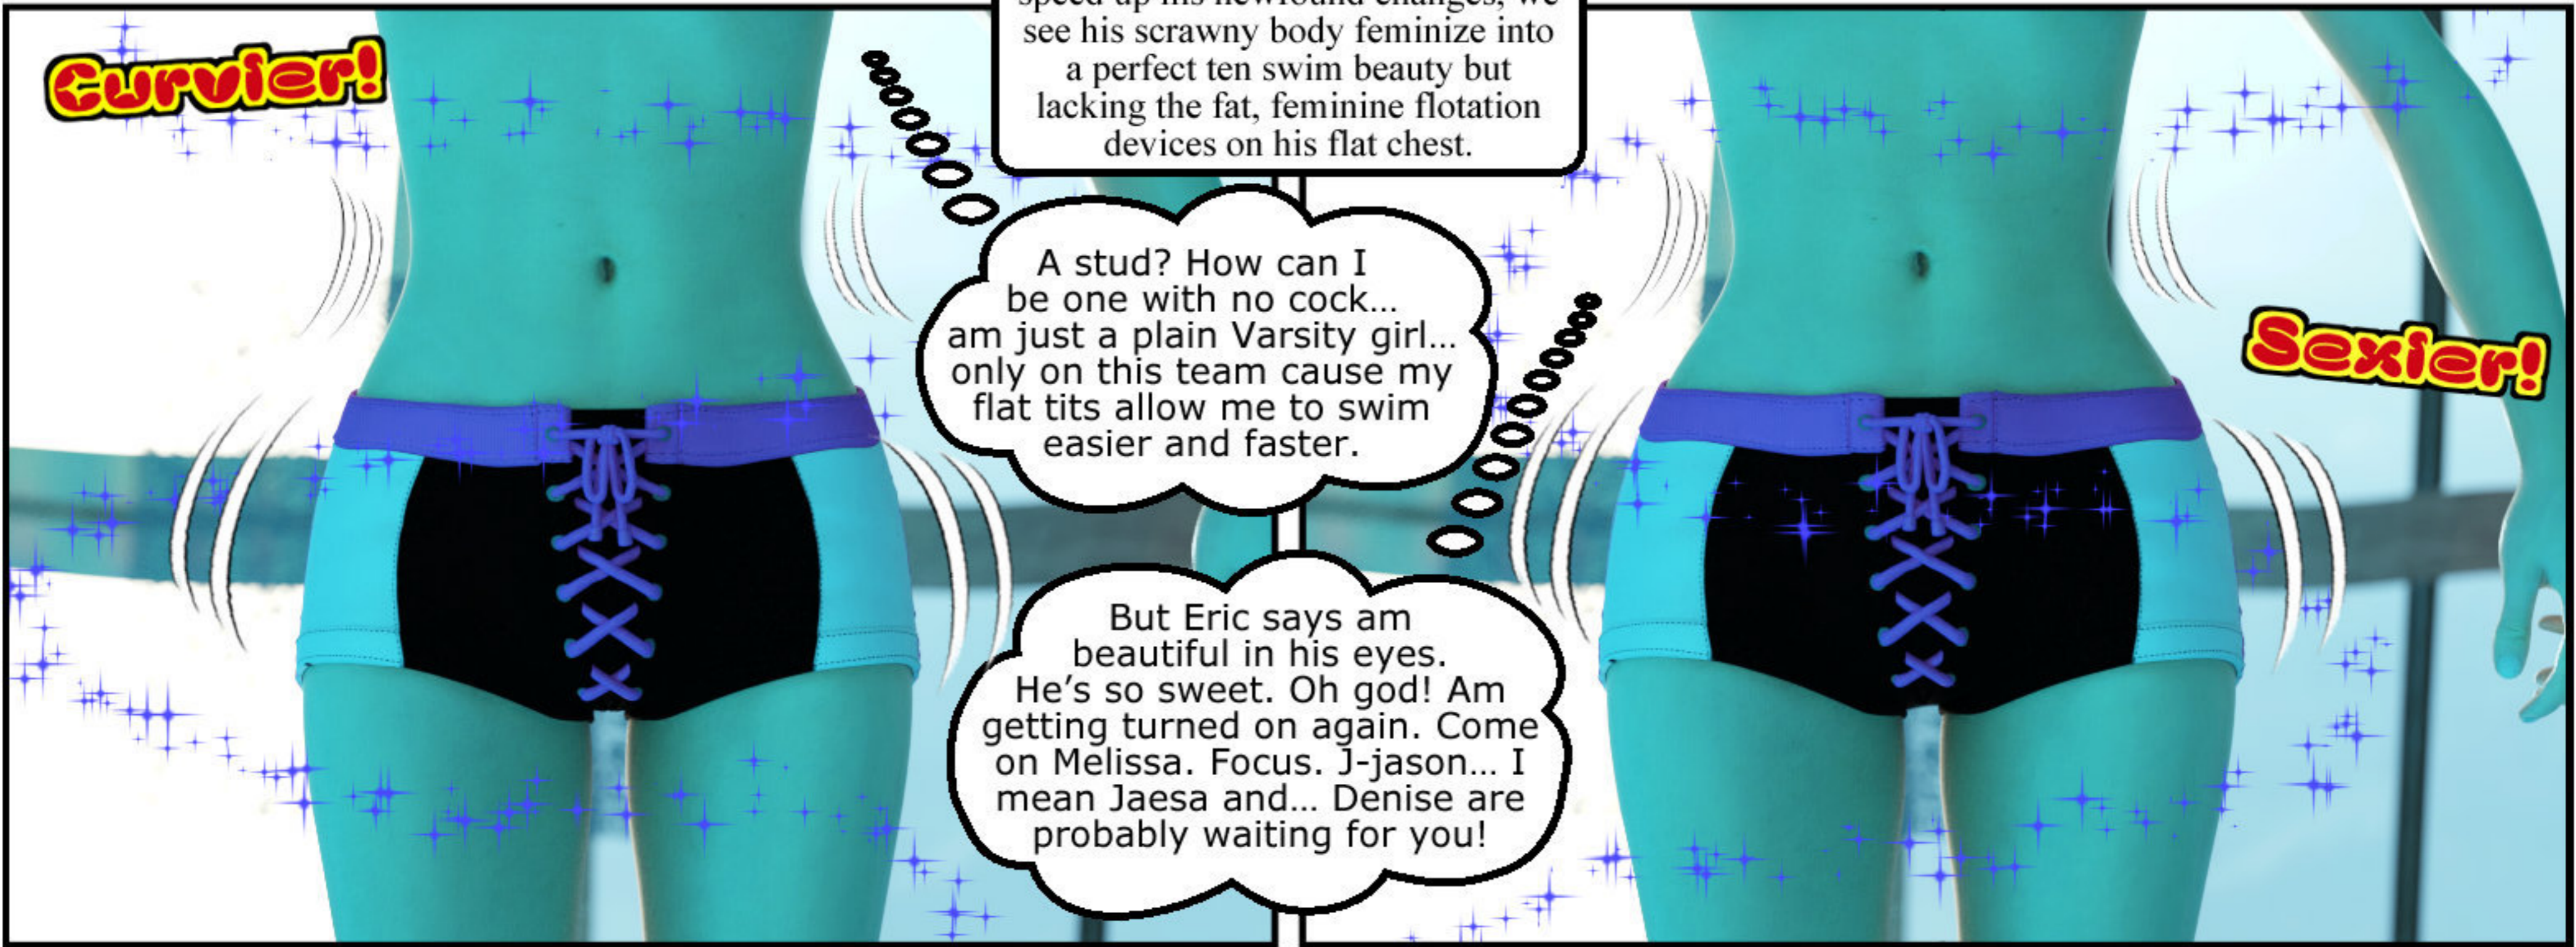

What is wrong with me? Am not gay right!? I mean I want Sylvia bad and that's because am a guy!!

B-but she wants a real man... am just... No! No! Am a stud! Am a stud!?

The sexual thoughts seem to have an effect on Melvin more as we see an erection in his swim trunks in full view. As the sensations begin to speed up his newfound changes, we see his scrawny body feminize into a perfect ten swim beauty but lacking the fat, feminine flotation devices on his flat chest.

Shaplier!

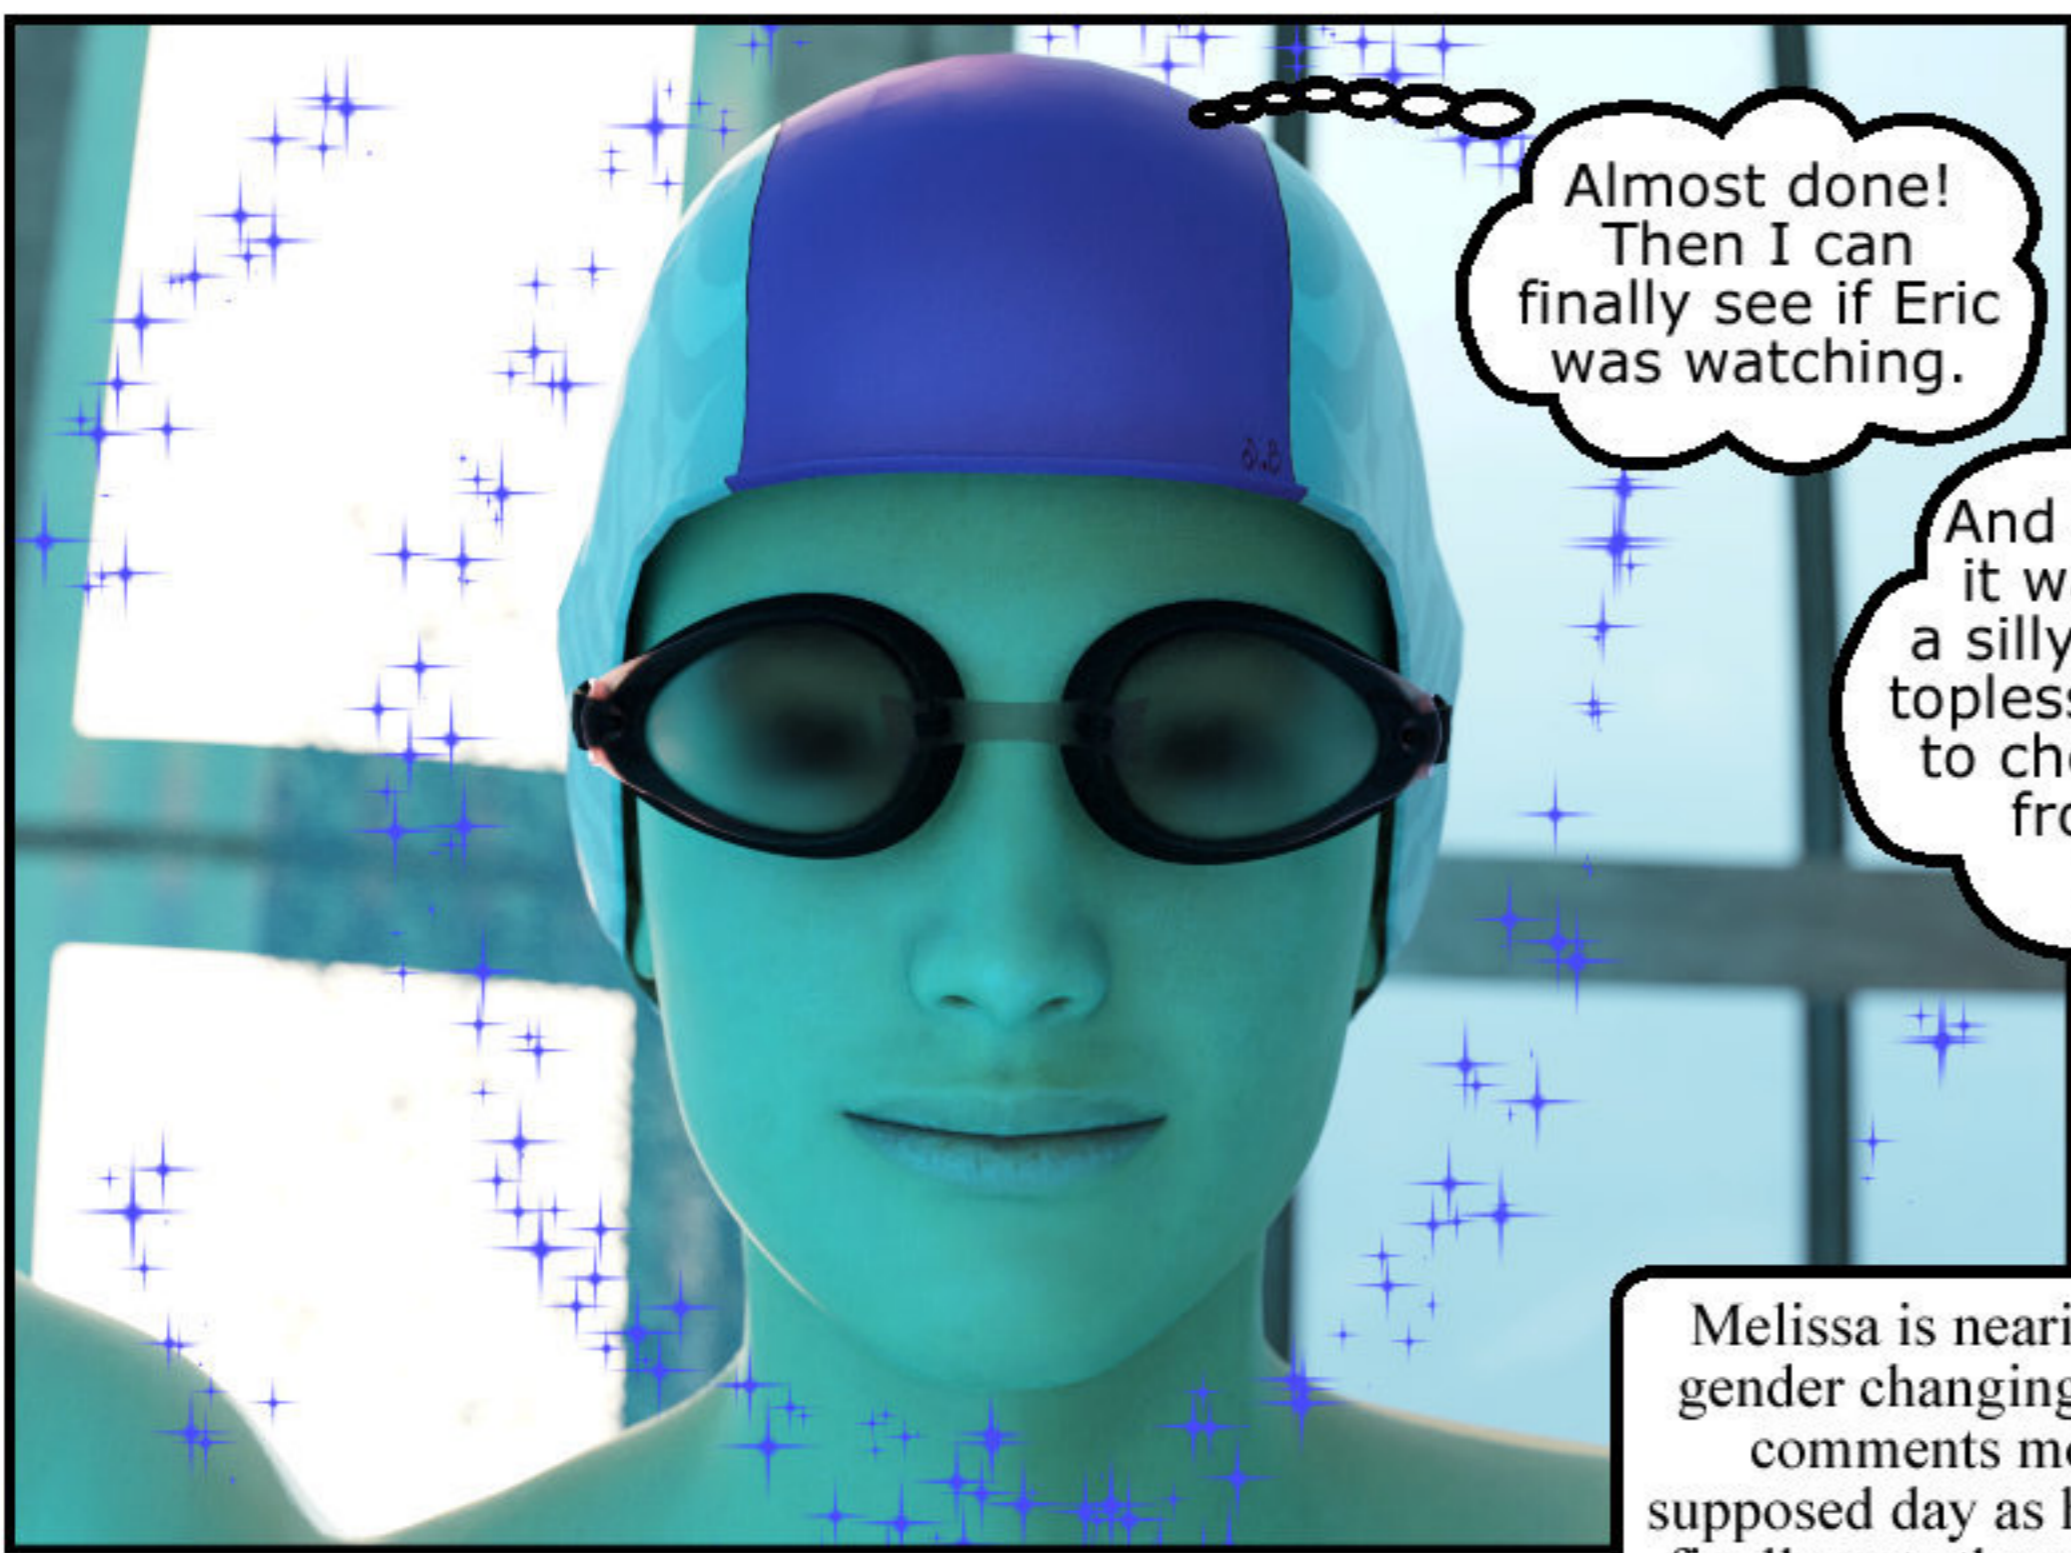

Curvier!

A stud? How can I be one with no cock... am just a plain Varsity girl... only on this team cause my flat tits allow me to swim easier and faster.

But Eric says am beautiful in his eyes. He's so sweet. Oh god! Am getting turned on again. Come on Melissa. Focus. J-jason... I mean Jaesa and... Denise are probably waiting for you!

