It's a long story but yeah ... how do you know that I have breasts?

Tell Mi-chan, do you have ... breasts?

Besides, you also seem shorter.

After all, they are not that big and you can hardly see them through clothing.

Moment...

Nana, you saw everything in reflection.

After all, I asked you not to peek.

I thought he wouldn't notice.

Sorry Mi-chan, curiosity has won.

Okay,
you can watch
me change.

No need, you've
probably seen
everything already.

Are you sure?
I can go out and
wait outside the
door.

If u do not
mind.

What happened?

This morning, when I was doing my makeup.

Wow!

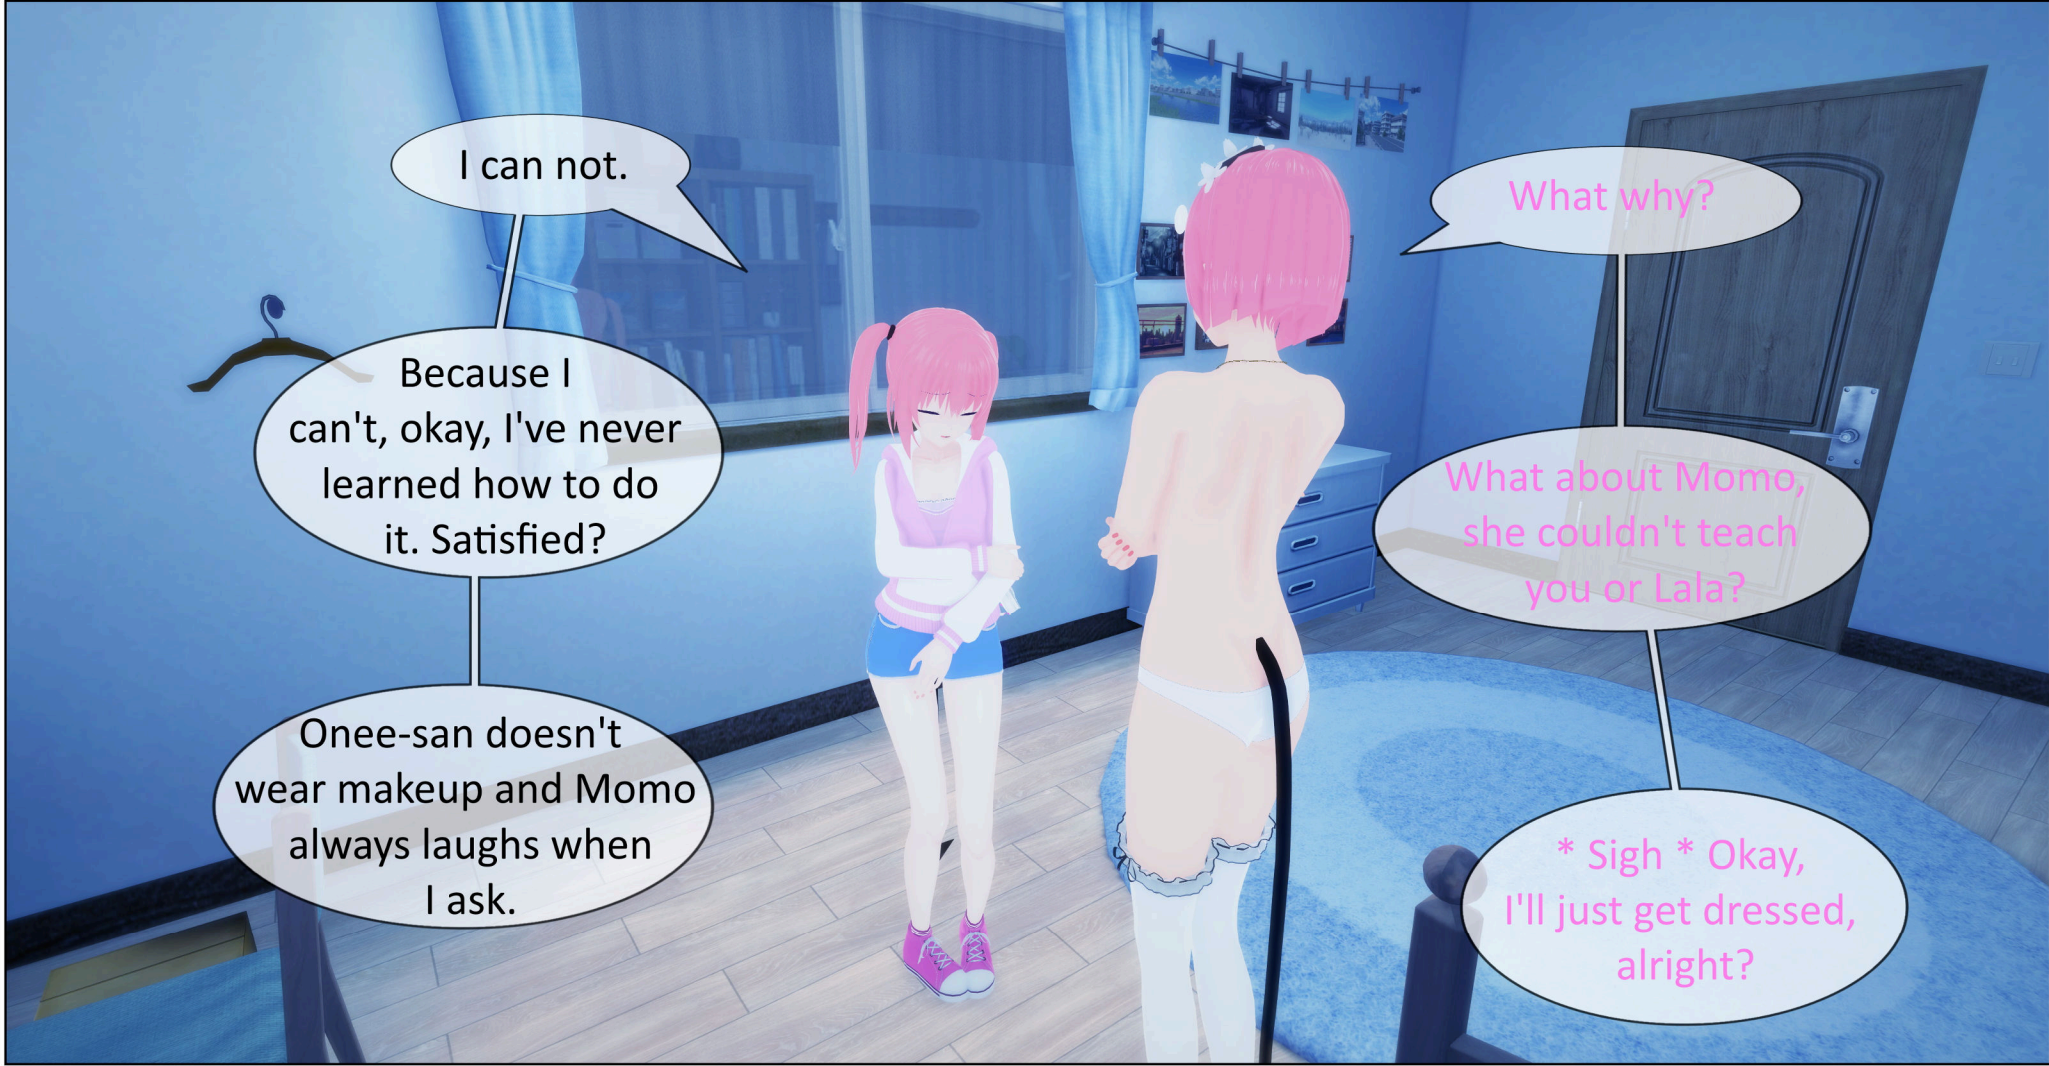

What happened?
When was the last time you saw yourself in the mirror?

Moment! You do your own makeup, I mean you can do it?

Could you give me some makeup too?

A bit ashamed to admit, but yes. When the girls saw me wearing make-up, they said that I should wear it more often and taught me how to do it.

What? After all, you can do your own makeup.

I can not.

