

Walk-through to A Struggle With Sin 0.4.3.0

General information: I know that it's tempting to use Save-Edits on the game. Be aware that **changing game variables, switches or items might break the game** as many of them are connected. This will also lead to the skipping of scenes and dialogue. I try to keep grind at a minimum as I hate this stuff as much as most of you do. So whenever you have to repeat an action I try to add in new dialogue or images so that there is always something new.

If you stumble into money problems look at the [Tips and tricks](#) section at the end of the walk-through.

Green = New content since the last WT update

- **There is now an option to increase the combat animation. See the options menu.**
- **You can change your character name by visiting the baron**

After the intro:

- You can now regen energy/health by sleeping in the hay at the village
- You can pass time in the village and outside of it by pressing **T**
- You can open the Relationship overview with **R**
- Items **I**, Powers **P**, Equip **E**, Quest Journal **J**
- You can add a description to your save file if you press **N** on the game map

I will often use A for Affection, C for Corruption in this Walk-through

The Max A&C for a character will rise with the storyprogression, I will add the current maximum at the top for each but this doesn't mean that you can raise it that high from the start (and please don't do it with Save-Edits because this will break other code)

Talents you at minimum need to complete the current story:

Dexterity: 2

Perception: 1

Hunting: 5 (+1 from Corvin)

Intelligence: 2(+2 from Mira's quest) = 4

Witchcraft: 1(+1 from quest) = 2

Thievery: 5

Quests you should do first to enable all options:

Mira up until reading 2

Lucius "control your lust" (requires reading)

Bianca to learn lockpicking

John to learn forging

- Optional: Kate asks you to find her ring.

If you keep it for yourself: +1 corruption. Else: +1 Affection from Kate

4. Talk to Marcus and Mira after that follow Marcus inside the hut. You get to choose if you want to interrupt or stay hidden.
5. After leaving Dave will show up to give you a beating. Counter him by using the Defensive strike. +1 Affection Mira
6. Walk north into the forest and walk up to the lookout. First encounter with a deer which you will always fail because you are drunk.
7. Walk home across the bridge and choose whatever you like.
8. Walk first to your hut (left of the inn) then to Emily's house (north of it) then to the mayor's house (cross the river to the NE)
9. Talk to Rick inside the inn and afterwards to Thomas the innkeeper
 10. Leave the village to the north into the forest to find the hidden path

11. Take the path to the valley to the left

12. Inside the hut pick up the silver and use the Fire stones to light the candle

13. Pick up 4 books from the bookshelf (until the MC tells you he has enough) and leave the hut.

14. In the encounter with the witch pick whatever you like. If you chose to fuck her this will count to her corruption value (see Gwen)

15. Intro completed

2. Mira (Your childhood friend, lives with her mother Emily) (Max A =21)

1. Walk inside Emily's Hut and talk to Emily. She will put you on a task to get Wood and something she can cook. To get wood you have to talk to **Tia** for cooking. You can hunt at the lookout or if you worked on the field for Penny give her vegetables (carrot/cabbage)
2. Talk to Mira (make sure your lust is below 80) ask her what she's reading
3. Go to the shop and talk to Lucius. Talk about „I was wondering“ - „Say nothing“ to add Anesthetic to his shop list. Pick „I was wondering“ again, „tell him“ - „What if...“ which will Add the quest Control your Lust
4. Pick the parchment from the shelf (50 copper)
5. Walk to the lookout in the forest and pick up charcoal

6. You now need to talk to Mira after dinner which is only possible if you complete Emily's task. So either hunt for a rabbit

- (which will give you one Affection from Emily) or buy vegetables at the shop. For wood talk to Tia and buy or help her chop wood.
7. Make sure lust<80 (P). Talk to Mira and get reading 1. do the same thing again to get reading 2
 8. If you are at 7 Affection you can put your arm on her back while reading
 9. repeat at 8A hand on back and keep it calm
 10. repeat at 9A kiss her
 11. at 10 repeat kissing 2times. Emily will find out about the two of you. This will start the quest "Learning the truth"
 12. You now need to get access to your old house. You can either pay for it (mayor's house) or if you've learned lockpicking through [Bianca](#) enter the house past midnight
 13. Open the door to Marcus room (either strength or lockpicking)
 14. Read the letter on the desk, than search the room for a hidden path
 15. There is a torch in the house near the fireplace (If you didn't already pick it up)
 16. Enter the hidden chamber and find the letter on the table. (The letter will be in your inventory after this and **you can read it again anytime for some extra information**)
 17. Walk to Emily's house, Mira will open the door and have a conversation with you.
 18. Visit Mira during the day in the church's basement. You now need to find a book for her in the Mayor's library, see [the mansion](#), in the library you can find the book on the top left side of the room.
 19. At 4pm Mira will leave the church. Walk into the cellar and interact with her working table.
 20. The next day spy on her while she is working in the church (Star marked location)
 21. Repeat that on the next day
 22. Talk to her at home during the evening. This will trigger the task to build an oven for her
 23. Visit John in the smithy. You must have learned how to forge (see [John](#)) then he will give you a recipe to build an oven. For that you need 5 copper bars. One option to get copper is to buy the pickaxe from Lucius shop and mine the copper veins in the deep forest and near the ruins or you can kill enemies and hope for rusted swords that you can smelt at the forge.
 24. Built the oven at the anvil
 25. Install the oven in Mira's room and put wood in it (you want to have 3+ wood in it at any time. If you lack wood the best way to get it is to run around the forest with [Tia](#) in group

26. Talk to Mira in the evening while there are 3+ wood in the oven and repeat this until Emily will make you climb out of the window.
27. The next day wait until Emily went to her bedroom (10pm) then spy on Mira's door. There should be an option to walk in. If not cancel and make sure Emily really reached her endpoint then try again.
28. You can repeat this scene with additional poses the next evening at 10pm in the same way. If you change position 3+ times Frisha will watch you. This will add dialogue for her scene when you fuck Frisha in Emily's room
29. You can now talk to Emily about Mira again, but she will tell you to leave her be for as long as she is an acolyte in the church.
30. After you had sex with her at least once you can now visit her at her workplace inside the church for a new scene
31. From now on if you lose a fight and didn't have sex with Mira for 5 days she will wake you up in a different way.
32. 14 days after Mira joined the church her initiation ritual will start. During the ritual you won't be able to continue her love quest if you didn't finish it already. After the ritual you can continue it of course. The dialogue after the ritual will change depending on if you completed the quest already.
33. Complete the ritual (See [the Church](#))
34. Talk to Mira on her bed and help her with her training until she likes to have the plug inside of her. This will result in a bj scene.
35. Do that again and you also have sex with her
36. Enter her room after Emily went to bed, this will now enable the anal scene with Mira

Aidalin Route:

If you did option 3 or 4 during the church quest (after the sanctum) Mira will now visit Aidalin in his room every day at 7am. No matter if you watch or not this will happen. After 5 days they start kissing, After 10 days they'll have sex. MC can watch by interacting with the door to Aidalin's room in the cellar of the church.

Additional:

- You can spy on Mira during the night when she is preparing for bed (22h) just be sure to not get caught by Emily
- If you got 10+A with Mira after Emily's quest started you can kiss her again or ask her for support to get Emily's ransom

3. The Church

1. Complete Mira's story up to the part where she joins the church.
2. Warning, this quest is meant for level 25+ But it can be done at any level of course!
3. 14 days after Mira becomes an acolyte the father wants her to undergo a ritual to become a priestess
4. Visit the church during the day (between 7am-4pm)
5. optional: If you already completed Mira's love quest you can now visit her in the afternoon and start her training with the holy symbol.
6. 3 days later Aidalin will arrive in Arenfield. Visit the church between 7am-4pm.
7. Wait for two more days until you get a notification. Now talk to the father about Mira
8. To further progress you need the torch from the MC's house. You can enter by lockpicking the door at night or by renting it from Giron.
9. You also need the lockpick skill that [Bianca](#) will teach you to open the cellar door.
10. Inside the sanctum head SW until you find a closed door. Now you must bring a sacrifice for each god.
11. Uldar – Remains of an evil creature (anything from a Plaguefiend or Demonkey from Syfa)
12. Gromthul – Any flesh from an animal
13. Athia – A parchment, buy at Lucius shop
14. Dwarven statue – copper ore
15. Alaira – Any herb or plant (can buy them from Katherin)
16. Isha – a vial of cum or cumwine (see Lucius quest)
17. After leaving the door Syfa will show up. She will hunt you while you're in the sanctum. If you want to reduce contact with her to a minimum don't interact with her after you defeated her. That will give you another 60 seconds (120 total) before she reappears.
18. After you lighted all the torches at the gods statues interact with the door. Inside the sanctum walk up to Mira. Now if you have ntr content enabled you get offered a choice. You can either believe Mira or don't. The later will result in a sex scene but will also bring Mira 1 step closer to seeing your relationship only as a sexual thing.
19. Back in the church if you didn't believe Mira she will now ask you why you did it. If you tell her that it was a mistake and you love her she's fine. If you tell her you're not sure about the relationship it will open up the Dating with Aidalin route for her.
20. Back home you can't change the outcome, but it will depend on your

previous choices. Mainly if you did Emily's story and decided to tell Emily that you want a relationship with her. If you did that, she will now tell Mira. If you told Emily it is all just for fun she will keep quiet. If you told Mira you're unsure about the relationship she will leave the table and not speak about it at all.

21. Talk to Mira when she's sitting on her bed. There are now 5 different scenarios:

1. You completed Mira's love quest before, didn't fuck Syfa in front of her, Didn't tell Emily you want a relationship – Everything is fine, You'll have fun with her
2. Didn't complete Mira's love quest, didn't fuck Syfa in front of her, Didn't tell Emily you want a relationship – Everything is fine, you can now do the love quest with changed dialogue bits
3. Broke up with Mira – She will be heartbroken, Tell her you didn't mean it and everything is back to normal.. Or wait for a few days, she will now start dating Aidalin. If you tell her you want her back after they kissed she will tell you that she's no longer sure if she wants you back and will keep the thing with Aidalin going
4. Told Emily you want a relationship and fucked Syfa in front of Mira – She will tell you that her believe in you is shaken and she will be ok with it but also now seek out other men (Relationship with Aidalin open)
5. Told Emily you want a relationship, Didn't fuck Syfa in front: Mira will accept that you're in a relationship with her and her mother

22. Option 4 and 5 will result in possible 3some scenes in the future. I will add other coming out options for Emily later on but currently only this will lead to Mira knowing about Emily and also mentioning this during her love quest if you didn't complete it already.

