

## PART 4

“Ahhhhhhhhhh” I was holding that in forever! Katya groaned as the hot stream of piss left her pussy, draining down into Chris’s throat! Her urine was somehow worse than the shit, it filled his mouth so rapidly and he couldn’t spit it out! The only relief in pressure was when he choked and sprayed it from his burning nostrils! The last few drops dripped from her cum filled unwashed pussy as Chris choked and gagged.

“So what’s the first thing you want to do when we get out?” Katya asked with an excited tone, knowing Chris was unable to respond.

**BBBBFRTTTTT**

“Oops, sorry! You are probably totally used to it by now though, right? This is like a dream come true for you, shhh, don’t tell the doctor” Katya joked as Chris gagged and groaned. The fart was so powerful and unexpected that it blew out his nose like the exhaust pipe of a car, his eyes watered as Katya pushed back, her fat ass smothering his face between her sweaty cheeks.

“Are you okay back there?” Katya asked casually, it was the first time she had shown any real sign of concern for Chris and it wasn’t even genuine. He let out a muffled groan of despair as she giggled.

“I figured, you are probably in heaven, just thinking about the meal I’m about to eat... what sort of research do you think the Doctor is doing with this anyways?” Katya asked as Chris let out a muffled cry. His tongue was constantly coming into contact with her asshole which kept gripping the tip. When he pulled his tongue out, her anus would squeeze closed and drip a foul shitty ooze, it was horrendous.

“Mpp mpp phh” Chris tried to speak, he knew no words would come out but regardless he tried. His tongue flicked hard up against Katya’s sweaty pussy lips. He felt her body tighten and quiver as his tongue ran over her privates.

“Chris!!!! Oh my god!” Katya blushed as she looked to her left up in the corner of the room to the camera. She was on her hands and knees with Chris behind her in the same position.

“The Doctor could be watching! What are you doing?” She asked in a playful tone while shaking her big thick ass back and forth, dragging his head with her. Katya looked to the camera again and then back over her shoulder to her boyfriend. It had been a few weeks since they had any sort of fun, and now that she thought of it, her pussy was aching to be licked.

“Alright, but let’s make it quick, okay!” Katya looked over her shoulder and smiled before quickly beginning to back up. Chris’s eyes went wide as she pushed him down to the floor and sat with her **FULL WEIGHT** on his face forcing him down. Her cheeks spread out over his face with his

nose pressed very deep between her sweaty cheeks! Chris tried to scream but his tongue was pressed flat up against her dirty asshole! His mouth had been cut and sewn to her ass so wide across that it covered both her pussy and asshole!

Katya looked to the camera once more and then back over her shoulder at Chris, they made eye contact and she smiled at him, completely looking past the pain and torture she was causing him. Her cheeks were so fat that they almost overflowed his head completely. Chris groaned as her anus flexed on his tongue, spreading the greasy folds over his taste buds.

“Alright, lick me, nice and deep, just make it quick, I don’t want the doctor to see!” Katya moaned lightly and began rocking on his face!

Chris could do nothing but lay there as Katya began rubbing herself over him. Because of the way they were stitched together, Katya was pulling his head with her movements, forcing his

mouth over her anus and pussy in a very rough fashion! He could barely breathe as he choked and gagged but Katya could not hear him under her moans of pleasure! She moved forward and pushed down as Chris reached up grabbing her ass cheeks! He tried to push her and move her but from a lying position, it was impossible. Katya looked back and smiled.

“Keep rubbing my ass cheeks, that feels nice, and concentrate on my pussy with your tongue!” She demanded while continuing to grind on his face. Chris really had no choice though, his mouth was trapped under her pussy anyway.

Desperately he began licking, trying to end this as soon as possible! He shot his tongue up inside of her pussy, the taste was horrendous, especially because she hadn't showered in weeks! Thick syrup like cum began oozing from her pussy and filling Chris's mouth, Katya always had a heavy flow, but this was unbelievable! If he could have puked he would but she was sitting so hard it would have killed him!

Katya's fat ass cheeks slapped on his nose, squeezing his face and crushing his head as she sat back with her full weight! She held her head back and began moaning, From one eye Chris could see the camera in the corner of the room zoom in on them!

