

Hey mamita. You excited for your first pride as yourself? Oh, are you feeling nervous sweetheart? Babe I'm gonna be right there with you. If anyone bothers you I'll handle them okay. And our friends are gonna be there with us too, how often do people want to take on a whole group?

I know, I know. I don't mean to be like, dismissive or anything. I know it can be scary. And I can understand why you're nervous. But I'm really proud of you, and I just want to let you know I'm gonna be right by your side. If you're having any second thoughts it's okay, but I want you to know I'm gonna do everything in my power to keep you safe, okay? Okay. [kiss] I'm just excited to go out with my hot girlfriend.

Hm, what's wrong with the outfit you chose? I don't know, I love it. You wanna try something different? Hmm.. you wanna borrow something of mine? Okay let's see. So, you've got those pretty legs, let's emphasize them with a long line silhouette. I'm thinking something real ethereal like a long dress, what do you think? Okay, I have this one kind of cottage core one with a little corset detailing, you wanna borrow it? Or I have this one goth one I really like with lots of cool textures in the fabric that just drape on the figure so nicely. Which one do you wanna wear? Okay, the fabric is pretty light and it's nice and loose at the bottom so it shouldn't be too hot today. Let me just get the back for you and.. Oh you look so pretty! That dress was made for you, you've gotta borrow my clothes more often babe.

Hm? You want help with makeup and hair too? Oo fun, I love dolling you up. Did you already do your base? Okay good girl, now what look are we going for, sex vixen or innocent puppy eyes? Yeah of course you chose that one. [giggles] Let me just get my eyeshadow palette out. Hm?

[light music in background]

Okay lay down, let me get on top of you. To do your makeup of course. Close your eyes. Okay let me just put on the primer, and now the blending shade, and then the main shades. And let's do a little liner to bring it all together. Do you wanna do lashes today? It's gonna be hot mamita but it's up to you. Okay. [pause] Alright now let's do the lips. Tuck your lips in like this, not too much. I'm just gonna line them for you. I've been really liking this trick lately of using eyeshadow to line the lips instead of lip liner, what do you think? Yeah its pretty right? Nice and soft. Hard to be this close to your lips and not kiss you, I don't wanna mess it up, right? [giggle] No I can't I can't. Ah [squeal] [kisses] Fuck now I have to fix it. [giggles]

Okay now for the hair, you want me to help you style what you have or you wanna try one of my wigs? Remember it's gonna be hot, and even though I have some glueless units I still have to blend the lace. But it's whatever you feel best in. Okay let's do that. [hair brushing] Let's just get some product in there and... just a little fixing up here and here... okay. Perfect.

Oh princess, you look so pretty. I might have to get a lil territorial today. There's no way the other girls don't try to get a piece of you. [giggles] But I kinda like it in a way. Showing you off, letting all the girls see how pretty my girl is. I can't decide if I wanna let

them think they have a chance or if I wanna snatch you from em and leave hickeys on your neck, mark you up so they know you're mine. Mm.. Okay we need to GO before I mess up your makeup again. Yeah I'm sure you *would* like that, we can do that later okay. Okay ONE little kiss, just a peck. [kiss] [more intense kiss] ugh okay let's just take the lip stuff with us because I'm probably gonna have to fix this a few more times. [giggles] Come on, we just got our clothes on, we can't be taking them off so soon. Our friends are outside, let's not keep them waiting.

— scene 2, gay bar

Hey babe, I'm ordering drinks. Does your usual still work for you or you want something else? Okay princess.

Mm, you're welcome baby. So, Robbie and Devon were out late last night after their show if you get what I mean so I don't think they're showing up. But Terri's still coming, she confirmed.. I haven't heard back from Syd yet. But I heard a lil rumor that Syd's got a lil girlfriend she might be bringing. [laughter] Yeah, apparently she just showed up last night with some girl. Terri was surprised too. But, it's been a while since we've seen her with someone so I'm happy for her.

It's nice we got to sleep in but I'm sad we ended up having to rush out. Just for no one to be here when they said they would [laughter]. Yeah, and then I gotta look at how hot you look tonight and behave. Wish we would've had time to uh.. Release some of the tension, I guess.

[low voice] You know.. If we're gonna be waiting anyway. We might as well fill some of the time up. I think we still have that one toy bag in the car from that one camping trip we took. Back home? Oh no hun if we go back home we won't leave back out. [laughter] I think our safest bet would be to just .. stay in the car. What do you think? — *cut for patreon*

Babe, we can just park somewhere a bit more discreet. Plus the potential of getting caught or someone hearing us is kind of part of the fun. Come on, we did it on our first date, it might be nice for the memories. Remember, we met up at the dive bar and got a drink and you couldn't wait to jump on me. Yeah, and you were all cute and shy trying to convince me you weren't a slut but you couldn't help yourself. [laughter] I did NOT have a fuckboy outfit on. Oh my god. [laughter] Yeah I got so pissed when those college kids started getting curious I had to go tell em off, but there you were just blissed out, couldn't care less.

Listen - I know you start acting like a brat when you're horny. And the last thing I need tonight is you to start trying to make me jealous for attention. Mm mm, not looking that good. You wanna be a headache or you want head till you ache? Mhm good girl come on. Yeah I called you good girl, what are you not one? [passionate kisses] [giggles] come on let's go.