23. The father will now write a letter, but future steps of this quest aren't implemented yet. See Mira for additional info about anal and the Aidalin route.

4. Tia (Woodcutter north of the village) (Max A&C = 21)

1. Talk to her (lust<80) to chop wood, repeat (if Affection < 2 she will need another round of chopping)
 - After your strength increase from chopping trees you now know how to do this. There is an axe near the old ruins on a stump. With it you are now able to cut trees in the forest
2. Affection 3+: Talk to her about the topics. Beginning Interests to top. On „how she gets by“ Disagree with her. After talking about Origin you need to talk to Rick about Tia and tell him to get more information. (Talk to him Early morning at the bridge or at the inn during the evening)
3. Affection 7+: Chop 2 times more and you can choose to kiss her she will ask you then to visit her at home.
4. Visit the house of her mother (Katherin) to the west of Arenfield between 16:00-20:00
5. Now talk to Tia in the house and take her to the way left of the house, down into the forest. From there go East to the bridge and then north up the river.
6. In the deep forest you can reach Rumah village in the NW
7. After you arrive in the corner Raaisha will attack you. If your INT talent is above 3 you can talk yourself out of that fight.
8. Now in Rumah village you have to get your reputation up to 5:
 1. Talk to Raaisha again (make sure you have enough health) and win against her in a 1on1
 2. Talk to Raaisha after you won against her, she will send you to rescue 2 of her hunters. 1. is to the East near the orc camp the 2. is to the south both in the deep forest
 3. Talk to the blond haired guy near the palisade, he wants meat from rabbits and deers. You can either hunt them or buy them at the inn from Thomas
 4. Talk to the guy below the chieftains hut, he's the lumberjack of the village and asks you for 20 wood logs. With Tia in the group you can cut down some of the trees in the forest. Every 3 days also new trees will spawn
 5. Talk to Hiba (woman in the middle of the village near the water bowl) and give her a bottle of wine (buy from Thomas at the inn)
9. Talk to the chieftain again and choose reputation. (Tia has to be in group and her A for you at 15+, if below sleep with her in your hut for a few days)
10. You can talk to Katherin after the events, Tia will now give you the key to

Katherin's house.

11. From now on you can have dinner (8pm) with Katherin and Tia and inform Katherin about the situation in Rumah.
12. If you sleep with Tia in her bed at Katherin's house during the morning when Katherin isn't home Tia will want to have sex.
13. Tia can now stay in Rumah Village if you walk to the star near your hut. By talking to her you can make her dress as a proper wanita while in the village (this will be expanded in the future)
14. If Tia's has c11+ and is in her tribal wear near your hut you can now fuck her at the fire
15. Talk to Dasan. This will update the quest log to search for his father's body. Dialogue with Raisha will also update after every major event.
16. To start the anal with Tia you must have had sex with Hiba and you must raise Tia's C to 11+. Then have sex with her in your hut. The next time you sleep in your hut with her she will give you the option to talk about anal. Now there are two options, option 2 will be used in this to continue "Fate of the Rumah"
 1. Just continue training with her every day until she is prepared for sex
 2. Visit her mother to get a book about potions (can also be done after the quest is completed).
 - You can now fetch water in Arenfield at the barrel next to the fighting pit for the other recipes.
 - For the lubricant you need shrooms that you can find in the well next to the orc camp.
 - Buy a rope at Lucius shop, then use it by clicking on the left side of the well in the deep forest. Inside the well you will find the shrooms (They regrow every 3 days)
 - You will also find Ibhar's body. If you have at least perception 1 inspect his body again until you notice that he's holding something in his hand.
 - Use the craft menu (press 'C') to create the lubricant
 - The next time you have anal with Tia use it
17. You now have 4 (2 if non ntr) options to continue:

Talk to the guard next to the entrance of Rumah (save the game before doing this), when the option pops up show the Piece you found in Ibhar's hand →(a.) Dasan will run away (Nyra will be shocked but happy that you didn't kill her son, potential love route)
or don't show it and fight him . If you defeat him (b.) he's dead (Nyra won't forgive you if you kill him, but in the future there will be a corruption route, this will disable the love route).

For ntr: you can (c.) lose the fight if Tia is currently present in Rumah (was in your group or is standing there) to save you she will take the punishment after that you must talk to Dasan again (Tia will now when ever you leave her at Rumah have sex with hunters at 6pm and with Dasan at 9pm (Nyra will be condescending but you will get the option to have a route with her to dethrone Dasan at a later point).
Or (d.) instead of talking to the guard you can make a deal with him (Nyra same as c.).

18. Now you have to scout the orc camp. To do that walk up the path near the waterfall where you've rescued the hunter before and walk towards the river (must have Tia in group), **If you did (a/b) you should be prepared for this, this means: Have the best possible equipment, be completely rested/feederd, you should be level 8+ and buy 5 ropes from Lucius shop (he restocks them every monday)**
19. Back at Rumah you now have to choose (depending on your previous path) if (c/d) one of the girls will leave with the orcs. If (a/b) you can choose to fight them instead.
20. The next steps differ depending on if you are on Dasan's route or if you've become the chieftain:
 1. Dasan: Follow the quest log and talk to Dasan until he tells you that you can just go to the orcs and challenge Gurtak. For that one of the women has to be there at the time. Challenge and win against him. This will bring Maui to show herself (If you fucked her before after 0.2.5 her dialogue changes a bit). Now you can make a deal with Gurtak. Back at Rumah the quest is completed. You can now also fuck Raaisha if you talk to her in the morning before she has sex with Dasan. Orcs will no longer attack but if you talk to Dasan you can send one of the women to them.
 2. You can now challenge Gurtak to a duel in his camp and afterwards make a deal with him or use witchcraft on him (in case you completed Gwen's story to that point)
 3. Chieftain:
 1. Umin will talk to you after the battle and you should go see him (right under the chieftains hut). Rumah villagers will now collect resources every day. You can boost their morale by putting wine bottles on the bench near the palisade or (ntr) you can talk to him (workerstatus) and he will ask you if you want the women to entertain the men (can be changed back afterwards by talking to him again about this). If motivated the workers will gather more resources. Wine will be consumed over time.

2. You can now enter the chieftains hut and talk to Raaisha/Tia if they are in Rumah and you can collect the gathered resources there, Raaisha will ask if you could help the wounded. Talk to one of the men sitting under the fire, he will ask for healing tincture for him and the other wounded (can buy it at Katherin's house) after that talk to Raaisha in the hut again and she will give you a handjob.
3. Gather resources and talk to Umin about building defenses. To get copper bars you must have completed [John's quest](#) you can then smelt the copper ore in his smithy into bars. Ropes and nails can be bought at Lucius store.
4. Build the towers first. The gate is optional and will only give towers more time to shoot at the orcs.
5. After the first battle you can Talk to Raaisha again in the chieftains hut.
6. Now you have to fight the orcs 2 times. If people get wounded, talk to them near the fire again. On the second attack you might have to run from the orcs coming at you and lure them near the towers so they get shot.
7. Now walk into the orc camp and fight Gurtak. After you won you can either kill him or make a deal with him or use witchcraft on him (in case you completed Gwen's story to that point) to end the attacks on Rumah.
8. Back in Rumah you can now talk to Raaisha again and she will become your wanita. If her corruption is higher than 4 (blowjobs) she's also willing to have sex outside of the hut.

In both paths you can visit Katherin after the events of the first battle. Bring Tia with you and she will teach both of you the nature talent which allows you to detect plants in the forest. You can mix them into healing tincture if you did Tia's anal quest or just sell them. It would make sense to raise this talent only with Tia as the MC already has some other talents to keep in check

21. After you Fought with Gurtak and either witched/killed/made a deal and you've completed went to celebrate in Rumah, visit Katherin.
22. Have dinner with her (might need to do this more than once depending on if you did have dinner with her before) until you tell her that Rumah is now save.
23. The next day have dinner again and she will ask you to hunt for her.
24. The MC now has the idea to impress Katherin and cook for her and Tia (will

start a quest)

25. Depending on your Progress with Emily or Claire you can now learn to cook from both of them. For Emily you need at least 8 affection and a rabbit meat + woodlog.
For Claire you must have agreed to work at the inn. If she has 5A she will do it for free, otherwise you need to pay her 2 gold. (If you completed Claire's story before up to after the scene in the cellar she won't let you go without cleaning her up)
26. You can learn both Recipes even if you talked with one of them first.
27. Now you need to cook 3 dishes (of the same kind) of either Emily's or Claire's special dish (buy salt at the shop, get vegetables from Penny) cook at any cooking station (Inn, Emily's house, Mayor's house....)
28. Interact with the cookingpot icon at the table in Katherin's house and serve a meal
29. Have dinner with Katherin & Tia. The next day go to the hunting ground and win or lose (ntr) the fight.
30. Now Tia is determined to fight the orcs. This starts a new quest that isn't implemented at the moment. It also opens up Options to go for her Mother now! See [Katherin](#)

Corruption:

31. Corruption: If you completed the „control your lust“ quest from Lucius you can spice her water (which she will ask you to bring her at 7+A) go to the Water barrel next to the fighting pit. Afterwards use your Masturbation skill.
At 2+ corruption she is OK with you touching her in the open (100 lust talk to) (As an alternative you can just make her become your wanita and then increase her corruption with blowjobs in your hut)
32. At 5 corruption you can grope her breasts and she is willing to give you a blowjob in Arenfield, You will also be able to undress her further when cutting down trees which will then result in new scenes if you allow her to take off her pants too.
33. With Tia in group and her corruption above 5 use your masturbate skill to increase her corruption
34. There are several dialogue changes depending on how high her corruption is in Rumah Village. If you get her corruption above 11 you will see them all but it might interest you how she reacts if below 11.
35. At 20 corruption you can have sex with her in Arenfield if you touch her with high lust value in the morning
36. Also at 20C she will wake you in the middle of the night when you sleep

with her in her bed at Katherin's house

NTR:

37. Watch her cut wood once per day, lose to the charging orc while Tia is at 4+ corruption.
To revert: Every time you win against the orc this will **reduce** Tia's interest in them.
38. When in the Hunting ground and the orc scouts attack lose to one of them with Tia in group (Feign death potion from Katherin)
39. Lose to the Orc brutes with Tia in group (Warning this will result in the losing of her virginity. If you want this for the MC try to not lose until after the reputation event in Rumah Village) - If Lyvia is in group she will also have sex with another orc
40. If you make Tia available for every man in Rumah (Either Dasan or Chieftain) she will have sex with one of the natives in the evening near the fire
41. If you lose to a brigand (enemy in Lyvia's story) with Tia in group you will either see a scene with Lyvia or Tia. (if only one of them is in group it will 100% be a scene with the person in group)
42. If you take Tia / Lyvia with you into the mine and lose a fight against the goblins it will trigger a scene with one or both of them depending on who you've in your group

5. Katherin (Tia's mother)

1. Complete Tia's story up to the point where you rescued Katherin
2. You can now improve your relationship with her by cooking and finding her in the forest during the morning hours. She's gathering herbs between 7-12) Here the locations:
 - Monday: On the Fields east to Arenfield
 - Tuesday: Darkwood entrance (north of Arenfield)
 - Wednesday: Old Oak
 - Thursday: Loren's Lake
 - Friday: At the bridge
 - Saturday: Hunting ground
 - Sunday: Forest ruins
3. At 8A she's ok with you touching her butt.
4. At 9A during dinner she will tell you that she now will sleep in bed naked (Tia will react to that if she's there at the time)
5. At 10A she will give you a kiss on the cheek when you grab her ass in the morning.
6. At 12A she will kiss you if you choose to (Tia must be not in group)
7. After the kiss sleep in Tia's bed while Tia is in Rumah until you see Katherin masturbate, Confront her. That will complete the Quest.
8. Afterwards you can Kiss her in the morning (If Tia isn't in group) This will also increase her lust. Normaly she won't masturbate for 3 days after she just did it. If you do this it will reset this waittime.
9. Or ask her for Sex when she's home and Tia is at work or in Rumah (You need 40 Lust for that)
10. You can also talk to her in the evening (If you didn't interact with her in the morning that day) when she sits at the fire. This works with either Tia in group or without. She will give you a blowjob then which will increase her corruption
11. After her corruption is at 1+ you can also offer her cumwine during dinner to further increase her corruption, This will also increase her lust so she will be horny again if you sleep at her place.
12. If she gave you a blowjob at 10+C she will change her behavior in the morning. She is now willing to have sex with you while she gathers herbs.
13. If Lyvia is in group and her corruption is at 10+ she will join in and you'll have a 3some with them.

6. Kate (waitress at the inn) (Max A&C = 40)

1. If you stay the night at the inn (Claire quest or pay for your stay) you will see her talk to Thomas at 0am.
2. During the evening (18-20:59h) talk to Rick in the tavern and ask him for a drink
3. Build up affection from Kate by giving her tips, and for winning fights against drunken soldiers.
4. At 10A you can put your arm around her when she's sitting at your side of the table (depends on if you talk to the PC or to Rick) (If she's in a relationship with Rick you also need 2C to do this)
5. Talk to her while she is dressing for bed and sit with her. Confess your affection and you will start a relationship with her.
6. At 20A you can go to your room with her (If you rented it from Thomas, you have to pay your bill first to do this, with a Key you can always enter the inn even at night)
7. At 20A you can tell Thomas to stop blackmailing Kate if you help her in the evening. (If you want to go into NTR with Kate read the NTR part below before doing this)
8. At 20A you can tell Rick that you are in a relationship with Kate when the two are talking outside the inn at 12pm
9. After 7. talk to Kate in her bedroom to make your relationship with her official
10. If you got wine (or cumwine) with you (Buy from Thomas or steal from the cellar) you can offer it to Kate (during the evening talk in her room) and she will show you some of her moves. During this you can decide if you want to allow her to dance during her serving in the evening. If you allow it you can now move to the stage in the tavern during the serving minigame.
11. During the afternoon watch her cleaning the tables in the tavern and touch her butt. Do this for 3 days
12. During the evening talk to Rick and start serving with Kate, some old friends will arrive
13. Talk to Kate before going to bed about her friends
14. The next day during the evening have a drink with her friends in the tavern.
15. The same day (or if you miss it repeat the drink part) go to their door at the inn and listen to their conversation
16. Talk to Kate, she will ask you to bring her a new dress
17. Talk to Frisha and ask her about a dress for Kate

18. You can buy it from her or if you already had sex with Frisha 4 times she will give it to you for sex
19. Now you need to learn how to craft armor. Talk to Frisha and ask her to teach you. You need at least 1 point in Dexterity (Talent) if her affection for you is at 16+A you will get it for free
20. In your house (Marcus hut) you need to build a workbench. Get wood from Tia and nails from Lucius (shop) In the shop you can also buy cloth and yarn for the dress
21. If you didn't pay the Mayor to get your house key you can sneak into your house via lockpicking ([Bianca](#)) past midnight and build the workbench at the blinking location
22. Interact with the workbench to craft the dress
23. Talk to Kate before going to bed. If you did Kate 11 you will now have sex with her (If you missed it don't worry you can repeat this anytime)
24. If you talk to her again during the evening and choose to have normal sex you can now also switch to anal if you didn't poke her ass the same day already and had anal sex with her 3 times.
25. After you had anal with her at least once you can convince her to do it in the tavern when she's cleaning the tables
26. Choose if you want Kate to wear the dress in the tavern (ntr) or only in her bedroom, you can change this choice afterwards by talking to her in the evening. From here on there are 2 routes:

Love route:

 1. In the evening sit at the table and drink with Toren and the others, choose to not buy them another round
 2. during the day between 8-20h go to Tia's mothers house (cliffs) and talk to her about Kate, she will give you herbs to drug the 3 guys
 3. Talk to Kate in the evening, if she wears the red dress tell her you want to talk.. The MC will give her the herbs
 4. The next evening sit with the guys again. After the first round order drugged beer
 5. Walk into the Darkwood north of the Hunting ground you will find the Ruins. There is a house that is intact. Before entering prepare yourself for a fight (Level 6 enemies) You might want Tia with you as support. Although with Level 10 and fitting gear you should be able to do this without her
 6. Either lose or win the fight. If you Lose they will escape and you will see them again in the future, if you win they are dead.
 7. Wake up Kate, depending on Tia being in group she will thank you or both of you

NTR route:

1. With the red dress on start a serving minigame
 2. Take a seat with Toren and co
 3. After work talk to Kate in her room about Toren and decide that Kate should go over there
 4. follow her and watch. If her C > 15 she will give them a blowjob
 5. After she's returned to her room talk to her again and talk about Toren again, tell her to continue (If she didn't give them a blowjob yet you have to do this again to trigger the extra dialogue)
 6. The next day when Kate is at their room again watch them again
 7. Talk to Kate in her room about Toren, this will complete the quest.
 8. You can now choose Kate to not wear her red dress in the tavern, this will also deny her to visit Toren and the others in the evening.
27. Talk to Kate before going to bed, Claire will join and you plan how to travel to Kirlic
28. After this dialogue it is possible to trigger the 3some with Claire and Kate. To get this Claire must have C5+. In Kates before bed dialogue choose to stay in her room, don't let her dance and convince her to have sex (she must either be drunk or C10+) Claire will watch and afterwards the scene continues. Can be repeated and If you don't fuck Claire for 2 days she will show up next to Kate when going to bed.
29. In the morning talk to Rick at the bridge he will ask you to get a blueprint and to ask Penny for renting her barn
30. Talk to Penny when she's working on the field (SW of Arenfield). She either wants 5gold (will give her 1A) or if you don't want to pay that much 1gold
31. Now Find Grant at the main square. (He is in Arenfield on Monday and Tuesday) Ask him for a blueprint.
32. On a Mon/Tue evening play cards with Grant in the tavern and win in Blackjack until he is out of money (choose 1gold bet and if you have problems quit after each game and save after each win). When He lost all his money he will offer to give you his donkey in return for his money. Accept the offer, then go outside and interact with it.
33. Ophelia is in town every Thursday and Friday. Talk to her about buying her horse. Now that you got a donkey to trade for the horse she is willing to give it to you for an extra 10 gold. If you don't want to pay that you can trick her by buying an anesthetic+vegetables at the shop and then

interacting with the horse. Then talk to Ophelia again. If you trick her this will have consequences in the future.

34. Grant will return a week later. Talk to him about the blueprint. He wants an astronomical 30 gold for it. You can either pay that or instead steal it from his room at the inn when he's sleeping. To do this you must have learned how to lockpick and completed Mira's quest up until learning to read and your intelligence must be at 4+. With the parchment and the coal you make a copy of the blueprint.
35. Talk to Rick in the morning. Now that everything is prepared you will list everything you need to build the wagon (you can read the blueprint to see this anytime). Start building the wagon with him and continue every day until it's done.
36. Talk to Kate in the evening before going to bed. This completes the quest.
37. You can talk to Kate when she's meeting Rick at noon before the inn to repeat the scene in the barn. If you already had anal with her you can change positions

Other Events:

1. If Kate has 30+ Affection during december (ingame month or realtime), visit her in her room when she's going to bed. After seeing this scene you can replay it by giving her something to drink at night and choose Winterhowl during the dance options.
2. If you allowed her to dance in the Tavern the dance becomes available during december
3. If you have too many drinks with Rick during the serving game (3+) he will stumble and crash to the ground afterwards. Help him to his bed together with Kate. If you already had sex with Kate and Arianna you can now visit Arianna's bedroom and start a 3some relationship with them. You will have to repeat the process. After the 2nd Time there is a 50% chance that Rick will get drunk on his own (just wait until 10pm inside the inn).