“**MPPPPH MPPPPPH**” He moaned as her ass slapped his face, trying to signal to her that they were being watched, but she was wrapped in ecstasy and couldn't care!

**MMPPHPSPPPRppsprrtllllrbtntttttttt**

An incredibly wet and messy fart released over his upper lip and into his mouth as Katya laughed and looked back at him. Chris could feel bile rising in his throat as she laughed. Slowly she reached back and began fanning above her ass wafting the fumes back down towards his face.

“Ugh, that stinks, I think I might have diarrhea later,” Katya said with a groan, she quickly looked back at Chris again and smiled...

“Lucky you! Right?” she laughed before continuing to grind on him!

With each thrust her wet pussy lips squeezed over his tongue, Chris knew his only hope of ending this and surviving was to give her an orgasm, so he desperately slid his tongue in and out of her vaginal canal! Her insides tasted so sour and stale as they squeezed and gripped at his tongue. Every few thrusts he would let out a deep-throated gag but Katya was moaning way too loud to notice!

Katya lifted up a bit too high and dropped her weight back down cracking Chris's head to the floor, she felt the bang and impact but couldn't stop from the deep waves of pleasure running through her! Chris could feel his head pounding in pain as she gripped her nails into his chest and continued to rock on his mouth!

**BBFBRTPPPppprtt BBFRTTTT**

“AHHHH AHHHHH AHHHHHHH ahhhhh ahhhhh aaaaaa aaaa oh my ahh god” Katya moaned as she sat back heavily onto Chris, her fat sweaty cheeks completely squashed his face and crushed his nose cutting off all air! He reached up and grabbed the sides of her cheeks trying to lift her but Katya just laughed with a breathless moan.

“That felt **REALLY** nice” she giggled a bit, still sitting back and crushing Chris! He wiggled his face left and then right, his nose slid out from her ass cheeks just enough that he could snort in a small stream of ass scented air! The odor was foul but he needed the air much more desperately!

“**MPPPH MPPPPH**” Chris let out a muffled cry trying to let Katya know he was slowly suffocating under her!

“What?” Katya asked curiously while looking back over her shoulder and down at her boyfriend. Suddenly her face lit up as she turned away, all Chris could see was the blonde hair running down her back as her soft hand wrapped around his dick. She began laughing as her hand slowly slid up and down his shaft! Chris was terrified, but he couldn’t stop his body’s natural reactions. He hated the position he was in, the smell, the suffocation, the weight of her ass, but her soft palm on his dick felt so good.

“You don’t think I would put you through all that without reciprocating, right?” Katya giggled as she gathered a mouthful of spit and let it drip down to his dick! He moaned deep between her sweaty cheeks as the fluid dripped down the side of his dick! Chris was torn, the feeling on his dick was so good, but the odor he was breathing in was so foul.

Katya sat back heavily, tucking her feet under his head and locking him in her ass while she rapidly increased the speed at which she stroked his cock. His heart rate started to speed up as he snorted in and out, huffing the odor of her ass! It was so sour and earthy, she had been shitting down his throat without being cleaned for so long, he didn’t know how much more he could take. He breathed in deep, moaning in pleasure as Katya spit on his dick again.

“God I wanna suck your dick so bad! But I can’t get that low with your face stuck to my bum!” Katya laughed and wiggled her hips back and forth sliding her ass crack on his nose.

**BBBBFRRTTTBBFBRRTTTTTTT**

Chris felt Katya’s pace slow for a moment as she tensed up, her cheeks squeezed his face for a split moment before releasing and blowing an **EAR SHATTERING FART!** It was so loud and wet that even Katya paused and grimaced for a moment.

Chris choked harder than he ever had before! He could feel the hot gas rushing across his tongue and burning the back of his throat. Katya began jerking his dick again for just a moment before pausing and grunting.

**SPPpspppprrttttttt spppfrrppprttt rpprrtttttttt**

Chris closed his eyes as her anus vibrated open and closed on the tip of his tongue! The fart sounded like a wet muddy zipper being ripped up and down, even Katya shivered in disgust causing her fat bum to jiggle on Chris’s face.