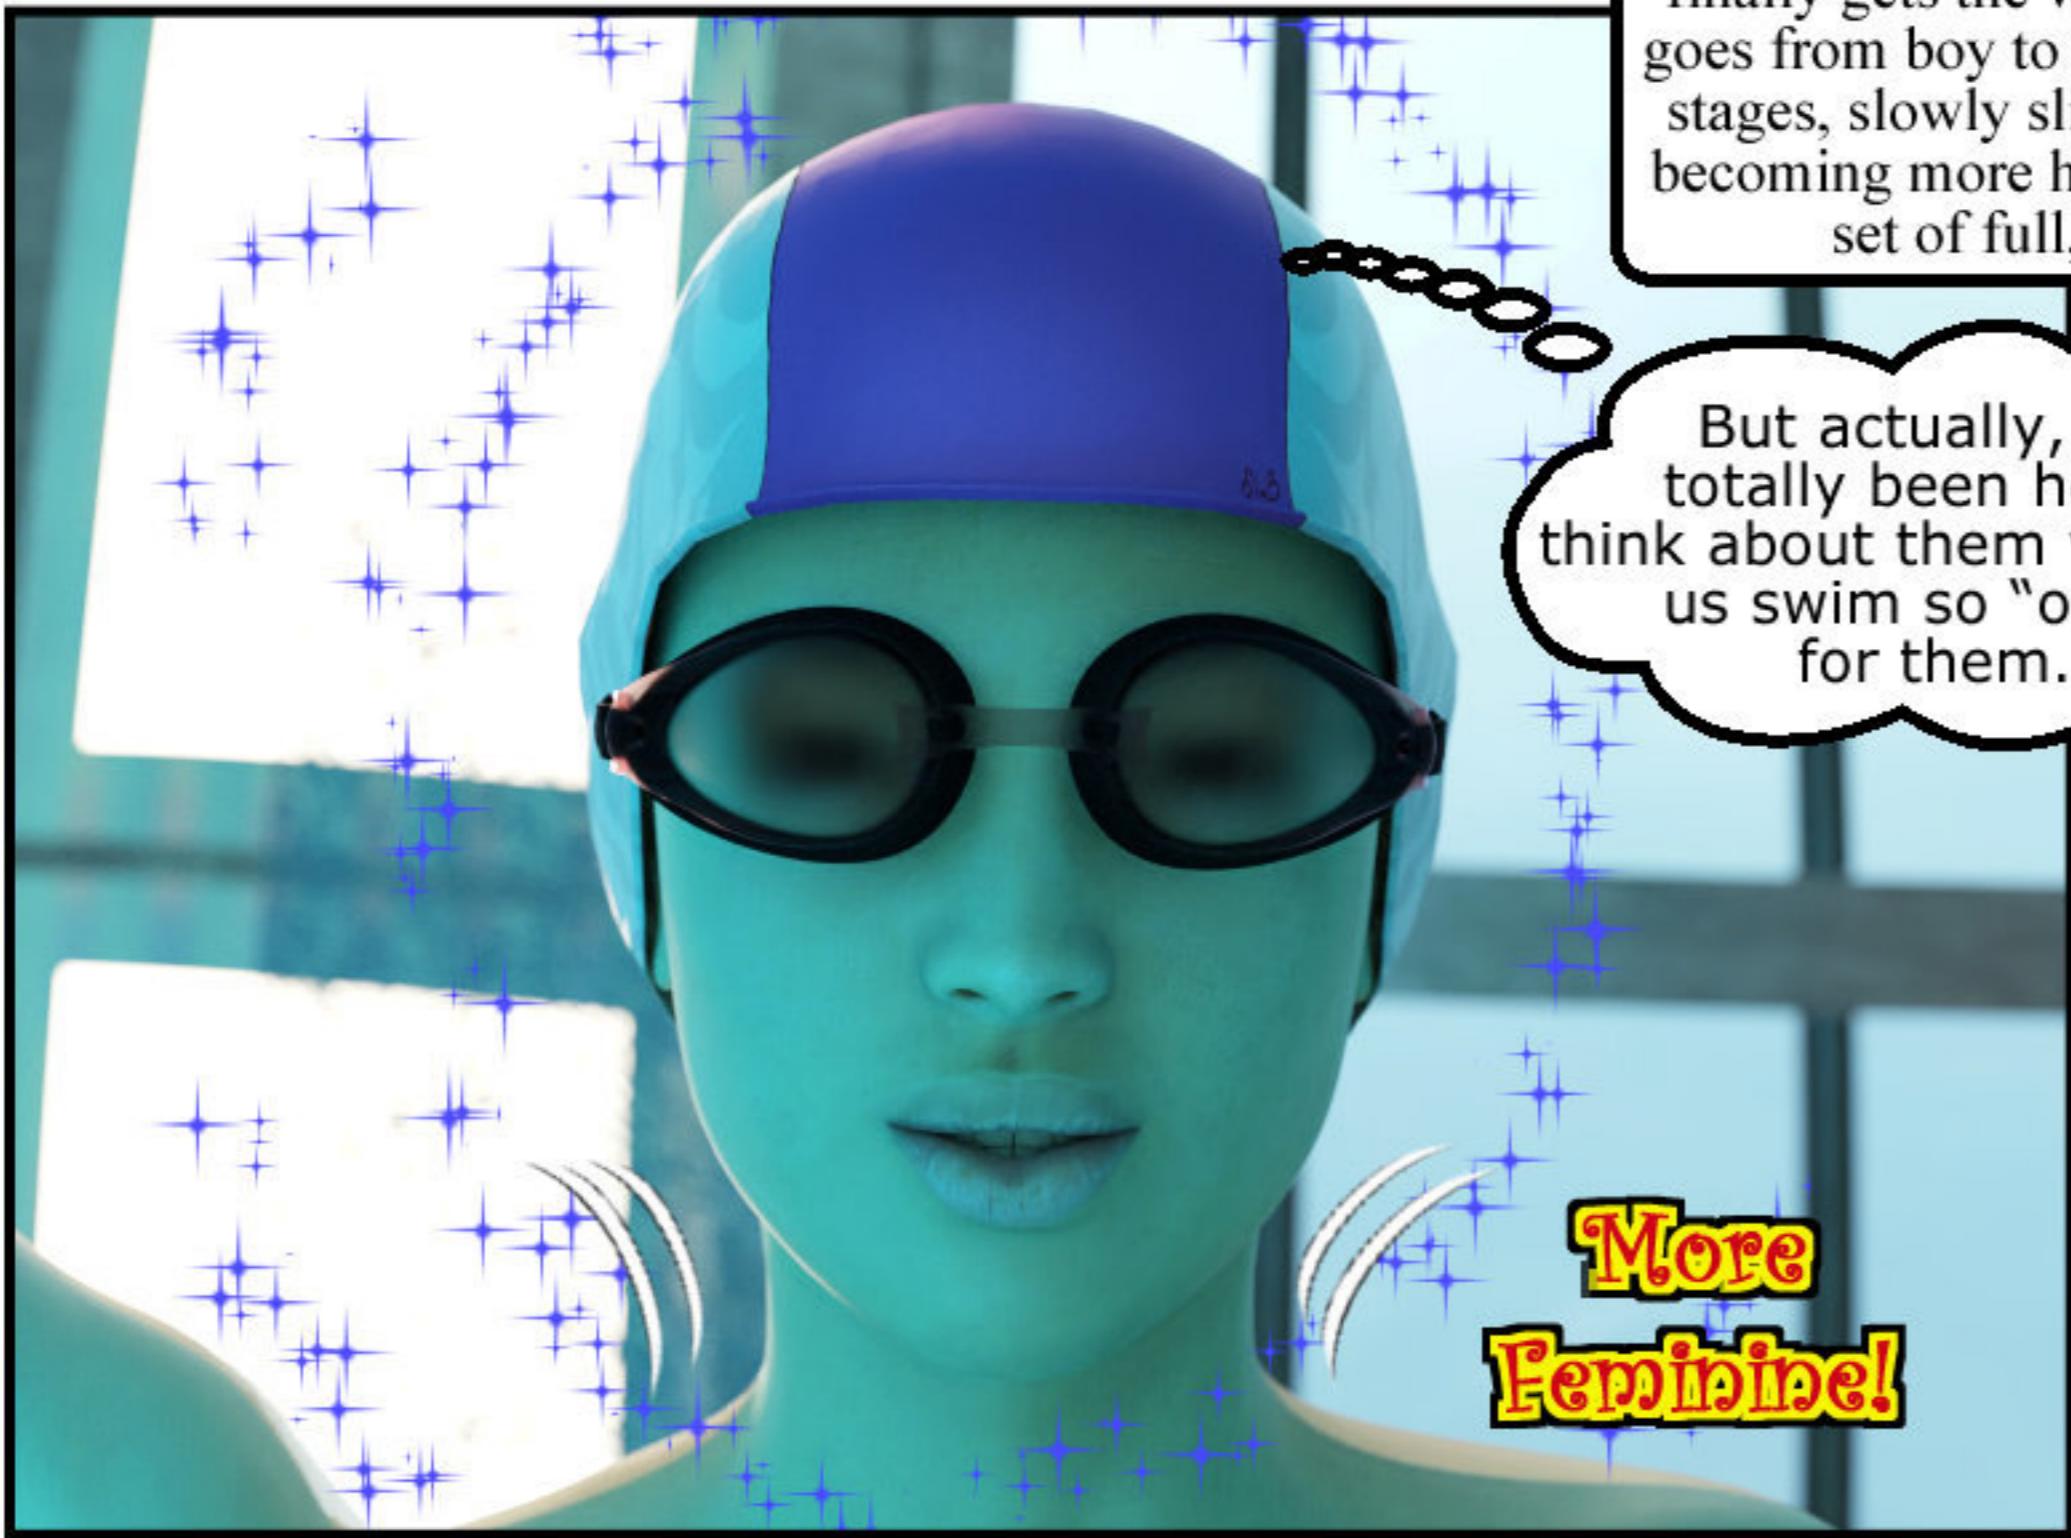

Sexier!

Almost done!
Then I can finally see if Eric was watching.

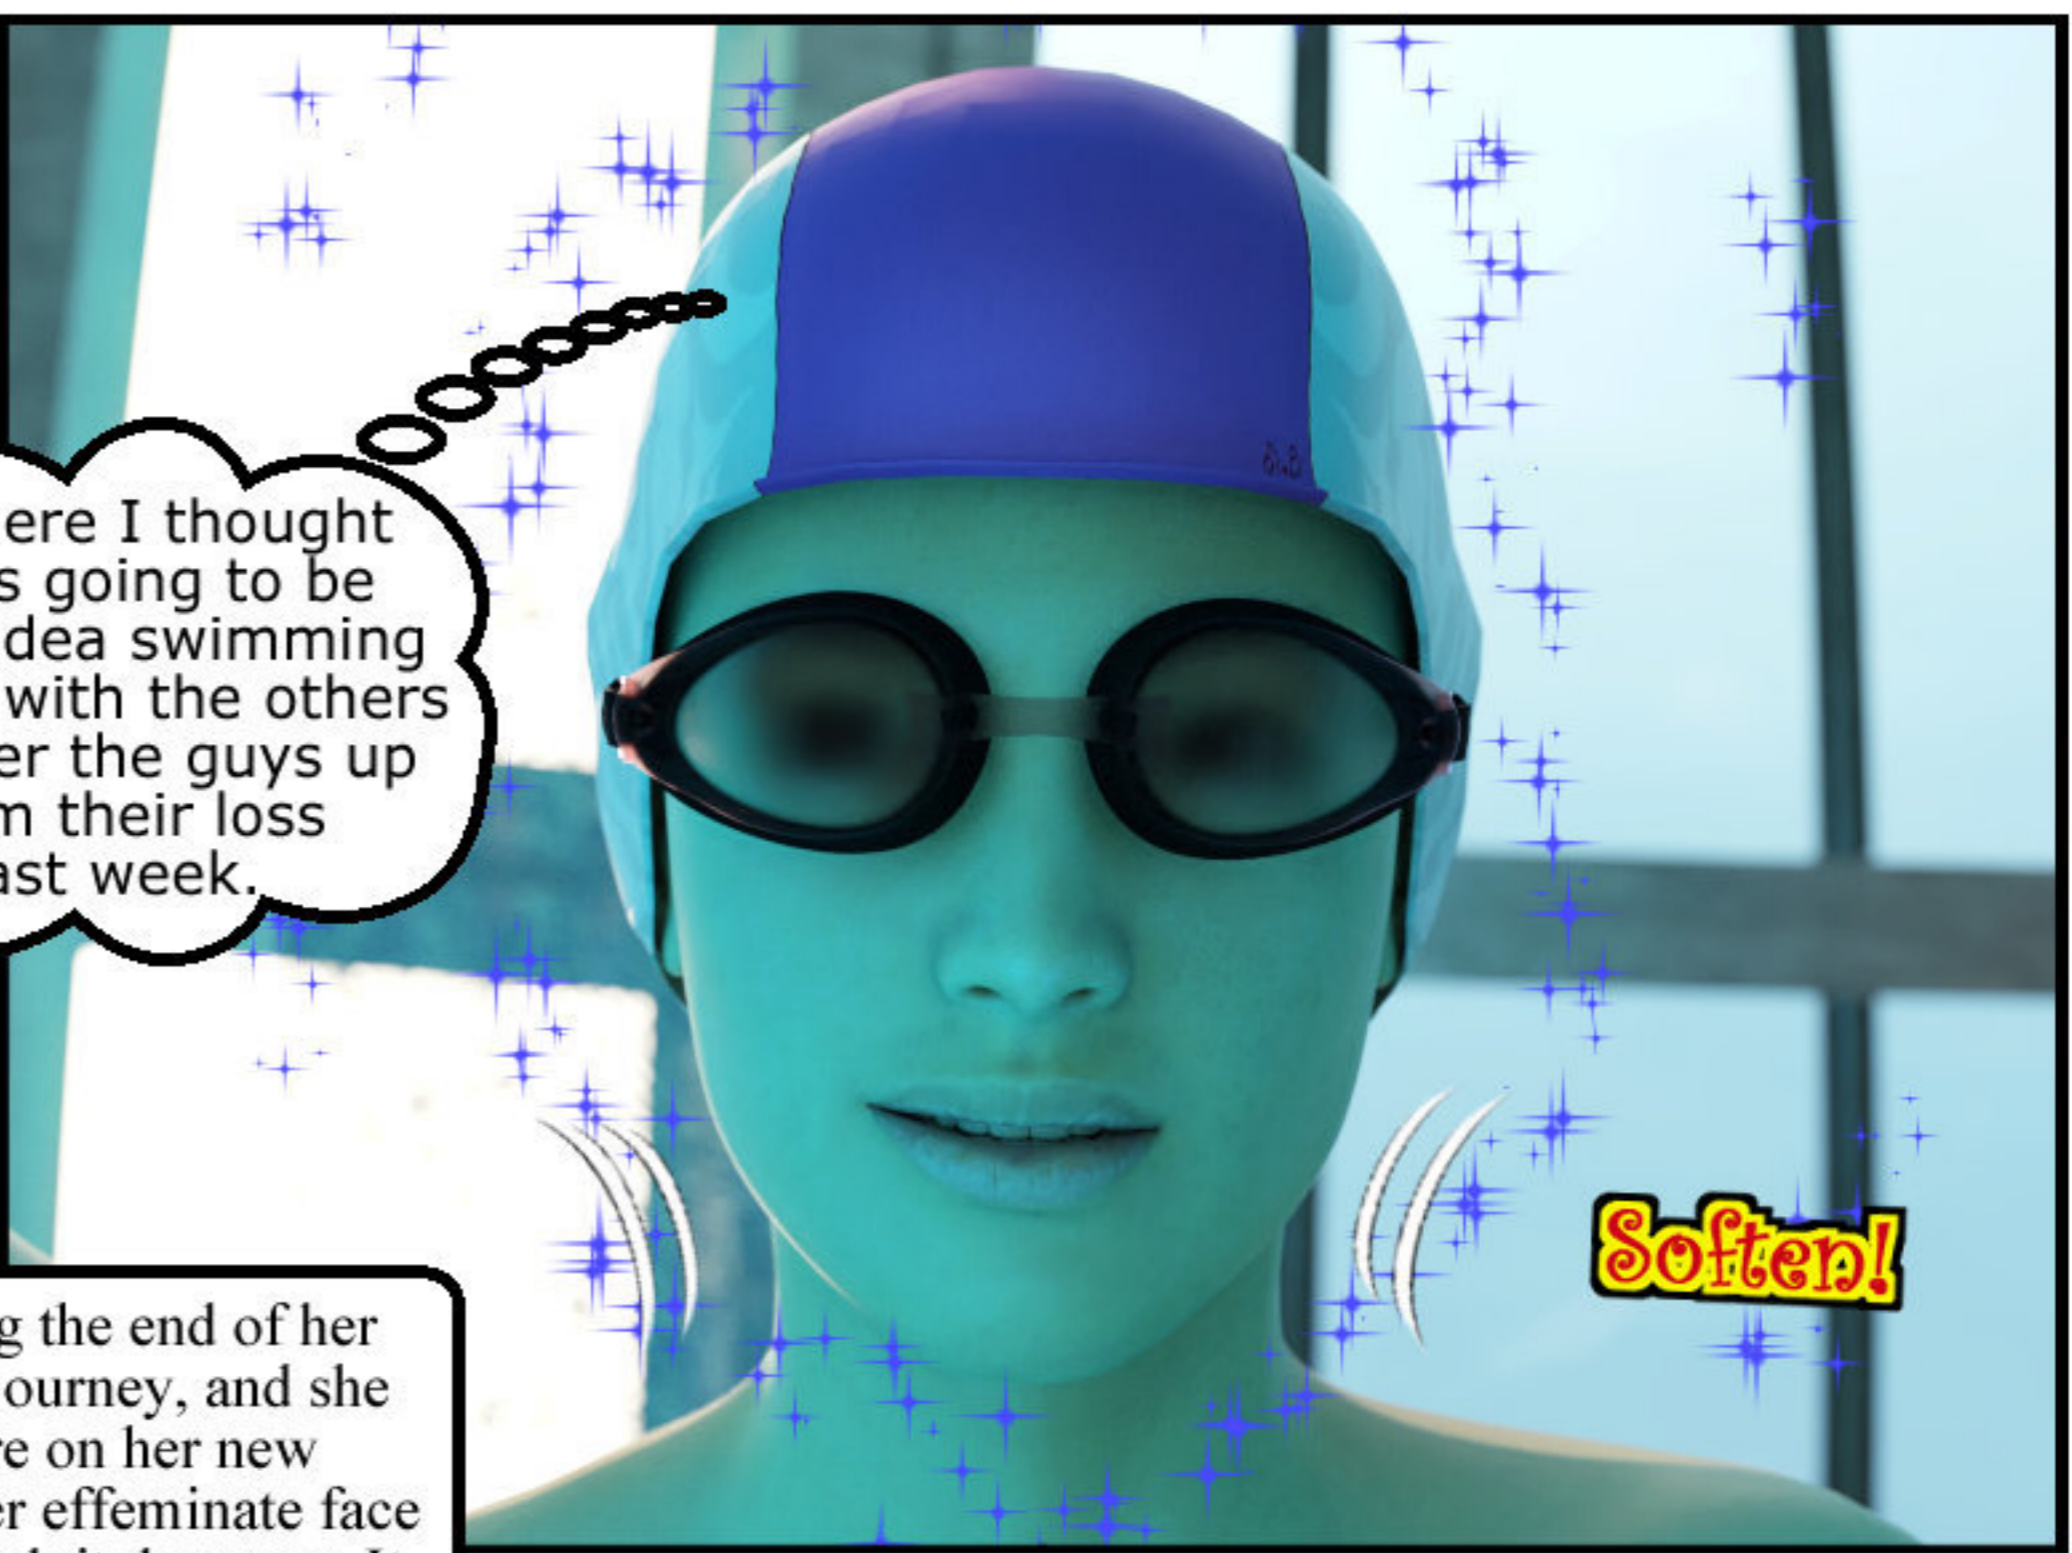

And here I thought it was going to be a silly idea swimming topless with the others to cheer the guys up from their loss last week.