Corruption:

38. You can raise her corruption by mixing your drink with love potion or if you sold them to Lucius some of the soldiers might use them on her.
39. At 10 corruption she will give you a hand-job in the tavern if you try to make her drink love potion again.
40. If you had sex with her a few times in your room you can convince her (if she is at 10C and you at least at 3C) to have sex in her sleeping room
41. Giving her cumwine in the evening after you told Thomas he should leave

her alone

42. If she gives you a blowjob during the scene with Claire
43. After she's gone to bed (must happen before 6am) remove her blanket. Depending on her corruption/affection she will invite you into her bed (must have had sex with her at least once). At 25 corruption this will trigger another scene.

NTR:

44. You can talk to Rick and approve his attempts on Kate (If you do this before you start a relationship with Kate it will lead to Rick giving her tips during the serving game) When Kate's affection for him reaches 5 talk to them in the morning outside the inn. They will declare they're now in a relationship. From now on they will meet in Kate's room every 2 days to have sex. You can watch from outside the room (might need to wait a moment) **AFTERWARDS** if you now want to start a relationship with Kate too you must corrupt her first up to C2. Do that during the serving game (must have completed Lucius quest). Kate will be conflicted and you can either choose to keep it a secret from Rick or tell him. If you tell him you can later allow him again to have sex with her after building the wagon.
45. Fail her serving task and listen to her talking to Thomas without helping her
46. You can fail the serving game by talking to Thomas and telling him that you don't want to work
47. If you did 7. and Thomas already had sex with Kate before she will sleep with him again if you don't fuck her for 3 days
48. After telling Thomas that he should leave Kate alone you can now talk to him during the evening at the bar. He will offer you a deal to stay at the inn for free if he is allowed to punish Kate again.
49. There are now 3 different punish scenes that will trigger if you fail the serving minigame with Kate. The scenes will also trigger with different dialogue if the conversation with Thomas happened and Kate has C10+ and you don't have sex with her for 3 days.
50. After watching Thomas fucking Kate watch them a 2nd time this will open the option to select that you like watching them (this choice will also change the reaction the MC has towards other ntr events). If you selected yes this will now open a new dialogue option with Kate if her corruption is at 20+ (Stay in room, Talk about Thomas) when you sit with her on her bed (going to bed event). Afterwards Kate will be more open with the MC. This will also enable a new scene with the soldiers during the serving game

(encounter happening at random)

51. If you lose more than 1 gold to Grant during the Blackjack minigame he will ask you for a private chat with Kate (You must have a relationship with her). She will then visit him at midnight. Talk to her afterwards in her room. Do this 3 times and there will be a scene with them.
52. If the scene between Kate and Grant happened she can now trigger a new scene by talking to him during the serving game
53. If you completed the prepare for Kirlic quest you can now invite Rick on a 3some. For this: You need to tell Rick about your relationship with Kate, she must have had anal with you and her corruption is at 20+ First talk to Rick about Kate (in the morning or at the bar) Then talk to Kate when she's meeting Rick at the inn (9am) when the option shows up give Rick a sign.
54. After you had sex with Rick&Kate in the barn 5 times he will ask you to have fun with her alone. If you agree he can now build up to 5 affection for Kate during the serving game. At this point they will meet inside Kate's room every 2 days. Dialogue will change depending on if they had a relationship in the past and the MC broke them up

5. Claire (Kate's mother) (Max A&C = 15)

1. Talk to her during the day at the inn so you can help her in the evening
2. At 6pm-22pm help her in the kitchen peel potatoes. If you manage 20+ (the event is repeatable) you get +1 Affection
3. at 5+ Affection talk to her when she is dressing for bed
4. If she's at 5+ Affection there is an extra event if you have sex with Kate in the same room she is sleeping in (This will change her dialogue regarding Kate)

5. During the evening at 5+A she will ask you to go in the cellar and get her a bag of potatoes & onions. Take the ladder in the kitchen down to the wine cellar. Down there find the 2 bags (one is hidden on the left wall near the cupboard) and clear all the cobwebs (10)
6. you can steal wine bottles in the cellar to raise your C (optional)
7. Talk to her when she's getting ready for bed and raise her A to 10+

9. After peeling potatoes talk to her again and she will go down with you in the cellar to the marked spot.
10. After the next scene you will now be able to search the small hole in Thomas room. To get in there you must have learned how to lockpick from [Bianca](#)

didn't wait a day the key won't be in the hole) Optional: you can steal money from the box at the bed, this will raise your C. The box contains all the money Kate has collected during the serving game

Corruption

18. After having sex with her once you can choose ask her to give you a blowjob which will increase her corruption

19. You can ask her to have sex in front of Kate if: She has C5, and you have alignment 55+ and you've given Kate sleep-wine earlier that evening

20. If Claire has 10C+ leave her alone for 3 days. Then talk to her outside the inn when she's waiting or talking to Verena. You can now choose to talk to her in private. If you did this while Verena was with you she will come and look for Claire after a while.

18. Talk to Roderic again in his Workshop. Now you have a choice to make:

Take Verena for yourself or share her with Roderic. This choice will have impact on further character development.

19. Depending on your choice you now have to tamper with Roderic's wine or not.
20. Talk to Verena in the kitchen or livingroom.
21. At 10pm wait outside the workshop until Verena walks in then interact with the door
22. Depending on your choices visit Verena in her bedroom at night (If you told her that you're not interested this step is skipped)
23. Visit Roderic in his study and talk about Verena.
24. If you have chosen to go for the Roderic route he will now visit Verena's bedroom again from time to time to have fun with his wife. You can prevent that and also prevent him from taking part in the event in the workshop by interacting with his wine again (Only possible again after the last dialogue about Verena)

10. Emily (Mira's/ Frisha's mother) (MAX A = 28, C = 28)

1. You can raise A with her by giving her rabbit meat (hunting: see Corven or buy them at the inn during the evening)
2. After getting to 5+A and if 7 days after completing the intro have passed, sleep at her place
3. Two bandits will attack, if you manage to kill both (attacking early) the quest won't start and you will only be tasked to find the camp
4. If Emily got captured you now have 7 days to either pay the ransom at the old oak or rescue her.
 1. Rescue her:
 - Walk into the Dark Wood and follow the foot-prints into the deep forest. Inspect the prints near the river, afterwards inspect the

tree

- Back to Arenfield and talk to Tia
- On the other side go inside the shed and interrogate the bandit
- Now you have to search the forest for 3 runes, the locations are random so look around the other maps (entrance, hunting ground, bridge, hidden path, deep forest)

- Under the bed in the shed you can find a chest with gold There is a shortcut to the Old oak on this map

- after your Keystone is charged go back into the deep forest and inspect the foot-prints at the NW edge of the map
 - At the bandit camp you can now try to sneak towards the cave to rescue Emily, if the guards detect you the camp will be alarmed which will make it much harder to reach the cave (wait until the next day to set it back to normal). During the night (20h-6h) it is much easier because the guards aren't patrolling as much as during the day.
 - At the cave you have to kill the bandit (hard without a better armor or weapon, see John and Lucius) and get the keys from his body. Afterwards escape the camp without being detected
 - Should you lose the battle you will lose your keystone, in the forest near the entrance of the camp will spawn a new bandit where you can get a new stone
2. Pay ransom: To get more gold you can talk to Mira every day she will give you 20 silver. Place the gold under the old oak before the time is up
 5. After you paid the ransom/rescued Emily you can now sleep at her place without bringing her food (She will give you a key to her house). Bringing her rabbit meat will still increase her A towards you. **(7 days after the rescue: if you sleep at the storage room the bandits will attack again)**

6. At 11+A visit her room in the evening when she is dressing for bed.
7. Continue sleeping in her bed until she starts playing with you while you sleep.
8. Run into her before she enters her bedroom in the evening (try to peek on Mira)
9. Continue sleeping with her. At some point she will ask you what this is the two of you two are doing. Choose if you want a relationship or just fun. If you already completed Mira's ritual in the sanctum the relationship option for Emily isn't available. On the other hand, If you do Emily's route before Mira and choose to have a relationship with her she will later tell Mira about this and you start a dual relationship/Harem.
10. After 9. if you already kissed Mira and Emily caught you she will ask you what this is you are doing with her daughter. If you tell Emily that you would leave her if things between Mira and you work out she will end the relationship (If you started it), but you can still have fun with her.
11. If you don't have sex with her for 1 day and just sleep in her bed she will wake you again in the middle of the night.
12. To continue Emily's story you must progress Mira's story up to the point where she joins the church
13. Now go to bed with Emily, she will ask you to come with her to talk to Giron the next day.
14. The next morning talk to her when she's in the kitchen and visit Giron
15. During the conversation you have 3 options to continue:
 - Pay Emily's taxes (This will give you 30 days)
 - If you have positive reputation in Arenfield this also gives you 30 days without having to pay
 - Let Emily handle the situation (possible ntr path)
16. From now on you can visit the Mayor to also pay Emily's taxes. You will see their current state in the questlog. **A quick info about the ntr path:** If you don't pay her taxes you can witness her talk to Giron if you enter the Mansion over the river entry and then sneak to Giron's study or use the bookcase. Each time Emily visits Giron things will get worse. She visits him depending on the info in the questlog at 9am in the morning. If you wait in his room it will be 10am. After this happened more than 3 times she will permanently have to visit him even if you complete the quest. If you have ntr disabled this won't happen of course ;)
17. Talk to Emily in her bed again when going to sleep.
18. Have dinner with the family

19. Talk to father Frances in the church
20. Talk to Rick in the morning at the bridge
21. Talk to Emily then gather material
22. You will need a lot of wood, nails (shop), 2 robes (shop), 10 clay (perception search near water (river, lake, swamp)) 20 stones. You will be able to mine stone after you build the scaffolding with Rick
23. Talk to Rick to start building, repeat until he can't continue.
24. Now you will have to talk to Emily before you can build the final part.
25. To continue use the spark indicator near the scaffolding
26. If you didn't already, clean the storage room in Emily's house. You can now build stairs in that room
27. Get to the second floor and talk to Emily
28. Now visit father Francis in the church and talk to him about Emily
29. Leave the church, this will complete the quest!
30. Talk to Emily when going to bed.

