

What happened to this place?

I hardly
recognize
anything.

Shoot.
Well, first things
first, clothes.

SNAP

The heck
now?

What
happened to my
powers?

Do I have to rediscover them?

Just like last time?

I guess I'll
just walk around, see
where the world wants
to take me.

A long hike later.

Boy, this place looks so unfamiliar.

Huh,
there's a
familiar face.

Hey there,
Hatty. How're
things going?

Good grief, girl.
How are you still this
pregnant?

I can't let her out.

I can't protect her if I do.

What if I fail her?

A woman with dark hair in pigtails, wearing a black top hat with a white band and a black choker with a silver chain, looks down at her large, light-skinned breasts. A speech bubble is positioned near her face. The background shows a wooden fence, a dry landscape with sparse vegetation, and mountains under a blue sky with light clouds.

What if she
hates me?

I'm afraid
I might be a
bad mother.

A scene from a video game showing two women in a desert landscape. The woman on the left is pregnant and wearing a black hat and a black choker with a silver chain. The woman on the right has short red hair and is shirtless. A speech bubble from the red-haired woman says:

Hatty? Do you remember when you asked me to give you this child?

Did you
trust me when
you did?

Of course I did.
You're Alice, so
naturally I did.

You're the mother this child will know.

It'll be new to this world, much like I was.

You showed me around and helped me. Much like you can with her.

This kid will have you as the best mother of all time.

A character with dark hair in a high ponytail, wearing a black top hat with a white band, a black choker with a silver triangle pendant, and a silver chain necklace. She is looking slightly to the right. A speech bubble points to her mouth. The background is a wooden fence and a dry, outdoor setting with some greenery.

Thanks,
Alice. That means
a lot to me.

Speaking of showing folks around, what happened here?

This place is a lot different than I remember.

I can't say for sure, but maybe you can go down to the big city over there?

You'll find
Bonnie around there.
She usually knows
what's up.

Will you be okay if I leave you here?

Absolutely.
I'll happily have my
baby now.

I'll celebrate her birthday for a week.

Maybe even call her Alice. Thank you so much.

Well, on to
the city I go.

Another hike later.

百二十四

Heck.
This is a big
place.
