

FLOAT

by Junior

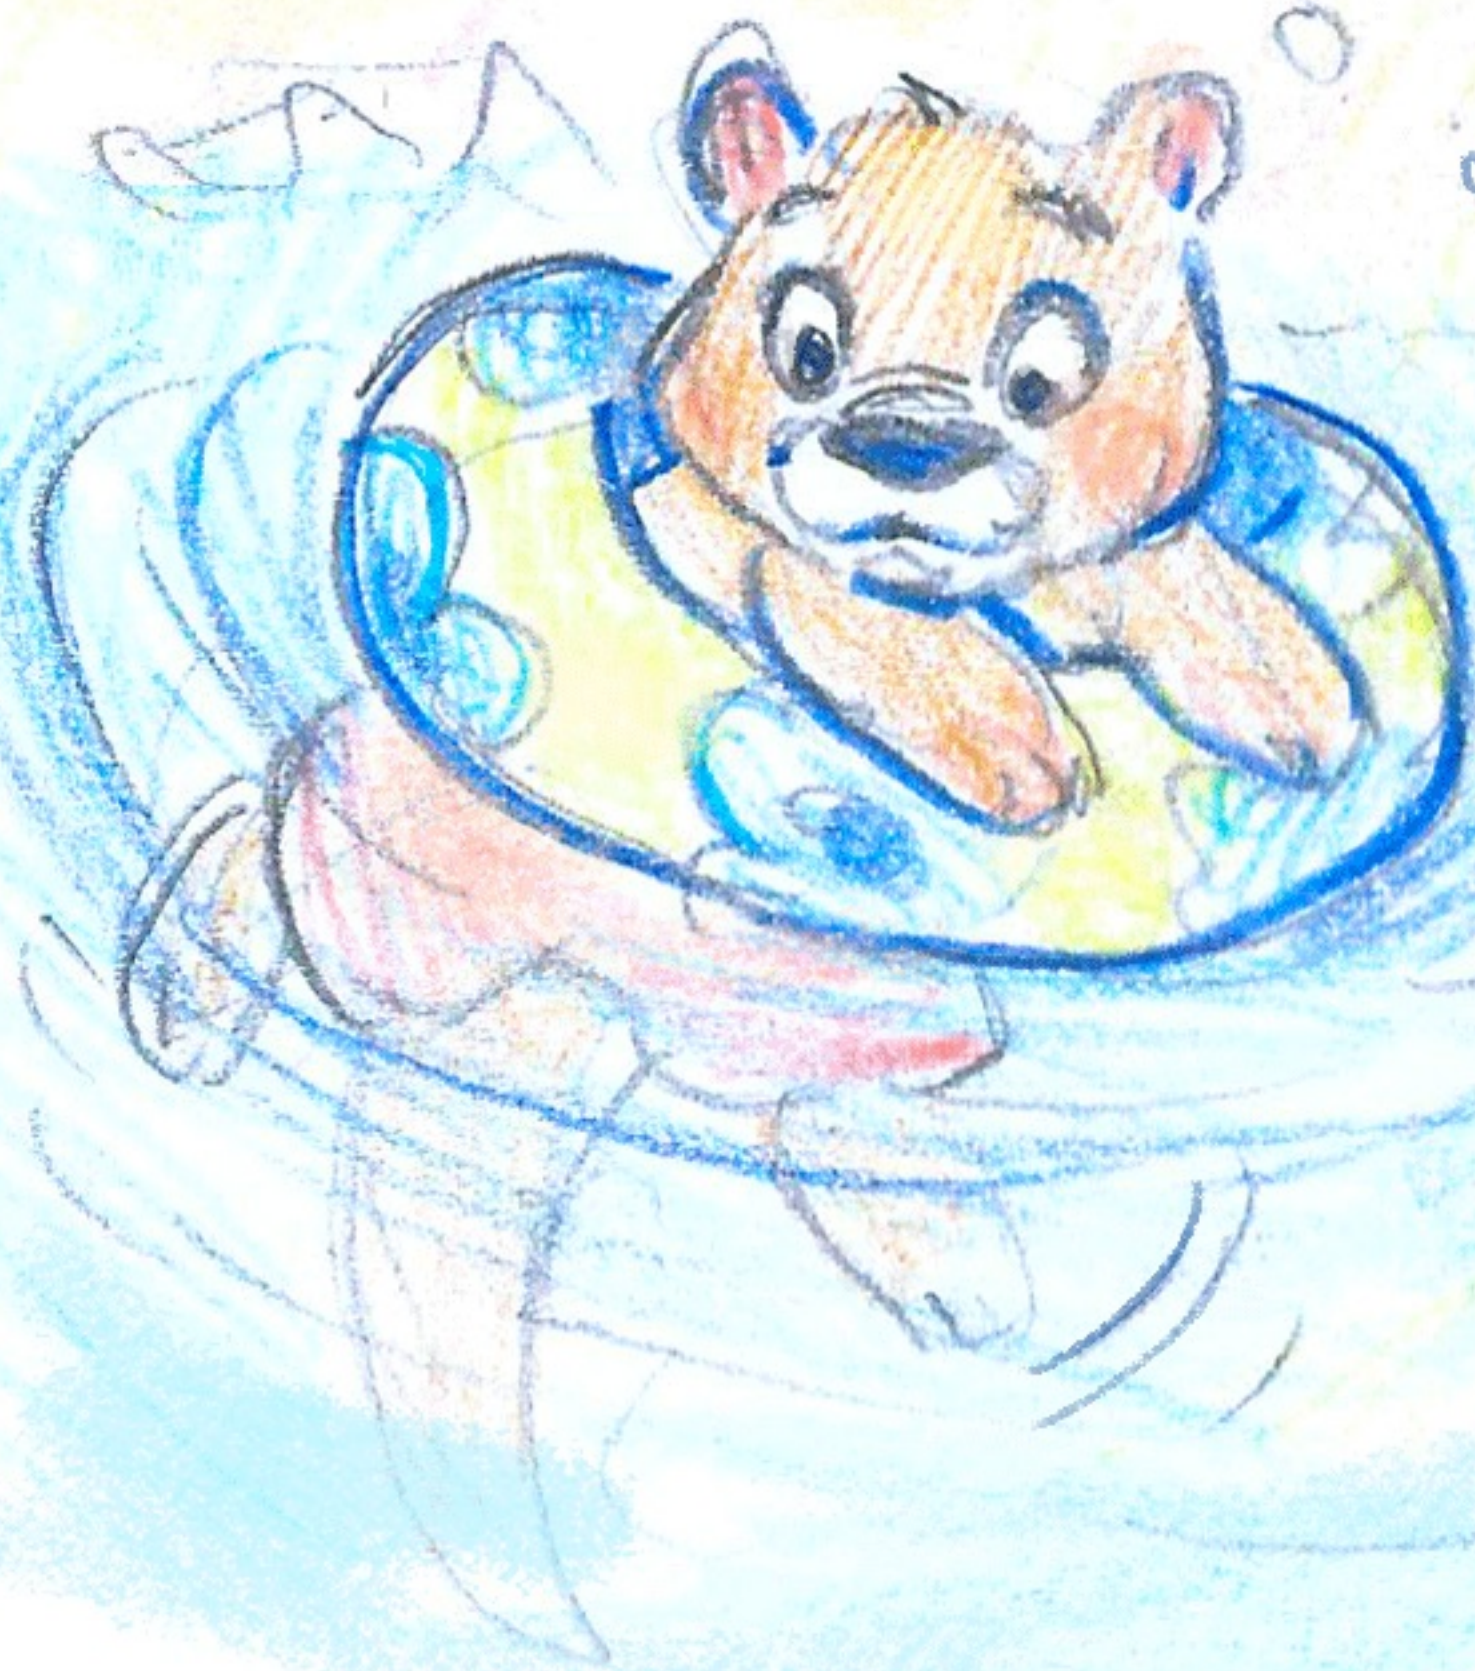