Melissa is nearing the end of her gender changing journey, and she comments more on her new supposed day as her effeminate face finally gets the work it deserves. It goes from boy to woman in multiple stages, slowly slimming down and becoming more heart-shaped with a set of full, plush lips.

But actually, it's totally been hot to think about them watching us swim so "open" for them.

More Feminine!

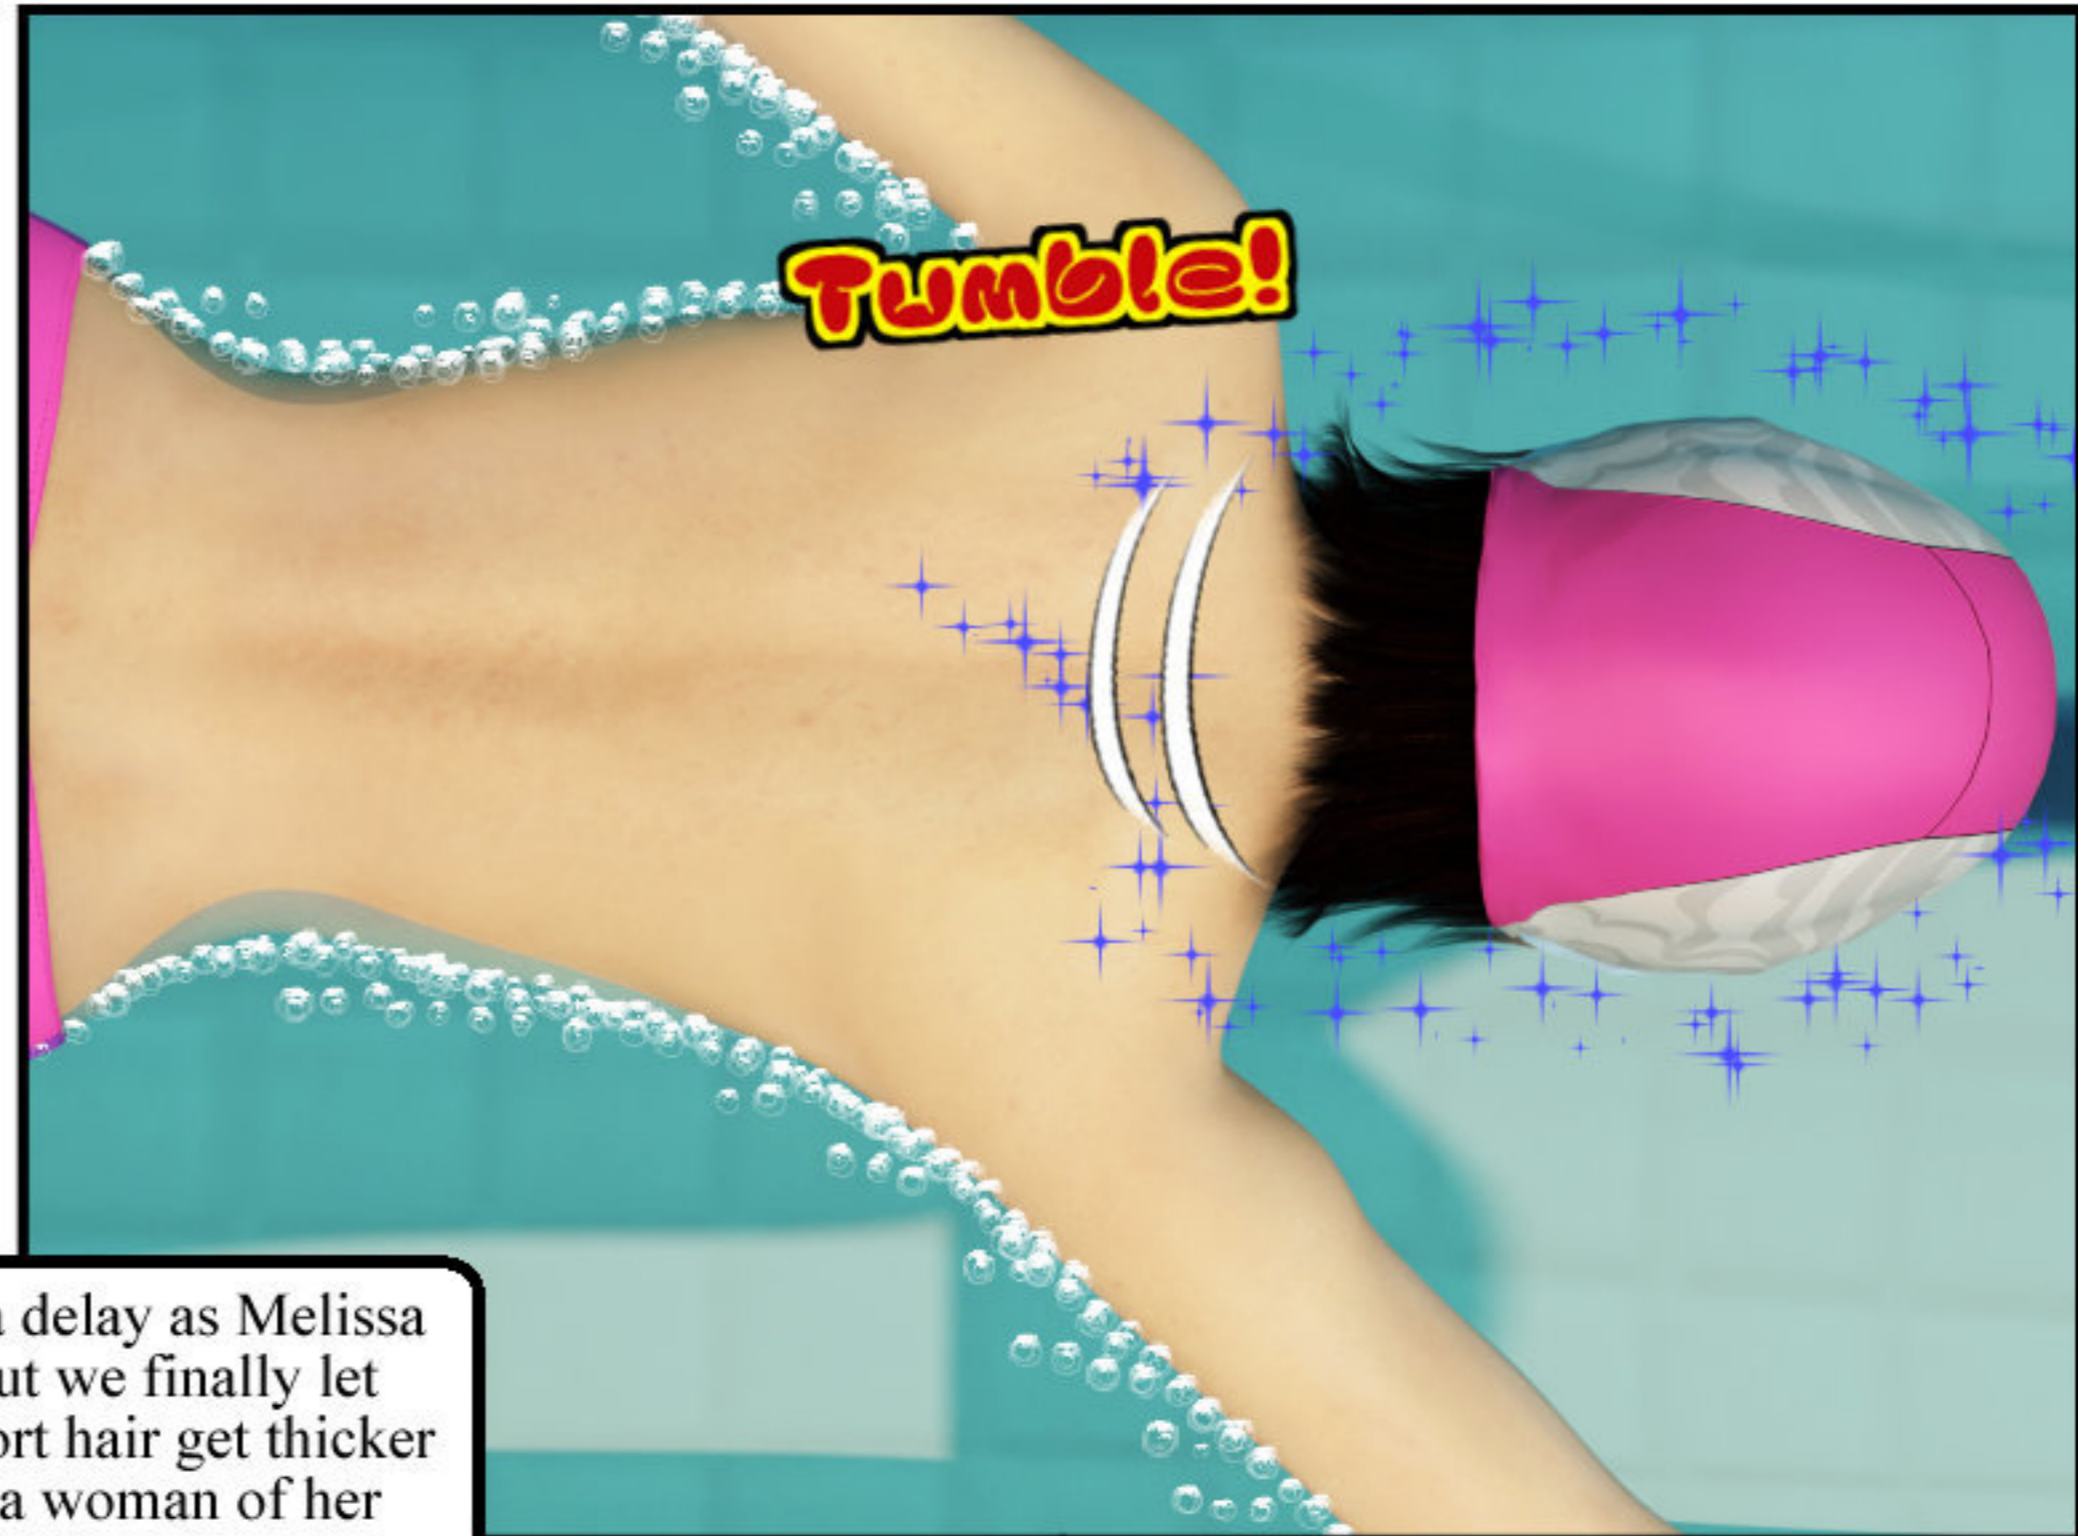

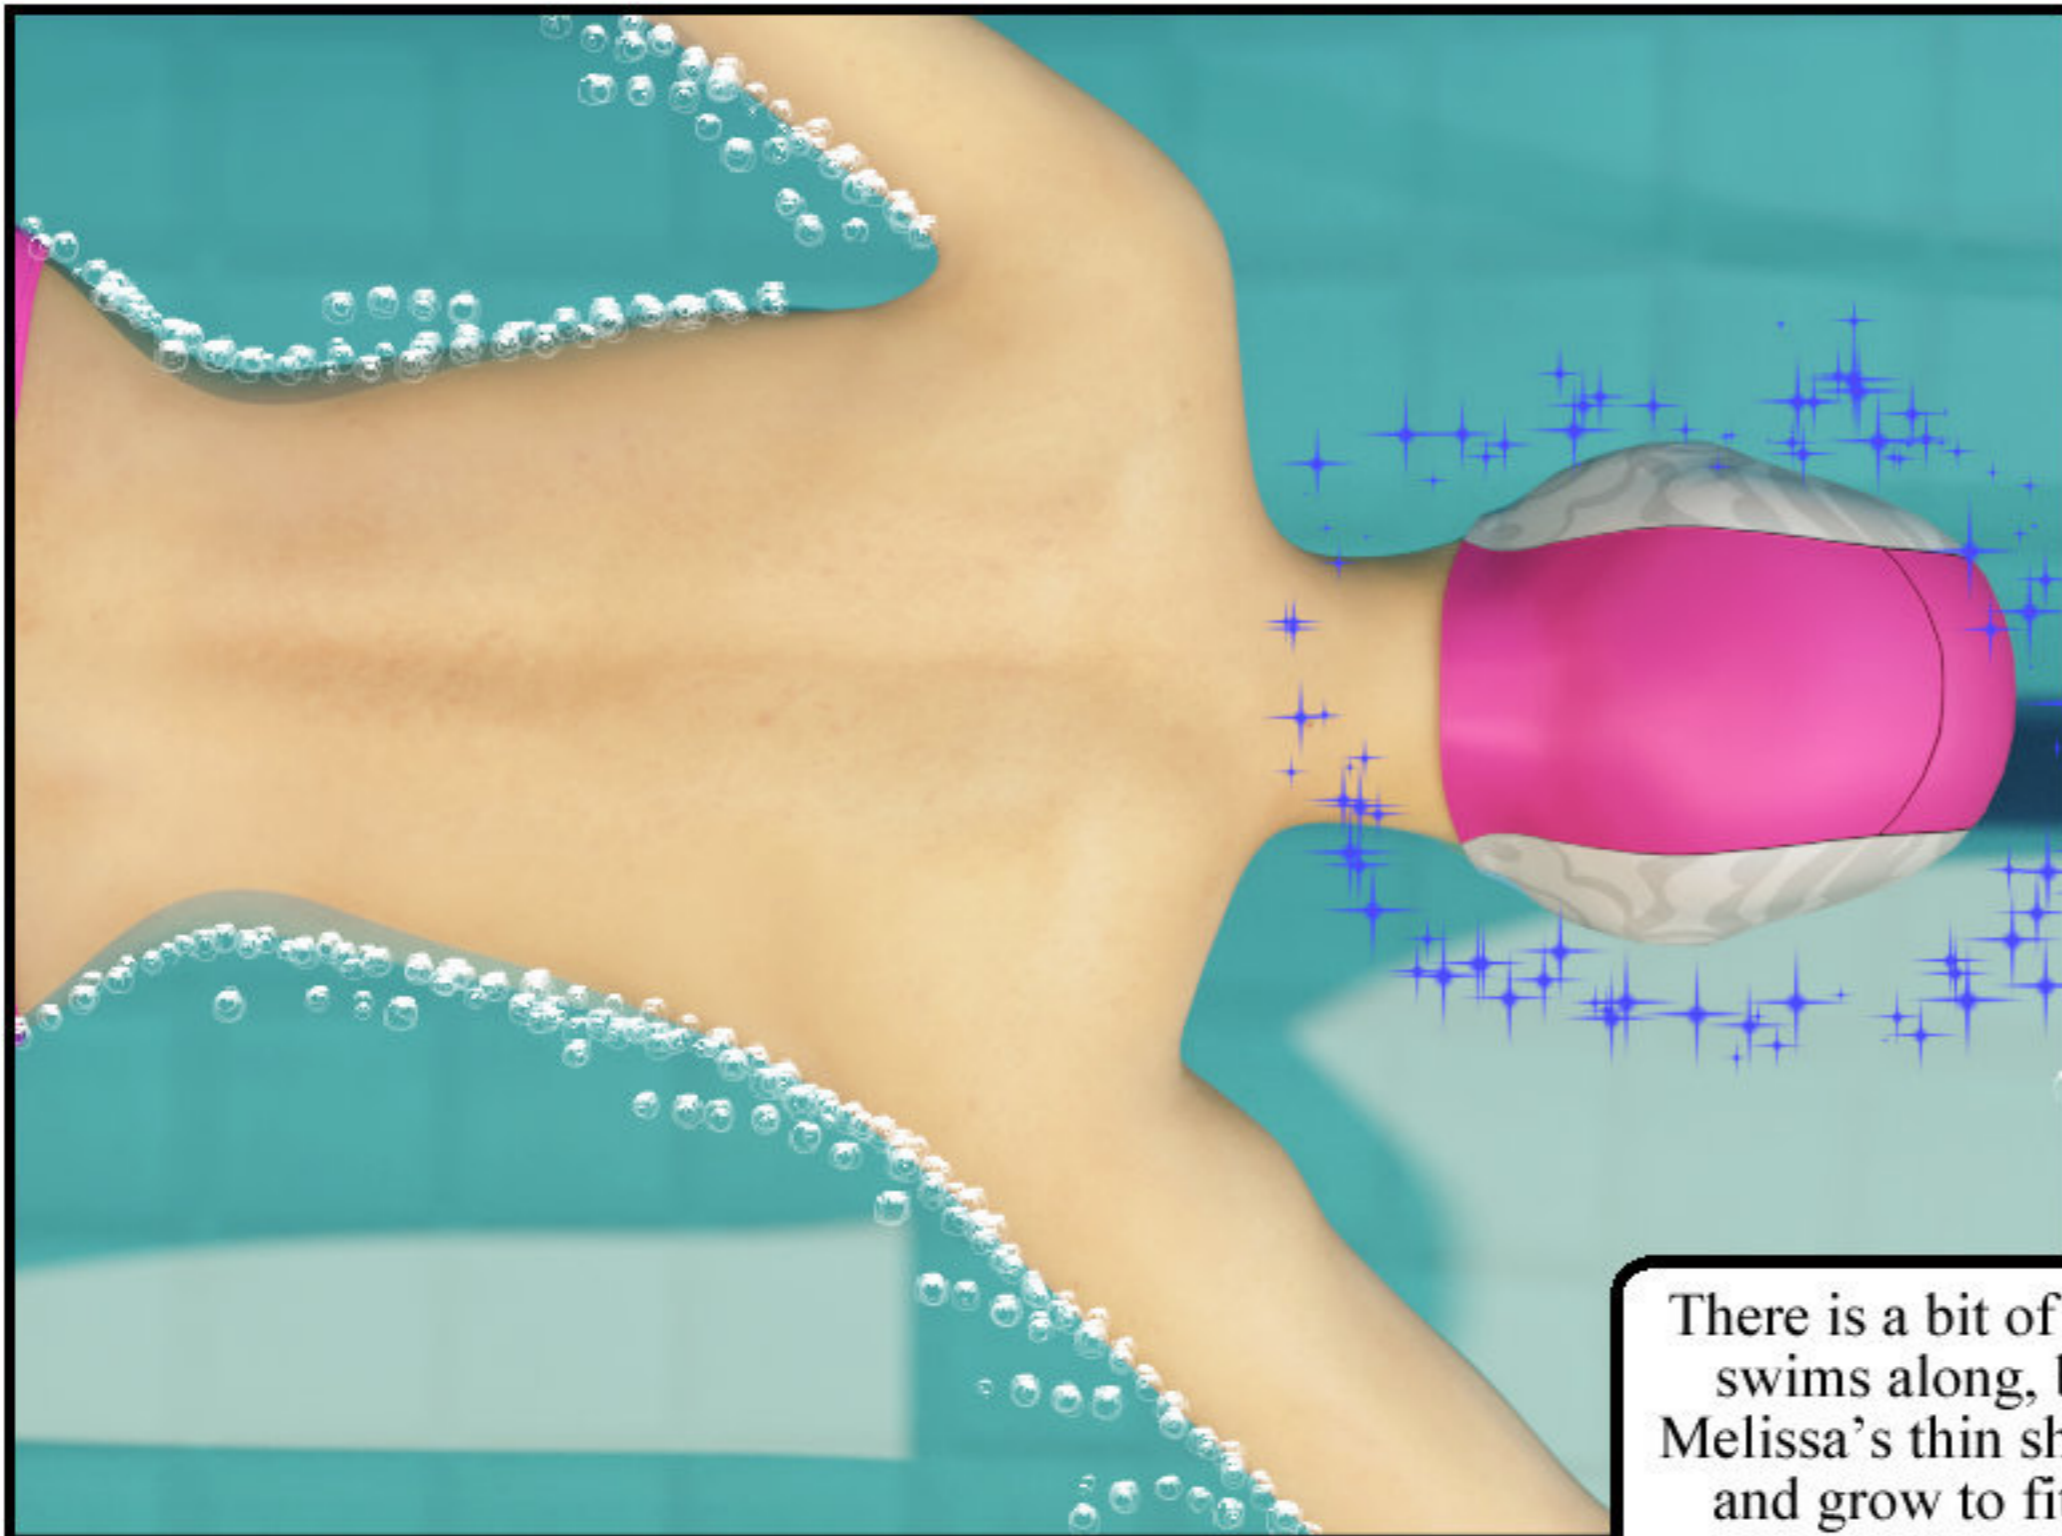

Soften!

