Kuroko was upset over the recent loss to Touou. Seiren had tried so hard, and his skills faltered due to his low stamina. His phone rang, figuring it was one of the team he let it ring, he felt like he had let his team down, he couldn't face them. When the phone continued to ring, Kuroko decided to look at the caller ID. "Kise?" he picked it up.

“Hey Kurokochii!” he sounded so bright and cheerful. “Have you considered joining Kaijo?”

“I’m hanging up.”

“No! It was a joke a joke, hahaha!” he says.

“What is it Kise?”

“I heard what happened. I was hoping to offer you a deal.” he says, little did Kuroko know the blonde was palming his arousal as he spoke to the light blue haired male.

“What kind of deal?”

“My team and I, would like to help you train, we can help build up your stamina.” Kuroko hadn’t seen them in awhile, and the boys had been working hard. “Really?” the boy sounded so hopeful and Kise’s cock twitched. “Yes really, come to Kaijo’s gym, I’ll text you the address.”

“Sound good, I’ll be there.” he hangs up. Kise kisses the picture he has of Kuroko. ‘Soon you’ll be all mine.’ he texts the boy the address and then his boys letting them know the plan was a go.

Kuroko arrived at the gym the next morning. When he entered the room he froze. ‘Whoa!’ He recognized four of the guys in the room.

Number 4: Yukio, Number 5: Moriyama, Number 10 Hayakawa, and Number 8: Koji. Though he almost didn’t recognize them. The four were working out in the jerseys, but last he saw them, the jerseys were loose, but now. ‘They’re so ripped!’ Kuroko thinks. Indeed, the jersey’s were stretched tight over the boys’ muscles.

The boys were natural growers, and had been developing their muscles in their training. It was mouth watering, the way it looked that if they flexed their muscles their clothes would rip right off their bodies.

Kuroko felt his heart race faster, blood rushing south at the sight of them. They made Kagami and Aomine look like twinks. He took a step back and bumped into a wall of muscle. He turned and gasped. “Kise!” he gasped. The blonde was ripped, he seemed to have copy their grower skill, as he was ripped.

“There you are Kurokocchi, we’ve been waiting for you.” he says. “Guys, the guest of honor is here.” The boys gasp. “When did he get there?”

“I was here the whole time.” he says blushing. Kise chuckles and ruffles Kuroko’s hair.

“Alright boys we are gonna help my friend build up stamina, you ready?” he asks, and gives them a wink. They all flex, and Riiip Riiip Riiip Riiip! Kuroko was right they did rip right out of their jerseys.

“You’ll be paying to have them replaced baka.” Yukio says. They all stood naked, muscles rippling, since gaining their new muscle they stopped wearing underwear and jock straps. Kuroko gasps. ‘So much muscle!’ the four were already fit and tall, but now they were jacked.

Broad shoulders, thick beefy pecs, even their nips looked beefy and tasty. Every boy had a six pack that made your mouth water, thighs that could crack coconuts.

“No problem.” he says, Kise flexes and rips out of his Jersey and shorts to. Kise was rocking a ten pack, but he was as ripped as the others. Being surrounded by all these big buff naked guys, Kuroko couldn’t help himself he came. He trembles as he cums into his shorts. “Kurokocchi did you just?” the boy nodded, seems he chose not to wear underwear either, as a wet stain started to form on the front of his shorts.

The other four guys couldn’t believe it. “See he definitely needs out help.” he pulls off Kuroko’s top. Exposing his lean

body, Kuroko gasps as his shorts were dropped. Kuroko blushed, his dick stood at attention, his crotch soaked.

“Oohhh!” Moriyama moans. ‘He’s cute, so cute, cuter than any girl I’ve ever met.’ Kuroko was quite cute, lithe yet fit, cute pink nipples, and a rock hard 2 incher. “His dick is adorable, it’s a total clit-dick!” he says and Kuroko shivers as he cums again. His toes curl, and his back arches.

All four got rock hard at the sight of him. Yukio shielded his crotch from Kuroko’s gaze feeling a tad shy. He was the smallest on the team, in fact he’d never seen a smaller dick than Kuroko’s. “We have big plans for you Kurokocchi, but you gotta help us out to, fair is fair right?”

“But how can I...with all of you?” he blushed.

“You got feet, use them!” Hayakawa shouts. “Let’s do this!” Kuroko was brought to the bench and the boys gathered around him. Kise was between his legs, his hard 7 incher resting against Kuroko’s crotch.

Moriyama and Kobori take Kuroko’s hands. Kuroko wraps his hands around Moriyama’s 8 incher and Kobori’s 9 incher. Yukio and Hayakawa bring their dicks to Kuroko’s feet, pressing their hard man meet against the soles.

