

LAST TWO DAYS OF VACATION AT MY AUNT'S

Written by Lucio – Translation by Simon

.....
We entered the room, she took a quick look around and told me: "Come let's go and sit there".

We headed towards a place in dim light "You will see that here no one will bother us", I did not understand the reason for that sentence, and I followed her, we sat on the sofas and shortly after the waiter arrived, we ordered two coffees that to tell the truth arrived very quickly, and while I was putting sugar in the coffee, my aunt rose slightly from the couch and pulled her skirt apart allowing the slit to reveal more of her thigh and walked up to me whispering softly: "Darling, don't tell me you've never been with a woman?, you've never tried?, who has never even touched or caressed!?" hearing those words I suddenly blushed, and I began to understand the meaning of the sentence earlier, I did not know what to say to her and with a faint voice I replied: "Yes No..... In short, a little.....", in reality I had never done anything with a woman, but I could not tell her, even if, she had already noticed, "Let yourself be guided", she continued "Let your thoughts run and do what you feel like doing without holding back your desire" and while she said those words she took my hand bringing it towards her breast and whispered: "stroke it slowly", of course I was in total embarrassment I had never touched a woman and I did not know how to do it, she wasted no time stretched her hand towards me she passed it over my trousers and began to massage my penis which was hard and wanting, I did not know how much longer I would resist before coming and I told her: "Auntie I'm going to c.....", she didn't let me finish the phrase "Don't worry", she replied "I'll take care of it", meanwhile my hand had fallen on my thigh, but I couldn't go any further.

As the mature woman that she was, my aunt took my hand and, spreading her legs, brought it to her vagina telling me: "Let yourself go do not restrain what comes naturally", and so I did starting slowly and gently, to caress her large moist labia, and then get to her hard clitoris, I did not even have time to touch it that I saw her gasp and nibble her lips, Emitting a muffled "Y. Yesss!" I felt her coming profusely on my hand urging me to continue.

We went on like this for a while, I was about to burst so much was my excitement, she noticed I had pulled out my penis, lowered her head and took it in her mouth, I

came emitting a moan, it was the first time that a woman made me feel pleasure and it was beautiful.

After recovering a bit and settling down as best we could, we got up to go home, we got in the car and neither she nor I said a word we just looked at each other and smiled at each other.

We arrived home and she told me: "I'm going to take a shower, if you want to come with me wash my back, and I'll wash yours", I didn't know what to do, I stayed for a moment so then I told her: "Okay! It's okay," I was so caught up that I couldn't think of her as we went to the bathroom, undressed and showered, washed and caressed each other, then decided to go for a nap before dinner.

I greeted her and headed to my room, I lay on the bed completely naked thinking about what had just happened, and I felt my penis rise, so I decided to turn on my back and sleep, trying to think of something else.

I don't know how much I slept, at one point I woke up feeling something touching me, it was her kissing me on the back, and her hair running on my skin created sensations in me I'd never felt before: "Well wake-up honey .." she said to me in a dim voice, and continued: "Do you want us to eat at home or go out?", I for my part wanted to jump on her, she was there next to me beautiful as ever, but I reset all my instincts and thoughts answering: "As you want aunt for me everything is fine", "Ok, then let's go out", she replied: "Get ready, scented and made beautiful".

I obeyed, got up, took a shower, shaved (eh! It was already a while that I did it), I fixed my hair (at the time I had it long) I scented myself well, I put on a blue shirt buttoned only with one button, leaving the chest open, and a pair of black jeans trousers, blue socks and moccasins, on that occasion I decided not to wear underwear, I wanted to experience the thrill of being without, and I went into the room: "Aunt I'm ready", I said not seeing her, "I'll be with you immediately honey", I heard her answer from her room, then I saw her come out and, I was speechless, she had a beautiful long black dress, with thin straps, the zip was on one side and on the same side, it remained open from the thigh to the hem, she had brought her hair all on the left side and it went down covering her breast on that side, stiletto-heeled shoes that elevated her, in one hand a small bag, she looked at me, and seeing me with my mouth half open and amazed she said to me: "What is it? you feel bad?", "No.. no.... aunt.... And.. who... you are beautiful", I was so stunned that I could not speak, "But you are beautiful too my darling", she replied, she was beautiful and seeing her so dressed, she was even more so and did not show her age at all.