Corruption:

1. Each time you cum in her mouth raises it, more and more altering her behavior
2. At 10C and if you didn't fuck her for 3 days she will fuck you in the kitchen after you brought her food (small scene)
3. If you didn't fuck her for 5 days and sleep in the storage till late evening she will come to fuck you (small scene)
4. If Emily has 15C+ and you completed the housebuilding talk to her in the kitchen while your lust is above 50.
5. If you had.. Uhm missing spoiler tag.. more than 6 times anal sex with her she will also be willing to fuck you right in the kitchen

NTR:

1. Fail her rescue quest
2. Fail to often and Emily has sex with the bandit (small scene)
3. After 2nd: Lose to the bandit guarding her. If Imawyn also is at 10C the scene is extended (small scene)

11. Corven (At the desk of the Inn. Monday evening)

1. Buy him a drink
2. After you've given him a drink you can also talk to him in the ruins north of the hunting ground
3. hunt a rabbit to get a hare paw
4. Bring the paw to him, this will increase your hunting skill by one point

12. John (Smith)

1. Talk to him and he will sharpen your dagger for 20 silver
2. Ask him if he would teach you how to work in the smithy
3. Bring him a rusted sword (Drop from orcs and bandits)
4. Use the furnace to smelt 3 rusted swords into copper bars
5. Talk to John again, now you can use the smithy to craft a bronze dagger
6. After creating a silver weapon (see Arianna's quest) John will teach you how to make armor plates from copper which can be used to upgrade your armor pieces
7. After the events around Dave and the Baron (Frisha's quest) the king will ask John to make his delivery
8. Talk to John inside the smithy about it. You now have to bring him 1 iron ore from the mine south of Arenfield. Enter the mine and use the Pickaxe from Lucius shop to mine iron (It will respawn every 5 days)
9. Talk to John again. While he's happy it won't be enough to do this alone. The next step is to convince the Baron to operate the mine again.
10. To do that you must have completed Lyvia's quest up to the point where you have the Bandit camp formed into your base.
11. After you've sent men to guard Arenfield talk to the Baron again. He will want proof that you can deal with the goblins, so **you need 5 goblin ears** in your inventory.
12. Now that he's satisfied and you have still 5 men stationed in Arenfield the next step can happen.
13. Visit your camp and send 5 other men (not the ones that are in Arenfield) to the mine (if necessary you have to recruit them first)
14. After that is done you can visit John to give him the good news. The next day the miners will start working inside the mine. They send 3 iron ore per day to John's smithy. He will make first bars out of them and then if he has enough bars swords. You can help him by using the furnace or anvil. Everytime a sword is forged John will trust you a bit more.
15. After 20 swords are forged talk to John again and visit the Mayor

16. This completes the quest. The part where John helps you to arm your men will be part of Lyvia's next update!

13. Melissa (John's daughter)

1. A week after the visit of the king Melissa will show up at her father's house. (you have to go there and the event will happen)
2. During the day spy at the window near the door.
3. During John's quest you can work on swords for his delivery. Use the anvil and forge at least 1 sword for him.
4. After you've gained 10 trust with John talk to him about Melissa – This is currently the end of her quest. More to come in her next update

14. Imawyn (Bandit leader) (Max A&C = 20)

1. Complete Emily's quest up to 5.
2. 7 days after the kidnapping sleep in the storeroom at Emily's house again and don't prevent Emily getting kidnapped.
3. Talk to Lyvia (at the bridge in Arenfield in the afternoon). You will get a bandit disguise
4. Talk to Thomas (Inn) and buy a bottle of wine, talk to Lucius (shop) and buy (normal) Anesthetic (to get this see 6. Lucius)
5. To mix Anesthetic with the wine you need the recipe from Lucius quest (control your lust). Open the craft menu "C" or over the menu (esc)
6. Visit the camp. If Emily is still captured, rescue her first. At the Rock in the south you can put on the bandit disguise during the evening (If the camp is alarmed or during the day the disguise won't work)
7. Talk to each bandit and give them something from your sleeping wine. After all are asleep enter Imawyn's tent. (after doing this once there is a spot near the campfire where you can offer a drink for everyone, if you have sleep-wine in your inventory)
8. (At this point you should have full Life/Energy, new armor from Lucius and sharpened dagger from John, learned defensive strike from Lyvia) Confront her. To win, use defensive strike every 3 turns starting with the 1. It will still be a tough fight. Should you lose she will take your keystone and instantly capture Emily again. (To get a new stone kill the bandit in the forest)
9. After you defeat her, choose what to do with her. You can now start to corrupt her or turn her in to the militia (last will be continued in the future)
10. If you choose to have fun with her you have to compete with her again the same way you did before. At some point she gives up fighting you and surrenders to your judgment.

11. If you have too long fun with her Lyvia will take care of Imawyn herself.
This will change some of her dialogue and you will fail the quest.
12. After you captured or Lyvia captured her you can talk to her in her cell.
Depending on her corruption and if you captured her or not her dialogue will differ.
13. After each interaction wait a day before you talk to her again. She will ask you for some entertainment. You can raise her corruption with cumwine, or just raise her affection with normal wine. Giving her only wine while keeping her corruption low will lead to her love route, this however will let you miss the scenes with her inside the cell (BJ&sex)
14. See [Lyvia's story](#) to progress further
15. After you completed Lyvia's story up to the part where she is recruitable talk to Imawyn in her cell. If her corruption is >10 or if her affection >5 she will be willing to join you at the camp.
16. Talk to her inside the leaders tent during the evening. Depending on Affection/corruption this will either trigger dialogue that will lead to her love route or will continue her corruption route.
17. More to come in her next update.

Corruption:

1. Every time you cum in her mouth will raise it. Do this after you had sex with her to speed up the process. At 10C enter her tent.. From now onward you won't need to put the bandits to sleep anymore.
2. At 10C if you lose to the guard guarding Emily you will get a small bonus scene

15. Lyvia (Captain of the militia)

1. After Imawyn got captured talk to her in the afternoon near the training field.
2. Visit the barracks (Right door at the Mayor's mansion) and sit with Lyvia during the evening, repeat the next day
3. Talk to Lyvia near the trainingsfield and agree to take care of Imawyn
4. Visit Imawyn in her cell. If her corruption is >10 she will now offer to have sex with you
5. Wait until the next morning and visit the barracks again
6. Now find out what happened at the bandit camp (If you don't want to lose the next fight you should be around level 20+ and well prepared. You can lose the fight, however if you don't want to see an ntr scene with Tia you shouldn't bring her with you (only in ntr on mode))
7. (optional) Frank, one of the soldiers can be saved if you have a healing potion with you. Examine the soldiers until you find him.
8. If you have Tia with you and did complete her story in Rumah up to the point where she's your wanita sleeping in the tent will trigger another scene with her.
9. After you returned to Arenfield visit the barracks again in the evening and talk to Lyvia. Repeat on the next day. Now you can recruit her when she's near the trainingfield during the day. She will join you when you leave the village.
10. From now on Brigands will spawn in the forest (there will be more interaction with them next update) If you lose to them with Tia or Lyvia in group it will trigger an ntr scene (if enabled)
11. Visit the banditcamp and talk to Lyvia near the fire. You can now name your mercenary group. If you pick Lyvia's suggestion she will react to it, But that's up to you ;)
12. You can also visit her in her room at the barracks, only do that after you rescued her.. or it will result in a day at the pillory.
13. Talk to her again inside the camp when she's sitting at the fire
14. The next step is to recruit 5 mercenaries. To do that fight brigands that are now spawning inside the forest and on the field to the east of Arenfield
15. After defeating one of them talk to the defeated brigand and try to recruit him. You can either pay them gold or win a talent check on intelligence (normal or with witchcraft)
16. After you recruited 5 mercenaries visit Giron in Arenfield (The mansion), enter the house over the front door. Inside talk about business with Giron.

17. Visit the camp and enter the leaders tent. Inside there is a star marker on the right side. Interact with it to open the map. Now click on the flag near Arenfield and send over 5 mercenaries. If you rescued Frank he will already be stationed there and you will only need to send 4. Leave the map by clicking the X on the top right corner.
18. This completes the quest and from now on as long as there are 5 mercs in Arenfield you won't have to pay for your house.
Currently there are no more interaction options for the map. This will change in the future. If you let me work on content for Lyvia again.
19. Lyvia's love/corruption route: After you started to recruit mercenaries you can start a relationship with Lyvia. To do that you have to increase her affection to 10. You can do that by visiting her inside the barracks at night before she goes to bed or by sitting with her at the campfire. By giving her wine you will increase this by another 1. If Tia is with you she will also benefit from that. If you give her cumwine at the fire this will increase her corruption. You only need to do it twice then there are other options to further increase her corruption.
20. At 10 affection make sure you're alone with Lyvia at the fire (If Tia is also there talk to her and send her to chop some wood)
21. Now Lyvia will start to tell you more about herself. Afterwards you can take her hand to get some more reaction from her.
22. After you done that 3 times the MC will kiss her. This now opens the option to visit her at her tent.
23. After she went to her tent go there and she will ask you to come inside.
24. If you have sex with her this opens up the option to have sex with her inside her room at the guard barracks, she will also give you the key to her room if you sit with her at the table in the barracks.
25. If you started to corrupt her she will now also offer to give you a blowjob. This way her corruption will increase further which changes part of her dialogue. At 10C she will also have no problems when Tia gives you a blowjob (jerk off).
26. NTR: If you lose to the brigands there is a random chance they either ask Tia/Lyvia for pleasure favors.. If you only have one of them in group this limits the options ofc. After Lyvia gave 2 blowjobs the brigands will ask for more.
27. NTR: If you take Tia / Lyvia with you into the mine and lose a fight against the goblins it will trigger a scene with one or both of them depending on who you've in your group
28. NTR: If you lose against orc brutes with Lyvia & Tia in group it will result in a scene

16. Maui (Female Orc): (A&C = 20)

1. Lose to the orcs during the hunt at the hunting ground
2. Defeat the female Orc when they attack you during the hunt (if Tia is with you and her C is at 10+ she will watch you and masturbate)
3. After defeating Gurtak (see Tia's quest) talk to her at the orc camp. Depending on the time you will have sex outside or inside her hut. If Tia has C15+ she will join you.
4. If Tia has C20+ and she is in group with you while you fuck Maui: Fuck her for a while and then change position. You can then include Tia into the sex scene.
5. If you had sex two times with Maui & Tia, Tia will now join in from the beginning

NTR: If you send either Tia or Raaisha to fuck with the orcs, they will interact with Maui during her sex scene if you fuck her outside of her hut

17. Bianca: (Arenfield, near the Darkwood to the north)

1. Talk to her during the night (0:00-6:00)
2. Wait a day and then talk to her again. She will ask you to find a way into the mayor's mansion.
3. Give the guard near the bridge wine and enter the cave near the river
4. Return to Bianca and tell her what you found out, she will teach you how to lockpick
5. She offers you more rewards if you break into the mansion and steal a stone for her
6. See mayor's mansion on how to get in
7. Wait past midnight and move to the door SE on the 2nd floor. Be careful to not get caught by the patrolling guard and don't try to get there if the house is alarmed!
8. Open the door with lockpicking. If you fail and the guard comes close get in the room to the left to hide.
9. Once inside pick up the stone and loot the box for extra gold
10. Return the stone to Bianca, she will offer you to join her to get to know her master.
11. Wait a day then talk to Bianca again, she will lead you through a hidden path to her home
12. After the conversation with her master (This starts a new quest) go to her room at 6pm and talk to her to learn how to sneak. Since this completes

her part on Gavina's quest I will continue to document it at her section.