Kise starts moving first, rubbing his dick against Kuroko’s tiny tool and big balls. Hayakawa and Yukio start humping

against Kuroko's feet. Hayakawa cries tears of joy, as his dick starts weeping.

Kuroko starts pumping the other two, and all the sports players start to moan. It didn't take long till Kuroko came again, blowing his load all over Kise's dick. "Cumming again, your clit dick is really adorable Kurokocchi." The boy moaned, arching off the bench and cumming again. He squeezed the boy's dicks, and his toes curled against the others, making the four moan.

Kise grins, and humps faster, letting his dick rub against the boy's crotch. The two in Kuroko's hands fuck his hands, pre spilling from their dicks, allowing smooth moves. Pre poured all over his feet, he felt their balls smack his heels. They finally cum, spraying their seed all over Kuroko.

Hayakawa and Yukio cum all over Kuroko's feet and legs, Moriyama and Koboji cum all over Kuroko's hands, arms, and his pits, and Kise cums spraying his seed all over Kuroko's face, neck, chest and stomach. The boy shivers as the spurts rained down onto him, and his tiny tool erupts again spraying Kise's dick.

After so many orgasms Kuroko's brain was mush. His body was moving on instinct, pumping the boys, and rubbing the soles of his feet against their crotches. The smell of cum overwhelmed him, he shivered and whimpered in delight.

Kise loved that reaction, and now his plan was working. He raised the boy's hips exposing his twitching hole. Kise rubbed his cock head against his entrance, and started to push in.

“Ohhh!” Kise stuffed his whole cock into Kuroko's tight hole.

“Kurokocchi your feeling so good I was able to slide right in.” The boy was pleasure drunk, his hole spasming around Kise's dick. What's more being filled pushed him over the edge again, his tiny tool erupting spilling his seed all over himself, vanishing into the sea of white.

The rest of the Kaijo team switched places, Hayakawa moans as his dick is pumped and squeezed. Yukio shivers, never knowing another touch besides his own. Koboji rubs his dick against Kuroko's foot, feeling the boy's toes squeeze him. Moriyama starts humping right away, loving how his balls smacked against the heel.

Kise starts moving, his balls slapping against Kuroko's ass. The boy moans arching his back as the blonde's dick works his insides. Kise moans as well, muscles flexing, as Kuroko's hot inner walls squeeze his penis. The friction was mouth watering, his dick was certainly enjoying it, spilling pre inside the boy's tight ass.

His thrusts speed up faster and faster, Kuroko cumming again, and his hole tightens around his shaft. “Fuck, I'm cumming!” he cries out, thick cum pumps into the boy's tight ass, he was

expecting that, what he wasn't expecting was that Kise's dick suddenly grows.

It grew four inches long, and the girth swelled. Kuroko's eyes widened as he was filled deeper. Kise pulled his dick out, and his teammates gasped at his new size. "You see this Kurokocchi this is because of you, because of your wonderful body." The boy shivered, and he came again.

The team came, adding more cum to Kuroko's lithe body. "He looks so hot covered in cum!" the praise made Kuroko arch his back cumming again.

He wasn't used to praise, he was a shadow after all. The boy's hole was stretched wide, pumped full of cum. It was time for a change in position.

They lifted the cum covered boy up, and Hayakawa laid down. Kuroko was laid over him, the boy shivering as he rested against the wall of muscles. Hayakawa fondled his ass, while frothing against his crotch. "You have such a great ass!" he says, bucking his hips. Kuroko cums from the praise, spraying his seed over Hayakawa's dick, and his hole tightening up from climax.

Yukio lines up his cock with Kuroko's cum filled hole and thrusts in. "Ohh so tight!" he starts pounding away, making Kuroko cum again. Kise brings his big dick to Kuroko's

mouth. “Won’t you suck it Kurokocchi?” he rubs his now 11 inch cock on Kuroko’s face. The boy opens wide and starts sucking it. “Ohhh so good!” he moans, he cups the back of his head sliding every inch into his mouth and down his throat.

Having both his holes stuffed pushed Kuroko over the edge again, his hole clenching, squeezing Yukio’s thrusting dick and his moans sending pleasing vibrations through Kise’s cock. The rest of Kaijo hang back, pumping themselves as they watch the show. “This is so hawt!” Kuroko couldn’t tell who said it, but the praise made him cum again.

Hayakawa doesn’t sit back and do nothing, humping against Kuroko’s cock and balls, getting his length drenched in cum. He licks Kuroko’s exposed pit, as the boy holds onto Kise’s muscular hips.

