### Lopunny fighter v goblins

The forest road is quiet. Green with trees and bushes resting along the dirt road. Sunbeams cutting through the tree tops, the bright morning sun shining, illuminated the calming flora. Foxes stretched and yawned out of their burrows while the natural creatures returned to their own.

Juniper stretched her arms out into the air as she made her way through the woods towards the next city. The sound of her wrist braces clinking together blended in with the morning song of the birds chirping. The joys of being a martial artist is the fact that you are forever with your weapons, and you do not have to wear stuffy armor that may get too heated in the summer and mess with your fur.

An issue the curvy Lopunny does not have to deal with as her soft chocolate fur is still smooth and cool in her combat dress. The white and black oriental qipao stopped at her digitigrade feet, though even with those she is not the tallest bunny in the barn, and is spilt on the sides. Showing off her wide hips that swayed sensually as she walked. Her large rear complimenting her curvy body as her hearty chest bounced in rhythm with her light-trained steps. Her toned legs, held in with deep black pantyhose and heels easily able to walk this long road for days and still feel no fatigue.

The hand-to-hand rabbit's sweet amber eyes, surrounded by lovely mascara and deep rich purple eyeliner, took in the sights of her the forest. Her large ears, long fluffy ears flowed through her long ponytail to her mid-back. The top of her head has a lovely bun of her likely brown hair held together by two decorative chopsticks.

"I hope the next town has some better jobs." The young adventure sighed to herself.

Though she would not call herself a novice adventurer, she still does not have a grand amount of experience. She is far from ready to take on things like dragons and beholders, but she is getting tired of horny goblins and wolves. Though they still get a good amount of gold so she cannot complain about the pay.

Juniper's large ears twitched. Heavy labored breathing hit her senses. The air around her suddenly grew stiff with tension.

"Ah!" Shooting her head up she gasped at the green pimpled face of a goblin leering down at her. Not the most handsome of his species with a curled nose filthy yellow eyes, and pimple on his chin.

"Yaagh!" He lounged at the lovely bunny woman. Tongue licking his lips in lustful delight as he felt his groin flare up in desire.

"Pafh!?"

Only to leap too far and hit the ground. Utterly missing Juniper who did not even move to avoid him.

"Ugh..." Another goblin popped his head out of the bushes next to her. A bit more handsome looking for a male goblin though still a feral one of his kind. Evidenced by the sharp fangs and black sclera around his eyes like his comrade currently having fun kissing the dirt road of the forest.

"Phafou is dumb mother fucker." The other goblin side with a pinch of his nose.

"Your both are about to dead mother fuckers if you know what's good for you." Juniper threaten as she cracked her knuckles. Knowing how to deal with feral monsters like this as they are far different from their more civilized siblings who live with humans and Pokemon peacefully. Comrades of the demon king, the little green monsters are on the lower end of the army's power scale but no less troublesome. Many adventures have lost themselves trying to fight a horde of these beasts.

The goblin looked over the lovely Lopunny with a greedy lick of his lips. Her wide hips teasingly poked out to the slit of her combat dress with her long, toned legs. Her chest, bigger than his small head bounced with her movements. Her fur glowed in the morning light of the sun and looked heavenly to the touch. The little demon's erection nearly tore his loin cloth.

"Heh heh! Nice body! Perfect for breeding slut!" The goblin chirped as he leaped out of the bushes. Dressed in nothing but a brown dusty loin cloth and a single leather shoulder pad, he didn't look ready to fight much more than his friend who, unlike this goblin's more slim look, seems to have at one too many peaches.

"Well bring back for fun!"

"Try it!" Juniper snapped as she got into a fighting stance.

"Ughh..." And the other goblin could only dream of cute bunny girls as he stayed buried in the ground.

However, the martial artist's sidestepped his lunge with equal swiftness. Her wide hips twisted as she leaped to the side. Her combat dress flowed with her movements and gave the lightest peek of the black thong covering her crotch.