- Talk to Bianca outside her house at night (she goes there every 2nd night)
13. Talk to her again inside her room at 6pm and agree to kiss her (you can of course stop before that if you don't want any relationship with her)
 14. The next day talk to her again at 6pm, she will suggest a fair exchange of knowledge. This opens the options to start training with her to improve your stealth skill.
 15. You can always repeat an already seen scene by kissing her and then selecting the scene you want
 16. To unlock the new stages you have to increase your thievery talent.
 17. After each new training session you must wait a day before the next can be done.
 18. There is now also a small stretching scene when Bianca leaves the house every 2nd night to visit Arenfield. Visit her in her room at midnight before she dresses
 19. The fourth time you do the training with her (at 5 Thievery skill points) you have to make a decision weather you want to go the corruption or love route with Bianca.
 1. Love route: After you had the talk with Gavina visit Bianca's room. (If you already started having Sex with Gavina this will bring up a choice about if you want to continue the things with Gavina)After that some dialogue will change and you can now sleep in Bianca's room with her if you visit her at 9am when she goes to bed.
 2. Corruption route: If Bianca is already corrupted enough (5+C) or if she had sex with goblins too often (5+times) she will be fine with having sex with you. If you passed this point and she wasn't ready yet you can get to this by kissing her naked during your "training" with her.
 20. If Bianca is at 5C+ and not satisfied (Bianca had no sex on that day, only on love route) she will now start masturbating in the morning. If she's on the corruption route she will do this every morning now.
 21. At 6 Thievery Bianca will teach you the Backstab, while in stealth you can now by touching an enemy try to kill him instantly. This will depend on a dexterity check which will run in the background.

18. Gavina (Bianca's "master")

1. Complete Bianca's story up to the part of meeting her.
2. To continue her quest talk to Bianca in her room to learn how to sneak
3. Go to the south of Arenfield and enter the Southern road, from there

- you can get into the mine
4. Be careful to not let the goblins see you! If they do it will trigger an attack of multiple goblins and the original mob will still be on the map.
 5. To eliminate the goblins attack them from behind.
 6. In the middle of the mine there is a camp with a chest behind a cart, you can use your sneak skill to get to the chest without being seen. (If they see you you better have Lyvia & Tia in group to kill the whole camp)
 7. In total there are 3 camps inside the mine, If you clear them all the remaining goblins won't get any help if they call for it
 8. After you claimed the stone from the chest return to Gavina and talk to her.
 9. Now you can talk to her again and then escort her through the mine to the northern area where the entrance to the dwarven enclave is. Goblins will spawn along the way. So be prepared to enter stealth mode **Careful**: In case you don't want ntr content you might want to be prepared for what comes next. (you should either complete Gwen's quest up to the point where you learn to cast Soulsteal or Have a silver arrow with you from Arianna's quest)
 10. Inside you now have 3 options. Option 1 & 2 will require the quest progress I just mentioned. Option 3 will direct you to Gwen. You now have 7 days to rescue Bianca&Gavina. If you fail you either lose (if ntr is off) or they will adapt to their situation.. You can always try to rescue them even without the spell with Lyvia & Tia in group for some extra content for them.
 11. Back at home The quest is complete and it will continue with Gavina's next update!
 12. However now that Gavina was at her hometown her inner fire has become active again. If you sleep in her bed and she is there aswell she will wake up. If you already started a love relationship with Bianca this will put her at an inner conflict which you can solve by talking to her.
 13. If her affection is at 13+ she will await you inside her room in the morning (she goes to bed at 9am)

19. **Natasha** (Priestess at the church)

1. Talk to her during the day when she's near the statue in the church and talk about your curse
2. You must have 70+ alignment to continue and have [Lucius](#) quest "control your Lust" completed, inspect the fountain in the church past midnight before 6am (hide in the cellar/use a lockpick).
3. Hide in the basement until 8pm then walk upstairs and taint the fountain
4. The next morning watch Natasha drink water from the fountain
5. Now you need to lockpick the door to the sleeping quarter ([Bianca](#)) in the basement
6. The next day you have to repeat these actions and watch her drink and then when she's in her room from 4pm-20pm spy on her from her door. You can talk to her about her being a priestess during the day (while she's near the statues) to see how her attitude changes
7. At some point she will start to masturbate and after watching her you can enter her room.
8. At this point you now also have the choice to stop her breast grow. To do that buy a strong anesthetic at the shop and pour it into the fountain after midnight. This way if Natasha's breast haven't grown to max size she will stay true to her goddess. If Natasha ever goes to max you can still reduce and then expand her breast-size afterwards. But once at maximum her behavior will change forever.
9. You can also talk to fater Francis during the changes to get his reaction to Natashas changing condition

NTR:

- When in her room choose some of the options that do not involve having sex with her. Then once available choose that she should visit the pater. After that watch at his door. From now on if the player didn't interact with her that day she will visit the pater at 8pm. There are 2 different animations that play at random when spying on them.

20. **Ophilia** (Merchant, she is in Arenfield every Thursday/Friday)

1. Talk to her on the marketplace
2. Talk to her again in the evening in the tavern repeat this until she is willing to have sex with you.
3. You now have the choice to fuck her while she is still drunk or wait and talk to her the next morning

4. The next day talk to her either at her cart or in the tavern. Depending on your choice you she will now either start a love relationship with you or will turn more and more into a whore (this will be extended in the future)
5. To finish the love route or to confront her enter her room at midnight (need lockpicking) and talk to her.
6. Either route, after you had sex with her 2 times you can ask her to take off her clothes, she will now also be willing to give you a blowjob which you can use to increase her corruption

21. Penny (Farmers daughter, in the south of Arenfield) (Max A&C = 20/30)

1. After the intro is complete talk to her while she's on the field and agree to help her
2. After the house tour is complete open the chest at the end of the floor, it contains the tools to work on the field.
3. There is now a favor based system in place. Every action you take on the field gives you +1 favor with Penny. Sleeping in her house (-1) and having dinner with her (-4) reduces this favor.
4. Work on the fields, plow, plant seeds and water the fields (You can refill your watering can at water trough near the fighters pit in the NE of Arenfield). Each action will take a lot of your Rest, if you're tired you can use the bed in Penny's house to regain it. There is no need to make all fields useable at once! Take your time and do this when ever there is energy left. By watering the fields you will easily gain enough favor with Penny.

1. Further details on the farming system:

- Each crop will also grow without being watered. Each watering will reduce the grow time by 1. So normaly it would take 20 days, if you water them every day it will take 10 days.
 - Wheat can be grinded into flour inside Penny's house, she will then bake bread out of them. Selling one to Thomas and placing one for you on the table near your room
 - Other vegetables can be given to her when she's on the field. She will sell them every Monday and gain money by doing this.
 - If you run out of seeds you can ask her for more during dinner. If she has no money left you can donate her some and she will buy seeds the next day
5. After you've planted the wheat seeds talk to Penny on the field. She will give you more seeds and advance the story.

6. Have dinner with Penny (6pm) to gain her affection. If you work on the fields from time to time this should be no problem. Do this until she asks you to talk to her on the field.
7. Talk to her on the field to trigger the next story event. If you already played through Tia's content up until the point where you were introduced to her mother Katherin you now have the option to ask her for help. Otherwise there is only Lucius. (If you choose Lucius this will enable optional future ntr content with him, if ntr is enabled)
8. Have dinner with Penny. This will now trigger a 14 days timer at which end Henry will recover.
9. Until Henry recovers you'll have time to corrupt Penny (see her corruption part) or you can just go somewhere else until the 14 days are over (there will be a notification when you enter the Arenfield map)
10. Visit Penny's house to see a dialogue with Penny and Henry. If you did corrupt Penny up to anal she will afterwards have anal with you in the kitchen. If you didn't do that (not given her any cumwine) you get instead the option to kiss her.
11. The next day talk to Henry near the field (at 9am)
12. Have dinner with Penny at 6pm
13. If you've chosen Lucius to help Henry Penny will now talk about it. This will lead to her talking to Lucius about this on a Monday morning. Lucius will then offer her a shady deal which she will accept. You can pay off her debt if you like. Otherwise (and only if Lucius has the MC's cum) he will start corrupting her (won't go over her maximum corruption value)
14. The next day at noon Henry will visit Dave. You can sneak into the Mansion over the river as usual (see [the Mansion](#))
15. Walk up to Dave's room upstairs and interact with the star next to the room
16. After the conversation you can sneak behind the bookcase in the baron's room and listen to Dave and Giron talking about Henry. If you don't do it they will have their conversation during the coming day and you could miss it.
17. Have dinner with Penny. (maybe want to save before if you want to see both routes) During dinner you now have the option to tell Penny about what you've heard.. or stay silent. In case of ntr off mode this choice will be made for you.
 1. Tell her: You will now kick Henry out. After that go to Penny's room. Depending on her corruption progress the scene will play out different with also different dialogue.
 - In the coming days you can further improve her affection for you by

working on the field and having dinner with her. Raise her affection up to 25+ and then sit on the bed with her again. This will complete the quest.

At all time you can also corrupt her to enable anal content. Her dialogue should always fit the situation. If there are problems please tell me and I'll fix that!

