**The audio starts with the sound of the listener unlocking and opening their door. They step inside and close the door behind themselves, and instantly hear a bell jingle as kitty Deku approaches them to greet them excitedly.**

**Deku: (Happily)** Ah, Master! You're home! **(Soft shuffle as he hugs the listener and begins to purr)** You've been gone for three days on your work trip and.. I've really missed you. It's so weird being here without you around!

I know you bought us tons of food to snack on while you were away, but I missed when you'd cook for us each evening! The smell of your cooking is always so comforting and nice! It felt.. Lonely not hearing you in the kitchen making supper for us every night...

**(Purring intensifies, headpatting sounds)** Mmf- And I really missed when you'd pet me like this too..

**(Soft purring and little hums for a bit)**

.. Hm? Oh.. 'Where's Kacchan?' Weeeeell... He's been hiding away a bit ever since you left on your trip. He's come out to eat and drink and stuff, and sometimes I'd wake up in the middle of the night to him curling up against me.. I think he's just been lonely, and missing you too.

Maybe even more than I have! If that's possible.. Kacchan's a bit prickly and seems like he hates everyone, but honestly.. He really adores you. And I can tell, cause the second you left, he kinda just.. Shut down a little.

Um..! He also.. Kinda scratched up the couch a bit too but I promised I wouldn't snitch on him, I just don't want you thinking it was me.. I'd never do that, master!

**Kacchan: (Growls)** So much for not snitching, shitty nerd.

**Deku: (Startled yelp)** I'm sorry, Kacchan! .. Ah, you finally came out from masters' bedroom.. Heh.. Look, see? They're back home!

**Kacchan: (huff, grouchy)** Like / care. If they wanna run off and abandon their companions, they can do whatever.

**Deku:** Kachaaan...don't be mean. They didn't abandon us!! They promised they'd be back, and look.. They are~ **(Lil purr as he's pet on the head)**

**(shuffle)**

**Kacchan: (low growl, huff as they pet him too)** Mn. Fine. I guess you can pet me...but...Don't do that shit again, got me? Or I'll tear your bed up too! You've got responsibilities, remember? To *us*. You can't just go runnin' off somewhere for your stupid 'job'.

**(chomp as he bites them)**

**Deku: (panicked)** Kacchan! Master, are you okay?!

**Kacchan: (huff)** and *that's* for getting home so damn late! It's almost ten at night! Hmf, hurry up and get your ass to the bedroom already. **(slightly grumpy)** I wanna sleep and sharing a bed with Deku sucks. He squirms all over the place.

**Deku: (huff)** I do not!

**Kacchan:** You do SO nerd. Now...hurry up and c'mon stupid owner...

**(pads off)**

**Deku: (slightly worried)** Come on Master..let's go clean your hand up...I don't think he bit too deep, but just in case. Kacchan can wait a little longer. It's what he gets for biting you.

**(soft jingle and footsteps as they walk to the bathroom. Water turns on and off. Shuffle as they dry their hands, small drawer opens, sound of alcohol wipe opening)**

**Deku: (gentle)** Here...let me see.

**(he wipes the injury)**

**Deku:** I was right, it wasn't too deep, but we should still put a bandage on it. Just...keep an eye on it Master, cat bites can be dangerous, even from hybrids like us..

**(bandaid put on)**

**Deku:** There! All done...

**(soft pets for Deku)**

**Deku: (happy purr)** hmm..You're welcome..I want to make sure that you're okay Master...I..I really love you and I want to take care of you like you do us..

**Kacchan: (far off and annoyed)** Oi! If you two don't get your asses in here I'm gonna gut these pillows and make it look like it snowed in here. Again.

**Deku: (exasperated sigh)** Ah..I suppose we should go...we both know he'll do it if he gets impatient enough..

**(footsteps, small jingling as they head to the bedroom)** Oh! Why don't you go first, I'll grab your bags and bring them into the bedroom so that you can unpack tomorrow.

**(footsteps from the listener to the room, jingling and footsteps grow distant as Deku moves off to gather bag)**

**Kacchan: (Huff, grumpy and sleepy)** Took you long enough..Now hurry up and change into your pajamas then get your ass over here.

**(footsteps and shuffling...more footsteps, shifting of the bed as they settle in, they begin to gently pet him)**

**Kacchan: (reluctant purring)** Mn...Yeah you should be sorry. Leaving us for three damn days. How selfish can you be ha? Don't do that again got me? Or at least...have one of your stupid extra friends come check on us next time. **(huff, grumbles)** It was....lonely here.

**(Footsteps and jingling gets louder as Deku arrives)**

**Deku:** I'll just put your bag over here Master!

**(soft thump as he drops the bag and jingling/footsteps as he makes his way to the bed)**

**Deku:** **(slightly annoyed)** Kacchan, that's my side.

**Kacchan:** I'm comfy and I'm *not* moving **(Hsst)**

**Deku:** **(Hsst back)** You've been unbearable this whole weekend, I just want to be comfortable with Master so MOVE!

**(slight jingling and papping as they swat at each other, little growls and hisses, little growls and hisses)**

**Deku:** **(small eep as he's pulled back)**

**Kacchan:** **(grunts as he's pulled back)** Yeah you better hold me back, I'll scratch that nerd's face up and good!

**(pause)**

**Kacchan:** Haa?! Hell no! I don't wanna spend the night on the couch! **(growl and huff)**

**Deku:** Then give me my spot back like they said!

**Kacchan:** Hmf...Fine. Stupid Deku can have his spot. It's shitty anyway.

**(shifting and moving about)**

**Kacchan:** **(annoyed)** There. Happy you spoiled brat?

**Deku:** **(pleased)** Very! And you're one to talk about spoiled, Mr. Only Drinks Imported Mineral Water. **(huff)**

**Kacchan:** Oh shut up..

**(shifting as the listener begins to pet them both)**

**Kacchan:** **(soft sigh, starts purring)** Hm...s'nice...

**Deku:** **(contented sigh and hums in agreement)** Mhm....**(starts purring)**

**Kacchan:** **(yawns and huffs)** Mmn.

**Deku: (sounding very sleepy)** We're both glad you're home Master...it wasn't the same here without you..

**Kacchan: (small sleepy grunt of agreement)** Mn..least the bed's comfy now...(shuffle as he nuzzles into them and settles in, sleepy sigh) Night..

**(Bakugou breathing throughout dialogue)**

**Deku: (sleepy)** Night Kacchan...Night Master...tomorrow, can you stay home with us??  
Please?

**(pause)**

**Deku: (sleepy but grateful)** Thank you...We just want to spend some time with you..even though you were just gone a few days it felt like forever..(Yawns) Sweet dreams Master....we love you...

**(Into the sleep aid, soft purring now and then from Kacchan and Midoriya)**