“Ha!” Her quick footed dodge allowed her to counter with a round house that sent the green fiend flying into a tree. The demon cried in pain as he slide down the bark, but stood up glaring at the bunny girl.

“Bunny bitch get hard fucking for that!” the goblin snarled as he thought of his next move. The throbbing in his loin cloth was the only thing guiding him.

Bouncing on her paws, Juniper smirked as she gave a sharp kick that sliced the air. “Fat chance asshole! If you want me then come and get me!”

All the while Pafou is finally getting the stars out of his eyes as he stood up on wobbly feet. The bunny girls in his face finally vanished as he turned to the one taunting him and his partner. Her leg rises to give him a tantalizing peek of her pussy just barely being covered by her thong. That shook the greedy demon out of his stupor. His lust helped him regain his thoughts as he got ready to lay claim to the rabbit woman.

## End turn one

## Turn two

“Come on!” Jumper taunted as the goblin’s surrounded her. Contemplating their next move as their groin twitched with desire.

Normally this would be where the monster would take out his weapon to try and slay the adventurer but instead, the Goblin only tried to grab her again. Only to fumble as the Goblins leaped at her but slammed into each other instead.

Juniper, seeing the opportunity brought her foot up high in the air. Giving the goblins a good view of her thong and an even better hint at her furry pussy under the shadows of her combat dress.

“Gah!?” Their simple-minded stare was short-lived as Juniper brought her leg crashing down and the two goblins leaped out of the way to avoid having their heads slammed into.

Juniper cursed as she repositioned herself for another strike. While the goblins grumbled as they argued about what to do next. Yet none of those plans has anything to do with actually harming her too much.

Generations ago the world was in turmoil from a demon lord hell-bent on destroying the mortal race of humans and Pokemon. A hero did rise up with a holy sword to combat the horde, but he was not an...ordinary hero in a few ways. One of them was fucking the demon lord so hard that she would still be climaxing to this day if she didn't die happily with quiet but hornier than satan lover of a hero.

The act was nothing short of a humiliation for the demons and more so for the current demon lord, who has ordered all the demons that would join his cause, not to kill the mortals but humiliate them as much as their hero humiliate the demons.

So instead of killing mortals, they would turn them into mindless pleasure slaves. Fuck toy used for nothing but sex.

Death traps became lust pits filled with aphrodisiac gas or tentacle monsters meant to break people with lust instead of eating them alive. Demons that did join the demon lord happily a

On one hand, the world was shockingly a bit peaceful. Full-on wars are rare if nonexistent. Demon and mortals actually started getting along more as some sexual encounters turned into romantic ones.

Though that did not mean there is not a threat.

## **End phase two**

### **Phase three**

As Juniper danced around the goblins, the first goblin finally found an opening and leaped at her. His hard-on raging and bouncing out of his loin cloth.

As Juniper jumped back from the other goblin's claws, the first one finally hit his mark and tackled her to the ground. His claws latched on her buxom chest and creased them with great fervor. Not hurting Juniper as he massaged and groped the large swelling bust through her clothes. Getting the fighter to moan unintentionally as the beast massaged her now swollen nipples that poked through the fabric of her shirt.

Seeing the hole in her top the goblin did not need much convincing to push his cock between her bosom. His cock, a large dark green monster with worst and a deep red pulsating tip, snapped the Lopunny in her chin as he pinned her to the ground.

"G-Ger off!" Juniper growled as she pushed the green demon's face away from her. His hands tightly squeezed her soft bosom as his hips worked into a lust crazed frenzy. Pumping his shaft away in between her chest with his slimy head hitting her chin. Coating her fur in a thick goeey white form the beads and thin strings of pe cum flicking from the tip.

All the while the other goblin looked at her sprawling legs that tired and failed to get the goblin off the top of her. With nothing but a lustful idea in his head, he rushed and grabbed the fighter's feet.

"H-Hey!" Juniper snapped as she tried to kick him off her.

