

CORONAVIRUS CARTOON

Written by

Tom and Don

TITLE CARD

NARRATOR (V.O.)

A message from the Chinese People's
Republic of China to the Chinese
people!

TITLE CARD

NARRATOR (V.O.)

Coronavirus: how it works, and
clearing up some common
misconceptions.

INT. HUMAN BODY

A WHITE BLOOD CELL in a Chinese military outfit stands guard.

WHITE BLOOD CELL

Herro, I am your immune system.
Much rike glorious Chinese
Government I keep you safe from
foreign invaders. Now you may have
heard rumors that Coronavirus
originated from Wuhan province
because Chinese people eat too many
scrumptious bats. Well! I would
suggest you stop hearing that.

A CORONAVIRUS appears from left of screen.

CORONAVIRUS 1

Oh, herro! I am dangerous
Coronavirus. Did you know I was
created by evil USA to make China
look bad?

WHITE BLOOD CELL

Really!? Surely not!

CORONAVIRUS 1

Your sliver of doubt has given me
perfect opportunity to kill you
with American steel, and tariffs.

Coronavirus smashes the immune-cell with a large steel beam
and then plunges an American flag into it before floating on.

CORONAVIRUS 1 (CONT'D)

After undermining Chinese
government, I am free to make my
way to your lungs.

He floats off screen.

INT. LUNGS - CONTINUOUS

Coronavirus arrives to his destination.

CORONAVIRUS 1
 You see those lung cells? Just like
 American propaganda, I will worm my
 way in and trick them to do my
 bidding!

Coronavirus approaches the cell.

CORONAVIRUS 1 (CONT'D)
 Herro! Rock & Roll, big-titty white
 woman, Brack Panther.

LUNG CELL
 Hmm... I guess a *little* Brack
 Panther wouldn't hurt...

The lung cell reaches out a little feeler towards the Brack
 Panther, the Coronavirus forces its way in.

CORONAVIRUS 1
 Now that the treasonous lung cell
 has betrayed China, I can use its
 Endoplasmic Reticulum and golgi
 bodies to replicate myself.

A ton of Coronavirus are created and pop out the cell along
 with Coronavirus 1.

CORONAVIRUS 1 (CONT'D)
 Now we make our way out of the
 throat! Well on our way to wipe out
 the Chinese people and free Hong
 Kong!

There's a rumbling.

CORONAVIRUS 1 (CONT'D)
 Yes! A cough! Get ready!

CORONAVIRUS 2
 But papa! I thought a cough comes
 from below, that came from above!

CORONAVIRUS 1
 You're right...

Sperm attack.

CORONAVIRUS 1 (CONT'D)

Oh no! The cure to Coronavirus:
Chinese sperm! Someone must've
given Chinese government official
big sloppy blowjob! My one true
weakness! Ugh! I die now!

(beat)

Traditional Chinese Medicine wins
again!
