

There it is! The mark IV
Sexual containment machine.
This departments answer to
giant prisons!

A combination of drugs, hypnosis
subliminal messaging, bondage
and constant sexual release: makes
for completely docile inmates

This is completely amazing, I
would love to experience it...is it
truely...ethical?

I've been perfecting it
for years...there is no better
prison. Cheaper, less room
but only for life in prison.

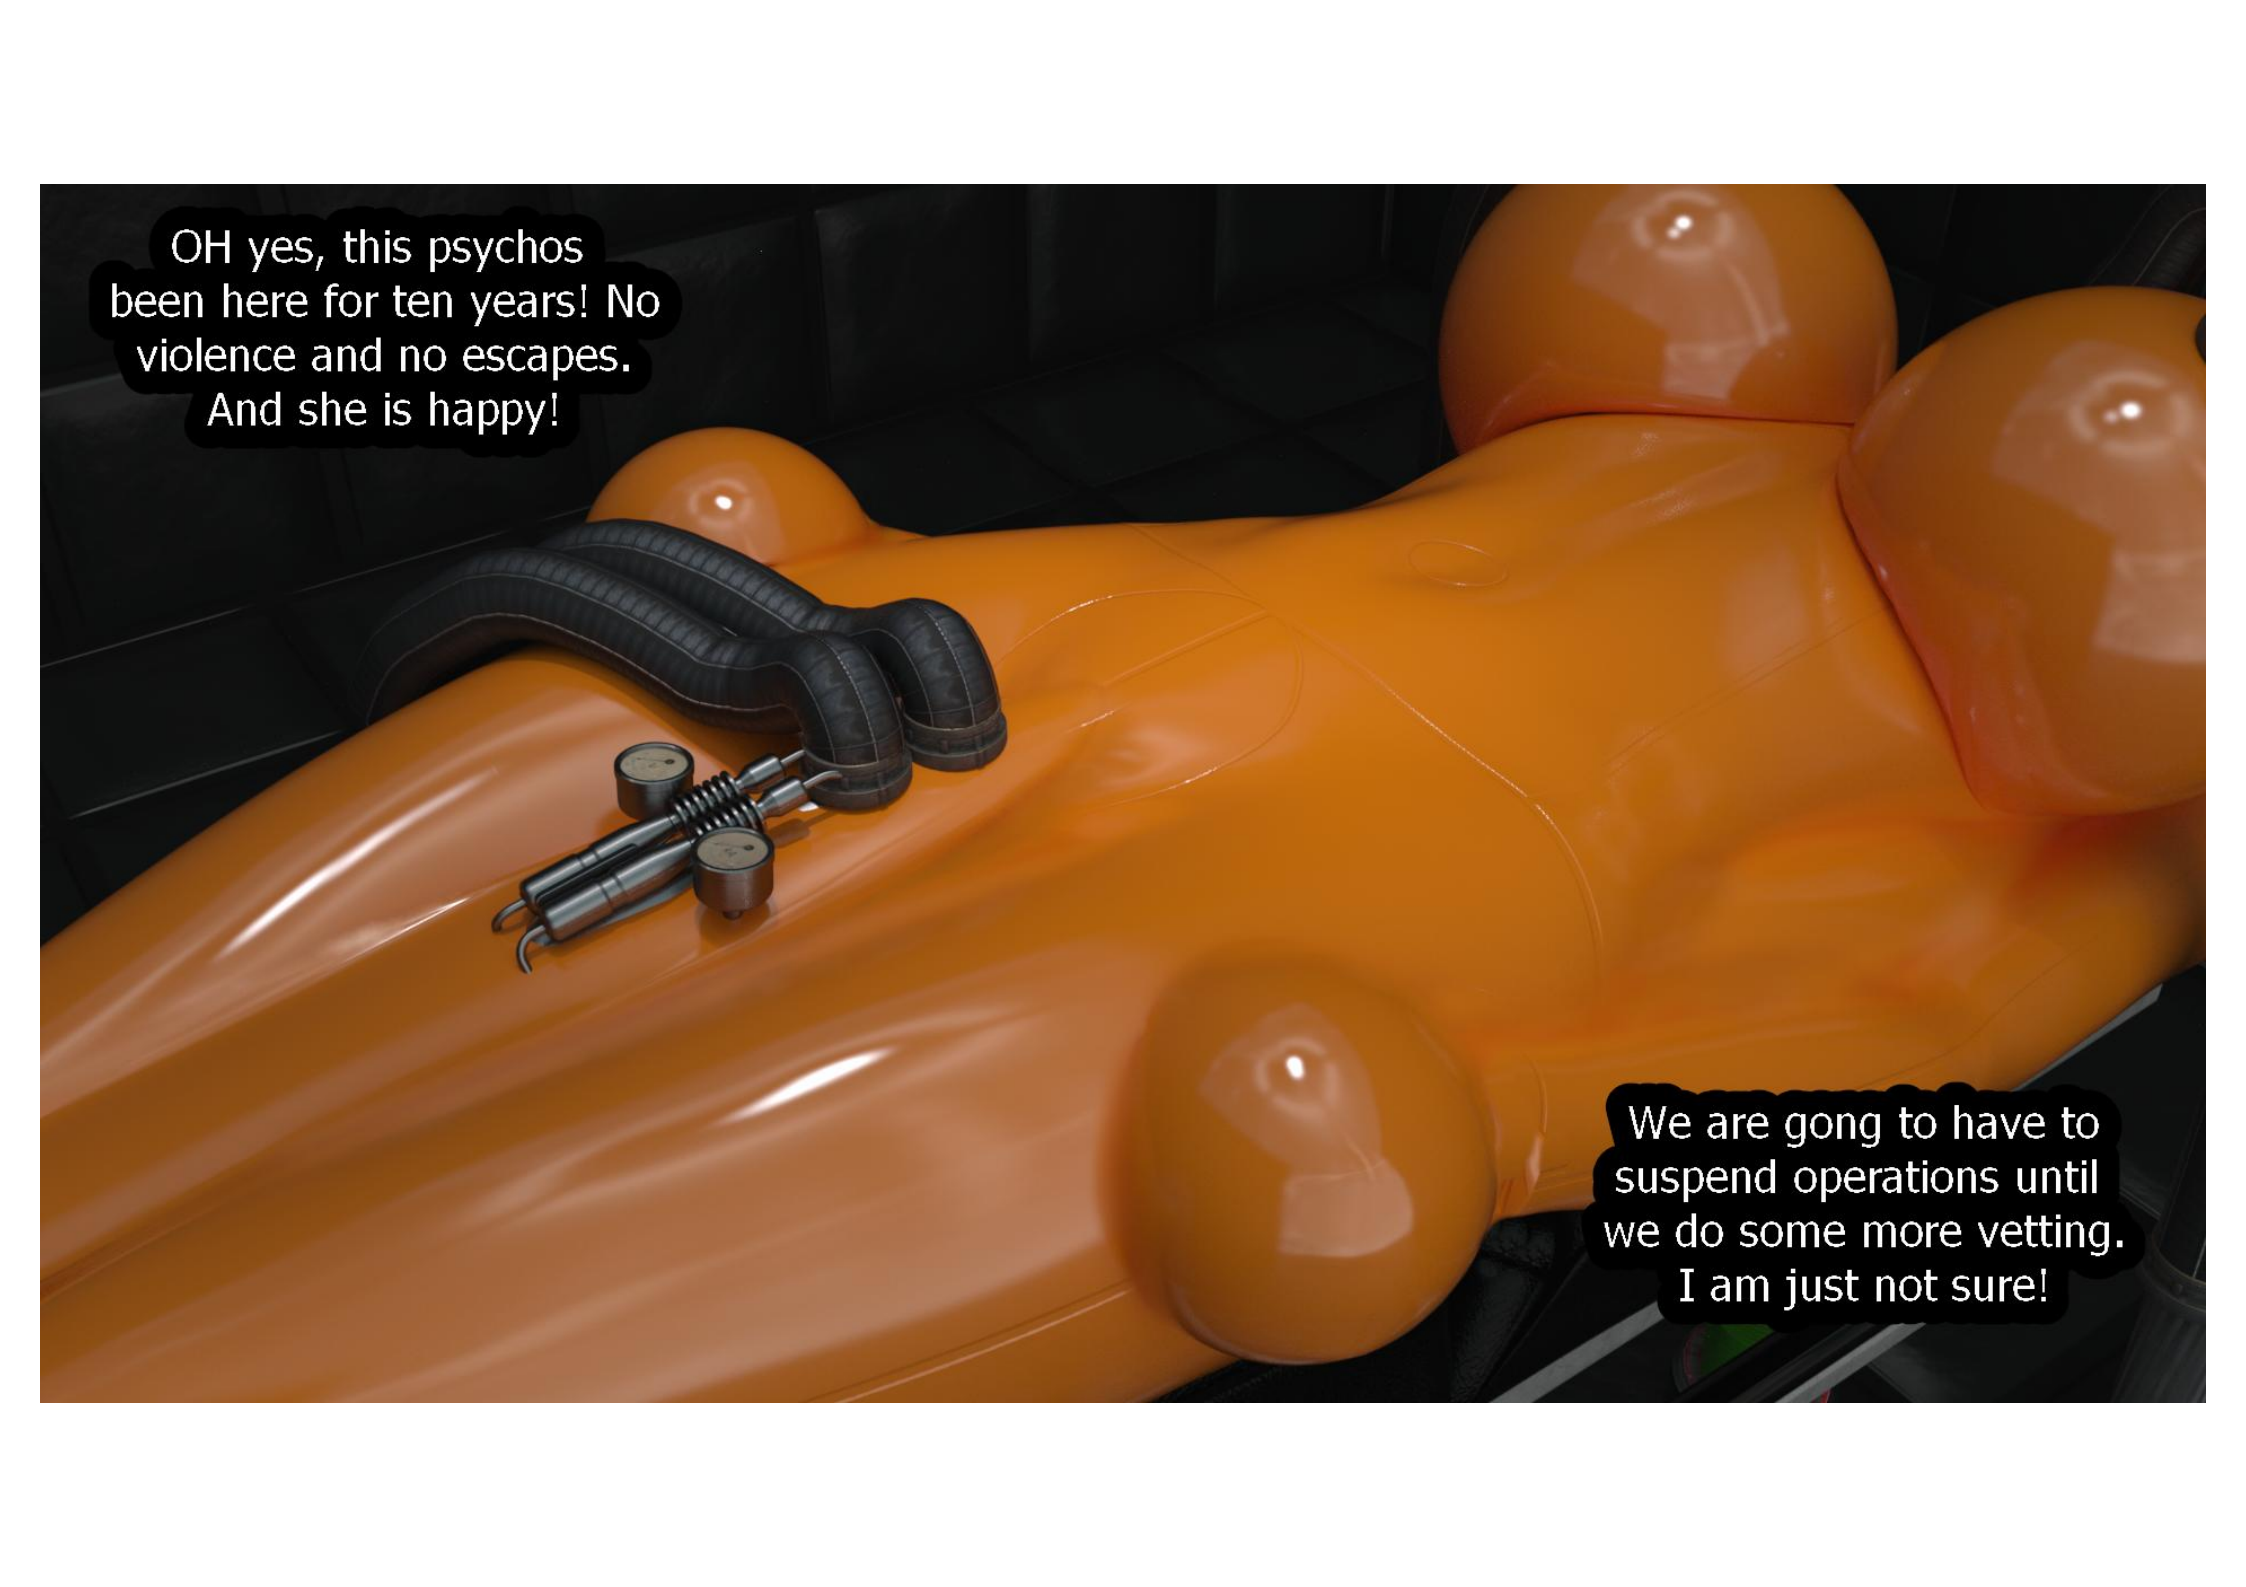

And that is why I just
might have to shut you down.
What if you put an innocent
person in here? You said it.
"only for life in prison"

Its not my fault if the courts fuck up...this is a perfect system...look at this inmate...insane! And harmless!

But you are talking about an experience that is so intense that it would permanently alter a person!

A close-up photograph of a person's torso wearing a bright orange jumpsuit. A black leather glove is resting on their chest, and a mechanical device with two cylindrical components and a spring is also on their chest. The background is dark and indistinct.

OH yes, this psychos
been here for ten years! No
violence and no escapes.
And she is happy!

We are gong to have to
suspend operations until
we do some more vetting.
I am just not sure!