*Goblin 2 rolls to grab her with advantage*

*Result: 4*

*19*

*Pass. Juniper rolls to defend with minus 2*

*Result: 1*

*Nat one fail. She takes 10 lust damage and goblin 2 penetrates her ass in the pile diver position for 50 lust damage.*

Only for her feet to overreach and let the sneaky green fiend grab her other leg. With a sinister grin, the goblin pushed up on her shoulders. Pushing his comrade further into her chest and his cock into Juniper's mouth as her body is pushed up.

Wasting no time the goblin slammed his, fat, bumpy cock into her pussy. The bumpy veiny shaft hilted itself deep into her womb as it pulsated with lust. Getting a shuddering, gaged moan from the bunny fight as pleasure shot through her. Making the bunny martial artist arch her back with lust as her pussy clamped down on the invading shaft. Locking it inside her with the goblin's shaft is large enough to make a lump grow in her belly, stretching her pussy to its limit as it soaked the member in her arousal.

The goblins started making due on their promise as they started thrusting in and out of Juniper at a breakneck pace. The bunny fighter gagged and choked on the offending cock while holding back moans of pleasure. Black tears of mascara rolled down her face while the feeling of her slick pussy getting ruthlessly slammed into made her toes curl in delight as the goblin drooled over her.

Juniper tried to push at least one of the goblins off but her arms started to grow numb with pleasure. Her fingers flexed in desire as she tried to push the goblin off her chest. The warmth of the thick cock pumping between her chest made her got her to shiver while the harsh slamming of the burly cock inside her moist cunt made her moans come out like a weak-willed slut.

"S-Stop~Ohh that's to-too good!" Juniper purred as the goblin massaged her and teased her nipples his cock throbbing near its climax with every thrust.

"Fuck!" Juniper screamed as her pussy showered the goblin in her lust as her eyes roll back in her head. Her thoughts getting hazier as her moans grew louder.

*Mind break roll*

4

"Mmmm~..." Juniper started to roll her hips back into the goblin as she felt her mind slip away for a moment. Nearly giving into the monster's motions as they ravaged her body like a plaything. Her body betrayed her as it twisted and bent in the pleasure storming through her. Her pussy clamped down on the cock slamming inside her while her tongue started to lick around the member throbbing in her muzzle. Twisting and suckling on the fat, angry tip as it licked thick hearty precum on her tongue. Her mind became a fog she tried to fight back with weak pushes against the goblins.

"See! Perfect slut! Bitch moan more!" The goblin between her breast chortled as he gave a sharp squeeze to her nipples. Getting another back arching moan from her as his cock shuddered faster in her chest. The goblin between her legs slapped at her thighs to get an honest slutty moan from her. Making him laugh and slamming his cock in harder. His ball sack flew and cracked at her rear like a whip.

If the mortals are all nothing but lust-crazed slaves, happily severing their demonic masters, their economy will collapse, making their whole world unstable. Instead of killing them, they would live in enteral servitude under the demons. That is what the current demon lord wishes to do. Humiliate the mortals just like the hero did.

Though 'servitude' is just what the previous demon lord called her marriage to the last hero. She was just too embarrassed to call it that.

The previous demon lord was a massive tsundere apparently.

**End phase three**

**Start phase four**

The goblin holds nothing back and continues to slam his cock down into Juniper's greedy cunt. The Lopunny held back a deep moan as the monster's cock masterfully stuck home at her sensitive hole. The goblin drooled as he enjoyed the feeling of the nimble fighter's pussy clenching around his cock. Like many of the demons happily following the new demon lord's order, the goblin took great joy in turning adventures like Juniper into happy cock gobbling slaves.

It is not either of the goblin's first time capturing adventuring and turning them into a walking fleshlight. A clear fact is shown from how well they know of the female body from their hands roaming and groping Juniper's body in the right spots. Not grabbing her violently but still harder enough to make her body submit to them. Her nipples are twisted just hard enough to make her moan in delight not pain. Yet the claws digging into her plush soft thighs confused her mind for pleasure.

