# THIEVES CAN'T

## COMICS & GAMING

You guys are awesome. Your support on Patreon makes it possible for us to make comics, supplements, minis, and printables for a good chunk of our week instead of teaching high school English and running cash tills.

We recently hit our \$200 a month goal and we're incredibly grateful to every one of you at every single tier for your continued patronage.

Stay tuned for more minis, and a release schedule of adventures set in the new campaign setting you've helped create by hitting our funding goal. The working title is Glimmer and we'll be releasing it piecemeal as we work on it to collect feedback and to refine the world with our community.

Thank you all again!