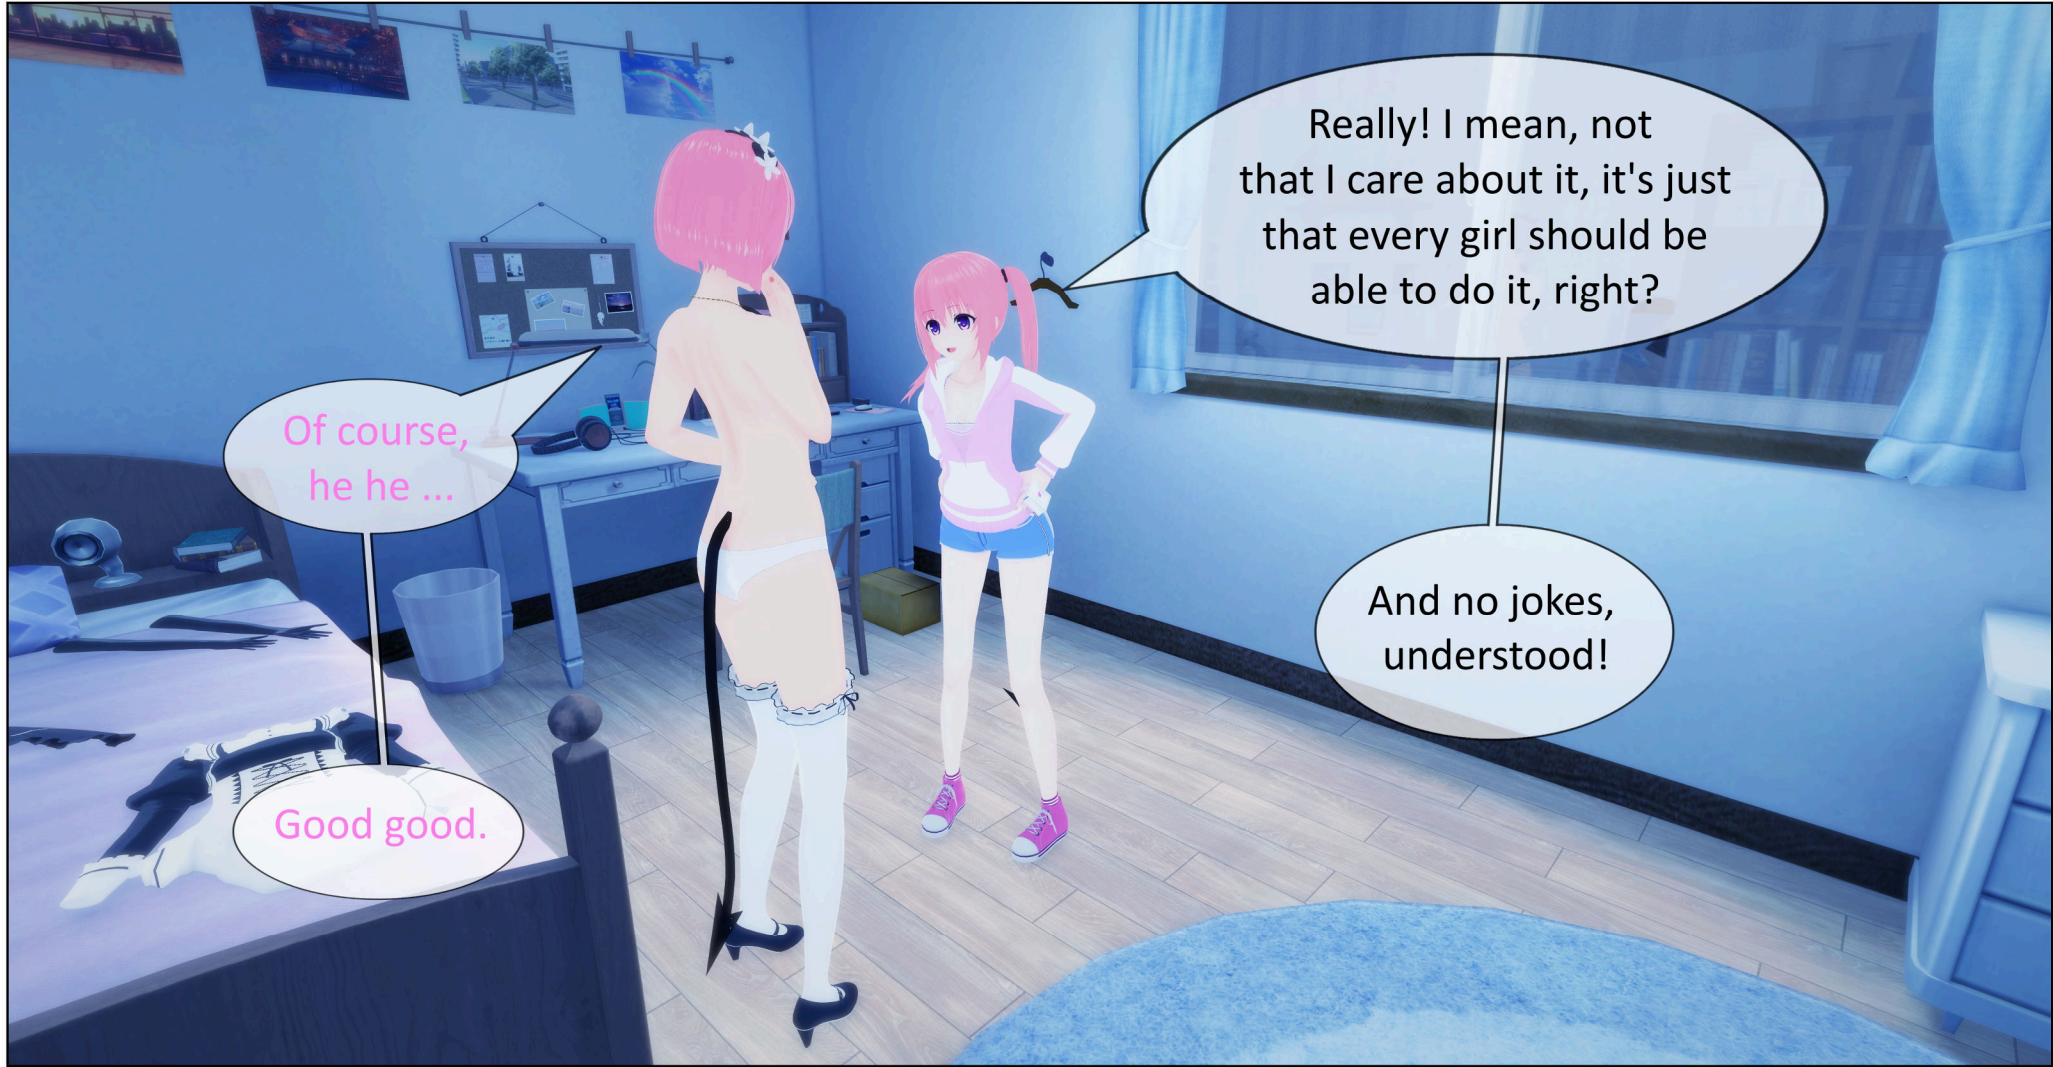

Because I can't, okay, I've never learned how to do it. Satisfied?

Onee-san doesn't wear makeup and Momo always laughs when I ask.

What why?

What about Momo, she couldn't teach you or Lala?

* Sigh * Okay, I'll just get dressed, alright?

Of course,
he he ...

Good good.

Really! I mean, not
that I care about it, it's just
that every girl should be
able to do it, right?

And no jokes,
understood!

Moments later ...

Wow, that's fantastic. Thanks Mi-chan.

I wonder what the girls will say when they see me.

I never thought she would be so happy with a little face powder and lip gloss.

You're welcome.

I don't know, but in my opinion you look cute right now.

Really?
Thanks.

I'm supposed
to start calling you
Onee-san, hehe.

I feel a little
bit like your big
sister now, hehe.

If you
enjoy it.

Okay, then
I'll see you at
school tomorrow,
Onee-san, hehe.

Yes, see you
tomorrow,
Nana-chan.

I feel a bit silly
when Nana-chan calls
me onee-san, but it's
kind of funny.