2. Stay silent: Henry will now ask Penny to sleep in his room. She will do so every 2 days now. If you did already hear the conversation between Dave&Giron the next day if you have dinner with them Henry will tell That he's now starting to work at the mansion. (If you didn't have it you can either still listen in on the baron or wait until you get the notification on the village map) In both cases you will have to have dinner with them afterwards. This will complete the quest.

- now every 2 days Penny&Henry will cuddle in the evening at 10pm, after the 5th time that happens they will have sex. This will also happen if you're not there. **You can prevent it if you drug Henry's watercan with anesthetic from Lucius shop.** This can be reversed should you change your mind.

You can now continue to corrupt Penny, If she reaches 20 corruption and you have anal with her in her bedroom more than 5 times the MC will now ask her to have vaginal sex. If you've drugged Henry this can lead to being the first with her before Henry (Dialogue should adjust, please let me know if there are bugs!)

Penny Corruption:

18. After completing Penny's story up until the point of Henry's return you can now offer her cumwine at dinner. (You need to complete Lucius quest to control your lust, Then you can use the craft menu (esc → Craft) to create cumwine, wine can be bought at the inn from Thomas at 5pm+) You can only do this if you have enough favor with her, so work on the field from time to time.
19. After giving it to Penny wait until midnight outside of her room. When she reaches her room she will now start to masturbate. For the next step you must have learned how to use a lockpick (Bianca). Break open her door and watch her.
20. The next day give her more cumwine at dinner, she will tell you about a vision. Now wait until night. When she's praying spy on her and walk in (this will advance the dialogue option the next day).
21. Have dinner with Penny and give her cumwine for the third time. She will

talk about the past day and her prayer.

22. At night spy on her again while she's praying and walk in naked. If she has corruption 3 which should be the case if you followed this guide she will allow you to stay.
23. The next day talk again to her at dinner (no need to give her more cumwine but you can do so if you have enough to further increase her C)
24. At midnight when she's masturbating watch her again and enter her room.
25. Do this again the next day. After that you either make her give you another blowjob or give her cumwine so that she's at 6+C
26. Walk in again while she's masturbating this will now trigger her next scene. If you have the lubricant from [Tia's anal quest](#) you can speed up the next part.. If not it will take a while for Penny to get used to.. uhm it.
27. After the 4th time you will also enable another animation for her.
28. If her corruption is above 10 she will ask you to do stuff with her after the prayer. If you fucked her 5+ times you can have sex in there right next to Henry.
29. If you did have anal sex with Penny at least 3 times and her corruption is >15 talk to her on the field. If you have neglected her for more than 3 days she will be desperate for a fuck

22. Gwen (Witch inside the cottage)

1. After completing the intro talk to her inside her cottage and have sex with her (4 times) until her corruption is at 20 (You can see her current corruption in the relationship menu) She will now lose corruption every day. If she reaches 0 she will return to her old form. To progress her quest you always must help her to stay in her new form.
2. You now have to learn how to read (see [Mira](#))
3. Talk to her again and ask her to become her apprentice, this will start the quest "An Unholy Hunt".
4. Enter the swamp and walk around it until the MC tells you that you have to search inside the cave.

10. After completing the puzzles talk to Gwen when she's at the cauldron (again she has to be young) and talk about becoming her apprentice. That will conclude her current story.

23. Sabrina

1. After completing the 3rd Puzzle of Gwen's storyline talk to her in the evening (8pm+) while she's sitting on her bed
2. Do that every day (there are decisions to be made while doing it) until she tells you to come and visit her later
3. When she's sleeping uncover her to start the next conversation

24. Rumah Village (Follow Tia's questline to get here)

1. Hiba: You can corrupt her by giving her cumwine (Use wine in inventory while you also have a vial of cum (see [Lucius](#) quest))
 - After doing this 5 times (a day has to pass each time) she wants to leave her husband. Tia must have C11+ or you have to leave her at her mother or at the hut. You have to win against him in a duel (will also drop a leather armor you can equip on Tia)
 - In post scenes with Hiba Tia will react to you being with Hiba depending on her C. This will also reflect in the sex scene with Tia in your hut.
 - If you don't fuck Hiba for 3 days she will visit you while sleeping in your hut in the morning
2. Ayita: After you brought Palak the meat he asks for talk to him again. He will tell you that he's in love with Ayita and wants her to notice him. [See Ayita](#) for more information
3. Umin: After bringing him wood talk to him again, for 5 Elderwood he will give you a new bow

25. Hiba

1. After you challenged her husband Tomak to a duel for her hand and won it will take 7 days, then Tomak will decide to kick out Hiba. (Raaisha needs to be in Rumah at the time)
2. Raaisha will take in Hiba into her hut. You can now visit her there. If you already completed Raaisha's story up to the point that she is your wanita or you went the Dasan route you can have a 3some with both of them. Interact with Hiba to start this or climb up into Raaisha's hut at midnight.

26. Nyra (Chieftains wife)

1. After her husband gets killed there are different scenarios for her depending on your choice how to deal with Dasan. (See [here](#))

2. Talk to her and tell her to make herself useful as a cook. She will agree to this
3. To trigger the next step you must have sex with 3 of the 4 other women (Ayita, Tia, Hiba, Raaisha) near the fire while she is cooking. See their routes and you should figure out how to do it.
4. After that talk to Nyra and ask for soup, after she gave you some ask for another bowl. She will offer a deal to give you a blowjob.
5. After she gave you 3 blowjobs (Even if you prevented her from getting corrupted with Lucius potion) talk to her when she isn't cooking.
Depending on the route she is on she will offer to become your wanita.

27. Ayita (dancer at Rumah village)

After you brought Palak the meat he asks for talk to him again. He will tell you that he's in love with Ayita and **wants her** to notice him. There are now 3 options to proceed (maybe save before):

1. Send him on a dangerous quest: He will leave the village. Follow him outside and search for tracks near the stone where Raaisha attacked you.
 1. With your hunting skill you will find tracks that lead to a cave where you have to fight a bear. There is a way to skip the fight if you quickly interact with Palak's body and leave the cave.
 2. When entering Rumah you will inform a guard that Palak is dead.
 3. Now talk to Ayita and tell her what happened to Palak.
 4. Afterwards talk to her again (see love route).
2. He will ask you to show him how to talk to Ayita so he might learn from you. This will open up the netori love route. (see love route).
3. **NTR route:** Give him a bottle of Cumwine. Talk to him again in the evening when he's sitting at the fire. Do this 3 times and Ayita will become corrupted enough for a small scene. **This will lock up the other options.. The only way to have more interaction with Ayita now is to declare Rumah women free for everyone.**

2. Love route:

1. Ayita is a material woman. Poor Palak didn't know. She's unable to develop real feelings.. Maybe the MC will be able to change that in the future.. For now you can increase her affection by giving her Jewwelry (brooch,ring, neclace) or wine-bottles to increase her affection. For each gift you will gain 1 favor from her.
 1. Once per evening you can now ask her for a dance. You should be at affection 2+

2. Dance with her again, you now have the option to take you cock out.
 3. The next day you dance with her you have the option to fuck her after you've taken out your cock
 4. If her affection is below 11 she always wants another favor before she offers more.. After 11 you won't have to gift her anything.
 5. After you had sex with her 5 times you can now also ask her to have sex in the morning when she's sitting at the fire.
3. NTR route: This one is quickly explained. Depending on your route (Dazan/Chieftain) you have the option to talk to Umin and make every women available in the village. On Dazan's route this is the standard. Now you can dance with Ayita at the fire and have sex with her.

28. Mayor's Mansion

1. To get in you need to bribe the guard near the bridge in Arenfield with a bottle of wine
2. Move up to the path where the river moves under the mansion to find the

secret entry.

Once there you need a torch to continue. This can be found in the MC's house. (Either visit the mayor and pay 20 gold or if you started Bianca's quest you can open the door with lockpicking after midnight)

3. The torch is inside the MC's house on a barrel near the window
4. Once below the mayor's house you need to open the door via strength or lockpicking (don't bother with the right door, even if you lockpick it now it won't open)

5. Before entering the mansion: Prevent to be detected by guards or the people in the house. If you completed Emily's quest you can choose to put on the bandit disguise you still got. This will prevent you from suffering consequences when being caught. But It will alarm the mansion. So after getting caught one day has to pass for everything to go back to normal. If you get caught undisguised your reputation in Arenfield will drop
6. Walk inside the library or office of the mayor to find a secret door at the bookshelf. **You need at least 1 point in Perception to find it (Talents)**

There will be a notification that you notice fresh air. Then check the shelf to make a talent check. If you get close to the shelf and no notice pops up you have to click the shelf again to get another chance.

7. Once you find it, move to the basement. Down there you can find a key for the door in the bucket in the SE corner of the room. Now remove the bag in front of the door to make this shortcut available. There is also a letter on the bed you can read. This will add a picture of Yasmine to your inventory (can open it again under key items)
8. Move up into Giron's office inside the bookshelf you can now also use the option to stay. If you are inside push enter or click on it to interact.
9. In Giron's office read the letter on his desk to gain knowledge about the baron of Kirlic
10. Now you got everything unlocked to do Frisha's and Yasmine's content

NTR: You can exchange the bottle in the servant's sleeping room with cum-wine (created with wine-bottle+cum vial) In the evening at midnight Julia will get +1C after she done this 5 times she will have sex with Joseph before going to bed (**only if you did deny her the love option during**

Yasmine's dialogue)

29. Julia (maid in the mayor's mansion)

1. After you had the scene with her and Yasmine talk to her again when she's in the kitchen. If her corruption is high enough (>6) she will now offer you to fuck her anytime you want. Alternative: If you didn't interact with her and then ask her father to marry her you won't have to corrupt her. There isn't any sex scene on this route at the moment unless you corrupt her afterwards.
2. If you already told Julia that you aren't interested but then ask her father to marry her you will go back to the love route with her.
3. Talk to her again and ask her for a quickie
4. (NTR) If you now tell her that she should improve she will think about doing just that with the help of the butler. If she has C5+ she will have sex with him at midnight. If you then stumble in and wait until they see you (undisguised) you will be put under arrest, but it will allow you also new dialogue with Julia in the kitchen. You can now continue this road.. The next time you stumble in on them the butler will tell you that he will train her further for you.
5. Depending on if you chose the ntr route (4.) you will have to either complete step 3 or 4 before this can happen: If you completed John's quest up to the point where Julia brought tea to the mayor while you were visiting him (The step where you can send men to the mine) she will tell you that her father wants to see her.
6. Use the bookcase in Giron's study and "hide and listen" while he is in there. Julia will now enter and they will have a small conversation
7. Talk to Julia in the kitchen. This will now also change the scene with her at the piano with Yasmine

30. Liandra (Future baroness of Kirlic)

1. After completing Frisha's quest up to the point where you either freed her from Dave or they now regularly meet to fuck sneak into the mayor's study again and "hide and listen" inside the bookcase. The baron will then tell Dave that Liandra is going to arrive soon in Arenfield. If Frisha is still in a relationship with Dave, Giron will tell him that she can no longer come for dinner.
2. 3 days later a carriage will arrive in Arenfield, visit Giron's study again and listen in while he talks to the coachman (same way as before)
3. Leave the house and inspect the carriage near the inn
4. Visit Giron, use the front door this time. Giron is desperate and willing to

pay you with 50 gold. But instead of taking that gold you can also ask to marry Julia (only if you already got to know her) Depending on your former deeds (If you already helped the baron with the mine) he will agree to that, if you didn't already help him he will give you the option to further prove your worth to him before you then get to marry her.