“Ugh, I have no idea how this turns you on! I can’t even stand the sound!” Katya groaned from above him, her tight grip still sliding up and down Chris’s rock hard dick! He was so humiliated, even he was beyond belief on how this would make him hard, any normal person would have passed out by this point, and that wasn’t even including the shit eating.

The wet fart tasted so foul, Katya always had stomach issues but the diet the doctor had been feeding her made things much worse! Chris reached up grabbing her ass cheeks and spread

them wide, just enough so he could suck in a deep breath through his nose. Katya giggled and **SLAMMED** her bum down on him, her hand still aggressively sliding up and down his dick.

**BBBBBbfrbttbbbbbbBBFRRTTTTTTTTTTTT**

Katya grunted and Chris felt her anus spread inside of his mouth! The walls of her anus began slapping open and closed while blowing a foul stream of gas out into the back of his throat! It sounded like a lawnmower being forced through a swamp with how wet it was! Katya laughed hysterically as Chris started to choke, he could feel all the muscles in his body tightening as his hips bucked up and down! Cum began overflowing Katya's hand, spraying from his dick like a volcano! He hadn't cum in over three weeks and it had been building up!

"AHahahah wow" Katya laughed for a second before slowly rubbing his dick up and down a bit more, her fat ass still smothering Chris's face. He was gasping for air, panting in and out through his nose so deep while choking! The taste in his mouth was horrendous but it felt... so good! Using all his weight he threw himself to the side taking Katya with him, they tumbled to the right as she laughed loudly! He instantly began snorting air with his nose free from her swampy ass.

"I guess now I know a secret way to get you off super quick!" Katya giggled and pushed her legs out around his body stretching them.

"I don't have any secrets, you're still gonna need to work that mouth hard for me!" Katya laughed and started wiping the jizz on her hand off onto his body. The metal lock on the door clicked and the handle turned as it swung open slowly. The Doctor was backing his way in with a number of platters in his hand, all covered with plate warmers. Chris could feel Katya's body tense up with excitement as she watched the food being brought in. The doctor slowly began removing the plate warmers revealing the food, as Katya crawled forward dragging Chris behind her. He could just see the food over the horizon of her ass cheeks.

There was steak and potato with cheese and sour cream, a Caesar salad, a big bowl of boiled broccoli cauliflower and asparagus with a bottle of red wine. Chris was blown away, it was so much food, his eyes began to water with tears of sorrow as the Doctor left and quickly came back with an 80 piece tray of sushi, slowly setting it down before Katya.

"When you finish it all, there's a triple chocolate sundae waiting for you in the freezer," he said in a thick accent with a smile. Katya was silent but Chris could tell she was drooling, she had always loved food despite her beautiful figure. The doctor left the room and returned with a fork and knife and napkin.

"Make sure you eat everything, yes Katya?" he asked with a creepy smile as she nodded!

"Thank you so much, this looks so good" she moaned a tiny bit. Chris reached up with a shaking hand and grabbed Katya's ass cheek, he wanted to tell her to go slow, to not eat the food, but

he had no ability to speak. She quickly smacked his hand off her ass and pulled him forward with her.

“Oh my god, this all looks so good, I don’t even know if I will have room for the ice cream” Katya giggled, Chris could hear the fork crunching in the lettuce as she began eating mouthfuls of salad!

Chris could do nothing but wait behind her with his mouth sewn to her privates. He could hear her chewing, cutting into steak, moaning as the food melted over her tongue! Over her ass cheeks, Chris could see her emptying the cup of cream cheese onto her baked potato before shoving a massive chunk into her mouth.

“Mmmmmm oh my god,” She mumbled with her mouth full before taking a sip of wine straight from the bottle.

“I wish you could taste this!” She said quickly between bites before beginning to laugh. Her ass jiggled as her anus pinched the tip of Chris’s tongue.