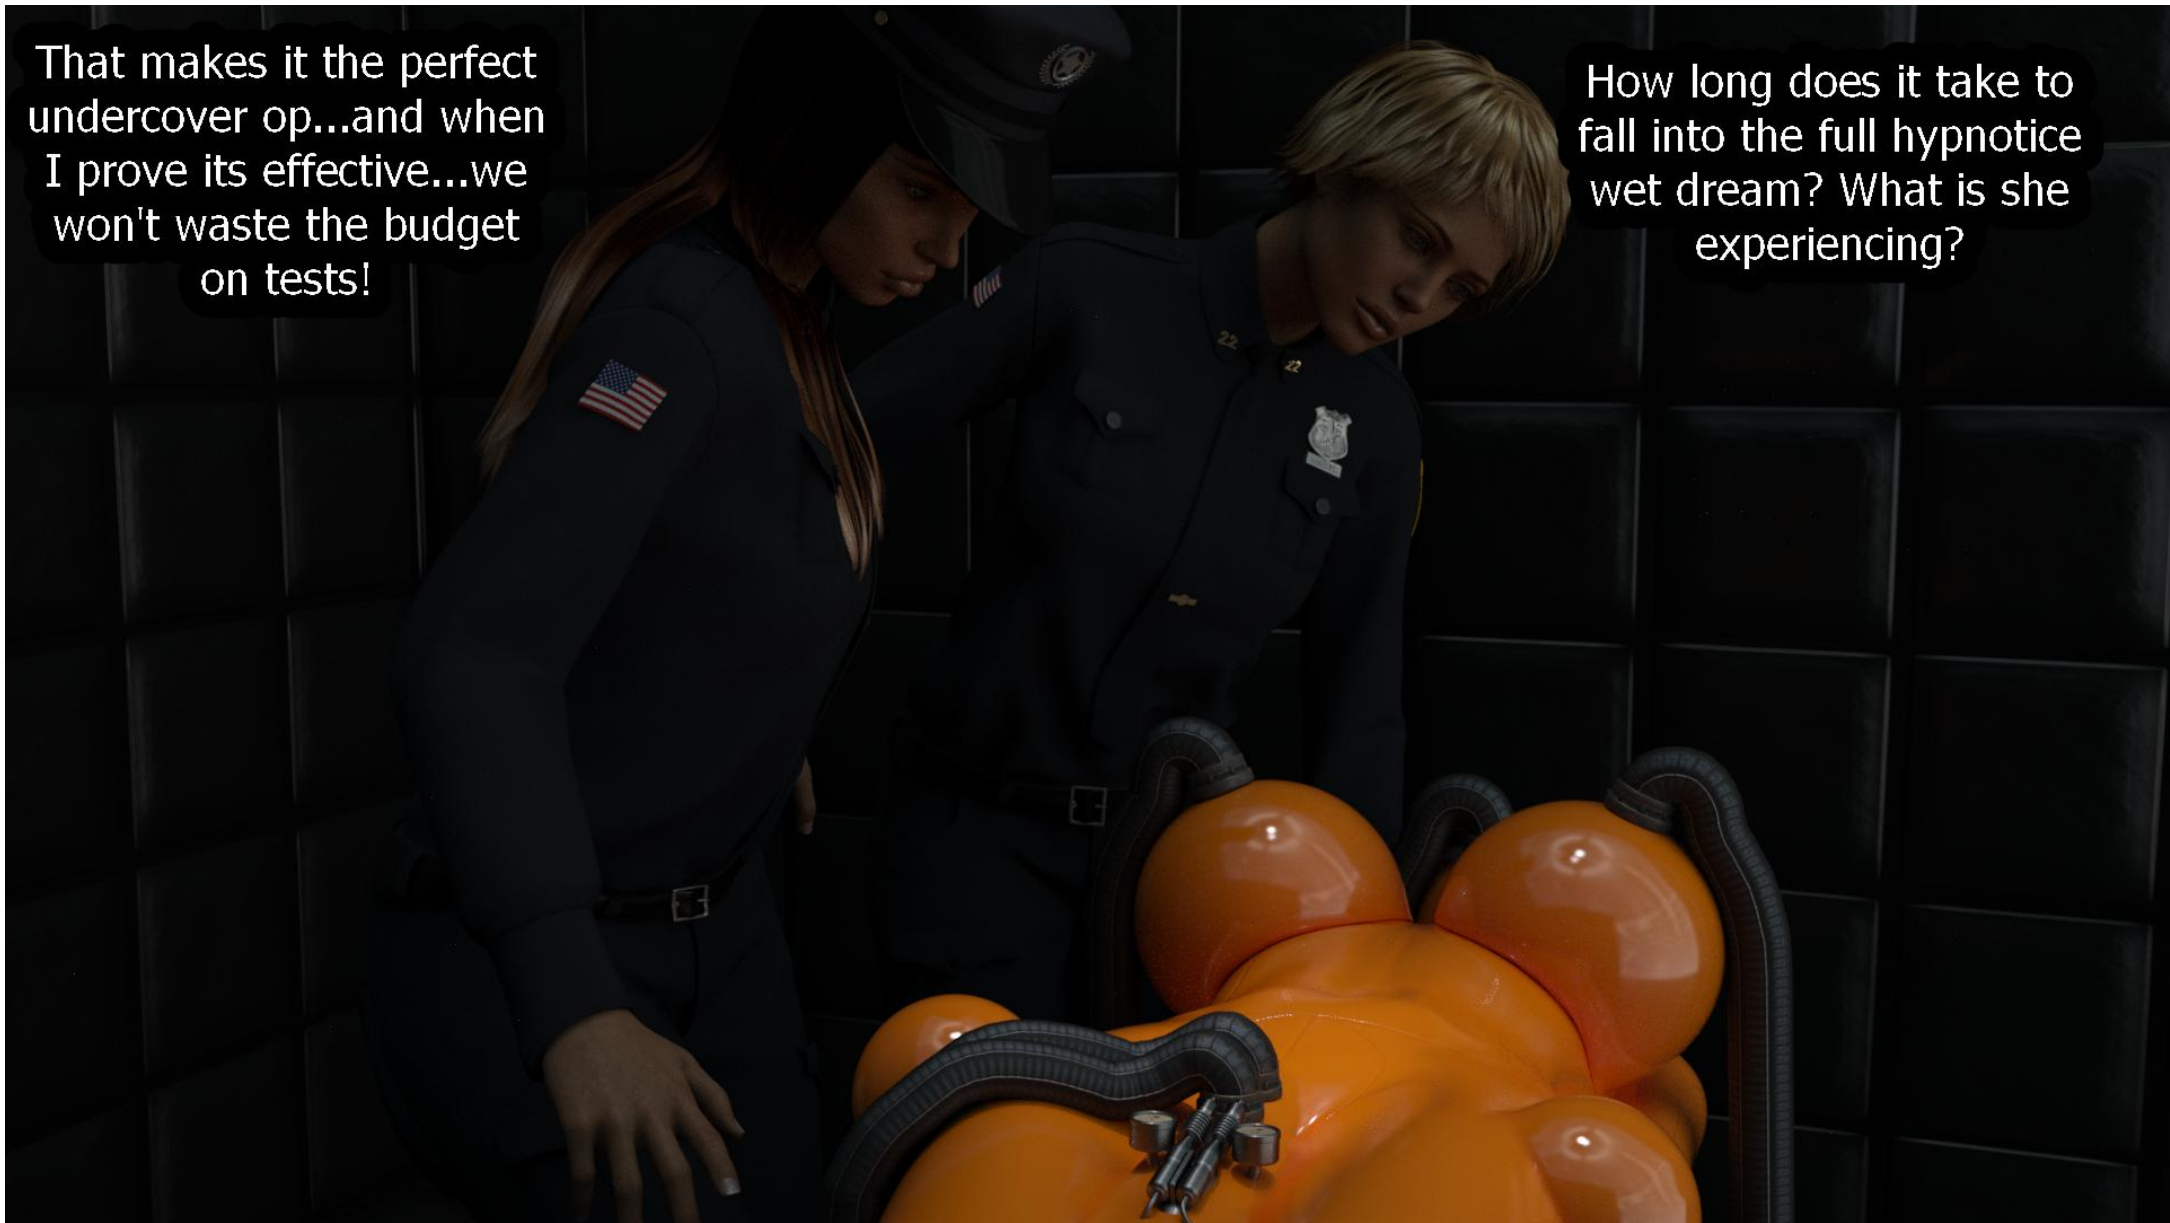

A scene from a video game showing two female firefighters in a station. They are standing behind several large orange fuel tanks. The firefighter on the left is wearing a dark uniform with a cap and has her hand to her face. The firefighter on the right is also in uniform and has her hand to her face. The background is a dark, tiled wall.

How about this...I have an open unit...you test it out over night! On the lowest setting...I'll prove its ethical!

Technically I haven't even started as warden! This way it would cut all the red tape. And noone knows I am here yet.

That makes it the perfect
undercover op...and when
I prove its effective...we
won't waste the budget
on tests!

