standing up...whats in my  
mouth....down my throat?  
Something is holding  
onto my head!

A woman is trapped inside a futuristic, metallic machine with multiple viewing ports. She has a shocked expression, with wide eyes and an open mouth. In the foreground, a shiny, metallic robot with a helmet and large circular eyes is looking towards her. The robot's body is highly reflective, showing highlights from the environment. The machine's interior is dimly lit with blue and red accents. The robot is suspended by a chain from above.

...whoa, how do I get this out of my mouth...there is some kind of helmet clamped onto my head.....God, a rubber hose down my neck... Who's there!

Good morning sleepy head! What? Don't remember the deal from last night...the game of pool? Well, after you lost you agreed to pay in a alternate way...don't remember? Thats OK, I have you right where I want you!

A woman with dark hair and a surprised expression is shown in a futuristic, metallic environment. She is holding a green and yellow striped device. In the foreground, a black, shiny, humanoid robot with a helmet and large eyes is looking towards her. The background features several monitors and panels, some of which show the woman's face. The scene is lit with a mix of blue and red tones.

You really are a drinker. How many *COCK*-tails did you have last night...didn't pay for any of them either. I wave a nice Ice-breaker for you this morning...It might be a little stronger than what you were taking last night!

...Oh crap...  
The woman I tried to hustle last night...\$10000 bet...or... be the others fantasy? Some bullshit! Is she taking her payent?

A woman with blonde hair, wearing a yellow top, is shown in profile, looking towards a character in a black latex suit. The character has a pig-like face and is holding a black cylindrical object in its mouth. The scene is set in a futuristic, metallic environment with red lighting. Two speech bubbles are present: one from the woman and one from the pig character.

A woman with blonde hair, wearing a yellow top and dark pants, is holding a large, pink, hyper-realistic sex doll. The doll has red lips, blue eyes, and is posed in a suggestive manner. The woman is in a control room with several monitors displaying test patterns. A speech bubble from her reads: "It must be odd, being totally you but also nothing but a sexdoll. every single thing your old body did, you still feel...but as a hyper erogenous facimile of what used to be...its all very technical." Another speech bubble from the doll reads: "She is touching my skin...its so much better than when I was human... its pushing me to the edge!"

It must be odd, being totally you but also nothing but a sexdoll. every single thing your old body did, you still feel...but as a hyper erogenous facimile of what used to be...its all very technical.

She is touching my skin...its so much better than when I was human... its pushing me to the edge!

A woman with short blonde hair, wearing a yellow bikini top and dark grey leggings, is smiling and holding a pink, muscular, female doll. The doll has long red hair and is holding a red object in its mouth. They are in a futuristic control room with several monitors displaying test patterns. The woman is holding the doll in front of one of the monitors. The scene is lit with a pinkish-red glow.

Thank god, I thought I was going to have to wait...come on. Use me as your sextoy!

Technically you just need to sit there and accept this monster cock. I am gonna stuff you and you are going to enjoy it. Over and over and over!

Deeper, harder!  
I didn't get turned into

Science definitely outdoes  
nature! UNGH! I can't let  
you make me cum too fast.