“I guess in a way, you will be trying it soon, right?” she joked as Chris let out a moan, he did not want to think about what was to come. He had eaten so much shit, massive chunky logs, mushy thin strips, goopy glops of semi-liquid crap, all of it was terrible, but he knew that this feast would bring about the worst. Any time Katya over ate, she spent **HOURS** in the bathroom, groaning and moaning. Chris felt so embarrassed and guilty, in the past he had masturbated outside the door, listening to her wet farts and brutal diarrhea, the sound of it splashing the water and caking the sides of the bowl, it used to make him so horny. He would never dream of doing that again. A shudder ran down his spine as he gagged against her asshole just picturing the shit that this meal would produce. Katya stopped eating and looked back at him for a moment.

“Do you mind? I’m eating” she asked in a slightly offensive tone before continuing to fill her mouth with sushi. Chris could see her using the chopsticks to shovel piece after piece down her throat! He let out a tiny whimper, only loud enough for him to hear as Katya continued to inhale her food.

Over an hour passed before Katya spoke again, the room was silent except for her chewing and moans of pleasure! Chris just waited, trying not to picture the mess that was brewing deep inside of her. He could hear watery gurgles every so often but Katya never slowed. She was eating with purpose, trying to keep the doctor happy to secure their freedom.

“Oh god, I’m so full, I don’t know if I can eat another bite” Kaya groaned as she pushed the plates away from her face. Slowly she sank down with her face to the floor and ass in the air pulling Chris behind her. The door opened and the Doctor walked in with a **MASSIVE** bowl of ice cream in his hands.

**“DESSERT TIME!”** He said in his thick accent, trying to sound welcoming but it still came off incredibly creepy, at least to Chris.

“Ughhhhhh” Katya groaned as she held her stomach.

“I don’t think I can eat.... Another bite” she paused to push as a massive explosive airy fart left her asshole! Chris felt her anus blow wide open as his cheeks puffed out, the excess gas shot from his nose forcefully, making him choke hard! The doctor’s eyes focused on Chris as he choked and gagged deeply, Chris locked eyes with him for a moment before he quickly looked away and back to Katya.

“If you eat **ALL** the ice cream, I would be much more inclined to let the two of you go,” he said with a smile as Katya perked up, she looked to the Doctor and then got to her hands and knees.

“I’m sure I can make room,” she said with an unsure voice

“Mppph mpppph mpppph” Chris whimpered into her asshole while still choking on the gas she had let loose. Both Katya and the doctor began to laugh.

“It sounds like he’s all full, well, about to be” Katya joked as they laughed again at Chris’s expense. He squeezed his hands into fists, he was so angry, Katya was acting like a child! How could she believe he would let them go after all this! If they said a word he would go to prison, there was no way he would take that risk, Chris knew this, how could Katya not see.

**BBBBFRRRTTTTpppppprrtttt**

Chris felt Katya’s anus blow loose into his mouth as it slapped open and closed, near the end of the gas her anus pinched closed and launched a sticky blob of wet shit onto his tonsils. He began choking instantly, the odor wafting from his nose and quickly hitting Katya, even she had to fan her nose from the sour bitter burn.

Chris could see the doctor blush as his eyes began to water from the smell, Chris wanted to strangle him, how could he react like that, he wasn’t kneeling at ground zero! Fucking asshole! He smiled and backed out of the room quickly to get away from the odor.

“Make sure to finish all the ice cream, and we will see if tomorrow is a good day for you two to leave” he smiled before closing and locking the door.

Chris was mortified, he had no idea what to do, he was powerless in his current position. The burning taste of Katya’s fart was still stirring in his mouth, he could taste the garlic from her salad and the milky bitter flavor of the cream, this shit would be life-changing and not in a good way. Katya immediately dug into the ice cream, eating it like it was her job. Chris could only hear the slurping sucking and swallowing sounds as she downed the massive bowl. He had seen it

for a moment when the doctor brought it in, there was enough ice cream for 5 people, maybe even 6!

“Oooo brain freeze” Katya paused for a moment, she arched her back and pushed back a bit to smother Chris’ face in her sweaty ass before resuming her dessert.