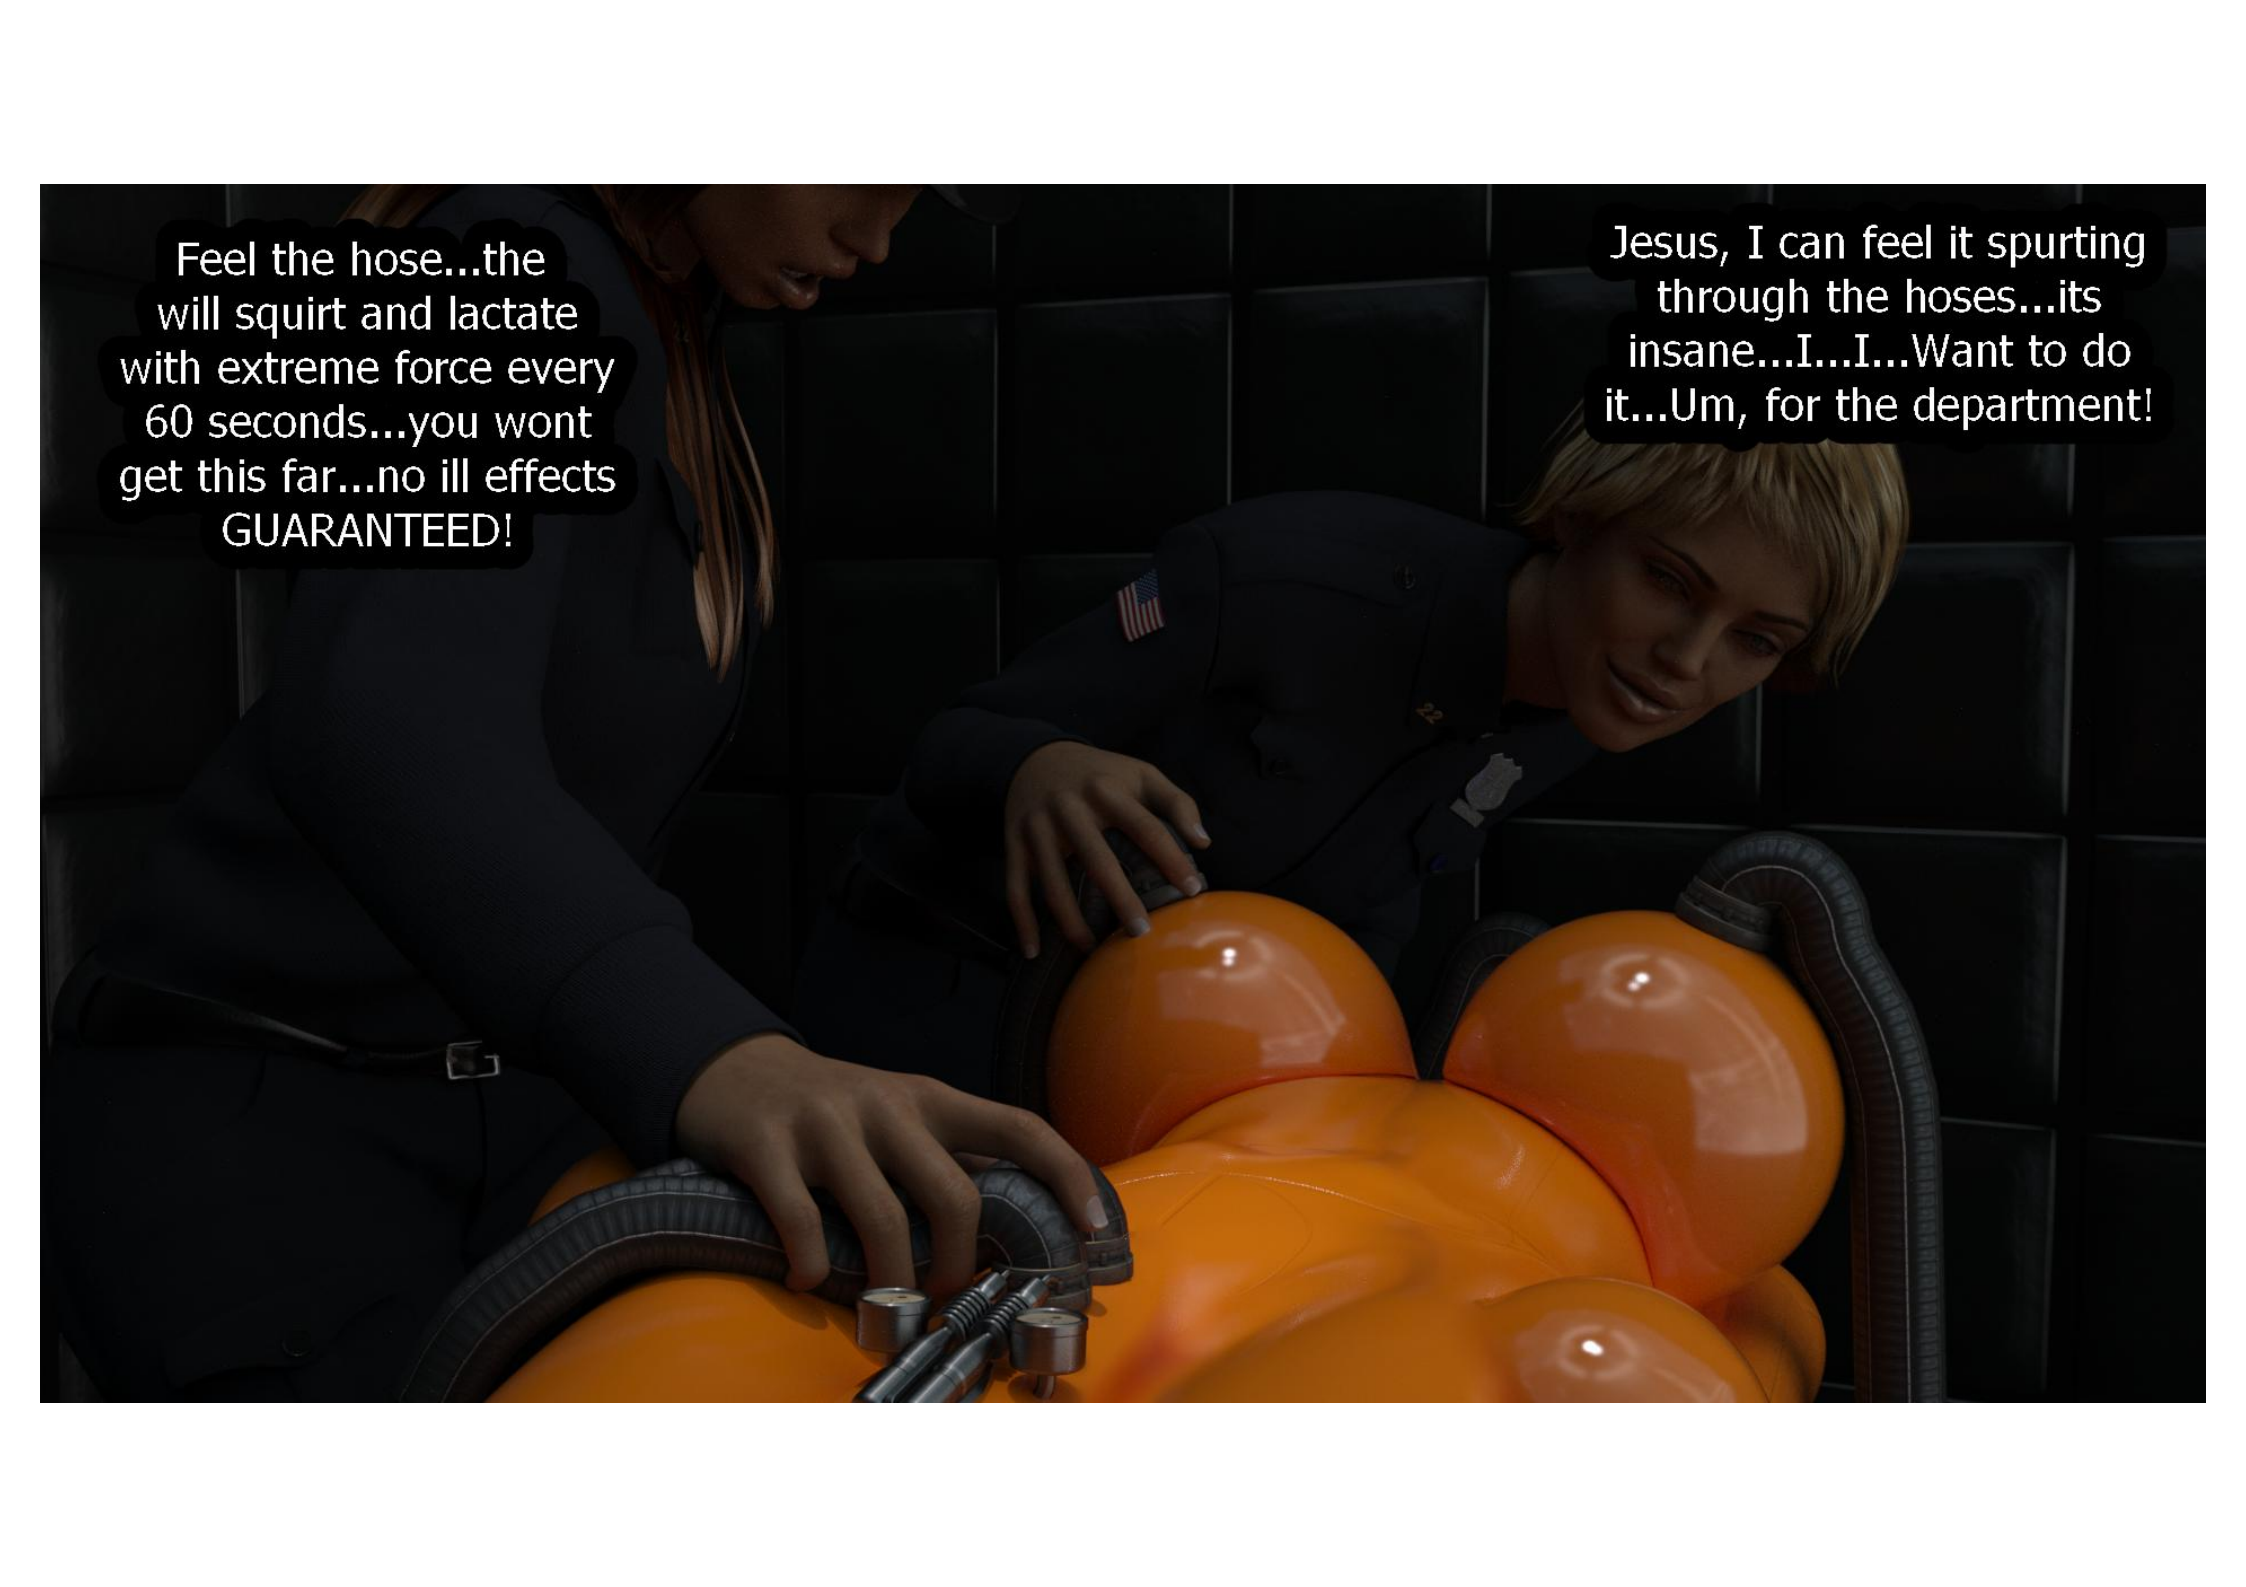

How long does it take to
fall into the full hypnotic
wet dream? What is she
experiencing?