When I was little,
I thought floating
was a talent.

A skill you either
could or couldn't
do.

I eventually
learned how to
swim...

But I still
couldn't float.

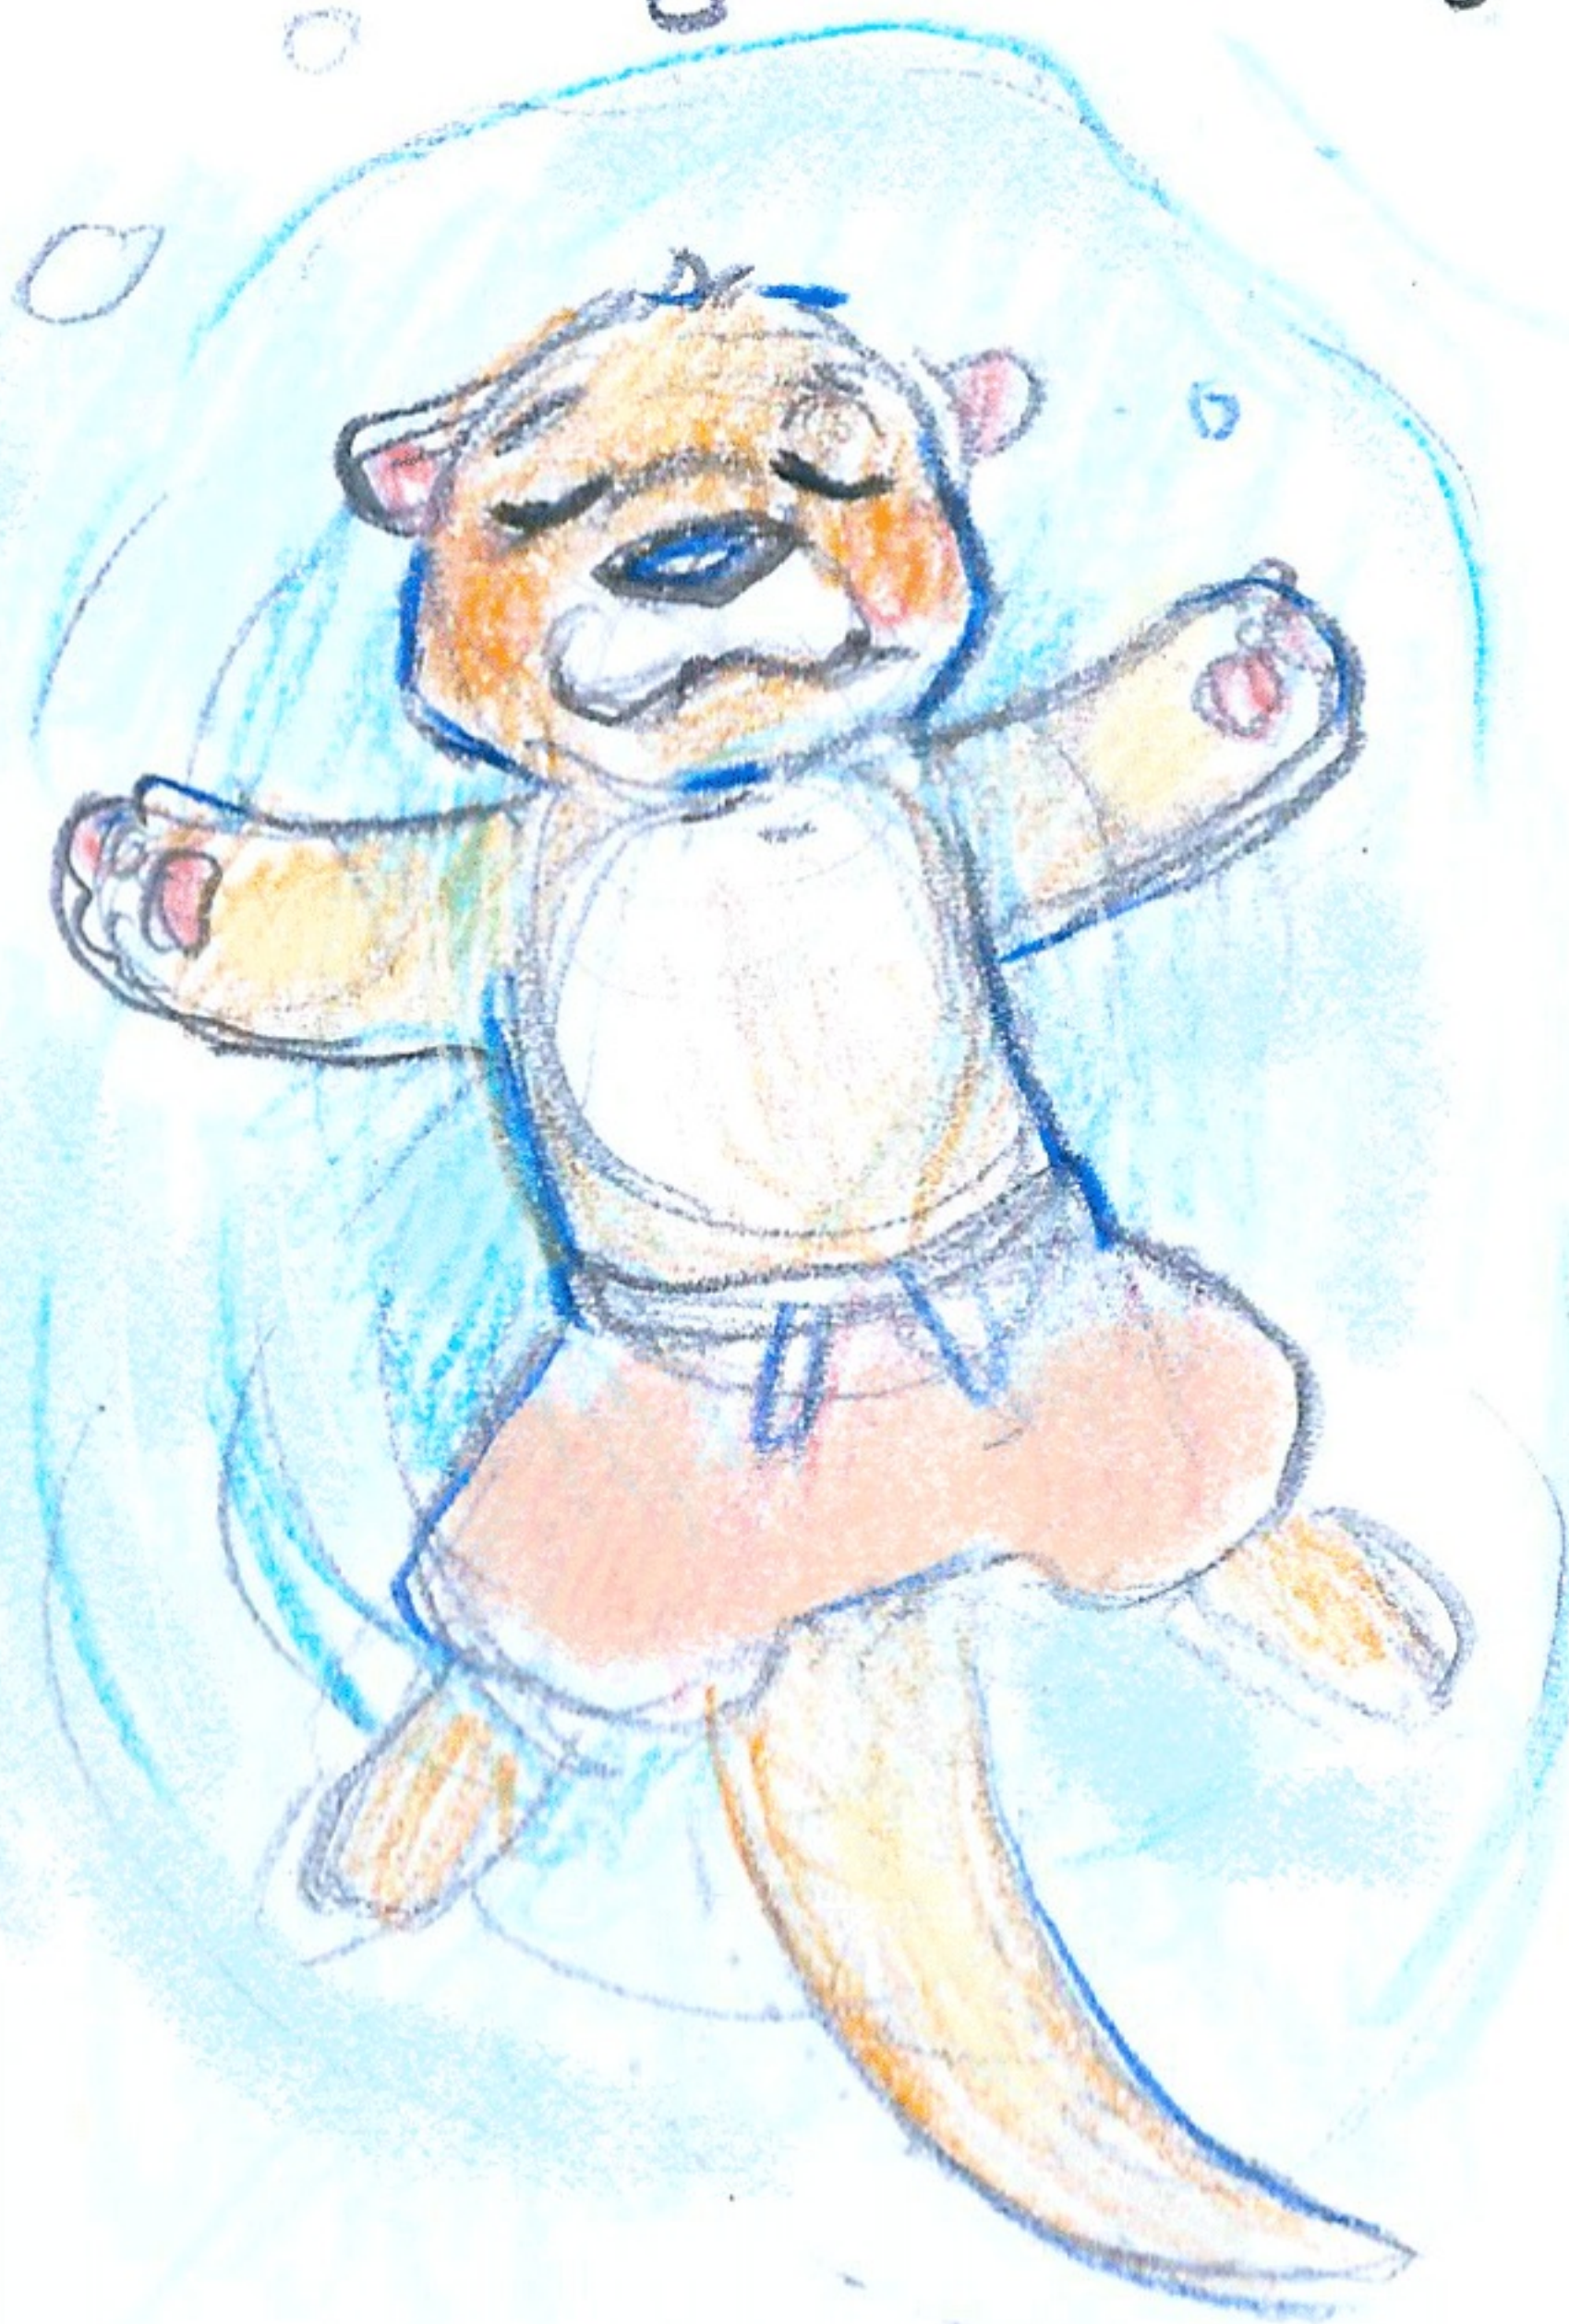