When the bowl was empty, Katya could not move. She lay on her side groaning with her knees slightly bent and arched, Chris on his side directly behind her, his face lost in her sweaty fat ass. He could hear the wet deep gurgles coming from inside her, the meal she had eaten, or rather, buffet, was moving through her, closer and closer to his defenseless waiting mouth.

Katya quickly fell asleep in a small food coma while Chris stayed awake, suffering. Almost the exact moment she started to snore, her anus began ripping open and closed like it was sounding an alarm! The farts were thick and wet, all of them sounding like a broken moist zipper being undone on his tongue. He could taste the flavor from all of her food as it washed down his throat, the flavors getting more intense with each gaseous release.

Over an hour had passed when her stomach made a loud vicious bubbling sound! Katya quickly woke up and raised to her hands and knees, arching her back and leaning back. Chris had less than a few seconds to prepare for the assault of a lifetime!

He felt her anus slowly squeeze open as the head of something MASSIVE began to emerge. As soon as the chunky hardtop had passed her asshole, it began sliding out with a terrible speed! Chris’s mouth was not even wide enough for it to be crushed inside of as it forced its way directly down his throat. Tears ran from his eyes as the muscles in his neck cracked, widening and making room for the shit to slide into his stomach! Her anus pulled closed as the shit slid down his throat, it had to be at least a foot and a half long and it stayed in one solid piece!

Katya let out a loud breathless moan before her anus quickly opened again! Long thick logs the size of large chocolate bars began sliding out, filling his cheeks followed by the most horrible explosions of gas he could have ever imagined! The hot fumes from her farts puffed out his cheeks and quickly sprayed from his nose making room for the massive amount of shit she was unloading! Chris’s mouth was completely packed with her mushy logs as she panted and pushed, forcing more and more into his quivering lips.

Chris choked hard, mushy feces forced its way out of his spraying down the back of her ass cheeks, Katya didn’t notice though, she was in too much pain from her shit, either that or she didn’t care! The mushy chocolate bar sized logs continued to flow from her anus, his throat was packed full, he could feel the shit filling him all the way from mouth to stomach. It was terrifying, like drowning inside of yourself!

“Oh my god!” Katya moaned before releasing a monster fart! Chris could feel her grunting as the shit in his mouth began bubbling, the gas built up for a moment before launching the feces in his mouth down into his stomach. It was almost like the pressure from a wine bottle but in reverse!

“Oh god, uhhh, ah, ah” Katya moaned and breathed deeply. Chris felt so sick, his mouth was caked in shit and his throat wasn’t any better! Her shit was sitting so heavily in his stomach, he knew he was going to puke!

**BBBBFFRRTTTTTTTTBBFRRRRRTTTTTTTTTTTTTTTTTTTTT**

“I hope you still have room babe!” Katya groaned as a long 8-second fart escaped her dirty asshole! Chris closed his eyes and cried as the gas puffed out his cheeks and exploded from his nose! Katya began laughing as she fanned her nose.

“**OH MY GOD, I CAN SMELL THE GARLIC**” she laughed as her fat ass jiggled wildly in Chris’s face.

Chris began to cry as Katya braced herself and began pushing. Chris could feel her anus squeezing open and closed as wet shit leaked into his mouth. It was only a tiny bit, but that was more than enough. It tasted so sour, so bitter, there were little bits of lettuce in it that had gone right through her body, a small part of Chris wished she would just blast his mouth and get it over with, waiting was torture.

His wish was answered but he immediately regretted it. Her anus blew open as liquid shit filled his mouth. It happened so quick it was like the fluid just appeared in his mouth. One minute his mouth was empty and the next it was full! He was frozen for a moment as his brain struggled to process the flavor of the fluid sitting in his mouth, he was in a complete state of shock. Katya grunted again and filled his mouth a second time, **BLASTING** diarrhea down his throat while the excess sprayed from his nose! She let out a scream before pushing and filling his mouth a third time!

Chris’s head began to spin, he could not even process what was happening! His throat burned as the flavor of burnt meat and bitter feces blew down his throat! He could feel bits of potato skin and lettuce sticking to his teeth as Katya pushed and blew a series of wet farts loose. He had only a second to soak in the flavor of her burning gas before she filled his mouth a fifth time, diarrhea getting progressively less and less solid. Chris pushed his tongue to her anus, pushing it in and trying to stop the assault, she instantly farted and blew his tongue back out before unloading the sixth mouthful.

