“Hee~. Are the piggy goblins afraid?” The bright hair cackled at the cowering goblins in the corner of the alleyway. Normally the green skinned, pimpled faced demons would not free a teenage girl. Much so one who dresses so risky and carries a phone.

But, despite appearances, Momoka is a taimanin. Though not near as respected and revied as someone like the legendary almighty Asagi nor as powerful. Her short height, though still towering over the child sized goblins, bubbly makeup on her stary light purple eyes dusted with light pink eye shadow and mascara. Her full lips are pulled in a teasing cocky smile as she looked down on the cowering monsters.

“Smile for the camera little piggies~.” Momoka giggled. Her large breast bouncing in her revealing white and purple leotard. Her full soft legs bouncing to and fro as she danced around the panicked demons. Her large bouncy rear shook with her taunting movements as she giggled at the hisses of fear the goblins gave her.

Momoka looked less like a deadly demon ninja hunter and more like a slutty girl in cosplay. Yet Demons however have a natural fear of the powerful ninjas. Hearing that a taimanin is around them normally starts a flight or fight reflex, and it's mostly flight. As fighting a taimanin is known to lead to a swift death unless you're a powerful demon.

And these goblins are not near the level of even someone like the dangerous Oboro. Though they themselves do not know that Momoka is one of the weakest taimanin. Mostly getting around on her rich father's connections.

“Come on little piglets~! You want to be famous right~?” The girl laughed as she pointed her phone at them. Making her chest bounce a little as the goblins jumped a little in fear.

Momoka was meant to be on a simple portal around the city, staying in hiding to check if anything was amiss. A task she care nothing for and as soon as she found some weak monster's to tease for her Metube channel, she could not pass up the chance.

“Go fu-fu-fu~. It's ok Little piglets I want-ah.” In Momoka's grandstanding her phone slipped from her hand slide and slide Infront of the cowering demons.

“E-Err..” Momoka sweat a little. Her phone being the main source of the taimanin abilities, she's not much without it.

The goblin looked at Momka, looked at her phone, and then back at her.

The goblin smiled.

And Momoka began to sweat.

-OOO-

With the high quality of the phone's camera, viewers could see the veins of the fat goblin cock pumping in and out of Momoka's full painted lips. Staining the dark green member a luscious bright pink as it slide in and out of taimanin's mouth. Making her throat bulge out as she choked and gagged on the offending member. Tears of black raced down her face as the goblins weighty ball sack flew up and smacked her chin. His claws dug deep into the back of her head to get a tight grip as he pounded her face.

In her knees with her arms tied behind her back, Momoka's light purpled lips clung around the thick dark green cock barreling down her mouth. Staining it in spit and lipstick as the goblin above her held her hair buns in a death grip as he slammed in and out of her mouth.

Another goblin stood behind her and landed harsh slaps on her ass. His own wortty, forest green cock rutting in and out of her pussy wildly. One hand digging deep into her jiggling fat ass while the other dropped hard smack after hard slap of hip quaking spansks on her ass. His own cock is being squeezed in a heavenly tight grip of Momoka's pussy on his cock. The slick wet cavern welcomed his dick even as it made a small lump in the quivering sluts belly.

The goblins cackled and jeered at the taimanin. Taunting her with rude slaps on her fat jiggling ass. Poking her moaning visage with their meaty cocks and smacking her face. The goblins were quick to take advantage of Momoka's situation and pounce on her. Though being a taimanin she is still physically stronger than a human. But what goblin's lacked in strength they made up in numbers. Easily pinning her down, her phone was knocked to the side in just the right position so her viewers could see everything.

The goblins took turns with her mouth. Snatching her head away from one shaft to the other, their various sizes permanently stained on her tongue. Each distinct flavor is marked on her memory as they took turns marking her throat with each of their cocks. All the while the goblin behind her continued to pound her squelching pussy. Sending her mind spiraling into sexual madness.

The goblin railing her ass suddenly pulled her back away from the cocks Pistoning in and out of her mouth. Landing on it's back, Momoka's legs are pulled up to her head. Opening up her pussy for the cock of another goblin to slam into her. Stretching her already stuffed muff to it's limit and seeding her sprawling in a ruckus orgasm.

"A-Angh! S-Stop-mmph!?" Her protest fell on lust filled ears of the goblins. Silenced by the gurgling moans from the cock slamming back into her mouth. Pinning her face between his legs as he swung his hips into her mouth.

The weighty ball sack of the green skinned monster slammed into her face. Her nose is buried into the hair sack. Sweat and dirt mucking up her already ruined makeup while the heavy powerful musk of the monster's taint hit her nearly as hard as it's cock hit the back of her throat. Her eyes rolling in the back of her head from the suffocating pressure all around her.

The third goblin was finally able to stick his dick in something as he took Momoka's tits between his cock. Pumping them wildly while his fingers groped at her cushiony chest. Thrusting like mad, his head leaned back as he pumped his shaft in between firm, pale breasts.

Goblins they may be but they clearly know how to ruin a woman as they pulled at her breast in a rough way but not hard enough to pull them off. The cocks did not just pound her with zero rhythm. There is a method to their jerking hips as they twist them in the right motion to hit her sensitive points. The bumps crashing into the sides of her walls and tickled her folds as they pumped in her. The fat heads slammed

into her womb with little mercy but still kept their thrust from being painful. The debauched pleasure off her utter defeat ruined any way for her to fight back.

The second climax hit her like a lightning bolt while the next felt like a gut punch. Her pussy squirting and squealing while her eyes rolled into the back of her head. Her moans became nonsensical nonsense as her thoughts began to snap in half.

Momoka's small curvy body submitted to the goblins and her mind was sure to follow with the final pushed the goblin's own climax. Something they have been holding back for the hours they have been brutally reaming the useless taimanin.

The goblin in her mouth and the one in her pussy came first with thick gooey blasts of white. Heavy like a soup and nearly as warm, the demon's hips bucked wildly with each gush of semen that erupted from their burly cocks. Her nose spewed out the gooey discharge while her pussy took the full force of the one in her cunt. Completely take his seed and not letting drop leave her as the member jerked and shuddered inside her.

The seconded one below her, his cock still pistoning in and out of her cunt followed suit. His jizz coming out in long, viscous ropes of white as her cunt became over stuffed with semen. This time her greedy pussy could not take the whole thing and most of it gushed out of her stuffed cunt in a wave of white.

The one on her chest finally gave in as he coated her face with his stained cum. His shaft drizzling her face with long ropes and heavy demon cum as her body convulsed and shook from another climaxed that made her body go limp with pleasure for a moment. Normally she would be disgusted and try to shake her visage off but her mind was already drenched in lust as the monsters laughed at her pathetic state.

By the time the goblins finished with her, the sun had passed the buildings. And that was only the first round.

It would be a while before Asagi would send a rescue team out for Momoka. Something that would not have happened if her phone did not record the whole affair and upload it to her channel.

A whole month actually. A whole month of Momoka being nothing but a back alley cum dump for the goblins. The leader of taimanin's using it as a teaching method that, no matter the enemy, a taimanin should never get too cocky. So She waited a bit longer to save her, though it would have been two months, yet the aggravating messages from her father push the Almighty to save her a little fast.

Momoka would take the lesson to heart and never taunt goblins again.

She will just taunt orcs instead.

Not like they are smarter than goblins right?