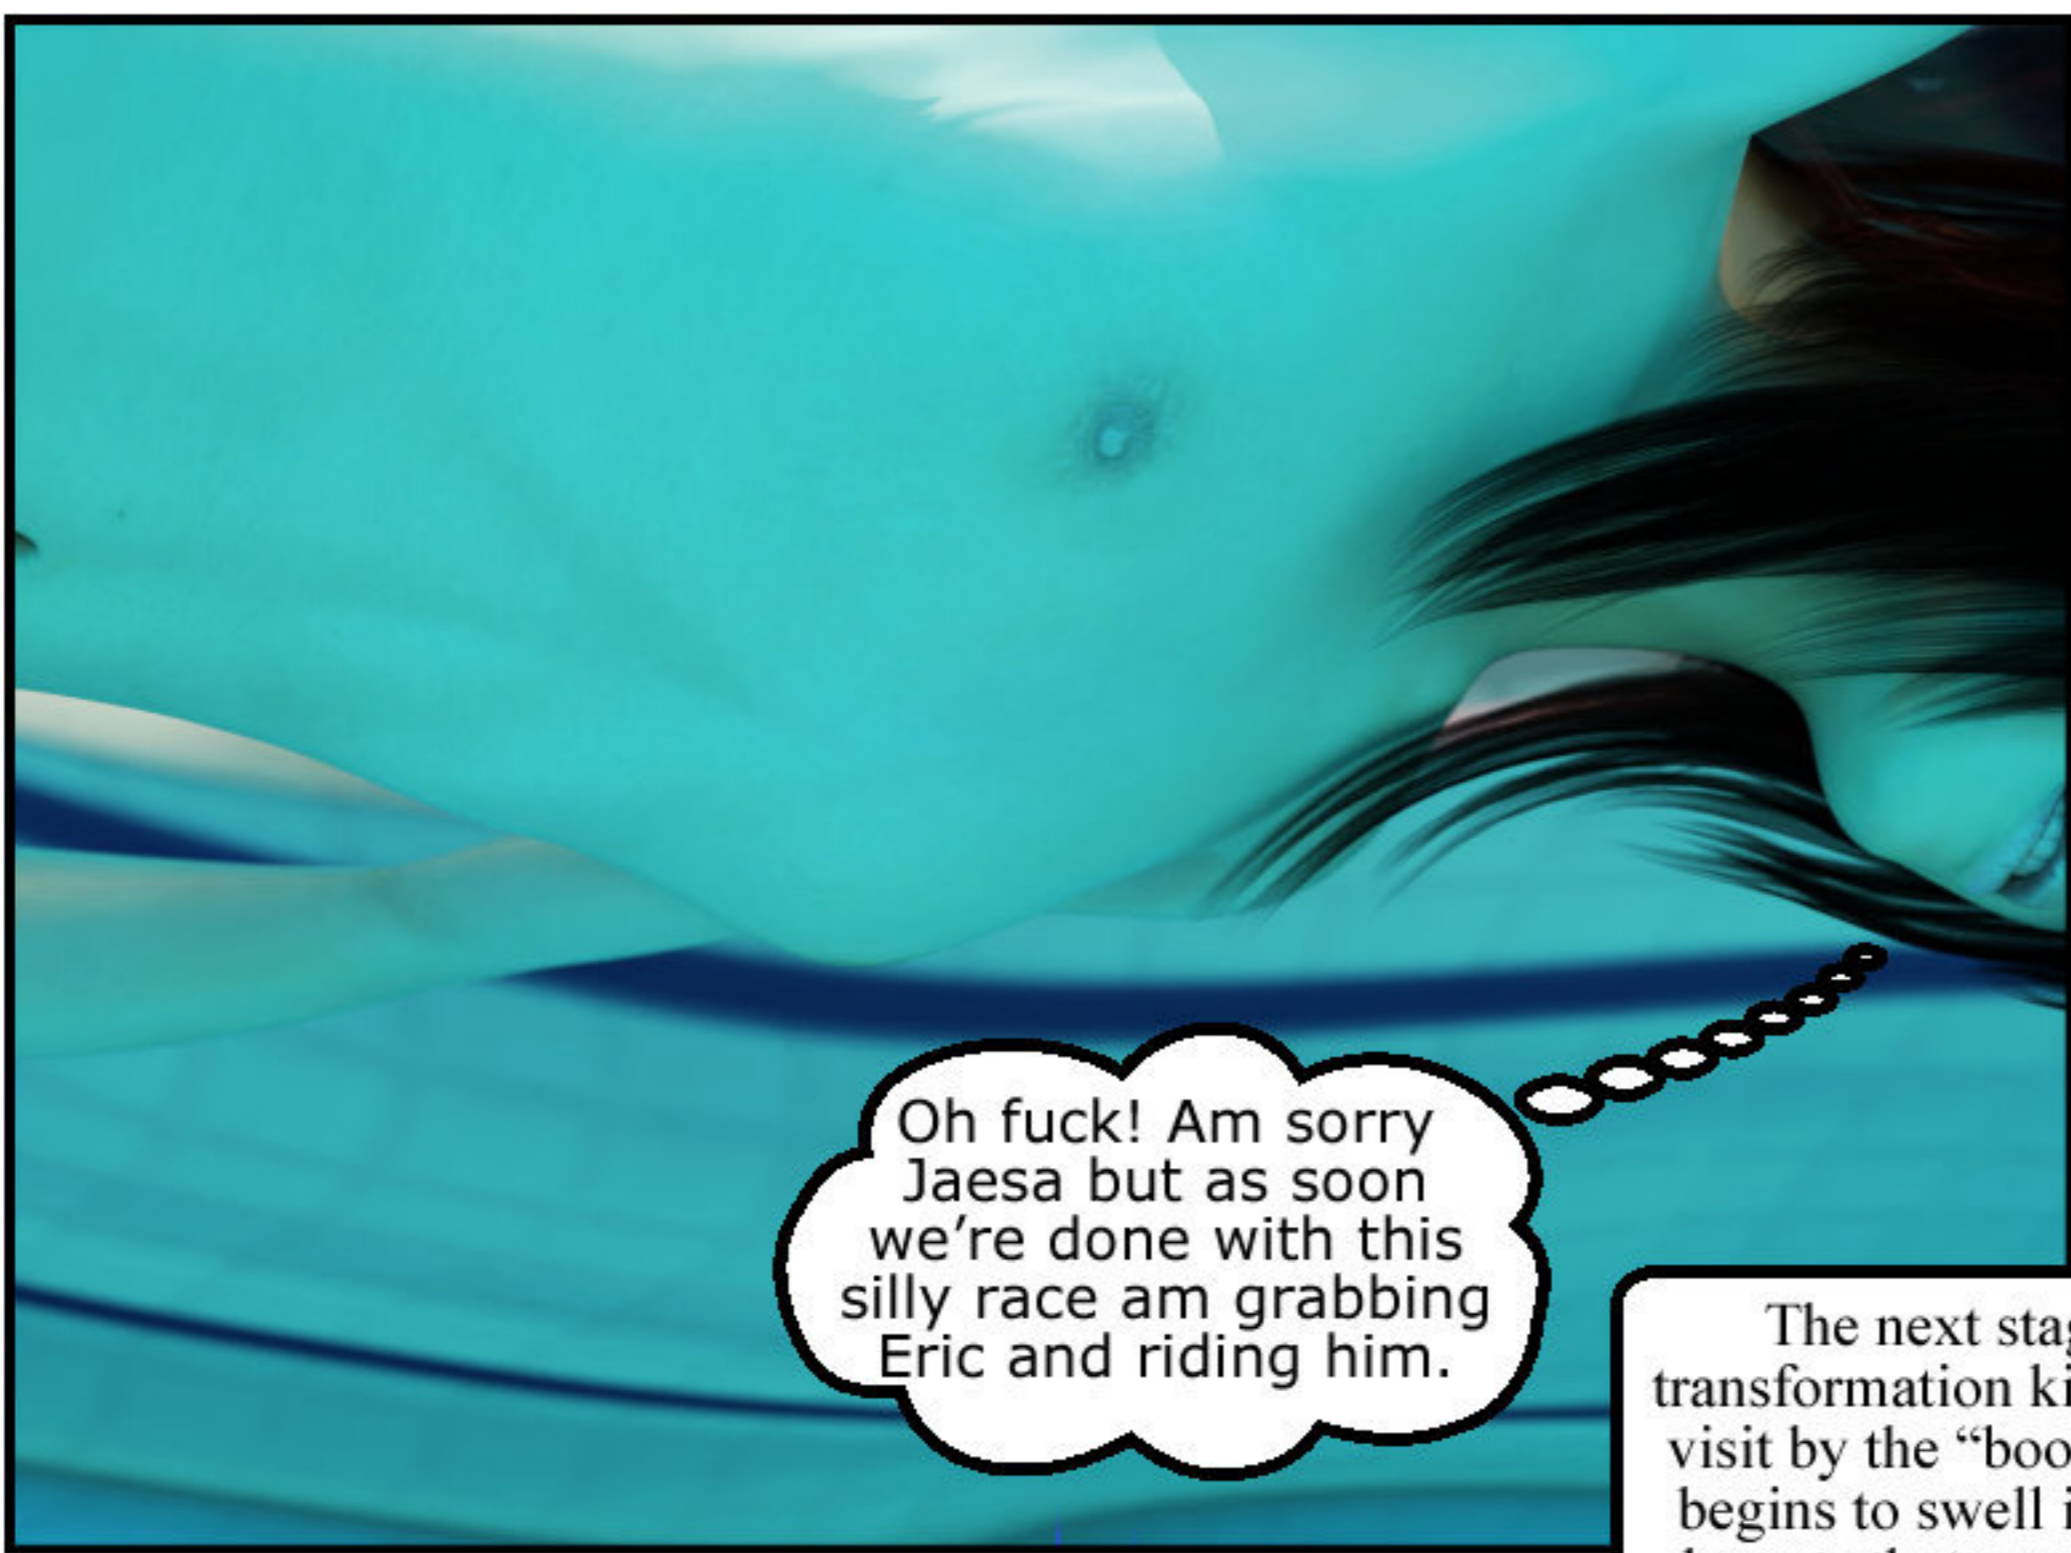

If only we can give them a bit more of a "team spirit".

Gender Change!