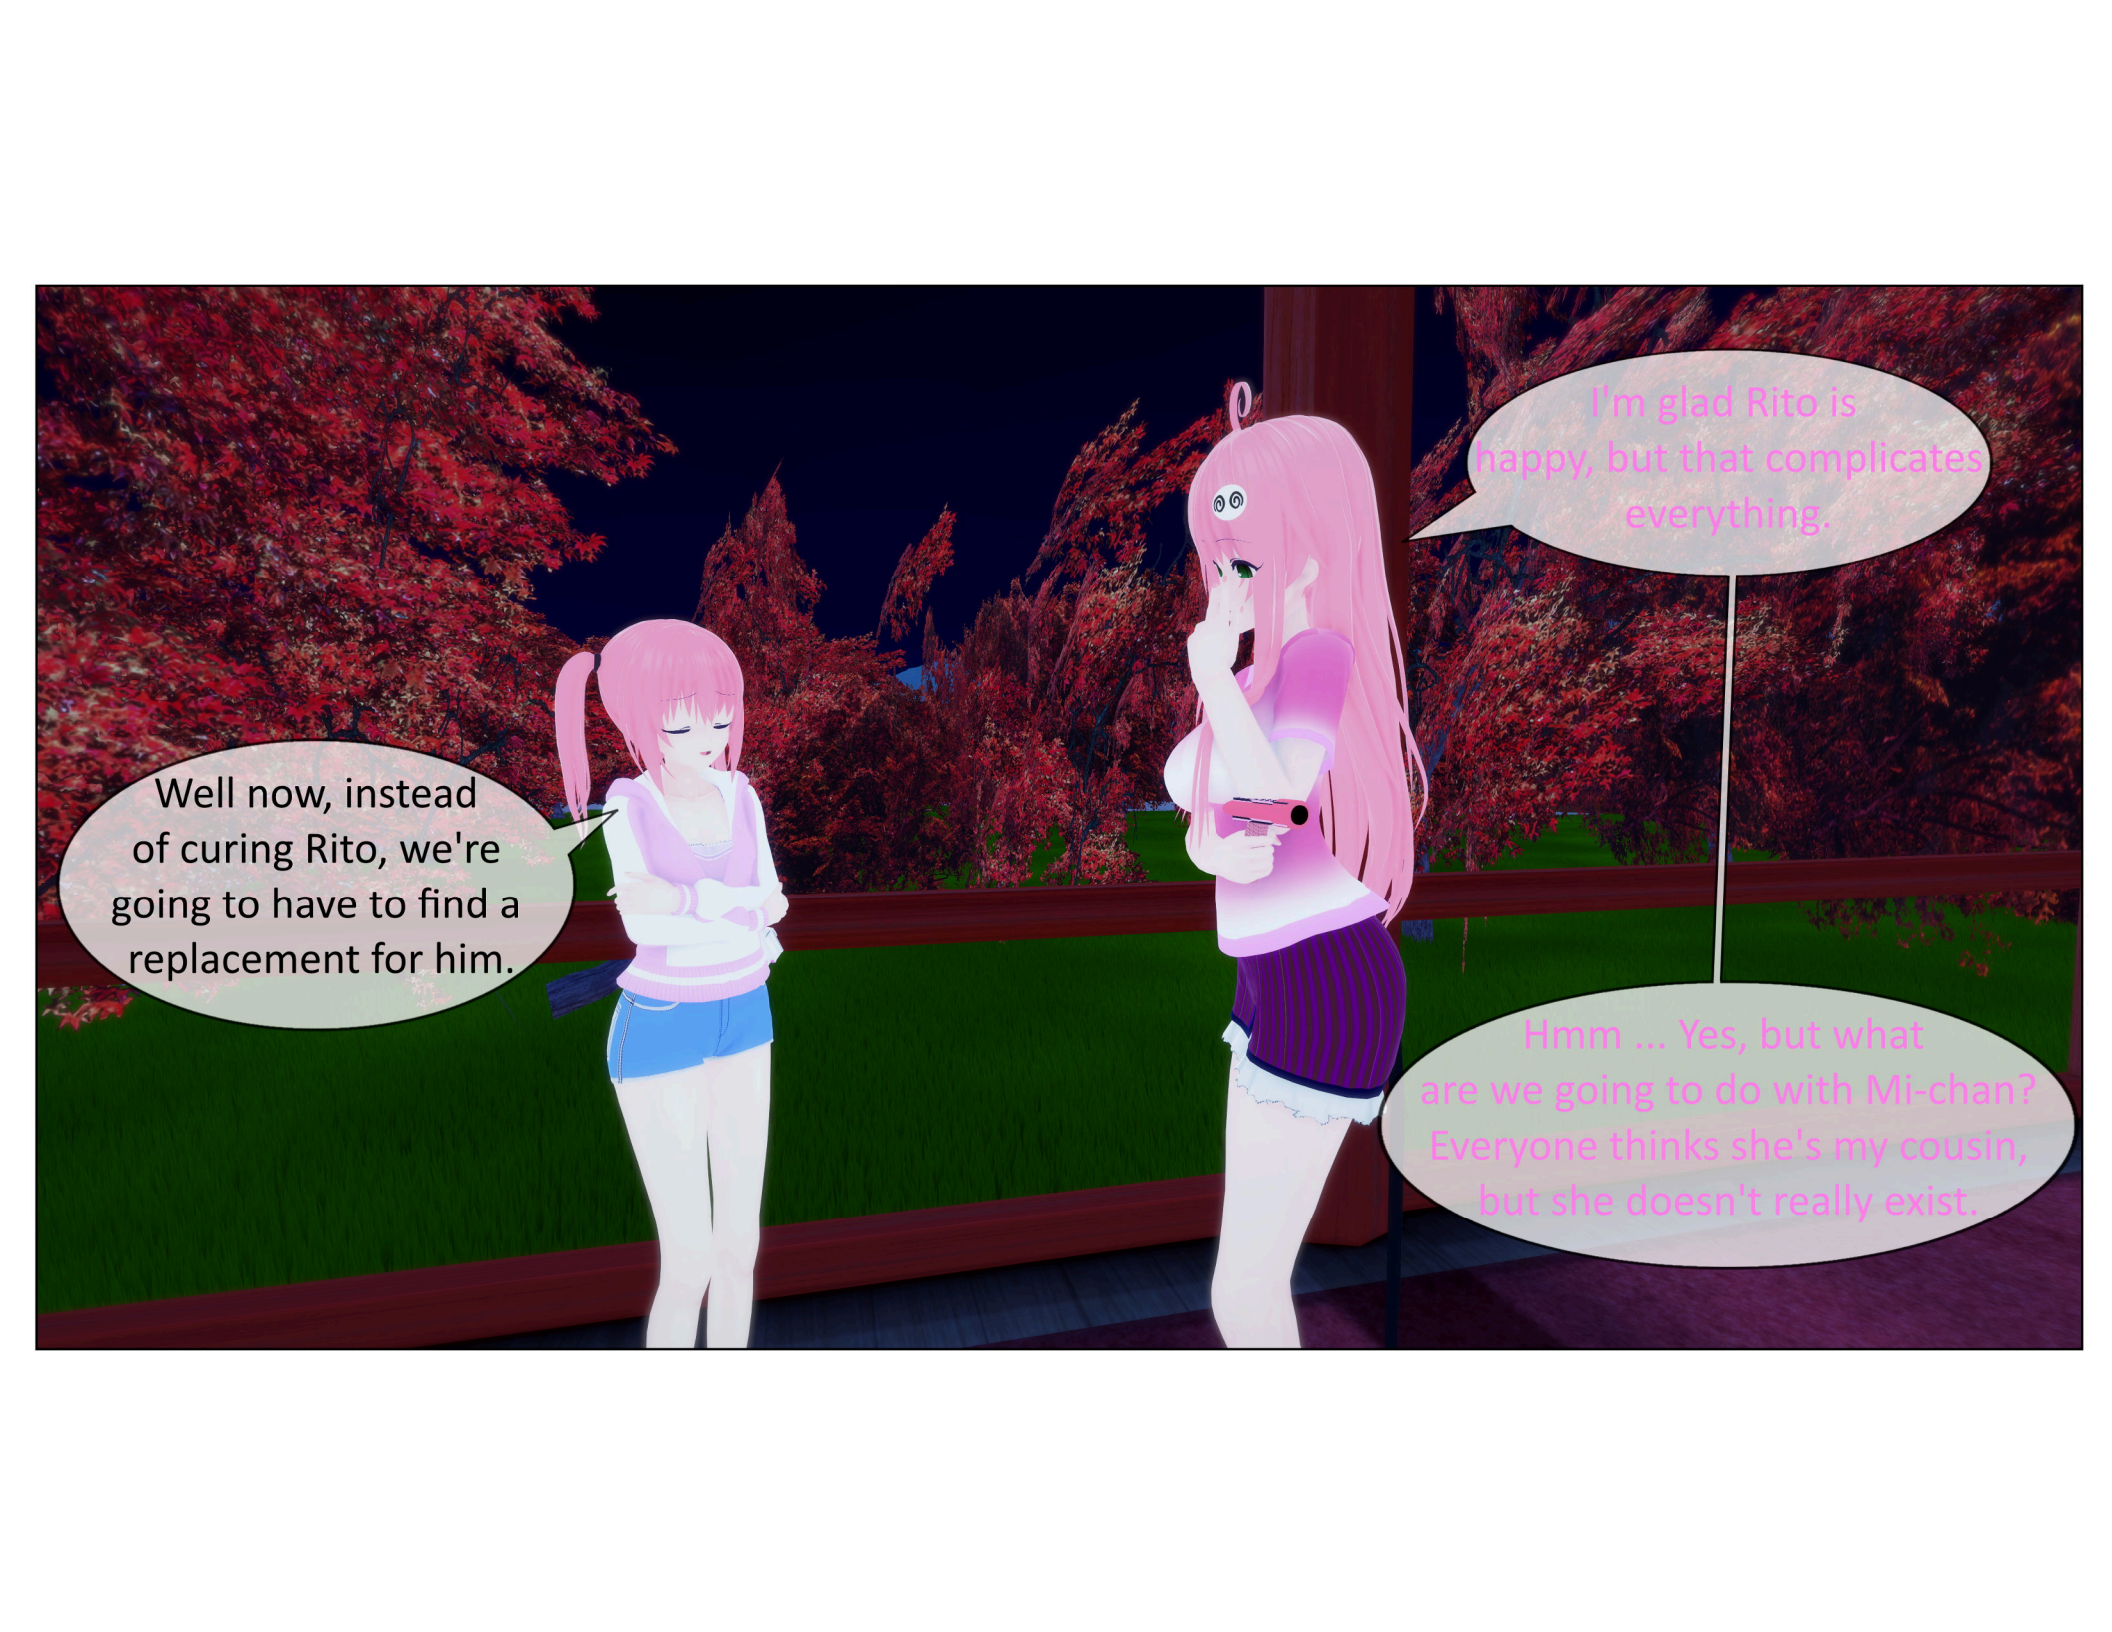

In front of Yuki-chan's house ...