The team cums, Yukio and Kise cumming inside Kuroko. Hayakawa cums all over Kuroko’s chest and stomach. Being cum inside of and drinking Kise’s cum, slaps Kuroko with a double helping of climax. His eyes glaze over, as pleasure starts to overwhelm his brain.

He certainly notices as cocks start to swell. Yukio’s 6 incher grows into a 10 incher. While Kise’s 11 incher suddenly grows into a 16 incher. Their cocks both thicken as well. Koji

and Moriyama climax last, spraying their seed all over Kuroko's back.

Yukio and Kise pull out, Kuroko's hole spasming, and the boy licking his lips, the taste of cum lingering on them. It was time for another change of position as Kuroko is flipped around, Hayakawa's 7 incher lines up to the cum filled hole and thrusts in.

Moriyama takes his place between Kuroko's legs and starts frothing against the boy's crotch. His 8 incher rubs against the boy's tiny tool and balls. Kise grabs Kuroko's feet and brings them to his massive 16 incher, he holds them and starts humping the gap made by the feet brought together. Yukio takes Kuroko's mouth thrusting his new 10 incher into his mouth.

All Kuroko can do is reach around and cling to Yukio's beefy ass and holds on tight, as his mouth and throat were fucked. Koji comes forward and starts rubbing his 9 incher against Kuroko's pit, before switching to rub the tip against his nipple.

Hayakawa cries tears of joy finally losing his virginity. "This is good, so good!" he moans. Voices begin to blur, but the team praises Kuroko for being so good, and how cute and adorable his dick-clit is. His climaxes coming from a mix of their words and actions.

He's quick to cum inside Kuroko, and he moans as his 7 incher grows into an 11 incher. Kuroko cums all over Moriyama's dick, the fucking, the feeling of being used, being cum inside and the various praised spilling from the team's lips pushing him over the edge again and again.

Once Hayakawa pulls his bigger dick out of Kuroko, Moriyama slides back in and starts fucking him. Koji takes Hayakawa's place beneath Kuroko, Hayakawa climbs onto Kuroko, and starts sliding his dick along the valley of his chest.

Kise cums next, spraying his cum all over Moriyama's back and ass. Yukio cums just a few seconds after, his dick growing into a solid 15 incher. Kuroko's belly was starting to swell from all the semen, the big dicks keeping him stuffed.

Moriyama moans, as his climax hits and he spills his seed inside Kuroko. His dick grows filling Kuroko's ass, stuffing the cum deep. He pulls out and Koji thrusts his 9 incher in, Kuroko moans and his climaxes keep coming.

After a point his tiny tool remained permanently erect, a steady stream of cum erupting from his dick. As Hayakawa takes his turn with Kuroko's mouth, thrusting his new 11 incher into the boys, panting moaning mouth.

Kise, Yukio, and Moriyama take turns, drinking from the tap, chugging the delicious man milk Kuroko had to offer. “His milk is so delicious.”

“His cock is so cute.”

“It’s twitching so much.”

“I can suck his balls and cock in my mouth at once.” Their words making the boy shudder in orgasm.

Hayakawa cums fast again, getting a little over excited. His cock grows once more, reaching it’s max size at 16 inches. Hayakawa cries in delight feeling up his new permanent size. Moriyama finishes chugging some of Kuroko’s cum and takes his turn at his mouth.

Moans and hungry sucks is what greeted Moriyama. He moans and starts stuffing the bluenette’s mouth. A quick change in position has Moriyama and Koji spit roasting Kuroko.

The tiny tool bouncing, still spraying cum. Hayakawa crawls under him, mouth open wide to catch the erupting cum in his mouth, pumping his massive dick with both hands.

“Kurokocchi’s delicious.” Kise says licking his lips.

Moriyama and Koji reach their orgasms, cocks growing from being inside the blue haired boy. The boy’s stomach has

swollen with so much of Kaijo cum. Moriyama was at 17 inches, and Koji was at 13 inches.

Kise lifts Kuroko up. “Kurokocchi do you wanna go back to Seiren?” he asked.

“Seiren?” he asked, the word didn’t register in his pleasure melted brain. Kise smirked.

“Want to play with us some more?” the boy nodded. With another change of position, Kuroko was laying out on Kise’s muscles, the boy’s 16 inch dick sliding into Kuroko’s hole. The boy moans as his ass stretched wide, and his dick made Kuroko’s stomach bulge from his new size. Yukio lines up behind him, and pushes into his ass along side Kise. Kuroko moans as he feels himself have more climaxes. His cum erupts all over Kise’s muscles, the man milk spreading out running through the valley of muscles like a river.