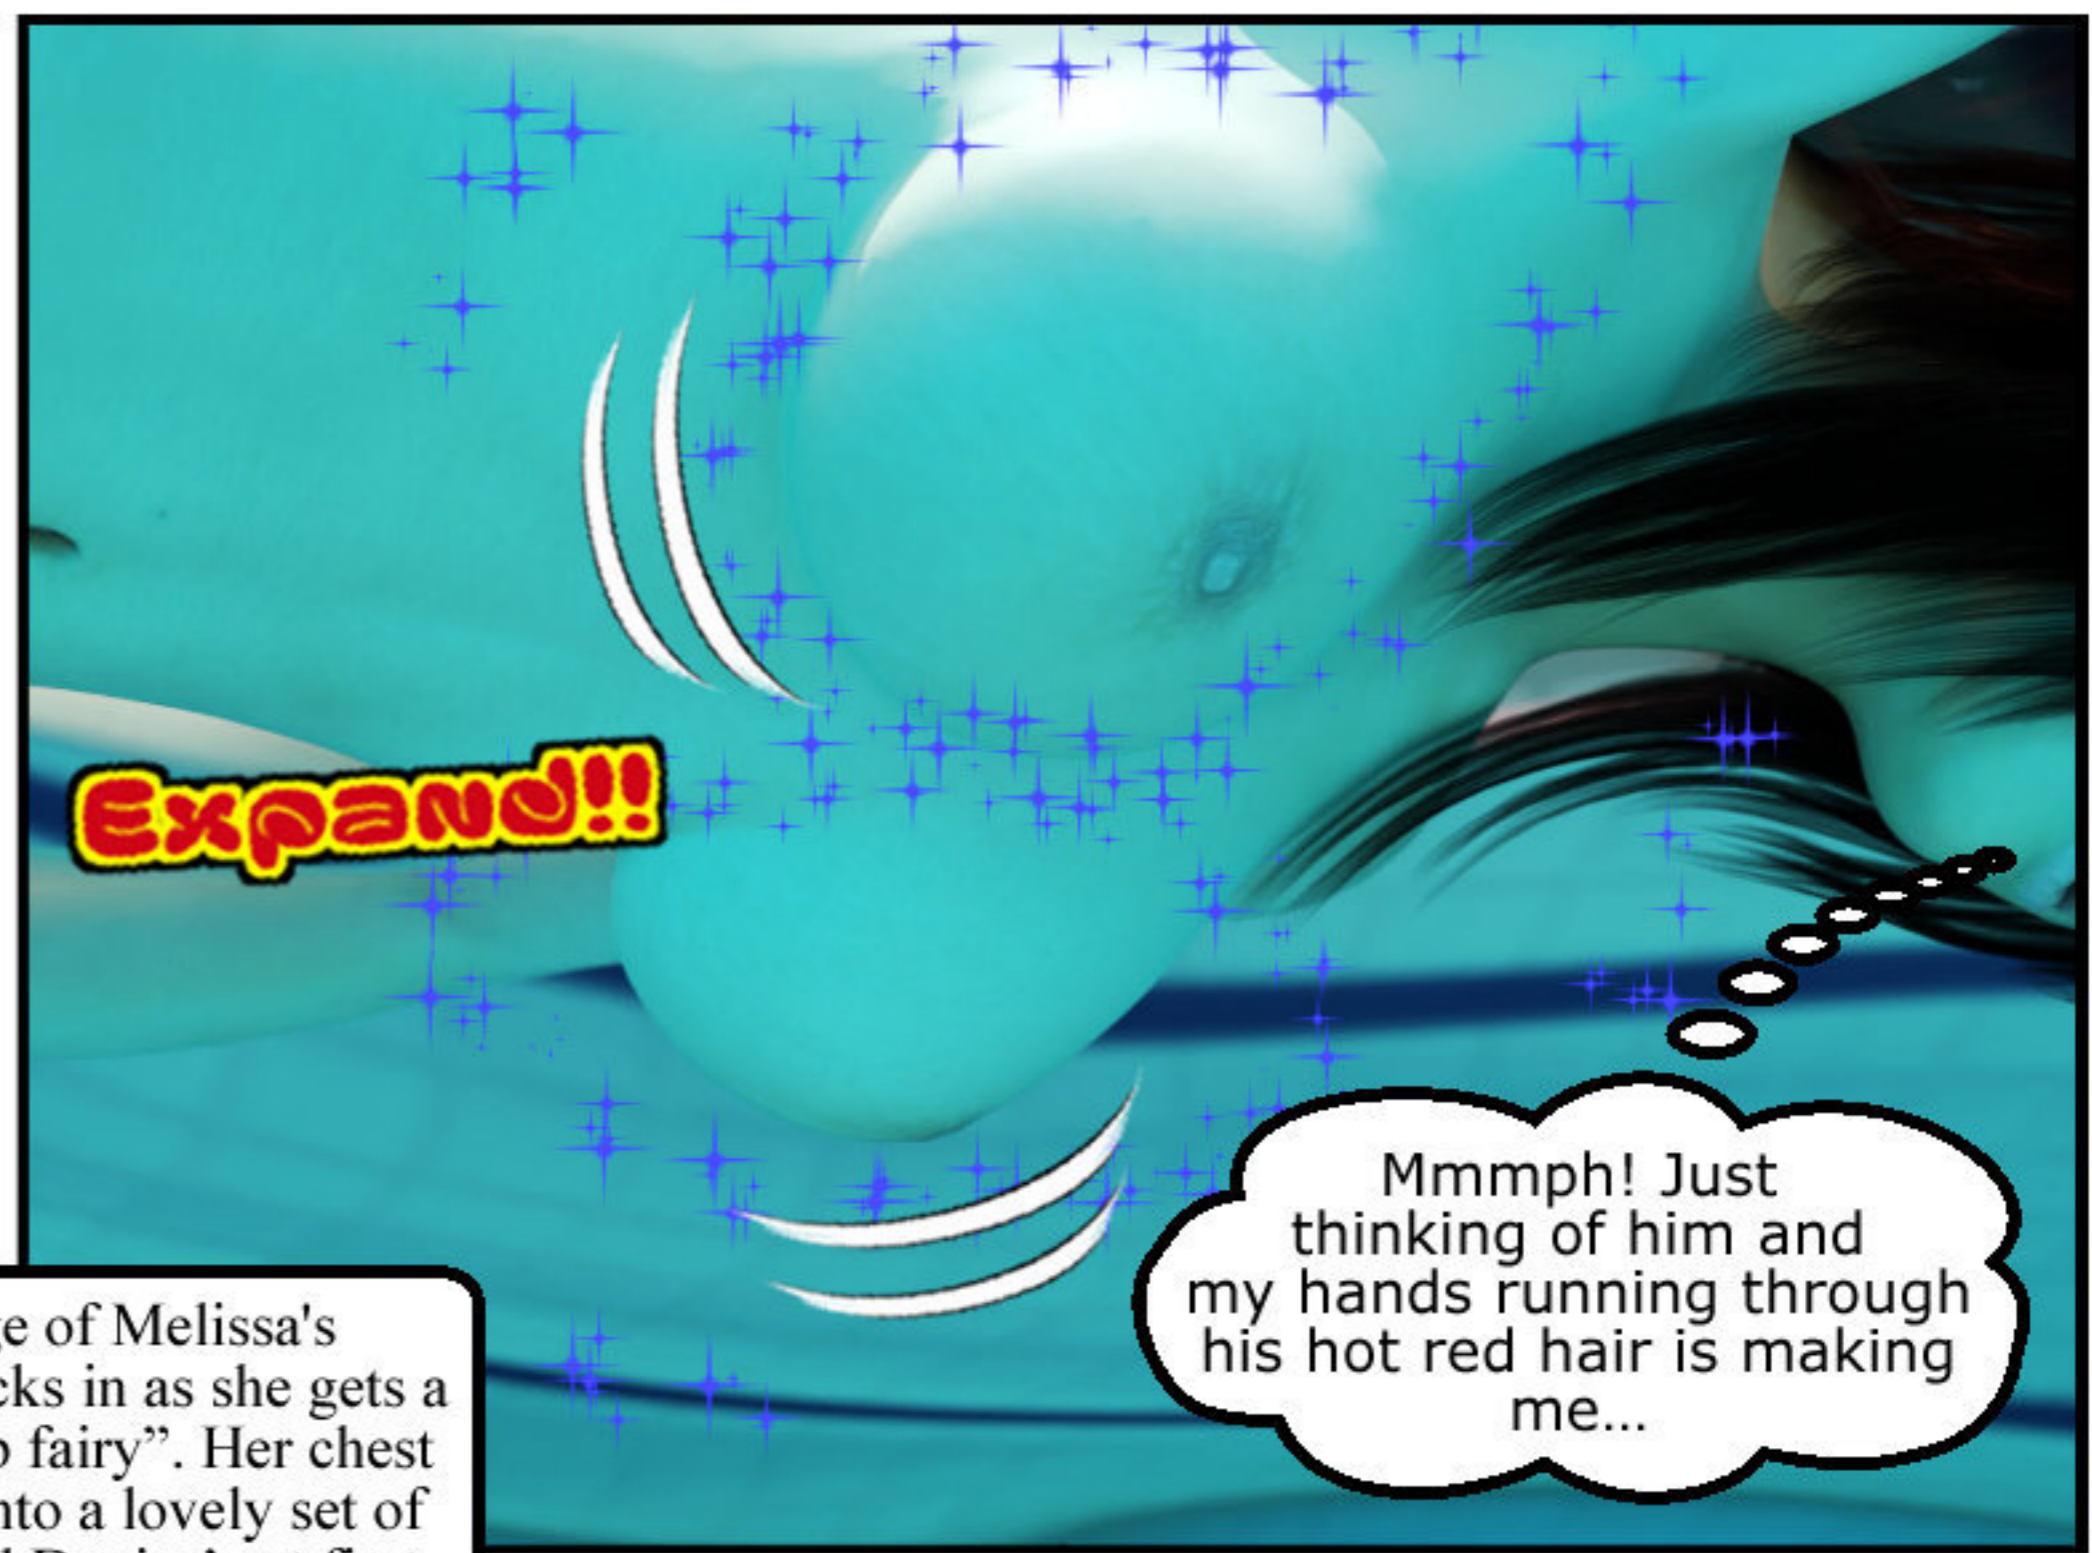

There is a bit of a delay as Melissa swims along, but we finally let Melissa's thin short hair get thicker and grow to fit a woman of her erotic type. Her long dark brown hair flows down nearly to her back side, growing much longer and popping her swim cap off. The longer hair gives her a new appeal.

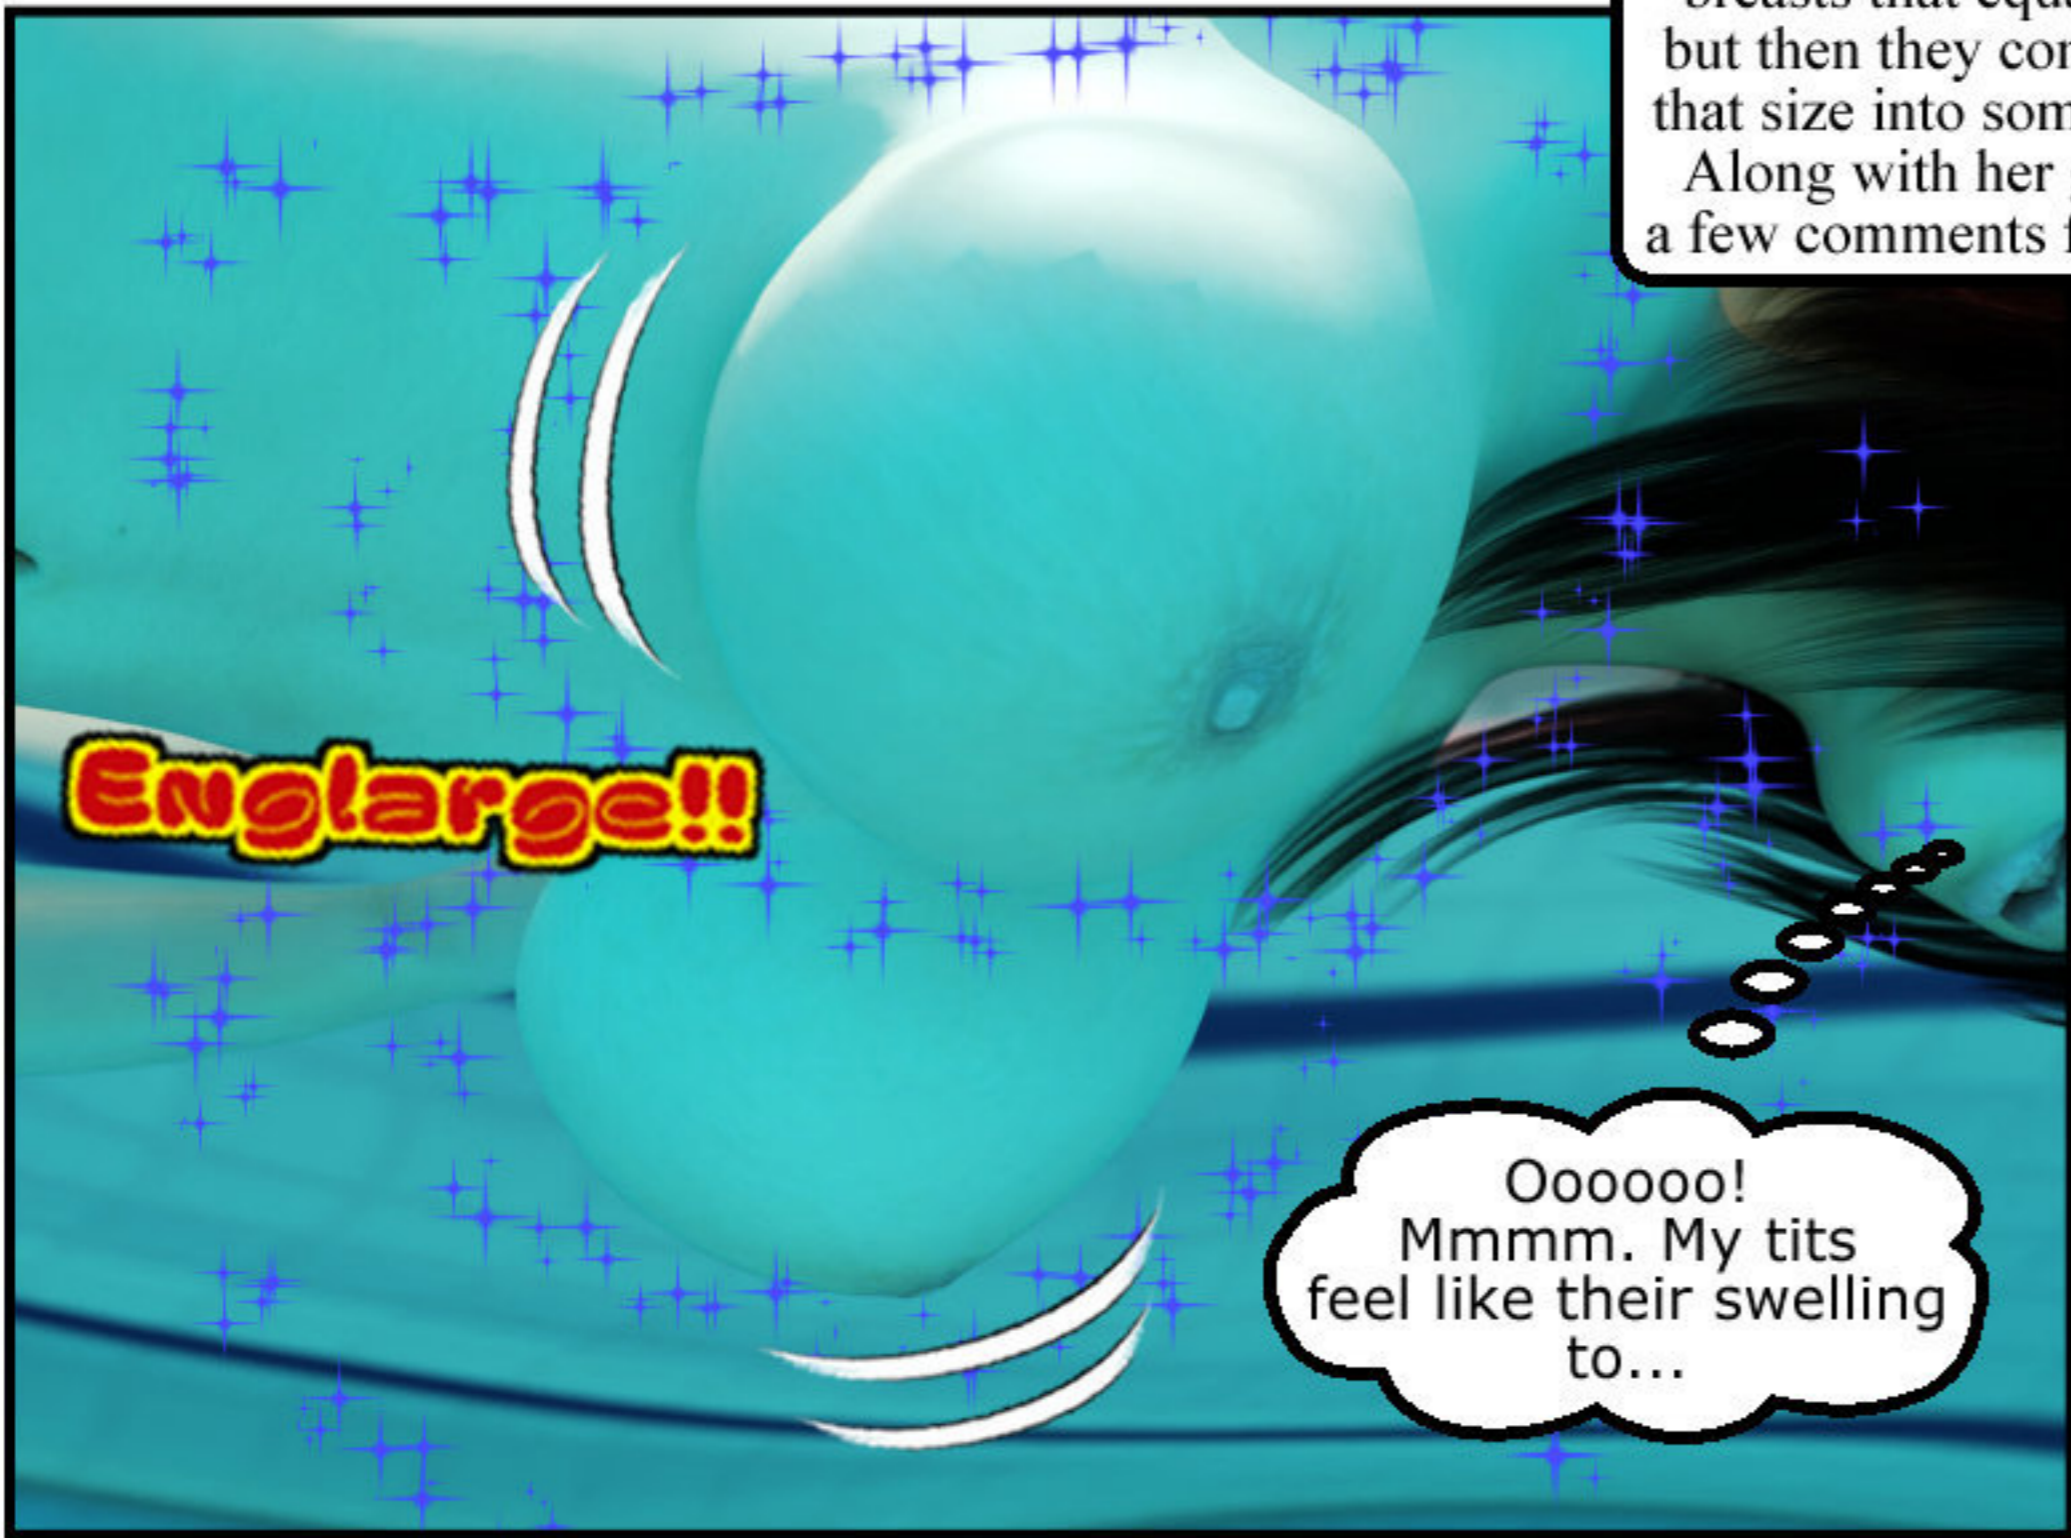

Oh fuck! Am sorry Jaesa but as soon we're done with this silly race am grabbing Eric and riding him.

The next stage of Melissa's transformation kicks in as she gets a visit by the "boob fairy". Her chest begins to swell into a lovely set of breasts that equal Denise's at first, but then they continue to swell past that size into something even larger. Along with her growth she makes a few comments for her darling Eric.

