

How can I get  
her memories?

I need some  
sort of trigger  
for that.

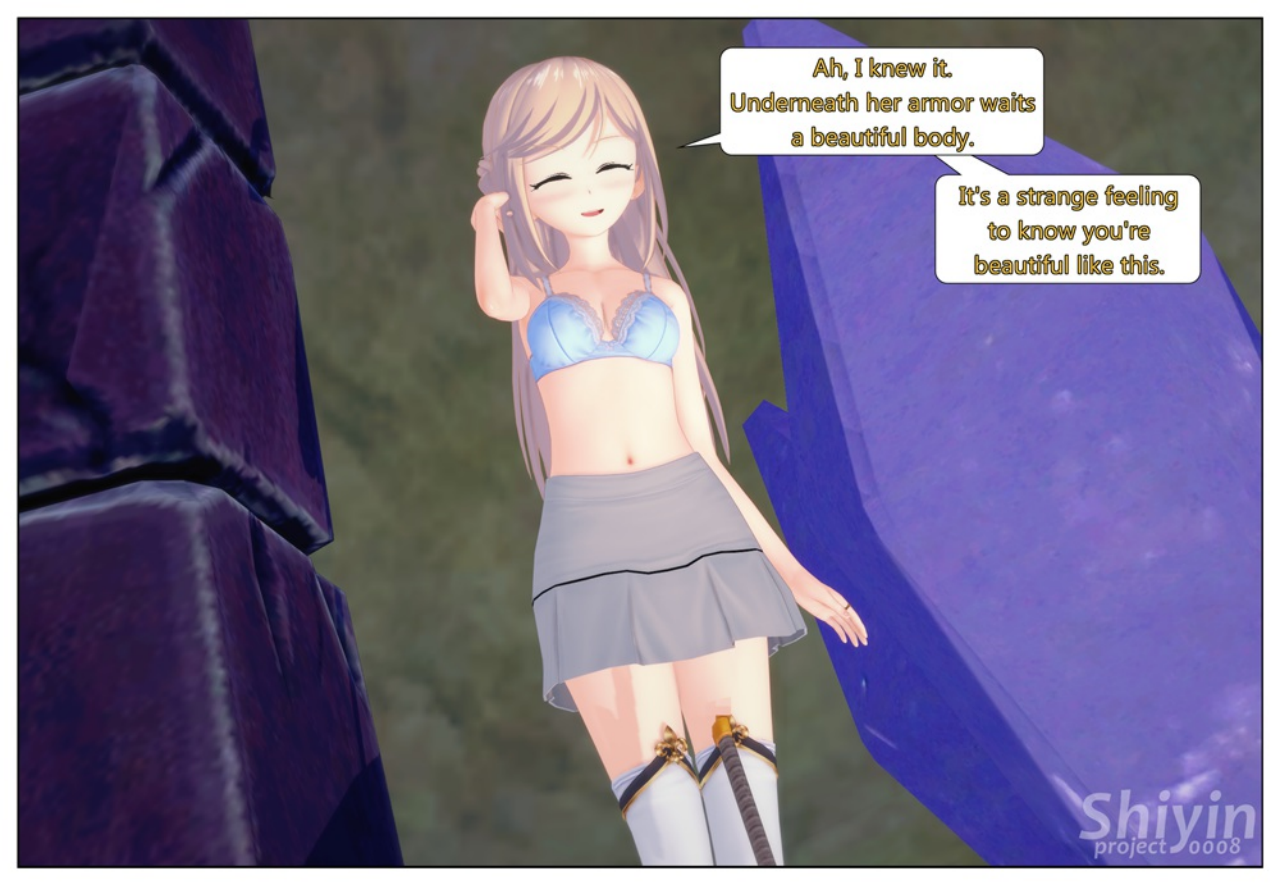

A method that will  
activate her whole  
body and brain.

... the sword ...  
Isn't that in a perfect  
spot?

Ah, I knew it.  
Underneath her armor waits  
a beautiful body.

It's a strange feeling  
to know you're  
beautiful like this.

Well, this will be  
my first time, so  
I should be careful.

I hope this is  
the right hole.

Hhnnngghhhh~

Ah~ I-It's inside ...  
T-This hurts a bit.

B-But this pleasure ...  
It hurts, but feels good ...

Let's go deeper~

Ah~ This feels good~  
This is the spot~

Ahh~  
T-That was too fast~  
Again~

Ah~ It still  
hurts, but the  
pleasure is too  
good~

... I completely forgot her breasts.  
They look really soft and I know from  
books, that it will help the girl go  
through the pain.

Ah!~  
T-They're way tooo sensitive,  
what just happened?!

M-My mind is going blank,  
Both at the same time  
feels t-tooo goood~

*Ah~ Ah~  
Faster~  
I-I'm cumming!~*

T-That was amazing ...  
my legs gave up ...  
Hahaha~

That aside, it worked.  
That pleasure was enough  
to trigger it.

**"T" knew it.**  
**I am indeed a princess~**  
**Ah~ and my party**  
**members are real**  
**cuties too~**

I should absorb more  
of myself to get ready  
for "my" friends~

Mhm~ "I" feel a bit  
embarassed with this~

AAaahhhh~

And done~

Woops~ I forgot~  
Let's get dressed  
and search for my friends~

A character with long, light-colored hair and a white and gold outfit is holding a sword. The character has a slightly sad or reflective expression. The background is a dark, textured surface.

Hmm~ I can't believe it,  
but they actually gave  
me the successor sword  
from the human kingdom~

And I used it ...  
to do shameful things~  
Ahahaha~

Well, it's time  
that "T" start  
searching for my  
party members~

Who will be the first ...  
I wonder~