Katya had no idea how long she had been shitting for, but when she looked behind her, Chris was unconscious. His body hung from her ass as she looked back in a state of shock. His face was brown and his cheeks puffed out. Brown shit was dripping from his nose and filling her ass crack!

“**DOCTOR!**” Katya screamed! He came rushing in right away with a big smile on his face.

“Please, you need to let us go, I don’t know how much more I can take of this smell! And I need a shower! Please!” Katya began weeping a bit trying to convince their captor. He held one hand to his nose blocking the sour odor, but even then he could still smell it, Katya could see his eyes swelling a bit.

“I would love to let you go, but you see, you two are my most successful patients, I have never been this close to achieving my goal” He smiled as Katya began crying...

**“PLEASE! I’LL DO ANYTHING!”** she begged.

“Anything, you say?” The doctor asked with a big grin. He left the room and returned with a large stack of papers and a pen. Slowly he bent over and set them in front of Katya.

“What’s... what’s this?” she asked while sniffing and stopping her crying.

“Well, you see, my work is rather extreme and needs to be done in secret, but I would love to take it out to the world, I just simply need the patients’ partners to... sign off on it. If you would be willing to sign your boyfriend Chris over to me, legally, of course, I would own him and could bring my work out to the medical community. I already have a new woman ready to replace you, that is of course unless you would rather stay here?” The doctor smiled.

Katya blushed and looked back at Chris passed out behind her, shit dripping from his nose.

“He would be eating someone else’s poo?” Katya asked innocently.

“Yes, and you could move on with your life, move on from this whole experience, all you need to do, is sign.. These... forms” The doctor said slowly while squatting and showing her where to sign.

Chris felt so sick, he could taste the same acidic metallic flavor in his mouth as when he and Katya first woke up here. Slowly he reached up and rubbed his eyes, they were so blurry.

**“AHHHHHHHHA HHHHHHHHH OH MY GO, WHAT THE, GET OFF ME! AHHHH”** Chris felt his eardrums explode in pain as a woman started to scream! He could finally see but was pulled forward as the woman crawled, trying to get away from him. The fresh stitches pulled tight as they both groaned in pain. She stopped moving and began screaming again as Chris squinted at her back, trying to figure out what was going on! She looked back and he could see... **IT WAS NOT KATYA, HE HAD BEEN ATTACHED TO SOMEONE ELSE’S ASS!** She was a very cute redhead with an extremely plump and fat ass, her figure was thin and toned, almost like a ballerina.

Her anus blew open ripping a fart that lasted over 15 seconds, the hot gas bouncing off the walls of Chris’s mouth! His arms and legs went numb as he fell and hung from her ass, the

burning heat felt like it was melting his insides as he started to gag loud and hard! This was so much worse than anything Katya had ever produced!

**“OH MY GOD, I'M SO SORRY!”** The woman cried.

Suddenly the door opened and the Doctor walked inside. The redhead crawled to the doctor dragging Chris behind her as she wept!

**“PLEASE! YOU SAID YOU WOULD LET ME GO!”** she cried!

“Congratulations, you two, Chris and Lydia, are my finest subjects! Both of your partners have signed your lives and rights over to me, so I can finally take my experiment public” he smiled

**“YOU SAID YOU WOULD LET ME GO”** she cried while screaming!

“I said one of you could go, and your husband choose to leave you here, I guess he just doesn't see you the same way after you shat in his mouth for a week straight, besides, we do not need him, he could not keep your feces down, but I have the perfect second half for you. Lydia, say hello to Chris, the two of you are going to be spending a lot of time together” the doctor smiled and laughed.

**“PLEASE!** I'll do anything” Lydia begged.

The doctor smiled and closed the door without saying a word. Lydia looked over her shoulder to Chris, his heart was racing. How could Katya do this, leave him here, for life!!! Lydia began to cry and whimper.

“I'm so sorry, but I have to take a shit” she whimpered...

**The End**
