Mako-Chii~ Reads: A Swelling Succubus: Part 1 - Written by SGA

[Succubus]

Hello there, darling You, who can hear my message, I am coming. You must now close your eyes. If you wish to meet me, your eyes must remain closed for our entire encounter... have you closed them? Good. Then I'll come closer... I'm honing in on your scent. I sense you have strong desires... I am close now... Give me a moment to cross over into your reality. Remember, to keep your eyes firmly closed.

[Succubus]

Ahh~ As I was saying, Hello darling. Oh, is this your room? *sigh* I suppose it will have to do. Anyway, are you lying comfortably? Now then, as you're just an ordinary human I'm assuming you don't know how the human succubus exchange works, do you? Well, we succubi absorb your desires and make them real, and you seem to have some pretty neat desires, well from my perspective at least.

[Succubus]

Let's start out simply. Firstly, I want you to picture my breasts. Don't worry, keep those eyes closed, I'll describe everything you need. They're pretty shapey double D's and I'm just removing my top~ Ahh~ Now then, I want you to imagine them swelling larger. I don't care how you do it, just picture them growing... yess... yes just like that... excellent, now then, allow me to drink that desire from your head... Ahh, there we are, now then...

[Succubus]

m Oh yes, you do have a good imagination *m* thanks to your desires, my breasts are actually *m* getting larger! Yes, keep it up *m* keep imagining them growing and growing *m* wow, for a human, you are talented *m* they're swelling really fast, brilliant *m* wow, and they're getting heavy as well *m* you certainly have a dirty mind, I approve *m*

[Succubus]

Ahh, now that's better... I think we're ready now for the big game. I need you to picture all of me swelling larger. I chose you particularly for your adorable 'huge girl' fantasies. What if I told you it's in your power to make me huge right now? In-fact, I want you too. I want to get bigger. I want you to make me bigger. Imagine me growing bigger. Yess, I can feel it, here it comes.

[Succubus]

m Ohh yes, that's brilliant *m* just like that, make me bigger *m* wonderful, keep picturing me getting larger *m* don't stop, don't ever stop! *m* Yess, bigger and bigger *m* I'm going to be so huge, keep going! *m* incredible, simply incredible *m* I'm already up to your ceiling, I'll need to sit down *m* before I hit your roof... There we are *m* don't you dare stop, I want to keep *m* swelling out like this *m*

[Succubus]

m woow, you're really into this *m* excellent, I'm getting really big *m* and your cozy little room is getting smaller *m* and smaller, ehehe~ *m* If you keep making me bigger like *m* this, it soon won't hold me *m* don't give up now, this is your big moment *m* you've gotta keep making me bigger! *m* I can't let this shabby room trap me *m* Oh yes, I'm getting close now *m* keep going, keep making me bigger *m* yesss, this is it! *big moan*

[Succubus]

scuffling to get out

[Succubus]

stretching Ahh~ Nice to be out of that cramped little room of yours at last. Be sure to keep your eyes closed still in there, or the spell will wear off and I'll be sent back to my reality, I haven't had nearly enough fun over here yet.

[Succubus]

Ooh, do you wanna come out too? It's a nice night out here. You look so comfortable on your bed though. Here, I'll just lift the whole bed out~

[Succubus]

Hiya~ Well, given you did such a good job making my breasts bigger earlier... There! Nicely snuggled up between them. Now then, what to do with all this size you've given me to play with... Hmm... Why not have a bit of fun and break some stuff. Let's see... Ahh, is this your little car? It's soo cute. Are you ready...? Ehehehe~ Bye bye little car! Ohh don't fret, all of this will be reversed when I'm pulled back through, we can do anything we like without any consequences.

[Succubus]

I had hoped to dent your house too, but I'll need to be quite a lot larger to do any proper damage. Ooooh~ I see your mind peaked at the word larger, Ehehe~ Well, if you're happy to help me again, let's see what we can do. You remember what to do, right?