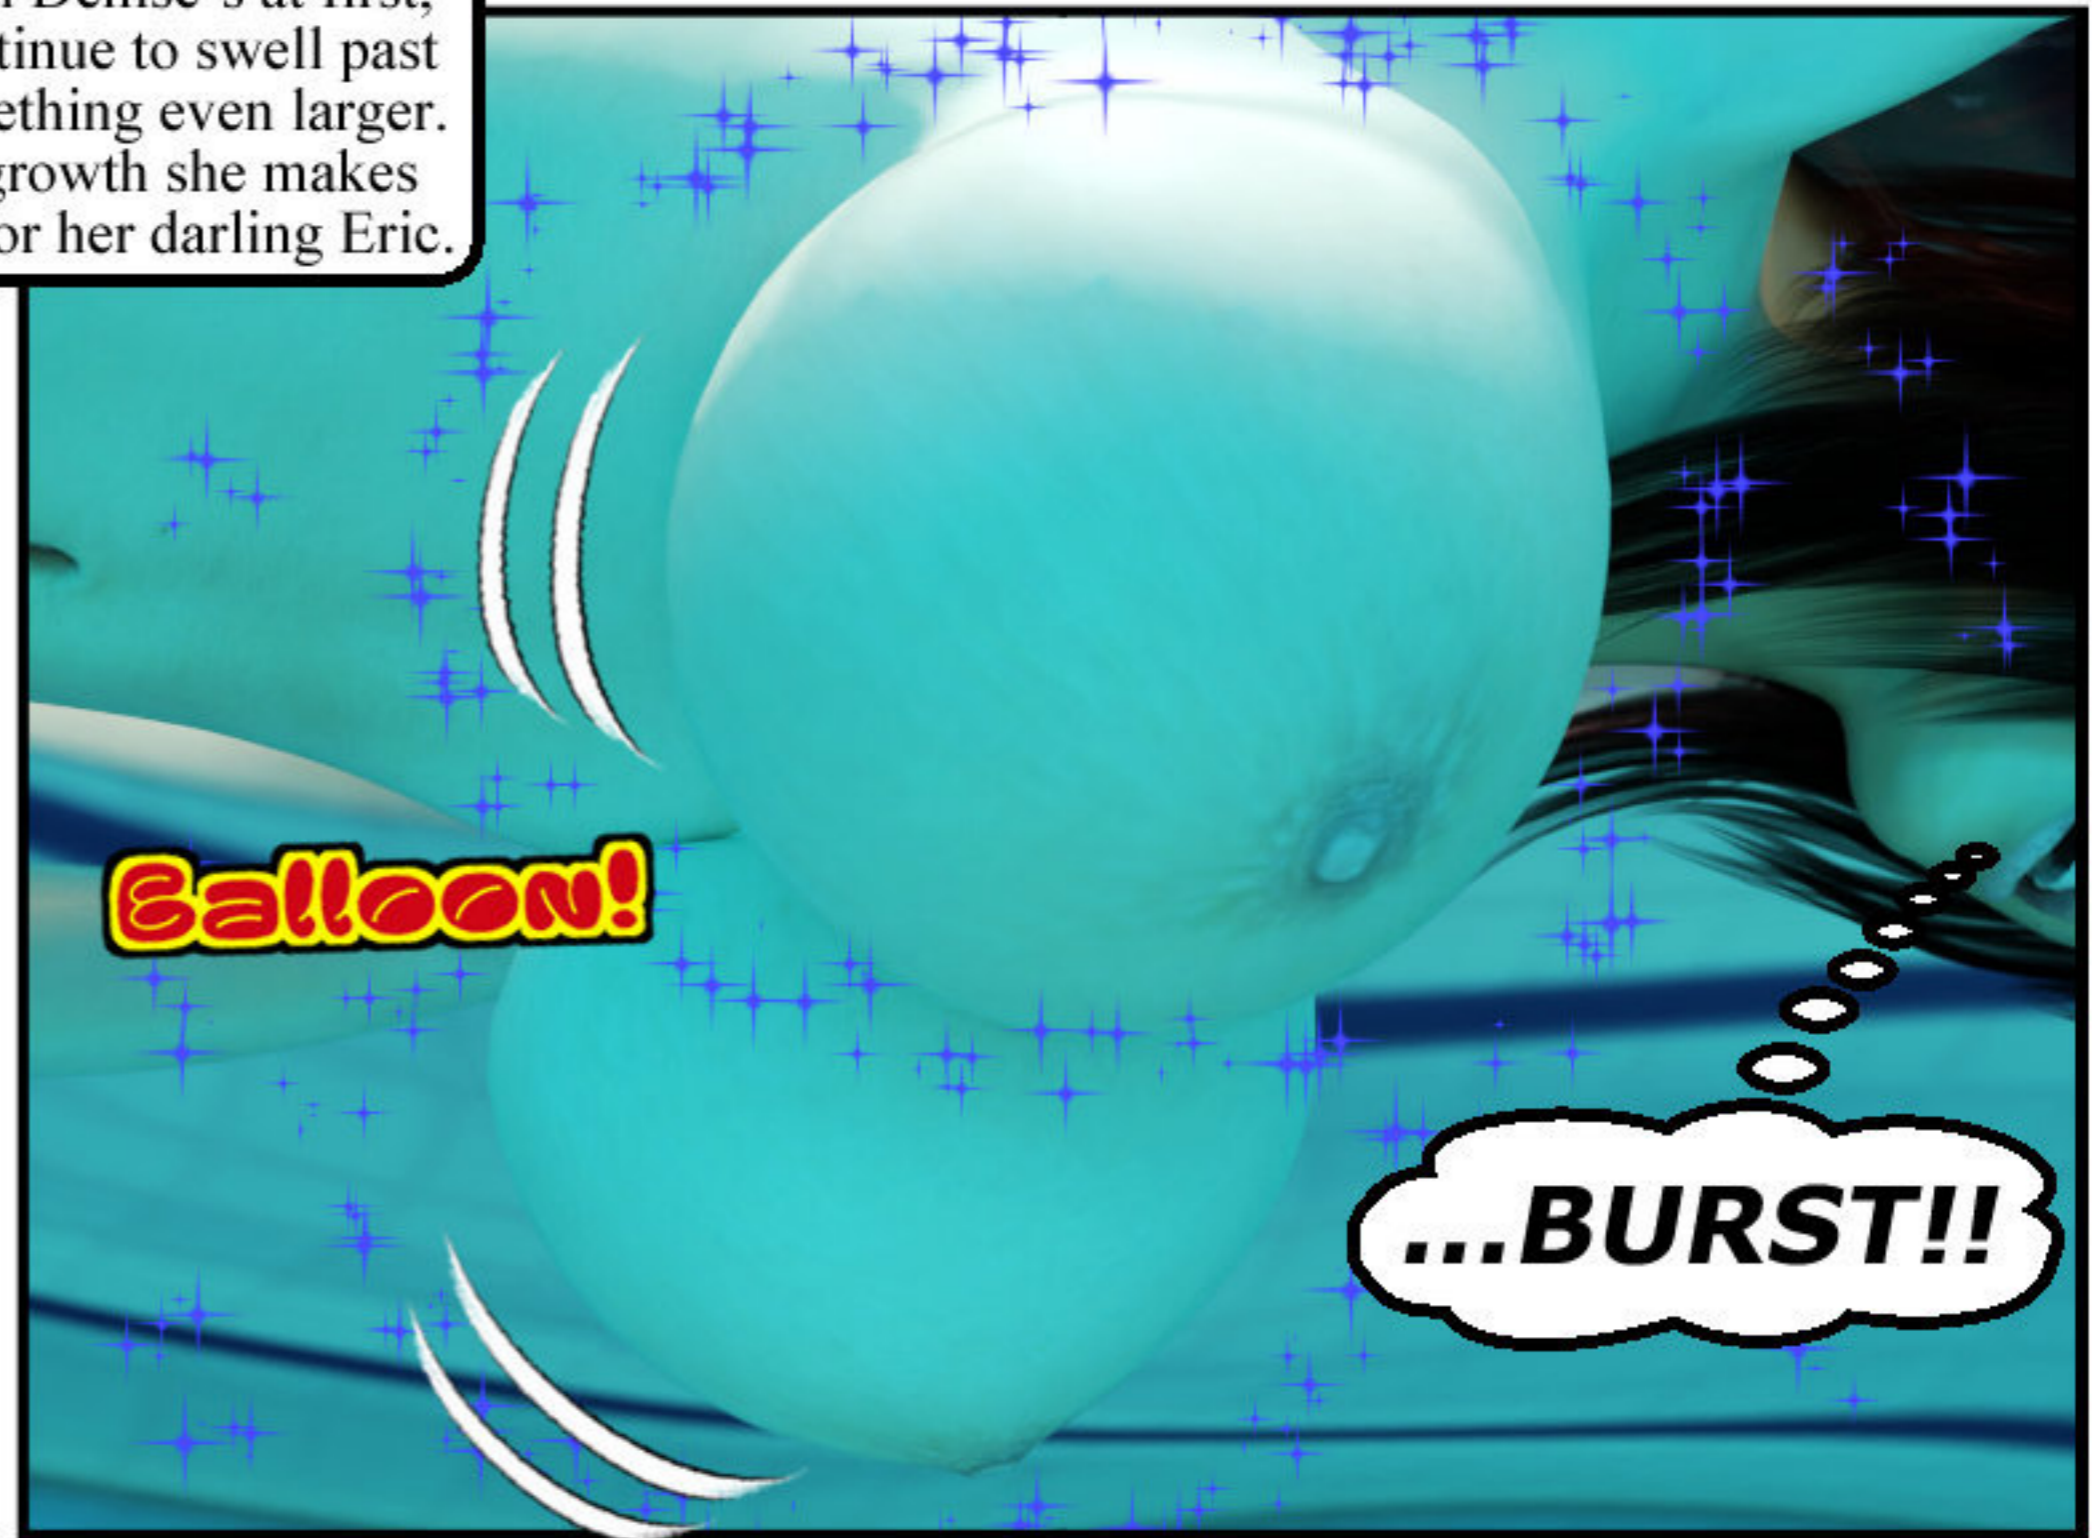

Expand!!

Mmmph! Just thinking of him and my hands running through his hot red hair is making me...

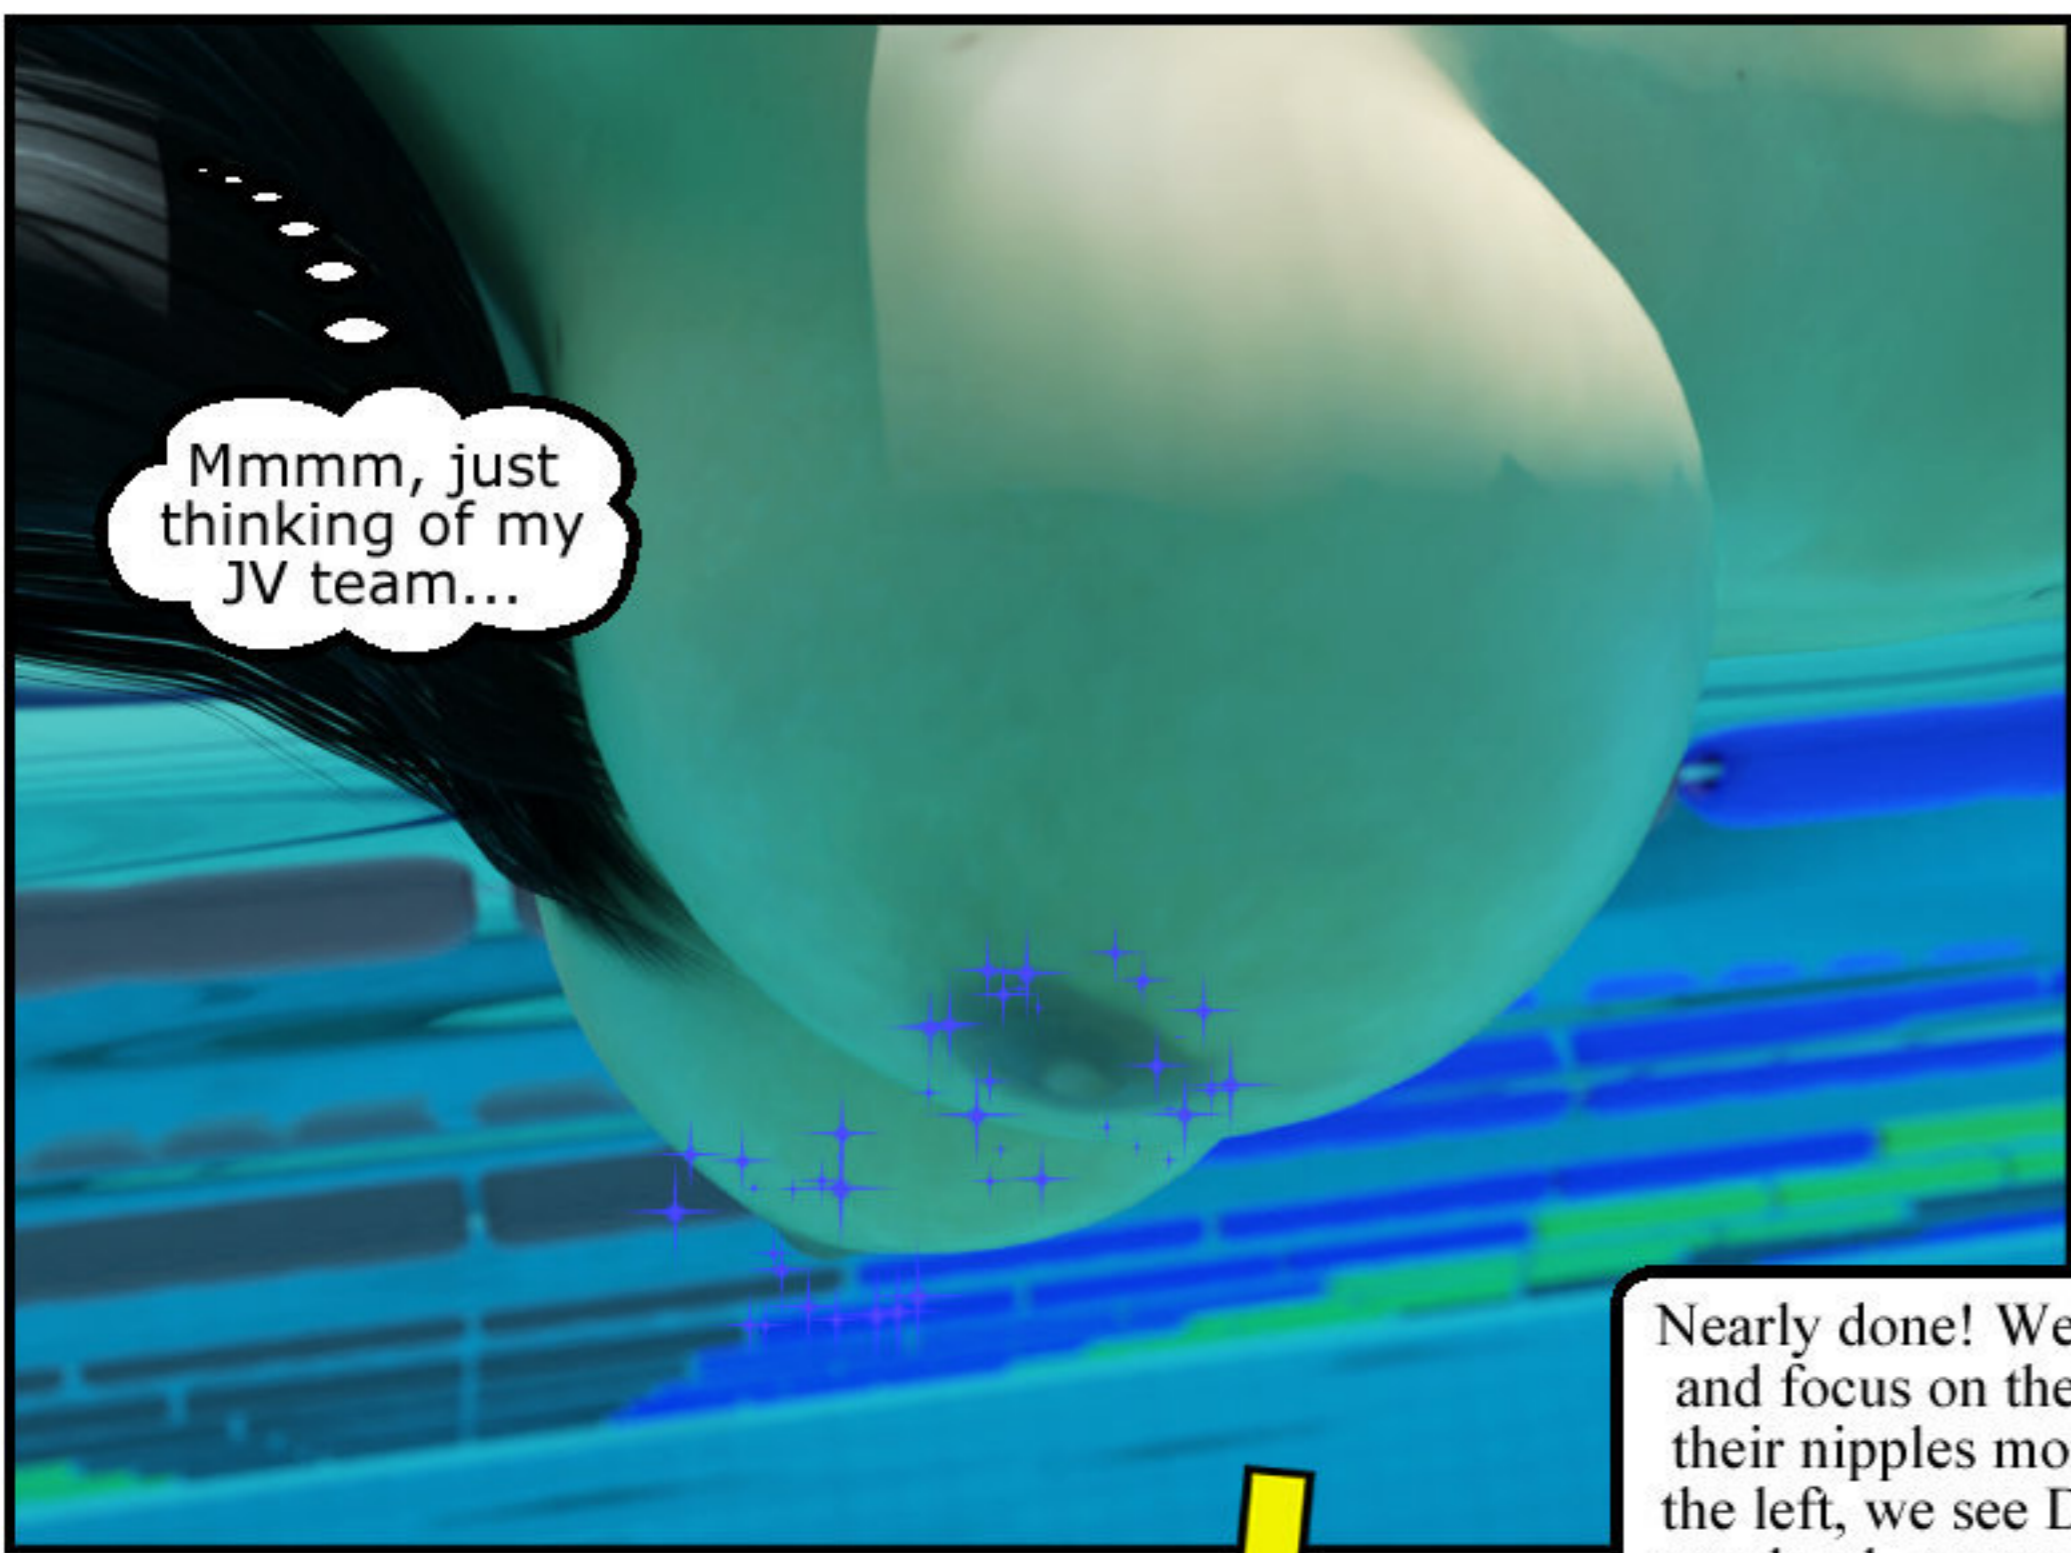

Englarge!!

Oooooo! Mmmm. My tits feel like their swelling to...