Slowly she approached me, she stroked my cheek, gave me a kiss and then said: "For you from today and until you go home I will not be your aunt, but your woman, if you have to call me or say something, call me love and I will do the same with you", I did not know what to say anymore now she had absolute control over me I nodded my head and smiled, She responded with a wink and we walked out.

We walked for a while embracing at the waist, her skin smelled good, after a while we arrived in the neighbouring village, there was a pizzeria, so we decided to enter, we sat at the table we ordered pizzas and drinks, and we talked about this and that, at a certain point she approached me and bringing herself close to my ear said: "Love, I have a great desire for you," I looked at her, smiled and replied, "I love you too, I want you."

While we ate we looked at each other smiling, the desire increased more and more, from time to time I put my hand on hers, she looked at me and nibbled her lips, finished eating we asked for the bill, paid and headed home.

While in the street I asked my aunt if I could stroke her butt, she said yes, and I realized that she did not have panties on, I looked at her and said: "But even today you don't wear p.....", she silenced me putting her hand over my mouth "No love, not even today, because I decided that when I'm with you I don't wear them", This sentence made the desire grow even more in me, we continued to walk and, at a certain point she stopped, that stretch the road was dark and tree-lined, she turned to me, and hugging me kissed me exploring my mouth with her tongue, I did not know what to do, I had never kissed like that, But remembering what she had told me, I abandoned myself to the sensations, I embraced her too, and I reciprocated his kiss, it was a beautiful experience, our tongues intertwining, her mouth on mine, her body tight against mine, at some point she took my hand and brought it into her vagina, I began to caress it gently, her body was all a thrill until she emitted a "Yeeess, I'm comiiiiing agaaaain, agaaaain", then she told me: "Now I want you all of you inside me", she lowered the zipper I unfastened my trousers, she came close and masterfully put it in, I don't know if 30 seconds passed and I came inside her, perhaps due to my age or the fact of wanting her so much, or because it was the first time, I felt bad and seeing me like this she consoled me by telling me: "Love don't worry it's normal at your age, we have the whole night ahead of us", and pulling away from me, she settled down, I pulled up my trousers, then she hugged me, smiled at me and we continued our walk home.

When we got home, my penis was ready again, of course my aunt noticed it and smiling exclaimed: "See!? I told you", she took my hand saying: "Come on we'll go to my room, I want to be with you all night", we undressed, she lay on the bed

"come love" she told me stretching out her arms, I lay down next to her and started kissing and licking her everywhere (I didn't know if it was done like this or not, I had only seen it done in magazines), coming a little at a time to her vagina, when I was there I started to suck it, but she took my head pulled me up and kissed me saying: "Now put it in me, later if you want to lick it you can", we spent all night making love and also part of the next morning, and every time we finished making love, I remained there gently caressing her smooth and velvety skin, she closed her eyes letting herself relax to the caressing and soft sensations.

In the evening when she accompanied me to the station, on the way home she told me: "Love I was really happy to have given all of myself to you, this will always remain our secret, and when you want I will always be here waiting for you", and she gave me a kiss, knowing that I would never return, I saw a tear run down her cheek, I told her: "Thank you aunt you were wonderful and I will never forget these moments spent with you", I turned around and crying, I got on the train that took me home.

That was the most beautiful summer of my life, I had made love as never before, I had my aunt all night, and today now that I am 60 years old the memory of that wonderful woman who made me become a man, is still as alive as then, today my aunt is 73/4 years old, she no longer lives in Belgium, But she is always a beautiful woman, and every now and then when we get together, we look into each other's eyes, she winks at me, I smile at her, and we kiss each other on the cheek, at the memory of that wonderful unforgettable summer spent together.