Koji takes his turn at the boy’s mouth. He starts fucking his mouth, his heavy balls smacking his chin with each thrust. The two big dicks inside his ass start to move, the massive cocks creating an unbelievable friction not only for Kuroko’s insides but between their dicks as well.

The remaining team members beat their giant meat to the show. Hayakawa continued to cheer them on, his words

stroking the fire in his teammates and making them fuck Kuroko faster.

The trio cum, cocks growing as they fill Kuroko with more semen. Koji and Kise reach their max sizes Kise hitting 20 inches, and Koji reaching 18 inches. Yurio hits 19 inches, but he isn't done with the boy's ass. He keeps thrusting as Kise pulls out.

Moriyama takes his place, thrusting his 17 incher alongside Yurio's 19 incher. The two hog Kuroko for a bit, standing up and impaling him onto their massive dicks. Kuroko's cum splashes covering all Moriyama's front. They move in unison, making Kuroko howl in pleasure.

The remaining members fap to the boy's moans. Kuroko felt his his stomach stretch, not just from the cum from the boys' dicks pulverizing his ass. His toes curl and he drools as he falls into pleasure abyss.

They cum and reach their maximum size. Kise knew Kuroko had a muscle fetish, his tiny tool another sign of his unique body. Like his bros, Kuroko had a unique body, while he couldn't gain muscle, his body was capable of taking any size of cock.

Their unique bodies allowed their hyper muscle growth, they each had a maximum size they could meet, but they had to

fuck a certain kind of body. Kuroko had that body, a deeper secret that none of the other Miracles knew.

Showing off Kuroko's wonderful body, Kise and Yukio now being the biggest cocks of the group. Yukio's shyness was erased as he now had the biggest tool from being the smallest. His 22 incher thrust into Kuroko's ass, he held the boy getting a cum shower, from the boy's still cumming dick. Kise stuffed his 20 incher into him.

Team Kaijo mixed it up, breaking Kuroko's ass for two dicks. The multiple orgasms made his hole, seem to clench repeatedly, like his body was sucking on them. They cum inside him, and start passing the boy around.

The team both wanting and needing to fill the boy with their cum. Hayakawa and Kise, Yukio and Koji, Moniyama and Hayakawa, Yukio and Hayakawa, Moniyama and Kise, and Koji and Kise.

By the time the team was done with him, Kuroko looked 9 months pregnant with how full he was. They take Kuroko to the showers, setting the boy up high, his tiny tool continues to erupt showering the five in semen.

The boys take their time getting bathed in Kuroko's scent, the boy was already heavily scented by them. Kise makes sure the boy gets cleaned up, and introduces him to his new

uniform. “Kurokocchi, you’ve earned to wear this uniform. Your support and love helped us reach our ultimate potential.” Kuroko looks at them, smearing his cum all over their muscles. ‘Beautiful!’ he thinks.

He looks at the uniform and smiles. “I love it!” Team Kaijo high five.

At the winter cup, Seirin’s jaws dropped seeing Kaijo’s new cheerleader. A very adorable, and clearly very pregnant Kuroko, wearing a skimpy cheerleader outfit. “Kuroko what the fuck!?”

The boy doesn’t acknowledge him, instead cheers for his men. They come out, giving Kuroko a kiss and rub his belly. Kise is the last, and he takes it a step further, giving Kuroko a deeper kiss then the others and giving his belly a kiss. “What the hell did you do to him?!” he hissed.

Kagami was outmuscled and Kise smirked, shaking the red head off. “I just helped him reach his full potential, as he helped us.” the Kaijo members smirked, looking both smug and satisfied. Their shorts were stretched to the max from their big dicks.

Kise manhandles Kagami. “I told you I would take him from you, now he belongs to Kaijo.” To prove his point he lowers

Kuroko's panties and sticks Kagami's face into Kuroko's cum stuffed hole. The red head blushes, and feels his dick harden at the sight. Kise leans in close. "We still need a towel manager, you just might be perfect for it, Kagami-chan." The red head knew what he meant, Kise intended to make Kagami team Kaijo's cum rag.

Seiren lost to Kaijo too distracted over their loss of Kuroko, and soon lost Kagami. When the red head was seen later his 6 inch dick was caged, his mind broken, he forgot all about basketball and lived his life cleaning up the cum from Kuroko's ass, and cleaning the Kaijo boys' dicks. Kise found it perfect, Kuroko would need help taking care of their kids after all.

"And you said my plan wouldn't work." Kise smirks elbowing Yukio. "You got lucky, still it turned out well." Kuroko went from player to cheerleader, and one day mother. Giving birth to the next generation of Kaijo players.
