**IT WAS A DARK AND STORMY NIGHT...  
-HEY, IS THAT PRINCESS FRIEND?!**

**NIGHT OF THE PRINCESS FRIEND** is a 'Choose Your Own Adventure' style comic, intended for an **ADULT AUDIENCE**.

Check in on Olivia and Amber as they power through the NIGHT SHIFT; will they make it home in time to play the *PRINCESS HALLOWEEN DLC Event*? Or are they destined to work until Witching Hour? Only YOU can decide the fate of these Halloween Hotties!  
Grab a warm mug of slime and settle in for a long night... at JOY-STICK.

The 'main' story branches off into THREE endings- so enjoy it in Pieces, or all at once! Each 'end' is a unique experience, so hopefully there's something for everyone! And most of all, I hope it's fun; but also sexy? A fun, sexy, 'choose-your-own-kinkventure' time.

\*NO SLIMES WERE HARMED IN THE MAKING OF THIS COMIC.

BEFORE WE BEGIN, I'D LIKE TO SAY

## THANK YOU,

- ..to my supporters, new and old, who constantly motivate me to create and grow;
- ..to my fabulous Mods DoodleWill and SpiderVice, and all my lovely Server Drones;
- ..to my friends, and the community as a whole, for always giving your support- both for me AND my work;
- ..and to my sweet wife, UDEETZ, who helped put all the Pieces together, and kept me from falling to Pieces along the way.

This comic wouldn't have been possible without you!

**THANK YOU!**

# EARLY DRAFTS & SKETCHES

Early this year I made a poll asking what comic to make next, and a HALLOWEEN JOY-STICK COMIC won!

With Olivia more comfortable at work, I was able to play around with her and Amber's dynamic a bit more. I have a bunch of long, plot-driven stories planned out for the future, so I wanted to do something sillier before getting into those.

I had lots of 'end' ideas during the writing process.

One of them was a trap left by Bibi that pulls victims inside a life-sim style video game 'BIBI CITY'!

Everyone would have a Plumbob shaped like a heart, and all the customization options are just BIBIS in various palettes.

I plan on exploring her backstory in a bigger way, so I scrapped this one.

FINAL PAGE DRAFTS

## Early 'Princess Friend' Concepts

'Princess Friend' used to be a background ad at Joy-Stick- an in-universe franchise that could be used as anything. And now, she's REAL! ..And YOUR BEST FRIEND!

Her actual name was 'Fun Princess', but I forgot and decided not to change it. Now I've started to say it's just the 'alternate translations' of the game titles.

These *Sexy Space Squid*, also called 'Jellies', are slime-based lifeforms with one central 'core' brain. Depending on a Jelly's current strength, they can swap between various forms.

"REAL Princess Fans would know!"  
- Olivia, Probably.

'JELLY' FORM

'STANDARD' FORM

'QUEEN' FORM  
\*EARLY DESIGN

## ROYAL QUEENS

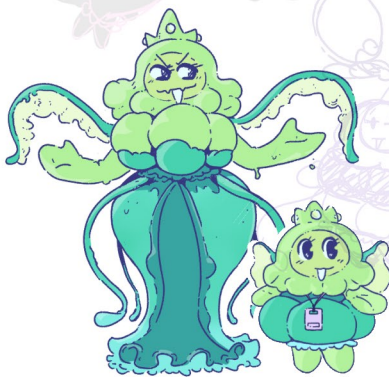

Distinguished by their pointed 'crowns'; additional cores will be found inside them, resembling gemstones.

Every Jelly has a 'QUEEN' form, but only some are ROYAL QUEENS- the only known type able to regenerate Jelly-Matter at will.

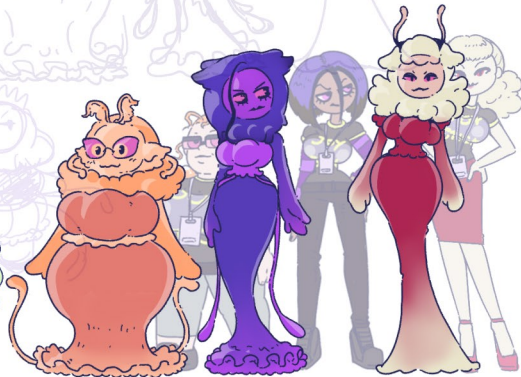

Amber and Olivia go from 'QUEEN' form to 'CORE' form with one slam of Queen Friend's tendrils, showing how much stronger she is from a typical QUEEN.

VDEETZ helped a ton with the colors for this issue, so I put together a few pages of notes! (to help them help me!!)

EDGELOD OLIVIA AND AMBER, LORD OF MEMES.

The original inspiration for doing this at all came from some sketches that were just me guessing what costumes Olivia and Amber might wear for Halloween.

I never expected it to evolve into what it is now, but I do owe my soul to Princess Queen Friend.

# CAVITEES

# CAVITEES.COM

CAVITEES is a non-binary SLIME who, contrary to popular belief, is not actually a SLIME.

JOY-STICK is a mix of kinks and TF shenanigans, but it's also a 'REAL STORY' with 'REAL FEELINGS'

If you're into that sort of thing and want to see more JOY-STICK, keep watch on CAVITEES [DOT] COM, or wherever CAUS are sold!\*

\*MIMI MORPHO MEGAMALL is NOT REAL. DO NOT look for the MeseMall; the MeseMall will find You.