*Goblin 1 deals 10 lust damage.*

*Juniper climaxes and losses 1 mind break dice.*

The Goblin on her chest would pull his shaft out of her mouth, to finally let a few of her guttural moans echo out into the forest road, and pushed his cock in her face. Slathering her visage in his sticky scent while the brutal dick of his comrade blitzed in another out of her slick pussy. His weighty balls smacked at her rear with every deep slam inside her.

"Bunny slut like dick a lot!" the constant berating of the goblins merged with the sounds of their cocks crashing into her. Mixing with her thoughts Juniper tried to push the monsters off, but only received a cock being pushed in her mouth for her efforts.

"Fuck!" Juniper screamed as her pussy showered the goblin in her lust as her eyes roll back in her head. Her thoughts got hazier as her moans grew louder.

*Mind break roll*

*Fail*

*Goblin 1 climaxes. He deals 20 Lust damage to Juniper and will have disadvantage on his next grapple check.*

*Goblin 2 takes 18 lust damage.*

72/90 LL

*Goblin 2 climaxes dealing double lust damage for 74 lust damage. He will have disadvantage to hair grapple check.*

*Juniper 149 /150*

“Mmmm~...” Juniper started to roll her hips back into the goblin as she felt her mind slip away for a moment. Nearly giving into the monster’s degrading motions before trying again to push the goblins off of her. Though with more hungered moans than before as the pleasure of the goblin’s rutting inside her started to cloud her judgment.

“Bunny whore should stop fighting back! Too good of slut not to take dick!” The goblin between her breast chortled as he gave a sharp squeeze to her nipples. Getting another back arching moan from her as his cock throbbed faster in her chest. The young Lopunny’s mind was slowly fade as she felt her hips twist and turn in the goblin’s claws. Mewling at the feeling of her chest being toyed with before his cock fired a thick profuse blast of semen in her mouth. Warm and sticky, the musk of the thick white discharge assaulted her senses before it even coated her face in white. Thick long strings drizzled her features and slammed down her mouth.

The other goblin joined in and released his seed in her with just as much fury. Somehow thicker than his comrades, it gushed out of her filled pussy. Dripping down to add to the pool of spunk gathering around her chest.

‘So-so much....’ Juniper pushed herself as she felt the cocks of the goblins grow even stiffer inside her.

**End turn 5**

**Start turn 6**

*Goblin rolls to switch penetration.*

*Result: 2*

*Face fucking dealing 4 lust damage to Juniper and 10 lust damage to him.*

*Juniper climaxes and rolls her mind break dice*

*Result: 9*

The goblin his shaft away from Juniper’s pillow, cum stained tits, and lifted his heavy cock in his hand. Pulling the paint martial artist's face up by her ponytail, he smirked at the little resistance in her lust-crazed face. Her eyebrows knitted in rage but her tongue hung out her mouth with cum oozing out her muzzle and nose. It drooled off her face in pearl white strings while her body shivered in desire.

Goblins while being on the lower end of the demon lords' army are still deadly in both numbers and their knowledge of sex as a whole. Male and female goblins, feral and otherwise are can be near the level of a succubus and incubus in terms of sexual prowess. It just depends on how unlucky you are in meeting one so skilled.

The goblin smirked as it put the final nail in Juniper’s lust-made coffin and gave a hard smack on her face with his cock before shoving it down her throat.

“Mmmph~♥!!”

The bunny fighter’s eyes rolled in the back of her head as her pussy sprayed another climax. Her mind went blank as she choked on the cock in her mouth.

“See? Born whore! Now clean cock!” The goblin cackled at the defeated adventurer. Happy to add another whore to his growing harem.

“Y-Yesshh...” And it’s clear Juniper is highly unluckily as the blissful smile on her face grew from the Goblin’s rutting inside her. Becoming another victim as they added her to their breeding stock. The fate of all failed adventures in this world.
