Chords Needed - B F# G#m E

Chords for easy version - C G Am F

Strum Pattern - Easier version subs out the mutes for down strums

1 & 2 & 3 & 4 &
D X U X D

[Intro]

B F# G#m E

[Verse]

B
I met you in the dark
F#
you lit me up
G#m
you made me feel as though
E
i was enough
B
we danced the night away
F#
we drank too much
G#m
I held your hair back when
E
you were throwing up

[Pre-chorus]

B
And then you smiled over your shoulder
F#
for a minute i was stone cold sober
G#m E
i pulled you closer to my chest
B
And then you asked me to stay over
F#
i said i already told you
G#m E
i think that you should get some rest

[Chorus]

B
I knew i loved you then
F#
but you'll never know
G#m
cause i played it cool when i
E
was scared of letting go
B
I knew i needed you

F#
but i've never shown
G#m
and i wanna stay with you
E
until we're grey and old
B F#
just say you wont let go
G#m E
just say you wont let go

[Verse]

B
I wake you up with some
F#
breakfast in bed
G#m
I'll bring you coffee
E
and kiss on your head
B
I'll take the kids to school
F#
wave them goodbye
G#m
and i'll thank my lucky stars
E
for that night

[Pre-Chorus]

B
When you looked over your shoulder
F#
for a minute i forget that i'm older
G#m E
i wanna dance with you right now
B
and you look is beautiful as ever
F#
and i swear that everyday you'll get better
G#m E
you make me feel this way somehow

[Chorus]

[Verse]

B
I wanna live with you
F#
even when we're ghost
G#m
cause you were always there for me
E
when i needed you most

[Chorus]

[Outro]

B F#
just say you wont let go
G#m E
just say you wont let go
