[01:14:30] Ca\$\$: *Miss!* It's Miss now. The only reason you and Arvind get to play so late at night is because you play with my Cassie here. You'll both treat her with respect and treat her like your father when she moves in with us next week. You got it?

[01:14:31] BigBallBoy: Er..uh... yes mum.

- > So, that's that.
- > You want me to move in with you?
- > Move in with us all.
- > Yeah, I cannot sleep without the hum of your sperm factories continuously making more for us.
- > And I will be the head cook! You'd need all the help with a soccer team worth's of spawn.
- > How about we make it two soccer team worth of players? They'd need one more team to play amongst themselves, no? :)