It seems Momo was telling the truth, Rito doesn't want to be a guy again.

I also did as you said and called him Onee-san and he liked that too.

And how did it go?

Well now, instead of curing Rito, we're going to have to find a replacement for him.

I'm glad Rito is happy, but that complicates everything.

Hmm ... Yes, but what are we going to do with Mi-chan? Everyone thinks she's my cousin, but she doesn't really exist.

Nice, but that won't solve our problems.

How?

But I think we'll let Rito enjoy being a girl for now.

Relax, I already know how to solve them.

It's easy, if Rito wants to be a girl so badly, we'll just let him. However, so that there are no problems, I will take his place temporarily.

What!!! You're joking right? Do you want to change into Rito?

Just to show Rito that being a man isn't so bad.

Besides, it will also allow Rito to return home

Of course, I will also try to improve his grades at school so that it will be easier for him later when he will be himself again.

The plan seems good, but I have concerns about it.

You say that about each of your inventions.

May you be right.

Relax, I'm sure everything will work out.

But it always ends well.

What is it anyway?

Indeed, it was close.

You talk about "pam pam change". This is my last invention and I was going to cure Rito with it, but I almost made a terrible mistake.

In the meantime...

And it's ready.

There is one plus to this whole situation. For some reason, my studies are much easier now.

And now it's time to go to sleep

* Knocking on the door *

* Knocking on the door *

Please come in!

Has Nana forgotten something?

I already apologized, and I promised it wouldn't happen again.

What do you mean?

Oh I see you are not busy today, hehe.

Of course, and today we'll make sure it doesn't happen again.

Soon you will see

This is the so-called chastity cage.

To avoid other situations like yesterday, you will wear it from today.

Yes, but of course I'll take the key with me.

Ymm ... what is this?

I see that there is also an instruction on how to put it on.

There is only a problem.

No, it's something else.

I am ashamed to say this.

What's the problem? just don't tell me it's too small.

What?

Just tell me what the problem is, I don't have all night.

I guess
it's best if I
just show it.

Just don't
laugh.

A moment later...

Yes.

So you say when you woke up today it was like that?

hmm ... whatever. Then it doesn't make sense for you to carry a chastity cage.

But look at it on the good side, at least you don't have to wear those panties right now.

How do you know about them?

Thanks Yuki-chan!

Yes.

Yuki-chan told me about them, she didn't tell me why you're pretending to be a girl, but you probably have a good reason.

Coming back to your punishment, I have another idea how to punish you, so don't think that it will pass you by.

As for your
little ... problem,
hehe.

I'll take you to the doctor
after school tomorrow. maybe
he can do something.

Don't worry about
that, she deals with
people like you.

Won't he be
surprised that
I have a tail?

Right, Yuki-chan
isn't a human either.

The next day at school ...

However, fixing
this jetpack was a
mistake.

But now I'm
sure of one thing.

That the new batteries are working perfectly.

Fortunately, there is no one in this part of the school so this time nothing will happen.

Again?

At least the
obstacle avoidance module
didn't break.

In the meantime...

So are you going to the doctor with Narita-sam after school today?

A childhood habit. Besides, she works for my parents, not me.

Yeah, but why do you call her "sam" I thought she was working for you.

For your parents? So you theoretically can't fire her?

No, and even if I could, I wouldn't.

She has been looking after me for years and she wants the best for me. So how could I fire her?

I guess it's the same between you and Lala, she also annoys you a lot, but could you tell her that you don't want to see her anymore?

Of course not. Because...

What suddenly happened to him?

Did I offend him with something?

Rocket?

I asked her to throw this rocket away.

I know I'm not very popular, but aiming rockets at me is overkill.

Mi-chan step away it's too dangerous!

I can see that I was worried unnecessarily, thanks for the rescue, Mi-chan.

But what does the racket do in school?

You're welcome.

This is one of Lala's inventions, she must have escaped her again.

Sorry girls,
she got away again.

Relax,
nothing
happened.

I just grabbed
her, more strength
is really something
beautiful, hehe

Great, but how
did you manage to
stop her?

Really? It's
amazing.

He?

He?

Sure, maybe next time.

You hear
man, she's off
today.

Why
don't you try your
chances and ask her
out on a date?

I don't know
, I saw him enter the
locker room a few times
with the girls.

Yes
and what?

What? Don't make
me gay. After all, the
whole school knows that
it's actually Rito dressed
as a girl.

I can't believe it's
not Rito anyway, and maybe
it's the girls who force him
to dress like that.

You and your conspiracy theories. When will you finally believe it's not Rito?

And then what? will you invite her on a date?

Great, let's see who's the last to laugh.

When I see Rito again.

Of course.

Yes Yes. But until then, I don't want to hear any more about it.

Later at the doctor ...

So you
are saying that it
has shrunken is
quite normal?

What about
that pain in
my chest.

Of course. This is
a common occurrence
in such situations.

Hmm ... Let me
think about it for
a moment.

ここで手を洗い

I still have a hard time believing that Rito-kun really wants to be a girl.

But since that is his choice, I will try to help him.

What?
Is it really
necessary?

Ymmm, if
you say so.

I will prescribe you a
special ointment that will soothe it.
I would also recommend that you
massage your breasts every
day from today.