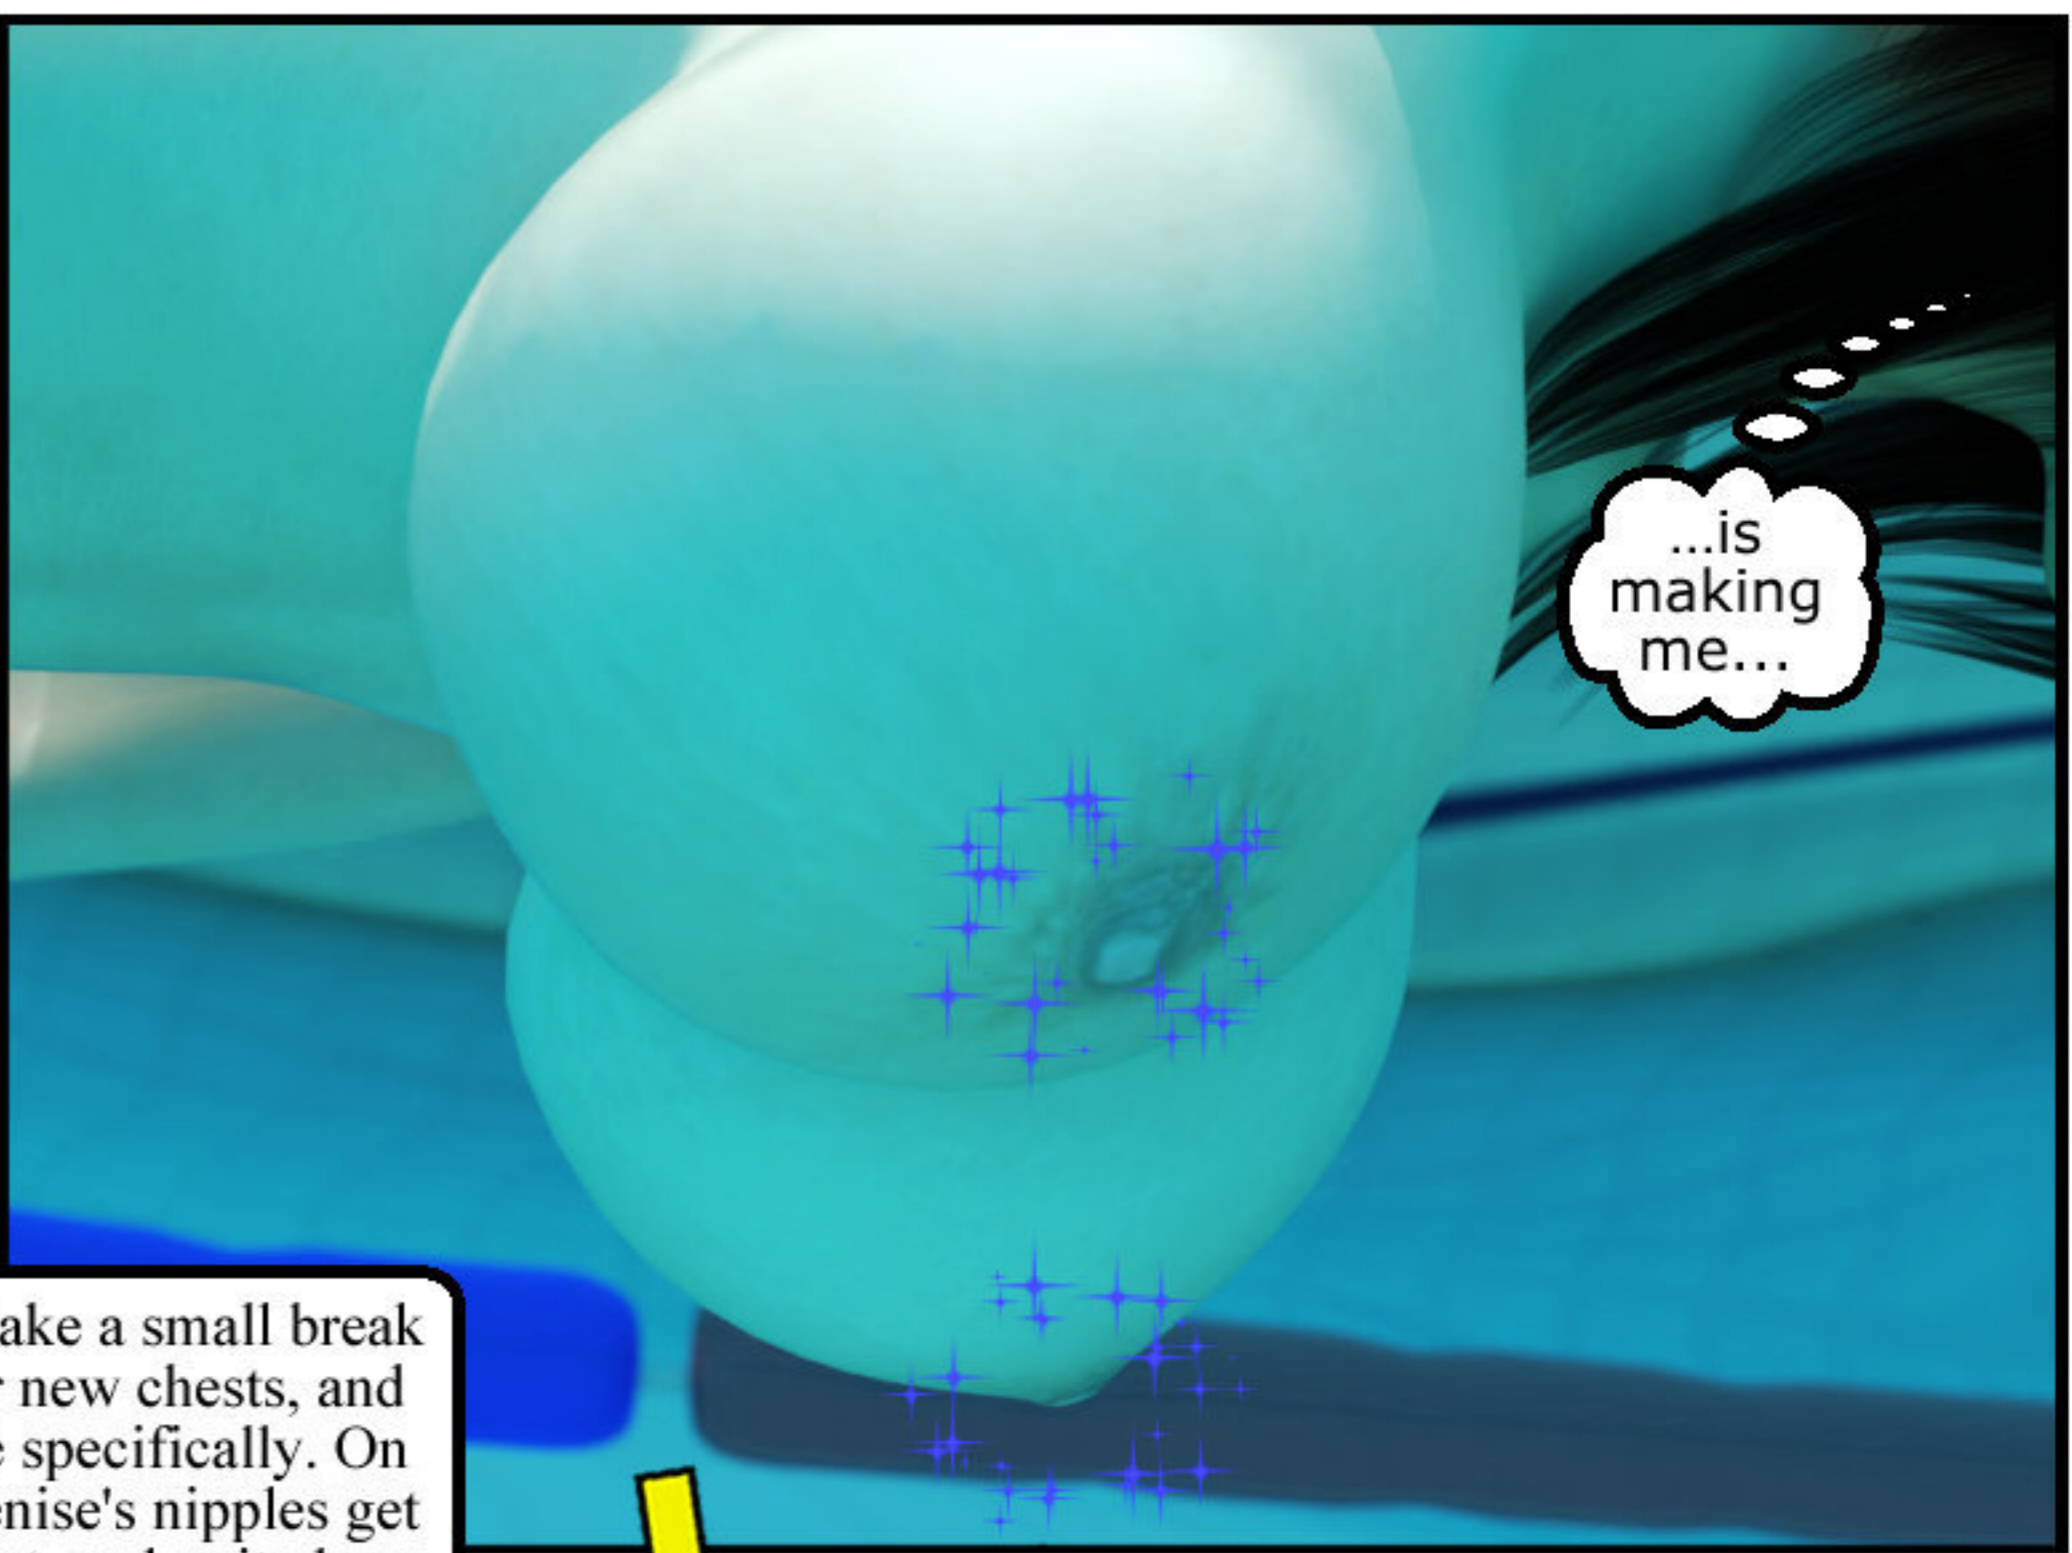

Balloon!

...BURST!!

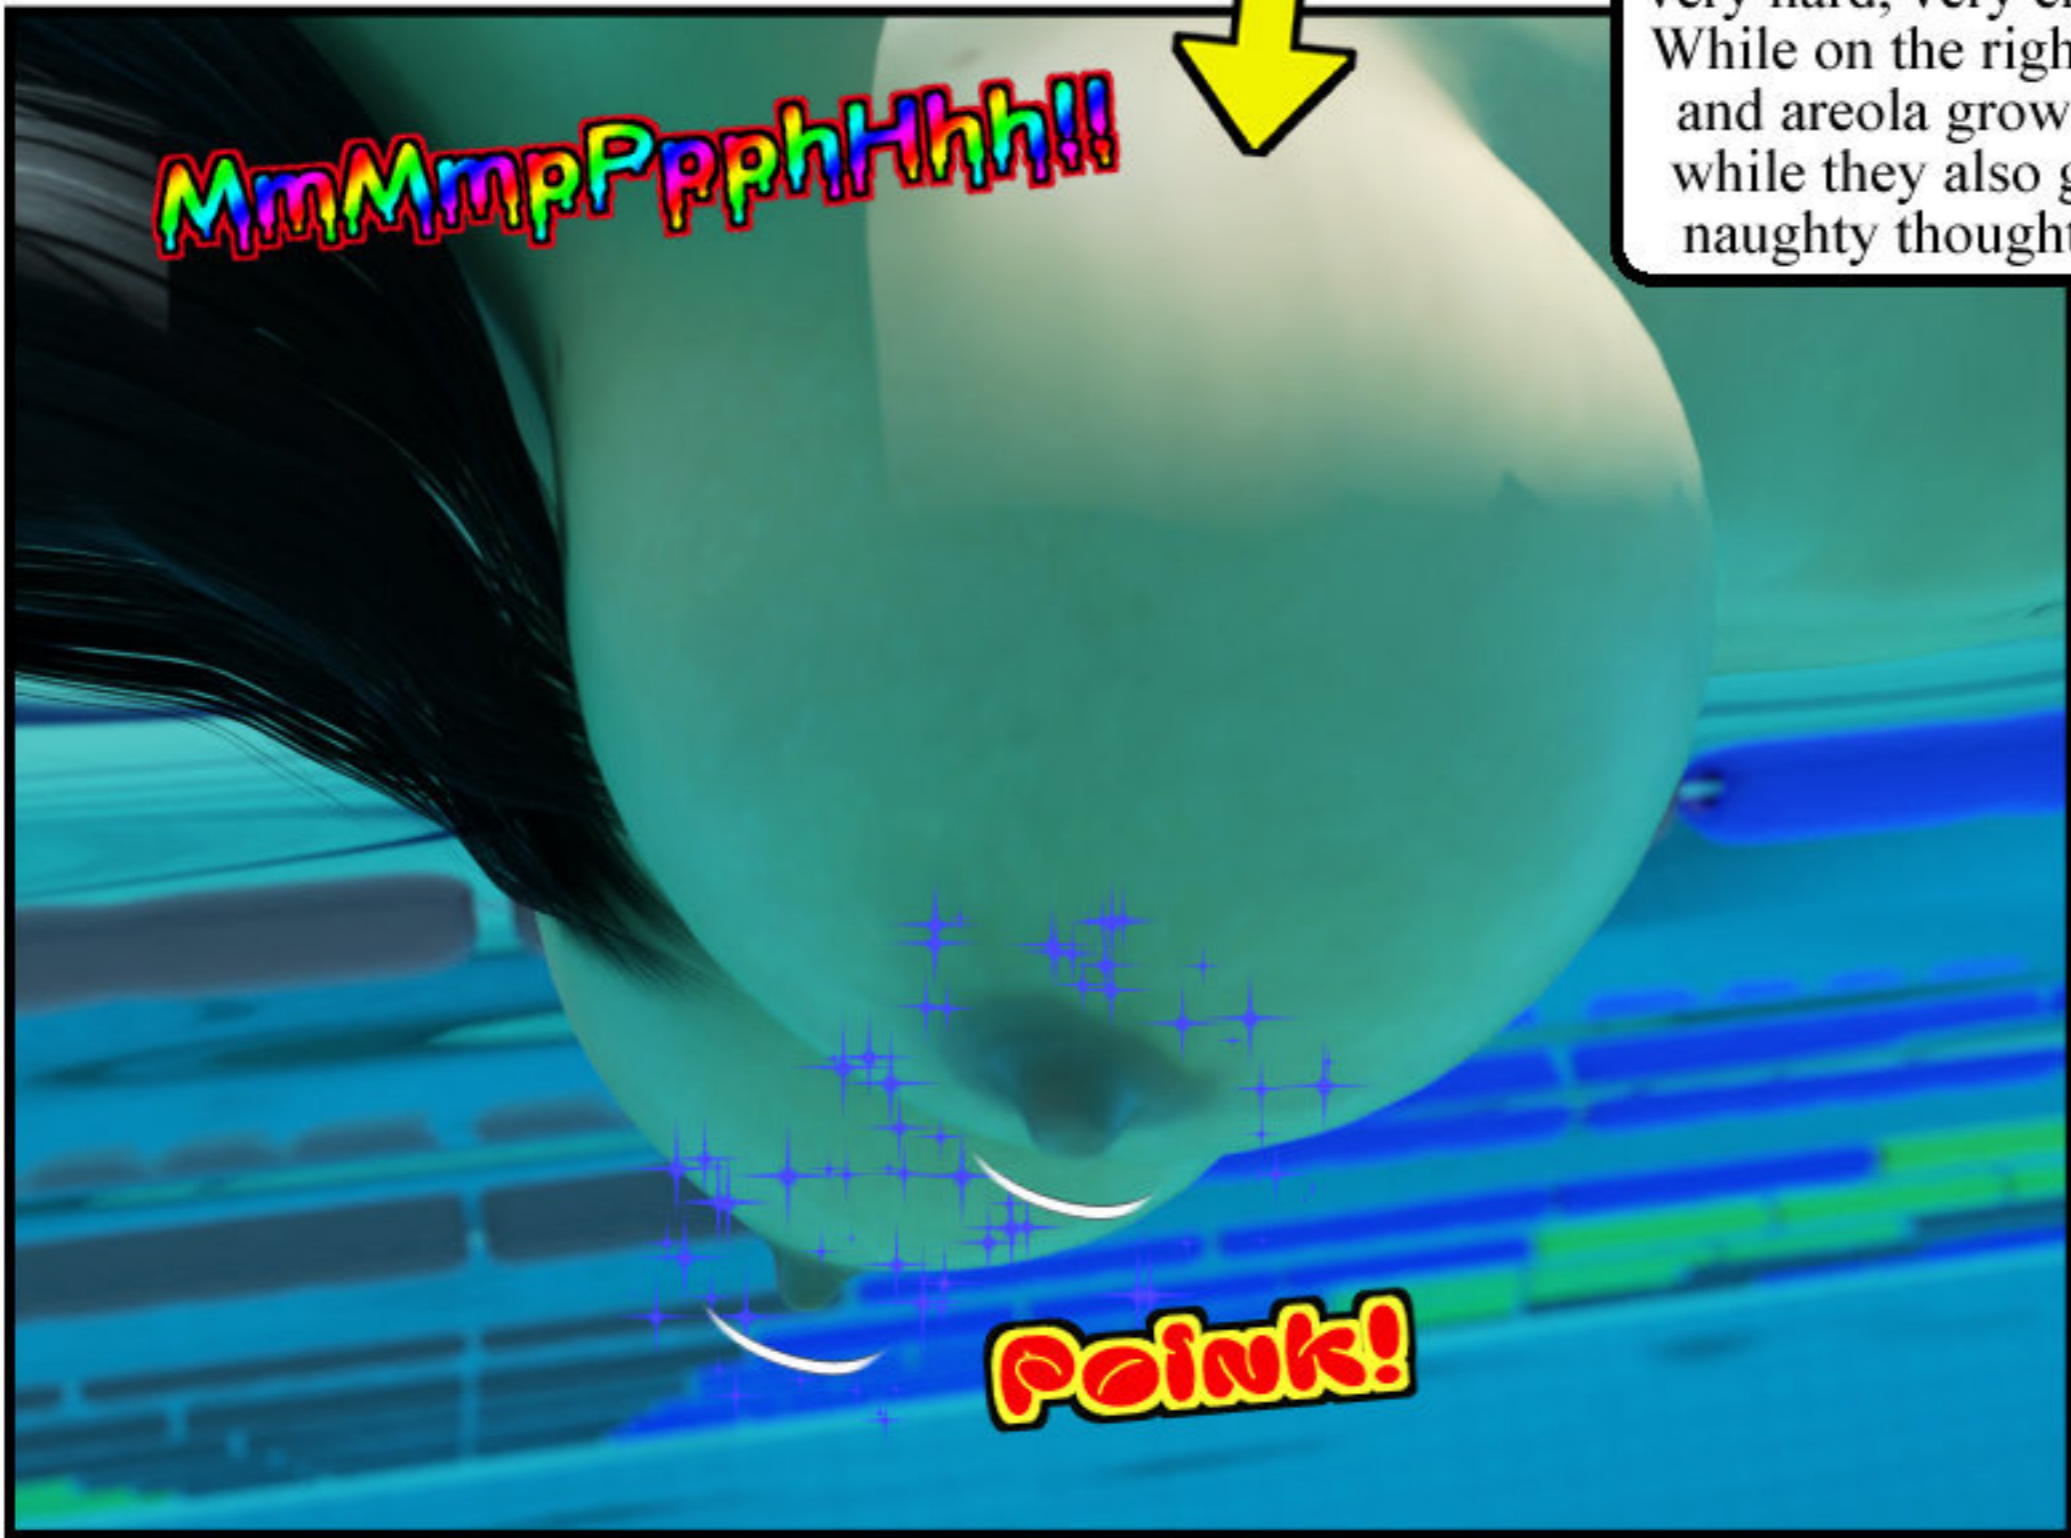

Mmmm, just thinking of my JV team...