I'll drive us somewhere you'll feel comfortable, and while I do that, you're gonna sit your pretty ass back here and get started. Mhmm. But you're not allowed to cum without me. And you're

not allowed to go inside. Mm mm. Oh, what will I do? Oh princess, don't ask me questions like that. You're a good girl, you'd never do that to me.

[freestyle]

Mm, finally found a spot. Clean your hands off, suck on your fingers. Let me get back there and get a taste, hmm. [kissing]

Oh you're so warm down there. Yes, you did a very good job princess. [kiss] [hitched breath] fuck.

Were you a good girl, did you keep your fingers out? Good, I want you to be the first inside you today. [kissing n moaning while lube sound effects] You just wanna be the best girl for me, don't you? Such a sweet girl.

Does it feel good when I kiss your neck like this? Mhm? Oh so needy. Yes, you. My pretty needy slut. Oh is that so? You're not one? Oh sweetheart I think you might be in denial. Oh of course, you're a good girl. Right. [harder fucking] So when I fuck you harder you're gonna be able to keep it together right? Restrain yourself? mmmm.. fuck..

You know, I don't know many good girls who get fucked in parking lots. Mmmm. Oh it's my fault is it? It's only because of me? Oh but if you were a good girl you would've told me 'No.' But you were eager to get back here and play with yourself for me like a good slut. Mhm. I'm sorry baby the evidence is against you.

And good girls don't wanna cum in front of other people. No one else here? You don't know that. Oh sweetheart, you think anyone could resist hearing the sweet sounds coming out your mouth right now? You're not so innocent. You're practically calling them over, aren't you?

Mm. If you're such a good girl, then you could hold yourself back right? I mean a good girl would never cum in such a sketchy place, in the back of a car on the fingertips of some.. What was the word you used? Fuck boy? No, a good girl wouldn't ever do that. So why don't you prove me wrong, hm? Don't cum princess, show me what a good girl you are. I guess I'm just gonna have to use your hole till I get bored. But remember to keep performing for me, let me hear all those sweet whimpers. You want attention right? Let everyone hear what a good girl you are, whining and moaning for me but not letting yourself cum.

Sucking your tits won't make you cum right? So if I place my tongue here, and flick it on your nipples, you'll be just fine. Oh you look awfully flustered sweetheart, are you sure you're gonna be okay? Oh you're sure? Well then, no need to hold back. [sucking]

[freestyle]

Do you think you can keep it up with my mouth between your legs? I mean, I don't think you need to worry. Yeah. I mean I'm only doing it for myself, you wouldn't get off on getting used right? Of course not, you're too innocent for that.

[tongue n suck noises] See, you're fine. Mhm. Perfectly fine. Was that a whimper? Oh no, of course not.

[freestyle] You taste so good.

Does it feel good? Oh is that so? Well you're doing so well princess. Mhm. You're not even close, right? No, of course not.

You know, such a sweet girl, I shouldn't be so mean. Why don't I stop, hm? Lets head back to the bar.

Oh is that so? You don't want me to stop? And why is that sweetheart? Are you a needy slut after all? Oh no, it's just because I'm making you feel so good? Oh sweetheart, I wouldn't want to corrupt you then. No, of course not. You made such a big deal about being a good girl and not a slut. Oh really? Well then I want you to beg. Beg to cum for me, let me hear how needy you are.

That was a bit hard to hear, but I guess it's enough to at least touch you again.

Harder? Oh sweetheart, you didn't sound convincing enough. You know what, I'll touch you nice and soft since you're such a sweet girl. I don't think you're slutty enough for me to fuck you harder and faster. Have you suck on my fingers while I do it. No, that wouldn't suit you.

So sensitive.. But it doesn't feel as good if I do it like this, does it? Aw, you poor thing.

Mm, such sweet whimpers. Are you ready to admit it now? Come on darlin, before it's too late.

There we go princess. Now was that so hard? No, it wasn't. You can be honest with me, I won't judge. You're a filthy desperate slut and you wanna be fucked like one. Oh of course, only for me right?

[freestyle to end]

[kisses] I guess I was right. Only a needy slut could like being treated so mean like that. You're so cute when you're whining for me. As a matter of fact..

Oh it's so intense isn't it sweetheart? Oh you're still so sensitive. Is it too much? But I want people to see by how you walk that you just got fucked by me. Wouldn't that be nice? For everyone else to see what a slut you are too?

Oh it's embarrassing? What's embarrassing about it? Hm? It's only the truth. You're my precious sweet slut and my good girl. You let me use you whenever I feel like it, you whimper so nicely for me.

Fine, if you ask so very nicely I'll stop. Hm, I'm not convinced. You can beg better than that.

Aw there we go sweetheart. I knew you had it in you. [kiss]

You're the only one I like claiming and being mean to princess. You make it so fun. And you take it so well. [passionate kisses]

Mm. [buzz] Oh, looks like Terri showed. And Syd's already there with the new girl. Finished just in time I guess. [kiss] I'll drive us back, you're in no state to take the wheel. [laughter] Okay but you're my favorite passenger princess.