Of course.

By the way, it's
good that you came today
because your medicines
have arrived.

A moment later...

And how, is this something serious?

No, it's completely normal in such situations.

That's good, because I was afraid that it was something serious.

Was she worried about me?

I thought she hated me for being a guy dressed up as a woman.

But I was clearly wrong.

Late in the evening...

Good, according to the instructions from Mikado-sensei, I should spread the cream over the entire chest plate and then massage the breasts until the cream is absorbed.

It doesn't sound too complicated.

HNN

They are definitely more sensitive.

But since Mikado-sensei told me to do so, I must do it.

HYAA

Do breasts really have to be so sensitive?

But she made me distribute everything well.

But I can't get rid of them without it. So I have to endure.

AH!

Squeezing

Squeezing

Hng!

Ngh

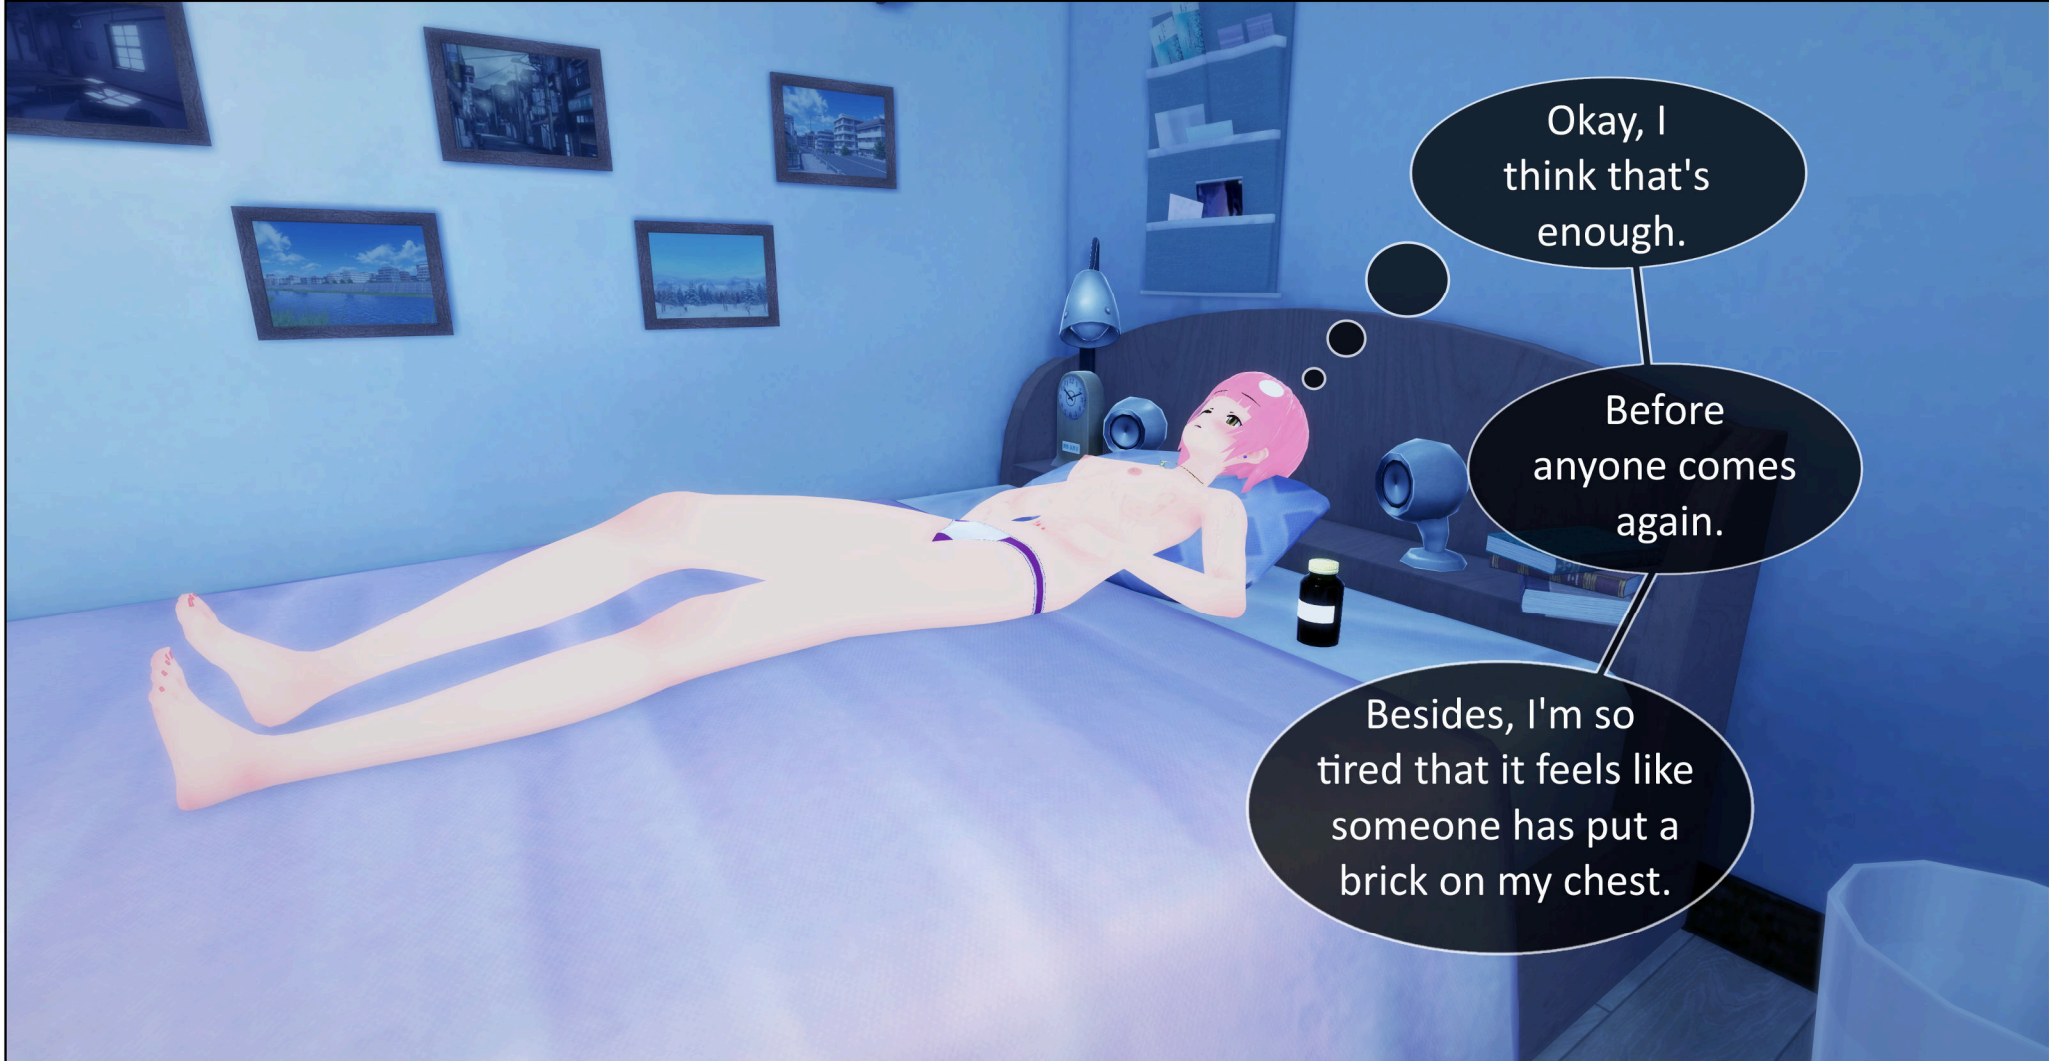

No, I have to somehow silence these moans before someone comes.

Just what? I have to silence them with something.

Okay, I think that's enough.

Before anyone comes again.

Besides, I'm so tired that it feels like someone has put a brick on my chest.

Next day...

I have the impression that my breasts have grown instead of shrinking.

Are you sure? Because even my uniform seems a little tighter now

Something wrong, Mi-chan?

It only seems to you.

Of course. Maybe your uniform has fluffed up in the wash and that's why you have the impression that your breasts have grown.

What about the bra, it seems smaller too?

Maybe you're right?

Of course.

You wash them together, it probably shrunk too.

Of course I have. But tell me, would it be bad if they grew a little?

Why, after all, most girls dream about having beautiful and large breasts?

Because I ...

Yes of course.

Ymm...

What? Mi-chan, tell me. You want to cure what you consider to be a disease, right?

What have you done so far for this?

The correct answer is nothing.

What?

But lately,
I've been doing
something all the
time to end it.

But I
am not doing it
on purpose. it just
happens.

And what are