3 days to be fully docile.
I'll do you over night at the
lowest setting...for proof!

Jesus, is this what she is
dreaming? No wonder there
are problems with waking
up...but, uh...wow, thats
really really sexy!

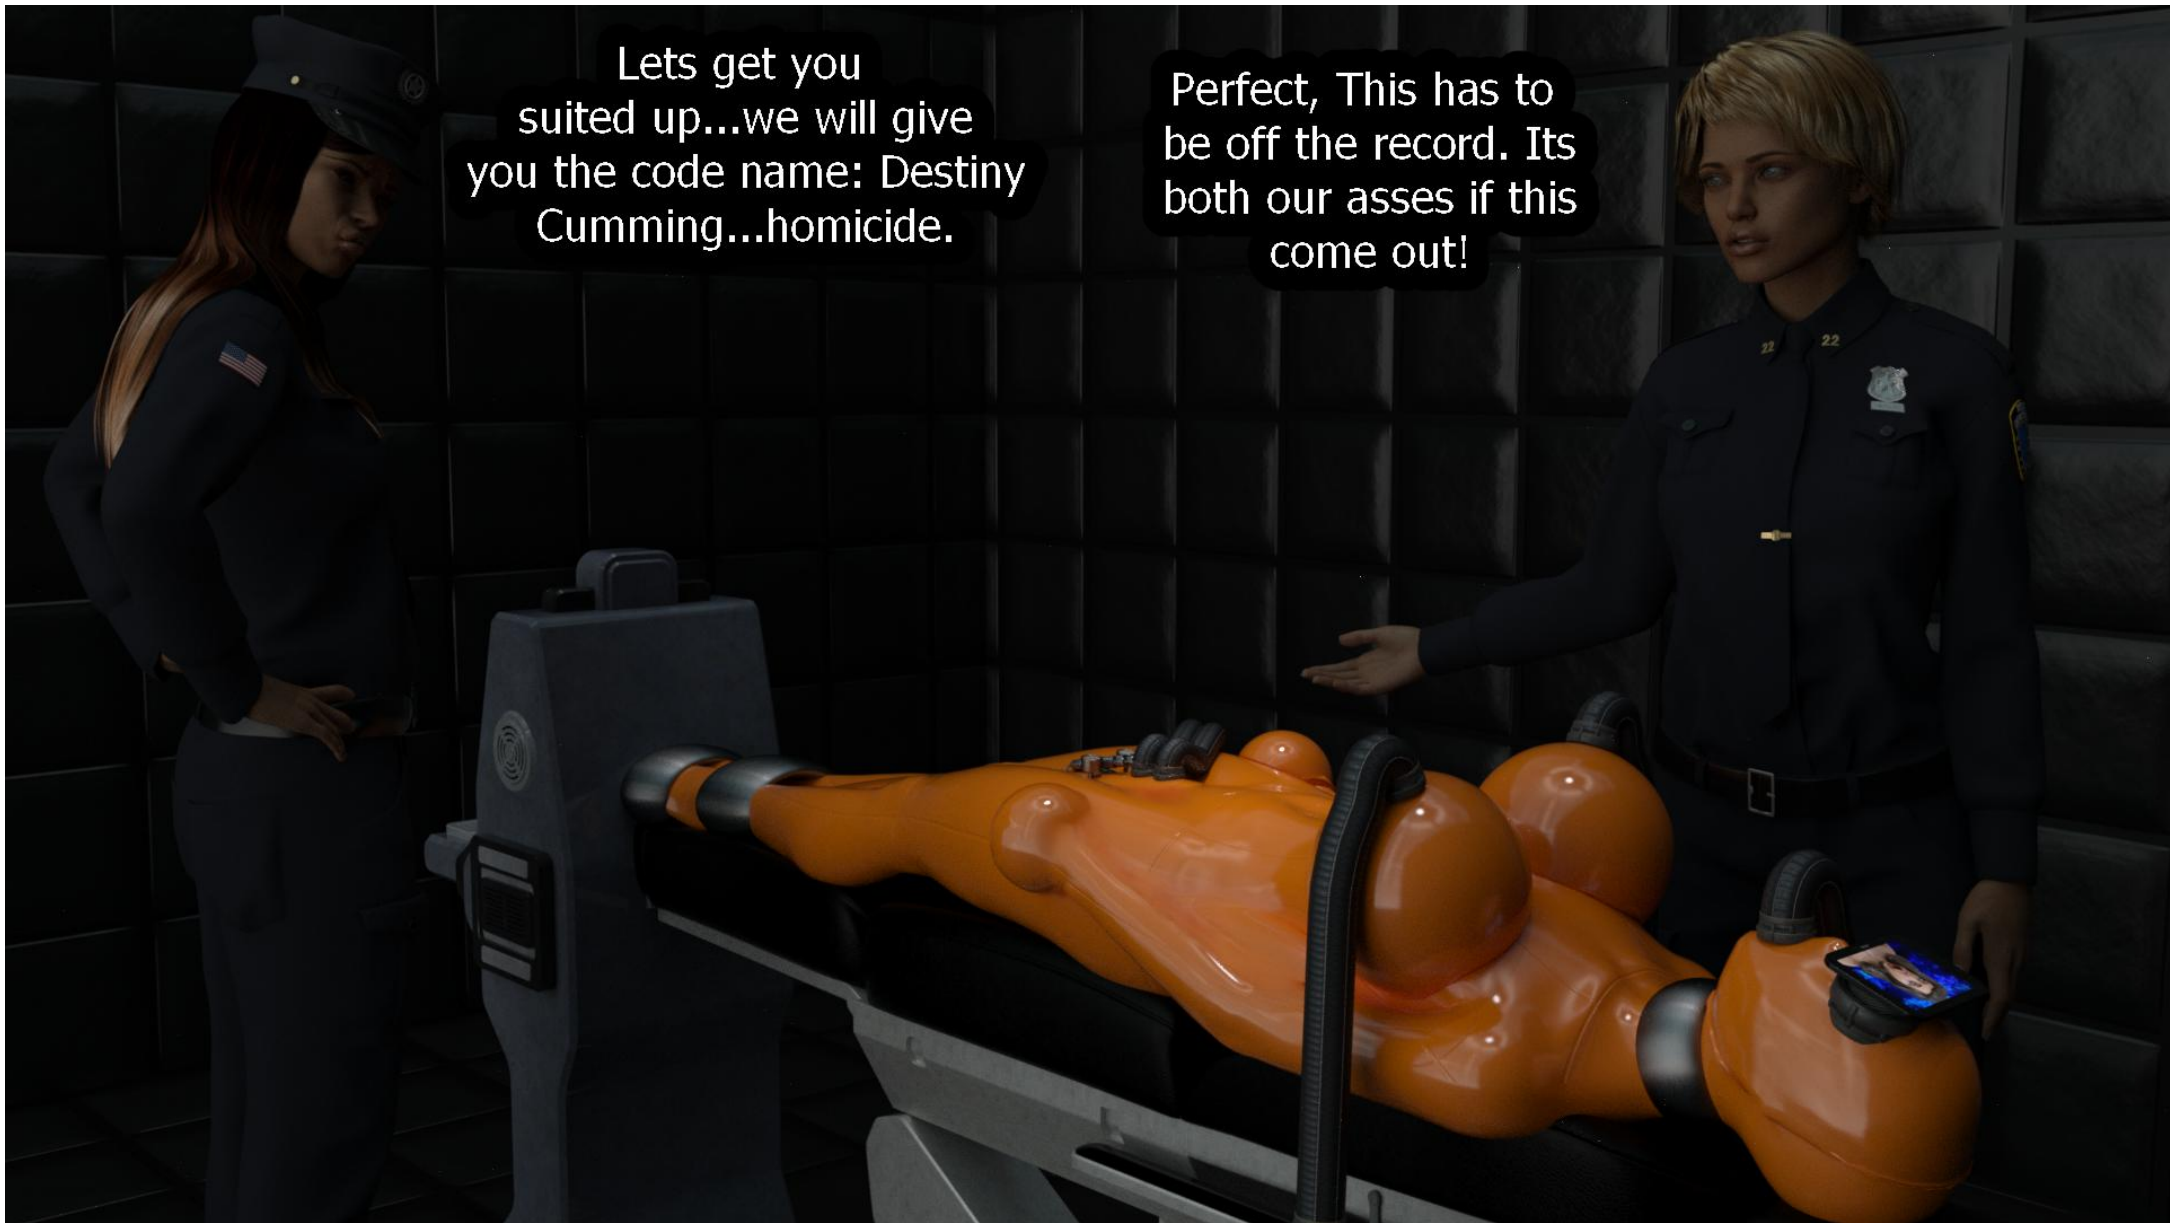

A woman in a dark uniform is adjusting several large, shiny orange balloons. The balloons are connected to a network of grey hoses. She is looking down at the balloons with a focused expression. The background is a dark, tiled wall.

Feel the hose...the
will squirt and lactate
with extreme force every
60 seconds...you wont
get this far...no ill effects
GUARANTEED!

Jesus, I can feel it spurting
through the hoses...its
insane...I...I...Want to do
it...Um, for the department!

Lets get you
suited up...we will give
you the code name: Destiny
Cumming...homicide.

Perfect, This has to
be off the record. Its
both our asses if this
come out!

I knew the Vaccum
suit was going to be tight
but this is next level...God,
I am...its hot. Its hot!

OK, lets get the rest installed.
Goodbye Warden Marshall,
Hello Desting Cumming!

Destiny Cumming, I just
got it...witty, UNGH.
Wow, its kinda
kinky!

Oh, things havent even
begun getting kinky. Penetration
only begins after I turn it on!

A woman in a dark police uniform with a cap and long hair is adjusting a mannequin. The mannequin is wearing a shiny, orange, form-fitting bodysuit. The woman has her arm around the mannequin's shoulder and is pointing at the bodysuit. The background is a wall of dark, square acoustic panels.

Wait, theres penetration?
MMM...ok, I knew that...
expected that...um, fuck
this thing keeps getting
tighter!

Yep, only the lowest levels
for you. It will barely be on.
You wont even start
to mutate!

Mutate? What do you mean mutate...you never said anything like that. but what about me!

That only occurs at the mid and high levels. What, you thought the other inmates giant tits were natural?

Fine, just keep the machine
on low its enough for this test.
then we can shut it down!

Huh, still thinking
about shutting me down.
Maybe I'll just extend your
stay a little. Get ready for
the hypno head set!

A woman in a dark blue police uniform with a "POLICE DEPARTMENT" patch on her shoulder is smiling and holding a large orange funnel to the mouth of a character who is also wearing an orange outfit. The character has their mouth open, and the funnel is positioned as if they are drinking from it. The scene is set in a dark, possibly industrial or vehicle interior environment.

Extend my stay,
wait...Wait just aMMMMM!
SLORP...GURRGLE...GLUG