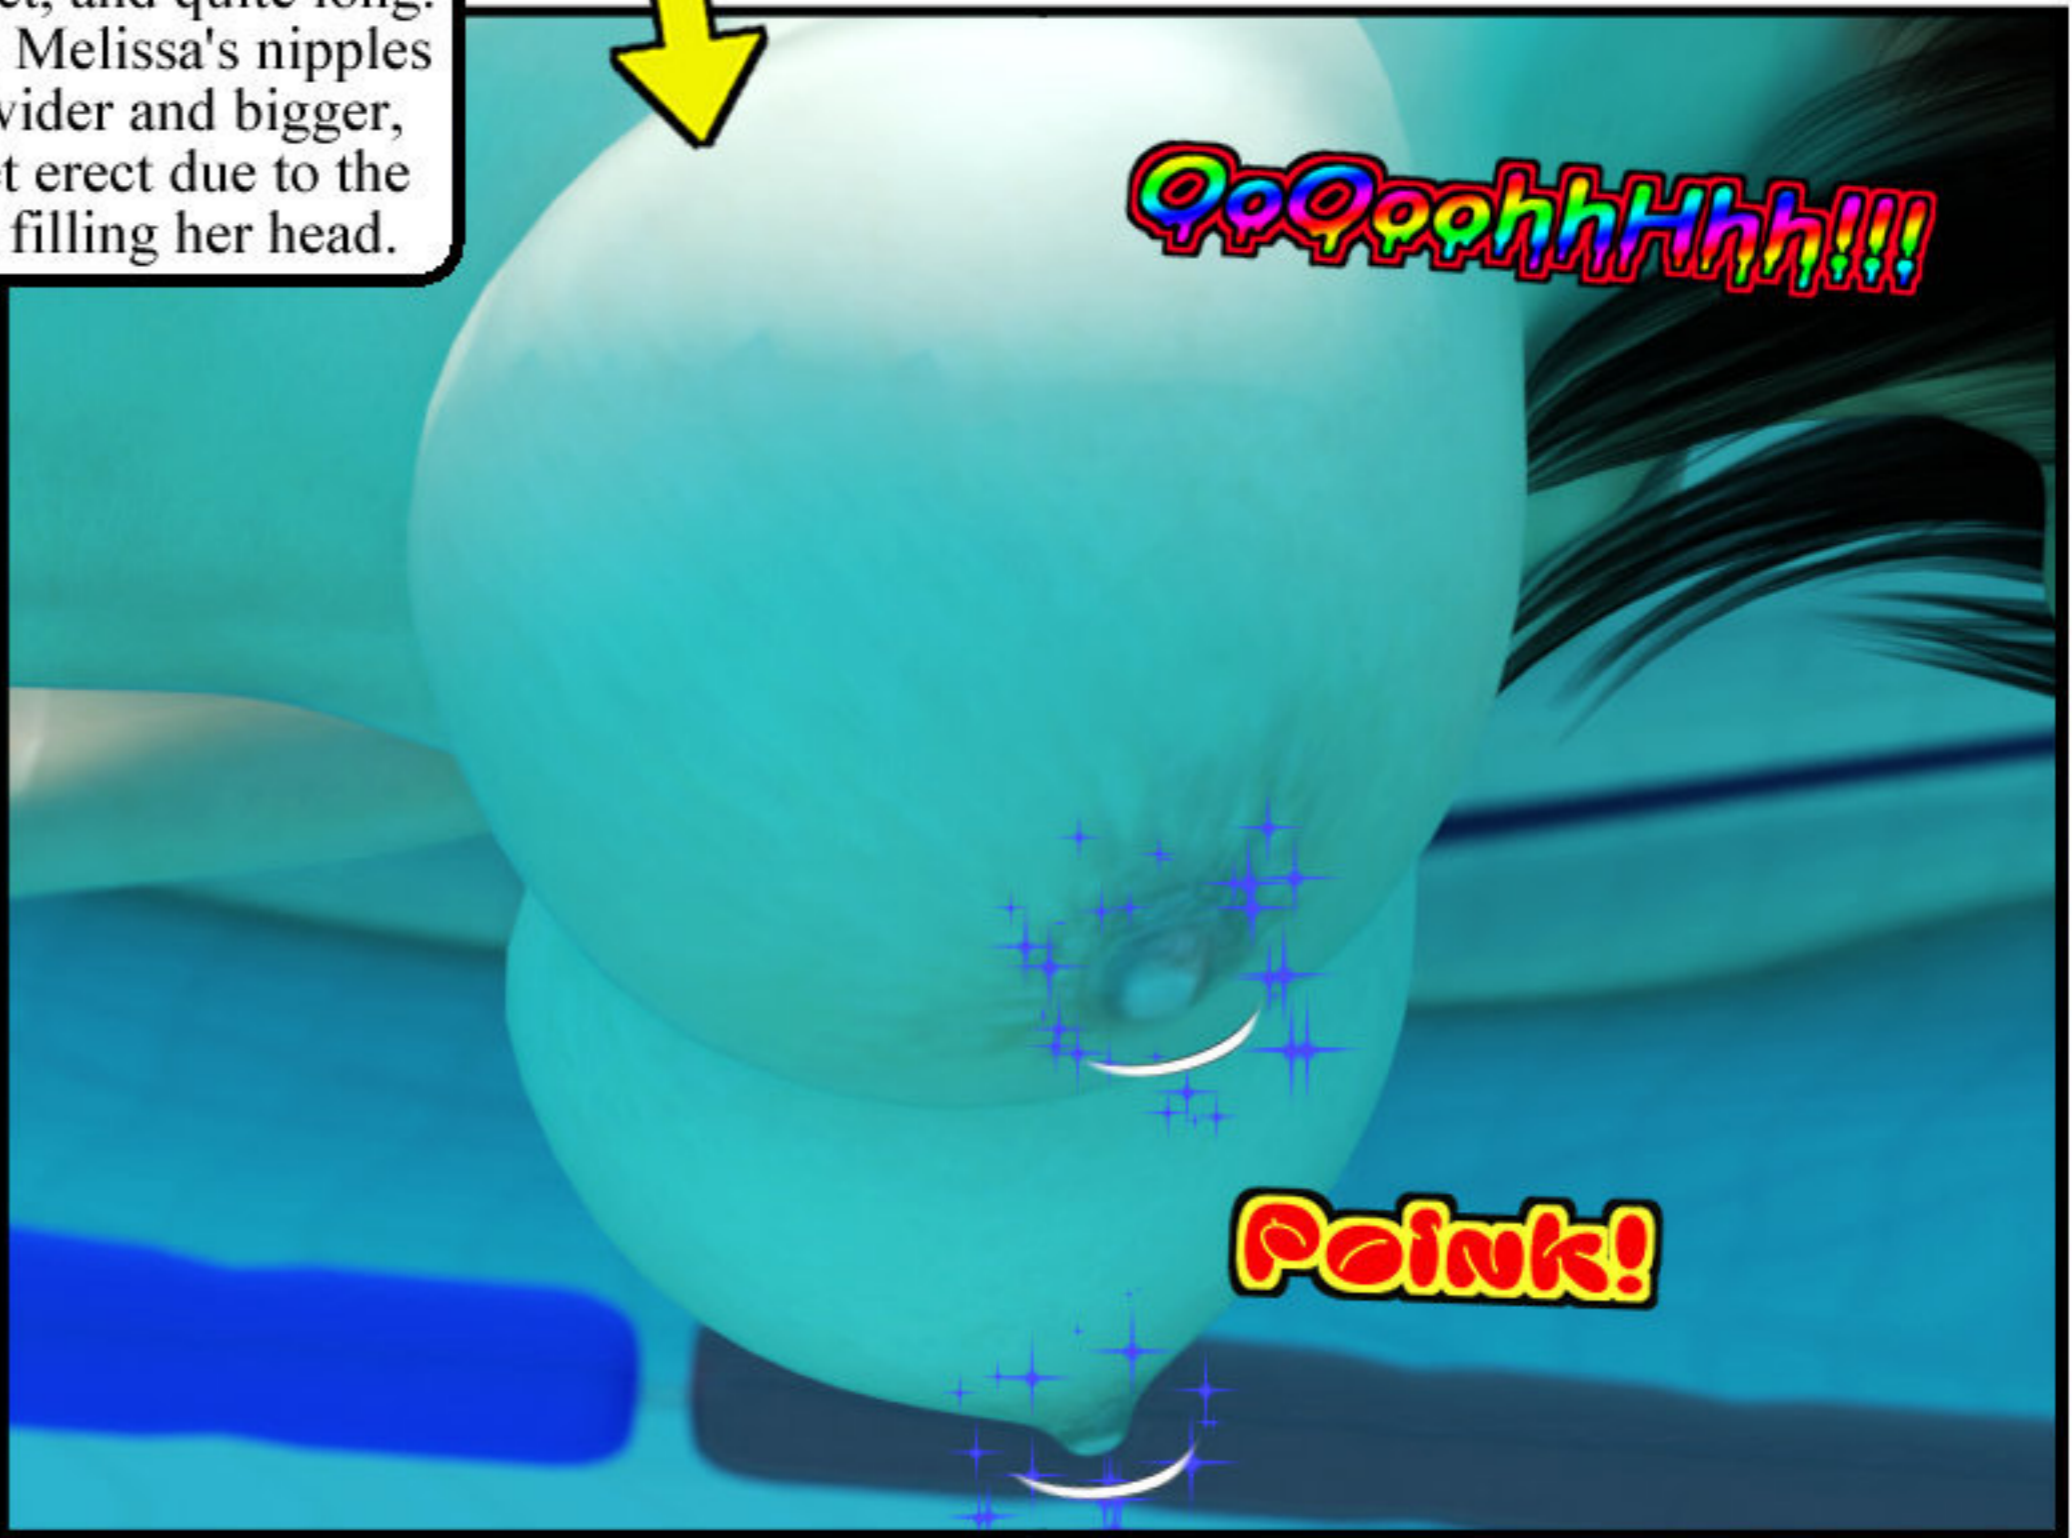

...is making me...

Nearly done! We take a small break and focus on their new chests, and their nipples more specifically. On the left, we see Denise's nipples get very hard, very erect, and quite long. While on the right, Melissa's nipples and areola grow wider and bigger, while they also get erect due to the naughty thoughts filling her head.

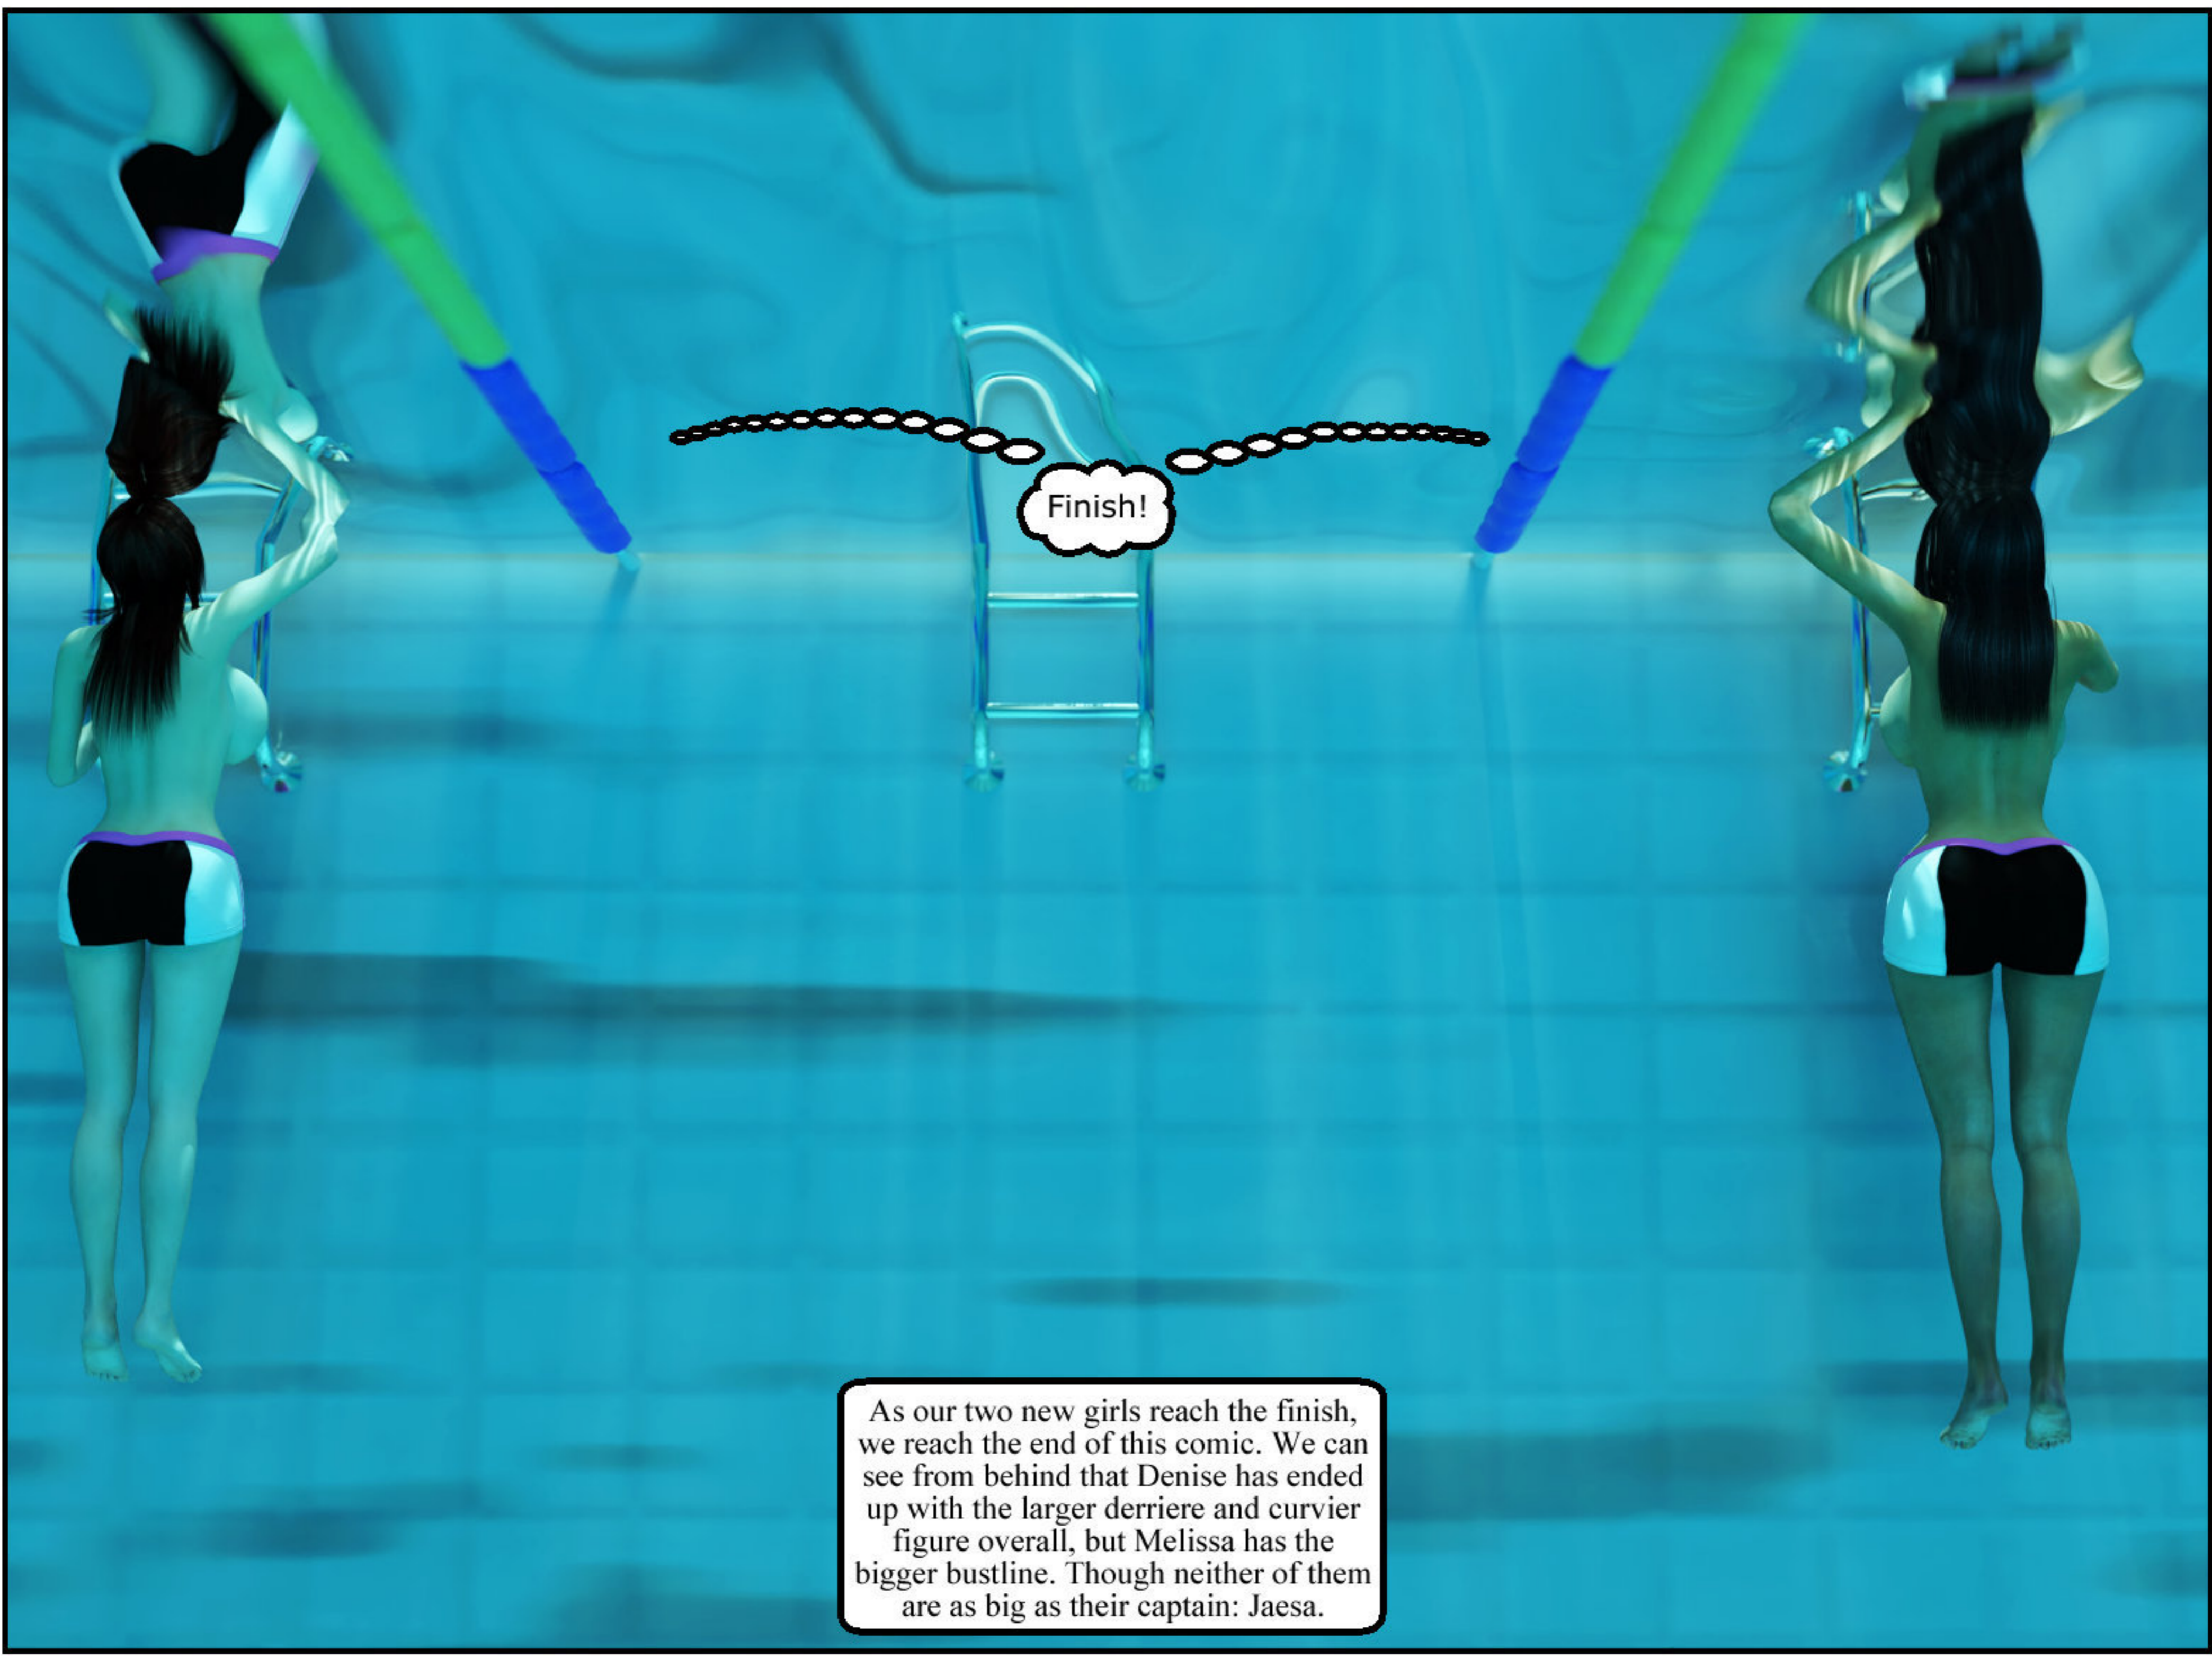

MmmMmpPpphHhh!!!

Poink!

QpQpohhHhh!!!

Poink!

Finish!

As our two new girls reach the finish, we reach the end of this comic. We can see from behind that Denise has ended up with the larger derriere and curvier figure overall, but Melissa has the bigger bustline. Though neither of them are as big as their captain: Jaesa.

The story will
continue in the
next part.