the consequences
of this?

Exactly, so
why fight it?

What? But I know who I want to be!

Of course!

But it is up to you to decide who you want to be, Mi-chan.

Really?

Great.

So come.
I have something
for you.

You'll see, unless you
don't care about being
yourself again.

Where are
we going?

Of course
I want to.

A moment later...

Warehouse?

What is this
surprise?

Yes, I have
a little surprise for
you here.

You will see.

I was supposed
to give it to you when you started
to have doubts, but I didn't think it
would take you so long, you had to
really like being a girl,
Mi-chan.

I just hope no one found it.

I don't like being a girl.

Although indeed as a girl I have a lot easier.

Even Yami-chan is nice to me.

Wait, did I start
to enjoy being
a girl?

What
changed? Why is it
different now?

Why, have
I been a girl too
long?

But I was a
girl before and
I hated it.

Before, I was
sure I wanted to
be a man, but
now ... I'm not
sure anymore.

I found!

Fortunately
no one found
him.

Where
did you get
it?

Lala gave
it to me.

I want you to wear it, Mi-chan.

What are you going to do with it?

What? You're joking right. I can't wear it.

Why? After all, it is yours?

Yeah. But don't
you think everyone
would be surprised if
they saw a girl in a men's
uniform?

But I asked
you to put it
on.

But right,
you are a girl
too.

Take it easy,
I thought about
that too.

What!
That's not what
I meant.

I mean, now
I look like a girl
and ...

I'm just gonna
turn you back
into a guy.

Of course.

Because I had the
impression that you
like to be a girl.

What!? You
can do that?

Then why
haven't you done
it before?

So I'm asking now. Do you want to be the guy back or do you prefer to stay Mi-chan for now? The decision is yours alone.

I hope Momo-chan has done her part of the plan, otherwise our plan goes to the bin.

I will not lie, I liked pretending to be a girl but I think I prefer to be a boy after all.

Besides, teachers are starting to ask where I am, so it's better to be myself again.

And as Mi-chan, I don't really exist.

Finally, phew ...

I've finally found you.

To be continued...