5. Leave Arenfield to the east and follow the road until you get to the bridge where Oliver is standing. Talk to him about the carriage.
6. Inspect the indicated position next to the bridge. You will have to complete a hunting check to continue (will require energy so come rested)
7. walk to the north near the ruin you will find the next stop, next check.
8. Walk to the west, near the tree at the river you will find the 3rd spot, next check
9. Leave the map to the north and enter the eastern Darkwood
10. near the tree stump you will find the next marker which points to the east
11. Here there are no more tracks, but if you inspect the vines near the mountain you will find a hidden cave.
12. There are brigands in the mine (level 20+) so you better bring Tia/Lyvia with you. Also if you use the sneak talent from Bianca you can attack the brigands from behind. If they don't see you coming they won't get alerted and the fights will be a lot easier.
13. Kill all brigands in the cave (one of them is in the North east) then talk to Liandra and free her. Her clothes are in the chest in the same room.
14. After you've given them to her you have to make a decision. (might be a good moment to save) Talk to her again and the MC will have a small monologue
15. There are now 2 options:
 1. Don't bring her to the Baron. If you already taken over the bandit camp you can bring her there. After that talk to the Baron, he won't be happy that you couldn't find Liandra and the quest will fail. If you asked to marry Julia Giron will tell you that you have to earn her (there will be a way to do so in the future) This will enable a route to have fun with Liandra at your camp and in the future to return her to Kirlic.
 1. You can now report to Giron that Liandra is lost to him. He won't be happy, but it's not the end of the world.
 2. Back at the camp talk to Liandra at the fire. You will tell her that she can take a bath in the cave. (you can now spy on her, just be careful to not stay too long)
 3. A new quest should start (if it doesn't don't worry you can still do the next steps) You now have to find soap for her in Arenfield. You can either steal it from the inn or the baron's kitchen. (a white

square on the ground near the wash bucket) – If you steal it from the inn there will be a scene with Claire and Thomas in the future, but it's currently just planned and not implemented.

4. Talk to her at the fire, she will ask for a book. Sneak into the baron's library and go to the shelves in the upper left of the room to find a book. Then talk to her at the fire again.
 5. She will read the book in the evening in her tent. That will raise her corruption to 1. She will now masturbate every 2 days in her tent in the evening.
 6. The next step is to organize a party to lift everyone's spirit.
 7. You must have completed Imawyn's story up to the point where you can have sex with her at the camp. Talk to her at the fire about the party and she will agree to play should you bring her a violin
 8. You can buy one at Lucius shop (in the middle of the room near the crates), it will cost you 5 gold
 9. Return it to Imawyn, she will tell you that she can't play without new strings. In Arenfield either wait for Ophilia to be in town with her horse, then wait until she's not near it and interact with it OR should you already have bought it from her visit the barn and cut a bit from the mane there. Return it to Imawyn at the fire.
 10. Find 2 dresses for Liandra & Lyvia in the baron's mansion on the 2nd floor. One is in the wardrobe down right and the other top right in the baron's bedroom. Bring them to the women when they are both at the camp
 11. You now need 3 bottles of wine (can be bought from Thomas at the inn) place them near the fire.
 12. Now everything is prepared and when Lyvia is near the fire you can start the celebration.
 13. When the others go to their tents you can ask Liandra for another dance. (only if her affection is at 6+)
 14. You have to repeat the party, then when her affection is at 10+ you can kiss her (if it's lower don't do it to get an extra affection point)
 15. The next day talk to her at the fire. You can now have fun with her in the evening at her tent or when you start another party. She will also no longer be mad if you spy on her in the cave.
 16. Should you leave her unfucked for 2 days she will masturbate in the evening in her tent.
2. Return her to Giron. You get the option to ask John for a chastity belt. If you completed his quest up to the point where the mine is working again he will agree to make it. You have to give him 3 iron bars. If his

quest is already completed and there are 3 bars in his smithy he will use these instead. - Liandra can now be convinced to wear the belt, that will disable all future ntr content with Dave and add some scene where the MC can play with her when she's desperate to get off. If you want ntr with Dave don't let her wear the belt. - The next choice is to warn her about Giron's medicine. Yasmine's body has been transformed to her current state. If you warn her Liandra will stay the way she is.

1. After bringing her to the Baron sneak into his study and listen to the conversation between him and Dave.
2. A new quest should pop up, now visit Liandra in her room (careful with the guard (wait until he sleeps), If you didn't break into the room before you need to learn how to lockpick first)
3. During the conversation Yasmine will visit the room, Liandra now has a new dress.
4. Sneak into the dining room of the mansion and wait for dinner
5. After dinner when Liandra is in Dave's room listen in (has to be on a day where Frisha isn't visiting)
6. visit her in her room afterwards. Depending on your previous choices she will now undergo drastic changes or not.
7. Now you have the choice to corrupt her by placing cumwine in Dave's room. (if you didn't exchange it when Frisha was there you don't have to do that). The other option to just save her by talking to the baron of Kirlic isn't in the game yet.
8. You can now watch her when she visits Dave and spy on her in her room. Make sure she notices you when you spy on her. She will get used to it and eventually she wants more (at 3+ Corruption)
9. If you do it right you can have sex with her before Dave does. If you locked her into chastity you don't have to fear about Dave. Just make sure she has seen you when she masturbates. Then walk in on her when ever she is sitting in her room.

31. Yasmine (mayor's wife) (Max A&C = 10)

1. After reading the letter in the mansion (see mansion 9.) talk to her when she's sitting in the living room. (make sure to do this **without** being disguised)
2. Choose knowledge or if Intelligence > 3 choose int. to introduce yourself to her. Alternative: If you only talk to her after asking to marry Julia you will introduce yourself differently which will also change the the rest of the

dialogue.

3. You can now talk to her every day to raise her affection for you. Start with kissing her hand until A4, Then start kissing her Neck until A7, then kiss her for A8
4. At 10pm she will move to her room. try to enter (house has to be not alarmed) after she's in there and watch her then choose "enter the room"
5. The next time you do this you can choose to switch positions until it's past midnight and Giron enters the room. If Yasmine's C>5, she will ask you to continue after her husband fell asleep. (if ntr is enabled) should you decide to leave her then she will have sex with Giron instead after you left the room.

Corruption:

1. After you've talked to her during the day you can masturbate into the teapot in the kitchen. Then during the evening watch while she drinks the tea to raise her corruption
2. At C3+ She will start masturbating in her room at 10pm
3. At C6+ there is a new scene with her in the morning/evening
4. Talk to Julia in the kitchen so she is added to your relations
5. Talk to Yasmine when she's in the livingroom (7am - without Julia, 8pm - with Julia)
6. When she asks you if you will come and visit her later on you can now choose "right now"
7. If Julia is in the room (8pm) she will now watch you closely if not the dialogue will be ofc without her presence
8. If Julia watched you you can talk to her when she's in the kitchen the next day
9. You can now either choose to give her hope or don't do it (If you don't then there is no more content with her)
10. Now talk to Yasmine again at (8pm) and continue afterwards

NTR:

1. Raise her C to 6+ and watch her masturbate with her affection for you being below 8. then at midnight Giron will fuck his wife
2. If affection is above 8 tell her during the day you will come to visit her but then don't do it and she will also fuck him instead at midnight

Tips and tricks:

Talent Checks: Talent checks are explained in more detail in the ingame tutorial.
Go to inventory > Key items > tutorial gem

Health:

Food: If you keep food above 70 you get a regeneration effect which lets you heal faster, If it drops to 0 you will get a debuff in combat

Rest: If it drops low you will get a debuff in combat

Combat: Once you payed John to upgrade your dagger make sure to switch to it in combat using the arrow keys (← →) Use Quickshot when you got 20 TP. If in a harder battle try to keep the block buff from Defensive Strike up.

If you want to lose a combat situation on purpose Talk to Katherin (Tia's mother) she will give you a Feint death potion

Crafting: There are items that indicate that they can be used for crafting. The crafting menu can be opened with "C" or via the menu. You will learn more recipes over time and some need a special location like the smithy or workbench to be build

Hunting: To increase your chances of succeeding in the hunting check increase your skill and try to get to the target without being seen. If you are spotted wait a moment then try again otherwise your chances are decreased. At skill 3 of hunting you will never miss a shot on an unaware rabbit and at 5+ you won't miss on a deer

Money problems:

- After you completed Lucius quest line you can buy empty vials from him and sell potions to him for 20 silver each.
- You can steal wood from the inn and sell it to Lucius
- Killing orcs/bandits will often reward you with coin pouches which you can open in you inventory (20+ silver)
- Skill at least 1 point into perception so that you are able to detect hidden items you can sell afterwards
- After Corven's quest you can sell the fur you get from a rabbit, wolf, deer
- Once you finish Tia's questline and take charge of the Rumah village they will collect resources for you which you can sell

That's it, more to come in future versions.
