Hello.

This is LEXI,

Another

TV or...

Affirmative.

Really?
Perv!

*Removing

A woman with long, wavy red hair and a shocked expression stands in a modern dining room. She is wearing a dark, low-cut top and a black skirt with lace-up details. Her hands are outstretched in a gesture of disbelief. The room features a glass dining table with white dishes and a large window overlooking a city skyline at night. A chandelier hangs above the table.

God, What
went wrong
with you?

And get
that stupid
grin off
your face!

What
the...

How?!

Oh, you are
so dead you
little perv!

LEXI, have my
stepsister take
a revealing
pose.

*Affirmative.
Applying

What is going on?!

Why can't I move?!

Well, as you can see dear sis.

LEXI can control far more than just the TV in our house.

You
can't be
serious!

LEXI, increase
my stepsister's
breast size by
five cups.

*Affirmative.

No way!

A woman with long, wavy, reddish-brown hair and large breasts is standing in a dining room. She is wearing a black, short, lace-up skirt. Her hands are behind her head, and she has a surprised or excited expression. The room features a glass dining table with white dishes and a wine glass, and a large window in the background showing a city skyline at night. A chandelier with multiple white cylindrical lights hangs from the ceiling.

You are so
dead when I
get my hands
on you!

A man with blonde hair and glasses is sitting on a dark grey couch in a modern living room. He is wearing a white and light blue striped short-sleeved shirt and blue jeans. He is looking towards a small, black, cylindrical robot with a glowing green light on top, which is sitting on a white coffee table. A speech bubble is positioned above the robot, and another speech bubble is positioned below it.

Oh, LEXI, we
are going to
have a lot of
fun together.

*Affirmative.
We will have
a lot of fun
together.*

Hello, Hexxet here,

LEXI will be a series dealing with Mika who lives with his dad, his stepmother Jenniffer, and her daughter Jessica. After ordering his new home assistant Unit LEXI Mika soon finds out that it can control so much more than just the television in the house! 😊

Not sure yet when LEXI will come out as there are several other series ongoing that need completion first (Like Transform or Command, Window Wishing, and Post Hypnotic Chore List). But I'm rooting for May or June 😊