With time, I
learned how
to breathe...

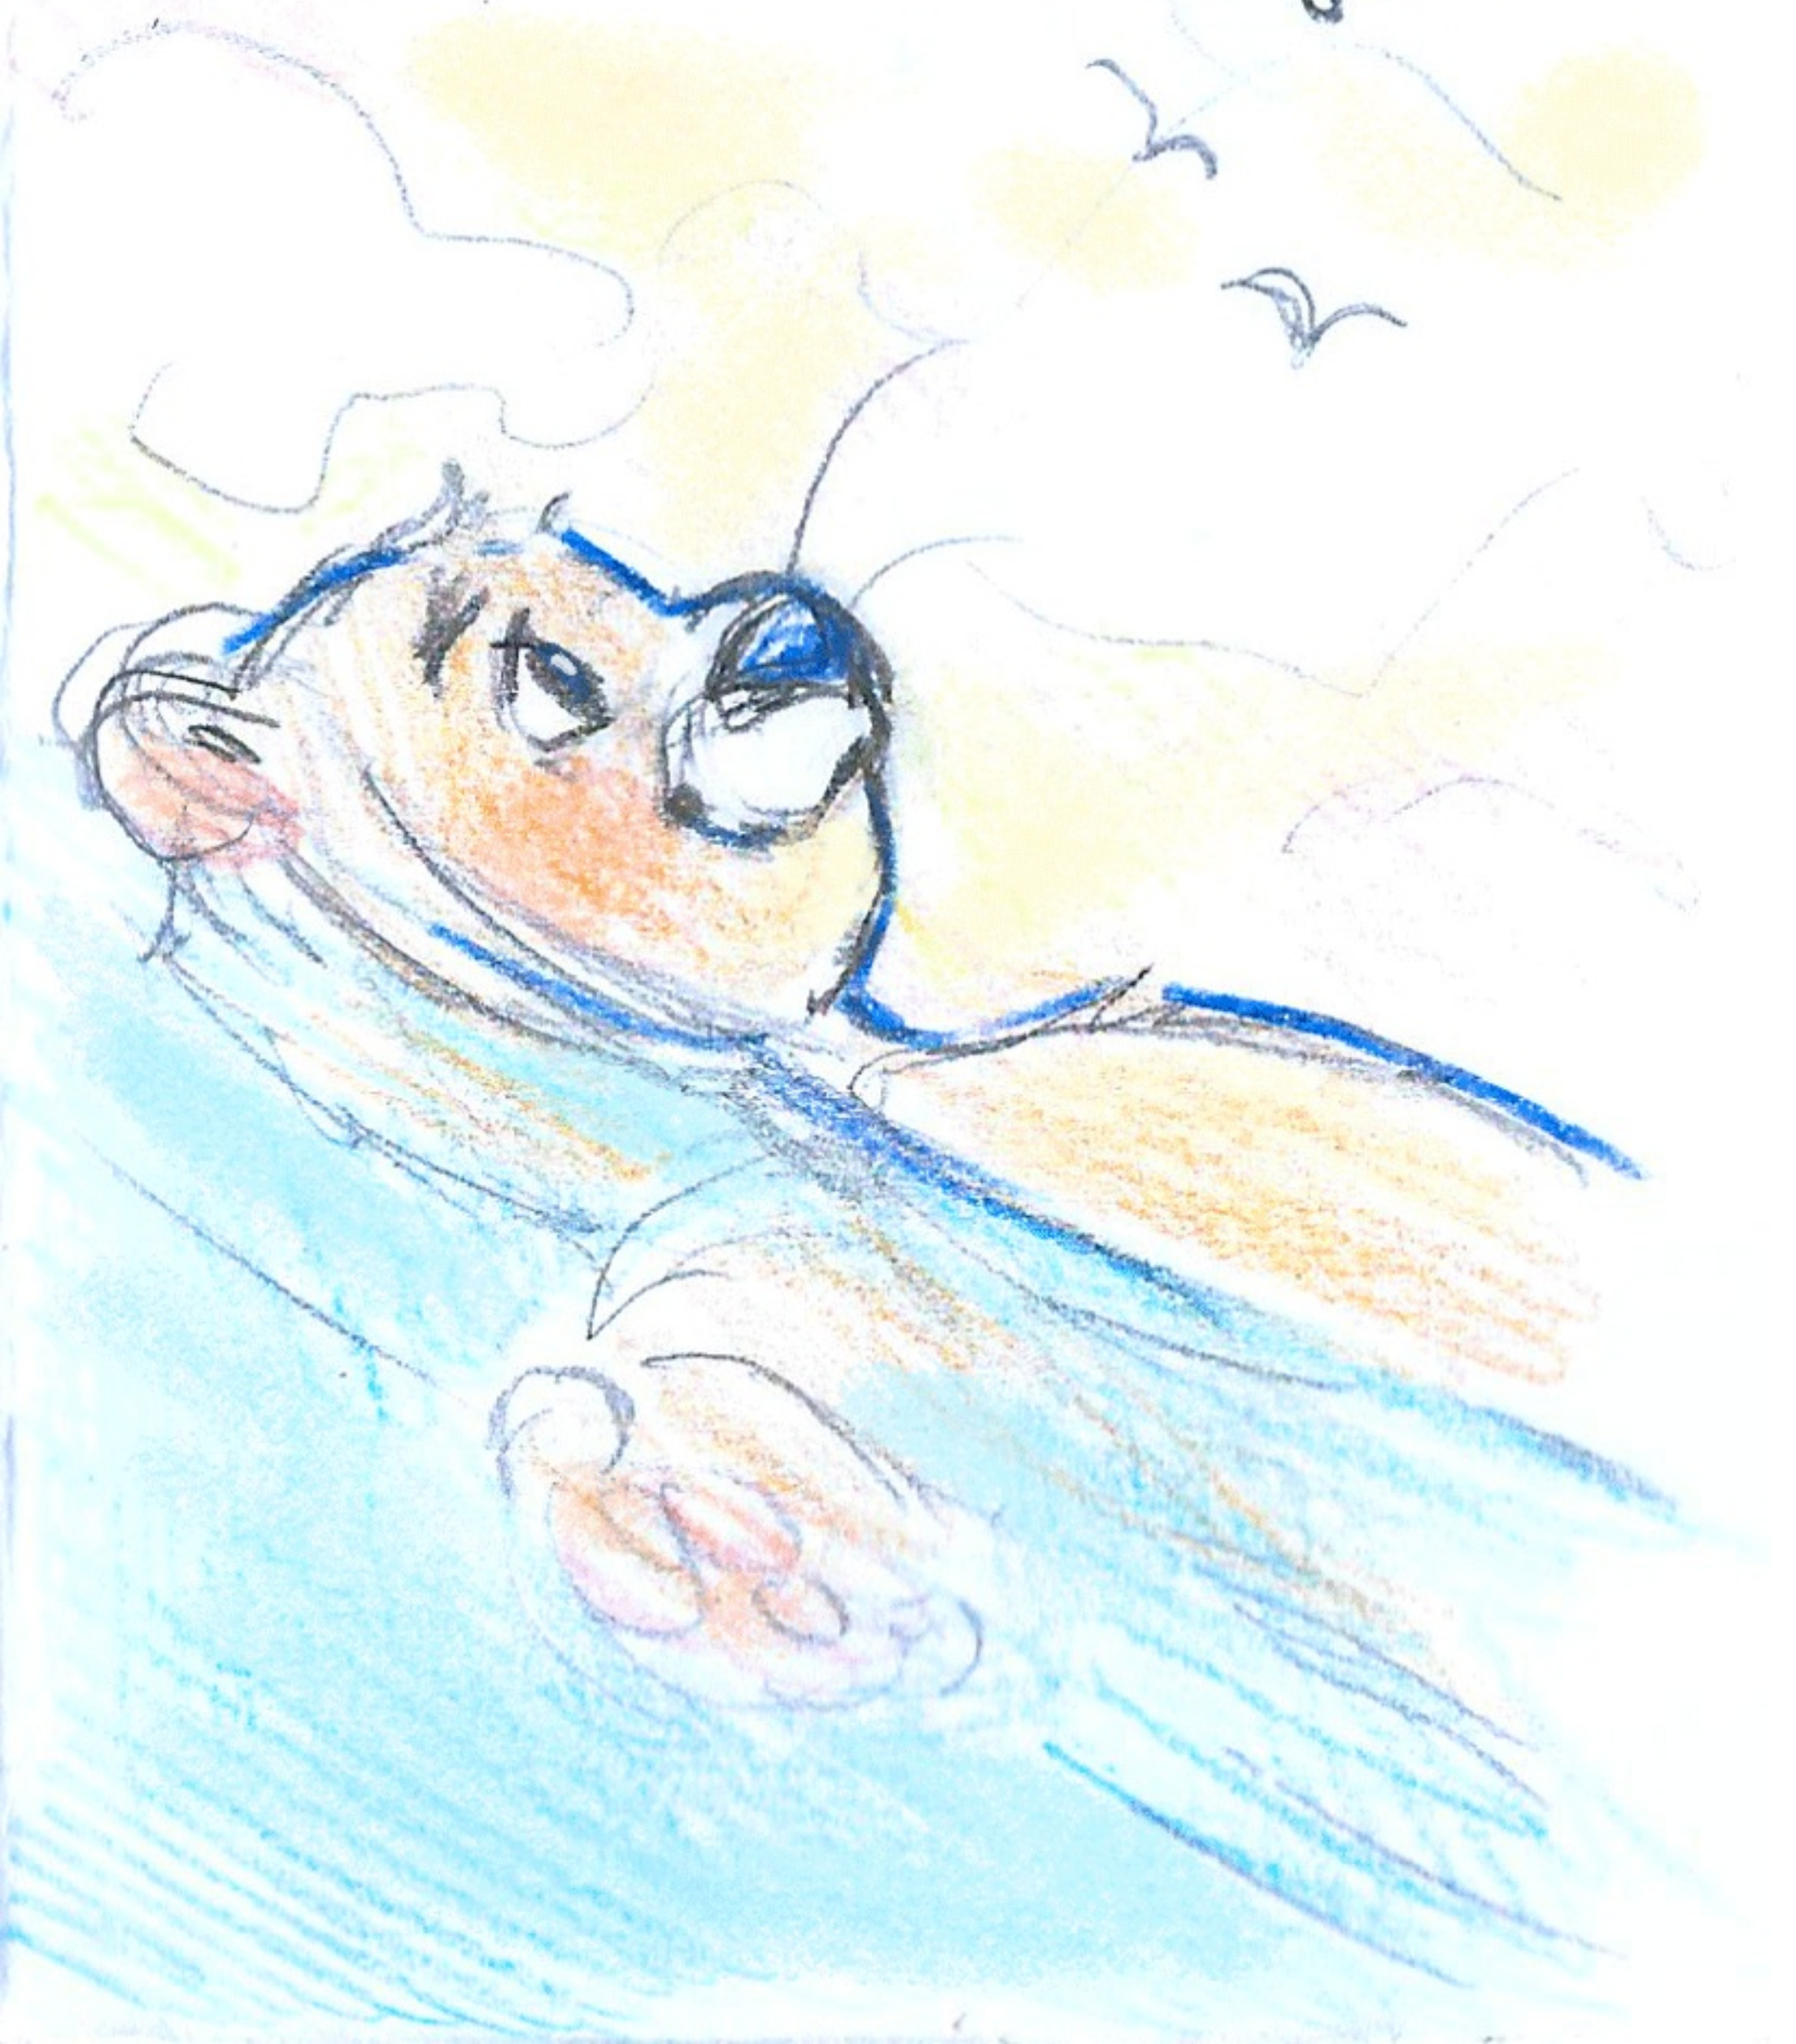

I learned how
to relax . . .

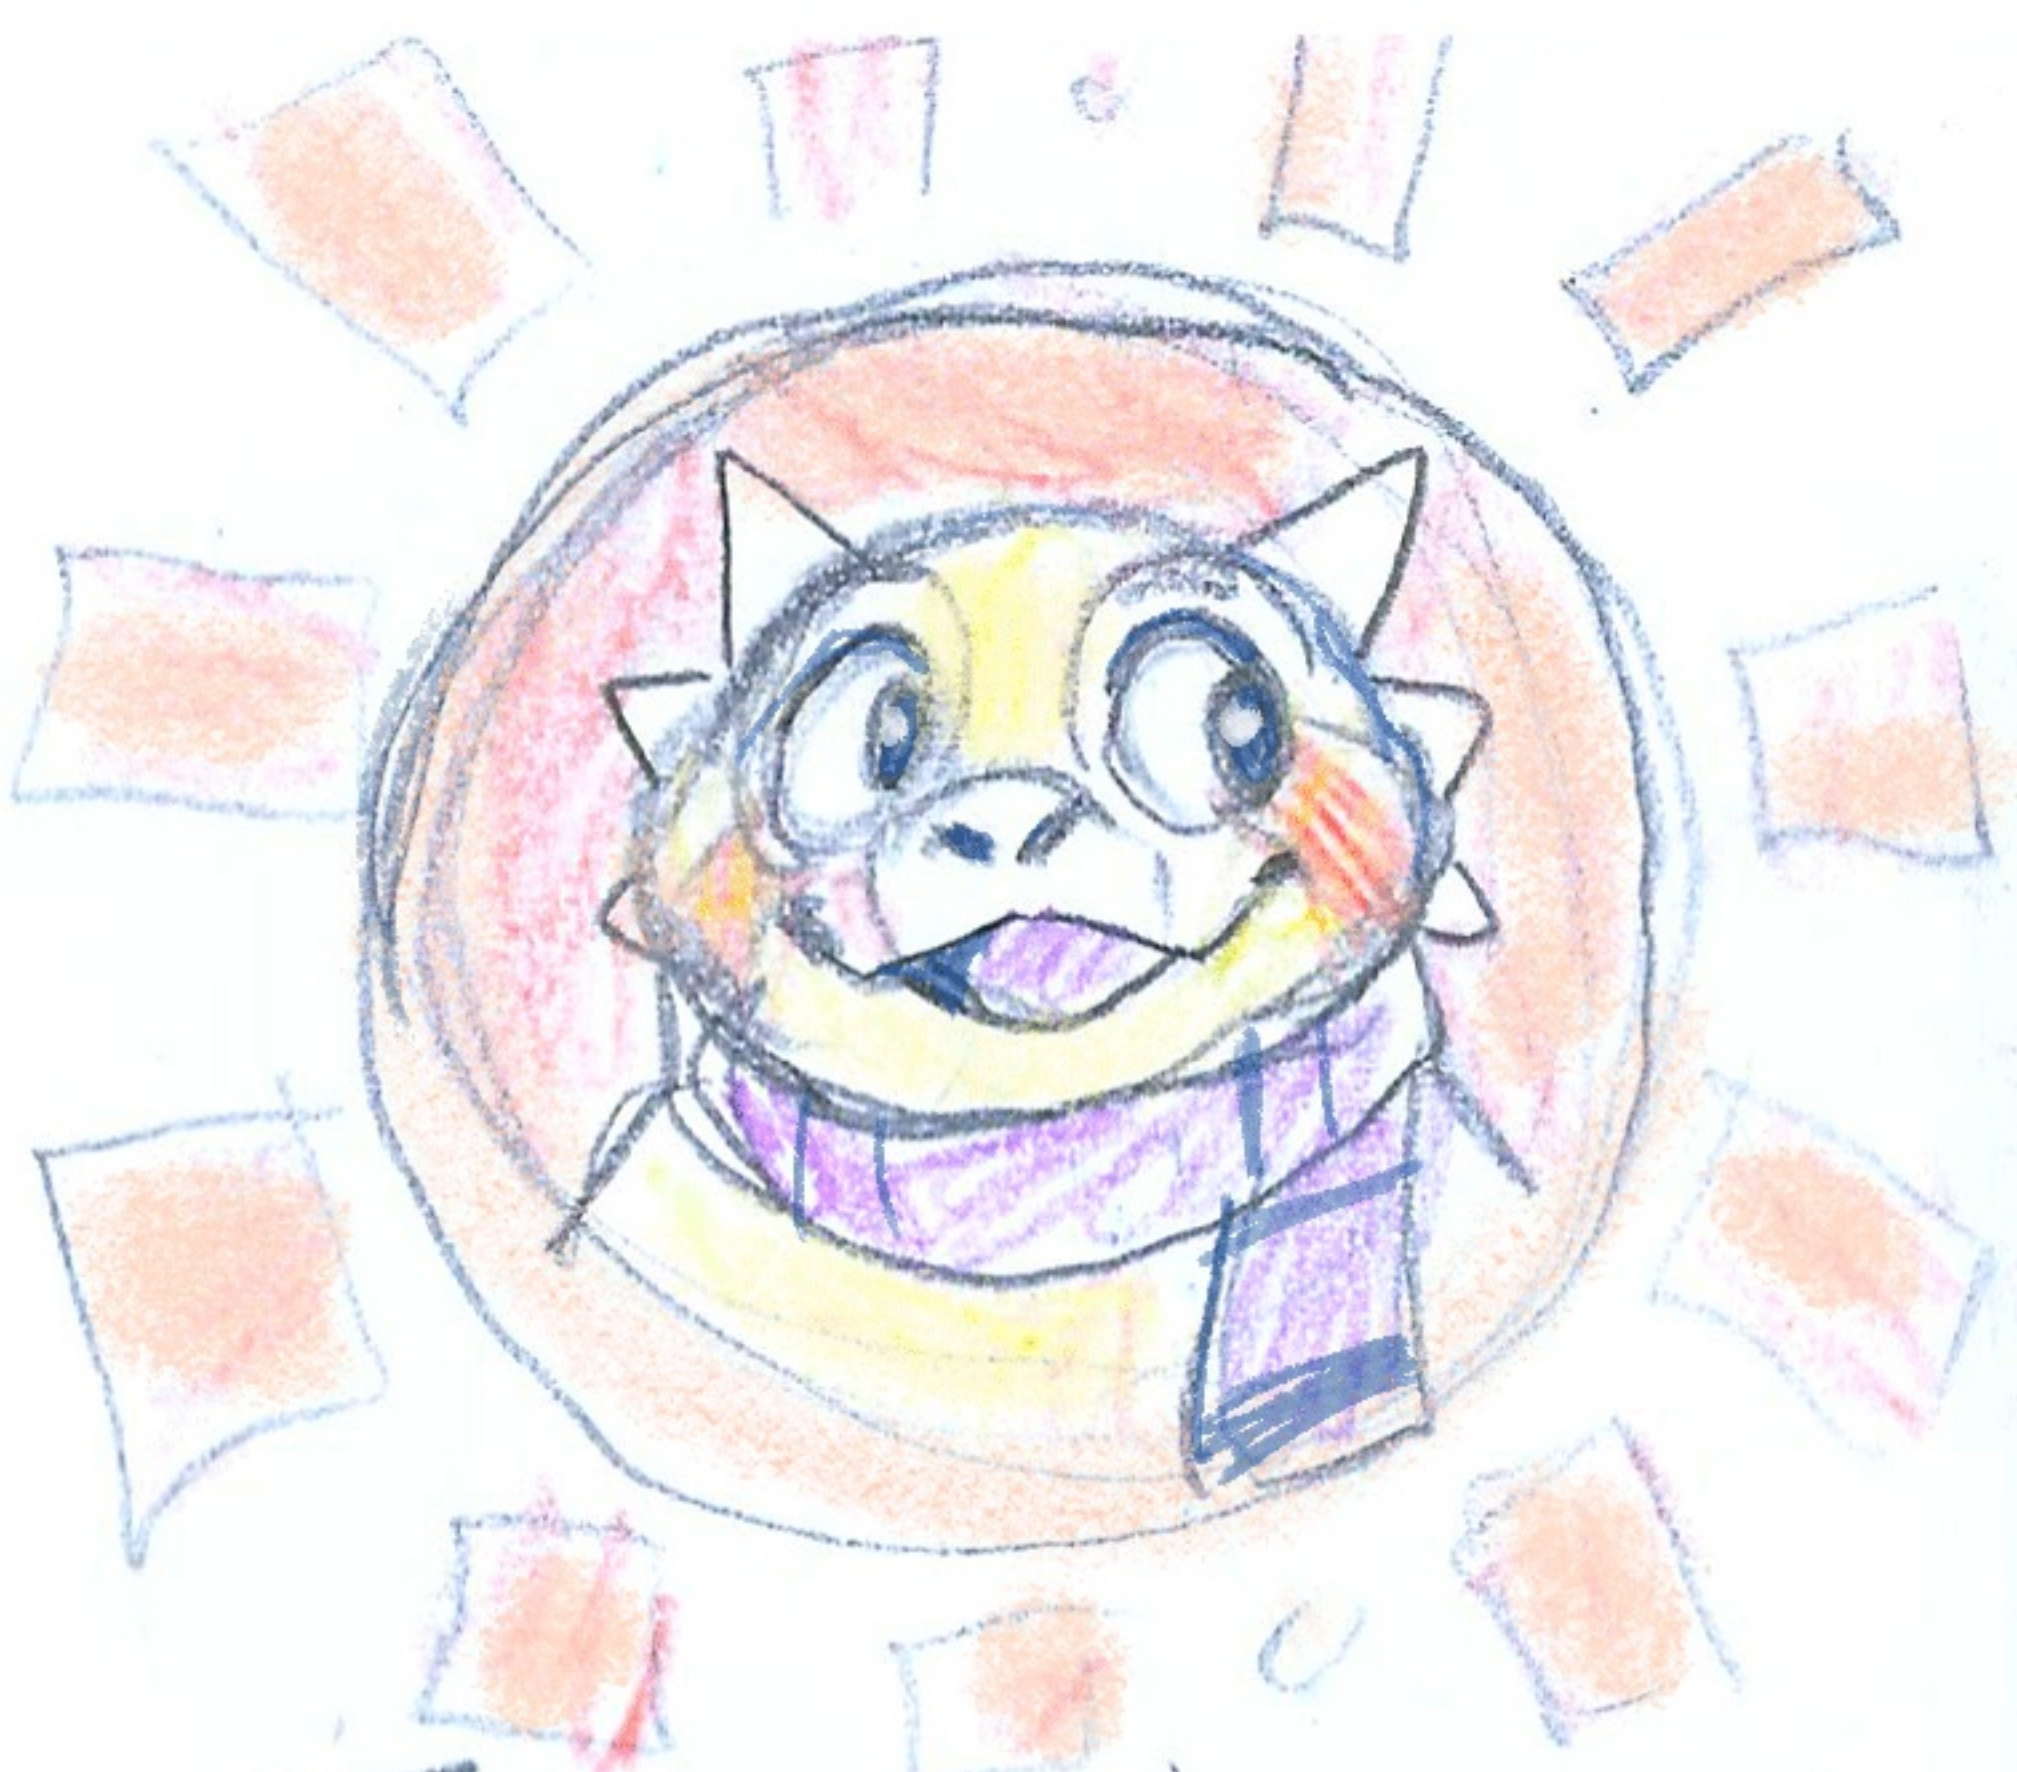

I learned to
trust the water
to carry me through.

To float isn't a
talent, but
a necessity.
